For the remaining States of the United States, 40 cents an hour or $16.00 per week of 40 hours.

§ 809.952 *Uniform and clothing industry.* Suit and coat branch: The suit and coat branch of the uniform and clothing industry is defined to be that industry which manufactures men's civilian suits and overcoats, tailored-to-measure uniforms including the pants, uniform overcoats, and uniform coats. Expressly excluded from this definition are shirts, single pants regardless of material, outdoor jackets, leather and sheep-lined jackets, work clothing, and washable service apparel.

Date effective: February 25, 1941.

Wage: 60 cents an hour or $24.00 per week of 40 hours, arrived at either upon a time or piece work basis, with a 20 percent tolerance for auxiliary workers: *Provided*, They be paid not less than 40 cents an hour or $16.00 per week of 40 hours.

Outdoor jackets branch: The outdoor jackets branch of the uniform and clothing industry is defined to be that industry which manufactures wool and wool-lined jackets whether or not such jackets are properly described as mackinaws, field jackets, windbreakers, lumber jackets, peajackets, wool jumpers, or middies, blanket-lined or similar coats, or by any other similar designation.

Date effective: February 25, 1941.

Wage: 40 cents an hour or $16.00 per week of 40 hours, arrived at either upon a time or piece work basis.

Wool trousers branch: The wool trousers branch of the uniform and clothing industry is defined to be that industry which manufactures wool or part wool uniform trousers or breeches, except tailored-to-measure trousers.

Date effective: February 25, 1941.

Wage: 40 cents an hour or $16.00 per week of 40 hours, arrived at either upon a time or piece work basis.

§ 809.953 *Die casting manufacturing industry.* The die casting manufacturing industry is defined to be that industry which manufactures die castings for sale and does not include the manufacture of die castings when incorporated into another product by the manufacture of such other products. The term "die casting" as used herein describes a casting made by forcing molten metal under pressure into a metallic mold or die.

Date effective: April 5, 1941.

Wage: 50 cents an hour or $20.00 per week of 40 hours, arrived at either upon a time or piece work basis. Apprentices may be employed at lower rates of pay if their employment conforms to the standards of the Federal Committee on Apprenticeship. Learners may be employed at the rate of 40 cents an hour or $16.00 per week of forty hours for a period of not to exceed 60 days if the total number of employees classified as such does not exceed 5 per cent of the total number of employees in any one establishment.

§ 809.954 *Dental goods and equipment manufacturing industry*—(a) *Durable goods.*

Hand instruments, including forceps and pliers, broaches and cutting instruments, for dental use.
Dental chairs.
Dental cabinets.
Equipment units.
Dental sterilizers.
Dental gas apparatus.
Dental X-ray equipment.
Dental compressors, engines, and lathes.
Dental lights.
Dental laboratory equipment, other than laboratory furniture.

Date effective: September 23, 1941.

Wage: 40 cents an hour or $16.00 per week of 40 hours, arrived at either upon a time or piece work basis.

Apprentices may be employed at lower rates of pay if their employment conforms to the standards of the Federal Committee on Apprenticeship. Learners may be employed at the rate of 35 cents an hour or $14.00 per week of 40 hours for a period of not to exceed 60 days, if the total number of employees so classified does not exceed 10 per cent of the total number of employees in any one establishment in any given pay roll or work week.

(b) *Consumable goods.*

Dental gold.
Dental alloy for amalgams.
Dental cement and filling materials.
Teeth, porcelain and gold.
Orthodontic appliances.
Waxes, compounds, and investments.
Rubber dental materials.
Denture materials other than rubber.
Burs, drills, and similar tools for use with handpieces.
Abrasive points, wheels, and disks.

Date effective: September 23, 1941.

Wage: 35 cents an hour or $14.00 per week of 40 hours, arrived at either upon a time or piece work basis.

§ 809.955 *Scientific industrial and laboratory instruments industry.* (a) The following illustrative list of commodities, their components and spare parts is understood to be within the scope of the scientific industrial and laboratory instruments wage determination (included are not only those products which were originally construed to be within this industry, but also those products which have since been included by interpretation. This list is subject to revision as additional interpretation of products is made):

Accelerometers.
Aerographs.
Alidades.
Almanac units, nautical.
Altimeters.
Altiperiscopes.
Ammeters.
Analyzers, exhaust gas.
Anemometers.
Apparatus, microprojection.
Astrographs.
Automatic gun control equipment.
Azimuth drums.
Balances: analytical laboratory, precision, torsion.
Balancing machines.
Bank and climb control units.
Barographs.
Barometers.
Bars, beam-compass.
Bearing circles.
Binnacles, compensating.
Binoculars.
Boards: drafting, plotting.
Boro silicate (optical glass).
Brake testing machines, inertia.
Bulbs: resistance, thermometer.
Bunsen burners.
Centrifuge: human, small electric.
Chronograph, counter.
Clinometers, service.
Colimeters: binocular, octant.
Compasses: direction, drafting, hull vehicular, gyroscope.
Computers, gun data.
Controller assemblies.
Controls, domestic automatic (humidity, temperature).
Curves: aircraft, altitude correction, drafting.
Dials.
Directors, ballistic cam.
Dividers, proportional.
Drafting machines.
Dynamometers.
Equipment, automatic steering.
Fathometers.
Filters, ray.
Firing control equipment.
Flight control equipment, electronic.
Fuzes: glass tube, self-indicating.
Fuze setters.
Galvanometers.
Gages: depth, pressure, temperature, vacuum (but not machinists' precision).
Gears, steering (gyroscope).
Generator, pulse.
Glass, optical.
Glasses, magnifying, reducing.
Gyro indicator assemblies.
Gyroscopes: directional, horizon.
Hydrographs, without clocks.
Hydrometers.
Hygrothermographs and accessories.
Inclinometers.
Indicators: directional, elevation, fuel mixture, salinity, temperature, velocity, level.
Instruments: drafting, engineering, laboratory, meteorological, military, navigation, ophthalmic, surveying, aircraft, recording.
Lenses (wholly or partially ground and polished) except photographic lenses and except lenses such as are of a non-corrective type used in protective goggles.
Lettering devices.
Level vials.
Liners (paper rulers).
Manometers: liquid, mechanical.
Map enlarging outfits.
Measures, map.
Meters: drift, electric, exposure, water velocity.
Microscopes.
Milliammeters.
Motion picture recording theodolites.
Mototracers.
Mounts: telescope, bombsight, periscope.
Octants.
Odometers.
Ophthalmic goods.
Ophthalmoscopes.
Pantographs, drafting.
Pelorus assemblies.
Pencils, drawing-instrument and, parts.
Pens: barograph, drawing-instrument, thermograph.
Periscopes.
Pilots, robot.
Poles, tubular metal ranging.
Potentiometers.
Prickers, drawing-instrument.
Prisms.
Profilometers.
Projectors for air mapping.
Propeller shaft revolution indicating equipment.
Protractors.
Psychrometers, sling.
Pyrometers.
Q Meters.
Recording instruments: depth, humidity, light intensity, stress, temperature, water stage.
Reels, sounding.
Reflector, sight.
Regulators, gaseous oxygen.
Resistance coils for use on scientific instruments.
Reticles.
Retinoscopes.
Rods: Philadelphia level, stadia.
Rotors, meteorological.
Rules: drafting, slide.
Sextants.
Sights: drift, telescopic, bomb, computing.
Signal assemblies (instruments):
Sound locaters.
Sounding equipment, echo.
Splines and weights, sets.
Stabilizers, bomb.
Stadia, computer.
Stadimeters.
Stereophotogrammetric equipment.
Stereoscope, magnifying, lens prism.
Stereoscopic plotting instruments (aerial mapping projectors).
Strain measuring equipment.
Sunshine detectors (recorders).
Supports: maximum and minimum thermometer, wind instrument.
Switches for engine cylinder thermometers.
Synchronous repeaters and transmitters.
Tachometers.
Tally counters.
Telescopes.
Temperature controls: electric, pneumatic.
T-Squares.
Testing sets and equipment:
Battery.
Electric.
Fatigue crack.
Gage, portable.
Hardness.
Tension.
Valve spring.
Wheatstone bridge type.
Teststand assemblies:
Tachometer.
Automatic pilot.
Theodolites and tripods.
Thermocouples.
Thermographs.

Thermometers (except clinical).
Thermostats.
Torpedo computer trainer.
Tracers.
Trainers for pilot instruction.
Transits.
Transmission systems, gun data.
Triangles.
Tube assemblies, air-speed.
Tube, Pitot-static.
Vanes, wind-instrument.
Vibration measuring instruments.
Whirling apparatus.

Date effective: September 23, 1941.

Wage: 40 cents an hour or $16.00 per week of 40 hours, arrived at either upon a time or piece work basis.

Apprentices may be employed at lower rates of pay if their employment conforms to the standards of the Federal Committee on Apprenticeship. Learners may be employed at the rate of 35 cents on hour or $14.00 per week of 40 hours for a period of not to exceed 60 days, if the total number of employees so classified does not exceed 10 per cent of the total number of employees in any one establishment in any given payroll or work week.

NOTE: The Department of Labor has issued the following interpretation of the term "optical glass" as used in the above determination:

Optical glass is a generic term applying to that type of glass which after grinding and polishing assumes definite refractive qualities and is intended to include finished products as well as blanks.

By this token, ophthalmic glass and its products, including eye glass lenses, as well as wholly or partially ground and polished lenses for any purpose other than photographic, are covered by the determination.

§ 809.956 *Surgical instruments and apparatus industry.* (a) The following illustrative list of commodities is understood to be within the scope of the surgical instrument and apparatus industry wage determination (included are not only those products which were originally construed to be within this industry, but also those products which have since been included by interpretation. This list is subject to revision as additional interpretation of products is made):

Adenotomes.
Anastomosis buttons.
Apparatus, blood transfusion.
Applicators, metal surgical.
Aspirators.
Atomizers.
Blades, surgeons'.
Bougies, metal.
Bronchoscopes.
Catheters.
Cauteries.
Chisels, bone.
Clamps, surgical.
Clips, suture.
Cranioclasts.
Curettes, surgical.
Cystoscopes.
Depressors, tongue (metal).
Dilators.
Directors, grooved.
Dissectors.
Drills, bone.
Drill points.
Elevators, bone, periosteal, rib.
Endoscopes.
Forceps, surgical.
Forks, tuning.
Gags, mouth.
Gouges.
Haemacytometers.
Hammers, surgical.
Hemostats.
Inhalers, anesthetic.
Instruments, foreign body.
Intubators.
Irrigators.
Knives, surgical.
Laryngoscopes.
Ligatures.
Lithotomes.
Mallets, surgical.
Microtomes.
Needles, surgical and hypodermic.
Otoscopes.
Pelvimeters.
Perforators.
Periosteotomes.
Pharyngoscopes.
Plates, bone.
Pliers, surgical.
Probangs.
Probes, surgical.
Proctoscopes.
Rachitomes.
Raspatories.
Rasps, surgeons'.
Razors, surgical.
Retractors.
Rongeurs.
Saws, surgical.
Scalpels.
Scissors or shears, surgical.
Sigmoidoscopes.
Snares.
Speculas.
Sphygmomanometers, mercurial and aneroid.
Spoons, surgical.
Sterilizers.
Stethoscopes.
Strippers, vein.
Syringes, glass or metal.
Sutures.
Tenacula.
Thermometers, clinical.
Trocars.
Trephine.
Trephine points.
Trachea tubes.
Urethroscopes.
Urethrotomes.
Wrenches, clubfoot.

§ 807.957 *Evaporated milk industry.* Evaporated milk:

Date effective: November 3, 1941.

Wage: Arrived at either upon a time or piece work basis:

In the States of Washington, Oregon, and California, 50 cents per hour or $20.00 per week of 40 hours.

In the States of Idaho, Montana, Nevada, Utah, Arizona, New Mexico, Colorado, Wyoming, North and South Dakota, Nebraska, Minnesota, Iowa, Wisconsin, Michigan, and Ohio, 40 cents per hour or $16.00 per week of 40 hours.

In the remaining States of the United States and the District of Columbia, 32.5 cents per hour or $13.00 per week of 40 hours.

§ 809.958 *Paint and varnish industry.* Pigments or colors, either in dry or paste form; paints mixed ready for use or in dry or paste form; varnishes, lacquers, enamels; fillers, putty, top dressings; paint and varnish removers; furniture and floor wax; and lacquer thinners.

Date effective: November 6, 1941.

Wage: Arrived at either upon a time or piece work basis:

For the States of Virginia, North Carolina, South Carolina, Tennessee, Georgia, Florida, Alabama, Mississippi, Louisiana, and Arkansas, 40 cents an hour or $16.00 per week of 40 hours.

For all other States of the United States and the District of Columbia, 50 cents an hour or $20.00 per week of 40 hours.

§ 809.959 *Leather manufacturing industry.* The leather manufacturing industry is defined to be that industry which tans, curries, and finishes leather (including rawhide) from any type of hide or skin, and manufactures welting and power transmission belting when made wholly or principally of leather.

(a) *Tanning, currying, and finishing of leather (including rawhide).*

Date effective: December 17, 1941.

Wage: Arrived at either upon a time or piece rate basis.

In the States of Maine, Vermont, New Hampshire, New York, Massachusetts, Rhode Island, Connecticut, New Jersey, Maryland, Pennsylvania, Delaware, Ohio, Indiana, Michigan, Wisconsin, Illinois, Missouri, Iowa, Minnesota, North Dakota, South Dakota, Nebraska, Kansas, New Mexico, Colorado, Wyoming, Montana, Idaho, Utah, Arizona, Nevada, California, Oregon, Washington, and the District of Columbia, 50 cents an hour or $20.00 per week of 40 hours.

In the States of West Virginia, Virginia, Kentucky, Tennessee, North Carolina, South Carolina, Georgia, Alabama, Mississippi, Florida, Arkansas, Louisiana, Oklahoma, and Texas, 40 cents an hour or $16.00 per week of 40 hours.

(b) *Welting and power transmission belting.*

Date effective: December 17, 1941.

Wage: Arrived at either upon a time or piece rate basis; 40 cents an hour or $16.00 per week of 40 hours, regardless of where manufactured.

§ 809.960 *Textile industry.* The term textile industry means:

(a) The manufacturing or processing of yarn or thread and all processes preparatory thereto, and the manufacturing, bleaching, dyeing, printing and other finishing of woven fabrics (other than carpets and rugs containing any wool) from cotton, flax, jute, other vegetable fiber, silk, grass, or any synthetic fiber, or from mixtures of these fibers; or from such mixtures of these fibers with wool or animal fiber (other than silk) as are specified in subparagraphs 960.7 and 960.8; except the chemical manufacturing of synthetic fiber and such related processing of yarn as is conducted in establishments manufacturing synthetic fiber;

(b) The manufacturing of batting, wadding, or filling and the processing of waste from the fibers enumerated in paragraph (a);

(c) The manufacturing, bleaching, dyeing, or other finishing of pile fabrics or cords (except carpets and rugs containing any wool) from any fiber or yarn;

(d) The processing of any textile fabric, included in this definition of this industry, into any of the following products: bags; bandages and surgical gauze; bath mats and related articles; bedspreads; blankets; diapers; dish-cloths; scrubbing cloths and wash-cloths; sheets and pillow cases; tablecloths, luncheloths and napkins; towels; window curtains; shoe laces and similar laces;

(e) The manufacturing or finishing of braid, net or lace from any fiber or yarn;

(f) The manufacturing of cordage, rope or twine from any fiber or yarn including the manufacturing of paper yarn and twine;

(g) The manufacturing, or processing of yarn (except carpet yarn containing any carpet wool) or thread by systems other than the woolen system from mixtures of wool or animal fiber (other than silk) with any of the fibers designated in paragraph (a), containing not more than 45 per cent by weight of wool or animal fiber (other than silk);

(h) The manufacturing, bleaching, dyeing, printing or other finishing of woven fabrics (other than carpets and rugs) from mixtures of wool or animal fiber (other than silk) containing not more than 25 per cent by weight of wool or animal fiber other than silk), with any of the fibers designated in paragraph (a), with a margin of tolerance of 2 percent to meet the exigencies of manufacture;

(i) The manufacturing, dyeing, finishing or processing of rugs or carpets from grass, paper, or from any yarn or fiber except yarn containing any wool but not including the manufacturing by hand of such products.

(j) The manufacture of adhesive tape of the type used with surgical gauze or bandages. (Adhesive tape for industrial purposes is not now subject to any minimum wage determination under the Walsh-Healey Act.)

Date effective: June 24, 1942.

Wage: 40 cents an hour or $16.00 for a week of 40 hours, arrived at on a time or piece work basis.

Learners may be employed at subminimum rates only in accordance with the present applicable regulations issued by the Administrator of the Wage and Hour Division under the Fair Labor Standards Act, as amended on March 22, 1943, which were adopted for the purposes of this determination.

This determination shall not be interpreted as abrogating any obligation that may have occurred under the previous determination for the industry or under the previous wage determination for the manufacture of bobbinets which is covered by the present definition of the Textile Industry.

§ 809.961 *Chemical and related products industry.* The following illustrative list of commodities is understood to be within the scope of the chemical and related products industry wage determination (included are not only those products which were originally construed to be within this industry, but also those products which have since been included by interpretation. This list is subject to revision as additional interpretation of products is made):

The chemical and related products industry includes:

(1) (i) Heavy, industrial, and fine chemicals, including compressed and liquefied gases, and insecticides and fungicides (1939 Census of Manufactures industries Nos. 999, 985, [1] 933);

(ii) The by-products of the foregoing (1939 Census of Manufactures industries Nos. 981, 982).

(2) The manufacture of such commodities as bluing; bone black, carbon black, and lampblack; cleaning and polishing preparations, blackings, and dressings; mucilage, paste, and other adhesives (1939 Census of Manufactures industries Nos. 995, 986, 989, 996).

(a) *Illustrative list of commodities.*

Acetylene gas.
Acid: boric, carbolic, oxalic.
Acid wash, deck covering.
Alcohol (except wood).
Amine, alkylated.
Ammonia, anhydrous.
Ammonia, household.
Ammonium nitrate.
Auramine.
Bichromate of soda.
Blackings.
Bleaching material.
Bluing.
Bone black.
Burnishing ink.
Cadmium lithopone lemon salt.
Calcium silicate.
Calomel.
Carbon black
Carbon dioxide (dry ice).
Carbonate, strontium.
Casein.
Celluloid.
Cellulose, acetate flake.
Cement, mending (except rubber)
Chloroform.
Cleansers (no soap).
Compounds, industrial: boiler, water treating, insulating, metal treating.
Creosote.
Creosote oil.
Deodorants (except for human use).
Developer, X-ray film.
Dibutyl phthalate.
Dinitrotoluene.
Disinfectants: household, industrial.
Dressing, fabricated leather.
Dry cleaning preparations.
Dry mix for welding rod coating.
Dyestuffs.
Ethyl cellulose.
Ferro-alloys (except ferro-manganese) produced by electrochemical processes.
Ferrosilicon.
Fibestos, cellulose acetate.
Fluorescein dye.
Fungicides, agricultural.
Gasket paste.
Germicides.
Gums, manufactured synthetic.
Hexamethylene tetramine.
Humidity indicators.
Hydrocarbon gases.
Hydrogenation catalyst.
Hydroquinone.
Hyperchloride.
Insecticides: agricultural, household.
Kolloxaline.
Lamp black.
Magnesium metal, when chemically compounded.
Magnesium resinate.
Methox.
Methylbenzine.
Methylbenzol.
Methyl chloride.
Mononitrotoluene.
Mucilage.
Neoprene.
Nitrocellulose, wet (gun cotton).
Oxygen.
Paint, desiccant detector.
Paris green.
Paste, adhesive.
Pentaerythrite.
Pentaerythritol.
Penthrile.
Pentolite.
Pentrinite.
Pentrite.
Phenol (carbolic acid).
Phenylemthone.
Photographic chemicals.
Polish: auto, metal, stove.
Polystyrene.
Potash.
Potassium perchlorate.
Pyrethrum concentrate extract.
Pyrethrum (insect powder).
Repellents: agricultural, household.
Resins, synthetic.
Rubber, synthetic.
Scouring powder (no soap).
Sealing wax.
Shoe impregnite.
Soda, caustic (sodium hydroxide).
Sodium hyposulfite.
Sodium nitrate, synthetic.
Sodium thiosulfate.
Stains, leather.
Strontium oxalate.
Synthetic gums.
Thermite, incendiary.
Thorium nitrate.
Tints, household.
Titanium tetrachloride.
Toluene.
Toluol.
Washing powder (no soap).
Wax: auto, metal, stove.

[1] Except water-proofing compounds.

(b) *Specifically excluded from the chemical industry.*

Cement, rubber.
Compounds: caulking, damp proofing, water proofing; liquid and plastic roof coating.
Ferro-manganese.
Glue.
Paint remover.
Plastics, fabricated.
Polish: floor, furniture.
Rayon and allied products.
Salt: table, rock.
Soap.
Top dressings.
Varnish remover.
Wax: floor, furniture.

Date effective: April 28, 1942.

Wage: Arrived at either upon a time or piecework basis:

(1) 40 cents an hour or $16.00 per week of 40 hours, for the States of Maryland, Virginia, North Carolina, South Carolina, Tennessee, Arkansas, Mississippi, Alabama, Georgia, Florida, and the District of Columbia; and

(2) 50 cents an hour or $20.00 per week of 40 hours for the remaining States of the United States.

§ 809.961a *Aviation textile products manufacturing industry.* The aviation textile products manufacturing industry is defined for the purposes of this determination as that industry which is engaged in the manufacture of articles (other than apparel) primarily of fabric for use in connection with the aviation industry, including, but without limitation, parachutes of all types, parachute packs, parachute harnesses, safety belts, aerial delivery containers made primarily from fabrics, tow targets, and wind direction indicators of the wind-sock type: *Provided, however* That the manufacture of canvas and duck articles for ground use, such as signaling panels, is not included.

Date effective: December 11, 1942.

Wage: 55 cents an hour or $22.00 a week of 40 hours, arrived at either on a time or piecework basis, for the States of California, Oregon, and Washington; 47½ cents an hour or $19.00 a week of 40 hours, arrived at either on a time or piecework basis, for the remaining 45 States and the District of Columbia. Workers who are in fact learners may be employed at the rate of 40 cents an hour or $16.00 a week of 40 hours during the first two weeks of their employment and at the rate of 45 cents an hour or $18.00 a week during the third and fourth weeks of their employment.

SUBPART E–1—FAIR LABOR STANDARDS ACT OF 1938

§ 809.961b *Basic law.* (1) The act establishes minimum wages and maximum hours for employees engaged in commerce or in the production of goods for commerce, and restricts the use of child labor. Only those provisions of the act relating to minimum wages and maximum hours as they affect cost-plus-a-fixed-fee contractors are dealt with in this Procurement Regulation.

(2) Section 6 (a) requires every employer to pay to each of his employees (except homeworkers in Puerto Rico and the Virgin Islands) "who is engaged in commerce or in the production of goods for commerce" not less than 30 cents per hour or, if the Administrator of the Wage and Hour Division of the Department of Labor in accordance with the act shall have prescribed some other rate, not less than the rate (not in excess of 40 cents per hour) so prescribed by the Administrator.

(3) Section 7 (a) prohibitis every employer from employing any of his employees "who is engaged in commerce or in the production of goods for commerce" for a workweek longer than 40 hours, unless such employee receives compensation for his employment in excess of such 40-hour workweek at a rate of not less than one and one-half times the regular rate at which he is employed. Employment pursuant to bona fide collective bargaining agreements providing for employment for not more than 1000 hours during any period of 26 consecutive weeks or for not more than 2080 hours during any period of 52 consecutive weeks, and employment for a period or periods of not more than 14 workweeks in the aggregate in any calendar year in an industry found by the Administrator to be of a seasonal nature will not constitute a violation of sec-

tion 7 (a), if employees receive compensation for employment in excess of 12 hours in any workday or in excess of 56 hours in any workweek at a rate not less than one and one-half times the regular rate at which they are employed. Neither does section 7 (a) apply, under stated circumstances, to employees engaged in processing certain perishable products. Act of June 25, 1938, 52 Stat. 1060, 29 U. S. Code Section 201-219 (Supp 1939); as amended by 53 Stat. 1266; 54 Stat. 615; and act of October 29, 1941 (77th Congress, 1st Sess.).

(a) *Exceptions.* The provisions of sections 6 and 7 do not apply with respect to:

(1) Any employee employed in a bona fide executive, administrative, professional, or local retailing capacity, or in the capacity of outside salesman (as such terms are defined and delimited by regulations of the Administrator); or

(2) Any employee engaged in any retail or service establishment the greater part of whose selling or servicing is in intrastate commerce; or

(3) Any employee employed as a seaman; or

(4) Any employee of a carrier by air subject to the provisions of title II of the Railway Labor Act; or

(5) Any employee employed in the catching, taking, harvesting, cultivating, or farming of any kind of fish, shellfish, crustacia, sponges, seaweeds, or other acquatic forms of animal and vegetable life, including the going to and returning from work and including employment in the loading, unloading, or packing of such products for shipment or in propagating, processing, marketing, freezing, canning, curing, storing, or distributing the above products or byproducts thereof; or

(6) Any employee employed in agriculture; or

(7) Any employee to the extent that such employee is exempted by regulations or orders of the Administrator issued under section 14 (which permits the issue of regulations and certificates allowing learners, apprentices, messengers and individuals whose earning capacity is impaired by age, physical or mental deficiency, or injury to be employed for lower wages than those prescribed by section 6); or

(8) Any employee employed in connection with the publication of any weekly or semiweekly newspaper with a circulation of less than three thousand the major part of which circulation is within the county where printed and published; or

(9) Any employee of a street, suburban, or interurban electric railway, or local trolley or motor bus carrier; or

(10) To any individual employed within the area of production (as defined by the Administrator), engaged in handling, packing, storing, ginning, compressing, pasteurizing, drying, preparing in their raw or natural state, or canning of agricultural or horticultural commodities for market, or in making cheese or butter or other dairy products; or

(11) Any switchboard operator employed in a public telephone exchange which has less than five hundred stations.

(b) *Regulations of the Administrator.* The act provides that the Administrator shall by regulation define certain terms used in the act and may grant certain exemptions from its provisions. Regulations issued by the Administrator, as revised from time to time, should be consulted in these respects.

(c) *Liability of employer.* Any employer who violates the provisions of section 6 or 7 of the act is liable to the employee or employees affected in the amount of their unpaid minimum wages, or their unpaid overtime compensation, and in an additional equal amount as liquidated damages; and, in the event the employee institutes suit therefor, the costs of the action and a reasonable attorney's fee as allowed by the court. Violations also may be restrained by injunction and may subject the employer to criminal penalties.

(d) *Reimbursement of cost-plus-a-fixed-fee contractors for payments in accordance with the act.* Minimum wages and overtime payments paid currently in accordance with the act are reimbursable to cost-plus-a-fixed-fee contractors as labor costs. Cost-plus-a-fixed-fee contractors also may be reimbursed, in proper cases, amounts paid in settlement of claims for overtime subsequently asserted by his employees. (See paragraph (f) for the administrative procedure to be followed in respect of such of said subsequently asserted claims as are made the subject of an investigation by the Administrator and § 811.1120 (c) for the administrative procedure to be followed to determine the position of the Government in suits for such claimed overtime brought against cost-plus-a-fixed-fee contractors.) Attention is called to the Comptroller General's opinion to the Secretary of War of 15 December 1943 (B-38642) to the effect that amounts paid in settlement of such claims may be reimbursed even though the settlements necessitated a compromise of disputed questions of law or fact, provided that such settlements are in amounts less than the total amounts (including liquidated damages, court costs and attorneys fees) which would be required to be paid in the event the employee sued and obtained judgment and that it is administratively determined that the settlement in each instance was fully warranted as being in the best interest of the Government. Vouchers covering such payments should be supported by evidence setting forth the basis for such administrative determination and any questions of law with respect to the application of the act should be determined by the contracting officer only after thorough consideration has been given the matter by competent Government attorneys or by private attorneys engaged to represent the contractors if the former are not available, and a showing to that effect should also be made a part of the evidence submitted with the vouchers.

(e) *Investigations and inspections of records by the Administrator.* Employers subject to the act or any order issued thereunder must make and preserve such records of the persons employed by him and of the wages, hours and other conditions and practices of employment maintained by him, and make such reports therefrom, as the Administrator shall prescribe by regulation or order as necessary or appropriate for the enforcement of the provisions of the act or his regulations or orders thereunder. The act provides that the Administrator or his designated representatives may investigate and gather data regarding the wages, hours and other conditions and practices of employment in any industry subject to the act and may enter and inspect such places and such records, question such employees and investigate such facts, conditions, practices or matters as he may deem necessary or appropriate to determine whether any person has violated any provision of the act, or which may aid in the enforcement of the provisions of the act.

(f) *Investigations of cost-plus-a-fixed-fee contractors.* (1) The Under Secretary of War, by memorandum dated 15 December 1943 to the Commanding Generals of the Army Air Forces and the Army Service Forces, has directed, with respect to investigations of cost-plus-a-fixed-fee contractors of the War Department, that: To the extent consistent with security and other regulations governing admission of visitors to plants and projects, representatives of the Administrator should be accorded access to the facilities and records of War Department contractors for the purpose of making investigations to determine applicability of a compliance with the act. Investigations will be conducted at such time and in such manner as to interrupt or interfere least with operations. They should be confined wherever possible to the inspection of records in the office of the contractor. Inspections of the areas in the facility where construction or production is in progress will be held to a minimum. Necessary interviewing of employees should, wherever possible, be conducted outside work hours or at such other times as will interfere least with construction or production operations.

(2) The Administrator has stated that his investigators will advise cost-plus-a-fixed-fee contractors approximately one week before they plan to arrive at the project to make an investigation under the act. The War Department representative at the plant will see that the investigation is conducted in accordance with such directive of the Under Secretary of War.

(3) If the Administrator is of the opinion that any such investigation discloses violation of sections 6 or 7 of the act, he will transmit a report of the investigation to the Director, Industrial Personnel Division, Headquarters, Army Service Forces, who will transmit it to the appropriate technical service. The technical service will cause the matter to be examined into and, if such examination confirms such violation, will advise the contractor to take appropriate steps to comply with the law. The technical service promptly will report to the Director, Industrial Personnel Division, Headquarters, Army Service Forces, as to its examination into the matter and as to the action taken. If the question as to whether a violation exists depends upon a construction of a provision of the act which has not been construed by the courts or under the procedure provided in the agreement referred to in § 811.1120 (c), the Judge Advocate General will be consulted as to the construction to be followed.

SUBPART F—OVERTIME WAGE COMPENSATION

§ 809.962 *Executive order.* Executive Order No. 9240, dated September 9, 1942 (7 F.R. 7159) with section V as amended by Executive Order No. 9248, dated September 17, 1942 (7 F.R. 7419), reads as follows:

REGULATIONS RELATING TO OVERTIME WAGE COMPENSATION

Whereas many labor organizations have already adopted the patriotic policy of waiving double time wage compensation or other premium pay for work on Saturday, Sunday and holidays, as such, for the duration of the war; and

Whereas it is desirable and necessary in the prosecution of the war, and to insure uniformity and fair treatment for those labor organizations, employers, and employees who are conforming to such wage policies that this principle be universally adopted:

Now, therefore, by virtue of the authority vested in me by the Constitution and the statutes, as President of the United States and as Commander in Chief of the Army and Navy, it is hereby ordered:

I. That the following principles and regulations shall apply for the duration of the war to the payment of premium and overtime wage compensation on all work relating to the prosecution of the war:

A. No premium wage or extra compensation shall be paid to any employee in the United States, its territories or possessions, for work on Saturday or Sunday except where such work is performed by the employee on the sixth or seventh day worked in his regularly scheduled workweek and as hereinafter provided.

(1) Where because of emergency conditions an employee is required to work for seven consecutive days in any regularly scheduled workweek a premium wage of double time compensation shall be paid for work on the seventh day.

(2) Where required by the provisions of law or employment contracts, not more than time and one-half wage compensation shall be paid for work in excess of eight hours in any day or forty hours in any workweek or for work performed on the sixth day worked in any regularly scheduled workweek.

B. No premium wage or extra compensation shall be paid for work on customary holidays except that time and one-half wage compensation shall be paid for work performed on any of the following holidays only:

New Year's Day.
Fourth of July.
Labor Day.
Thanksgiving Day.
Christmas Day.

and either Memorial Day or one other such holiday of greater local importance.

II. All Federal departments and agencies shall conform the provisions in all existing and future contracts negotiated, executed, or supervised by them to the policies of this order. All such departments and agencies shall immediately open negotiations to alter provisions in existing contracts to conform them to the requirements of this order.

III. Nothing in this order shall be construed as requiring a modification of the principle that every employee should have at least one day of rest in every seven days. The continuous operation of plants and machines in prosecuting the war does not require that employees should work seven consecutive days.

IV. Nothing herein shall be construed as superseding or in conflict with the provisions of the statutes prescribing the compensation, hours of work and other conditions of employment of employees of the United States.

V. All Federal departments and agencies affected by this order shall refer to the Secretary of Labor for determination questions of interpretation and application arising hereunder. In any industry or occupation in which the Secretary finds that a wage stabilization agreement approved by a Government department or agency is operating satisfactorily, or in any industry or occupation in which the Secretary finds that the nature and exigencies of operations make such action necessary or advisable for the successful prosecution of the war, the Secretary may determine that any or all of the provisions of this order shall not apply to such industry or occupation or to any classes of employees therein.

VI. The provisions of this order shall become effective October 1, 1942.

FRANKLIN D ROOSEVELT

§ 809.963 *Elimination of inconsistencies through amendment of contracts; non-reimbursement, etc.* By memorandum dated September 17, 1942 (See A. S. F. Cir. No. 65, 1942) the Under Secretary of War acting jointly with the Under Secretary of the Navy and the Chairman of the Maritime Commission, issued instructions reading in part as follows:

2. Wherever any contract of the War Department, the Navy Department, or the Maritime Commission contains a provision which requires the payment of overtime or premium wages in a manner inconsistent with the provisions of Executive Order No. 9240, contracts will be amended to eliminate such inconsistency for the period beginning October 1, 1942, and no future contract will contain any such inconsistent provision. It is not required that any amendment be made of the usual contract articles included with respect to the provisions of the Walsh-Healey Act, the Eight Hour Law, and the Fair Labor Standards Act of 1938, all as amended.

3. On and after October 1, 1942, no reimbursement of cost will be made under any cost-plus-a-fixed-fee contract nor will any recognition be given for inclusion in the case of Navy so called "price-minus" contracts, of any cost which represents the payment of premium or overtime compensation at rates or under circumstances which are not permitted by the foregoing order.

§ 809.964 *Interpretations; former and present.* Prior to February 17, 1943, the Secretary of Labor issued various interpretations of Executive Order 9240 which were formerly incorporated in these procurement regulations. On February 17, 1943, the Secretary of Labor issued "Interpretative Bulletin No. 1 of Executive Order 9240." This bulletin contains the official interpretations of the order, effective March 1, 1943. It supersedes the former interpretations. The bulletin interpretations are set forth in the succeeding subdivisions of this section. As additional interpretations are issued, the procurement regulations will be amended to include such interpretations. All of the earlier interpretations have been deleted, although payments made prior to March 1, 1943 pursuant to these earlier interpretations should be considered to have been in compliance with the order.

(a) *Basic purposes of the order as stated by the Secretary of Labor.* The order was designed: (1) To facilitate round-the-clock war production, (2) to discourage absenteeism found to have resulted from the practice of paying premium rates for particular days as such, and (3) to assure, in the interest of efficiency and health, observance of the principle that workers should have at least one day of rest in each week.

(b) *Coverage; work to which order is applicable.* The order went into effect October 1, 1942. By its terms it applies to "all work relating to the prosecution of the war." This is interpreted to mean all work performed by prime contractors on Government war contracts, by their subcontractors, and those who make the materials and supplies necessary for the performance of such contracts and subcontracts. The order was intended to extend to enterprises which are engaged in producing, processing, mining, or manufacturing products used by the Government in the prosecution of the war or products used by a Government contractor or subcontractor in the manufacture of war products. Enterprises which provide public transportation or communication facilities, storage, distribution, or warehousing facilities, are not covered by the order. Accordingly, employees of railroads, air lines, bus lines, trucking lines or other common or contract carriers, seagoing personnel, longshoremen, dock workers, and similar waterfront workers, are not within the scope of the order. Employees of telephone and telegraph companies and radio stations, engaged in the normal communication operations of such companies, as well as employees of newspapers, magazines, and other periodicals which disseminate general information to the public at large are also excluded. Employees of power and light, water, gas and other public utility companies which merely furnish power and other facilities to the general public are not covered even though some of their output is supplied to war contractors. On the other hand, a power plant operated, for example, by a war manufacturer furnishing power or light, or other services to the factory would properly be regarded as a plant facility and would be subject to the order. Also firms engaged exclusively in distribution which do not process any war products would not be covered. Accordingly, employees of wholesalers, retailers, storage warehouses and brokers would be exempt if their employers are not engaged in any processing activity. Agricultural workers and employees of Federal or State Governments, and political subdivisions thereof, are not subject to the order.

(c) *Coverage; classes of employees to which order is applicable.* The order should be applied on the basis of operations carried on in an individual plant. Therefore, if a particular plant is engaged in war work which is within the scope of coverage, the entire plant would be subject to the order, including production, clerical, and maintenance employees. In cases where an employer in a particular plant is engaged both in the production of war goods and in noncov-

ered work the order would apply to the entire plant in the absence of segregation. If an employee works an entire workweek exclusively in noncovered production, and his duties do not contribute or relate to work which is subject to the order, such an employee would not be covered by the order for that week. On the other hand, if that employee works a portion of a week in the performance of any function contributing to the production of war goods, he would be subject to the order for the entire workweek. The burden of establishing segregation is upon the employer. The order would apply to any employee engaged in covered work if his compensation is customarily or by requirements of applicable statutes or agreements related to the number of hours worked in a day or the number of days worked in a week.

(d) *Saturday and Sunday work.* Paragraph I A of the order prohibits premium wages or extra compensation for work performed on Saturday or Sunday as such, that is, for work performed on either of those days without reference to the number of hours or days previously worked in the workweek. Any attempt to clothe any other day in the workweek with the status of a premium day, as such, would be contrary to the order.

(e) *Double time for seventh day.* Paragraph I A (1) of the order requires the payment of double time for work on the seventh consecutive day worked in any regularly scheduled workweek. Under this requirement double time may be paid only if all 7 days fall within the same workweek. Double time for work performed on the seventh day should be computed at twice the straight-time rate paid for work on that day or twice the average straight-time hourly rate for the workweek, whichever is the customary method of computing overtime compensation. The employer's records should indicate which method is adopted.

(f) *The workweek.* A workweek consists of 7 successive days (see paragraph (g)) starting on the same calendar day each week. This is the definition of a workweek under the Fair Labor Standards Act and is generally accepted by industry. The workweek may be established for the whole plant, for particular employees, or for any subdivision of the plant. The beginning of the workweek may be changed if not intended to evade the requirements of the order. The order does not call for or require any particular work or shift schedule nor does it prescribe the days or hours on which work is to be performed. It is of course highly desirable that work schedules be posted in advance, thus enabling employees to know upon what days work will be required of them.

(g) *The work day.* The order is to be applied on a 24-hour day basis. A 24-hour period may be established as the workday for the plant or for particular employees or departments, provided such an arrangement is not designed to evade the purposes of the order. In the event no particular 24-hour period is established as the workday, the calendar day (i. e., from midnight to midnight) shall be considered as the workday. Thus, work on an established workday regardless of the number of hours worked would for the purpose of the order, be considered as 1 day of work.

(h) *Exceptions.* Certain exceptions to this rule must be recognized. At times a shift may cut across 2 workdays. Only 1 of the 2 days is to be counted as a day worked, and that is the day on which the shift starts. Where an employee on particular occasions works beyond his normal shift and thereby works into the next workday, such excess hours should not be regarded as an additional day. However, if the employee continues to work into his day of rest to the extent of one-half his normal shift or is called back to work on his day of rest, that day must be counted as a day of work.

(i) *Effect of the order on applicable statutes and employment contracts.* Such provisions of employment contracts as are in conflict with the order are to that extent modified thereby. Employment contracts or agreements as those terms are used herein include practices established by custom or usage. Paragraph I A (2) contemplates that applicable statutes such as the Fair Labor Standards Act and the Walsh-Healey Act, or employment agreements which provide for overtime at time and one-half on a daily or weekly basis or for the sixth day of work in a regularly scheduled workweek, shall not be disturbed by the provisions of the order. Therefore, in situations where applicable laws or employment agreements require time and one-half for overtime worked in excess of 8 hours per day or 40 hours per week, the order permits the payment of time and one-half for such overtime. Likewise, where an employment contract requires time and one-half compensation for the sixth day worked in a regularly scheduled workweek, the order permits such premium pay. If overtime compensation for hours in excess of 8 per day or 40 per week, or for the sixth day worked is not required by applicable statutes or employment agreements, nothing in the order requires the payment of such premium rates.

(j) *Exceptions unrelated to premium pay for work on particular days as such.* It is not the purpose of the order to disturb employment contracts which contain provisions for extra compensation for onerous work, night work, or emergency work (i. e., work resulting from a sudden condition calling for immediate action); which extra compensation is in no way related to premium pay for work on Saturday, Sunday, or particular days as such. Accordingly, the order would not invalidate contracts, practices, or customs calling for more than time and one-half for hours in excess of 12 on a shift since such work is ordinarily regarded as particularly onerous. Likewise, the order would not invalidate contracts calling for premium pay for "call-in work" where the employee is summoned to duty outside his regular work schedule, and such premium rates are unrelated to work on Saturday, Sunday, or any other day as such. Furthermore, the order does not prevent the payment of shift wage differentials or bonuses, or attendance bonuses, where such payments are not in fact related to work performed on Saturday, Sunday, or particular days, as such.

(k) *Holidays; choice of sixth holiday.* Paragraph I B of the order has two requirements: (1) It requires time and one-half for work on the 6 holidays enumerated in the order, and (2) it forbids payment of any premium wage or extra compensation for work on any other holidays as such. A choice is afforded between Memorial Day and any other holiday of greater local importance. Failure to select a substitute holiday leaves Memorial Day as the sixth holiday under the order. The holiday chosen as a substitute for Memorial Day need not be the same holiday each year but only 6 holidays may be paid for at premium rates in the 12-month period beginning October first.

(l) *Holidays; computation of premium pay.* The order requires that time and one-half compensation be paid for work on designated holidays but forbids payment in excess of time and one-half. Thus, if the wages of an employee include compensation for a holiday although not worked, the additional amount which must be paid under the order for work performed on that holiday is limited to such amount as brings the total compensation for the day to time and one-half. Compensation for work performed on a holiday should be computed at one and one-half times the straight-time rate paid for work on that day or one and one-half times the average straight-time hourly rate for the workweek, whichever is the customary method of computing overtime compensation. The employer's records should indicate which method is adopted.

(m) *Holidays; inclusion of holidays in computing sixth and seventh days.* For purposes of computing the seventh day of work in a workweek under the order, the designated holidays must be included in the count whether or not work is performed on such days. An idle holiday should be included in computing the sixth day worked in the workweek unless the employment contract specifies otherwise.

(n) *Holidays; determination of what constitutes work on.* Insofar as the order requires payment of time and one-half for work on the designated holidays, it means payment of time and one-half for the hours worked on the calendar holiday, namely, hours worked between midnight at the beginning of the holiday and midnight at the close of the holiday. However, in order to give all employees equal benefit of the holiday, it is permissible to compensate employees at time and one-half for all hours worked on a shift, some part of which cuts across the calendar holiday. It is not permissible to pay the time and one-half holiday rate for more than one shift in a situation in which the employee works two shifts, both of which cut across the calendar holiday. However, employees must be paid time and one-half for at least all the hours worked on the calendar holiday. If one of the designated holidays falls on Sunday, either Sunday or Monday may be observed as the holiday, but not both.

(o) *Holidays, not worked.* There is no provision in the order relating to compensation on holidays not worked.

(p) *Offsets crediting and pyramiding; holiday pay against other premium pay.* The time and one-half premium pay required for work on the 6 holidays designated in the order may not be offset or credited against overtime or premium pay required for any other day or portion of the workweek by virtue of this order or applicable statute, such as the Fair Labor Standards Act, the Walsh-Healey Act, or the Federal Eight-Hour Law. For example, an employee works 6 days of 8 hours each or a total of 48 hours in a workweek. The second day is one of the designated holidays and the 8 hours worked on that day must be paid for at time and one-half. This premium pay may not be credited or offset against the time and one-half required by statute for hours over 40 during that week. Both must be paid.

(q) *Seventh day pay against other premium pay.* Similarly, the double time required for the seventh consecutive day worked in the workweek may not be offset or credited against overtime or premium pay required for any other day or portion of the workweek by the order or existing law. Thus, if in the example in paragraph (p), above, the employee works an additional or seventh consecutive day in the same workweek, he must receive double time for that day. This double time may not be offset or credited against the holiday premium pay in this example, nor against the time and one-half due for the hours worked in excess of 40 prior to the seventh day.

(r) *Pyramiding of overtime or premium rates on a particular day.* On the other hand, it is contrary to the purposes of the order to allow the pyramiding of overtime or premium rates on a particular day. Thus, double time and no more may be paid for work on the seventh consecutive day worked in the workweek even though, by virtue of the employment contract or applicable statute, the hours worked on that day may exceed 8 or are in excess of 40 for the workweek or otherwise call for overtime rates of pay. For example, an employee works all 7 days of the workweek, 8 hours each day. The hours worked on the seventh day call for time and one-half under the Fair Labor Standards Act and double time under the order. The two premium rates may not be pyramided; only double time may be paid for work on that day. The same is true even though the employee works over 8 hours on the seventh day, which excess hours may also call for time and one-half. Also, since the order limits premium pay for the designated holidays to time and one-half, it would be contrary to the order to pyramid the holiday rate and the weekly overtime rate required, for example, by the Fair Labor Standards Act, in cases where the holiday itself consists of hours in excess of 40 for the week. For example, the employee works 6 days of 8 hours each. The hours worked on the last day call for time and one-half under the Fair Labor Standards Act. The last day is also a holiday designated in the order. The order limits pay on that day to time and one-half. For the same reason, where the holiday coincides with the sixth day worked in the workweek, which day by contract may also call for time and one-half, the order prevents the pyramiding of the two overtime rates. Likewise, not more than time and one-half may be paid for work on the sixth day worked in the workweek even though the hours worked on that day may be in excess of 8 for the day or 40 for the week. Even though the hours worked on the holiday in excess of 8 require time and one-half under the Walsh-Healey Act, the order limits the amount of compensation to time and one-half and prevents the pyramiding of overtime rates or the hours worked in excess of 8.

(s) *Absences; Full days of absence.* (1) If an employee is absent for all of one or more days, such days are not to be included in computing the seventh day. The only two exceptions to this rule are a designated holiday on which no work is performed and the case where an employee reports with the reasonable expectation of work and is sent home because of a lack of work or other reason beyond his control. Such days should be counted in computing the seventh consecutive day.

(2) With respect to the inclusion of full days of absence for the purpose of determining whether a sixth day has been worked, the answer is to be found in the prevailing custom, practice, or agreement, in the plant. However, the counting of days of absence merely for the purpose of evading the prohibition in the order against premium pay for Saturday and Sunday work as such would be in contravention of the terms of the order.

(t) *Absences for parts of workdays.* (1) The order does not require that any particular number of hours be worked in a day for that day to be regarded as a day worked under the order.

(2) Where an employee is absent for part of a workday for a justifiable reason, the day must be counted as a day worked for the purpose of computing the seventh day of work in the workweek. Since one of the basic purposes of the order is to discourage absenteeism, days on which an employee does not work his full schedule but absents himself for a portion of the day without justifiable cause should not be counted in computing the seventh day. It is permissible, however, for the employer to allow the employee to make up the time lost by such voluntary absence during the subsequent days of the workweek, and be compensated at the rate of double time on the seventh day of the workweek for hours worked on that day. However, double time may be paid on the seventh day only for those hours worked after the time lost has been made up by the employee.

(3) In computing the sixth day worked in the workweek, the question as to inclusion of days on which the employee has been absent for a portion of the day may be determined by the prevailing custom, practice, or agreement in the plant, provided days are not counted merely for the purpose of evading the prohibitions against premium pay for Saturday and Sunday, as such.

(u) *Relationship of Executive Order 9240 to 9250.* Payments required or forbidden by the terms of Executive Order 9240 do not, in the opinion of the Secretary of Labor, as stated in Interpretative Bulletin No. 1, require approval of the WLB as wage increases or decreases under the terms of Executive Order 9250. In situations where changes in the wage structure or premium rates are permitted but not required by Executive Order 9240, the procedures for the approval of wage increases as stated in Subpart G of this part should be followed before such changes are initiated by the employer.

(v) *National War Labor Board approval requirements for premium pay on sixth day of workweek.* On May 31, 1943, the National War Labor Board adopted a resolution to the effect that, where, pursuant to the terms of a collective bargaining agreement, or the custom and practice in a plant, a premium rate or extra compensation was regularly paid, prior to October 1, 1942, for services performed on Saturday, as such, not more than time and one-half premium wage compensation may be paid, without the approval of the National War Labor Board, for services performed on the sixth day of work in the regularly scheduled workweek, in accordance with the provisions of Executive Order 9240.

§ 809.965 *Exceptions*—(a) *Shipbuilding stabilization agreement.* The Secretary of Labor on February 25, 1943, pursuant to Executive Order 9248, issued an order determining that the provisions of Executive Order 9240 shall not apply after March 2, 1943, to the shipbuilding and ship repair industry.

The Secretary's order is based on a finding that the Zone Standards Agreements for the Shipbuilding and Ship Repair Industry, and the Pacific Coast Repair Agreements, approved by the Government departments and agencies concerned with shipbuilding and ship repair work, are operating satisfactorily to stabilize overtime practices in the industry. The exemption is not limited, however, to companies which are parties or subject to these wage stabilization agreements, but is applicable to the entire shipbuilding and ship repair industry.

The shipbuilding and ship repair industry, for the purposes of the Secretary's order, includes generally construction, conversion, outfitting, and repair of any floating marine structures, including floating drydocks. Many preliminary processes and the manufacture of many parts and products which are eventually used in the building of a ship are, however, not included. For example, the manufacture of prefabricated parts in steel mills or sawmills is not included in the industry.

The construction, conversion, outfitting, and repair activities which are considered within the shipbuilding and ship repair industry are those which are performed in the water, in drydocks, in basins, on ways for launching, or on the premises of a shipyard or boatyard. The

exemption covers all employees of companies which are engaged in such activities, including maintenance, clerical and technical employees, and including also employees who may be assigned to work away from the shipyard such as draftsmen employed by the shipyard and temporarily stationed in the office of an independent drafting concern, working on plans for the shipyard. However, employees of "uptown shops" are not within the exemption.

(b) *Building trades stabilization agreement.* (1) Except as indicated in subparagraph (2) below, work on construction projects subject to the Wage Stabilization Agreement for the Building and Construction Trades Industry engaged in War Construction (July 1941) is exempted from the provisions of Executive Order 9240. The Agreement is entitled "Memorandum of Agreement between the Representative of Government Agencies Engaged in Defense Construction and the Building and Construction Trades Department of the American Federation of Labor." (See Order, Secretary of Labor, September 30, 1942.)

(2) On May 22, 1943, the Secretary of Labor determined that for the duration of the war, paragraph 1 (B) of Executive Order 9240, which recognizes the following six holidays only: New Year's Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day, and Memorial Day, and requires compensation at the rate of time and one-half for work performed on such holidays, applies to work on construction projects which is subject to the Wage Stabilization Agreement for the Building and Construction Industry, *Provided*, That the clause in the Executive order permitting the substitution of one holiday of greater local importance than Memorial Day does not apply to such work. (See Determination, Secretary of Labor, May 22, 1943.)

(c) *Holiday provisions of the order incorporated in building trades stabilization agreement.* While work covered by the building trades stabilization agreement has been exempted from the order, the holiday provisions of the order (paragraph I (B)) have been incorporated in the stabilization agreement by resolution of the Board of Review, which performs the function of administering the stabilization agreement. (Interpretative Resolution No. 2 of the Board of Review passed on November 10, 1942.)

(d) *Sugar processing industry.* The Secretary of Labor on March 24, 1943, pursuant to Executive Order 9248, issued an order determining that in the case of an employer engaged in the processing of sugar beets or sugar cane into sugar (but not refined sugar) or into syrup, the provisions of section 1A (1) of Executive Order 9240 (requiring the payment of double time compensation on the seventh consecutive day of a regularly scheduled workweek) shall not apply to his employees in any place of employment where he is so engaged.

(e) *Fish processing industry.* The Secretary of Labor on June 7, 1943, pursuant to Executive Order 9248, issued an order determining that the provisions of Executive Order 9240 shall not apply to employees engaged in the processing of fish, including the canning and reduction thereof, and operations incidental thereto, in the States of Washington, Oregon, and California, and in the Territory of Alaska.

(f) *Fruit and vegetable packing and canning industries.* The Secretary of Labor on August 25, 1943, pursuant to Executive Order 9248, issued an order determining that in the case of an employer engaged in the first processing of, or in canning or packing, perishable or seasonal fresh fruits and vegetables, the provisions of Executive Order 9240 shall not apply to his employees in any place of employment where he is so engaged.

(g) *Milk processing industry.* The Secretary of Labor on October 22, 1943, pursuant to Executive Order 9248, issued an order determining that in the case of an employer engaged in the first processing of milk, whey, skimmed milk, or cream into dairy products, the provisions of Executive Order 9240 shall not apply to his employees in any place of employment where he is so engaged.

§ 809.966 *Future interpretations.* Section V of Executive Order No. 9240, as amended, requires that all questions regarding its interpretations and application be referred to the Secretary of Labor. Such questions requiring action by the Secretary of Labor, insofar as they are posed by representatives of the War Department, will be directed, through channels, to the Director, Industrial Personnel Division, Headquarters, Army Service Forces, who will take any necessary steps to obtain such interpretations in appropriate cases. The Director, Industrial Personnel Division, will clear with the Director, Purchases Division, all such questions relating to contracting or procurement procedure. Interpretations of Executive Order 9240, made by the Secretary of Labor from time to time will be promptly forwarded to the chiefs of technical services, and will be summarized for inclusion in these regulations or in Army Service Forces Circulars. Auditors, Finance Officers, and other persons reviewing War Department vouchers and payments will present to the Director, Industrial Personnel Division, through the Office of the Fiscal Director, Headquarters, Army Service Forces, all requests for instructions as to the applications of the Executive order to fiscal matters.

(a) Requests for interpretations will be prepared in the following form and submitted in triplicate:

(1) A brief statement of the question for which interpretation is requested.

(2) A statement as to the person, official, department, or organization requesting the interpretation.

(3) Any facts or comments which are necessary for interpretation. These comments should not exceed one or two paragraphs.

SUBPART C—WAGE AND SALARY STABILIZATION

§ 809.975 *Executive order.* Executive Order No. 9250, dated 3 October 1942 (7 F. R. 7871), establishes a national wage and salary stabilization policy pursuant to the act of 2 October 1942 entitled "An Act to Amend Emergency Price Control Act of 1942, to Aid in Preventing Inflation, and for Other Purposes, as amended by the Public Debt Act of 1943 (Public Law 34—78th Congress)". Titles II, III, and VI of that Order deal with wage and salary stabilization, and, in general, provide that the administration and enforcement of the stabilization policy will be under the direction of the National War Labor Board and of the Economic Stabilization Director.

(a) Title II of Executive Order No. 9250 provides:

1. No increases in wage rates, granted as a result of voluntary agreement, collective bargaining, conciliation, arbitration, or otherwise, and no decreases in wage rates, shall be authorized unless notice of such increases or decreases shall have been filed with the National War Labor Board and unless the National War Labor Board has approved such increases or decreases.

2. The National War Labor Board shall not approve any increase in the wage rates prevailing on Sept. 15, 1942, unless such increase is necessary to correct maladjustments or inequalities, to eliminate substandards of living, to correct gross inequities, or to aid in the effective prosecution of the war.

Provided, however, that where the National War Labor Board or the Price Administrator shall have reason to believe that a proposed wage increase will require a change in the price ceiling of the commodity or service involved, such proposed increase, if approved by the National War Labor Board, shall become effective only if also approved by the Director.

3. The National War Labor Board shall not approve a decrease in the wages for any particular work below the highest wages paid therefor between Jan. 1, 1942, and Sept. 15, 1942, unless to correct gross inequities and to aid in the effective prosecution of the war.

4. The National War Labor Board shall, by general regulation, make such exemptions from the provisions of this title in the case of small total wage increases as it deems necessary for the effective administration of this order.

5. No increases in salaries now in excess of $5,000 per year (except in instances in which an individual has been assigned to more difficult or responsible work), shall be granted until otherwise determined by the Director.

6. Except as provided in regulations issued by the Director, no decreases shall be made by any employer in the salary for any particular work below the highest salary paid therefor between January 1, 1942, and September 15, 1942, if the effect of the decrease is to reduce the salary below $5000 per annum.

7. [1] [Rescinded by Act of Congress—see below.]

8. The Policy of the Federal Government, as established in Executive Order No. 9017 of January 12, 1942, to encourage free collective bargaining between employers and employees is reaffirmed and continued.

[1] Section 7 was rescinded by section 4 (b), Act of April 11, 1943, Public Law 34, 78th Congress, which reads as follows:

"(1) Section 7 of Title II and all other provisions of Executive Order 9250, 'providing for the stabilization of the national economy' issued October 3, 1942, and all provisions of Regulation No. 4001.9, promulgated by the Economic Stabilization Director on October 27, 1942, which are in conflict with this section are hereby rescinded; and (2) all orders, regulations, and other directives, and all decisions, promulgated or made by virtue of said Executive Order or regulation which are in conflict with this section are hereby rescinded."

8. Insofar as the provisions of Clause (1) of section 302 (c) of the Emergency Price Control Act of 1942 are inconsistent with this Order, they are hereby suspended.

(b) Title III of Executive Order No. 9250 provides:

1. Except as modified by this Order, the National War Labor Board shall continue to perform the powers, functions, and duties conferred upon it by Executive Order No. 9017, and the functions of said Board are hereby extended to cover all industries and all employees. The National War Labor Board shall continue to follow the procedure specified in said Executive Order.

2. The National War Labor Board shall constitute the agency of the Federal Government authorized to carry out the wage policies stated in this Order, or the directives on policy issued by the Director under this Order. The National War Labor Board is further authorized to issue such rules and regulations as may be necessary for the speedy determination of the propriety of any wage increases or decreases in accordance with this Order, and to avail itself of the services and facilities of such state and Federal departments and agencies as, in the discretion of the National War Labor Board may be of assistance to the Board.

3. No provision with respect to wages contained in any labor agreement between employers and employes (including the shipbuilding stabilization agreements as amended on May 16, 1942, and the wage stabilization agreement of the building construction industry arrived at May 22, 1942) which is inconsistent with the policy herein enunciated or hereafter formulated by the Director shall be enforced except with the approval of the National War Labor Board within the provisions of this order. The National War Labor Board shall permit the shipbuilding stabilization committee and the wage adjustment board for the building construction industry, both of which are provided for in the foregoing agreements, to continue to perform their functions therein set forth, except in so far as any of them is inconsistent with the terms of this order.

4. In order to effectuate the purposes and provisions of this order and the act of October 2, 1942, any wage or salary payment made in contravention thereof shall be disregarded by the executive departments and other governmental agencies in determining the costs or expenses of any employer for the purpose of any law or regulation, including the Emergency Price Control Act of 1942 or any maximum price regulation thereof, or for the purpose of calculating deductions under the revenue laws of the United States or for the purpose of determining costs or expenses under any contract made by or on behalf of the government of the United States.

(c) Title IV, paragraph 1 provides:

1. The prices of agricultural commodities and of commodities manufactured or processed in whole or in substantial part from any agricultural commodity shall be stabilized, so far as practicable, on the basis of levels which existed on September 15, 1942, and in compliance with the act of October 2, 1942

(d) Title VI, paragraphs 1, 2 and 4 provide as follows:

1. Nothing in this Order shall be construed as affecting the present operation of the Fair Labor Standards Act, the National Labor Relations Act, the Walsh-Healey Act, the Davis-Bacon Act, or the adjustment procedure of the Railway Labor Act.

2. Salaries and wages under this Order shall include all forms of direct or indirect remuneration to an employee or officer for work or personal services performed for an employer or corporation, including but not limited to, bonuses, additional compensation, gifts, commissions, fees, and any other remuneration in any form or medium whatsoever, (excluding insurance and pension benefits in a reasonable amount as determined by the Director); but for the purpose of determining wages or salaries for any period prior to September 16, 1942, such additional compensation shall be taken into account only in cases where it has been customarily paid by employers to their employees. "Salaries" as used in this Order means remuneration for personal services regularly paid on a weekly, monthly or annual basis.

* * * * *

4. The Director shall be the agency to receive notice of any increase in the rates or charges of common carriers or other public utilities as provided in the aforesaid Act of October 2, 1942.

§ 809.976 *Regulations of Economic Stabilization Director approved by the President.* On 31 August 1943 (8 F.R. 11960), the Economic Stabilization Director issued amended regulations (Part 4001) pursuant to authority vested in, and with the approval of, the President, relative to wages and salaries, in order to conform the regulations promulgated by him with the approval of the President, dated 27 October 1943, to the provisions of the Public Debt Act of 1943. The amended regulations, effective as of October 2, 1942, are set forth in the succeeding sections which are designated 809.976a to 809.976p, inclusive.

§ 809.976a *Definitions.*

§ 4001.1 *Definitions.* When used in these regulations, unless otherwise distinctly expressed or manifestly incompatible with the intent thereof:

(a) The term "act" means the act of October 2, 1942, entitled "An Act to amend the Emergency Price Control Act of 1942, to aid in preventing inflation, and for other purposes".

(b) The term "Board" means the National War Labor Board created by Executive Order No. 9017, dated January 12, 1942.

(c) The term "Commissioner" means the Commissioner of Internal Revenue.

(d) The term "Code" means the Internal Revenue Code, as amended and supplemented.

(e) The term "salary" or "salary payments" means all forms of direct or indirect compensation which is computed on a weekly, monthly, annual or other comparable basis, except a wage basis, for personal services of an employee irrespective of when rendered, including bonuses, additional compensation, gifts, loans, commissions, fees, and any other remuneration in any form or medium whatsoever (excluding insurance and pension benefits in a reasonable amount).

(f) The term "salary rate" means the rate or other basis at which the salary for any particular work or service is computed either under the terms of a contract or agreement or in conformity with an established custom or usage.

(g) The term "wages" or "wage payments" means all forms of direct or indirect compensation which is computed on an hourly or daily basis, a piece-work basis, or other comparable basis, for personal services of an employee irrespective of when rendered, including bonuses, additional compensation, gifts, commissions, loans, fees, and any other remuneration in any form or medium whatsoever (but excluding insurance and pension benefits in a reasonable amount).

(h) The term "insurance and pension benefits in a reasonable amount" means:

(1) Contributions by an employer to an employees' retirement plan which meets the requirements of section 165 (a) of the Code but does not include contributions of an employer to a stock bonus or profit-sharing plan providing benefits distributable other than on the death, retirement, sickness or disability of the employee.

(2) Amounts, not to exceed 5 per cent of the employee's annual salary or wages determined without the inclusion of insurance and pension benefits and without the inclusion of bonuses or other additional compensation, paid by an employer on account of premiums on insurance on the life of the employee, and amounts, regardless of the amount of salary otherwise received annually by the employee, paid by the employer on account of premiums for participation in group life insurance without cash surrender value covering the lives of his employees or in group hospitalization policies or group health and accident insurance policies, the beneficiaries of which are employees. The type of insurance on the life of the employee referred to in this section is the ordinary or whole life policy which does not provide for a cash surrender or loan value, or both, amounting to a large percentage of the premiums paid.

(i) The terms "approval by the Board" and "determination by the Board" shall, except as may be otherwise provided in the regulations or orders of the Board, include an approval or determination by an agent of the Board duly authorized to perform such act; and such approval or determination, if subsequently modified or reversed by the Board, shall nevertheless for the purpose of these regulations, be deemed to have been continuously in effect from its original date until the first day of the payroll period immediately following the reversal or modification or until such later date as the Board may direct.

(j) The terms "approval by the Commissioner" and "determination by the Commissioner" shall, except as may be otherwise provided in regulations prescribed by the Commissioner, include an approval or determination by an agent of the Commissioner duly authorized to perform such act; and such approval or determination, if subsequently modified or reversed by the Commissioner, shall nevertheless for the purpose of these regulations, be deemed to have been continuously in effect from its original date until the first day of the payroll period immediately following reversal or modification or until such later date as the Commissioner may direct.

(k) The terms "approval by the War Food Administrator" and "determination by the War Food Administrator" shall, except as may be provided in regulations prescribed by the Administrator, include an approval or determination by an agent or agents of the Administrator duly authorized to perform such act.

(l) The term "agricultural labor" shall means persons who are employed in farming in any of its branches, including among other things the cultivation and tillage of the soil, dairying, the production, cultivation, growing and harvesting of agricultural or horticultural commodities, and the raising of livestock, bees or poultry: *Provided, however,* That the term "agricultural labor" shall not include any person whose salary payments, exclusive of bonuses and additional compensation and without regard to the contemplated adjustment, are at a rate, computed on an annual basis, which exceeds $5,000 per annum.

The War Food Administrator, by regulation, may issue such interpretations of the definition in this paragraph as he finds necessary.

(m) The term "in contravention of the act" means in contravention of the act, these

regulations, Executive Order 9250, Executive Order 9328, or any other orders, rulings or regulations promulgated under the act.

(a) *Text of section 165 (a) of the Internal Revenue Code.*

(a) *Exemption from tax.* A trust forming part of a stock bonus, pension, or profit-sharing plan of an employer for the exclusive benefit of his employees or their beneficiaries shall not be taxable under this supplement and no other provision of this supplement shall apply with respect to such trust or to its beneficiary—

(1) if contributions are made to the trust by such employer, or employees, or both, for the purpose of distributing to such employees or their beneficiaries the corpus and income of the fund accumulated by the trust in accordance with such plan;

(2) if under the trust instrument it is impossible, at any time prior to the satisfaction of all liabilities with respect to employees and their beneficiaries under the trust, for any part of the corpus or income to be (within the taxable year or thereafter) used for, or diverted to, purposes other than for the exclusive benefit of his employees or their beneficiaries;

(3) if the trust, or two or more trusts, or the trust or trusts and annuity plan or plans are designated by the employer as constituting parts of a plan intended to qualify under this subsection which benefits either—

(A) 70 per centum or more of all the employees, or 80 per centum or more of all the employees who are eligible to benefit under the plan if 70 per centum or more of all the employees are eligible to benefit under the plan, excluding in each case employees who have been employed not more than a minimum period prescribed by the plan, not exceeding five years, employees whose customary employment is for not more than twenty hours in any one week, and employees whose customary employment is for not more than five months in any calendar year, or

(B) such employees as qualify under a classification set up by the employer and found by the Commissioner not to be discriminatory in favor of employees who are officers, shareholders, persons whose principal duties consist of supervising the work of other employees, or highly compensated employees;
and

(4) If the contributions or benefits provided under the plan do not discriminate in favor of employees who are officers, shareholders, persons whose principal duties consist in supervising the work of other employees, or highly compensated employees.

(5) A classification shall not be considered discriminatory within the meaning of paragraphs (3) (B) or (4) of this subsection merely because it excludes employees the whole of whose remuneration constitutes "wages" under section 1426 (a) (1) (relating to the Federal Insurance Contributions Act) or merely because it is limited to salaried or clerical employees. Neither shall a plan be considered discriminatory within the meaning of such provisions merely because the contributions or benefits of or on behalf of the employees under the plan bear a uniform relationship to the total compensation, or the basic or regular rate of compensation, of such employees, or merely because the contributions or benefits based on that part of an employee's remuneration which is excluded from "wages" by section 1426 (a) (1) differ from the contributions or benefits based on employee's remuneration not so excluded, or differ because of any retirement benefits created under State or Federal law.

(6) A plan shall be considered as meeting the requirements of paragraph (3) of this subsection during the whole of any taxable year of the plan if on one day in each quarter it satisfied such requirements.

(b) *Extract from section 23 of the Internal Revenue Code.*

Deductions from gross income. In computing net income there shall be allowed as deductions:

(a) *Expenses*—(1) *In general.* All the ordinary and necessary expenses paid or incurred during the taxable year in carrying on any trade or business, including a reasonable allowance for salaries or other compensation for personal services actually rendered; * * * * * * *

(o) *Charitable and other contributions.* In the case of an individual, contributions or gifts payment of which is made within the taxable year to or for the use of:

(1) The United States, any State, Territory, or any political subdivision thereof or the District of Columbia, or any possession of the United States, for exclusively public purposes;

(2) A corporation, trust, or community chest, fund, or foundation, created or organized in the United States or in any possession thereof or under the law of the United States or of any State or Territory or of any possession of the United States, organized and operated exclusively for religious, charitable, scientific, literary, or educational purposes or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private shareholder or individual, and no substantial part of the activities of which is carrying on propaganda, or otherwise attempting, to influence legislation;

(3) The special fund for vocational rehabilitation authorized by section 12 of the World War Veterans' Act, 1924, 43 Stat. 611 (U. S. C., Title 38, Sec. 440):

(4) Posts or organizations of war veterans, or auxiliary units or societies of any such posts or organizations, if such posts, organizations, units, or societies are organized in the United States or any of its possessions, and if no part of their net earnings inures to the benefit of any private shareholder or individual; or

(5) A domestic fraternal society, order, or association, operating under the lodge system, but only if such contributions or gifts are to be used exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals;
to an amount which in all the above cases combined does not exced 15 per centum of the taxpayer's net income as computed without the benefit of this subsection. Such contributions or gifts shall be allowable as deductions only if verified under rules and regulations prescribed by the Commissioner, with the approval of the Secretary.

(c) *Section 5 (b) of act to amend the Emergency Price Control Act of 1942, to aid in preventing inflation and for other purposes.* Section 5 (b) of Public Law 729 (77th Cong. 2d Session) provides as follows:

Nothing in this Act shall be construed to prevent the reduction by any private employer of the salary of any of his employees which is at the rate of $5,000 or more per annum.

§ 809.976b *Authority of National War Labor Board.*

§ 4001.2 *Authority of National War Labor Board.* The Board shall, subject to the provisions of sections 1, 2, 3, 4, and 8 of Title II of Executive Order No. 9250, of October 3, 1942, and except as otherwise provided in Executive Order No. 9299, of February 4, 1943, prescribing regulations and procedure with respect to wage and salary adjustments for employees subject to the Railway Labor Act, have authority to determine whether any:

(a) Wage payments, or

(b) Salary payments to an employee where the rate at which the salary, exclusive of bonuses and additional compensation and without regard to the contemplated adjustment, computed on an annual basis, is not in excess of $5,000 per annum, and where such employee:

(1) In his relations with his employer is represented by a duly recognized or certified labor organization, or

(2) Is not employed in a bona fide executive, administrative or professional capacity

are made in contravention of the act, or any rulings, orders or regulations promulgated thereunder. Any such determination by the Board, made under rulings and orders issued by it, that a payment is in contravention of the act, or any rulings, orders, or regulations promulgated thereunder, shall be conclusive upon all Executive Departments and agencies of the Government in determining the costs or expenses of any employer for the purpose of any law or regulation, either heretofore or hereafter enacted or promulgated, including the Emergency Price Control Act of 1942 or any maximum price regulation thereof, or for the purpose of calculating deductions under the revenue laws of the United States, or for the purpose of determining costs or expenses under any contract made by or on behalf of the United States. Any determination of the Board made pursuant to the authority conferred on it shall be final and shall not be subject to review by The Tax Court of the United States or by any court in any civil proceedings.

§ 809.976c *Rules, orders and regulations of Board.*

§ 4001.3 *Rules, orders and regulations of Board.* The Board may make such rulings and issue such orders or regulations as it deems necessary to enforce and otherwise carry out the provisions of these regulations.

§ 809.976d *Authority of the Commissioner of Internal Revenue.*

§ 4001.4 *Authority of Commissioner of Internal Revenue.* The Commissioner, except as otherwise provided in Executive Order 9299, of February 4, 1943, prescribing regulations and procedure with respect to wage and salary adjustments for employees subject to the Railway Labor Act, shall have authority to determine, under regulations to be prescribed by him with the approval of the Secretary of the Treasury, whether any salary payments other than those specified in paragraph (b) of § 4001.2 (§ 809.976b of this part) and § 4001.6 (§ 809.976e (a) of this part) of these regulations are made in contravention of the act, or any regulations or rulings promulgated thereunder. Any such determination by the Commissioner, made under such regulations, that a payment is in contravention of the act, or any rulings or regulations promulgated thereunder, shall be conclusive upon all Executive Departments and agencies of the Government in determining the costs or expenses of any employer for the purpose of any law or regulations, either heretofore or hereafter enacted or promulgated, including the Emergency Price Control Act of 1942 or any maximum price regulation thereof, or for the purpose of calculating deductions under the revenue laws of the United States, or for the purpose of determining costs or expenses under any contract made by or on behalf of the United States. Any determination of the Commissioner made pursuant to the authority conferred on him shall be final and shall not be subject to review by The Tax Court of the United States or by any court in any civil proceedings. No increase in a salary rate approved by the Commissioner shall increase the level of production costs appreciably or furnish the basis either to increase prices or to resist otherwise justifiable reductions in prices or furnish the basis of further wage or salary increases.

§ 809.976e *Rules and regulations of Commissioner.*

§ 4001.5 *Rules and regulations of Commissioner.* The Commissioner may prescribe such regulations with the approval of the Secretary of the Treasury, and make such rulings as he deems necessary, to enforce and otherwise carry out the provisions of these regulations.

(a) *Provisions with respect to wages and salaries of agricultural labor.* On August 31, 1943, the Director of Economic Stabilization issued amended regulations bearing section numbers 4001.6, 4001.7, 4001.8, and 4001.9, with the approval of the President, conferring upon the War Food Administrator the authority to determine whether any salary or wage payments to agricultural labor receiving not in excess of $2,400 per annum are made in contravention of the Stabilization Act of October 2, 1942. The text of these sections is omitted.

§ 809.976f *Salary increases.*

§ 4001.10 *Salary increases.* In the case of a salary rate of $5,000 or less per annum existing on October 27, 1942, or established thereafter, and in the case of a salary rate of more than $5,000 per annum existing on October 3, 1942, or established thereafter, no increase shall be made by the employer except as provided in regulations, rulings, or orders promulgated under the authority of these regulations. Except as herein provided, any increase made after such respective dates shall be considered in contravention of the Act and the regulations, rulings, or orders promulgated thereunder from the date of the payment if such increase is made prior to the approval of the Board or the Commissioner, as the case may be.

In the case, however, of a reasonable increase in the rate at which the salary (exclusive of bonuses and additional compensation) is computed, made both in accordance with the terms of a salary plan or a salary rate schedule and as a result of:

(a) Individual promotions or reclassifications,

(b) Individual merit increases within established salary rate range,

(c) Operation of an established plan of salary increases based on length of service within established rate ranges,

(d) Increased productivity under incentive plans,

(e) Operation of a trainee system, or

(f) Such other reasons or circumstances as may be prescribed in orders, rulings, or regulations, promulgated under the authority of these regulations, no prior approval of the Board or the Commissioner is required. No such adjustment shall increase the level of production costs appreciably or furnish the basis either to increase prices or to resist otherwise justifiable reductions in prices or furnish the basis of further wage or salary adjustments.

(a) *Statement of Commissioner of Internal Revenue on payment of overtime compensation to salaried employees.* The Commissioner of Internal Revenue under date of 1 July 1943 issued a statement for the guidance of employers who find it necessary to pay their salaried employees additional compensation to maintain productive efficiency on account of the extension of the normal week. This statement reads in part as follows:

The Commissioner's jurisdiction extends only to salaried employees receiving more than $5,000 a year, and to executive, administrative and professional employees receiving less than $5,000 a year who are not represented by a recognized labor organization. In order to come within the Commissioner's jurisdiction, an executive employee must receive more than $30 a week, and an administrative or professional employee must receive more than $200 a month.

Due to the extension of the workweek, employers are required under the provisions of the Fair Labor Standards Act to pay their nonexempt wage earners and others of their salaried personnel coming within the jurisdiction of the Fair Labor Standards Act additional compensation at time and a half for all hours worked in excess of 40 in any one calendar week. Employers are not legally required to compensate the supervisory personnel on the same basis as the wage earners. However, it is customary for employers to maintain reasonable pay differentials between the wage earners and their supervisors and between the several levels of supervision. Payment for overtime to the wage earners without any additional compensation to the salaried personnel in many cases results in the wage earners receiving more total compensation for a given period than their immediate supervisors and in some cases more than the second and third levels of supervision.

In order to clarify the position which will be taken in this matter, the Commissioner has issued instructions to the regional offices of the Salary Stabilization Unit as to the methods under which payments of additional compensation to salaried personnel may be determined. Under these instructions, the maximum amounts which will be allowed are such amounts as are necessary to keep the minimum differentials between the interrelated job classifications required for the maintenance of productive efficiency. The Commissioner stated that no set rule may be established for determining such amounts, because of the variations of differentials between wage and salary levels within plants and industries. However, the amounts allowed will be proportionately less in the higher levels. Approval is required in all cases except where the employer had a regularly established overtime payment plan in effect on October 3, 1942, and neither the plan, the rates, nor the hours have been changed. The maximum limitations within which payments may be made will be determined on the following basis:

Additional compensation may be paid at the same overtime rates to all employees in a particular plant for the actual scheduled hours worked in excess of the regular 40-hour workweek as is paid to the highest hourly paid employee, whose rate is subject to the Fair Labor Standards Act, if their compensation for the 40-hour workweek is equal to or less than that of such highest hourly paid employee.

In the application of this principle, the highest participating pay level in direct line of supervision and the minimum additional compensation necessary for the level shall be determined to the satisfaction of the Commissioner. The amount allowable to the higest rated hourly employee will then be progressively reduced for the several intervening pay levels in such manner that each succeeding higher level receives a proportionately lesser amount, until the minimum amount allowable for the highest participating pay level as previously determined is reached.

This plan may be followed with respect to all salaried positions between the highest hourly rated employee receiving compensations at overtime rates and the highest salaried position for which overtime compensation is required.

The level of supervision at which the minimum additional compensation is to be allowed will depend upon the circumstances prevailing in each particular case. Therefore, in order to expedite consideration of their problem, employers, in submitting applications for approval to make overtime adjustments, should include complete information, covering particularly the following: The hours of the extended work week; the hours of the previous work week; the rates of pay of the wage and salaried employees under the jurisdiction of the National War Labor Board; the amounts and rates of overtime presently being paid to those groups as well as to the groups under the jurisdiction of the Commissioner; the number of employees for whom payments are proposed, together with their rates of pay; a description of the several types or levels of supervision; a sufficiently clear description of the job classifications and positions of those required to work the same or more hours than the wage earners under the extended work week and for whom overtime compensation is required; the top level of supervision at which the minimum additional compensation is required; the amount of additional compensation deemed necessary in the top level of supervision so determined; and the basis upon which both the top level of supervision and the amount of additional compensation to be paid that level have been determined.

§ 809.976g *Decreases in salaries of less than $5,000.*

§ 4001.13 *Decreases in salaries of less than $5,000.* In the case of a salary rate existing as of the close of October 3, 1942, under which an employee is paid a salary of less than $5,000 per annum for any particular work, no decrease shall be made by the employer below the highest salary rate paid for such work between January 1, 1942, and September 15, 1942, unless to correct gross inequities or to aid in the effective prosecution of the war. Any decrease in such salary rate after October 3, 1942, shall be considered in contravention of the Act and the regulations, rulings, or orders promulgated thereunder if such decrease is made prior to the approval of the Board or the Commissioner, as the case may be. The words "for any particular work" in the first sentence of this section refer to the particular work of the particular employee and not merely to a particular type of work. For example, the Act does not invalidate or prohibit a wage stabilization order establishing maximum wages for any particular type of work, so long as exception is made allowing the payment of wages higher than such maximum wages to any particular employee for the particular type of work where such higher wages were being paid to such employee for such work at the time the order was issued.

§ 809.976h *Decreases in salaries of over $5,000.*

§ 4001.14 *Decreases in salaries of over $5,000.* In the case of a salary rate existing as of the close of October 3, 1942, under which an employee is paid a salary of $5,000 or more per annum, no decrease in such rate made by the employer shall be considered in contravention of the Act and the regulations promulgated thereunder (see section 5 (b) of the act set forth in § 809.976a (c): *Provided, however,* That if by virtue of such decrease the new salary paid to the employee is less than $5,000 per annum, then the validity of such decrease below $5,000 shall be determined under the provisions of § 4001.13 (§ 809.976g) of these regulations.

§ 809.976i *Limitation on wage and salary increases.*

§ 4001.11 *Limitation on wage and salary increases.* (a) No further increase in wages or salaries shall after April 8, 1943, be authorized by the Board or the Commissioner,

as the case may be, except in the following cases:

(1) Such increases as are clearly necessary to correct substandards of living.

(2) Such wage or salary readjustments as may be deemed appropriate and may not have heretofore been made to compensate, in accordance with the Little Steel formula as heretofore defined by the Board, for the rise in the cost of living between January 1, 1941, and May 1, 1942.

(3) Salary and wage adjustments necessary to adjust salaries or wages up to the minimum of the tested and going rates paid for the same work in the same or most nearly comparable plants or establishments in the same labor market, except in rare and unusual cases in which the critical needs of war production require the setting of a wage or salary at some point above the minimum of the going wage or salary bracket.

(4) Reasonable adjustments in wages or salaries in case of promotions, reclassifications, merit increases, incentive wages or the like, provided that such adjustments do not increase the level of production costs appreciably or furnish the basis either to increase prices or to resist otherwise justifiable reductions in prices.

(b) In connection with the approval of wage or salary adjustments necessary to eliminate substandards of living or to give effect to the Little Steel formula or in connection with the adoption of a longer workweek, nothing herein contained shall be construed to prevent the approval of a wage or salary adjustment for workers in immediately interrelated job classifications to the extent required to keep minimum differentials between immediately interrelated job classifications necessary for the maintenance of productive efficiency. Such adjustments are to be tapered off rigorously in application to higher job classifications so as to apply only in those classifications and only to the extent necessary for productive efficiency in the interrelated job classifications.

(a) *Increases subject to approval of Economic Stabilization Director.*

§ 4001.12 *Increases subject to approval of Economic Stabilization Director.* All wage adjustments made by the Board which may furnish the basis either to increase price ceilings or to resist otherwise justifiable reductions in price ceilings or if no price ceilings are involved which may increase the production costs above the level prevailing in comparable plants or establishments, shall become effective only if also approved by the Economic Stabilization Director.

§ 809.976j *Effect of unlawful payments.*

§ 4001.15 *Effect of unlawful payments.* (a) If any wage or salary payment is made in contravention of the act or the regulations, rulings or orders promulgated thereunder, as determined by the Board, the Commissioner, or the War Food Administrator, as the case may be, the entire amount of such payment shall be disregarded by the Executive Department and all other agencies of the Government in determining the costs or expenses of any employer for the purpose of any law or regulation, including the Emergency Price Control Act of 1942, or any maximum price regulation thereof, or for the purpose of calculating deductions under the revenue laws of the United States, or for the purpose of determining costs or expenses of any contract made by or on behalf of the United States. The term "law or regulations" as used herein includes any law or regulation hereafter enacted or promulgated. In the case of wages or salaries decreased in contravention of the act or regulations, rulings or orders promulgated thereunder, the amount to be disregarded is the amount of the wage or salary paid or accrued. In the case of wages or salaries increased in contravention of the act or regulations, rulings or orders promulgated thereunder, the amount to be disregarded is the amount of the wage or salary paid or accrued and not merely an amount representing an increase in such wage or salary.

(b) Payments made or received in violation of any regulations, rulings or orders promulgated under the authority of the act are subject to the penal provisions of the act.

§ 809.976k *Exempt employers.*

§ 4001.16 *Exempt employers.* The provisions of §§ 4001.10 (§ 809.976f), 4001.11 (§ 809.976i), 4001.13 (§ 809.976g), and 4001.14 (§ 809.976h) shall apply only in the case of an employer who employs more than eight individuals.

§ 809.976l *Salary allowances under Internal Revenue Code.*

§ 4001.17 *Salary allowances under Internal Revenue Code.* No provisions of these regulations shall preclude the Commissioner from disallowing as a deduction in computing Federal income tax any compensation paid by an employer (regardless of the number of employees and of the amount paid to any employee) in excess of a "reasonable allowance" in accordance with the provisions of section 23 (a) of the Code (for text of this section of the Code see § 809.976a (b)).

§ 809.976m *Statutory salaries and wages.*

§ 4001.18 *Statutory salaries and wages.* These regulations shall be applicable to any salary or wages paid by the United States, any State, Territory or possession, or political subdivision thereof, the District of Columbia, or any agency or instrumentality of any one or more of the foregoing, except where the amount of such salary or wages is fixed by statute.

(a) *Joint Statement of November 12, 1942, of the National War Labor Board and the Commissioner of Internal Revenue.*

Procedure for wage and salary adjustments by State Governments and subdivisions and agencies thereof. Adjustments in salaries or wages of State, county or municipal employees which require the approval of the Board or of the Commissioner will be deemed approved upon certification by the State or local agency authorizing the adjustment that such adjustment is necessary to correct maladjustments, or to correct inequalities or gross inequities as contemplated by Executive Order No. 9250. Such a certificate, briefly describing the nature and amount of the adjustment, and setting forth the necessary facts, will be accepted by the Board or Commissioner, as the case might be, as satisfactory evidence of the facts and of the propriety of the adjustment, subject to the right of the Board or the Commissioner to reopen the matter and to request further information pertaining to the propriety of the adjustment. Modification by the Board or by the Commissioner of action taken by a governmental official or agency acting pursuant hereto will not be retroactive. The certificate prescribed herein, together with four copies thereof, should be filed promptly with the committee established by joint action of the National War Labor Board and the Commissioner of Internal Revenue, namely, the Joint Committee on Salaries and Wages, Room 5406, Department of Labor Building, Washington, D. C., which will forward the same to the Board or the Commissioner, as the case may require.

The certification procedure will not apply to any adjustment which would raise salaries or wages beyond the prevailing level of compensation for similar services in the area or community. In exceptional cases where such an adjustment is sought, and in all cases where the agency seeks an adjustment other than by the certification procedure, application for approval should be filed with the appropriate Regional Office of the National War Labor Board or of the Commissioner of Internal Revenue as the case may be.

(b) On December 26, 1942, the National War Labor Board and Commissioner of Internal Revenue issued a joint statement which effected changes of the procedure provided for in the joint statement of the Board and Commissioner of November 12, 1942, (paragraph (a)). The joint statement of December 26, 1942, took the form of General Order No. 12–A. On May 25, 1943, General Order No. 12–A was revoked, and in its stead there was adopted, as General Order No. 12–B, the Joint Statement of the National War Labor Board and the Commissioner of Internal Revenue, dated May 25, 1943, and set forth in § 809.980l).

§ 809.976n *Territories and possessions.*

§ 4001.19 *Territories and possessions.* The Board, the Commissioner, and War Food Administrator shall have the authority to exempt from the operation of these regulations any wages or salaries paid in any Territory or possession of the United States where deemed necessary for the effective administration of the act and these regulations.

§ 809.976o *Regulations of Economic Stabilization Director.*

§ 4001.21 *Regulations of Economic Stabilization Director.* The Director shall have authority to issue such regulations as he deems necessary to amend, modify or rescind these regulations.

§ 809.976p *Applicability.*

§ 4001.20 *Applicability.* These amended regulations supersede as of their effective date (October 2, 1943) the regulations promulgated by the Director of Economic Stabilization, with the approval of the President, dated October 27, 1942, as amended, and are applicable to all salary adjustments within the authority of the Commissioner, the Board, or the War Food Administrator, as the case may be, which are made after that date.

§ 809.977 *Regulations of Commissioner of Internal Revenue.* From time to time the Commissioner of Internal Revenue issues regulations, with the approval of the Secretary of the Treasury, establishing procedures and rules for the administration and interpretations of such portions of Executive Order No. 9250 and of the regulations of the Economic Stabilization Director approved by the President on October 27, 1942 (§ 809.976 et seq., above) as are administered by the Commissioner of Internal Revenue. These regulations are set forth in the succeeding sections which are designated 809.977 followed by a letter, or letters, of the alphabet.

§ 809.977a *Salary Stabilization Unit.*

§ 1001.1 *Salary Stabilization Unit.* There is established a Salary Stabilization Unit, which shall be under the supervision of a deputy commissioner of internal revenue, appointed in accordance with law, and which shall be independent of all other units of the Bureau of Internal Revenue.

§ 809.977b *Authority of Unit.*

§ 1001.2 *Authority of Unit.* The Commissioner of Internal Revenue may confer upon the deputy commissioner in charge of the Salary Stabilization Unit such powers and duties as he shall deem necessary for the effective administration of the provisions of this Treasury decision.

§ 809.977c *Regional offices.*

§ 1001.3 *Regional offices.* The Commissioner of Internal Revenue may establish such regional offices as he shall deem necessary for the effective administration of the provisions of this Treasury Decision.

(a) The Commissioner of Internal Revenue has established the following Salary Stabilization Regional Offices:

Detroit: 14th Floor, Penobscot Building, Detroit, Michigan. Jurisdiction: Michigan.

Los Angeles: Suite 770, Subway Terminal Building, Los Angeles, California. Jurisdiction: Sixth Collection District of California, and Arizona.

New York: 253 Broadway, Fourth Floor, New York, New York. Jurisdiction: New York and the Fifth Collection District of New Jersey.

Philadelphia: Suite 1313, Market Street, National Bank Building, Philadelphia, Pennsylvania. Jurisdiction: Pennsylvania and New Jersey with the exception of the Fifth Collection District of New Jersey.

San Francisco: Room 918—100 McAllister Street Building, San Francisco, California. Jurisdiction: First Collection District of California, Nevada, Utah and Hawaii.

Chicago: Fourth Floor, 208 South La Salle Street, Chicago, Illinois. Jurisdiction: Illinois, Wisconsin, Minnesota, North Dakota, South Dakota, Indiana.

Boston: Rooms 301–4, 1 State Street, Boston, Massachusetts. Jurisdiction: Maine, New Hampshire, Vermont, Massachusetts, Connecticut, and Rhode Island.

Cleveland: Williamson Building, 215 Euclid Avenue, Cleveland, Ohio. Jurisdiction: Ohio and Kentucky.

Atlanta: Rooms 717–720, William Oliver Building, Atlanta, Georgia. Jurisdiction: South Carolina, Georgia, Florida, Alabama and Tennessee.

Seattle: Room 312, Smith Tower Annex, Seattle, Washington. Jurisdiction: Washington, Oregon, Idaho, Montana, Wyoming and Alaska.

Kansas City: R. A. Long Building, Kansas City, Missouri. Jurisdiction: Kansas, Missouri, Iowa, Nebraska and Colorado.

Dallas: Tower Petroleum Building, Dallas, Texas. Jurisdiction: Mississippi, Louisiana, Texas, New Mexico, Arkansas, and Oklahoma.

Washington, D. C.: Room 2529, Internal Revenue Building, Washington, D. C. Jurisdiction: Maryland, Delaware, Virginia, West Virginia, North Carolina, District of Columbia, and Puerto Rico.

§ 809.977d *General terms.*

§ 1002.1 *General terms.* When used in these regulations, unless otherwise distinctly expressed or manifestly incompatible with the intent thereof,

(a) The term "act" means the act of October 2, 1942 (Public, No. 729, 77th Congress) entitled "An Act to Amend the Emergency Price Control Act of 1942, to aid in preventing inflation, and for other purposes," as amended by the Public Debt Act of 1943 (Public, No. 34, 78th Congress) entitled "An Act to Increase the Debt Limit of the United States and for other purposes."

(b) The term "Board" means the National War Labor Board created by Executive Order No. 9017, dated January 12, 1942 (7 F.R. 237).

(c) The term "Commissioner" means the Commissioner of Internal Revenue.

(d) The term "Code" means the Internal Revenue Code, as amended and supplemented.

(e) The term "person" has the same meaning as when used in the Code.

(f) The term "General Regulations" means amended regulations (relating to wages and salaries) promulgated by the Economic Stabilization Director on August 28, 1943 (8 F.R. 11960), and as amended or supplemented by subsequent regulations relating to wages and salaries promulgated by the Economic Stabilization Director.

(g) The term "in contravention of the Act" means in contravention of the act of October 2, 1942 (referred to in paragraph (a) above. Executive Order No. 9250 of October 3, 1942 (7 F.R. 7871), Executive Order 9299 of February 4, 1943 (8 F.R. 1669), Executive Order 9328 of April 8, 1943 (8 F.R. 4681), the General Regulations, these regulations and other orders, rulings, and regulations promulgated under such act.

§ 809.977e *Employee and employer.*

§ 1002.2 *Employee and employer.* An employee, for the purposes of these regulations, is an individual who performs services for compensation where the relationship between him and the person for whom he performs the services is the legal relationship of employee and employer. An employer is any person for whom an individual performs any services, of whatever nature, as the employee of such person. The term "employer" is not limited to private persons engaged in trade or business, but includes organizations which, under section 101 of the Code, are exempt from income taxation, and also government departments and agencies. The existence of the legal relationship of employer and employee is to be ascertained in the light of the general purposes of the Act and the General Regulations.

Generally, the legal relationship of employer and employee exists when the person for whom services are performed has the right to control and direct the individual who performs the services, not only as to the result to be accomplished by the work done, but also as to the details and means by which that result is accomplished. An employee is generally subject to the will and control of the employer not only as to what shall be done but how it shall be done. In this connection it is unnecessary that the employer actually direct or control the precise manner in which the services are performed; it is sufficient that he has the right to do so. The right to discharge is also an important factor indicating that the person possessing that right is an employer.

Other factors characteristic of an employer, but not necessarily present in every case, are the furnishing of tools and the furnishing of a place to work to the individual who performs the services. In general, if an individual is subject to the control or direction of another merely as to the result to be accomplished by the work and not as to the means and methods for accomplishing the result, he is an independent contractor. An individual performing services as an independent contractor is not an employee as to such services. Physicians, lawyers, architects, contractors and others who follow an independent trade, business or profession in which they offer their services to the public are generally independent contractors and not employees. Whether the relationship of employer-employee exists will be determined upon an examination of the particular facts of each case.

If the relationship of employer and employee exists the designation or description of the relationship by the parties as anything other than that of employer and employee is immaterial. If such relationship exists, it is of no consequence that the employee is designated as a partner, co-adventurer, agent or independent contractor. The measurement, method, or designation of compensation is immaterial if the relationship of employer and employee thus in fact exists.

An officer of a corporation is an employee of the corporation but a director as such is not. A director may be an employee of the corporation, however, if he performs services for the corporation other than those required by attendance at and participation in meetings of the board of directors.

§ 809.977f *Executive employees.*

§ 1002.3 *Executive employees.* An individual "employed in a bona fide executive capacity" means any employee:

(a) Whose primary duty consists of the management of the establishment in which he is employed or of a customarily recognized department or subdivision thereof, and

(b) Who customarily and regularly directs the work of other employees, and

(c) Who has the authority to hire or fire other employees or whose suggestions and recommendations as to the hiring or firing and as to the advancement and promotion or any change of status of other employees will be given particular weight, and

(d) Who customarily and regularly exercises discretionary powers, and

(e) Who is compensated for his services on a salary basis at not less than $30 per week (exclusive of board, lodging, or other facilities), and

(f) Whose hours of work of the same nature as that performed by employees not employed in an executive, administrative or professional capacity do not exceed 20 percent of the total number of hours worked in the workweek by the employees under his direction; provided that this paragraph (f) shall not apply in the case of an employee who is in sole charge of an independent establishment or a physically separated branch establishment.

§ 809.977g *Administrative employees.*

§ 1002.4 *Administrative employees.* An individual "employed in a bona fide administrative capacity" means any employee:

(a) Who is compensated for his services on a salary or fee basis at a rate of not less than $200 per month (exclusive of board, lodging, or other facilities), and

(b) (1) Who regularly and directly assists an employee in a bona fide executive or administrative capacity (as such terms are defined in these regulations), where such assistance is nonmanual in nature and requires the exercise of discretion and independent judgment; or

(2) Who performs under only general supervision, responsible nonmanual office or field work, directly related to management policies or general business operations, along specialized or technical lines requiring special training, experience, or knowledge, and which requires the exercise of discretion and independent judgment; or

(3) Whose work involves the execution under only general supervision of special nonmanual assignments and tasks directly related to management policies or general business operations involving the exercise of discretion and independent judgment; or

(4) Who is engaged in transporting goods or passengers for hire and who performs, under only general supervision, responsible outside work of a specialized or technical nature requiring special training, experience, or knowledge, and whose duties require the exercise of discretion and independent judgment.

§ 809.977h *Professional employees.*

§ 1002.5 *Professional employees.* Any individual "employed in a bona fide professional capacity" means any employee who is:

(a) Engaged in work:

(1) Predominantly intellectual and varied in character as opposed to routine mental, manual, mechanical, or physical work, and

(2) Requiring the consistent exercise of discretion and judgment in its performance, and

(3) Of such a character that the output produced or the result accomplished cannot

under the terms of a contract or agreement, express or implied, or in conformity with cus-

salary otherwise received annually by such employees).

agencies of the Federal Government for the following purposes:

(1) Determining costs or expenses of any

case of promotions, reclassifications, merit increases, incentive wages, or the like, provided that such adjustments do not increase

October 3, 1942, and if computed at not in excess of the straight time rate for the normal (unextended) work week.

Except as may be otherwise provided from

(3) Of such a character that the output produced or the result accomplished cannot be standardized in relation to a given period of time, and

(4) Whose hours of work of the same nature as that performed by employees not employed in an executive, administrative or professional capacity do not exceed 20 percent of the hours worked in the workweek by such employees: *Provided*, That where such nonprofessional work is an essential part of and necessarily incident to work of a professional nature, this subparagraph (4) shall not apply, and

(5) (i) Requiring knowledge of an advanced type in a field of science or learning customarily acquired by a prolonged course of specialized intellectual instruction and study, as distinguished from a general academic education and from an apprenticeship, and from training in the performance of routine mental, manual, or physical processes; or

(ii) Predominantly original and creative in character in a recognized field of artistic endeavor as opposed to work which can be produced by a person endowed with general manual or intellectual ability and training, and the result of which depends primarily on the invention, imagination, or talent of the employee, and

(b) Compensated for his services on a salary or fee basis at a rate of not less than $200 per month (exclusive of board, lodging, or other facilities): *Provided*, That this paragraph (b) shall not apply in the case of an employee who is the holder of a valid license or certificate permitting the practice of law or medicine or any of their branches and who is actually engaged in the practice thereof.

§ 809.977l *Salary payments.*

§ 1002.6 *Salary payments.* The terms "salary" and "salary payment" mean only such salaries over which the Commissioner has jurisdiction. (See § 1002.10 of these regulations.) These terms are not used in any restricted, narrow or technical sense, but encompass all forms of direct or indirect compensation for personal services of an employee which is computed on a weekly, monthly, annual or other basis, other than wages (as defined in the General Regulations and in orders or rulings of the Board). Bonuses, gifts, loans, commissions, fees, additional compensation and any other remuneration in any form or medium whatsoever are considered as falling within the concept of "salary" or "salary payment". Any compensation which is not regarded as wages in the commonly accepted sense of the term is salary notwithstanding that it may be computed on an hourly, daily or piece-work basis.

Retainer fees paid to an individual not otherwise an employee are not to be considered as salary. (See § 1002.8 re insurance and pension benefits.)

Although the terms "salary" and "salary payment" do not include any compensation other than for personal services of an employee, the Commissioner is not precluded from determining, after investigation, that amounts denominated, for example, as rents or royalties are in fact salary payments subject to the controls set forth in these regulations.

All amounts paid to, authorized to be paid to, or accrued to the account of any employee during a calendar year for services rendered or to be rendered are to be included as salary for such year.

§ 809.977j *Salary rate.*

§ 1002.7 *Salary rate.* The term "salary rate" means that rate or aggregate of rates or other basis at which the salary for any particular work or service is computed, either under the terms of a contract or agreement, express or implied, or in conformity with custom or usage existing in the employer's business establishment. For treatment of commissions and bonuses on a percentage basis see § 1002.14.

§ 809.977k *Insurance and pension benefits.*

§ 1002.8 *Insurance and pension benefits.* Compensation may include insurance and pension benefits. In determining the amount of salary of an employee, the insurance or pension benefit inuring to such employee is not measured by what he will be entitled to receive after the happening of certain contingencies, but rather in terms of the amount of contributions or premiums paid by the employer. To the extent that an insurance and pension benefit inuring to an employee is reasonable in amount, such benefit is not considered as salary as defined in § 1002.6.

Contributions by an employer to an employee's retirement plan, which plan meets the exemption requirements of section 165 (a) of the Code (as of the date the contributions are made), shall be considered as reasonable regardless of the amount of such contributions: *Provided, however*, That contributions by an employer to a stock bonus or profit-sharing plan meeting the requirements of such section 165 (a) providing benefits distributable other than on the death, retirement, sickness, or disability of the employee shall be treated as salary. On the other hand, contributions by an employer to an employee's pension trust which is subject to Federal income taxation or which does not meet the requirements of such section 165 (a) shall be treated, for purposes of these regulations, as salary.

Amounts paid by an employer on account of insurance premiums on a policy on the life of an employee, the beneficiaries of which are designated by the employees, to the extent that they do not exceed five percent of the employee's annual salary determined without the inclusion of insurance and pension benefits and without the inclusion of bonus and additional compensation, are not considered as salary. The type of insurance on the life of the employee referred to in this section is the ordinary or whole life policy which does not provide for a cash surrender or loan value, or both, amounting to a large percentage of the premiums paid. For example, premiums on endowment policies, single premium life insurance policies, fixed payment life insurance policies, and other similar policies shall be considered salary. The payment of insurance premiums on ordinary or whole life policies referred to in the preceding sentence must be for the benefit of more than a small number of selected individuals.

For example: An employer having ten salaried employees takes out life insurance policies on each of such employees in favor of beneficiaries designated by them. The premiums paid for five of the employees are in each instance seven per cent of the employees' annual salary (exclusive of insurance and pension benefits). As to the remaining five employees the premiums in each instance are five per cent of the employee's annual salary (exclusive of insurance and pension benefits). As to the first five employees, two per cent of the premiums in each instance would be considered as salary, whereas no part of the premiums will be considered as salary in the case of the second group of employees.

Premiums paid by an employer on policies of group life insurance without cash surrender value covering the lives of his employees, or on policies of group health or accident insurance, the beneficiaries of which are designated by such employees do not constitute salary (regardless of the amount of salary otherwise received annually by such employees).

§ 809.977l *Approval by Commissioner.*

§ 1002.9 *Approval by Commissioner.* Wherever the terms "approval by the Commissioner" and "determination by the Commissioner" are used in these regulations they shall, except as otherwise provided, include an approval or determination by a regional officer of the Salary Stabilization Unit established by the Commissioner under Treasury Decision 5176, which officer is authorized to make such determination. If an approval or determination made by such regional officer is subsequently modified or reversed by the Commissioner, such approval or determination shall be deemed to have been continuously in effect from its original date until the first day of the pay-roll period following reversal or modification, or until such later date as the Commissioner may provide in his ruling.

To illustrate, an employer obtains the approval of a regional officer of the Salary Stabilization Unit that a proposed increase in certain salaries is permissible. The approval is given on January 2, 1943, and the salary increase is to become effective January 15, 1943. On March 15, 1943, the Commissioner determines that the salary increase was not proper and reverses the approval given by the regional officer. The Commissioner provides in his ruling that the increase in salary shall be discontinued after March 31, 1943. For purposes of these regulations, no part of the salary for the period between January 15 and March 31 shall be considered to have been in contravention of the act.

§ 809.977m *Amount of salary payment.*

§ 1002.10 *Amount of salary payment.* The General Regulations, provide that the Commissioner, except as otherwise provided in Executive Order 9299 of February 4, 1943, prescribing regulations and procedure with respect to wage and salary adjustments for employees subject to the Railway Labor Act shall have authority to determine, under regulations to be prescribed by the Commissioner with the approval of the Secretary of the Treasury, whether salary payments are made in contravention of the act. The Commissioner's jurisdiction is confined to cases where the rate at which the salary, exclusive of bonuses and additional compensation and without regard to the contemplated adjustment, computed on an annual basis is:

(a) In excess of $5,000.00 per annum, in the case of individuals employed in any capacity whatsoever; and

(b) $5,000.00 or less per annum in the case of individuals (1) who are employed in bona fide executive, administrative, or professional capacities and (2) who in their relations with their employer are not represented by duly recognized or certified labor organizations and (3) whose services are not within the meaning of "agricultural labor" as defined in paragraph (l) of § 4001.1 of the General Regulations.

Other salary payments are subject either to the jurisdiction of the Board or the War Food Administrator, as prescribed in the General Regulations. If, for example, the rate of salary, exclusive of bonuses and additional compensation, is to be increased from $4,500.00 per annum to $5,200.00 per annum (and subparagraph (2) is inapplicable), approval of such increase, if required, must be obtained from the Board.

§ 809.977n *Conclusiveness of determination.*

§ 1002.11 *Conclusiveness of determinations.* (a) Any determination by the Commissioner that a salary payment is in contravention of the Act is conclusive in every respect upon all executive departments and agencies of the Federal Government for the following purposes:

(1) Determining costs or expenses of any employer for the purpose of any law or regulation, either heretofore or hereafter enacted or promulgated, including the Emergency Price Control Act of 1942, or any maximum price regulation thereunder;

(2) Calculating deductions under the revenue laws of the United States; or

(3) Determining costs or expenses under any contract made by or on behalf of the United States.

(b) Any such determination of the Commissioner is final and not subject to review by The Tax Court of the United States or by any court in any civil proceedings. Nothing herein is intended, however, to deny the right of any employer or employee to contest in The Tax Court of the United States or in any court of competent jurisdiction the validity of:

(1) Any provision of these regulations, on the ground such provision is not authorized by law, or

(2) Any action taken or determination made under these regulations, on the ground that such action or determination is not authorized, or has not been taken or made in a manner required, by law.

§ 809.977o *Geographical scope.*

§ 1002.12 *Geographical scope.* The provisions of these regulations shall not apply to salaries in any Territory or possession of the United States, except Alaska and Hawaii.

§ 809.977p *Commissioner's approval required.*

§ 1002.13 *Commissioner's approval required.* Section 1 of the act provides in effect that salaries, so far as practicable, shall be stabilized at the levels which existed on September 15, 1942. In the case of a salary rate of $5,000 or less per annum existing on October 27, 1942, or established thereafter in compliance with these regulations, and in the case of a salary rate of more than $5,000 per annum existing on October 3, 1942, or established thereafter in compliance with these regulations, no increase shall be made by the employer, except as provided in section 1002.14, without prior approval of such increase by the Commissioner. Any salary increase made before the required approval of the Commissioner is obtained is from the date of such increase in contravention of the act. (See §§ 1002.28 and 1002.29 for the consequences of a salary payment made in contravention of the act.) The Commissioner may, however, approve an increase in salary rate to be effective as of the date of the application for approval.

The burden of justifying an increase in salary rate shall in every instance be upon the employer seeking to make such increase. Increases in salary rates will not be approved except in the following cases:

(1) Such increases as are clearly necessary to correct substandards of living.

(2) Such adjustments as may be deemed appropriate by the Commissioner and have not heretofore been made to compensate in accordance with the Little Steel formula as heretofore defined by the Board, for the rise in the cost of living between January 1, 1941, and May 1, 1942.

(3) Salary revisions clearly necessary to adjust salaries up to the minimum of the tested and growing rates paid for the same work in the same or most nearly comparable plants or establishments in the same labor market, except in rare and unusual cases, in which the critical needs of war production require the setting of a salary at some point above the minimum of the going salary bracket.

(4) Reasonable adjustments may be made with the approval of the Commissioner in case of promotions, reclassifications, merit increases, incentive wages, or the like, provided that such adjustments do not increase the level of production cost appreciably or furnish the basis either to increase prices or to resist otherwise justifiable reduction in prices.

In connection with the approval of wage and salary adjustments necessary to eliminate substandards of living or to give effect to the Little Steel formula or in connection with the adoption of a longer work week, salary adjustments may be approved for workers in immediately interrelated job classifications to the extent required to keep the minimum differentials between immediately interrelated job classifications necessary for the maintenance of production efficiency. Such adjustments are to be tapered off rigorously in application to higher job classifications so as to apply only to the extent necessary for productive efficiency in the interrelated job classifications.

A promise made by an employer to his employees prior to October 3, 1942, that salaries would be increased in the future is generally to be ignored in determining whether an increase after that date should be approved. The same rule is applicable with respect to a promise made by an employer prior to October 27, 1942, in the case of employees whose salary rates are $5000.00 or less per annum.

An employer who has established a new job classification, or who has begun business, after October 3, 1942, must obtain approval of the Commissioner for the payment of salaries for such job classification or in such new business: *Provided, however*, That if the salary rates in question are not in excess of the minimum of those prevailing for similar job classifications within his own organization or if no such rates are available, then within the local area on September 15, 1942, the approval of the Commissioner is not required. An increase in a salary rate for a job classification established after October 3, 1942, shall be subject to the limitations provided in this subpart.

A mere change in the name, organization, or financial structure of an employer, whether such employer be an individual, partnership or corporation, will not in itself be sufficient for a finding that, for the purposes of these regulations, a new business has been begun or new job classifications established after such change.

Any change in a salary rate, regardless of its effective date, which results from an award or decision of an arbitrator or referee made after October 3, 1942, in the case of salaries of more than $5,000 per annum, and after October 27, 1942 in the case of salaries of $5,000 or less per annum, is subject to the provisions of these regulations notwithstanding that the agreement or order for arbitration or reference was made on or before October 3, 1942 or October 27, 1942, as the case may be.

Unless otherwise expressly exempted, any change in a salary rate, provided for in any agreement existing as of October 3, 1942 in the case of salaries of more than $5,000 per annum, or as of October 27, 1942 in the case of salaries of $5,000 or less per annum, which is to take effect at some future date or on the happening of some future event, is subject to the provisions of these regulations regardless of when the agreement was made.

Payment for overtime will constitute an increase in salary rate and thus will require the approval of the Commissioner, unless the customary practice of the employer has been to pay for overtime and the rate and scheduled number of overtime hours of work have not been changed. Pay in lieu of vacations to employees receiving in excess of $7,500.00 a year does not require the prior approval of the Commissioner if computed in accordance with a vacation policy established prior to October 3, 1942, and if computed at not in excess of the straight time rate for the normal (unextended) work week.

Except as may be otherwise provided from time to time by the Commissioner, an application for the approval of a salary increase shall be filed by the employer with the regional office of the Salary Stabilization Unit of the Bureau of Internal Revenue in whose territorial jurisdiction the main office or principal place of business of the employer is located. Such application shall be filed on forms prescribed by the Commissioner and shall contain such information as may be required by the Commissioner.

(a) Where an employer has numerous employees on a weekly salary basis and who receive stipulated salaries for a week comprised of 48 hours of work, without provision for overtime compensation, approval by Commissioner of Internal Revenue is required to increase weekly salaries on a pro rata hourly basis for all hours worked in excess of 48. Likewise, approval of the Commissioner is required to effect a pro rata hourly reduction of the weekly salaries under the same circumstances (letter of Commissioner of Internal Revenue dated December 22, 1942).

(b) Where an employer has numerous employees who receive stipulated salaries per week of 40 hours of work with provision for time and one-half compensation for all hours worked in excess of 40 per week, approval of Commissioner of Internal Revenue is required to increase the base weekly salary for 40 hours of work but not for pro rata overtime (letter of Commissioner of Internal Revenue dated December 22, 1942).

§ 809.977q *Commissioner's approval not required.*

§ 1002.14 *Commissioner's approval not required.* The Commissioner's approval is not required where a reasonable increase in the rate at which the salary, exclusive of bonuses and additional compensation, is computed, is made both in accordance with the terms of a salary agreement or salary rate schedule in effect on October 3, 1942, or approved thereafter by the Commissioner, and is a result of:

(1) Individual promotions or reclassifications,

(2) Individual merit increases within established salary rate ranges,

(3) Operation of an established plan of salary increases based on length of service within established salary rate ranges,

(4) Increased productivity under incentive plans,

(5) Operation of a trainee system, or

(6) Such other reasons or circumstances as may be prescribed in rulings or regulations promulgated by the Commissioner from time to time.

For purposes of this section, the term "salary plan" or "salary rate schedule" may include a salary policy in effect on October 3, 1942, even though not evidenced by written contracts or written rate schedules. For example, a salary policy may be determined from previous payroll records or other payroll data. The existence of such policy, however, must be established to the satisfaction of the Commissioner, and the burden of proof rests upon the employer. In such cases, the employer in advance of making an increase in salary rate may reduce the salary policy to writing and secure approval thereof by the Commissioner. Top salary rate of a given job classification shall not be increased, without approval, to a salary in excess of a maximum salary paid for the given job classification for a period of years prior to October 3, 1942. Promotions and reclassifications for the purposes of this section comprehend only

mum salary paid for the given job classification for a period of years prior to October 3, 1942. Promotions and reclassifications for the purposes of this section comprehend only ness after October 27, 1942. Consequently, any general increase in salaries over and above those paid by the M Corporation requires the prior approval of the Commis-

(ii) 10 per cent if the total compensation for the year 1941 was over $2,400 but not over $4,000, (iii) five per cent if the total

(e) The term "person" has the same meaning as when used in the Code.

of employer and employee thus in fact exists.

and

tion is not less than the highest salary rate existing for that position during the same period.

(3) An employee has been relieved of sub-

§ 809.977aa *Limitation on 1942 salaries (§ 1002.24).*

(The section formerly appearing at this section was rescinded by section 4 (b), act of April 11, 1942,

amount of salary to be disregarded for purposes of paragraph (a) of this section is the total amount paid at the weekly rate of $150. Also, if, for example, on February 1, 1943, a weekly salary rate of $100 is increased to $150

mum salary paid for the given job classification for a period of years prior to October 3, 1942. Promotions and reclassifications for the purposes of this section comprehend only cases involving materially increased responsibilities or a substantial change in the nature of the work performed. Merit increases within a given salary range and increases based upon length of service shall not exceed in frequency or in maximum amount the frequency or maximum amount given in such positions in that salary range during normal periods as established by the employer's records or for a period of years to October 3, 1942, and there shall be no substantial increase in the average salary in any given salary range.

Except as provided in the following sentence, a bonus or other form of additional compensation which does not exceed in amount the bonus or other additional compensation to such employee for the last bonus year ending before October 3, 1942, does not require approval by the Commissioners, provided the employee has not been allowed or received an adjustment in his salary rate since October 3, 1942, or October 27, 1942, as the case may be. A bonus regularly paid based upon a fixed percentage of salary (exclusive of bonuses and additional compensation) where the percentage has not been changed does not require approval by the Commissioner even though the amount may be increased due to an increase in salary (exclusive of bonuses and additional compensation) authorized under these regulations. Any other bonus or other form of additional compensation requires approval by the Commissioner.

The term "last bonus year" ending before October 3, 1942, means the employer's last accounting year, calendar or fiscal, ending prior to that date. For example, an employer operating on a fiscal year ending on August 31, would have as his last bonus year prior to October 3, 1942, the fiscal year ending August 31, 1942.

With respect to the limitation on the effect of increases made under this section, see § 1002.14 (a).

The provisions of this section may be illustrated as follows:

(1) The X Corporation began business in 1940. As of July 1, 1942, pursuant to a corporate resolution duly passed in January 1942, all of its salaried employees received more than $5,000 per annum. No approval of the Commissioner is required to increase the salary of an employee who is promoted in November 1942 from a salesman to general manager and who receives a salary within the salary range paid previously to individuals occupying the position of general manager.

(2) The X Corporation in December 1942 wishes to establish a new salary rate schedule raising the level of compensation of all its salaried employees. Approval by the Commissioner of such schedule is required. Assuming that such approval has been obtained, further approval by the Commissioner of any adjustment under such schedule coming within this section is not required.

(3) The Y Corporation begins business on November 1, 1942. The salaries paid by it to its employees are commensurate with salaries paid by other employers in comparable businesses in the same local area. Payment of such salaries does not require the approval of the Commissioner. Any increase in salary rates, however, requires the approval of the Commissioner.

(4) The M Corporation, which has manufactured furniture since 1925, is reorganized in November 1942 and emerges from the reorganization proceedings as the N Corporation. There is no change in the nature of the business although there is a substantial alteration in the financial structure of the company. The N Corporation is not to be treated as a new employer beginning business after October 27, 1942. Consequently, any general increase in salaries over and above those paid by the M Corporation requires the prior approval of the Commissioner.

(5) Employees of the Z Corporation have customarily received a bonus of 5 percent of their annual salary at the end of each calendar year. If, for example, one of the employees received $6,000 in 1941 but received salary of $7,000 in 1942 due to a salary increase on July 1, 1942, a bonus of $350 may be paid to him for 1942 without prior approval of the Commissioner, notwithstanding that his bonus for 1941 was only $300.

(a) *Bonuses.* On November 14, 1943, the Commissioner of Internal Revenue issued a statement to guide employers in determining what bonus payments may be made to employees under his jurisdiction without formal application for approval under the salary stabilization program. Subject to certain limitations, the general effect of the Commissioner's statement was to enable employers to pay bonuses without obtaining prior approval if the bonuses do not exceed amounts paid the 1941–1942 period.

While the statement outlined the conditions under which bonus payments may be made without prior approval, the Commissioner explained that other types of bonuses may also be paid, if submitted to him for approval and receive his approval. The purpose of the statement was to advise employers that no application for approval is necessary to pay bonuses for the bonus year 1943 or subsequent years, if such bonuses meet any one of the following conditions:

(1) If the employee's base salary has not been increased since October 3, 1942 (in the case of salaries of more than $5,000 per annum), or October 27, 1942 (in the case of salaries of $5,000 or less per annum), as the case may be, he may be paid a bonus which does not exceed the higher of the following amounts:

(i) The dollar amount paid for the employer's last accounting year ended prior to October 3, 1942, or

(ii) The dollar amount of a bonus authorized under the Salary Stabilization regulations for the employer's first accounting year ending after October 3, 1942, provided the bonus does not exceed 50 per cent of the base salary.

(2) If the employee's base salary has been increased since October 3, 1942, he may be paid a bonus not to exceed the same dollar amount of bonus paid him for the employer's first accounting year ending after October 3, 1942, provided the bonus does not exceed 20 per cent of his present base salary.

(3) If the employee has been paid regularly, in accordance with an established policy of the employer, a bonus based on a percentage of base salary, such bonus payment may be made, regardless of dollar amount, provided the percentage has not been changed since October 3, 1942, or October 2, 1942, as the case may be.

(4) An employee may also be paid a bonus which, together with all other compensation for personal services, does not increase his total compensation for the current year over the total earned in the calendar year 1941 by more than

(i) 15 per cent if the total compensation for the year 1941 was $2,400 or less, (ii) 10 per cent if the total compensation for the year 1941 was over $2,400 but not over $4,000, (iii) five per cent if the total compensation for the year 1941 was over $4,000 but not over $7,500.

Base salary for purposes of the statement means salary exclusive of bonuses and other forms of additional compensation.

(b) The salary schedules for nonmanual employees contained in Construction Contract Board Form 5 used by the Office of the Chief of Engineers have been ruled by the Commissioner of Internal Revenue to be salary rate schedules within the meaning of § 1002.14 of the regulations and salary increases and promotions within the limits of these schedules may be made without prior approval of the Commissioner, for employees who come within the jurisdiction of the Commissioner. Prior approval, however, must be obtained in any case where salary increases are made beyond the limits set forth in such schedules (letter of Commissioner of Internal Revenue dated December 22, 1942).

(c) *Limitation on effect of increase.*

§ 1002.14 *Commissioner's approval not required.* • • •

(a) *Limitation on effect of increase.* No increase in salary rate, whether made with the approval of the Commissioner or not requiring his approval, shall increase the level of production costs appreciably or furnish the basis either to increase prices or to resist otherwise justifiable reductions in prices or furnish the basis for further wage or salary increases.

§ 809.977r *Salaries under $5,000.*

§ 1002.15 *Salaries under $5,000.* In the case of a salary rate existing as of the close of October 3, 1942, or established thereafter in compliance with these regulations, under which an employee is paid a salary of less than $5,000 per annum for any particular work, the general rule is that no decrease can be made by the employer in such salary rate below the highest salary rate paid for such work in the local area between January 1, 1942 and September 15, 1942. A decrease is permitted, however, with the approval of the Commissioner, in order to correct a gross inequity in any case or to aid in the effective prosecution of the war. Where such decrease is permitted the salary rate may be reduced below the highest salary rate paid for the work in question between January 1, 1942 and September 15, 1942. Except as otherwise provided in this section, any decrease in such salary rate after October 3, 1942 shall be considered in contravention of the Act if it is made prior to the approval thereof by the Commissioner.

Except as may be otherwise provided from time to time by the Commissioner, an application for approval of any salary decrease shall be filed in the same manner as in the case of an application for approval of a salary increase. See § 1002.13 of these regulations.

The Commissioner's approval is not required, for example, in the following cases where salary decreases are made after October 3, 1942:

(1) The new salary rate does not fall below the highest salary rate existing between January 1, 1942 and September 15, 1942 for the particular work in question or for the same or comparable work in the local area.

(2) An employee has been demoted to a lower position than that filled by him between January 1, 1942 and September 15, 1942 and the salary rate for such lower position is not less than the highest salary rate existing for that position during the same period.

(3) An employee has been relieved of substantial duties and responsibilities.

A disparity between salaries paid by a particular employer and those paid by employers generally in the local area does not necessarily constitute justification for decrease in salary rates paid by such employer. The words "for any particular work" in the first sentence of this section refers to the particular work of the particular employee and not to a particular type of work.

§ 809.977s *Salaries over $5,000.*

§ 1002.16 *Salaries over $5,000.* In the case of a salary rate existing as of the close of October 3, 1942, or established thereafter in compliance with these regulations, under which an employee is paid a salary of more than $5,000 per annum, the employer is permitted to make, without approval by the Commissioner, a decrease to a rate not less than $5,000 per annum. If, however, by virtue of a decrease the new salary paid to the employee is less than $5,000 per annum, then the decrease below $5,000 per annum is subject to the limitations of § 1002.15 of these regulations. To the extent that prior approval by the Commissioner of a decrease is not required under § 1002.15 or this section, such decrease shall not be considered as being in contravention of the act.

§ 809.977t *State and local employees.*

§ 1002.17 *State and local employees.* An adjustment in salaries (not fixed by statute, see § 1002.32) may be made by a State, or any political subdivision thereof, the District of Columbia, or any agency or instrumentality of any of the foregoing in all cases where such adjustment is of the type referred to in § 1002.13. Any such adjustment will be deemed to have received the approval of the Commissioner.

§ 809.977u *Basic allowance* (§ *1002.18*) (The section formerly appearing at this section was rescinded by section 4 (b), act of April 11, 1943, Public Law 34, 78th Congress. See footnote to § 809.975 (a) (7).)

§ 809.977v *Charitable contributions* (§ *1002.19*). (The section formerly appearing at this section was rescinded by section 4 (b), act of April 11, 1943, Public Law 34, 78th Congress. See footnote to § 809.975 (a) (7).)

§ 809.977w *Insurance premiums* (§ *1002.20*). (The section formerly appearing at this section was rescinded by section 4 (b), act of April 11, 1943, Public Law 34, 78th Congress. See footnote to § 809.975 (a) (7).)

§ 809.977x *Fixed obligations* (§ *1002.21*). (The section formerly appearing at this section was rescinded by section 4 (b), act of April 11, 1943, Public Law 34, 78th Congress. See footnote to § 809.975 (a) (7).)

§ 809.977y *Federal taxes* (§ *1002.22*). (The section formerly appearing at this section was rescinded by section 4 (b), act of April 11, 1943, Public Law 34, 78th Congress. See footnote to § 809.975 (a) (7).)

§ 809.977z *Multiple employers* (§ *1002.23*). (The section formerly appearing at this section was rescinded by section 4 (b), act of April 11, 1943, Public Law 34, 78th Congress. See footnote to § 809.975 (a) (7).)

§ 809.977aa *Limitation on 1942 salaries* (§ *1002.24*). (The section formerly appearing at this section was rescinded by section 4 (b), act of April 11, 1942, Public Law 34, 78th Congress. See footnote to § 809.975 (a) (7).)

§ 809.977bb *Community property* (§ *1002.25*). (The section formerly appearing at this section was rescinded by section 4 (b), act of April 11, 1942, Public Law 34, 78th Congress. See footnote to § 809.975 (a) (7).)

§ 809.977cc *Taxable year.*

§ 1002.26 *Taxable year.* For purposes of Subparts F and G of these regulations, the term "taxable year" of an employee shall mean the calendar year during which the salary in question is paid or authorized to be paid to or accrued to the account of such employee or received by him. This rule is applicable regardless of whether the employer or employee, or both, file Federal income tax returns for a fiscal year or report income, for Federal income tax purposes, on an accrual basis or on the cash receipts and disbursements basis.

§ 809.977dd *Effective date* (§*1002.27*). (The section formerly appearing at this paragraph was rescinded by section 4 (b), act of April 11, 1942, Public Law 34, 78th Congress. See footnote to § 809.975 (a) (7).)

§ 809.977ee *Amounts disregarded.*

§ 1002.28 *Amounts disregarded.* (a) Section 5 (a) of the act provides in effect that the President shall prescribe the extent to which any salary payment made in contravention of regulations promulgated under the act shall be disregarded by executive departments and other governmental agencies in determining the costs or expenses of any employer for the purposes of any other law or regulation. In any case where a salary payment is determined by the Commissioner to have been made in contravention of the act, the entire amount of such payment is to be disregarded by all executive departments and all other agencies of the Federal Government for the purposes of:

(1) Determining costs or expenses of any employer for the purpose of any law or regulation, either heretofore or hereafter enacted or promulgated, including the Emergency Price Control Act of 1942, or any maximum price regulation thereof;

(2) Calculating deductions under the revenue laws of the United States; or

(3) Determining costs or expenses under any contract made by or on behalf of the United States.

A payment in contravention of the act may be disregarded for more than one of the foregoing purposes.

(b) In the case of salaries decreased in contravention of the act, the amount to be disregarded, as required by paragraph (a) of this section, is the amount of the salary actually paid or accrued by the employer at the reduced rate. Thus, if, for example, on November 1, 1942, a weekly salary rate of $100 has been unjustifiably reduced to $50 for the remainder of the calendar year 1942, the amount to be disregarded under paragraph (a) of this section is the total amount of salary paid at the weekly rate of $50.

(c) In the case of salaries increased in contravention of the act, the amount to be disregarded, as required by paragraph (a) of this section, is the amount of the salary actually paid or accrued by the employer at the increased rate and not merely an amount representing an increase in such salary. Thus, if, for example, on November 1, 1942, a weekly salary rate of $100 is unjustifiably increased to $150 for the remainder of 1942, then the amount of salary to be disregarded for purposes of paragraph (a) of this section is the total amount paid at the weekly rate of $150. Also, if, for example, on February 1, 1943, a weekly salary rate of $100 is increased to $150 without prior required approval, but is restored to $100 on June 1, 1943 after formal disapproval by the Commissioner or regional officer, then the amount of salary to be disregarded for purposes of paragraph (a) of this section is the total amount at the weekly rate of $150. Neither in the cases described in this paragraph nor in the case described in paragraph (b) of this section are the total amounts paid at the weekly rate of $100 to be disregarded for purposes of paragraph (a) of this section. (See § 1002.30 relating to salary allowances under section 23 (a) of the Code.)

§ 809.977 ff *Criminal penalties.*

§ 1002.29 *Criminal penalties.* Section 5 (a) of the act provides in substance that no employer shall pay, and no employee shall receive, any salaries in contravention of the regulations promulgated by the President under the act. Section 11 of the act provides that any person, whether an employer or employee, who wilfully violates any provision of the act or of any regulations promulgated thereunder, shall be subject, upon conviction, to a fine of not more than $1,000, or to imprisonment for not more than one year, or to both such fine and imprisonment.

§ 809.977 gg *Salary allowances under Code.*

§ 1002.30 *Salary allowances under Code.* Under section 23 (a) of the Code reasonable allowances for salaries are allowed as deductions in computing net income. The tests which determine whether an allowance for salaries paid or accrued is reasonable within the meaning of section 23 (a) of the Code are in nowise suspended by any provision of these regulations. An employer may be exempt from the operation of these regulations yet be denied deductions for purposes of section 23 (a) of the Code with respect to the salaries paid or accrued by him.

§ 809.977 hh *Exempt employers.*

§ 1002.31 *Exempt employers.* The provisions of these regulations shall not apply in the case of an employer who employs eight or less individuals in a single business. An employer is subject to the provisions of these regulations if at the time a salary increase is to take effect he has in his employ more than eight individuals in a single business. It is not necessary that each employee be paid a salary provided all the individuals employed receive compensation for their personal services. If it is subsequently determined that the number of employees has been temporarily reduced by the employer, or that the employer has utilized any other improper device, for the sole purpose of claiming the exemption provided in the General Regulations and these regulations, then such exemption shall be deemed to have been improperly obtained and of no force or effect.

An employer may be exempt under this section notwithstanding that shortly after the effective date of a salary increase he enlarges his personnel in good faith to more than eight employees. Any further adjustment in salary will then be subject to the provisions of these regulations.

§ 809.977 ii *Statutory salaries.*

§ 1002.32 *Statutory salaries.* The provisions of these regulations are applicable in every respect to any salary paid by the United States, any State, Territory, or possession or political subdivision thereof, the District of Columbia, or any agency or instrumentality of any one or more of the foregoing, except where the amount of such salary is fixed by statute. The term "statute" for purposes of

this section does not include a municipal ordinance or resolution enacted by a governmental unit inferior to a State, Territory, or possession. Salaries covered by the Federal Classification Act of 1933, as amended, are excluded from the operation of these regulations. Likewise, salaries, for example, of public school teachers which are paid under salary schedules fixed by a state legislature and providing for mandatory increments are excluded from the operation of these regulations. See § 1002.17.

§ 809.977jj *Services in foreign countries.*

§ 1002.33 *Services in foreign countries.* The provisions of these regulations shall not be applicable in the case of any individual employer, resident in the United States or any Territory or possession thereof, or of a corporate employer organized under the laws of the United States or any State, Territory or possession, with respect to salaries paid by such employers to employees for services rendered exclusively in foreign countries.

§ 809.977kk *Foreign employers.*

§ 1002.34 *Foreign employers.* The provisions of these regulations shall not be applicable in the case of nonresident foreign employers except that if any salary is paid to an employee residing in the United States payment of such salary is subject to all the provisions of these regulations.

§ 809.977ll *Functions and jurisdictions of the Salary Stabilization Unit and its regional offices.* On January 19, 1943 the Commissioner of Internal Revenue issued seventeen procedural regulations relating to the functions and jurisdictions of the Salary Stabilization Unit and its Regional Offices. These regulations are set forth in the succeeding paragraphs which are designated (a) to (o).

(a) *Duties of Deputy Commissioner.*

1. *Duties of Deputy Commissioner.* The Deputy Commissioner, Salary Stabilization Unit, will exclusively represent the Commissioner in administering those provisions of the Executive Order of October 3, 1942 (No. 9250) and the Director's and Commissioner's regulations issued thereunder which relate to the stabilization and limitation of salaries in excess of $5,000 per annum, and of salaries not in excess of $5,000 per annum paid to executive, administrative, and professional employees not represented by a recognized labor organization.

(b) *Regional offices.* See § 809.977c (a) for list of the regional offices of the Salary Stabilization Unit, their addresses and jurisdictions.

(c) *Regional officers and employees.*

3. *Regional officers and employees.* Each salary stabilization office will be under the immediate supervision of a head, who will perform his duties under the direction of the Deputy Commissioner, and will represent the Commissioner and Deputy Commissioner in administering, within the territory assigned to his office, the above-specified provisions of Executive Order 9250 and the regulations issued thereunder. Each salary stabilization office may also have an assistant head, a counsel, and such number of conferees, clerks, and other employees as the Deputy Commissioner may from time to time find necessary.

(d) *Applications for approval of salary adjustments.*

4. *Applications for approval of salary adjustments.* (a) Except as provided in subparagraphs (b) and (c) hereof, every application under §§ 1002.13, 1002.15, or 1002.16 of the Salary Stabilization Regulations[1] for approval of an increase or decrease in a salary rate within the Commissioner's jurisdiction, shall be submitted by the employer on Form SSU 1 in triplicate, or in any alternative manner authorized by the instructions on that form, to the head of the regional office serving the area within which the employer's principal office or place of business is located, and shall be within that officer's jurisdiction; but jurisdiction of any such application may, by direction of the Deputy Commissioner, be transferred to any other regional office. If under exceptional circumstances he deems it necessary in the interest of efficient administration, the Deputy Commissioner may also assume original jurisdiction of any application.

(b) If the Commissioner has delegated to any other officer or agency his authority to approve or disapprove adjustments in the salaries of employees of any class or group, applications for approval of such adjustments shall be made to the officer or agency to whom such authority has been delegated, in the form and manner prescribed by such officer or agency.[2]

(c) No application or notice to the Commissioner will be required for adjustments in the salaries of employees of State or local governments, if made to correct maladjustments, inequalities, or gross inequities.

CROSS REFERENCE: See § 809.976m (b)).

(e) *Applications for approval of salary-rate schedules.*

5. *Applications for approval of salary-rate schedules.* Every application for approval of a proposed new salary-rate schedule or proposed general modification of an existing salary-rate schedule shall be submitted by the employer in triplicate to the head of the regional office within whose territorial jurisdiction the employer's principal office or place of business is located. Jurisdiction of any such application may be transferred to another regional office or assumed by the Deputy Commissioner as provided in paragraph 4 (a) hereof. After approval by the head of a regional office or by the Deputy Commissioner, a new or modified salary-rate schedule will have the same effect, in obviating the necessity for approval of individual salary-rate changes, as a salary-rate schedule in effect October 3, 1942.

(f) *Applications for rulings respecting exemptions.*

6. *Applications for ratings respecting exemptions.* Every application for a ruling as to whether a proposed salary adjustment is exempt from the requirements of the Director's and Commissioner's regulations relative to prior approval by the Commissioner shall be submitted by the employer on Form SSU 2 in triplicate to the head of the regional office serving the area within which the employer's principal office or place of business is located, and shall be within that officer's jurisdiction, subject to the provisions of paragraph (d) (1) hereof regarding transfers of jurisdiction and assumption of jurisdiction by the Deputy Commissioner.

(g) *Applications for authorization of salaries in excess of the $25,000 limit.* (The section formerly appearing at this paragraph was rescinded by section 4 (b), act of April 11, 1943, Public Law 34, 78th Congress. See footnote to § 809.975 (a) (7).)

(h) *Signature and verification of applications.*

8. *Signature and verification of applications.* Every application shall be signed by the applicant, or in the applicant's name by a duly authorized person; shall set forth fully the facts on which it is based, as required by the appropriate application form; and shall be sworn to before a deputy collector, notary public, or other officer authorized to administer oaths. If the applicant is a partnership, the application shall be executed in the partnership's name by one of the partners. If the applicant is a corporation, the application shall be executed in the name of the corporation by one of its principal officers. Statements of fact made in any application may be verified by the head of the regional office having jurisdiction, insofar as he deems it necessary and practicable under the circumstances. For that purpose he may refer an application for investigation to the appropriate internal revenue agent in charge, special agent in charge, or collector of internal revenue, and may require such further evidence in substantiation of the statements made in the application as he may deem necessary in order to reach a decision thereon.

(i) *Conferences.*

9. *Conferences.* The head of the regional office having jurisdiction of an application, or any of his legal or technical assistants, may grant a conference to the applicant or his representative when deemed advisable or when requested by the applicant but only after the applicant has complied with the provisions of paragraphs 4, 5, 6 and 8.[3] At any such conference the applicant may be represented by a responsible officer or a duly authorized regular employee whose salary is not covered by the application. Any other representative must submit a power of attorney authorizing him to represent the applicant on salary stabilization matters and must also submit evidence of enrollment in accordance with the Conference and Practice Requirements of the Bureau, as revised February 1942. If additional facts are brought out at a conference they must be reduced to writing and sworn to as provided in paragraph 8[3] before they will be considered as a basis for a decision.

(j) *Authority of heads of regional offices.*

10. *Authority of heads of regional offices.* The head of the regional office having jurisdiction of any application will have authority to approve or disapprove it for the Commissioner, wholly or in part, and his decision shall be deemed to be the Commissioner's determination under § 4001.4 of the general regulations of the Economic Stabilization Director[3] (§§ 1002.10 and 1002.11 of the Salary Stabilization Regulations)[4] unless and until modified or reversed as provided in paragraphs 13 and 14[5] hereof; but any such decision may be set aside by the Commissioner if he finds that it has been arrived at through fraud, collusion, or misrepresentation of a material fact.

(k) *Decisions and rulings.*

11. *Decisions and rulings.* (a) Every decision approving or disapproving, wholly or in part, an increase or decrease in a salary rate, a new or modified salary agreement or salary-rate schedule, will be set forth in a memorandum, to be known as a "decision memorandum," which will show the name and address of the applicant, the precise nature of the proposed action for which the Commissioner's approval is requested, and the decision with respect thereto. Every such memorandum will be signed by the head of the regional office, or by the Deputy Commissioner, in his own name, following the words "By direction of the Commissioner." The original will be transmitted promptly to the applicant, and copies of decisions made by the heads of regional offices will be forwarded promptly to the Deputy Commissioner. Every decision memorandum approving an application, wholly or in part, will be supported by a concise statement, on a separate sheet, of the reasons for approval. Every adverse decision memorandum will be accompanied by a copy of the regional office's letter to the applicant disapproving his application, which letter will include a concise statement of the reasons for disapproval. Copies of decision memorandums will also be furnished to such officers of the Internal Revenue Bureau and other Government agencies as the Commissioner may from time to time direct.

(b) Rulings with respect to exemptions will be prepared, signed, and dispatched by heads of regional offices, or by the Deputy Commissioner, in the same manner as decision memorandums.

(l) *Determinations respecting salaries paid.*

12. *Determinations respecting salaries paid.* (a) On request of any collector of internal revenue, internal revenue agent in charge, or special agent in charge whose office is located within the territorial jurisdiction of any salary stabilization office, the head thereof will determine whether any salary payment within the Commissioner's jurisdiction was made in contravention of the regulations of the Economic Stabilization Director and the Commissioner, and will set forth his finding in a decision memorandum as provided in paragraph 11 (a) hereof.[3] If he finds that any such payment is not in contravention of the regulations, he will send his decision memorandum to the officer making the request (at the same time forwarding as many copies thereof to the Deputy Commissioner, Salary Stabilization Unit, as that officer may prescribe). If he finds that any such payment is in contravention of the regulations, he will submit his decision memorandum to the Deputy Commissioner for approval before transmitting it to the officer making the request. If, in the judgment of the head of the regional office, there is serious doubt as to whether any payment is or is not in contravention of the regulations, he may request advice from the Deputy Commissioner before making a decision. Unless and until modified or reversed as provided in paragraphs 13 to 15[5] hereof, a determination by the head of a regional office of the Salary Stabilization Unit shall be deemed to be the Commissioner's determination under § 4001.4 of the Director's general regulations[3] (§§ 1002.10 and 1002.11 of the Salary Stabilization Regulations).[4]

(b) At the direction of the Commissioner, similar determinations will be made at the request of duly authorized officers of any other Government agency.

(m) *Reconsideration and review.*

13. *Reconsideration and review of decisions.* If an application is disapproved wholly or in part and the applicant believes that all the facts in the case have not been fully presented and considered, he may submit a request for reconsideration to the head of the regional office having jurisdiction. Every such request shall be submitted in triplicate, shall be executed under oath in the manner provided by paragraph 8,[1] and shall set forth fully all the additional facts on which the applicant relies. The regional office having jurisdiction will examine every such request and may grant a conference thereon, if deemed advisable or if requested by the applicant, under the conditions set forth in paragraph 9;[2] but no such conference will be arranged until the regional office has had opportunity to consider the additional facts set forth in the request for reconsideration. On reconsideration, the head of the regional office may modify his prior decision if he finds that the facts warrant such action.

(m–1) *Review by Deputy Commissioner.*

13a. An applicant may request that the decision of the head of the regional office be reviewed by the Deputy Commissioner. If the applicant relies on additional facts as the basis for such a review, he shall submit with his request a full statement of such facts in triplicate, duly sworn to as provided in paragraph 8 hereof.[1] If the applicant does not wish to present additional facts as a basis for review, he shall so state in his request for review. If, on examination of any additional facts submitted, the head of the regional office finds grounds for considering the case further, he may proceed as provided in paragraph 13.[2] Otherwise, he will forward the file promptly to the Deputy Commissioner with a concise statement of the reasons for disapproval or partial disapproval of the application.

(n) *Review of application.*

14. On receipt in the Deputy Commissioner's office, every such request for review will be examined to determine whether or not it makes a prima facie showing of error on the part of the head of the regional office. If in the Deputy Commissioner's judgment it does not do so, the request will be denied. In cases in which a prima facie showing of error has been made, a conference may be granted, if deemed advisable or if requested by the applicant under the conditions set forth in paragraph 9;[2] but no such conference will be arranged until the Deputy Commissioner or his representative has had an opportunity to examine the file and determine whether further consideration of the case is warranted.

(o) *Action by Deputy Commissioner.*

15. If the Deputy Commissioner does not approve a decision of the head of a regional office, he may refer it back to such head for reconsideration, or may modify or reverse it by means of a decision memorandum signed in his own name following the words "By direction of the Commissioner." He will also sign a similar decision memorandum with respect to every application of which he assumes original jurisdiction.

(p) *Effect of modification or reversal.*

16. *Effect of modification or reversal.* If a decision with respect to any application is modified on reconsideration by the head of a regional office, or is modified or reversed by the Deputy Commissioner, such modification or reversal shall, from its effective date, be deemed to be the determination of the Commissioner under § 4001.4 of the general regulations of the Economic Stabilization Director,[3] (§§ 1002.10 and 1002.11 of the Salary Stabilization Regulations);[6] but no reversal or partial reversal of a prior decision approving an application, wholly or in part, shall take effect before the first day of the payroll period immediately following the date of such reversal, and payments for services rendered between the effective date of the prior decision and the effective date of the reversal shall not be held to be in contravention of the Salary Stabilization Regulations, T. D. 5186, except as provided in the last clause of paragraph 10 thereof.

(q) *Purposes of regulations.*

17. *Purposes of regulations.* The purposes of the salary stabilization regulations of the Economic Stabilization Director and the Commissioner, as stated in Executive Order 9250, approved October 3, 1942, are to stabilize the cost of living in accordance with the act of October 2, 1942, and to aid in the prosecution of the war. In order to carry out those purposes, salary rates prevailing on September 15, 1942, should not be increased or decreased unless necessary to correct maladjustments, inequalities or gross inequities, or to aid in the effective prosecution of the war.

§ 809.977aaa *Delegation by Commissioner of Internal Revenue to Secretary of War.* By letter dated December 24, 1942, the Commissioner of Internal Revenue delegated to the Secretary of War the authority to administer the provisions of Executive Order No. 9250, General Regulations of the Director of Economic Stabilization and the Salary Stabilization Regulations as they relate to salary adjustments, which come under the jurisdiction of the Commissioner of Internal Revenue, of all civilian employees employed by the War Department within the continental limits of United States and Alaska, the Army Exchange Service and Government-owned, privately-operated facilities of the War Department. The full text of the letter follows:

DECEMBER 24, 1942.

The Honorable the SECRETARY OF WAR.

MY DEAR MR. SECRETARY: Reference is made to your letter dated December 1, 1942, addressed to the Secretary of the Treasury, wherein it is suggested that an arrangement be adopted so that the Secretary of War may have the authority to administer the provisions of Executive Order No. 9250, General Regulations of the Director of Economic Stabilization and the Salary Stabilization Regulations, as they relate to salary adjustments which come under the jurisdiction of this office, of all civilian positions of the War Department within the continental United States and Alaska. The delegation of authority would also cover salary adjustments for personnel under the Army Exchange Service and in Government owned, privately operated plants. It is further requested that the authority delegated be exercised on behalf of the Secretary of War by the Wage Administration Section in the Civilian Personnel Division Headquarters, Services of Supply. Under the plan suggested the Wage Administration Section would have authority to act on cases covered by the policies of this office and will present to the Commissioner of Internal Revenue a request for a decision on any case not so covered. There was attached to your letter a Wage Administration Manual for ungraded civilian jobs.

In accordance with your request, there is hereby delegated to the Secretary of War, as the agent of the Commissioner, to be exercised on his behalf by the Wage Administration Section within the Civilian Personnel Division, Headquarters, Services of Supply (hereinafter referred to as the War Department Agency) authority to rule upon all applications for salary adjustments (insofar as approval thereof has been made a function of the Commissioner of Internal Revenue) covering civilian employees within the continental limits of the United States and

[1] §§ 809.977p, 809.977r and 809.977s.

[2] For delegation by the Commissioner to the Secretary of War as to certain salary adjustments see § 809.977aaa.

[1] Paragraphs (d), (e), (f) and (h).

[2] Paragraph (h).

[3] § 809.976d.

[4] §§ 809.977m and 809.977n.

[5] Paragraphs (m) and (n).

[1] Paragraph (k).

[2] Paragraphs (m) to (o).

[3] § 809.976d.

[4] §§ 809.977m and 809.977n.

[1] Paragraph (h).

[2] Paragraph (l).

[3] Paragraph (m).

[4] § 809.976d.

[5] § 809.977m and 809.977n.

Alaska, employed by the War Department, the Army Exchange Service and Government owned, privately operated facilities of the War Department.

This delegation is subject to the following conditions:

1. The War Department Agency, without making initial ruling thereon, may refer to the Commissioner of Internal Revenue for decision any case which in the opinion of the agency presents doubtful and disputed questions of sufficient importance to warrant direct action by the Commissioner.

2. The War Department Agency shall transmit to the Commissioner of Internal Revenue copies of its rulings and rules of procedure as they are issued and such additional data and reports as the Commissioner may from time to time deem necessary.

3. Any ruling by the War Department Agency shall be final, subject to

(a) the Commissioner's ultimate power to review rulings on his own initiative;

(b) the right of any aggrieved party to take an appeal to the Commissioner from the ruling of the War Department Agency within a period of ten days after the date of such ruling. An appeal shall be filed with the War Department Agency to be forwarded to the Commissioner for action.

Any ruling by the War Department Agency shall be deemed to be the act of the Commissioner of Internal Revenue, unless and until reversed or modified by him, and any such reversal or modification shall take effect from the date recited in the order of modification or reversal.

4. Any ruling of the War Department Agency under this delegation of authority shall be effective from the date of the receipt of the application for salary adjustment and in no case should the War Department Agency issue a ruling which would have a retroactive effect; except, however, in those cases where a salary adjustment was made in good faith and consistent with the provisions of Executive Order No. 9250, prior to the date of this letter, retroactive approval may be made if the application for approval is filed with the War Department Agency on or before January 15, 1943.

5. The "Government owned, privately operated facilites of the War Department" which are to be subject to the terms of this delegation shall be only those which are named in lists furnished from time to time to the Commissioner of Internal Revenue by the War Department Agency. The Commissioner of Internal Revenue may at any time, upon at least seven days' notice to the War Department Agency, strike from the list any facility if the Commissioner of Internal Revenue believes that the policies of the Executive Order No. 9250, the regulations promulgated by the Economic Stabilization Director and those of the Commissioner of Internal Revenue require that the Commissioner of Internal Revenue act directly upon the wage and salary adjustments of such facility.

Since the Wage Administration Section in the Headquarters, Services of Supply, has the technical staff and has made the necessary preparation to apply the provisions of the Executive Order No. 9250 and the regulations throughout the War Department, it is believed that the foregoing delegation of authority will aid in the expeditious handling of the salary adjustment program.

Very truly yours,

GUY T. HELVERING,
Commissioner.

(a) *Government-owned, privately-operated facilities.* The Government-owned, privately-operated facilities embraced within the delegation to the War Department Agency from the Commission of Internal Revenue are identical with those covered by the delegation from the National War Labor Board to the War Department Agency. For the names of such Government-owned, privately-operated facilities see § 809.980n (b).

§ 809.978 *Wage stabilization policy of the National War Labor Board.* The policy directive given the National War Labor Board by Congress and by the President is clear. Under that directive, the Board will act on the presumption that wage rates prevailing on September 15, 1942 are proper. The Board will grant wage increases over the level prevailing on September 15, 1942 only in exceptional cases and in accordance with the following paragraph of Executive Order No. 9250 of October 3, 1942:

> The National War Labor Board shall not approve any increases in the wage rates prevailing on September 15, 1942, unless such increase is necessary to correct maladjustments or inequalities, to eliminate substandards of living, to correct gross inequities, or to aid in the effective prosecution of the war.

The National War Labor Board will examine carefully each claim for such exceptional treatment before approving any increase. In considering specific cases, the Board will be guided by the following general principles. The application of these principles by regional directors will be subject to all general orders of the Board and to its announced rules of procedure.

1. *Maladjustments.* If a group of employees has received increases amounting to 15% in their average straight-time rates over the level prevailing on January 1, 1941, the Board will not grant further increases as a correction for maladjustments.

Beginning about January 1, 1941 a race between wages and prices began. Between that date and May, 1942, when the President's seven point program to stabilize the cost of living was announced, the cost of living had risen 15% as measured by the general index of the Bureau of Labor Statistics.

In the same period, very considerable but varying increases in wage rates were made. The irregularity of wage increases caused many maladjustments in the wage relationships between different plants and industries. A substantial majority of industrial workers had received more than 15% increase; some had received less.

To correct these maladjustments, the Board will consider requests for general increases in straight-time rates up to 15% above the level prevailing on January 1, 1941. This policy sets a terminal point for general wage increases. It is not applicable to individual workers or to employees in particular job classifications. It will be applied only to groups composed of all the employees in a bargaining unit, in a plant, a company, or an industry, depending upon the circumstances of each case.

Adjustment of wage rates to correct maladjustments may be made by regional directors: *Provided, however,* That their authority in this regard will be limited to cases arising in those industries which have been specifically designated by the Board, and if in the judgment of a regional director a wage adjustment for the correction of a maladjustment would act to unstabilize wages, the case shall be referred by him to a tripartite regional panel.

A list of designated industries is attached hereto and may be enlarged or modified by the Board from time to time. Any proposed wage adjustments in industries not listed must be referred to the National War Labor Board at Washington for action.

2. *Inequalities and gross inequities.* The wage rate inequalities and the gross inequities which may require adjustment under the stabilization program are those which represent manifest injustices that arise from unusual and unreasonable differences in wage rates.

Wage differentials which are established and stabilized are normal to American industry and will not be disturbed by the Board.

The Board itself will review cases where evidence is submitted to show that existing differences in wage rates are so discriminatory as to make their continuance a manifest injustice. Such evidence may be submitted to the regional director. If the regional director is satisfied that the evidence submitted so justifies, the claim may then be transmitted to the National War Labor Board in Washington for consideration.

3. *Substandards of living.* In the President's message of April 27, 1942 and again in the Executive order of October 3, 1942, the word "substandard" is used with reference to the need for eliminating substandards of living. The National War Labor Board has dealt with but a very few cases in which the substandard issue has been a factor. Therefore, the Board is not in a position at this time to enunciate a general policy to govern the adjustment of wages to eliminate substandards of living. The Board will not undertake to measure substandards of living by any fixed wage rate.

Such cases involving substandards of living as may arise will be considered by the Board on their individual merits until sufficient experience has accumulated to permit the statement of a more general policy.

4. *Effective prosecution of the war.* Under Executive Order 9250, the National War Labor Board may approve any increase of the wage rates prevailing on September 15, 1942 if such an increase is necessary "to aid in the effective prosecution of the war." Every adjustment in September 15, 1942 wage levels that the Board may make will be, in its judgment, for a more effective prosecution of the war.

The National War Labor Board will not approve wage increases for the purpose of influencing or directing the flow of manpower.

When in a particular case management and labor, in cooperation with the War Manpower Commission and other government agencies, have taken concerted action to solve a manpower need, the Board will consider a request in that case to correct whatever inequalities or gross inequities may then need correction.

(a) *Policy directive clarifying Executive Order 9328.* Executive Order No. 9328 was issued April 8, 1943. (See § 809.984). On May 12, 1943, the Director of Economic Stabilization issued a policy directive clarifying and defining the basis of the War Labor Board in making wage adjustments under that order. The text of the directive follows:

> Executive Order No. 9328, dated April 8, 1943, is hereby supplemented under Section 5 as follows:
>
> 1. In order to provide clear-cut guides and definite limits as a basis for correcting substandards of living, and as a basis for permitting the Board to make within the existing price structure and within existing levels of production costs, minimum and non-inflationary adjustments which are deemed necessary to "aid in the effective prosecution of the war or to correct gross inequities" within the meaning of Section 1 of the Act of October 2, 1942, the Board is authorized to establish as rapidly as possible, by occupational groups and labor market areas, the wage-rate brackets embracing all those various rates found to be sound and tested going rates. All the rates within these brackets are to be regarded as stabilized rates, not subject to change save as permitted by the Little Steel Formula. Except in rare and unusual cases in which the critical needs of war production require the setting of a wage at some point above the minimum of the going wage bracket, the minimum of the going rates within the brackets will be the point beyond which the adjustments mentioned above may not be made. The careful application of these wage-rate brackets to concrete cases within the informed judgment of the War Labor Board will strengthen and reinforce the stabilization line to be held. Maladjustments between wages and the cost of living will be considered by the Board only for the purpose of correcting substandard conditions of living, or determining adjustments within the 15% limit of the Little Steel Formula. In connection with the approval of wage adjustments necessary to eliminate substandards of living or to give effect to the Little Steel Formula or in connection with the adoption of a longer work week, the Board may approve wage or salary adjustments for workers in immediately interrelated job classifications to the extent required to keep the minimum differentials between immediately interrelated job classifications necessary for the maintenance of productive efficiency.
>
> 2. All wage adjustments made by the Board which may furnish the basis either to increase price ceilings or to resist otherwise justifiable reductions in price ceilings, or if no price ceilings are involved which may increase the production costs above the level prevailing in comparable plants or establishments, shall become effective only if also approved by the Economic Stabilization Director. The Board shall cooperate with the Office of Price Administration or such other agency as the Economic Stabilization Director may designate with a view to supplying the Economic Stabilization Director with the data necessary to judge the effect of any proposed wage adjustment on price ceilings and the levels of production costs.

(b) *Statement of Director of Economic Stabilization regarding policy directive of May 12, 1943.* In issuing the general policy directive, the Director of Economic Stabilization stated:

> 1. The directive makes clear that alleged maladjustments between the cost of living and existing wage schedules will be considered by the Board only to the extent necessary to eliminate substandard conditions of living or to determine wage adjustments within the 15% limit of the Little Steel Formula.
>
> 2. The directive makes clear the ancillary authority of the Board to make wage adjustments to keep the minimum differentials between immediately interrelated job classifications necessary to maintain productive efficiency.
>
> This authority is needed to enable the Board to avoid intraplant inequities which would otherwise be created by wage adjustments ordered by the Board to eliminate substandard conditions of living or to satisfy the Little Steel Formula.
>
> Similar adjustments for immediately interrelated salary job classification may be necessitated, and are authorized, when a longer work week is adopted which creates a maladjustment between the pay of workers on an hourly basis and those on a salary basis.
>
> Adjustments of this character, however, are to be so staggered as to avoid the need for adjustment in higher wage or salary brackets.
>
> 3. The directive also makes clear the authority of the Board to make wage adjustments within the existing price structure and within existing levels of production for the purpose of stabilizing wage schedules for recognized categories of employments in various labor markets. It does not permit adjustments to correct "inequalities" which were permitted by the Executive Order of October 3, 1942. It does, however, permit the Board to make adjustments in accordance with the language of the Act of Congress of October 2, 1942, "to aid in the prosecution of the war or correct gross inequities", provided such adjustments do not increase prices or increase production costs. Such adjustments, except where necessary to eliminate substandard conditions of living or to give effect to the Little Steel Formula, are not to bring the wages of the worker affected above the minimum of the going rates for comparable work in comparable plants or establishments in the same labor market.
>
> In rare and unusual cases where critical war production cannot otherwise be obtained, the minimum of the pre-existing going rates may be stepped up to the next lowest of the going rates for other most nearly comparable work in the same labor market. A good example of such a case is the situation found in the canning and first processing of perishable foods and feeds industries in a number of localities where the necessary seasonal labor to process this year's crops cannot be recruited on the basis of last year's obsolete wage schedules. On May 10th a special directive was issued to deal with this situation.
>
> Apart from the rare and exceptional case, adjustments to the minimum of the applicable going rates are to be made, not to increase existing wage schedules, but only to bring obvious and sporadic stragglers into line.
>
> 4. The directive again makes clear that any wage adjustments which may furnish the basis either to increase price ceilings or to resist otherwise justifiable reductions in price ceilings, or if no price ceilings are involved which may increase the production costs above the level prevailing in comparable plants or establishments, cannot become effective until approved by the Economic Stabilization Director.

§ 809.978a *List of designated industries referred to in § 809.978.* Abrasives; aircraft; automobiles; chemicals and allied products; cotton manufactures; dyeing and finishing textiles; footwear; iron and steel and their products; leather; logging; machinery; meat products; metal mining; nonferrous metals and their products; nonmetallic mining and quarrying; petroleum, coal and natural gas products; petroleum and natural gas production; planing mills; professional and scientific instruments, photographic apparatus and optical goods; railroad equipment; rayon manufactures; refractories products; rubber-products; sawmills; street and suburban railways and buses; surgical, medical and dental instruments, equipment, and supplies; tobacco products; woolen and worsted manufactures; work clothing.

§ 809.979 *Jurisdiction and procedure of Regional War Labor Boards.* On April 5, 1943, the War Labor Board created twelve Regional War Labor Boards and outlined the jurisdiction of these Regional Boards and the procedure to be followed in matters within their jurisdiction. This information is contained in the succeeding paragraphs.

(a) *Constitution of regions and Regional War Labor Boards.* (1) A Regional War Labor Board has been established in each of the following regions:

Region I: Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island. 209 Washington Building, Boston, Mass.

Region II: New York, the Northern part of New Jersey (including following counties: Sussex, Passaic, Bergen, Warren, Morris, Essex, Hudson, Union, Middlesex, Somerset, Monmouth, Hunterdon). 220 E. 42d Street, New York, N. Y.

Region III: Pennsylvania, Maryland, Delaware, District of Columbia, Southern part of New Jersey (including following counties: Mercer, Ocean, Burlington, Atlantic, Camden, Gloucester, Salem, Cumberland, Cape May). Room 428 Stephen Girard Building, 21 S. 12th Street, Philadelphia, Pa.

Region IV: Virginia, Tennessee, North Carolina, Mississippi, Alabama, Georgia, South Carolina, Florida. 116 Candler Building, Atlanta, Ga.

Region V: Ohio, Kentucky, West Virginia. 3d Floor, Guardian Building, 629 Euclid Avenue, Cleveland, Ohio.

Region VI: Illinois, Indiana, Wisconsin, Minnesota, North Dakota, South Dakota. 222 W. Adams Street, Room 533, Chicago, Ill.

Region VII: Missouri, Arkansas, Kansas, Iowa, Nebraska. 11th Floor, Fidelity Building, 911 Walnut Street, Kansas City, Mo.

Region VIII: Texas, Oklahoma, Louisiana. 9th Floor, New Mercantile Bank Building, Dallas, Texas.

Region IX: Colorado, New Mexico, Utah, Wyoming, Idaho, Montana. 504 Boston Building, Denver, Colo.

Region X: California, Nevada, Arizona. 1355 Market Street, San Francisco, Calif.

Region XI: Michigan. Room 1164 Penobscot Building, Detroit, Mich.

Region XII: Washington, Oregon, Alaska. White Henry Stewart Building, Seattle, Wash.

(2) Each regional war labor board consists of the following members appointed by the National War Labor Board:

(i) Representatives of labor, four of whom are to be available for service with the regional war labor board at any given time.

(ii) Representatives of industry, four of whom are to be available for service with the regional war labor board at any given time.

(iii) Representatives of the public, four of whom are to be available for service with the regional war labor board at any given time. There is a chairman and one or more vice-chairmen, designated by the National War Labor Board from among full-time members.

(3) Six members constitute a quorum and 12 constitute full attendance; the composition at any given time is to be equally tripartite.

(4) The National War Labor Board, after considering the recommendations of the regional war labor boards, appoints tripartite panels in appropriate places throughout the regions to serve in dispute cases, as hereinafter described.

(5) The staff of each regional war labor board consists of a wage stabilization director, a disputes director, a regional attorney, and such other assistants as the National War Labor Board may approve. The staff is under the general supervision of the regional war labor board.

(6) Regional representatives designated by the Director of the U. S. Conciliation Service of the Department of Labor act as liaison officers between each regional war labor board and the U. S. Conciliation Service.

(b) *Procedure in dispute cases not involving wages or salaries.* (1) If the National War Labor Board refers a labor

dispute over which it has obtained jurisdiction to a Regional War Labor Board, the Regional War Labor Board to which the case is referred will be notified and a formal certification, together with all other available data and reports, will be transmitted to it.

(2) Upon receipt of the certification, the case will be considered by a New Case Committee of the Regional War Labor Board, composed of the chairman or vice-chairman, one industry, and one labor member, and the disputes director. The New Case Committee, in determining what action to take, will consult with the regional representative of the Conciliation Service. If the committee does not consider the case ready for a hearing, it may refer the case back to the parties for further negotiation or to the regional representative of the Conciliation Service for further information or further investigation or conciliation. If the case is deemed ready for a hearing, the committee will designate a tripartite panel to hear the case. The labor representative on the panel shall be of the same affiliation (AFL or CIO) as the union involved. If an independent union is involved, the labor representative on the panel shall be associated with another independent union. If the parties agree to have the case heard by a single person, the Regional War Labor Board will designate one of the public panel members or some other suitable person to hear the case. Wherever the term "panel" is hereafter used, it will be deemed to include a single hearing officer in the cases just mentioned.

(3) If a case is assigned to a panel, the panel shall advise the parties that they may if they so desire, submit their evidence and argument in writing. If the parties mutually agree in writing to such a presentation, the disputes director shall transmit to them any requests for information required by the panel and shall advise them of the procedure to be followed in submitting their case. If the parties do not agree to present their case in writing, a public hearing shall be held in accordance with the Rules of Procedure of the National War Labor Board.

(4) Any member of the regional board who in a particular case serves as a hearing officer or on a panel shall be disqualified from participating in any other capacity in any further proceedings in the case.

(5) If the panel's report is unanimous, the Regional War Labor Board will not, save in exceptional cases, hear argument upon the matter but will proceed to a decision. If the report is not unanimous, the Regional War Labor Board may in its discretion hear argument upon the case before reaching a decision.

(6) Any Regional War Labor Board may certify to the National War Labor Board any case, or any question in any case, upon which it desires the National War Labor Board's decision; but the National War Labor Board may in its discretion reject such certification and require the Regional War Labor Board to decide the case or the particular question, with or without a subsequent review by the National War Labor Board.

(7) At any time before its decision of a dispute case, the Regional Board may, upon the request of a party or upon its own motion, order a further hearing to be held before the board or a panel for the purpose of receiving evidence not introduced at any prior hearing in the case. The conduct of such hearing shall be governed by the rules of procedure of the National War Labor Board.

(c) *Procedure in dispute cases and in arbitration proceedings involving wages or salaries.* The procedure will be the same as in other dispute cases (see paragraph (b), except as follows:

(1) If an agreement between the parties calling for a wage or salary adjustment is brought about, the conciliator assigned to the dispute or the panel chairman or the hearing officer, as the case may be, will file the agreement directly with the appropriate regional wage stabilization director together with a completed application Form 10, which he will assist the parties in preparing. Conciliators, through the regional representative and panels will be at liberty in all cases to consult the regional wage stabilization director in advance of any settlement regarding the application to the particular situation of the Board's wage stabilization policy.

(2) If an agreement to refer the wage or salary question to arbitration is brought about, whether as a result of conciliation or without it, and the arbitrator's award provides for a wage or salary adjustment, a copy of the award, together with all of the information submitted to the arbitrator relating to the wage or salary issue, shall be filed by the arbitrator directly with the regional board at the same time that it is issued to the parties. Arbitrators shall consult the regional wage stabilization director in advance of any award, regarding the application to the particular situation of the Board's wage stabilization policy.

(3) If an agrement calling for an adjustment has been reached the procedure therefore will be the same as in voluntary wage and salary adjustment cases. If the case has resulted in an arbitration award, the procedure will be that set forth in the Arbitration Policy of the National War Labor Board. A ruling of the National Board approving, modifying, or disapproving the award shall have the same effect, and be subject to the same provisions for stay and review, as similar rulings of the National Board on an application for the approval of a voluntary wage or salary adjustment. In all cases the conciliator, hearing officer, or panel chairman should remind the employer that he should promptly upon receiving the award or report (and without waiting for the Board's decision) apply to the Office of Price Administration for price relief if he intends to make any order requiring increased payment of wages and salaries the basis for asking such relief.

(d) *Procedure in voluntary wage and salary adjustment cases.* This procedure is set forth in paragraphs (e) to (h).

(e) *The handling of preliminary inquiries about jurisdiction.* (1) An employer or a union or an employee, or a group of employees not represented by a union) directly concerned in a proposed wage or salary adjustment, may, jointly or separately, ask the nearest designated officer of the Wage and Hour and Public Contracts Division of the United States Department of Labor in the region (hereinafter referred to as the Wage and Hour Office) for a ruling as to whether the proposed adjustment may be made without Board approval. The request for a ruling, if filed by the employer alone, shall state whether there is a duly recognized or certified collective bargaining agent for any or all of the affected employees which has not joined with the employer in the request for the ruling, and if so, the name and address of such collective bargaining agent. If filed by a union, or on behalf of any or all of the employees, without joinder by the employer, the request for ruling shall state the name and address of the employer. If the request for a ruling affects any employees represented by a duly recognized or certified collective bargaining agent, and the employer or the collective bargaining agent has not joined in the request, a copy of the request for the ruling and the ruling shall, after the ruling has been made, be sent to the employer or the collective bargaining agent, whichever has not joined in the request, and to the appropriate regional attorney by the Wage and Hour Office.

(2) If said ruling is that the proposed wage or salary adjustment may be made without approval of the Board:

(i) The ruling shall be deemed to be authoritative and shall remain in effect unless reversed as provided below.

(ii) If, on receipt of the ruling from the Wage and Hour Office, it is reversed by the regional attorney (after consultation, where necessary, with the regional wage stabilization director), the Wage and Hour Office shall be notified promptly, and it shall immediately notify the person or persons who made the inquiry that the adjustment requires approval. If in the meantime the employer has made the adjustment, relying upon the ruling by the Wage and Hour Office that it did not need approval:

(*a*) The adjustment may be continued in effect for a period of ten days following the notification by the Wage and Hour Office, within which period the employer may file with the Wage and Hour Office (jointly with a duly recognized collective bargaining agency, or by himself, as subsequently provided), an application for approval of the adjustment and

(*b*) If such an application is so filed, the adjustment may be further continued in effect until and unless it is finally disapproved. Such disapproval shall take effect only from the date of the issuance of the order of disapproval.

(iii) If the Wage and Hour Office to which an inquiry has been addressed rules that the proposed adjustment cannot properly be made without approval, the ruling shall be deemed to be authoritative. The person or persons who made the inquiry may seek from the regional attorney, by written petition filed within 10 days after the ruling of the Wage and Hour Office, a reversal of the ruling.

The regional attorney's ruling (after consultation, where necessary, with the regional wage stabilization director) on the question so submitted shall be final and shall be transmitted to the applicant and to the other parties, if any, required by subparagraph (1), through the Wage and Hour Office.

(f) *The filing of applications for approval of wage or salary adjustments.* (1) Each application for approval of proposed voluntary wage or salary adjustments (other than those described in paragraph (c)) shall be filed with the nearest Wage and Hour Office in the region. All applications shall be made upon appropriate forms prepared by the National War Labor Board.

(2) Such applications may be of two kinds. The first kind, in which approval is sought of an adjustment agreed upon by the parties, may be signed by any party (or jointly by any or all the parties) to the contract. The application shall state whether all the parties to the contract have signed the application and shall state the name and address of each party who has not signed the application. If there be any such party who has not signed, the Wage and Hour Office at which the application was filed shall, as agent of the Board, before acting on the application, send said party a notice of the application. The notice shall request the party to state whether he contests the fact of the contract having been made. If, within seven days of the sending of the notice, he has not filed a statement contesting such fact or if he files a statement admitting it, the application will then be acted upon. If he contests the fact of the contract having been made, the matter will be determined to be a dispute case and the application Form 10 will be returned to the party which filed the application, and a copy of the letter returning the application will be sent to the contesting party, unless (i) the contract was in writing (ii) the writing or a certified or otherwise authenticated copy thereof has been produced, and (iii) the Wage and Hour Office is satisfied that no substantial question exists as to the party being a party thereto. Where the Wage and Hour Office is so satisfied, it shall rule accordingly and proceed with the handling of the application. The ruling may be reviewed (on petition of the protesting party) by the regional attorney when the application is transmitted to the regional war labor board under subparagraph (7) below. His ruling shall be final.

(3) The second kind of application, in which an employer on his own initiative wishes to make a wage or salary adjustment, shall be signed either (i) jointly by the employer and a duly recognized collective bargaining agent for any or all of the employees who are to be affected by the proposed wage or salary adjustment, or (ii) by the employer alone. In either case the application shall state whether or not there is a duly recognized collective bargaining agent (for any or all of the affected employees) which has not joined with the employer in the application. If it appears that there is such an organization which has not so joined, the Wage and Hour Office at which the application was filed shall, before acting on the application, send to the appropriate local officials of such organization a notice of the application, requesting the organization, if it has any objections to the application being acted upon, so to inform the office. If no such objections are filed within seven days of the sending of the notice, or if the organization in question states that it has no objections, the application will then be acted upon. If objections are made within said period, the matter will be determined to be a dispute case and the application Form 10 will be returned to the party which filed it and a copy of the letter returning the application will be sent to the contesting party. No action shall, however, be taken by the Regional Board on any application after the National Labor Relations Board or a similar State agency has ordered the holding of an election to determine the status of a labor organization as the collective bargaining agent of any of the employees involved in the application. As used here the term "duly recognized collective bargaining agent" refers either to a labor organization which has actually been recognized by the employer for the purpose of collective bargaining or to a labor organization which has been certified by the National Labor Relations Board or a similar State agency where the legal result of such certification is that the employer is obligated to bargain with the union. Where a labor organization has not been duly recognized or certified, it may not receive a copy of the application, but upon inquiry it shall be told whether or not an application has been filed.

(4) In cases where the employer has signed or joined in signing an application for approval of a wage or salary increase he shall state in the application whether he intendes to make the proposed increase, if approved, the basis of the application to the Office of Price Administration for an adjustment of his maximum prices or for an amendment of the regulations establishing those prices.

(5) In cases where the employer has not signed or joined in signing an application for approval of a wage or salary increase, he shall be requested in the notice of the filing of the application sent to him by the Wage and Hour Office to state whether he intends to make the proposed wage or salary increase, if approved, the basis of an application to the Office of Price Administration for an adjustment of his maximum prices or for an amendment of the regulations establishing those prices. He shall be asked to make this statement (i) within seven days of the sending of said notice or (ii), if (as described in subparagraph (2) above) he contests the fact of the agreement or arbitration award having been made, within seven days of any ruling by the Wage and Hour Office finding him to be a party to said agreement.

(6) If the employer states that he intends to make the proposed wage or salary increase, if approved, the basis of an application to the Office of Price Administration for an adjustment of his maximum prices or for an amendment of the regulations establishing those prices, (i) his statement shall be entered in an appropriate place on the application before the application is acted on by the regional wage stabilization director as provided below, and (ii) the employer will be required to furnish further information, the nature and effect of which will be set forth under paragraph (j).

(7) When an application has been submitted to a Wage and Hour Office and no preliminary inquiry about jurisdiction has been made under paragraph (e) above, the office shall first make certain that the application needs approval. If the office believes that approval is not or may not be required by the applicable regulations and orders, the office shall proceed exactly as if the applicant had asked for a preliminary ruling on jurisdiction. If no jurisdictional question is involved or if such a question has been cleared up under paragraph (e) above, the Wage and Hour Office shall see that appropriate forms are fully and accurately filled out and shall transmit them to the regional wage stabilization director of the appropriate regional war labor board.

(8) Upon receipt of the application, the regional wage stabilization director, acting in collaboration with the regional attorney, shall first make certain that the application requires Board approval (unless this question has already been ruled upon and determined under paragraph (e) above). If it is determined by the regional attorney that the application does not require Board approval, a written ruling to that effect shall be made and copies sent to the applicant or applicants. If it is determined that the application requires Board approval, it shall be acted upon as provided in paragraph (i) below. In any case, the regional wage stabilization director may, before acting, obtain further needed information informally from the applicant or applicants, from the Wage and Hour Office, from the United States Bureau of Labor Statistics, or any other source or refer the application back to the Wage and Hour Office for such information as he may specify. In cases where the application reveals that the employer intends to make the proposed increase the basis of an application to the Office of Price Administration for an adjustment of his maximum prices or for an amendment of the regulations establishing those prices, the Regional Wage Stabilization Director shall send a copy of the application to the Office of the Economic Advisor, Office of Price Administration, Washington, D. C.

(g) *Application by Employers' Association for approval of wage or salary adjustment.* (1) Application for approval of a wage or salary adjustment may be made on a form approved by the National War Labor Board on behalf of more than one employer by an employers' association or other similar organization. Such an application may be executed by the appropriate representative of the association or other similar organization acting on behalf of all such employers.

(2) The application shall state, in addition to the other matters required by

paragraphs (e) to (h) the name and address of each employer on whose behalf it is made and who has not signed the application and shall be accompanied by (i) a written statement by each such employer stating that the association has been authorized to file the application on the employer's behalf, or (ii) a certification by the association that it is duly authorized to file the application on behalf of the employers covered thereby or (iii) a duly authenticated copy of the by-laws or regulations of the association, or an agreement or other document demonstrating its authority to file the application on behalf of the employers covered thereby. The application shall be filed with the Wage and Hour office, in the city where the association or other similar organization customarily carries on its wage or salary negotiations.

(3) The application shall be accompanied by individual statements which shall contain for each employer the information required by the National War Labor Board's Form No. 10, except that, where such information is identical for all or some of the employers, an appropriate consolidated statement containing such information may be filed with the application.

(4) In all other respects the procedure herein set forth shall obtain, and the word "employer" wherever used herein, shall, for the purpose of this section, include, "employers' association or other similar organization".

(h) *Single application by employer with plants or establishments in more than one region.* (1) In the case of an employer with plants or establishments in more than one region, a single application may be filed covering employees in all or some of such plants or establishments.

(2) The application may be filed at the regional Wage and Hour Office in the region where the employer maintains his principal place of business.

(3) The application shall be accompanied by individual statements which shall contain for each plant or establishment covered by the application all the information required by the National War Board's Form No. 10, except that the regional director of the Wage and Hour Office may, in appropriate cases and for good cause shown, modify this requirement so as to provide for one or more consolidated statements covering all or some of the plants or establishments.

(4) Upon receipt of the application, together with such statements, the said regional director of the Wage and Hour Office, if not satisfied that sufficient data and information have been presented with respect to each plant or establishment, may require the applicant to submit additional data or information or may refer any statement relating to a particular plant or establishment not in his region to the appropriate regional director of the Wage and Hour Office for such additional data or information as may be necessary.

(5) When the regional director of the Wage and Hour Office is satisfied that sufficient data and information have been presented, he shall transmit the application, together with the statements and all other pertinent information, to the appropriate regional war labor board which shall inform other affected regional war labor boards and shall act on the application unless it determines that due to the scope of the employer's operations, or because of important policy questions, the application should be referred to Washington.

(6) In all other respects, the procedure herein set forth shall obtain.

(i) *Disposition of applications for approval of wage or salary increases in which the application indicates that no price relief will be sought if approval is granted.* (1) In cases where he is authorized so to do by orders or regulations of the National War Labor Board, the regional wage stabilization director shall rule upon the application, subject to the rights of review hereinafter set forth and subject to his right to refer any case for decision with his recommendation to the regional war labor board, if he believes that the case is sufficiently important from a stabilization point of view or presents sufficiently serious and doubtful questions of interpretation of policy to justify such action.

(2) If the regional wage stabilization director disapproves the application (or approves a lesser increase than that requested), the applicant, or any applicant if there be more than one, may within ten days after the date of the issuance of the ruling file with the regional war labor board a petition for a review by that board of the action of the regional wage stabilization director. Upon receipt of such a petition the regional board shall rule upon the application on the basis of the entire record of the case and such other information as may be available to it.

(3) Copies of all rulings made by regional wage stabilization directors shall be promptly filed with the chairman of the regional war labor board, whose duty it will be to lay before the regional war labor board for such action as it may care to take all rulings which involve serious questions of policy. Copies shall also be promptly filed with the National War Labor Board's wage stabilization division together with such additional information as the division may require for purposes of review.

(j) *Disposition of applications for approval of wage or salary increases in which the applicant states that he intends to make the proposed wage or salary increase, if it is approved, the basis of an application to the Office of Price Administration for an adjustment of the maximum prices or for an amendment of the regulations establishing those prices.* The procedure shall be the same as in the cases described under paragraph (i) above except that:

(1) A copy of the application shall be sent by the regional wage stabilization director to the Offiffice of the Economic Advisor, Office of Price Administration, Washington, D. C. Copies of any forms which the employer has filled out, pursuant to the requirement of the Office of Price Administration (and which have been supplied for that purpose by said Office to the Wage and Hour Offices) shall be sent at the same time as the copy of the application to the Office of Price Administration.

(2) In those cases where the Office of Price Administration determines that the proposed wage or salary adjustment will not require an adjustment of the employer's prices or an amendment of the regulations establishing those prices, the Regional War Labor Board will be so notified. In cases where such notice has been received, the ruling of the regional stabilization director or of the regional war labor board may be made effective without further reference to the Office of Price Administration or the Office of Economic Stabilization.

(3) In those cases where the Office of Price Administration determines that approval of the wage or salary increase will necessitate an adjustment of the employer's prices or an amendment of the regulations establishing these prices, the regional war labor board will be so notified. In such cases, if the application for a wage or salary increase is approved, the ruling shall state that it will become effective only on final approval by the Economic Stabilization Director, as required by the provisions of Executive Order No. 9250.

(4) Unless the regional war labor board has been notified as in (2) above, copies of every ruling shall be sent to the Office of the Economic Advisor, Office of Price Administration, Washington, D. C.

(k) *Authority of regional war labor boards.* A description and the extent of this authority is set forth in paragraphs (l) through (s).

(l) *Applications for approval of voluntary wage or salary adjustments.* (1) Each Regional War Labor Board shall have authority to approve or disapprove applications for voluntary wage or salary adjustments.

(2) Each such ruling shall be final, subject only to the National War Labor Board's right to review on its own initiative, or on a petition for review, as provided for in paragraph (n). Any reversal or modification of such ruling by the National War Labor Board shall take effect only from the date of its issuance, provided, however, that if a ruling denying an application for permission to make a wage or salary adjustment is overruled, the final ruling of the National War Labor Board shall incorporate as the effective date of the adjustment the date specified in the application or such other date as the National War Labor Board shall specify.

(3) Copies of all such rulings and of any accompanying opinions (together with such other material as the Wage Stabilization Division may require) shall, when issued, be filed with the National War Labor Board.

(4) Rulings of the Regional Board on voluntary applications for approval of wage or salary adjustments shall take effect when issued to the parties. Such rulings may be issued to the parties when made unless two or more public members of the Regional Board who dissent from a ruling request that the issuance of the ruling or any specified portion thereof be stayed and at the same time state the reasons for their request. In such event the ruling or the specified portion thereof and the accompanying request shall immediately be transmitted by the Regional Board to the National War Labor Board and may be issued to the parties only upon the expiration of ten days after its receipt in Washington, unless (i) the ruling is earlier approved by the Board or (ii) within such ten-day period the National War Labor Board sets the case down for review. In the latter event the Executive Assistant to the National War Labor Board shall communicate the National Board's action to the Regional Board, and the requested stay shall continue in effect until the case is finally disposed of. If only a specified portion of a ruling is asked to be stayed, as herein provided, the Regional Board may, in its discretion, issue to the parties any other unrelated provisions of the ruling at any time after the ruling is made.

(m) *Directive orders in dispute cases.* (1) Regional War Labor Boards are authorized to issue directive orders in dispute cases in conformity with the policy of the National War Labor Board. Each such directive order shall bear the date of its actual issue and shall be issued to the parties when made. The issuance of any provision of a directive order, however, which relates to a wage or salary adjustment, may be stayed if two or more public members of the Regional Board dissent from the provision and request that its issuance be stayed. In such event a copy of the directive order and the request for the stay, together with a statement of the reasons for such request, shall be immediately transmitted to the National War Labor Board. The provision so sought to be stayed shall not be issued to the parties until the expiration of ten days after receipt in Washington of the request for the stay, unless (i) the issuance of such provision is earlier approved by the National War Labor Board or (ii) within such ten day period the National War Labor Board sets the case down for review. In the latter event, the Executive Assistant to the National War Labor Board shall communicate the Board's action to the Regional Board, and the stay shall continue in effect until the case is finally disposed of.

(2) If after the issuance of a directive order no timely petition for review is filed (as provided in paragraph (n)), and if the National War Labor Board within such a period does not review the order on its own motion, the order shall on the day following the last day for filing such a petition stand confirmed as the order of the National War Labor Board and shall immediately be effective according to its terms: *Provided*, That the National War Labor Board may at any time prior to the expiration of the time for the filing a petition for review make such an order, or any part thereof, immediately effective pending any further proceedings. If a timely petition for review of a directive order of a Regional Board is filed by a party, or if the National War Labor Board reviews such an order on its own motion, the entire order shall be suspended, unless and until the National War Labor Board directs, or has directed, otherwise, or unless the parties otherwise agree. However, the date of expiration of the escape period fixed in a directive order of a Regional Board granting a maintenance of membership provision shall not be affected by the filing of a petition for review of this or any other provision of the order. If only a part of the order is sought to be reviewed, any party may petition the National War Labor Board to make the rest of the order immediately effective according to its terms. The parties may in any case mutually agree upon the date when the order, or any part thereof, shall take effect, except that where a wage or salary adjustment is made subject to the approval of the Economic Stabilization Director the parties may not by their agreement make such adjustment effective prior to the date of such approval.

(3) Copies of all directive orders and of any accompanying opinions (together with such other material as the Wage Stabilization Division may require) shall, when issued, be filed with the National War Labor Board.

(n) *Petitions for review.* Within fourteen days after a regional board mails to a party a directive order in a dispute case, or a ruling denying or modifying an application for approval of a voluntary wage or salary adjustment, such party may mail to the Regional Board an original and four copies of a petition, including supporting documents, seeking review by the National War Labor Board of such ruling or directive order. The petition shall (1) state the petitioner's reasons for believing that one or more of the criteria set forth below is satisfied, (2) set forth fully and in detail the contentions of the petitioner with respect to the merits of each issue raised by the petition, with specific references to any pertinent portions of the record in the case, and (3) state that a copy of the petition has been served upon the other parties to the case and the date of such service. No such petition seeking review by the National War Labor Board of a ruling or directive order of a Regional Board shall be granted unless the petitioner has demonstrated by substantial proof that (1) the ruling or order exceeds the National War Labor Board's justification, or (2) the ruling or order contravenes the established policies of the National War Labor Board, or (3) a novel question is involved of such importance as to warrant national action, or (4) the procedure resulting in the ruling or order was unfair to the petitioner and has caused substantial hardship. The party filing a petition shall at the same time serve a copy thereof, together with any supporting documents, upon each of the other parties to the proceeding.

(o) *The answer.* Within fourteen days after a copy of such a petition for review is mailed by the petitioning party to any other party to the case, such other party may mail an answer to the petition to the Regional Board which issued the directive order or ruling. An original and five copies of the answer shall be transmitted to the Regional Board and a copy shall at the same time be served upon each of the other parties to the case. Such an answer shall include a statement that a copy thereof has been served as required above, and shall show the date of such service. An answer may not contain a request for review of an order or any part thereof; such a request must be filed, if at all, in the form of a petition for review in the manner and within the time limit provided in paragraph (n). Each answer should state fully but concisely the respondent's reasons for believing (1) that the petition ought not to be entertained, and (2) that, if the National War Labor Board decides to entertain the petition, the petition should be denied on the merits.

(p) *Decisions of the Board.* The National War Labor Board will make its decision on a petition for review upon the basis of the record before the Regional Board and on the basis of the petition, the answer, if any, the recommendations of the Appeals Committee, and such further argument and proof as the National War Labor Board may require. If the petition for review is denied because the grounds for review set forth therein are deemed to be sufficient, the National War Labor Board shall issue an appropriate directive order or ruling adopting as its own the ruling or order to which the petition relates. If the petition for review is granted, the National War Labor Board will issue an appropriate directive order or ruling adopting, reversing, or modifying the order or ruling to which the petition relates or remanding the case to the Regional Board for such further action as is specified in the order or ruling of the National War Labor Board.

(q) *Review by the Board on its own motion.* The National War Labor Board may, on its own motion, assume jurisdiction over any case at any stage of the proceedings either before or after the issuance of the final order or ruling of the Regional Board.

(r) *Reconsideration of directive orders and rulings.* (1) Regional War Labor Boards may reconsider directive orders or rulings on their own motion or on petition, except, while the case is under consideration by the National Board following the granting of a petition for review, or the taking of review by the National Board on its own motion.

(2) The party petitioning for reconsideration shall serve a copy of the petition on all other parties at the same time that it is filed with the Regional Board. The filing of such petition does not preclude the filing of a petition for review, but shall not extend the time for filing a petition for review nor change the date when the directive order takes effect.

(3) The Regional Board shall not act on any petition for reconsideration of a directive order or ruling unless (i) the petition is mailed to the Regional Board within fourteen days after the mailing by the Regional Board of the order or ruling in question and sets forth with particularity the grounds upon which the petition is based, or, (ii) the petition is filed promptly upon the petitioner's discovering material and substantial evi-

dence which the petitioner was unable, despite due diligence, to discover in time to present to the Regional Board before it issued its order or ruling, and sets forth with particularity such evidence, or (iii) the petition is filed promptly upon the occurrence of events after the date of the order or ruling which make the order or ruling harsh or unfair, and set forth with particularity such events. If a petition for reconsideration is filed under subdivision (ii) or (iii) of this subparagraph, and the Regional Board deems that the evidence submitted warrants reconsideration of the directive order or ruling, it shall provide the parties a hearing on such new matters.

(4) Regional Boards may adopt rules further restricting reconsideration. Refusal of reconsideration by a Regional Board shall have no bearing on the validity of a petition for review.

(5) If the ruling or directive order issued by the Regional Board is modified by the Regional Board in response to a petition for reconsideration or upon its own motion, the Regional Board shall issue to the parties such ruling or order, as modified, in the same manner and with the same effect as is provided in paragraphs (l) and (m). The order or ruling as modified shall be subject to review in accordance with the provisions of paragraph (o), except that the period prescribed therein for filing a petition for review or answer thereto shall be seven instead of fourteen days.

(s) *Regional War Labor Boards subject to National War Labor Board policies.* Decisions, regulations, and policies which the National War Labor Board will continue to announce from time to time shall control the regional war labor boards, Wage and Hour Offices, and staffs in performing the duties and exercising the powers assigned to them herein.

§ 809.979a *War Labor Board instructions to Regional Boards re Executive Order 9328 and supplementary directive of May 12, 1943.* On May 29, 1943, the National War Labor Board announced that instructions for handling certain types of wage and salary cases under the "Hold-the-Line" Executive Order No. 9328 have been sent to its Regional Boards and industry commissions. The Board pointed out that under the Executive order "reasonable adjustments of wages and salaries in case of promotions, reclassifications, merit increases, incentive wage or the like" may be made by the Board if such adjustments "do not increase the level of production costs appreciably or furnish the basis either to increase prices or to resist otherwise justifiable reductions in prices."

(a) Within the meaning of the provision of the Executive order quoted above, the Regional Boards were instructed that they may deal with the following three types of cases within their sound discretion:

(1) Intra-plant adjustments which are necessary to do equity and to promote production and which are not mentioned in the May 12 directive of the Economic Stabilization Director.

(2) Applications by employers not under the Fair Labor Standards Act to pay time and one-half for hours over forty, or to change from a fluctuating to a fixed workweek for the purpose of computing overtime as currently permitted to employers who are under said act.

(3) Adjustments incident to the improvement of work conditions which do not involve increasing basic wage rates and which do not exceed the sound prevailing practice in the industry or area.

The adjustments specified in subparagraph (3) include such items as vacation pay, sick leave plans, night shift bonuses, and holiday pay.

(b) The Board's instructions also stated that specific regulations for approval of incentive plans cannot be given until further experience with various types of cases have been reported to the National Board. The Board emphasized that the working out of such incentive plans is particularly suited to collective bargaining and that where a collective bargaining agency exists it should be consulted in the preparation of such plans. Reiterating that the Little Steel Formula usually requires that the adjustment be applied to the largest appropriate group, the Board stated that in unusual cases where adjustments are being sought by a single individual or for relatively few persons, the formula may be applied to them where the application would "afford an equitable and expeditious method of disposing of the case."

(c) In cannery cases, the Board stated that rates may be adjusted through use of the wage rate bracket section of the May 12 directive of the Economic Stabilization Director in cases where it would not be practicable to use the Director's earlier order on canneries issued May 11, 1943.

§ 809.979b *Wage and Hour Division regions; geographical jurisdictions and addresses.*

Region I: Massachusetts, New Hampshire, Maine, Vermont and Rhode Island. 294 Washington Street, Boston, Mass.

Connecticut: Cooperating State Agency Offices: 357 State Office Bldg., Hartford, Conn.

Region II: New York and New Jersey. Parcel Post Bldg., 341 Ninth Avenue, New York, N. Y.

Region III: Pennsylvania, and Delaware, and Bancock, Brooke, Ohio, and Marshall Counties in West Virginia. 1216 Widener Bldg. Chestnut and Juniper Sts., Philadelphia, Pa.

District of Columbia: Cooperating State Agency Office: 4050 New Municipal Center Bldg., Washington, D. C.

Region V: Virginia, West Virginia, and Maryland. 215 Richmond Trust Building, Richmond, Va.

North Carolina: Cooperating State Agency Office: Salisbury and Edenton Streets, Raleigh, N. C.

Region VII: Georgia, Florida, and South Carolina. 249 Peachtree St., N. E., Atlanta, Georgia.

Region VIII: Alabama, Mississippi, and Louisiana, 1007 Comer Bldg., Birmingham, Ala.

Region IX: Tennessee and Kentucky, 509 Medical Arts Bldg., Nashville, Tenn.

Region X: Ohio and Michigan and Boone, Kenton and Campbell Counties in Kentucky. Main Post Office, West Third and Prospect Avenue, Cleveland, Ohio.

Region XI: Illinois, Indiana, and Wisconsin, 1200 Merchandise Mart, 222 West North Bank Drive, Chicago, Illinois.

Region XII: North Dakota, South Dakota, Minnesota, and Montana. 406 Pence Building, 730 Hennepin Avenue, Minneapolis, Minn.

Region XIII: Kansas, Nebraska, Iowa, Missouri, Colorado, and Wyoming. 504 Title & Trust Bldg., 10th & Walnut Sts., Kansas City, Mo.

Region XIV: Texas, Oklahoma, Arkansas, and New Mexico. 1100 Main Street, Dallas, Texas.

Region XV: California, Arizona, Nevada, Washington, Oregon, Idaho, and Utah. 500 Humboldt Bank Bldg., 785 Market St., San Francisco, Calif.

For addresses of Wage and Hour Division Field and Branch Offices, consult nearest Wage and Hour Division Regional Office.

§ 809.979c *Extension of authority of National War Labor Board Regional Directors; bonuses.* On December 17, 1942, the National War Labor Board delegated to its Regional Directors authority to pass on such bonus payments which require Board approval. The Regional Directors were authorized to approve the payment of gifts or bonuses not permissible under General Order No. 10 (§ 809.980j) only in exceptional cases where non-payment "would be grossly inequitable and would result in a manifest injustice."

§ 809.979d *Extension of authority of National War Labor Board Regional Directors; voluntary wage and salary adjustments.* On December 24, 1942, the National War Labor Board granted to its Regional Directors authority to make final decisions on all voluntary wage or salary (over which the NWLB has jurisdiction) adjustment cases involving employers of not more than 100 employees subject to the NWLB's procedure which provides for appeal to a tripartite regional panel from an adverse ruling by a Regional Director. The decisions of these panels are final, subject to the right of any panel member to request Board review and the Board's right of review on its own motion.

§ 809.980 *General orders of National War Labor Board.* From time to time the National War Labor Board issues general orders establishing procedures and regulations for the administration and interpretations of such portions of Executive Order No. 9250 as are administered by the National War Labor Board, as well as interpretations of such general orders. The full text of such general orders and interpretations is set forth in the succeeding sections which are designated §§ 809.980 followed by a letter or letters of the alphabet.

§ 809.980a *General Order No. 1.*

All increases in wage rates which have been directed by the War Labor Board prior to October 3, 1942, shall be put into effect in accordance with the terms of the Directive Order in each particular case.

(a) *General Order No. 1–A.*

General Order No. 1 issued by the National War Labor Board on October 7, 1942, shall apply also to salaries subject to the jurisdiction of the Board. (For definition of such salaries, see General Order No. 9, October 30, 1942, at § 809.980i).

§ 809.980b *General Order No. 2*

The procedures in the National War Labor Board for the adjustment of labor disputes affecting wages established under Executive Order No. 9017, dated January 12, 1942, shall remain in full force and operation, and in all present or future cases in which the jurisdiction of the Board has attached or shall attach by certification or otherwise, the parties shall be deemed to have given notice within the terms of Title II, section 1, of Executive Order No. 9250, dated October 3, 1942.

§ 809.980c *General Order No. 3.*

(a) The National War Labor Board hereby approves all increases in wage rates which were put into effect on or before Oct. 3, 1942. Such approval includes increases first reflected in a pay roll subsequent to Oct. 3, 1942, if applicable to work done, and provided for by written agreement, or formally determined and communicated to the employees, on or before that date. An adjustment taking effect after Oct. 3, 1942, or, regardless of its effective date, resulting from the award or decision of an arbitrator or referee made after Oct. 3, 1942, is however, subject to the approval of the Board, although the agreement providing therefor, or the order or agreement for arbitration or reference, may have been made prior to that date.

(b) All such inceases shall be subject to the right of the Board to review and to order the discontinuance of further payment of all or part thereof.

§ 809.980d *General Order No. 4.*

(a) Wage adjustments made by employers who, at the time the adjustment is agreed to, or if not made by agreement, at the time it is placed into effect, employ a total of not more than eight individuals in all their plants or units are exempted from the provisions of Executive Order No. 9250 of October 3, 1942, and Executive Order No. 9328 of April 8, 1943.

(b) Unless expressly exempted, the exemption granted by this order shall not apply to employers whose employees' wages, hours, or working conditions have been established or negotiated on an industry, association, area, or other similar basis, by a master contract or similar or identical contracts.

The National War Labor Board has, under this paragraph, approved the extension of the exemption provided for in paragraph (a) of this order to:

(1) Employees of barber shops (May 19, 1943).

(2) Employees of beauty shops and the like (May 28, 1943).

(c) The exemption granted by this order shall not apply to an employer who, during any given year following October 3, 1942, in the case of wages, or October 27, 1942, in the case of salaries, has made adjustments affecting eight specific employees.

(d) The Regional War Labor Boards may recommend to the National War Labor Board such exceptions to the provisions of this order as are necessary to effectuate the wage stabilization policies of the National War Labor Board, which exception, if approved by the National War Labor Board, shall, unless otherwise specified, apply only within the territorial jurisdiction of the Regional Board recommending them.

The National War Labor Board, under this paragraph, has approved the following exceptions to the exemption provided for in paragraph (a) of this order:

(1) Tool and die industry (General Order 4–A, October 23, 1942).

(2) Shoe repair industry in California (April 10, 1943).

(3) Tool and die industry in Region I (May 31, 1943).

(4) Logging, sawmill, and planing mill operations in California, Oregon, Washington, Idaho and Western Montana (General Order 4–C, June 26, 1943).

(5) Dental technicians, garage employees, and seed industry workers in Region XII (August 3, 1943).

(6) Cotton-ginning employees in Region VIII (August 17, 1943).

(7) Hotel and restaurant industry in Region X (October 2, 1943).

(8) Retail coal distributors in Region IX (October 29, 1943).

(9) Photo engravers (November 13, 1943).

(10) Schiffi embroidery industry in Region II (November 13, 1943).

(11) Grocery stores and meat markets in Region IX (November 13, 1943).

(12) Operators in the lumber and pulp industry in Region I (January 8, 1944).

(13) Retail lumber establishments in Regions VI, VII, VIII, IX, and XII (January 17, 1944).

(14) Retail butcher shops in Louisville, Ky., area, whether exclusively or in conjunction with or as a part of some other retail business (February 5, 1944).

(15) Employers engaged in the business of window cleaning in the Greater Cleveland Area (February 8, 1944).

(16) Employers in the rig-building branch of the petroleum industry in the area where uniform wage brackets have been set as provided in the order of the Board of March 3, 1944 (27 states in mid-continent area, in Regions IV, V, VI, VII, IX, and XI, inclusive).

(17) All employers in Cuyahoga County, Ohio, who are engaged in the business of repairing and/or rebuilding gasoline operated motor vehicles and/or trailers, both bodies and chassis, for others.

(18) All employees engaged in the automotive repair industry in the Tenth Region of the National War Labor Board, embracing the states of California, Nevada and Arizona, other than gasoline stations, tire and vulcanizing services.

(19) All employers engaged in the manufacture of jewelry in Region II of the National War Labor Board, embracing the State of New York and the northern counties of New Jersey (Sussex, Passaic, Bergen, Warren, Morris, Essex, Hudson, Union, Middlesex, Somerset, Monmouth, Hunterdon) (May 10, 1944).

(20) The jewelry industry in Albuquerque, New Mexico (May 10, 1944).

(21) Logging and sawmilling operations in the lumber industry in Region IX of the National War Labor Board, embracing the states of Colorado, New Mexico, Montana, Wyoming, Utah and Idaho (May 10, 1944).

(22) Pattern makers in the metropolitan areas of Portland, Oregon, and Seattle and Spokane, Washington (April 27, 1944).

(23) Machine shop workers in the metropolitan areas of Portland, Seattle, Spokane, Bellingham, Everett and the Willamette Valley in Region XII of the National War Labor Board (April 27, 1944).

(24) Truck drivers, shoe repair, radio repair, and watch repair shops, radio broadcasting stations, dry cleaning establishments, restaurants, wholesale and retail distribution establishments, and clerical workers in Region XII of the National War Labor Board, embracing the states of Washington and Oregon (April 27, 1944).

(25) Hotels in Region XII of the National War Labor Board, embracing the states of Washington and Oregon (May 16, 1944).

(26) Employers engaged in the packing and shipping of potatoes in the State of Maine.

(27) All employers in the Territory of Hawaii.

§ 809.980e *General Order No. 5.*

Subject to the requirements of General Order No. 31, wage adjustments may be made in wage rates of individual employees, without approval of the National War Labor Board, if they are incident to the application of the terms of a wage agreement which existed previous to or has been approved since October 3, 1942, or incident to an established or approved wage rate schedule covering the work assignments of employees and are made as a result of—

(a) Individual promotions or reclassifications

(b) Individual merit increases within established rate ranges

(c) Operation of an established plan of wage increases based upon length of service within established rate ranges

(d) Increased productivity under piecework or incentive plans

(e) Operation of an apprentice or trainee system

Wage adjustments made under this order shall not result in any appreciable increase of the level of production costs and shall not furnish a basis either to increase prices or to resist otherwise justifiable reductions in prices.

§ 809.980f *General Order No. 6.*

(a) The hiring of an individual at a wage rate in excess of the rate previously established in the plant for employees of similar skill and productive ability within the classification in which the individual is employed is a "wage increase" within the meaning of Executive Order No. 9250.

(b) If a wage rate or range of rates for a job classification has not theretofore been established by the employer for the plant involved, the rate or rate range should bear the same relation to rates or ranges of rates for similar classifications in the area as the existing rates or rate ranges in the plant bear to comparable rates or rate ranges in the area: provided, however, that schedules covering new establishments or new departments within existing establishments must be submitted for approval as provided in General Order No. 31.

§ 809.980g *General Order No. 7.*

Since Title VI, section 1 of Executive Order No. 9250, dated October 3, 1942, states that "nothing in this Order shall be construed as affecting the present operation of the Fair Labor Standards Act," and since statutes and orders of the duly constituted authorities of the several states fixing minimum rates for certain types of workers carry out the true purposes and intent of the Fair Labor Standards Act, and are designed and intended to eliminate substandards of living within the meaning of section 2 of Title II of Executive Order No. 9250, the National War Labor Board hereby approves increases in wage and salary rates made in compliance with such statutes and orders, provided, however, that, if any changes in such statutes or orders are made or promulgated after April 8, 1943, increases directed thereby which would result in a wage or salary rate in excess of 50 cents per hour may not be made without the approval of the Board.

§ 809.980h *General Order No. 8.*

Exercising the authority vested in the National War Labor Board by Section 4001.14 of Part 4001, Regulations Relating to Wages and Salaries issued on October 27, 1942 by the Economic Stabilization Director and approved by the President, and deeming it necessary for the effective administration of the Act of Congress of October 2, 1942, the Board hereby determines that adjustments in any wages or salaries over which this Board has jurisdiction and which are paid in any territory or possession of the United States, except Alaska, are exempted from the operation of the said Regulations and therefore may be made without the approval of the Board.

§ 809.9801 *General Order No. 9.*

Adjustments in salaries totaling not in excess of $5,000 per annum.

I. *Jurisdiction of the National War Labor Board.* Section 4001.2 of Part 4001 "Regulations Relating to Wages and Salaries," issued on October 27, 1942 by the Economic Stabilization Director and approved by the President provides in part that the National War Labor Board "shall have authority to determine whether any * * * salary payments to an employee totaling in amount not in excess of $5,000 per annum where such employee

(a) In his relations with his employer is represented by a duly recognized or certified labor organization, or

(b) Is not employed in a bona fide executive, administrative or professional capacity, are made in contravention of the Act of Congress of October 2, 1942, or any ruling, orders or regulations promulgated thereunder."

In other words the Board has jurisdiction over the adjustment of salaries up to $5,000 a year, except for those employees employed in a bona fide executive, administrative or professional capacity who are not represented by duly recognized or certified unions.

Section 4001.7 of said regulations provides that "in the case of a salary rate of $5,000 or less per annum existing on the date of the approval of these regulations by the President" (namely, October 27, 1942) no increase shall be made without the prior approval of the Board.

The Board hereby defines what is meant by "employed in a bona fide executive, administrative or professional capacity". (For the convenience of employers and employees who have been accustomed to the practices prevailing under the Fair Labor Standards Act, these definitions have been taken from the regulations promulgated by the Wage and Hour Administrator, pursuant to section 13 (a) (1) of the Fair Labor Standards Act of 1938 (52 Stat. 1060), but no provisions of that act or of any regulations issued thereunder are in any way applicable to the regulations and orders of the National War Labor Board).

Executive. The term "employed in a bona fide executive capacity" shall mean any employee—

(A) Whose primary duty consists of the management of the establishment in which he is employed or of a customarily recognized department or subdivision thereof, and

(B) Who customarily and regularly directs the work of other employees therein, and

(C) Who has the authority to hire or fire other employees or whose suggestions and recommendations as to the hiring or firing and as to the advancement and promotion or any other change of status of other employees will be given particular weight, and

(D) Who customarily and regularly exercises discretionary powers, and

(E) Who is compensated for his services on a salary basis at not less than $30 per week (exclusive of board, lodging, or other facilities), and

(F) Whose hours of work of the same nature as that performed by employees not employed in an executive, administrative or profesional capacity do not exceed 20 percent of the number of hours worked in the workweek by the employees under his direction; provided that this subsection (F) shall not apply in the case of an employee who is in sole charge of an independent establishment or a physically separated branch establishment.

Administrative. The term "employed in a bona fide administrative capacity" shall mean any employee—

(A) Who is compensated for his services on a salary or fee basis at a rate of not less than $200 per month (exclusive of board, lodging, or other facilities), and

(B) (1) Who regularly and directly assists an employee employed in a bona fide executive or administrative capacity (as such terms are defined in these regulations), where such assistance is nonmanual in nature and requires the exercise of discretion and independent judgment; or

(2) Who performs under only general supervision, responsible nonmanual office or field work, directly related to management policies or general business operations, along specialized or technical lines requiring special training, experience, or knowledge, and which requires the exercise of discretion and independent judgment; or

(3) Whose work involves the execution under only general supervision of special nonmanual assignments and tasks directly related to management policies or general business operations involving the exercise of discretion and independent judgment; or

(4) Who is engaged in transporting goods or passengers for hire and who performs, under only general supervision, responsible outside work of a specialized or technical nature requiring special training, experience, or knowledge, and whose duties require the exercise of discretion and independent judgment.

Professional. The term "employed in a bona fide professional capacity" shall mean any employee who is—

(A) Engaged in work—

(1) Predominantly intellectual and varied in character as opposed to routine mental, manual, mechanical, or physical work, and

(2) Requiring the consistent exercise of discretion and judgment in its performance, and

(3) Of such a character that the output produced or the result accomplished cannot be standardized in relation to a given period of time, and

(4) Whose hours of work of the same nature as that performed by employees not employed in an executive, administrative or professional capacity do not exceed 20 percent of the hours worked in the workweek by such employees; provided that where such nonprofessional work is an essential part of and necessarily incident to work of a professional nature, this subsection (4) shall not apply, and

(5) (a) Requiring knowledge of an advanced type in a field of science or learning customarily acquired by a prolonged course of specialized intellectual instruction and study, as distinguished from a general academic education and from an apprenticeship, and from training in the performance of routine mental, manual, or physical processes; or

(b) Predominantly original and creative in character in a recognized field of artistic endeavor as opposed to work which can be produced by a person endowed with general manual or intellectual ability and training, and the result of which depends primarily on the invention, imagination, or talent of the employee, and

(B) Compensated for his services on a salary or fee basis at a rate of not less than $200 per month (exclusive of board, lodging, or other facilities); provided that this subsection (B) shall not apply in the case of an employee who is the holder of a valid license or certificate permitting the practice of law or medicine or any of their branches and who is actually engaged in the practice thereof.

II. *Effective date of the Board's jurisdiction.* Pursuant to § 4001.6 of the said regulations, increases in salaries which by written agreement executed on or before October 27, 1942, or by formal action communicated to the employees, on or before October 27, 1942, were made applicable to work done prior to October 27, 1942, do not come within the jurisdiction of the Board, notwithstanding such increases are first reflected in a payroll subsequent to October 27, 1942.

III. *Salary increases which do not require Board approval.* Subject to the requirements of General Order No. 31, salary adjustments may be made in salary rates of individual employees over which the Board has jurisdiction without the approval of the Board, if they are incident to the application of the terms of a salary agreement which existed previous to or has been approved since October 27, 1942, or incident to an established or approved salary rate schedule and are made as a result of:

(a) Individual promotions or reclassifications

(b) Individual merit increases within established rate ranges

(c) Operation of an established plan of salary increases based on length of service within established rate ranges

(d) Increased productivity under incentive plans

(e) Operation of an apprentice or trainee system, or

(f) Such other reasons, or circumstances as may be prescribed in orders, rulings, or regulations, promulgated under the authority of these regulations.

Salary adjustments made under this order shall not result in any appreciable increase of the level of production costs and shall not furnish a basis either to increase prices or to resist otherwise justifiable reductions in prices.

IV. *Exempt employers.* Pursuant to § 4001.11 of the said regulations salary adjustments made by employers who employ not more than eight individuals are exempted from the provisions of §§ 4001.6, 4001.7 and 4001.8 of the said regulations and may therefore be made without the approval of the National War Labor Board.

V. *Statutory salaries and wages.* The said regulations, pursuant to § 4001.13 thereof, are not applicable to any salary or wages paid by the United States, any state or political subdivision thereof, the District of Columbia, or any agency or instrumentality of any one or more of the foregoing where the amount of such salary or wages is fixed by statute. Adjustment in such salaries or wages may therefore be made without the approval of the National War Labor Board.

VI. *Decreases in salaries of less than $5,000 over which the National War Labor Board has jurisdiction as defined in section I of this order.* Pursuant to § 4001.7 of the said Regulations, no decrease in a salary rate paid to an employee for any particular work, and over which the National War Labor Board has jurisdiction as defined in section I of this order, may be made by the employer below the highest salary rate paid for such work between January 1, 1941 and September 15, 1942, without the prior approval of the Board.

(a) The straight time weekly or monthly rate being paid before an increase takes effect, and which, if paid over a period of 52 weeks would not exceed $5,000 a year is the basis of determining whether a salary is less than $5,000 for the purposes of General Order No. 9.

(b) A "duly recognized or certified labor organization" as set forth in subsection I (a) of General Order No. 9 means a labor organization representing some or all of the employees affected by the proposed adjustment which (1) is recognized by the employer as the representative of such employees in matters affecting wages or (2) has been certified by an appropriate government authority (a state agency or the National War Labor Relations Board) as the exclusive bargaining agent for some or all of the employees affected by the proposed adjustment.

§ 809.9801 *General Order No. 10.*

The payment to employees, whose wage or salary increases are subject to the jurisdiction of the National War Labor Board, of a bonus, fee, gift, commission or other form of compensation customarily paid to such employees in the past may be continued without the approval of the National War Labor Board provided that

(a) If in a fixed amount, the total amount so paid to an employee during the current bonus year does not exceed the total so paid to an employee for like work during the preceding bonus year, or

(b) If computed on a percentage, incentive or other similar basis, the rate and the method of computation are not changed in the current bonus year so as to yield a greater amount than that in the preceding bonus year, but a greater amount when resulting from the same rate and method of computation may be paid.

(a) *General Order No. 10–A.*

A bonus payment made by an employer to an employee severing his employment for the immediate purpose of entering the armed forces of the United States does not require the approval of the National War Labor Board.

(b) *Ruling of War Labor Board on payment of bonuses.*

On April 2, 1943, the National War Labor Board clarified its position on bonus payments by explaining that a bonus may not be paid without Board approval, if no bonus was paid in the year immediately preceding the proposed payment. The term "preceding bonus year" as used in General Order No. 10 has been interpreted to mean the year, calendar or fiscal, immediately preceding the year, calendar or fiscal, in which it is desired to pay a bonus. If no bonus was paid in the year immediately preceding, no bonus may be paid without Board approval.

§ 809.980k *General Order No. 11.*

To prevent hardships resulting from innocent action in the period of transition following the issuance of Executive Order No. 9250, dated October 3, 1942, and pursuant to the authority vested in the National War Labor Board by that Executive Order, it is hereby ordered that:

An employer who, on or prior to November 7, 1942, has in good faith given an increase in wages subject to the jurisdiction of the National War Labor Board without the prior approval of the National War Labor Board or exemption under its regulations may apply for approval of such increase on or before December 1, 1942. If satisfied that the employer made the increase in good faith and that the increase is consistent with Executive Order No. 9250, October 3, 1942, and should be approved, the National War Labor Board will make its approval retroactive to the date of the wage increase.

Except as herein provided, an increase which requires approval of the National War Labor Board must receive such approval before it is put into effect.

§ 809.9801 *General Order No. 12–B.*

General Order No. 12, adopted November 12, 1942, was revoked as of December 29, 1942. In its stead the procedures set forth in the Joint Statement of the National War Labor Board and the Commissioner of Internal Revenue, dated December 26, 1942 were adopted as General Order No. 12–A on January 6, 1943. General Order No. 12–A was revoked on May 25, 1943, and in its stead there was adopted, as General Order No. 12–B, the Joint Statement of the National War Labor Board and the Commissioner of Internal Revenue, dated May 25, 1943, and set forth hereinafter.

JOINT STATEMENT OF THE NATIONAL WAR LABOR BOARD AND THE COMMISSIONER OF INTERNAL REVENUE

On November 12, 1942, and December 26, 1942, the National War Labor Board and the Commissioner of Internal Revenue issued joint statements with respect to the procedure to be followed in making adjustments in salaries and wages of state, county, municipal and other non-federal governmental employees. It was stated that Congress in the Act of October 2, 1942, clearly intended that all employers and all employees would be covered by the national stabilization policy, and since millions of public employees are engaged in the same kind of work as private employees, the duty of public employers to conform to that policy is as plain as that of private employers. It was also stated that the Joint Committee on Salaries and Wages had been authorized to advise whether particular adjustments were in accordance with the national stabilization policy.

It is presumed that public employers will continue to cooperate as they have in the past and will not make adjustments in wages or salaries which would be in contravention of the national stabilization policy as expressed in Executive Order 9250 of October 3, 1942, and Executive Order 9328 of April 8, 1943, and the Economic Stabilization Director's policy directive of May 12, 1943. Adjustments will continue to be deemed approved without the necessity of filing certificates for the information of the Board or the Commissioner, and adjustments will neither be approved nor disapproved by the National War Labor Board or the Commissioner of Internal Revenue.

The Joint Committee on Salaries and Wages will continue to advise, when requested, as to the national stabilization policy. However, it should be understood that reliable advice relating to the national stabilization policy may also be obtained from the Regional War Labor Boards and the regional offices of the Bureau of Internal Revenue, as well as from the Commissioner of Internal Revenue in Washington and the National War Labor Board.

(a) On November 25, 1942, the National War Labor Board determined that General Order No. 12 applies to employees of the District of Columbia. It is therefore to be assumed that General Order No. 12–B likewise applies to such employees.

§ 809.980m *General Order No. 13.*

(a) Title III, section 3 of Executive Order No. 9250 of October 3, 1942, provides "The National War Labor Board shall permit * * * the Wage Adjustment Board for the Building Construction Industry * * * to continue to perform its functions * * * except insofar as any of them is inconsistent with the terms of this order." Pursuant thereto, the Wage Adjustment Board, constituted as hereinafter described, shall continue to perform the duty ascribed to it by Administrative Order No. 101, as amended, of the Secretary of Labor, and by the Wage Stabilization Agreement of May 22, 1942, between the Building and Construction Trades Department of the American Federation of Labor and Several Government Agencies, all in accordance with the further provisions of this order.

(b) The Wage Adjustment Board for the Building Construction Industry shall consist of nine members, of whom three shall represent Labor, three shall represent industry, and three, including the Chairman, shall represent the public.

(c) Applications for approval of revision of rates subject to the Wage Stabilization Agreement of May 22, 1942, which revision would otherwise require the approval of the National War Labor Board, shall be submitted for approval to the Wage Adjustment Board. In acting upon such applications, the Wage Adjustment Board shall be subject both to the provisions of the Wage Stabilization Agreement of May 22, 1942, and to the requirements of the national wage stabilization program, as set forth in paragraph (f) hereof.

(d) The Wage Adjustment Board for the Building Construction Industry shall, in addition to the powers set forth in paragraphs (a) and (c) hereof, have jurisdiction over labor disputes and voluntary wage or salary adjustments involving persons employed in the building construction industry (as hereinafter defined) who are not subject to the Wage Stabilization Agreement of May 22, 1942. The Wage Adjustment Board shall have power, subject to review by the National War Labor Board as provided in paragraph (k) hereof, (1) to hear, and issue directive orders, in labor dispute cases, and (2) to make final rulings on voluntary wage and salary adjustments requiring the approval of the National War Labor Board.

(e) The jurisdiction of the Wage Adjustment Board hereunder shall, as heretofore, be limited to mechanics and laborers in the building and construction industry employed directly upon the site of the work.

(f) In the performance of its duties hereunder, the Wage Adjustment Board, in addition to all pertinent policies of the National War Labor Board and the Director of Economic Stabilization, heretofore or hereafter announced, shall conform to the following principles and to any modification thereof hereafter promulgated by the National War Labor Board:

(1) General considerations. In acting upon revision of wage rates, in dispute or voluntary cases, the Wage Adjustment Board is subject both to the provisions of the Wage Stabilization agreement of May 22, 1942, and to the requirements of the national wage stabilization policy. Approvable adjustments in such rates must meet both sets of requirements.

(2) Sound and tested rates. The provisions of the May 12 supplement to Executive Order No. 9328 with respect to "brackets of sound and tested going rates" are inapplicable to the Building Construction Industry.

(3) Little Steel. The Little Steel formula, as heretofore defined by the National War Labor Board, shall be applied by the Wage Adjustment Board in the following manner:

(i) No employee or group of employees is entitled automatically to a Little Steel adjustment.

(ii) Generally, employees enjoying relatively high rates of pay should receive a smaller percentage adjustment than those receiving lower rates of pay.

(iii) In applying the Little Steel formula to the wage rates for a particular craft, some or all of the full 15% otherwise allowable should be withheld where allowance for the full amount would have an unstabilizing effect on wages in the industry or area. This limitation should be invoked when the wage rates of the employees involved are relatively high compared to the wage rates of other employees in related work, and when the formula is applied to individual occupational groups in the highest wage brackets.

(iv) No adjustment may be made which is in excess of the amount allowable under the Little Steel formula notwithstanding that the final rate resulting is below an appropriate Davis-Bacon rate.

(4) Substandards. The Wage Adjustment Board may approve adjustments which are "clearly necessary to correct substandards of living", in accordance with the provisions of Executive Order No. 9328 and the May 12 Supplement.

(5) Critical needs of war production. In rare and unusual cases adjustments not permissible within the above principles, which are, in the opinion of the Wage Adjustment Board, necessary to the critical needs of war production, shall be submitted through the National War Labor Board for the approval of the Economic Stabilization Director.

(g) In the handling of dispute cases, the Wage Adjustment Board shall comply with all appropriate provisions of the "Jurisdiction and Procedure of Regional War Labor Boards," of April 15, 1943, as amended and with the "Rules for Conduct of Hearings Under the War Labor Disputes Act", and all other pertinent rules of procedure of the National War Labor Board that may be hereafter announced.

(h) In accordance with the requirements of Executive Orders No. 9250 and 9328 and the Supplement thereto of May 12, 1943, issued by the Director of Economic Stabilization, any wage or salary adjustment approved or order by the Wage Adjustment Board "which may furnish the basis either to increase price ceilings or to resist otherwise justifiable reductions in price ceilings," or, if no price ceilings are involved, which may increase the costs to the government of a product or service being furnished under a procurement contract, shall become effective only if also approved by the Director of Economic Stabilization. Notice to this effect shall be contained in all rulings and orders requiring this approval which are issued by the Wage Adjustment Board.

(i) All applications for the revision or adjustment of wage rates within the jurisdiction of the Wage Adjustment Board shall be filed directly with the Wage Adjustment Board, Washington, D. C. Requests for the revision of wage rates subject to the Wage Stabilization Agreement of May 22, 1942, which are presented by local labor organizations affiliated with the Building and Construction Trades Department of the American Federation of Labor, shall be filed only with the approval of the international or national labor organization, and shall be submitted through and approved by the Building and Construction Trades Department of the American Federation of Labor.

(j) (1) All applications for the voluntary adjustment or revision of wage rates shall contain, or the Wage Adjustment Board shall, before acting on the application, procure, a statement by the employer as to whether the adjustment or revision if approved (i) may furnish the basis to increase price ceilings or (ii) may furnish the basis for application by the employer for an increase to the government in the price of any product or service. If the statement is in the affirmative as to (i), the Wage Adjustment Board shall send to the Office of Price Administration a copy of the application and a copy of its ruling at the time of issuance thereof. If the statement is in the affirmative as to (ii) and an adjustment of the type that requires the approval of the Economic Stabilization Director is approved by the Wage Adjustment Board, the Wage Adjustment Board shall send to the appropriate procurement agency of the government a copy of its ruling at the time of issuance thereof.

(2) In any wage dispute case where it appears that the wage adjustment recommended or ordered may furnish the basis to increase price ceilings the Wage Adjustment Board shall send to the Office of Price Administration a copy of the recommendation of its panel or hearing officer at the time of its transmittal to the parties and of its directive order when issued. In any wage dispute case where it appears that the wage adjustment ordered may furnish the basis for an application by the employer for an increase to the government in the price of any product or service and the adjustment is of the type that requires the approval of the Economic Stabilization Director the Wage Adjustment Board shall send to the appropriate procurement agency of the government a copy of its directive order when issued.

(3) In all cases where the approval of the Director of Economic Stabilization is required, the Wage Adjustment Board shall, after its ruling or order is issued, send the case to the National War Labor Board for transmittal to the Director of Economic Stabilization. The Wage Adjustment Board shall, upon being notified, advise the parties of the action taken by the Office of Price Administration or by the Director of Economic Stabilization.

(k) All rulings of the Wage Adjustment Board on wage and salary adjustments, and all directive orders of the Wage Adjustment Board in dispute cases, shall have the same effect, and be subject to the same provisions for stay and review by the National War Labor Board, as rulings and orders of the Regional War Labor Boards, as set forth in section VII of the "Jurisdiction and Procedure of Regional War Labor Boards," as amended § 809.979 (k)).

(l) The Wage Adjustment Board shall transmit regularly to the National War Labor Board copies of its decisions and rulings hereunder, which, when issued, shall be made available to the public, and such additional data and reports as the National War Labor Board may from time to time require.

§ 809.980n *General Order No. 14.* General Order No. 14, adopted by the National War Labor Board on November 24, 1942, was amended on August 17, 1943, to read as follows:

Authorization to the War Department to Pass on Wage and Salary Adjustments for Designated Civilian Employees. (A) The National War Labor Board hereby delegates to the Secretary of War, to be exercised on his behalf by the Wage Administration Section within the Industrial Personnel Division, Headquarters, Army Service Forces (hereinafter referred to as the "War Department Agency"), the power to rule upon all applications for wage and salary adjustments (insofar as approval thereof has been made a function of the National War Labor Board) covering civilian employees within the continental limits of the United States, employed by

(1) The War Department.

(2) The Army Exchange Service, and

(3) Government-owned privately operated facilities of the War Department,

all in accordance with the further provisions of this Order.

(B) There shall be a standing tripartite Appeals Committee, to consist of two representatives to be appointed by the War Department Agency and two representatives each of industry and labor to be appointed by the National War Labor Board. The Committee may have such assistants as the Board may designate. The Board hereby delegates to the Appeals Committee the power to pass upon appeals from rulings by the War Department Agency under category A (3) above, and to perform such other duties as are hereinafter prescribed.

(C) In the performance of their respective duties the War Department Agency and the Appeals Committee shall comply with the terms of Executive Order No. 9250, dated October 3, 1942, Executive Order No. 9328, dated April 8, 1943, the Supplementary Directive of May 12, 1943, and all general orders and policies of the National War Labor Board announced thereunder.

Any wage or salary adjustment approved by the Agency "which may increase production costs above the level prevailing in comparable plants or establishments" shall become effective only if also approved by the Director of Economic Stabilization. Notice to this effect shall be contained in all rulings and orders issued by the War Department Agency in wage cases.

Applications for approval of voluntary wage adjustments within the jurisdiction of the War Department Agency shall state whether or not the adjustment if granted may increase production costs above the level prevailing in comparable plants or establishments. If the answer is in the affirmative, the War Department Agency shall send to the War Labor Board for processing to the Office of the Director of Economic Stabilization a copy of the application and a copy of its ruling at the time of issuanse thereof, for approval as mentioned above.

The War Department Agency, without making an initial ruling thereon, may refer to the Board for decision by the Board any case which in the opinion of the Agency presents doubtful or disputed questions of sufficient seriousness and import to warrant direct action by the Board.

(D) The War Department Agency and the Appeals Committee shall transmit to the Wage Stabilization Division of the National War Labor Board copies of their respective rulings and rules of procedure as they are issued. In administering the provisions of this order the Agency shall also tranamit monthly reports of its rulings to the Wage Stabilization Director of the National War Labor Board, and such additional data as said Division or the Board may from time to time deem necessary.

(E) Any ruling by the War Department Agency hereunder shall be final, subject

(1) To the National War Labor Board's ultimate power to review rulings on its own initiative, and

(2) In cases under category A (3) above, to the right of any aggrieved party, within a period of fourteen days after the issuance of the ruling, to file an appeal with the Appeals Committee.

(F) Any ruling by the Appeals Committee hereunder shall be final, subject

(1) To the National War Labor Board's ultimate power to review rulings on its own initiative, and

(2) To the right of any aggrieved party, including the War Department within a period of fourteen days after the issuance of the ruling, to petition the National War Labor Board for leave to appeal to the Board. The burden shall be upon the petitioner in such cases to show why the Board should be called upon to act.

(G) Any ruling by the War Department Agency hereunder shall be deemed to be the Act of the National War Labor Board unless and until reversed or modified by the Appeals Committee or by the Board.

(H) The term "government-owned, privately-operated facilities of the War Department" shall include for the purposes of this Order only those facilities (1) in which the War Department has contractual responsibility for the approval of pay roll costs, and (2) which are designated in lists furnished from time to time, to the Board by the War Department Agency. The Board may at any time, upon at least seven days' notice to the War Department Agency, strike from the list any facility if the Board believes that the policies of Executive Order No. 9017, Executive Order No. 9250, Executive Order No. 9328, or the Supplementary Directive of May 12, 1943, will be furthered by the Board's acting directly upon the wage and salary adjustments of such facility.

(I) Where disputes about wages and salaries arise between the private operators of said facilities and their employees, the following procedure shall be followed. The dispute shall first be referred for negotiation to the U. S. Conciliation Service. If an agreement is reached, that portion of the agreement pertaining to wages shall be submitted to the War Department Agency for approval. If no agreement is reached, the dispute shall be referred for decision to the appropriate Regional Board, subject to the regular rules of procedure of the National War Labor Board. At the same time, the War Department Agency shall be notified of the dispute and the nature of the case. On its own initiative the Agency may request the Regional Board for any further information concerning the case. When a decision has been reached by the Regional Board, copies of the Board's decision shall be sent to the War Department Agency and the Wage Stabilization Director of the National War Labor Board at the same time that copies are sent to the parties in the dispute. Within the fourteen day period allowed for filing a petition for review, the War Department Agency may request a review of the case according to the rules of procedure, as amended, of the National War Labor Board.

(a) *Appeals Committee.* The standing tripartite Appeals Committee consists of:

For the War Department: Col. W. F. Volandt, assistant chief of staff, Army Air Forces, and Col. Ralph L. Hart, executive assistant to the Chief of Field Services, Ordnance Department.

For labor: John Brophy, director of industrial union councils of the CIO, and Fred Hewett, editor of the International Association of Machinists (AFL) Journal.

For industry: Clarence Skinner, Washington manager of the Automotive Parts and Equipment Manufacturers Association, and Henry S. Woodbridge, assistant to the president of the American Optical Co.

(b) *Government-owned, privately operated facilities.* The following Government-owned, privately operated facilities are embraced within the delegation to the War Department Agency:

Government-Owned, Privately Operated Ordnance Facilities

Alabama Ordnance Works #1 and 2, Sylacauga, Ala.
Allegany Ordnance Plant, Cumberland, Md.
Arkansas Ordnance Plant, Jacksonville, Ark.
Badger Ordnance Works, Baraboo, Wis.
Baytown Ordnance Works, Baytown, Tex.
Bluebonnet Ordnance Plant, McGregor, Tex.
Buckeye Ordnance Works, Ironton, Ohio.
Cactus Ordnance Works, Dumas, Tex.
Cherokee Ordnance Works, Danville, Pa.
Chickasaw Ordnance Plant, Millington, Tenn.
Coosa River Ordnance Plant, Talladego, Ala.
Cornhusker Ordnance Plant, Grand Island, Nebr.
Denver Ordnance Plant, Denver, Colo.
Des Moines Ordnance Plant, Des Moines, Iowa.
Dixie Ordnance Works, P. O. Box 1643, Monroe, La.
Dixon Gun Plant, Houston, Tex.
Eau Claire Ordnance Plant, Eau Claire, Wis.
Evansville Ordnance Plant, Evanville, Ind.
Elwood Ordnance Plant, Joliet, Ill.
Gadsden Ordnance Plant, Gadsden, Ala.
Gopher Ordnance Works, St. Paul, Minn.
Green River Ordnance Plant, Dixon, Ill.
Gulf Ordnance Plant, Aberdeen, Miss.
Holston Ordnance Works, Kingsport, Tenn.
Hoosier Ordnance Plant, Charlestown, Ind.
Illinois Ordnance Plant, Carbondale, Ill.
Indiana Ordnance Works, Charlestown, Ind.
Iowa Ordnance Plant, Burlington, Iowa.
Jayhawk Ordnance Works, Pittsburg, Kans.
Kankakee Ordnance Works, Joliet, Ill.
Kansas Ordnance Plant, Parsons, Kans.
Kentucky Ordnance Works, Paducah, Ky.
Keystone Ordnance Works, Meadville, Pa.
Kingsbury Ordnance Plant, LaPorte, Ind.
Kings Mill Ordnance Plant, Kings Mill, Ohio.
Lake City Ordnance Plant, Independence, Mo.
Lake Ontario Ordnance Works, Youngstown, N. Y.
Lone Star Ordnance Plant, Texarkana, Tex.
Longhorn Ordnance Works, Marshall, Tex.
Lordstown Ordnance Depot, Warrentown, Ohio.
Louisiana Ordnance Plant, Shreveport, La.
Lowell Ordnance Plant, Lowell, Mass.
Maumelle Ordnance Works, Little Rock, Ark.
Milwaukee Ordnance Plant, Milwaukee, Wis.
Missouri Ordnance Works, Louisiana, Mo.
Morgantown Ordnance Works, Morgantown, W. Va.
Nebraska Ordnance Plant, Fremont, Nebr.
New River Ordnance Plant, Pulaski, Va.
New York Ordnance Works, Baldwinsville, N. Y.
Oak Ordnance Plant, Decatur, Ill.
Ohio River Ordance Works, Henderson, Ky.
Oklahoma Ordnance Works, Tulsa, Okla.
Ozark Ordnance Works, El Dorado, Ark.
Pantex Ordnance Plant, Amarillo, Tex.
Pennsylvania Ordnance Works, Williamsport, Pa.
Pilgrim Ordnance Works, West Hanover, Mass.
Plum Brook Ordnance Works, Sandusky, Ohio.
Radford Ordnance Works, Radford, Va.
Ravenna Ordnance Plant, Apco, Ohio.
Rossford Ordnance Depot, Toledo, Ohio.
St. Louis Ordnance Plant, St. Louis, Mo.
Sangamon Ordnance Plant, Springfield, Ill.
Scioto Ordnance Plant, Marion, Ohio.
Sunflower Ordnance Works, Lawrence, Kans.
Twin Cities Ordnance Plant, Minneapolis, Minn.
Utah Ordnance Plant, Salt Lake City, Utah.
Vigo Ordnance Plant, Terre Haute, Ind.
Volunteer Ordnance Works, Chattanooga, Tenn.
Wabash River Ordnance Works, Newport, Ind.
Weldon Spring Ordnance Works, Weldon Spring, Mo.
West Virginia Ordnance Works, Point Pleasant, W. Va.
Wolf Creek Ordnance Plant, Milan, Tenn.

Government-Owned, Privately Operated Army Air Forces Facilities

Government Plant No. 1, Martin, Omaha, Nebr.
Government Plant No. 2, North American, Kansas City, Kans.
Government Plant No. 3, Douglas, Tulsa, Okla.
Government Plant No. 4, Consolidated, Ft. Worth, Tex.
Government Plant No. 5, Douglas, Oklahoma City, Okla.
Government Plant No. 6, Bell, Marietta, Ga.
Government Plant No. 7, Fisher Body, Cleveland, Ohio.
Government Plant No. 8, Douglas, Chicago, Ill.
Modification Center No. 1, Douglas, Daggett, Calif.
Modification Center No. 2, Consolidated, Tucson, Ariz.
Modification Center No. 3, Lockheed, Dallas, Tex.
Modification Center No. 4, North American, Kansas City, Kans.
Modification Center No. 5, Curtiss-Wright, Buffalo, N. Y.
Modification Center No. 6, Republic, Evansville, Ind.
Modification Center No. 7, Bell, Niagara Falls, N. Y.
Modification Center No. 8, Martin, Omaha, Nebr.
Modification Center No. 9, Vultee, Louisville, Ky.
Modification Center No. 10, United Airlines, Cheyenne, Wyo.
Modification Center No. 11, Northwest Airlines, Vandalia, Ohio.
Modification Center No. 12, Northwest Airlines, St. Paul, Minn.

Non-Manual Employees Employed on the following Fixed-Fee Engineers Projects Are Embraced Within the Delegation to the War Department Agency—Projects and Nearest City

Ainsworth Airfield, Ainsworth, Nebr.
Air Support Command Base, Colorado Springs, Colo.
Alabama Ordnance Works, Sylacauga, Ala.
Alexandria, Q. M. Depot, Alexandria, Va.
Allegany Ordnance Works, Cumberland, Md.
Alliance Glider Base, Alliance, Nebr.
Alterations and Additions to Existing Laundry, Chatham, Mass.
Alterations and Additions to Existing Laundry, Falmouth, Mass.
American Locomotive Company, Schenectady, N. Y.
Anacostia—Dalecarlia Reproduction Plant, Washington, D. C.
Anniston Ordnance Depot, Anniston, Ala.
Arlington Hall Station, Arlington, Va.
Army Airforce Advanced Flying School, La-Junta, Colo.
Army Airforce First Concentration Command, Halls, Tenn.
Army Airforce Storage Depot, Columbus, Ohio.

Paving Program	APO 726
Paving Program	APO 980
Paving Program	APO 986
Harbor Improvements	APO 726

§ 809.980o *General Order No. 15.*

Where under the provisions of a bona fide collective agreement there has been established an impartial chairman, umpire, or arbitrator whose duties include the fixing of rates for new jobs, his decisions so rendered need not be submitted for approval to the National War Labor Board, provided that:

(1) The rate or rate range for each new job shall be fixed in an amount which is directly related to and in balance with the established rates or rate ranges of the other jobs covered by the agreement, and shall bear the same relations to rates or rate ranges for similar classifications in the area as the rates or rate ranges set forth in the agreement bear to comparable rates or rate ranges in the area.

(2) A bi-weekly report of rates so fixed shall be transmitted to the Division of Review, Analysis and Research of the National War Labor Board together with sufficient information to establish the aforesaid relationship and balance.

(3) Such decisions shall be subject to the Board's ultimate power of review but any modification or reversal thereof will not be retroactive.

(4) The establishment of such rates should not result in any substantial increase of the level of costs and shall not furnish a basis either to increase price ceilings of the commodity or service involved or to resist otherwise justifiable reductions in such price ceilings.

§ 809.980p *General Order No. 16.*

Adjustments which equalize the wage or salary rates paid to females with the rates paid to males for comparable quality and quantity of work on the same or similar operations, and adjustments in accordance with this policy which recognize or are based on differences in quality or quantity of work performed, may be made without approval of the National War Labor Board, provided that:

(1) Such adjustments shall be subject to the Board's ultimate power of review, but any modification or reversal thereof will not be retroactive;

(2) Such adjustments shall not furnish a basis either to increase price ceilings of the commodity or service involved or to resist otherwise justified reductions in such price ceilings.

(a) *Reporting of adjustments.* Adjustments under this order of wage and salary rates of females employed in facilities embraced within the delegation provided for in General Order No. 14 (§ 809.980n) should be reported to the Wage Administration Section within the Civilian Personnel Division, Headquarters, Army Service Forces.

(b) *Interpretation No. 1 to General Order No. 16.*

Interpretation No. 1 to General Order No. 16. Wage adjustments required by State statutes which prohibit wage discrimination between the sexes are "adjustments which equalize the wage or salary rates paid to females with the rates paid to males for comparable quality and quantity of work on the same or similar operations" within the meaning of General Order No. 16, and may be made without approval of the National War Labor Board.

(c) *Effect of Executive Order No. 9328 on General Order No. 16.* General Order No. 16 has neither been impaired nor amended as a result of Executive Order No. 9328. It remains in full force and effect. (Letter from National War Labor Board Chairman to Secretary of Labor, made public June 4, 1943.)

§ 809.980q *General Order No. 17.*

(a) The National War Labor Board authorizes the Office of Price Administration in establishing area pay scales for its local board clerks to apply in each area the appropriate area pay scale set forth in the instructions contained in its Field Administrative Letter No. 7, Revised, Supplement Number 1; provided, however, that before any such pay scale is made effective it must be certified by the Regional Director of the National War Labor Board that the pay scale appropriate to the area has been properly chosen in accordance with the provisions of said instructions.

(b) Upon approval by the Regional Director the new rates shall apply to all new appointments, promotions, demotions, transfers, and replacements, but they shall not be applied to reduce the rates of pay of present employees in their present positions.

(c) The Office of Price Administration shall file with the Board's appropriate Regional Office copies of any proposed changes in area pay scales, and shall supply any other information or reports the Board may require.

(d) The Regional Director is hereby authorized to approve such proposed changes in area pay scales, when so filed, unless he finds them inconsistent with Executive Order 9250 and the policies and orders of the National War Labor Board. His action on such proposed changes shall be subject to the review provided in the Board's "Procedure in Cases of Voluntary Applications for Wage Adjustments by Private Employers."

§ 809.980r *General Order No. 18.*

(a) The National War Labor Board hereby delegates to the Secretary of the Navy, to be exercised in his behalf by the Office of the Assistant Secretary of the Navy (hereinafter referred to as "The Navy Department Agency"), power to rule upon all applications for wage and salary adjustments (insofar as approval thereof has been made a function of the National War Labor Board), covering civilian employees within the continental limits of the United States and Alaska, employed directly by the Navy Department (but excluding persons employed in government owned, privately operated facilities of the Navy Department), all in accordance with the further provisions of this order.

(b) In performance of its duties hereunder the Navy Department Agency shall comply with the terms of Executive Order No. 9250, dated October 3, 1942, Executive Order No. 9328, dated April 8, 1943, the supplementary directive of May 12, 1943, and all general orders and policies of the National War Labor Board, announced thereunder.

Any wage or salary adjustment approved by the Agency "which may increase the production costs above the level prevailing in comparable plants or establishments" shall become effective only if also approved by the Director of Economic Stabilization. Notice to this effect shall be contained in all rulings issued by the Navy Department Agency hereunder.

Applications for approval of voluntary wage adjustments within the jurisdiction of the Navy Department Agency shall state whether or not the adjustment if approved may increase the production costs above the level prevailing in comparable plants or establishments. If the answer is in the affirmative, the Navy Department Agency shall send to the National War Labor Board for processing to the Office of the Director of Economic Stabilization a copy of the application and a copy of its ruling at the time of issuance thereof, for approval as mentioned above.

The Navy Department Agency, without making an initial ruling thereon, may refer to the National War Labor Board for decision, any case in which the opinion of the Agency presents doubtful or disputed questions of sufficient seriousness and import to warrant direct action by the Board.

(c) The Navy Department Agency shall, so far as is practicable, utilize the information and data of the National War Labor Board or the several Regional War Labor Boards in the determination of area rates in accordance with the wage rate brackets established by the Regional War Labor Boards.

(d) The Navy Department Agency shall transmit to the Wage Stabilization Division of the National War Labor Board copies of its rulings and rules of procedure, if any, and such additional data and reports as said Division or the Board may from time to time deem necessary.

(e) Any ruling by the Navy Department Agency or the Secretary of the Navy, hereunder shall be final, subject to the National War Labor Board's ultimate power to review rulings on its own initiative.

(f) Any ruling by the Navy Department Agency or the Secretary of the Navy hereunder shall be deemed to be the act of the National War Labor Board, unless and until reversed or modified by the Board. Any such order of reversal or modification shall allow a period of two weeks from the date of the Board's order within which to comply with the order.

§ 809.980s *General Order No. 19.*

(a) The Board of Governors of the Federal Reserve System and any of the twelve Federal Reserve Banks, which proposes to make adjustments in the salaries or wages of their employees not fixed by statute, which would otherwise require the prior approval of the National War Labor Board, may make such adjustment on certification to the Board that the adjustment is necessary to correct maladjustments or gross inequities, as permitted by the national wage and salary stabilization policy.

(b) A certificate by the official authorizing the adjustments, stating the nature and amount of such adjustment and briefly setting forth the facts meeting the foregoing requirement will be accepted by the Board as sufficient evidence of the propriety of the adjustment, subject to review by the Board. Modification by the Board of adjustments made pursuant hereto shall not be retroactive.

(c) In the case of adjustments made hereunder by any of the twelve Federal Reserve Banks, the certificate above mentioned shall, prior to transmittal to the Joint Committee hereafter described, be transmitted to and shall be subject to the approval of the Board of Governors of the Federal Reserve System.

(d) The certificate prescribed herein, together with four (4) copies thereof, shall be filed promptly with the Committee established by joint action of the National War Labor Board and the Commissioner of Internal Revenue, namely, the Joint Committee on Salaries and Wages, Room 5406, Department of Labor Building, Washington, D. C., which will forward the same to the Board or Commissioner, as the case may require.

(e) The certification procedure shall not apply to any adjustment which would raise salaries or wages beyond the minimum non-inflationary going rates for similar occupational groups in the labor market area.

§ 809.980t *General Order No. 20.*

(a) The United States Employment Service or any of its state administrative offices which proposes to make adjustments in the salaries or wages of its employees not fixed by statute, which would otherwise require the prior approval of the National War Labor Board, may make such adjustment on certification to the Board that the adjustment is necessary to correct maladjustments or gross inequities, as permitted by the national wage and salary stabilization policy.

(b) A certificate by the appropriate official of the United States Employment Service stating the nature and amount of such adjustment, and briefly setting forth the facts meeting the foregoing requirement, will be accepted by the Board as sufficient evidence of the propriety of the adjustment, subject to review by the Board. Modification by the Board of adjustments made by the United States Employment Service or one of its state administrative offices acting pursuant hereto shall not be retroactive.

(c) The certificate prescribed herein, together with four copies thereof, shall be filed promptly with the committee established by joint action of the National War Labor Board and the Commissioner of Internal Revenue, namely, the Joint Committee on Salaries and Wages, Room 5406, Department of Labor Building, Washington, D. C., which will forward the same to the Board or the Commissioner, as the case may require.

(d) The certification procedure shall not apply to any adjustment which would raise salaries or wages beyond the minimum non-inflationary going rates for similar occupational groups in the labor market area.

§ 809.980u *General Order No. 21.*

(a) The National War Labor Board hereby delegates to the Secretary of the Interior, to be exercised on his behalf by the Special Adviser on Labor Relations to the Secretary of the Interior (hereinafter referred to as the Interior Department Agency), the power to approve or disapprove all applications for wage and salary adjustments (insofar as approval thereof has been made a function of the National War Labor Board) covering employees of the Interior Department within the continental limits of the United States and Alaska whose wages or salaries are not fixed by statute, all in accordance with the further provisions of this order.

(b) In the performance of its duties hereunder the Interior Department Agency shall comply with the terms of Executive Order 9250, dated October 3, 1942 and any other General Order or policy of the National War Labor Board heretofore or hereafter issued thereunder. The Interior Department Agency, without making an initial ruling thereon may refer to the Board, for decision by the Board, any case which in the opinion of the agency presents doubtful or disputed questions of sufficient seriousness and import to warrant direct action by the Board.

(c) The Interior Department Agency shall transmit to the Review and Analysis Division of the National War Labor Board copies of its rulings, and rules of procedure, if any, as they are issued, and such additional data and reports as said Division or the Board may from time to time deem necessary.

(d) Any ruling by the Interior Department Agency hereunder shall be deemed to be the act of the National War Labor Board and shall be final subject to the National War Labor Board's ultimate power to review rulings on its own initiative, and to reverse or modify the same. Any such order of reversal or modification shall not be retroactive and shall allow the Interior Department Agency a period of two weeks from the date of the Board's order, within which to comply with the order.

(e) Nothing herein contained shall be construed as affecting the advisory duties and functions of the following Wage Boards heretofore constituted by order of the Secretary of the Interior and any similar Boards so constituted in the future:

(1) Boulder Canyon Project Wage Board.
(2) Columbia Basin Project Wage Board.
(3) Central Valley Project Wage Board.
(4) Parker Dam Power Project Wage Board.
(5) Boulder City Experiment Station Wage Board.

§ 809.980v *General Order No. 22.*

(A) No clause contained in any labor agreement, commonly known as an "escalator clause", relating to wages or salaries subject to the jurisdiction of the National War Labor Board, regardless of when the agreement was made, which provides for an adjustment in wage rates after October 3, 1942, or an adjustment in salary rates after October 27, 1942 because of changes in the cost of living, shall be enforced, where such adjustment would result in rates in excess of fifteen per cent above the average straight time hourly rates or equivalent salary rates prevailing on January 1, 1942.

(B) Adjustments within the fifteen per cent limit must be submitted for approval by the Board in the usual manner.

§ 809.980w *General Order No. 23.*

General Order No. 23, adopted by the National War Labor Board on December 18, 1942, was revoked on May 14, 1943. In its place the following order was adopted.

(a) The Territory of Alaska is hereby made a part of Region XII of the National War Labor Board. Approval of voluntary applications for wage and salary adjustments and dispute cases arising within the Territory of Alaska shall be processed as hereinafter provided.

(b) The Territorial Representative of the Wage and Hour and Public Contracts Division of the United States Department of Labor shall receive all requests for rulings and applications for approval of voluntary wage and salary adjustments insofar as such matters are within the jurisdiction of the National War Labor Board.

(c) There is hereby created within the Territory of Alaska a Branch Office of the Regional War Labor Board for Region XII.

(d) There shall be appointed a Wage Stabilization Director within the Territory of Alaska, who shall exercise the same authority within the territory as that exercised by the Wage Stabilization Director in Region XII.

(e) There shall be appointed a Regional Attorney and Disputes Director within the Territory of Alaska, who shall exercise the same authority within the territory as that exercised by the Regional Attorney and Disputes Director in Region XII. As Disputes Director, he shall have authority to set up tripartite panels for hearings on dispute cases, the recommendations of the panels to be sent to the Twelfth Regional Board for approval or disapproval.

(f) Any ruling of the Regional War Labor Board, Region XII, shall be final, subject to the National War Labor Board's ultimate power to review rulings on its own initiative. No action of the National War Labor Board with respect to rulings of said Regional War Labor Board shall be retroactive.

(g) Disputes arising in the Territory of Alaska shall, unless otherwise directed by the National War Labor Board, be referred to the Regional War Labor Board for Region XII.

(h) Jurisdiction and Procedure for Regional War Labor Boards shall be applicable to the Branch Office of the Regional War Labor Board for Region XII, except that owing to difficulties of communication and transportation, time limitations may be relaxed in case of necessity.

§ 809.980x *General Order No. 24.*

(a) The National War Labor Board hereby delegates to the Secretary of Agriculture, to be exercised on his behalf by the Director of Personnel of the Department of Agriculture (hereafter referred to as Agriculture Department Agency), the power to approve or disapprove all applications for wage and salary adjustments (insofar as approval thereof has been made a function of the National War Labor Board) covering employees of the Department of Agriculture, and employees of instrumentalities of the Department of Agriculture, within the continental limits of the United States and Alaska whose wages and salaries are not fixed by statute, including

(1) Employees and members of Agricultural Conservation Committee.

(2) Employees under cooperative agreements.

(3) Employees of agencies under supervision of the Farm Credit Administration, and

(4) Persons engaged in the administration of marketing agreements, orders, and licenses.

all in accordance with the further provisions of this order.

(b) In the performance of its duties hereunder, the Agriculture Department Agency shall comply with the terms of Executive Order 9250, dated October 3, 1942 and any General Order or policy of the National War Labor Board heretofore or hereafter issued thereunder. The Agriculture Department Agency, without making an initial ruling thereon, may refer to the Board, for decision by the Board, any case which, in the opinion of the Agency presents doubtful or disputed questions of sufficient seriousness and import to warrant direct action by the Board.

(c) The Agriculture Department Agency shall transmit to the Review and Analysis Division of the National War Labor Board monthly reports of its rulings, and copies of its rules of procedure, if any, as they are issued, and such additional data and reports as said Division or the Board may from time to time deem necessary.

(d) Any ruling by the Agriculture Department Agency hereunder shall be deemed to be the act of the National War Labor Board and shall be final, subject to the National War Labor Board's ultimate power to review rulings on its own initiative, and to reverse or modify the same. Any such order of reversal or modification shall not be retroactive and shall allow the Agriculture Department Agency a period of two weeks from the date of the Board's order, within which to comply with the order.

§ 809.980y *General Order No. 25–A.*

General Order No. 25, adopted on December 22, 1942, is hereby revoked. In its place, the following Order is adopted:

(a) The National War Labor Board in accordance with the further provisions of this Order hereby delegates to the Board of Directors of the Tennessee Valley Authority the power to approve or disapprove all applications for adjustments of wages and salaries (insofar as approval thereof has been made a function of the National War Labor Board) of employees of the Tennessee Valley Authority; also applications to equalize the wages and salaries of laborers and mechanics while actually employed by contractors in performing contracts with the Tennessee Valley Authority within paragraph 2 section 3 of the Tennessee Valley Authority Act, as amended, with the wages and salaries of like employees of the Tennessee Valley Authority.

(b) In the performance of its duties hereunder, the Board of Directors of the Tennessee Valley Authority shall comply with Executive Order 9250, dated October 3, 1942, Executive Order 9328, dated April 8, 1943, the supplement thereto issued by the Director of Economic Stabilization on May 12, 1943, and all principles and policies of the National War Labor Board and the Director of Economic Stabilization heretofore or hereafter announced. In ruling on applications for adjustments of wages and salaries of laborers and mechanics employed by contractors, it shall approve them only if they fix the same wages and salaries for such employees as for the employees of the Tennessee Valley Authority performing like work. Disapproval of an application on the ground that it does not fix such equal wages and salaries shall not preclude application through other channels of the National War Labor Board. The Board of Directors of the Tennessee Valley Authority, without making an initial ruling thereon may refer to the National War Labor Board, for decision by the Board, any application which in its opinion presents doubtful or disputed questions of sufficient seriousness and import to warrant direct action by the Board.

(c) The Board of Directors of the Tennessee Valley Authority shall transmit to the Review and Research Division of the National War Labor Board copies of its rulings, and rules of procedure, if any, as they are issued, and such additional data and reports as said Division or the Board may from time to time deem necessary.

(d) Any ruling by the Board of Directors of the Tennessee Valley Authority hereunder shall be deemed the act of the National War Labor Board and shall be final, subject to the National War Labor Board's right to review rulings on its own motion and to reverse or modify the same. Any such reversal or modification shall not be retroactive and shall allow the Tennessee Valley Authority or the contractor, as the case may be, a period of two weeks for compliance.

§ 809.980z *General Order No. 26.*

(a) Organizations established as nonprofit community chest funds, foundations or cemetery companies, and organizations operated without profit and exclusively for religious, charitable, scientific, literary or educational purposes, which have been exempted from the payment of income and social security taxes (including nonprofit organizations which maintain and operate hospitals), shall be exempt from the necessity of filing applications for approval of wage and salary adjustments of their employees within the jurisdiction of the National War Labor Board.

(b) Such organizations will, nevertheless, be expected to observe and abide by the national wage and salary stabilization policy in making any adjustments in the wages or salaries of their employees.

(c) The Regional War Labor Boards may recommend to the National War Labor Board such exceptions to the provisions of this order as are necessary to effectuate the wage and salary stabilization policies of the National War Labor Board, which exceptions, if approved by the National War Labor Board, shall, unless otherwise specified, apply only within the territorial jurisdiction of the Regional Board making the recommendation.

§ 809.980aa *General Order No. 27.*

(a) The National War Labor Board, in accordance with the further provisions of this order, hereby delegates to the Administrator of the National Housing Agency, to be exercised on his behalf by the Commissioner of the Federal Public Housing Authority (hereafter referred to as the Housing Wage Agency), the power to approve or disapprove all applications for adjustments of wages and salaries (insofar as approval thereof has been made a function of the National War Labor Board) of employees whose wages and salaries are not fixed by statute that are employed within the continental United States and Alaska by

(1) Federal Public Housing Authority
(2) Defense Homes Corporation, and
(3) Property managers of Defense Homes Corporation projects.

(b) In the performance of its duties hereunder the Housing Wage Agency shall comply with Executive Order 9250, dated October 3, 1942, Executive Order 9328, dated April 8, 1943, the supplement thereto issued by the Director of Economic Stabilization on May 12, 1943, and all principles and policies of the National War Labor Board and the Director of Economic Stabilization heretofore or hereafter announced. The Housing Wage Agency, without making an initial ruling thereon may refer to the National War Labor Board, for decision by the Board, any application which in its opinion presents doubtful or disputed questions of sufficient seriousness and import to warrant direct action by the Board.

(c) The Housing Wage Agency shall transmit to the Review and Research Division of the National War Labor Board copies of its rulings, and rules of procedure, if any, as they are issued, and such additional data and reports as said Division or the Board may from time to time deem necessary.

(d) Any ruling by the Housing Wage Agency hereunder shall be deemed the act of the National War Labor Board and shall be final, subject to the National War Labor Board's right to review rulings on its own motion and to reverse or modify the same. Any such reversal or modification shall not be retroactive and shall allow the Commissioner of the Federal Public Housing Authority a period of two weeks for compliance.

§ 809.980bb *General Order No. 30.*

In accordance with the provisions of Section 4 of Title II of Executive Order 9250, increases in wage or salary rates which do not bring such rates above 40¢ per hour may be made without the approval of the National War Labor Board.

§ 809.980cc *General Order No. 31.*

General Order No. 31 adopted by the National War Labor Board on 26 May 1943, was amended on 24 August 1943, to read as follows:

The following regulations supplementary to General Orders 5, 6, and 9 relating to wage and salary schedules and to plans for making individual wage and salary adjustments under such schedules are hereby adopted:

I. EMPLOYERS OF 30 OR FEWER EMPLOYEES

Without regard to the requirements of General Orders 5, 9, or 31, an employer of 30 or fewer employees may, without approval of the National War Labor Board, make individual increases in the wage or salary rates of his employees for particular jobs as a reward for improved quantity and/or quality of work or service, provided that:

A. The total of such increases to any individual employee (subject to National War Labor Board jurisdiction) shall not exceed ten cents per straight-time hour during any year (beginning July 1, 1943), and the total amount expended on such increases during any such year shall not exceed an average of five cents per straight-time hour for all the employees in the establishment whose wage or salary rates are subject to the jurisdiction of the National War Labor Board.

B. Such increases shall not be made the basis of an application to the National War Labor Board for approval of increases to eliminate intraplant inequities.

C. Such increases shall not result in the payment to any employee of a rate in excess of the highest rate paid by the employer between July 1, 1942, and June 30, 1943, for jobs of similar skill, duties, and responsibility.

D. Such increases shall not result in any appreciable increase in the level of production costs and shall not furnish a basis either to increase prices or to resist otherwise justifiable reductions in prices.

E. Such increases shall not be made contrary to the terms of any collective bargaining agreement covering any or all of the employees of such employer.

Such employer is not precluded from applying to the National War Labor Board for approval of a schedule of making individual wage or salary adjustments as provided below for employers of 31 or more employees.

II. EMPLOYERS OF 31 OR MORE EMPLOYEES

An employer of 31 or more employees may make individual increases in the wage or salary rates of his employees under General Orders 5 and 9 without National War Labor Board approval only under a schedule which conforms to the following standards:

In order to have a "schedule" within the meaning of General Orders 5 and 9, an employer must satisfy the following two requirements: He must have (a) job classification wage or salary rates or rate ranges and (b) a plan for making individual adjustments within and between such wage or salary rates or rate ranges.

A. Job-Classification Rates or Rate Ranges Properly in Existence Do Not Require Approval of the National War Labor Board.

1. A job classification is a category of jobs or positions which are similar in nature and content and in required amount of knowledge, skill, experience, and responsibility. A job classification involves more than a mere descriptive title; the classification must be clearly defined and described. Where jobs differ as to knowledge, skill, experience, and responsibility, there should be different job classifications. (For example, typists, stenographers, and secretaries should each be considered separate job classifications because the respective work differs as to skill, content, and responsibility. These three categories may not be grouped together in one job classification.

2. A job classification rate exists where an employer pays a single rate rather than a range of rates for a given job classification. Jobs remunerated on a piece-rate basis are normally considered to be in single-rate job classifications.

3. A job classification rate range exists where an employer pays, for a given job classification, a number of rates varying from a clearly designated minimum rate to a clearly designated maximum rate.

(a) A mere descriptive job title and a poorly defined or extremely wide rate range is not a job classification rate range.

(b) The minimum and maximum rates are not necessarily the lowest and highest rates being paid at a given time for a particular job classification. For special reasons (e. g., lack of experience or superior ability) particular employees may be receiving less than the minimum or more than the maximum rate. Moreover, it may happen at a given time that no employee is receiving the actual minimum or maximum rate for a particular job classification.

4. Job classification rates or rate ranges properly in existence are those (as defined above) which were (a) in existence prior to October 3, 1942, or (b) those resulting from permitted or approved adjustments subsequent to that date, or (c) rates set for new jobs under either the former or the revised General Order No. 6. Improper adjustments of rates for job classifications or for individual employees are not a basis for determining a job classification rate or rate range.

B. A Plan Properly in Existence Does Not Require Approval of the National War Labor Board.

1. A plan is an orderly, definite procedure or a group of procedures for making adjustments, within specified limits, in the wage or salary rates of individual employees (a) within particular job classifications and (b) when they move from one job classification to another.

Such a plan ordinarily includes (a) tests and procedures for determining whether employees are to be given individual rate adjustments and (b) limits on the number of adjustments, the timing of adjustments, and the average or total amount of money to be granted in the adjustments over a given period of time. (It is not essential that a given plan include all the foregoing items.)

2. A plan properly in existence is one (as defined above) under which individual rate adjustments are made in conformity with the provisions of (a) collective bargaining or other bona fide established agreement which was in effect on June 30, 1943, or (b) written statements, minutes, or memoranda of the employer which were in existence and effect on or before June 30, 1943, or (c) a plan approved by the National War Labor Board or by any of its authorized agents or agencies, or (d) the plan outlined below.

C. Employers Having No Existing Plan.

Employers who have no plan properly in existence (as defined under (a), (b), or (c) of the paragraph immediately above) may adopt the following plan without obtaining approval from the National War Labor Board.

Employers who wish to replace properly existent plans with the following plan may also do so without Board approval (but see Section III–A–3 below):

1. Merit Increases or Automatic Length-of-Service Increases:

(a) Merit increases are individual wage or salary rate adjustments made as a reward for improved quantity and/or quality of work or service. Automatic length-of-service increases are individual adjustments usually made automatically at the end of specified periods of satisfactory service.

(b) Both such increases must be made only within job classification rate ranges (as defined above).

(c) The total of such increases to any individual employee (subject to National War Labor Board jurisdiction) shall not exceed, during any year (beginning July 1, 1943), ten cents per straight-time hour or more than two-thirds of the difference between the appropriate minimum and maximum rates, whichever increase is greater; and the total amount expended on such increase during any such year shall not exceed an average of five cents per straight-time hour for all the employees in the establishment who are covered by the plan and whose wage or salary rates are subject to National War Labor Board jurisdiction.

2. Promotions or reclassifications involve individual adjustments which result from moving an employee into a different job classification. Promotions and reclassifications may be made between jobs which bear single rates as well as between jobs which bear rate ranges. When promoted or reclassified to a higher-rated job, an employee (subject to National War Labor Board jurisdiction) may receive a rate not in excess of 15 percent above his rate on his former job or the minimum rate for the new job, whichever is higher; provided, however, that where an employee has special ability and experience, he may be paid a rate within the appropriate range corresponding to such ability and experience.

3. Apprentice or trainee programs involve individual rate adjustments resulting from improvement over specified periods of time in the productive abilities of apprentices or trainees who are employed under a bona-fide apprentice or trainee program as defined below. Under these programs, adjustments may be made with respect to jobs which bear single rates as well as with respect to jobs which bear rate ranges. Apprenticeship or trainee programs for a given job classification—with respect to length of apprenticeship or learner period; proportion of number of apprentices or learners to number of experienced workmen; and relation of apprentice or learner wage rate at various periods to the rate paid to experienced workmen—should conform to the standards set forth in a collective bargaining agreement or in the applicable regulations of federal or state agencies. The reexamination or modification of existing apprentice or trainee programs in the interests of greater production for the war effort is not precluded. Any change in existing apprentice or trainee programs, however, requires Board approval unless made in conformity with changes in the applicable regulations of federal or state agencies.

D. Requirements of Schedules With Respect to All Schedules.

1. Each job classification must be clearly distinguished and described.

2. No appreciable increases in the level of production costs may result from individual rate adjustments, nor shall such adjustments furnish a basis either to increase prices or to resist otherwise justifiable reductions in prices.

3. Individual rate adjustments may not be made the basis for an application to the National War Labor Board for approval of wage or salary rate increases to eliminate intra-establishment inequities.

E. Records.

Any employer who makes individual wage or salary rate adjustments pursuant to a schedule must hereafter keep available in his establishment(s) for a period of two years records showing (1) for each job classification, (a) the rate or range of rates and (b) the description; (2) a statement of the plan making adjustments within the rate ranges and between the rates or rate ranges; (3) the date when the schedule was established; (4) for each employee who received an adjustment, his name, the date hired, the date of and the reason for adjustment, the job classification, and the rate of pay before and after the adjustment. No particular order or form is prescribed for these records, provided that the information required is readily obtainable.

III. GUIDES FOR OBTAINING BOARD APPROVAL WHERE REQUIRED

A. Requirements for Approval.

All wage or salary rate schedules (as defined) which are not exempt from the requirement of Board approval (as stated above) must be submitted for approval to the appropriate Regional War Labor Board. In order that the making and the examination of such applications for approval may be facilitated, certain requirements are outlined below.

1. Proposed rate ranges (where it is desired to make individual merit or automatic length-of-service increases) as well as promotions and reclassification involved.

2. Proposed single rates (where it is desired to make promotions or reclassifications but not to make merit increases or automatic length-of-service increases) should be set forth for each job classification involved.

3. Each job classification involved should be clearly distinguished and described.

4. So far as plans for making individual adjustments between rates or within and between rate ranges (either for existing establishments or for new establishments and departments) are concerned, a proposed plan should contain the following information with respect to one or more of the methods outlined below. The plan so submitted need not necessarily conform to the criteria of the plan set forth above, which does not require Board approval.

(a) Merit increases: The average amount of increase to be given during any year for all employees covered by the plan and the maximum amount (in cents per hour or in terms of the percentage of the difference between the minimum and maximum rates of the range) of the increase to be given during a given year to any employee.

(b) Automatic length-of-service increases: The average amount of increase to be given during any year for all employees covered by the plan and the maximum amount (in cents per hour or in terms of the percentage of the difference between the minimum and maximum rates of the range) of the increase to be given during a given year to any employee.

(c) Promotions or reclassifications: The rate to be paid upon promotion or reclassification to a higher-rated job, whether the minimum rate called for by the new job or a rate in excess of such minimum, and, if a rate in excess of the minimum called for by the new job is to be paid, the criteria that will determine the rate should be described (e. g., special skill and experience, other unusual qualifications, etc.).

(d) Apprentice or trainee systems: The conformity of the plan with the standards set forth in appropriate collective bargaining agreements or in appropriate regulations of federal or state agencies with respect to the following items: length of apprenticeship or learner period; proportion of number of experienced workmen in a given job classification; and relation of apprentice or learner rate at various periods to the rate paid experienced workmen.

The plan should also indicate the approximate percentage increase in payroll costs and in production (total) costs.

5. If there is a duly recognized or certified labor organization which is entitled to bargain on wage matters for any or all of the employees included in a proposed schedule or in a proposed change in an existing schedule, approval must be jointly requested by the employer and such labor organization, of that part of the schedule which directly involves employees represented by such labor organization. Similarly, agreement with such labor organization must be obtained by the employer before he can adopt or change to the plan which does not require Board approval. If an agreement on any point cannot be reached, the parties may jointly submit the issue to the appropriate Regional War Labor Board for determination or may ask the Regional Board to refer the matter to the National War Labor Board for determination. Failing joint submissions, the matter will be treated as a dispute case.

6. Where an application includes more than one establishment, it shall set forth separately a schedule for each establishment or for each group of similar establishments.

7. Companies having establishments in more than one region may apply for approval of schedule, where approval is necessary, in each of the regions where the establishments are located or in the region in which is located the company office at which the schedules are determined. In the latter case, the Regional Board may, if it considers that the application warrants national consideration, refer it to the National War Labor Board.

B. Changes in Existing Schedules

Any employer who wishes to make a change in one or more provisions of his properly existent wage or salary rate schedule (except changes in conformity with the plan which may be adopted without Board approval) may obtain consideration of such proposed change from the appropriate Regional War Labor Board without the necessity of having his entire schedule approved or reapproved.

§ 809.980dd *General Order No. 36.*

(a) Until further order of the National War Labor Board no increase or decrease in wages or salaries paid in the Territory of Hawaii shall be made without the prior approval of the National War Labor Board or its duly authorized agent, except such as are required by law; and no general order of the National War Labor Board authorizing the making of wage or salary increases or decreases without the prior appoval of the Board shall apply to wages or salaries paid or received within the Territory of Hawaii.

(b) The exemption provided for by General Order No. 4, as amended, shall not apply to the Territory of Hawaii.

(c) As soon hereafter as practical, the Board will prescribe appropriate regulations and general orders for the making of such adjustments in wages and salaries in the Territory of Hawaii as are consonant with the

purposes of the Anti-inflation Act of October 2, 1942, and the executive orders and regulations issued thereunder and with the needs of stabilization in the Territory and for the peaceful adjustment of labor disputes pursuant to the War Labor Disputes Act. Pending the promulgation of such regulations and general orders the Wage and Hour Division of the United States Department of Labor, Honolulu, is hereby designated as the agent of the National War Labor Board authorized to receive applications for approval of proposed wage or salary adjustments and to issue rulings concerning the interpretation and application of these resolutions.

§ 809.981 *Delegations to industrial commissions.* From time to time the National War Labor Board delegates to Industrial Commissions the power to approve or disapprove applications for wage and salary adjustments (insofar as approval thereof has been made a function of the National War Labor Board) of employees within such respective industries. Such delegations are set forth in directive orders of the Board and appear in the succeeding sections which are designated 809.981a to 809.981f, inclusive.

§ 809.981a *West Coast Lumber Commission.*

By virtue of and pursuant to the powers vested in it by Executive Order No. 9017 of January 12, 1942, the Executive orders and regulations issued under the Act of Congress of October 2, 1942, and the War Labor Disputes Act of June 25, 1943, the National War Labor Board, on November 20, 1943, supplemented and amended its directive order of September 17, 1942, as amended by directive orders of October 14, 1942, and January 5, 1943, to read as follows:

1. The West Coast Lumber Commission, hereinafter called the Commission, shall consist of six members appointed by the National War Labor Board. Of the persons so appointed, two shall represent labor, two shall represent industry, and two shall represent the public. The two industry members of the Commission shall be appointed upon recommendation of the industry members of the National War Labor Board. One of the two labor members of the Commission shall be appointed upon recommendation of the AFL members of the National War Labor Board, the other upon recommendation of the CIO members of the National War Labor Board. The National War Labor Board shall designate one public member of the Commission to act as chairman. Four alternate industry members of the Commission shall be appointed by the National War Labor Board upon recommendation by the industry members of the National War Labor Board. Four alternate labor members of the Commission shall be appointed by the National War Labor Board, two of whom shall be recommended by the AFL members of the National War Labor Board and two by the CIO members of the National War Labor Board. The labor and industry members of the Commission, both regular and alternate, may be chosen from either within or outside of the lumber industry. Not more than two industry members and not more than two labor members of the Commission shall be permitted to sit and transact business of the Commission at any one time. Three members of the Commission shall constitute a quorum, providing labor, industry, and the public are represented in such quorum. The vote of a majority of the quorum shall be deemed sufficient to render a binding decision by the Commission.

2. The Commission shall have jurisdiction over labor disputes, voluntary wage adjustments, and salary adjustments (where the rate at which the salary, exclusive of bonuses and additional compensation and without regard to the contemplated adjustment, computed on an annual basis, is not in excess of $5,000 per annum) in all cases which involve the production of lumber and lumber products in Oregon, Washington, Idaho, Montana, and California. The Commission shall have power (a) to conduct hearings and labor disputes and to issue directive orders affecting the same and (b) to receive and make final rulings on applications for voluntary wage or salary adjustments in the lumber industry submitted for approval of the National War Labor Board in accordance with the national wage stabilization policy. All rulings and orders of the Commission shall be filed with the National War Labor Board.

3. That, in view of the vital importance of the lumber industry to the production of those things essential to the successful prosecution of the war, the Commission shall have the power to promulgate such rules and regulations, issue such orders and take such actions relating to the issues before it as may be necessary to effectuate a stabilization of labor conditions in the lumber industry of the area designated in paragraph two above, secure industrial harmony in said area, and assure maximum production of lumber and lumber products.

4. The Commission shall not take original jurisdiction over any dispute case but it shall have the power to determine whether, within the terms of this order, it may properly assume jurisdiction over any dispute after the dispute had been referred to the Commission by the Board. However, in case of a strike or threatened strike in the lumber industry, the Commission may issue an order requiring the workers to remain on their jobs or to return to their jobs and maintain the status quo as it existed prior to the dispute pending conciliation by the United States Conciliation Service, or if necessary, determination on the merits by the Commission after reference of the case to the Commission by the National War Labor Board. Such order shall be issued only after consultation with the United States Conciliation Service. Immediately upon being apprised of a dispute the Commission shall notify the liaison officer of the United States Conciliation Service or, in his absence, the conciliator nearest to the dispute. In the event that a strike should occur or be threatened subsequent to certification, the Commission shall order the workers to return to work or to remain on their jobs and shall refuse to exercise its jurisdiction until they have complied with the order. The United States Conciliation Service shall be free to call upon the Commission to cooperate with it in the settlement of any dispute during the period of conciliation and prior to actual certification. The Commission shall inform the National Board promptly of strikes or threatened strikes and shall keep the Board informed as to the status of such matters.

5. The rulings of the Commission on voluntary wage or salary adjustments, as well as its directive orders on wage issues in dispute cases, shall conform to the policies of the National War Labor Board, based on Executive Orders 9250 and 9328, the policy directive of May 12, 1943, issued by the Director of Economic Stabilization, and the War Labor Disputes Act of June 25, 1943. Accordingly, any wage or salary adjustment approved or ordered by the Commission "which may furnish the basis either to increase price ceilings or to resist otherwise justifiable reductions in price ceilings or, if no price ceilings are involved, which may increase the production costs above the level prevailing in comparable plants or establishments," shall become effective only if also approved by the Director of Economic Stabilization. Notice to this effect shall be contained in all rulings and orders issued by the Commission in wage cases. The Commission may give approval to all applications which request authority to adjust wages, including adjustment of piece rates, to conform with the wages determined by the Commission in cases involving wage disputes in the same community.

6. In cases of voluntary applications for approval of wage or salary adjustments and in dispute cases involving wage or salary issues, the Commission shall follow the procedure outlined in §§ 809.979 through 809.979 (l). The West Coast Lumber Commission shall exercise those powers, duties, and functions which are listed in said paragraphs as being applicable to regional war labor boards and regional attorneys. For the purpose of this order, and within the sphere of its jurisdiction, the Commission shall sit in lieu of said regional boards and regional attorneys.

7. The Commission shall, so far as practicable, utilize the information, data, and staff services of the National War Labor Board or the regional boards, and of other Federal departments and agencies. The employment by the Commission of additional personnel, facilities, or services shall be subject to the approval of the National War Labor Board.

8. The rulings of the Commission on voluntary wage or salary adjustments and upon preliminary inquiries concerning proposed wage or salary adjustments and the directive orders of the Commission in dispute cases shall have the same effect and shall be subject to the same provisions for stay and review by the National War Labor Board as rulings and orders of the regional war labor boards, as set forth in §§ 809.979 through 809.979 (l).

9. The decisions, general orders, and other actions of the Commission rendered pursuant to the authority conferred upon the Commission by the National War Labor Board's directive order of September 17, 1942, as amended by directive orders of October 14, 1942 and January 5, 1943, shall remain in full force and effect unless modified herein, or unless previously modified by the National War Labor Board action. All provisions of the aforesaid directive order of September 17, 1942, as amended shall remain in full force and effect unless and until further amended by the National War Labor Board.

10. The Commission shall submit to the National War Labor Board monthly reports concerning pending dispute and voluntary wage and salary cases and its actions during the preceding month relative to both pending and closed cases.

(a) On October 6, 1942, the National War Labor Board appointed the following persons as paid members of the West Coast Lumber Commission:

Chairman—Ben H. Kizer.

For industry—E. B. McNaughton and Dean Ballard.

For labor—James Landye and William Geurts.

(b) *Non-ferrous Metals Commission.* (December 3, 1942).

By virtue of the authority vested in it under Executive Orders #9017 and #9250, and in order to effectuate its resolution adopted October 23, 1942, establishing a Non-ferrous Metals Commission, the National War Labor Board hereby orders that:

1. The Non-ferrous Metals Commission shall have jurisdiction over and shall hear and determine labor disputes and requests for wage and salary adjustments affecting the stabilization of the mining, milling, smelting and refining of non-ferrous metals, referred to it by the Board or referred to it, under conditions to be established by the Commission, by the Regional Directors of the 9th, 10th and Alaskan regions of the Board.

The jurisdiction of the Commission shall not extend to those enterprises which supply materials and equipment to the above-named industries.

2. The Commission shall consist of a chairman and vice-chairman representing the public, two representatives of industry, and two representatives of labor. The National War Labor Board may, at any time, appoint alternates for the representatives of labor and industry.

3. In the determination of matters within its jurisdiction the Commission shall be governed by the provisions of Executive Orders #9017 and #9250; and it shall, subject to the approval of the National War Labor Board, have power to promulgate rules and regulations appropriate for the performance of its duties.

4. The determinations and orders of the Commission shall be final and binding upon the parties, subject only to review by the National War Labor Board on its own motion. Any ruling by the Commission shall be deemed to be the act of the National War Labor Board unless and until reversed or modified by the Board; and any such reversal or modification shall take effect only from the date of its issuance, provided, however, that if a ruling denying an application for permission to make wage adjustments is overruled, the final ruling shall incorporate as the effective date of the increase that date which was specified in the application as the effective date.

5. In any case where the employer at the time of the filing of the application for approval of a wage increase or at the time of referral of the case to the Commission indicates that he intends to seek price relief if a wage increase is approved, he shall state fully upon a form approved by the National War Labor Board the relation between the proposed wage increase and the employer's price situation, and what the effect would be on the employer's business if wages were increased without price itself. A copy of said form shall be sent to the Office of Price Administration.

Copies of all rulings of the Commission in cases in which an application for price increase is involved shall be sent to the Office of Price Administration, as well as to the parties.

If application for a wage increase in such a case is approved, the ruling shall state that it will become effective only on final approval by the National War Labor Board, and, when required by the provisions of Executive Order #9250, by the Economic Stabilization Director.

6. The Commission shall, so far as practicable, utilize the information, data and staff services of the National War Labor Board and of other Federal Departments and agencies. The employment by the Commission of additional personnel, facilities or services shall be subject to the approval of the National War Labor Board.

(a) On November 29, 1942, the National War Labor Board appointed the following members of the Non-Ferrous Metals Commission:

For the public—Charles A. Graham, Chairman and John Gorsuch, Vice Chairman.
For labor—James F. O'Brien and A. E. Stevenson.
For industry—Henry M. Hartman and S. M. Thompson.
Executive secretary—James M. Burns.

(b) By Directive Order the National War Labor Board amended the Order of December 3, 1942 (above) by deleting the second paragraph of subdivision 5 and substituting therefor the following:

Copies of all rulings of the Commission in cases in which an application for price increase is involved shall be sent to the National War Labor Board for transmittal to the Office of Price Administration.

§ 809.981c *Detroit Area Tool & Die Commission.*

(December 14, 1942).

(1) There shall be created immediately a National War Labor Board Detroit Area Tool and Die Commission which shall take jurisdiction over, hear, and determine all pending and future disputes, requests for interpretations, petitions for voluntary wage increases or adjustments in minima rates, and any other matters within the jurisdiction of the National War Labor Board concerning the tool and die industry in the area hereinabove specified.

(2) The Commission shall consist of a permanent Chairman appointed by the National War Labor Board and industry and labor representatives, serving on an ad hoc basis, chosen by the Chairman of the Commission from a panel of names approved by the National War Labor Board. In cases involving no disputes or conflicts of interests the Chairman may act alone. In selecting panels, the Chairman shall take into account the conflicting interests involved in the matter to be considered.

(3) The Commission shall have the power to determine whether, within the terms of this Order, it may properly assume jurisdiction over any dispute. All cases involving wage disputes within the terms of this Order may be referred by the parties directly to the Commission without prior recourse to the United States Conciliation Service. All petitions for approval of voluntary wage increases or adjustment of minima rates for tool and die workers within the area hereinabove specified shall be referred in the first instance to the Commission; provided, however, that the Commission shall in all such cases inform the Regional Director for the Fifth Region as to the action taken by it and shall send him copies of all wage agreements approved.

(4) The determinations of the Commission shall be final and binding upon all parties coming before the Commission except and until the National War Labor Board, in any given case, having decided to review the Commission's determination of that case, reverses or modifies the determination.

(5) A review by the National War Labor Board of any action, finding, or order of the Commission shall not be considered a right of parties coming before the Commission but will be granted only in the discretion of the National War Labor Board for good cause shown.

(a) The area covered by the Tool and Die Commission order shall include the counties of Wayne, Oakland, Macomb, Monroe, Washtenaw and Genesee in the State of Michigan and is subject to extension upon further order of the National War Labor Board. Tool and die workers in all jobbing and manufacturing plants in such area are covered by the Commission's jurisdiction. Manufacturing plants are defined to include those employing tool and die workers for the manufacture, repair and maintenance of tools and dies used primarily in their own manufacturing processes. The order, however, does not include production workers working outside the tool and die rooms under job classifications similar to the tool and die classifications, nor does it extend to companies supplying materials or equipment to the nonferrous mining industry.

(b) On December 14, 1942, the National War Labor Board designated Benjamin Aaron as the Chairman of the Detroit Area Tool and Die Commission.

§ 809.981d *Trucking Commission.*

By virtue of and pursuant to the powers vested in it by Executive Order No. 9017 of Jan. 12, 1942, the Executive Orders and regulations issued under the Act of Congress of Oct. 2, 1942, and the War Labor Disputes Act of June 25, 1943, the National War Labor Board, on Aug. 6, 1943, amended its directive order of Dec. 2, 1942, establishing the Trucking Commission, to resolution of Feb. 4, 1943, defining the jurisdiction of the Commission, to read as follows:

1. The Trucking Commission, hereinafter called the Commission, shall consist of three (3) members appointed by the National War Labor Board. Of the persons so appointed, one shall represent labor, one shall represent industry, and one shall represent the public and act as chairman. The Board may at any time appoint alternates for the members of the Commission.

2. The Commission shall have jurisdiction over labor disputes and voluntary wage or salary adjustments involving persons employed in the following types of trucking operations: over-the-road (common, contract, or private carrier), local pick-up, and delivery: transfer and storage. The Commission shall have power (1) to hear and determine and to issue directive orders in labor dispute cases, and (2) to make final rulings on voluntary wage or salary adjustments submitted for approval of the National War Labor Board in accordance with the National Wage Stabilization policy.

3. Labor disputes and voluntary wage or salary adjustments involving trucking employees (drivers, checkers, warehousemen or dockmen, stowers, lumpers or helpers) of businesses other than those specified in paragraph 2 above shall be subject to the jurisdiction of the regional boards, under the following conditions: A standing tripartite regional trucking panel for cases involving trucking employees within the jurisdiction of the regional board shall be established in each region, the members of which shall be designated by the Trucking Commission, after consultation with the regional board concerned. This panel shall (a) hear dispute cases and make recommendations to the regional board, which shall issue its directive order as in other dispute cases; (b) pass on voluntary wage adjustments, under such procedure as the regional board may prescribe; and (c) gather the necessary data and recommend to the regional board wage brackets or revision of existing brackets for trucking employees within its jurisdiction. Wage brackets established by a regional board for trucking employees within its jurisdiction shall not be published or become effective until approved by the Trucking Commission. The regional boards shall furnish the necessary assistants and facilities to the regional trucking panels. Petitions for review of directive orders or rulings of regional boards in cases involving trucking employees, filed with the National Board, shall be referred to the Trucking Commission for appropriate recommendation to the National War Labor Board, with a view to stabilization of the trucking industry.

4. The ruling of the Commission on voluntary wage or salary adjustments as well as its directive orders on wage issues in dispute cases shall conform to the policies of the National War Labor Board, based on Executive Orders 9250 and 9328, and the policy directive of May 12, 1943 (see § 809.978 (a)) issued by the Director of Economic Stabilization. Accordingly, any wage or salary adjustment approved or ordered by the Commission "which may furnish the basis either to increase price ceilings or to resist otherwise justifiable reductions in price ceilings, or if no price ceilings are involved which may increase the production costs above the level prevailing in comparable plants or establishments," shall become effective only if also approved by the Director of Economic Stabilization. Notice to this effect shall be contained in all rulings and orders issued by the Commission in wage cases.

5. Applications for approval of voluntary wage adjustments within the jurisdiction of the Commission shall be filed with the nearest office of the Wage and Hour Division of the Department of Labor, which shall transmit the same to the Commission. The application shall state whether or not the adjustment if granted (1) may furnish the basis to increase price ceilings, or (2) may increase the production costs above the level prevailing in comparable plants or establishments. If the answer is in the affirmative as to (1) the Commission shall send to the Office of Price Administration a copy of the application and a copy of its ruling at the time of issuance thereof. In wage dispute cases the Commission shall send to the Office of Price Administration a copy of the recommendations of its panel or hearing officer, and of the Commission's order, in any case where it appears that the wage adjustment ordered may furnish the basis to increase price ceilings. In all voluntary or dispute cases involving wage or salary adjustments which may furnish the basis for price relief, the Commission shall notify the employer to apply promptly to the Office of Price Administration for such price relief. The Trucking Commission shall notify the parties of the action taken by the Office of Price Administration or by the Director of Economic Stabilization.

6. The Commission shall, so far as practicable, utilize the information data and staff services of the National War Labor Board or the regional boards, and of other federal departments and agencies. The employment by the Commission of additional personnel, facilities, or services shall be subject to the approval of the National War Labor Board.

7. The rulings of the Commission on voluntary wage or salary adjustments, and the directive orders of the Commission in dispute cases, shall have the same effect, and shall be subject to the same provisions for stay and review by the National War Labor Board, as rulings and orders of the Regional War Labor Boards, as set forth in § 809.979 (k).

(a) On December 16, 1942, the National War Labor Board appointed the following persons as paid members of the Trucking Commission:

For the public—Professor Howard Meyerhoff, Chairman.
For industry—Landis O'Brien.
For labor—Frank Tobin.

§ 809.981e *Shipbuilding Commission.*

By virtue of and pursuant to the powers vested in it by Executive Order No. 9017 of January 12, 1942, the Executive Orders and regulations issued under the Act of Congress of October 2, 1942, and the War Labor Disputes Act of June 25, 1943, the National War Labor Board, on August 9, 1943, vacated its directive order of January 7, 1943, relative to shipbuilding, and directed as follows:

1. A Shipbuilding Commission (hereinafter called the Commission) is hereby established which shall consist of six members who shall be appointed as paid officials of the National War Labor Board; two shall represent the public and shall serve as chairman and co-chairman; two shall represent labor; and two shall represent industry. The Board shall appoint such alternates from time to time as may be deemed necessary.

2. The Commission shall have jurisdiction over labor disputes and voluntary wage or salary adjustments involving persons employed in the shipbuilding industry. The Commission shall have power (1) to hear and determine and to issue directive orders in labor dispute cases, and (2) to make final rulings on voluntary wage or salary adjustments submitted for approval of the National War Labor Board in accordance with the national wage stabilization policy.

3. For the purpose of this order, shipbuilding, whether or not carried on subject to shipbuilding stabilization zone standards, is the construction, conversion, outfitting, and repair of floating marine structures, including floating drydocks, within the continental limits of the United States and Alaska, exclusive of establishments owned and directly operated by the United States, provided the activity is carried on in the water, in drydocks, in basins, on ways for launching, or on the premises of a shipyard or boatyard.

4. Representatives of the Secretary of Navy, the Secretary of War, the chairman of the Maritime Commission, and the chairman of the War Production Board may consult with the Commission for the purpose of presenting to it any information necessary to facilitate the conduct of the business of the Commission.

5. Applications for approval of voluntary wage adjustments, within the jurisdiction of the Commission, shall be filed with the nearest office of the Wage and Hour Division, U. S. Department of Labor, which shall transmit the same to the Commission. The application shall state (a) whether or not the adjustment, if granted, may furnish the basis for an increase in production cost above the level prevailing in comparable yards or establishments, or (b) whether or not the applicant will apply for reimbursement from any agency of the government in the event the application is approved. If the answer is in the affirmative, any ruling made by the Commission, or by the National War Labor Board upon the recommendation of the Commission, shall not take effect unless and until the action is approved by the Director of Economic Stabilization.

6. The rulings and orders of the Commission shall conform to the policies of the National War Labor Board, based on Executive Orders Nos. 9250 and 9328, and the policy directive of May 12, 1943, issued by the Director of Economic Stabilization, and shall so state.

7. The rulings and orders of the Commission shall have the same effect, and shall be subject to the same provisions for stay and review by the National War Labor Board as rulings and orders of the Regional War Labor Boards as set forth in § 809.979 (k).

8. The Shipbuilding Commission in conjunction with the Wage Stabilization Division of the National War Labor Board shall proceed forthwith to gather and analyze wage data pursuant to the Board's order of July 30, 1943, and to establish appropriate wage brackets in the industry. These brackets shall be submitted to the Regional Board for comment before they are approved by the Commission.

9. The Commission shall, so far as is practicable, utilize the information, data, staff, and services of the National War Labor Board or the several Regional War Labor Boards and of other federal departments and agencies. The Regional War Labor Boards shall furnish such necessary assistance and facilities to panels, referees, and arbitrators of the Shipbuilding Commission as may be required. The employment by the Commission of additional personnel, facilities, or services shall be subject to the approval of the National War Labor Board.

§ 809.981f *Shipbuilding Stabilization Committee.* Part I of the National War Labor Board's directive order of January 7, 1943, in accordance with Title III, Section 3, of Executive Order No. 9250, permitted the Shipbuilding Stabilization Committee to continue to perform its functions. Part II of the directive order created the Shipbuilding Commission. By directive order of August 9, 1943, the National War Labor Board vacated Part II of its directive order of January 7, 1943, and re-constituted the Shipbuilding Commission (§ 809.981e). Part I of the directive order of January 7, 1943, is as follows:

PART I—SHIPBUILDING STABILIZATION COMMITTEE

A. Title III, Section 3, of Executive Order No. 9250 of October 3, 1942, provides: "The National War Labor Board shall permit • • • the Shipbuilding Stabilization Committee • • • to continue to perform its functions • • • except insofar as any of them is inconsistent with the terms of this order." Pursuant thereto, the Shipbuilding Stabilization Committee shall continue to perform the functions ascribed to it by General Administrative Order No. 2-57 of the chairman of the War Production Board and by the Shipbuilding Stabilization Zone Standards Agreements as amended May 16, 1942.

B. No new wage rate fixed by Zone Standards Agreement shall become effective until approved by the National War Labor Board.

§ 809.982 *Interpretations of National War Labor Board.* From time to time the National War Labor Board interprets Executive Order No. 9250 and specific provisions of the order. Such interpretations are helpful in determining the applicability of the Order to various types of situations. Where such interpretations are pertinent to a specific provision of the Executive order or to one of the NWLB's General Orders, the interpretation will be found under the appropriate paragraph of the Procurement Regulations. Where, however, the interpretations are of a general nature they will be set forth in the succeeding sections which are designated §§ 809.982 followed by a letter of the alphabet.

§ 809.982a *Interpretation.*

Question: Where the custom and practice in an establishment has been for employees to be paid overtime compensation for all hours in excess of 48 hours per week and to receive pro rata reductions from their weekly salaries in the event they work less than 48 hours per week, may the payment of such additional compensation and the decreases in salaries be continued without the approval of the National War Labor Board? *Answer:* Yes. (Letter of General Counsel of NWLB dated 19 December 1942).

§ 809.982b *Interpretation.*

Question: Where an employee is hired for a stipulated weekly salary without any limitation on the number of hours to be worked, may the employer pay overtime without the approval of the National War Labor Board? *Answer:* No, unless, the Company is under the Fair Labor Standards Act which provides that all employees engaged in interstate commerce or the production of goods for interstate commerce shall be paid time and one-half for all hours in excess of 40 hours per week. Executive Order 9250 does not affect the operation of the Fair Labor Standards Act or of the Walsh-Healey Act. (Letter of General Counsel of NWLB dated 19 December 1942).

§ 809.982c *Interpretation.*

Question: Where an employee is paid for a 40-hour week, with a provision that overtime be paid for all hours over 40 hours per week, with no provision that there be any reduction if less than 40 hours per week are worked, may the amount of salary be reduced

for any week in which less than 40 hours are worked, without the approval of the National War Labor Board? *Answer:* No. (Letter of General Counsel of NWLB dated 19 December 1942).

§ 809.983 *Joint statements of the National War Labor Board and the Commissioner of Internal Revenue.* Occasionally the National War Labor Board and the Commissioner of Internal Revenue issue joint statements with respect to important matters in order that a single uniform policy may be established throughout the country. Such joint statements of the National War Labor Board and the Commissioner of Internal Revenue will be set forth in the succeeding sections which are designated 809.983 followed by a letter of the alphabet.

§ 809.983c *Joint statement of 23 January 1942, by the Commissioner of Internal Revenue and the National War Labor Board regarding the victory tax.*

Since the adoption by the Congress of the 5% Victory Tax two questions of importance to employers and employees have been asked of the Commissioner of Internal Revenue and the National War Labor Board. One question relates to whether under the Anti-Inflation Act, employers may pay the 5% Victory Tax for their employees without deducting and withholding it from the employees' pay, and without the approval of the Commissioner or the Board. The other question relates to whether or not it was intended that the tax should be withheld on that portion of a wage or salary increase awarded or approved by the Commissioner of Internal Revenue or the War Labor Board in 1943 which is made applicable retroactively to work performed in 1942.

To avoid the necessity of individual employers and employees making separate requests for rulings on these questions and in order that a single uniform policy shall exist throughout the nation on these important matters, the Commissioner of Internal Revenue and the National War Labor Board have jointly determined to make the following announcement:

(1) The payment by an employer of the 5% Victory Tax on behalf of his employees without deducting it from the employees' pay is a wage or salary increase requiring the prior approval of the Board or the Commissioner pursuant to Executive Order No. 9250 and the Regulations of the Director of Economic Stabilization.

(2) On January 23, the Commissioner of Internal Revenue issued a ruling interpreting the Revenue Act so that where the National War Labor Board or the Commissioner of Internal Revenue awards or approves an increase in wages or salaries retroactive to 1942, the tax need not be withheld on that portion of the increase which is applicable to work performed in 1942.

(3) Whether the 5% tax will ultimately be collected on such retroactive pay is a matter to which the Congress may give its attention during the current session.

§ 809.983d *Procedure under Executive Order 9250.* (a) Agencies of the War Department are not required to conduct audits, investigations, or payroll reviews merely for the purpose of ascertaining whether or not contractors have complied with Executive Order 9250 or the regulations promulgated thereunder. The technical services are neither required nor authorized to determine that the prime contractor has violated the Executive Order or the regulations thereunder.

(b) When, however, probable noncompliance by a prime contractor with Executive Order 9250 or the regulations thereunder is discovered by or brought to the attention of a technical service such agency should:

(1) Advise each such contractor of the particulars in which probable non-compliance appears and request that he consult the Regional War Labor Board or Salary Stabilization Regional Office which has jurisdiction over approval of wage rates in the case. (See §§ 809.977c (a) and 809.979 (a) for list of Regional Offices).

(2) Report such apparent violation to the Regional War Labor Board or Salary Stabilization Regional Office which has jurisdiction over approval of wage rates in the case. Any such reports should include the following information:

(i) Name and address of contractor.

(ii) Date, number and place of performance of contracts.

(iii) Resume of facts constituting apparent violation including approved wage rates, by whom approved, wages actually paid, names or classifications of persons paid, dates of apparent improper payments, and name of party making payments if other than contractor.

(c) The technical services have the responsibility of establishing within their services appropriate procedures for the reporting of apparent violations to the proper Government agency. Such procedures should be devised to restrict contacts with such agency solely to the transmittal of a report containing the information listed in paragraph (b) (2) of this section.

(d) No report should be supplemented by appearances or participation in hearings or other proceedings of the agency having jurisdiction in the matter except for the purpose of furnishing, upon request, pertinent information within the possession of the War Department.

(e) Determinations of violations will be made in all cases by the National War Labor Board or the Commissioner of Internal Revenue. If the appropriate Government agency finds that a violation of Executive Order 9250 or the Regulations thereunder has occurred, the Industrial Personnel Division, Headquarters, Army Service Forces, will be advised, and will issue specific instructions to the interested technical service.

(f) All responsibilities which the technical services had prior to issuance of Executive Order 9250 on this regulation with respect to reimbursement of contractors in accordance with other laws and regulations are in no way affected by this regulation.

§ 809.984 *Executive Order 9328.* The following is the full text of Executive Order No. 9328, issued under date of 8 April 1943 (8 F.R. 4681):

EXECUTIVE ORDER

By virtue of the authority vested in me by the Constitution and the statutes, and particularly by the First War Powers Act, 1941, and the Act of October 2, 1942, entitled "An Act to Amend the Emergency Price Control Act of 1942, to Aid in Preventing Inflation, and for Other Purposes," as President of the United States and Commander in Chief of the Army and Navy, and in order to safeguard the stabilization of prices, wages and salaries, affecting the cost of living on the basis of levels existing on September 15, 1942, as authorized and directed by said Act of Congress of October 2, 1942, and Executive Order No. 9250 of October 3, 1942, and to prevent increases in wages, salaries, prices and profits, which, however, justifiable if viewed apart from their effect upon the economy, tend to undermine the basis of stabilization, and to provide such regulations with respect to the control of price, wage and salary increases as are necessary to maintain stabilization, it is hereby ordered as follows:

1. In the case of agricultural commodities the Price Administrator and the Administrator of Food Production and Distribution (hereinafter referred to as the Food Administrator) are directed, and in the case of other commodities the Price Administrator is directed to take immediate steps to place ceiling prices on all commodities affecting the cost of living. Each of them is directed to authorize no further increases in ceiling prices except to the minimum extent required by law. Each of them is further directed immediately to use all discretionary powers vested in them by law to prevent further price increases direct or indirect, to prevent profiteering and to reduce prices which are excessively high, unfair or inequitable. Nothing herein, however, shall be construed to prevent the Food Administrator and the Price Administrator, subject to the general policy directives of the Economic Stabilization Director, from making such readjustments in price relationships appropriate for various commodities, or classes, qualities or grades thereof or for seasonal variations or for various marketing areas, or from authorizing such support prices, subsidies or other inducements as may be authorized by law and deemed necessary to maintain or increase production, provided that such action does not increase the cost of living. The power, functions and duties conferred on the Secretary of Agriculture under section 3 of the Emergency Price Control Act of 1942 (Public Law 421, 77th Cong.) and under section 3 of the Act of October 2, 1942 (Public Law 729, 77th Cong.) are hereby transferred to, and shall be exercised by the Food Administrator.

2. The National War Labor Board, the Commissioner of Internal Revenue and other agencies exercising authority conferred by Executive Order No. 9250 or Executive Order 9299 and the regulations issued pursuant thereto over wage or salary increases are directed to authorize no further increase in wages or salaries except such as are clearly necessary to correct substandards of living, provided that nothing herein shall be construed to prevent such agencies from making such wage or salary readjustments as may be deemed appropriate and may not have heretofore been made to compensate, in accordance with the Little Steel Formula as heretofore defined by the National War Labor Board, for the rise in the cost of living between January 1, 1941, and May 1, 1942. Nor shall anything herein be construed to prevent such agencies, subject to the general policies and directives of the Economic Stabilization Director, from authorizing reasonable adjustments of wages and salaries, in case of promotions, reclassifications, merit increases, incentive wages or the like, provided that such adjustments do not increase the level of production costs appreciably or furnish the basis either to increase prices or to resist otherwise justifiable reductions in prices.

3. The Chairman of the War Manpower Commission is authorized to forbid the employment by any employer of any new employee or the acceptance of employment by a new employee except as authorized in accordance with regulations which may be issued by the Chairman of the War Manpower Commission, with the approval of the Economic Stabilization Director, for the purpose of preventing such employment at a wage or salary higher than that received by such new employee in his last employment unless the change of employment would aid in the effective prosecution of the war.

4. The attention of all agencies of the Federal Government, and of all State and municipal authorities, concerned with the rates of common carriers or other public utilities, is directed to the stabilization program of which this order is a part so that rate increases will be disapproved and rate reductions effected, consistently with the Act of October 2, 1942, and other applicable federal, state or municipal law, in order to keep down the cost of living and effectuate the purposes of the stabilization program.

5. To provide for the consistent administration of this order and Executive Order No. 9250, and other orders and regulations of similar import and for the effectuation of the purposes of the Act of October 2, 1942, the Economic Stabilization Director is authorized to exercise all powers and duties conferred upon the President by that Act, and the Economic Stabilization Director is authorized and directed to take such action and to issue such directives under the authority of that Act as he deems necessary to stabilize the national economy, to maintain and increase production and to aid in the effective prosecution of the war. Except insofar as they are inconsistent with this order or except insofar as the Director shall otherwise direct, powers and duties conferred upon the President by the said Act and heretofore devolved upon agencies or persons other than the Director shall continue to be exercised and performed by such agencies and persons.

6. Except insofar as they are inconsistent with this order, Executive Order 9250 and the regulations issued pursuant thereto shall remain in full force and effect.

FRANKLIN D ROOSEVELT

THE WHITE HOUSE,
April 8, 1943.

SUBPART H—FORTY-EIGHT HOUR WORKWEEK

§ 809.985 *Executive Order No. 9301.* The following is the full text of Executive Order No. 9301 issued under date of February 9, 1943:

EXECUTIVE ORDER

ESTABLISHING A MINIMUM WAR-TIME WORK WEEK OF FORTY-EIGHT HOURS

By virtue of the authority vested in me by the Constitution and statutes, as President of the United States, and in order to meet the man-power requirements of our armed forces and our expanding war-production program by a fuller utilization of our available man power, it is hereby ordered:

1. For the duration of the war, no plant, factory or other place of employment shall be deemed to be making the most effective utilization of its man power if the minimum work week therein is less than forty-eight hours per week.

2. All departments and agencies of the Federal government shall require their contractors to comply with the minimum work week prescribed in this order and with policies, directives and regulations prescribed hereunder, and shall promptly take such action as may be necessary for that purpose.

3. The chairman of the War Man-Power Commission shall determine all questions of interpretation and application arising under this order and shall formulate and issue such policies, directives and regulations as he determines to be necessary to carry out this order and to effectuate its purposes. The chairman of the War Man-Power Commission is authorized to establish a minimum work week greater or less than that established in Section 1 of this order or take other action with respect to any case or type of case in which he determines that such different minimum work week or other action would more effectively contribute to the war effort and promote the purposes of this order.

4. All departments and agencies of the Federal government shall comply with such policies, directives and regulations as the chairman of the War Man-Power Commission shall prescribe pursuant to this order, and shall so utilize their facilities, services and personnel and take such action under authority vested in them by law as the chairman determines to be necessary to effectuate the purposes of this order and promote compliance with its provisions.

5. Nothing in this order shall be construed as superseding or in conflict with any Federal, state or local law limiting hours of work or with the provisions of any individual or collective bargaining agreement with respect to rates of pay for hours worked in excess of the agreed or customary work week, nor shall this order be construed as suspending or modifying any provision of the fair labor standards act (act of June 25, 1938; 52 Stat. 1060; 29 U.S.C. 201 et seq.) or any other Federal, state or local law relating to the payment of wages or overtime.

FRANKLIN D ROOSEVELT

THE WHITE HOUSE,
February 9, 1943.

(a) The following is the text of the regulations issued by the War Manpower Commission to implement the 48-hour work week.

By virtue of authority vested in me as Chairman of the War Manpower Commission by Executive Order No. 9301 establishing a Minimum Wartime Workweek of 48 hours, and by Executive Orders Nos. 9139 and 9279, I hereby prescribe the following Regulations:

§ 903.1 *General policy for interpretation and application of Executive order.* Executive Order No. 9301 shall be so construed and applied as best to effectuate its fundamental purpose, which is to aid in meeting the manpower requirements of our armed forces and our expanding war production program by a fuller utilization of our available manpower. Effectuation of this purpose requires that in situations of labor shortage employers do not hire new workers when their manpower needs can effectively be met by a fuller utilization of their current labor force, and that workers who can be released by an extension of the workweek are released under circumstances which will permit and facilitate their effective utilization elsewhere in the war effort.

§ 903.2 *Application to areas and activities.* The Chairman of the War Manpower Commission will from time to time by order designate areas and activities as subject to the provisions of Executive Order No. 9301. Regional Manpower Directors may designate additional areas and activities within their respective regions as subject to the provisions of Executive Order No. 9301, if they find and by appropriate public notice so declare, that such action will aid in alleviating labor shortages which are impeding the war effort. Unless and until an area or activity has been so designated, employers therein will not be required to extend their workweek.

§ 903.3 *Delegation of authority.* Regional and Area Manpower Directors are authorized and directed to determine all questions arising within their respective regions and areas with respect to the interpretation and application of these Regulations, in conformity with such procedures and instructions as the Executive Director of the War Manpower Commission may issue in implementation thereof.

§ 903.4 *Minimum wartime workweek.* "Minimum Wartime Workweek" as used in these Regulations means a workweek of 48 hours, except in cases where a workweek of 48 hours (a) would be impracticable in view of the nature of the operations, (b) would not contribute to the reduction of labor requirements, or (c) would conflict with any Federal, State or local law or regulation limiting hours of work. In such cases "Minimum Wartime Workweek" means the greatest number of hours (less than 48) feasible in the light of the nature of the operations, the reduction of labor requirements or the applicable Federal, State and local law or regulation, as the case may be.

§ 903.5 *Extension of workweek in designated areas and activities.* If the workweek applicable to any worker employed in any plant, factory or other place of employment in an area or an activity designated as subject to the provisions of Executive Order No. 9301, is less than the Minimum Wartime Workweek, such workweek shall be extended to the Minimum Wartime Workweek as follows:

(a) Whenever extension of such workweek to the Minimum Wartime Workweek would not involve the release of any workers, the affected employer shall proceed promptly to extend the workweek to the Minimum Wartime Workweek.

(b) Whenever the Regional or Area Manpower Director or a designated representative of either determines that extension of such workweek to the Minimum Wartime Workweek would involve the release only of workers who can be promptly placed in suitable employment with other employers, the affected employer will be notified of such determination and thereupon shall proceed promptly to extend the workweek to the Minimum Wartime Workweek.

(c) If extension of such workweek to the Minimum Wartime Workweek would involve the release of some workers and the Regional or Area Manpower Director or designated representative has not determined and notified the employer that such workers can promptly be placed in suitable employment with other employers, the workweek shall not be extended except as authorized below. On or before April 1, 1943, the affected employer shall submit to the Regional or Area Manpower Directors or the designated representative of either Director a statement as to the number of workers whose release would be involved and their occupational classification, together with a proposed schedule for the timing of such releases. The Regional or Area Manpower Director or designated representative will authorize a schedule for the extension of the workweek to the Minimum Wartime Workweek and for the release of workers in terms of labor market needs and the employer shall thereupon proceed to extend the workweek in accordance with such schedule.

§ 903.6 *Restriction upon hiring of workers.* No employer shall hire any worker in an area or activity designated as subject to the provisions of Executive Order No. 9301, if the employer has failed in any manner to comply with the provisions of § 903.5 of these regulations in the plant, factory or other place of employment in which the worker would be employed.

§ 903.7 *Exclusions.* No provision of these Regulations shall be construed or applied so as to require the extension of a workweek:

(a) In any establishment or other place of employment in which less than eight workers are regularly employed;

(b) In any establishment or place of employment principally engaged in agriculture;

(c) Of persons in the employ of any State or any political subdivision thereof, or any instrumentality of any one or more of the foregoing;

(d) Of youth under the age of sixteen years; or

(e) Of individuals who on account of other employment, household responsibilities, or

physical limitations, are not available for full time work.

§ 903.8 *Definitions.* As used in these regulations:

(a) "Workweek" means the number of hours within a period of seven successive days, beginning with the same calendar day each week, during which workers are normally required to be on duty.

(b) "Agriculture" means those farm activities carried on by farm owners or tenants on farms in connection with the cultivation of the soil, the harvesting of crops, or the raising, feeding, or management of livestock, bees, and poultry, and shall not include any packing, canning, processing, transportation or marketing of articles produced on farms unless performed or carried on as an incident to ordinary farming operations as distinguished from manufacturing or commercial operations.

(b) By authority vested in the Chairman of the War Manpower Commission by Executive Order No. 9301, establishing a minimum wartime workweek of 48 hours and in accordance with the provisions of § 903.2 of the regulations prescribed by the Chairman of the War Manpower Commission, said Chairman may designate the areas subject to the provisions of Executive Order No. 9301. A current list of the areas so designated may be secured from any office of the United States Employment Service or of the War Manpower Commission.

(c) The following is the text of General Order No. 6, issued by the War Manpower Commission, designating certain activities as subject to the provisions of Executive Order No. 9301.

By virtue of the authority vested in me as Chairman of the War Manpower Commission, by Executive Order No. 9301, establishing a Minimum Wartime Workweek of 48 hours, and in accordance with the provisions of § 903.2 of the regulations prescribed by me on February 22, 1943, I hereby designate the following activities as subject to the provisions of Executive Order No. 9301:

1. The mining (including the development of ore properties) dressing, and beneficiating (milling) of the following nonferrous metals and their ores:

Aluminum.
Antimony.
Arsenic.
Beryllium.
Chrome.
Cobalt.
Columbium.
Copper.
Lead.
Magnesium.
Manganese.
Mercury.
Molybdenum.
Silver.
Tantalum.
Tin.
Titanium.
Tungsten.
Uranium.
Vanadium.
Zinc.
Zirconium.
All other non-ferrous metals and their ores.

2. (a) All logging operations.
(b) All operations of all:
Sawmills.
Planing mills.
Veneer mills.
Plywood mills.
Cooperage-stock mills.
Cooperage establishments.
Shingle mills.
Wooden box factories.
Wood pulp mills.

(2) A current list of the activities subject to the provisions of Executive Order No. 9301 can be obtained from any office of the United States Employment Service or of the War Manpower Commission.

(d) *Statement re adoption of forty-eight hour week.* Under date of March 11, 1943, the National War Labor Board defined the extent of its jurisdiction in the matter of overtime pay in the light of Executive Order No. 9301, as follows:

In order to answer the many inquiries received as to the effect of Executive Order 9250 on wages and salaries in the light of the Executive Order of February 9, establishing the minimum wartime work-week of 48 hours, the National War Labor Board today issued the following statement:

1. *Effect of the Order on Employer's Obligation to Pay Over-time.*—Any employer who adopts a 48 hour week in compliance with Executive Order 9301 of February 9, 1943 and the regulations of the War Manpower Commission issued thereunder is under the same obligation with respect to over-time pay as if he had adopted a 48 hour week before the Order was issued. That is, his obligation to pay or not to pay over-time rates is in no way affected by the Order.

This interpretation is based on the following provision of section 5 of the Order:

"Nothing in this order shall be construed as superseding or in conflict with * * * the provisions of any individual or collective bargaining agreement with respect to rates of pay for hours worked in excess of the agreed or customary work-week, nor shall this Order be construed as suspending or modifying any provision of the Fair Labor Standards Act or any other Federal, State or local law relating to the payment of wages or over-time."

2. *Necessity to Secure War Labor Board Approval for the Payment of Over-time.*—Approval of the War Labor Board is not required for payment of overtime rates to wage and salary employees for hours worked in excess of 40 made in accordance with the provisions of the Fair Labor Standards Act or any other similar Federal, State or local law or by the provisions of a collective bargaining agreement or by the employer's past custom and practice.

If none of these applies, then payment for the hours worked in excess of 40 at other than straight time rates would be a wage increase and would therefore require approval by the War Labor Board.

3. *Salaried Employees.*—Salaried employees within the jurisdiction of the War Labor Board, whose over-time pay is not covered by the Fair Labor Standards Act or any other similar Federal, State or local law, or by a collective bargaining agreement or their employer's past practice, may not, without the prior approval of the War Labor Board, be paid at more than straight time rates proportionate to the additional hours worked.

4. Application for approval of the increases referred to above may, of course, be made, in accordance with the National War Labor Board's regular procedure, at any local office of the Wage and Hour Division of the U. S. Department of Labor.

§ 809.986 *Interpretation of regulations.* Generally, the order and the regulations prescribe a 48-hour workweek in the areas and activities designated in general orders. However, the regulations provide for several exceptions. Whether the orders and regulations issued under the Executive order in question will affect particular concerns and what their effect will be are questions that must be determined in every case by the War Manpower Commission or its regional or local representatives. Neither contracting officers nor labor officers are authorized to interpret or construe the Executive order or the regulations. Therefore, all contractors and subcontractors presenting questions concerning the interpretation or application in particular cases of the orders and regulations will be referred to the War Manpower Commission officials in the appropriate area.

§ 809.987 *Enforcement procedure.* Until the War Manpower Commission has advised the War Department that a particular contractor is failing to comply with the order and the regulations, no action will be taken by any representative of the supply service, either to withhold contracts from such contractor or to require compliance with the order and the regulations by any such contractor. In cases where the War Manpower Commission has found that a particular War Department contractor is not complying with said order and regulations and has so advised the War Department, the chief of the supply service will be notified immediately by the Director, Industrial Personnel Division, Headquarters, Army Service Forces, and it will be the duty of the chief of the supply service or his designated representative promptly to request such contractor to comply with said order and regulations. Whenever any such contractor shall thereafter fail or refuse to comply therewith, report thereof will be made immediately by the chief of the supply service involved to the Director, Industrial Personnel Division.

§ 809.988 *Adjustments to cover increased cost of compliance.* The War Department policy in regard to adjustment for the increased cost of performance occasioned by compliance with said order and regulations is set out in the following Joint Statement of the War and Navy Departments, dated April 1, 1943:

(1) Executive Order No. 9301 and the Regulations promulgated thereunder by the War Manpower Commission require all employers in certain areas and all employers in certain industries to adopt the minimum wartime workweek as defined by said regulations. The Executive Order directs all Procurement Agencies of the Government to require their contractors to comply with the Order and with the Regulations.

(2) While many Government contractors and subcontractors may not be affected, the War Department and Navy Department recognize that some contractors and subcontractors will be obliged to extend the workweek of their employees and will be required to pay premium rates for the additional hours involved, with the result that their labor costs will be increased. The Departments also recognize that such compliance may result in hardship to some contractors who have cooperated with the Departments in efforts to secure prices as close to cost plus a fair profit as is possible under war conditions, and that such hardship may result in the impairment of the ability of many contractors, particularly small contractors, to continue effectively to produce war goods.

(3) Accordingly, the following policy has been adopted by the War Department and Navy Department:

(a) Where, during the course of performance of a lump sum contract or subcontract, a contractor or subcontractor has been required to increase the workweek of employees in order to comply with Executive Order No. 9301 and the regulations of the War Manpower Commission promulgated thereunder; and where, because of premium overtime rates required by Federal law or Executive Order, such compliance has resulted in an increase in the cost of performance of such contract or subcontract, over and above cost of performance had such increase in the workweek not been so required; and where such increase in the cost of performance would cause hardship to such contractor or subcontractor, the War Department and Navy Department will give consideration in appropriate cases to granting relief from such hardship.

(b) Generally speaking, it will be regarded that hardship exists only in cases where the increase in the cost of performance of a War Department or Navy Department contract resulting from compliance with the Order and the regulations operates to deprive the contractor of a fair profit on the contract.

(c) Where contracts under which such increases are sought relate to commodities, supplies or articles which are subject to OPA ceiling prices, any adjustment to be made must be within such ceiling prices or subject to approval in particular cases by the Office of Price Administration.

(d) Requests by subcontractors for such relief must in all cases be presented through prime contractors and adjustments, made for the benefit of subcontractors, shall be made only through prime contractors.

(a) *Time limit for filing requests for adjustment.* No requests for adjustments of the type above described will be considered unless they are presented to the contracting officer prior to the time the contracting officer has administratively determined the final amount due under the contract under which the request is presented by communicating his determination to the contractor or by the approval of the final voucher therefor.

(b) *Procedure for adjustment.* Requests for adjustment must be presented to the contracting officer of the supply service involved. Such adjustments as are made in the amount of the contract price with prime contractors will be made by supplemental agreement between the supply service and the prime contractor. No adjustment will be made by direct contract with subcontractors. The latter should make request for adjustments through their prime contractors and the amounts of such adjustments as are appropriate, made for the benefit of such subcontractors, will be included in supplemental agreements with the prime contractors.

(c) *Nature of showing required for adjustment.* No adjustment will be made without a proper showing which must include the following:

(1) That the contractor or subcontractor was required by the Executive Order in question as interpreted and applied to his case by the War Manpower Commission Regulations, to increase the workweek of some or all of his employees.

(2) The amount of the increased labor costs incurred because of premium overtime rates involved in compliance with the minimum wartime workweek.

(3) The amount of savings, through reduced overhead costs or otherwise, resulting from the adoption of the longer workweek.

(4) The total contract price of War Department contracts or subcontracts on which an adjustment is sought; the estimated amount of net earnings before taxes that would have accrued thereon had not the increased labor costs been incurred.

(d) *Authority to execute supplemental agreements.* Whenever the chief of the supply service, or such person within the supply service to whom the authority so to act has been delegated by the chief of the supply service, shall find in the light of the showing made by the contractor and verified to the extent feasible within the supply service:

(1) That the increase in the cost of performance of a War Department contract or subcontract, resulting from compliance with Executive Order No. 9301 and the regulations promulgated thereunder, operates to deprive the contractor or subcontractor of a fair profit on the contract, or subcontract, and

(2) That it is appropriate, in the light of all the facts known to him, or reasonably ascertainable by him, bearing upon the earnings of the contractor or subcontractor from its war business, to grant relief;

he is authorized to enter into a supplemental agreement pursuant to the First War Powers Act and Executive Order No. 9001 awarding the contractor an additional amount, not in excess of the diminution of the amount of a fair profit on such contract or subcontract, caused by such compliance.

SUBPART I—EMPLOYMENT OF ALIENS

§ 809.990 *Joint statement.* Under date of June 7, 1943, the Secretary of War, the Attorney General, the Secretary of the Navy and the Chairman of the Maritime Commission issued a joint statement on the employment of aliens. This statement reads as follows:

I. INTRODUCTORY STATEMENT

1. The protection of the war effort against espionage, sabotage, and subversive activities is paramount to all other considerations. The Departments of War, Justice and Navy, and the Maritime Commission, recognize clearly the importance of meeting to the fullest possible extent the expanding military and industrial demands for manpower. The governmental agencies herein named are, therefore, making this joint statement with respect to the national policy to the end that the available manpower may be utilized by contractors and sub-contractors to the maximum degree consistent with the paramount importance of internal security.

2. The granting of full employment opportunities to all loyal and qualified workers irrespective of national origin or citizenship is urged upon and expected of all contractors and sub-contractors of the government agencies herein named. The applicable national policy was clearly stated by the President in his statement of July 11, 1942, in which he said:

"Persons should not hereafter be refused employment, or persons at present employed discharged, solely on the basis of the fact that they are aliens or that they were formerly nationals of any particular foreign country. A general condemnation of any group or class of persons is unfair and dangerous to the war effort. The Federal Government is taking the necessary steps to guard against, and punish, any subversive acts by disloyal persons, citizens as well as aliens."

3. The policy and procedure herein outlined apply to the employment of aliens by Government contractors and sub-contractors within the continental United States. Special regulations apply to the employment of aliens on shipboard and in territories outside of the continental United States.

II. PERMISSION TO EMPLOY AN ALIEN IS REQUIRED IN ONLY TWO CLASSES OF CASES

4. Contractors and sub-contractors are required to obtain the written consent of the head of the Government department concerned, before employing aliens under the following conditions only:

(a) *Aeronautical Contracts:* Written consent is required before an alien employee may be permitted to have access to the plans or specifications or the work under construction or to participate in the contract trials under contracts involving aircraft, aircraft parts, or aeronautical accessories for the United States.

(b) *Classified Contracts:* Written consent is required before aliens employed by a contractor in the performance of secret, confidential, or restricted Government contracts shall be permitted to have access to the plans or specifications, or the work under such contracts, or to participate in the contract trials.

5. War and Navy Department and Maritime Commission contractors and sub-contractors may employ aliens as freely as American citizens except under the specific conditions specified in paragraph 4, (a) and (b), above.

III. APPLICATION OF ANTI-DISCRIMINATION CLAUSE

6. Pursuant to Executive Order No. 8802, dated June 25, 1941, an anti-discrimination clause (sometimes called "non-discrimination" clause) has been included in all War and Navy Department and Maritime Commission contracts entered into since June 25, 1941. This clause requires the granting of full employment opportunities to all loyal and qualified workers regardless of race, creed, color, or national origin. This clause is intended to apply equally to citizens and non-citizens. For contractors or sub-contractors of the War or Navy Departments, or of the Maritime Commission to require American citizenship as an essential condition for employment is considered a breach of the clause in the contract and is contrary to the national policy as expressed in the Executive Order.

7. Even on aeronautical and classified contracts, if a qualified applicant whose services the contractor needs is an alien whose loyalty to the United States the contractor has no reason to doubt, the contractor is obligated to cooperate with the applicant in applying for consent to his employment. Failure to request consent for the employment of, or to employ such an alien upon securing consent, if except for his alien status he would have been employed, constitutes a breach of the anti-discrimination clause of the contract and is contrary to national policy as expressed in the Executive Order. If a contractor refuses employment to a qualified and authorized alien worker, he should be prepared to present specific and sufficient reasons to avoid a charge of discrimination.

8. In no case, except those in which an individual alien is denied employment by the specific action of the War or Navy Departments or the Maritime Commission, is a contractor justified in informing an applicant

that he is being refused employment because of Government regulations. The same considerations apply to removal from employment.

IV. PROCEDURE FOR REQUESTING CONSENT TO EMPLOY ALIENS FOR WORK ON AERONAUTICAL OR CLASSIFIED CONTRACTS

9. In order to obtain consent of the Head of the Government Department concerned, for the employment of an alien on an aeronautical or classified contract, the alien and the contractor are required to fill out their respective parts of an Alien Questionnaire form. The procedure in this connection is as follows:

(a) The alien may go to the nearest office of the United States Employment Service, which will furnish him with the application form and will assist him in filling out his portion of the Questionnaire. However, if the contractor has forms and office facilities conveniently available, the alien may go directly to the contractor's plant and may there fill out his portion of the questionnaire. The Plant Security Officer is instructed to furnish to contractors the Alien Questionnaire forms. However, the form may also be secured from the local office of the United States Employment Service.

(b) When the alien's portion of the Questionnaire has been completed, the form will then be submitted to the employer who will fill out his portion of the Questionnaire. Insofar as possible, statements made by the contractor or reported by him, regarding the loyalty of the alien, should be factual rather than simply expressions of opinion.

(c) When the contractor has completed the Alien Questionnaire, (seven copies), he will retain one copy and will deliver the others to the plant security officer. This officer will retain one copy and will forward the others to the authorized representative of the head of the department concerned.

(d) This representative, after full investigation of the loyalty of the alien applicant, makes his recommendation, pursuant to which the Secretary of War, the Secretary of the Navy, or the Chairman of the Maritime Commission grant or deny consent to employ the alien. Notice of such action is sent directly to the contractor. In the normal case, the employer should receive a decision on his request within less than two weeks from the date the application is filed with the plant security officer.

V. SIGNIFICANCE OF, AND APPEALS FROM DENIAL OF CONSENT

10. The denial of consent does not necessarily indicate a decision that the alien concerned has disloyal tendencies, but may merely mean that his loyalty to the United States has not yet been positively proved.

11. If consent is denied, the contractor should promptly so inform the alien applicant, and at the same time advise him as to possible reconsideration.

12. Reconsideration of a denial of consent may be requested by either the alien or the contractor and additional evidence of loyalty, and letters of recommendation, may be sent direct to the Office of the Provost Marshal General.

13. Aliens whose applications for employment on aeronautical or classified contracts have been denied by the Secretary of War, the Secretary of the Navy, or the Chairman of the Maritime Commission, should be directed to the United States Employment Service for referral to other work.

VI. NO PENALTIES APPLY IF CONSENT IS OBTAINED BEFORE EMPLOYING ALIENS ON AERONAUTICAL AND CLASSIFIED CONTRACTS

14. Some contractors and sub-contractors have hesitated to employ aliens because of a lack of clear understanding of the statutory restrictions, and concern as to the penalty for violation thereof. It is repeated and emphasized that the only restrictions are those set forth in paragraph 4 above, and that an employer is not subject to any penalty if, in good faith, he obtains the written consent of the head of the Government department concerned before an alien is permitted to have access to the work, plans, or trials under aeronautical or classified contracts.

VII. RESPONSIBILITIES FOR PLANT SECURITY

15. The contractor is responsible for the protection of the plant against all persons who might endanger its security, regardless of their citizenship. Contractors will comply with detailed regulations concerning plant security issued from time to time by the War and Navy Departments and the Maritime Commission, including:

(a) complying with the provisions of their contracts respecting the safeguarding of all plans and specifications and all work under these contracts;

(b) in any case and at any time where there is a definite indication that an employee is subversive or engaged in subversive activities, no investigation will be conducted by the employer, but the facts will be furnished to the Federal Bureau of Investigation for appropriate consideration. (Employees have the same duty of reporting in this regard as have employers.)

VIII. PRIOR STATEMENTS AND CONTRACT PROVISIONS

16. This joint statement is applicable with equal force to the employment of aliens under all existing contracts. If any clause of any existing contract prescribes greater restrictions on the employment of aliens than are hereby required or permitted, the Government will waive compliance with such clause, to the extent that it conflicts with this Statement.

17. All previous statements of the Departments of War, Navy, Justice, and the Maritime Commission with respect to the policy and procedure in connection with the employment of aliens, are hereby superseded insofar as they may be inconsistent with any statements contained herein.

HENRY L. STIMSON,
Secretary of War.
FRANCIS BIDDLE,
Attorney General.
FRANK KNOX,
Secretary of the Navy.
E. S. LAND,
Chairman, U. S. Maritime Comm.

(a) *Anti-discrimination contract clause.* The anti-discrimination clause (see § 803.325) required in contracts under the provisions of Executive Order No. 9346 issued under date of 27 May 1943 (see Subpart K of this part) prohibits discrimination against any employee or applicant for employment because of "national origin". This is construed as prohibiting discrimination based on non-citizenship as well as discrimination based on country of origin.

(b) *Procedure.* It is to be noted that under Article IV of the joint statement set forth in § 809.990, it is contemplated that the alien questionnaire, when completed, will be delivered to the plant security officer. If, at a given plant, there is no plant security officer, the questionnaire should be delivered to the Director of Internal Security at the Headquarters of the Service Command within the limits of which the plant is located.

SUBPART J—STATE LABOR LEGISLATION

§ 809.993 *Requests for relaxation of State labor legislation.* In all cases in which manufacturers engaged in war production deem necessary to the achievement of full war production the relaxation of State labor statutes or administrative orders which are restricting or are allegedly restricting war production, the following procedure will be observed:

(a) (1) The interested contractor will submit the initial request for such relaxation to the State Labor Commissioner or other State officials charged with the enforcement of labor legislation in the State or region where the plant of the manufacturer involved is located.

(2) In the event that the contractor's request for relaxation is denied, the technical service, Army Air Forces, or the service command, as the case may be, whichever has the operating responsibility for labor problems for said contractor, may assist the contractor by supporting the request for relaxation by direct representation to the appropriate State official.

(3) The labor branches of the service commands may be called upon to render staff assistance relative to the foregoing.

(4) If the desired relaxation has not been obtained after exhausting the above procedure, and the appropriate War Department agency continues to urge its necessity, the matter may be referred through channels to the Director, Industrial Personnel Division, Headquarters, Army Service Forces, Attention: Chief, Labor Branch. Such referrals should contain the following information:

(i) Provision or provisions of law the relaxation of which is required.

(ii) Extent of relaxation required.

(iii) Criticalness or relative scarcity of the material.

(iv) Circumstances necessitating the relaxation (such as, for example, a shortage in the local supply of skilled labor).

(v) Remedial action being taken by the manufacturer (such as, for example, training and up-grading).

(vi) Efforts previously made to obtain the relaxation.

(b) Requests for assistance in obtaining a relaxation will be refused in cases in which:

(1) The contractor has not already requested the proper State authorities for such relaxation.

(2) Such relaxation is clearly unnecessary to maintain full production.

(3) The granting thereof would result in a clearly excessive increase in hours of work, in an unreasonable curtailment of rest and lunch periods, or in an undesirable impairment of working conditions.

SUBPART K—FAIR EMPLOYMENT PRACTICE

§ 809.994 *Executive Order No. 9346.* The following is the full text of Executive Order No. 9346, issued under date of May 27, 1943:

EXECUTIVE ORDER

FURTHER AMENDING EXECUTIVE ORDER NO. 8802 BY ESTABLISHING A NEW COMMITTEE ON FAIR EMPLOYMENT PRACTICE AND DEFINING ITS POWERS AND DUTIES

In order to establish a new Committee on Fair Employment Practice, to promote the fullest utilization of all available manpower, and to eliminate discriminatory employment practices, Executive Order No. 8802 of June 25, 1941, as amended by Executive Order No. 8823 of July 18, 1941, is hereby further amended to read as follows:

WHEREAS the successful prosecution of the war demands the maximum employment of all available workers regardless of race, creed, color, or national origin; and

WHEREAS it is the policy of the United States to encourage full participation in the war effort by all persons in the United States regardless of race, creed, color, or national origin, in the firm belief that the democratic way of life within the nation can be defended successfully only with the help and support of all groups within its borders; and

WHEREAS there is evidence that available and needed workers have been barred from employment in industries engaged in war production solely by reason of their race, creed, color, or national origin, to the detriment of the prosecution of the war, the workers' morale, and national unity:

NOW, THEREFORE, by virtue of the authority vested in me by the Constitution and statutes, and as President of the United States and Commander in Chief of the Army and Navy, I do hereby reaffirm the policy of the United States that there shall be no discrimination in the employment of any person in war industries or in Government by reason of race, creed, color, or national origin, and I do hereby declare that it is the duty of all employers, including the several Federal departments and agencies, and all labor organizations, in furtherance of this policy and of this order, to eliminate discrimination in regard to hire, tenure, terms or conditions of employment, or union membership because of race, creed, color, or national origin.

It is hereby ordered as follows:

1. All contracting agencies of the Government of the United States shall include in all contracts hereafter negotiated or renegotiated by them a provision obligating the contractor not to discriminate against any employee or applicant for employment because of race, creed, color, or national origin and requiring him to include a similar provision in all subcontracts. [See § 803.325.]

2. All departments and agencies of the Government of the United States concerned with vocational and training programs for war production shall take all measures appropriate to assure that such programs are administered without discrimination because of race, creed, color, or national origin.

3. There is hereby established in the Office for Emergency Management of the Executive Office of the President a Committee on Fair Employment Practice, hereinafter referred to as the Committee, which shall consist of a Chairman and not more than six other members to be appointed by the President. The Chairman shall receive such salary as shall be fixed by the President not exceeding $10,000 per year. The other members of the Committee shall receive necessary traveling expenses and, unless their compensation is otherwise prescribed by the President, a per diem allowance not exceeding twenty-five dollars per day and subsistence expenses on such days as they are actually engaged in the performance of duties pursuant to this Order.

4. The Committee shall formulate policies to achieve the purposes of this Order and shall make recommendations to the various Federal departments and agencies and to the President which it deems necessary and proper to make effective the provisions of this Order. The Committee shall also recommend to the Chairman of the War Manpower Commission appropriate measures for bringing about the full utilization and training of manpower in and for war production without discrimination because of race, creed, color, or national origin.

5. The Committee shall receive and investigate complaints of discrimination forbidden by this Order. It may conduct hearings, make findings of fact, and take appropriate steps to obtain elimination of such discrimination.

6. Upon the appointment of the Committee and the designation of its Chairman, the Fair Employment Practice Committee established by Executive Order No. 8802 of June 25, 1941, hereinafter referred to as the old Committee, shall cease to exist. All records and property of the old Committee and such unexpended balances of allocations or other funds available for its use as the Director of the Bureau of the Budget shall determine shall be transferred to the Committee. The Committee shall assume jurisdiction over all complaints and matters pending before the old Committee and shall conduct such investigations and hearings as may be necessary in the performance of its duties under this Order.

7. Within the limits of the funds which may be made available for that purpose, the Chairman shall appoint and fix the compensation of such personnel and make provision for such supplies, facilities, and services as may be necessary to carry out this Order. The Committee may utilize the services and facilities of other Federal departments and agencies and such voluntary and uncompensated services as may from time to time be needed. The Committee may accept the services of State and local authorities and officials, and may perform the functions and duties and exercise the powers conferred upon it by this Order through such officials and agencies and in such manner as it may determine.

8. The Committee shall have the power to promulgate such rules and regulations as may be appropriate or necessary to carry out the provisions of this Order.

9. The provisions of any other pertinent Executive order inconsistent with this Order are hereby superseded.

FRANKLIN D ROOSEVELT

THE WHITE HOUSE,
May 27, 1943.

§ 809.994a *Interpretations of Executive Order No. 9346.* Pursuant to the authority vested in it by Executive Order No. 9346, the Committee on Fair Employment Practice, in order to effectuate the purposes of the Order, has issued certain interpretations under the Order. Such interpretations are set forth in succeeding paragraphs.

(a) *Contracts.* (1) The words "all contracts hereafter negotiated or renegotiated" include all contracts made, amended or modified.

(2) A non-discrimination provision is required in leases, grants or easements, right of way, etc., to the same extent that it is required in other contracts.

(3) The obligation to include the non-discrimination clause exists even though the contract involves non-war activity.

(4) The obligation to include the non-discrimination clause exists even though the contract is required to be awarded to the lowest bidder.

(5) The obligation to include the non-discrimination clause exists even though the contract is between a Federal Government agency and a State agency or subdivision of a state.

(6) The obligation to include the non-discrimination clause does not depend on the amount of money or other consideration involved in the performance of the contract.

(7) The non-discrimination provision required does not refer to, extend to or cover the activities or business of the contractor which are not related to or involved in the performance of the contract entered into.

(8) Inclusion of a non-discrimination provision is not required in contracts the performance of which does not involve the employment of persons.

(9) Inclusion of a non-discrimination provision is not required in contracts with foreign contractors for work to be performed outside the continental or territorial limits of the United States where no recruitment of workers within the said limits of the United States is involved.

(b) *Employment of aliens.*—See Subpart I of this part relating to employment of aliens, particularly § 809.990 (a).

[Procurement Reg. 10]

PART 810—PLANT FACILITIES EXPANSIONS

SUBPART A—POLICY

Sec.
810.1001 General policy in regard to new facilities.
810.1002 Rental or allowance for the use of Government-financed facilities.
810.1003 Reconversion and storage costs.
810.1004 Tax amortization.
810.1004a Use of War Department owned machine tools and other industrial equipment for other than War Department production.
810.1004a.1 Use by contractor under other contracts or for commercial production.

SUBPART B—METHODS FOR PROVIDING NEW FACILITIES AND PROTECTION OF THE GOVERNMENT'S INTEREST IN GOVERNMENT-FINANCED FACILITIES

810.1005 Protection of the Government's interest.
810.1006 Methods of providing new facilities.
810.1007 Other methods of protecting the Government's interest in Government-financed facilities.

SUBPART C—PROCEDURE FOR OBTAINING CLEARANCE AND APPROVAL OF FACILITIES EXPANSIONS

810.1008 Submission of projects.
810.1009 Applications for approval of projects and for release of Expediting Production Funds ("site letters").
810.1010 War Production Board clearance.
810.1011 Increased costs and continuing capital expenditures.
810.1012 Application for release of Expediting Production Funds.
810.1013 Notice of approvals.
810.1014 Obtaining the letter of commitment in connection with Defense Plant Corporation lease agreements.
810.1015 Approval of contracts or agreements required in certain cases.
810.1015a Termination or cancellation of Emergency Plant Facilities Contracts.

SUBPART D—PROCESSING APPLICATIONS FOR NECESSITY CERTIFICATES IN CONNECTION WITH FACILITIES EXPANSIONS

810.1015b Transfer to the War Production Board of authority to issue certificates of necessity.
810.1016 Information to be submitted in application.
810.1017 Place of filing application.
810.1018 Procedure for processing applications.

Sec.
810.1019 Certificates of Non-Reimbursement and Government Protection Discontinued.
810.1020 Memorandum of the Under Secretary of War.

SUBPART A—POLICY

§ 810.1001 *General policy in regard to new facilities.* The conservation of critical material and the fullest possible utilization of existing facilities, whether structures, machinery, or equipment, requires that preference in placing contracts should be given first to contractors who have existing buildings or machinery available, and, second, to contractors who need to acquire the least amount of additional facilities for performance of the contract. Where it has been determined that new facilities are essential, preference should be given to contractors who will themselves finance such facilities. So far as practicable, direct payment or direct reimbursement by the Government for the cost of new facilities should be confined to facilities which themselves form a separate unit (on land covered by the facilities contract or controlled by a long-term lease) or which are readily removable or separable from the contractor's existing plant without unreasonable expense or loss of value. Thus, so far as practicable, buildings should not be erected at the Government's expense on land owned by the contractor unless the Government is given an option to lease on an appropriate basis for a substantial term (e. g. ten years) after the emergency, or an option to buy land at a reasonable price, now or later determined by negotiation.

In connection with new construction projects, the following measures will be observed in order to conserve critical materials:

(a) The site will be selected with a view to minimizing the requirements for additional utilities, transportation, and housing facilities. An effort will also be made to avoid the necessity of multiple-storied structures.

(b) Whenever possible, structures should be of a temporary nature and should be of the simplest construction consistent with the proposed use of the structure and the applicable building codes.

(c) Air conditioning will be employed in only those structures or portions of structures where the manufacturing process makes such use essential. Air conditioning will not be employed for the comfort or for increasing the efficiency of personnel.

(d) Construction of new facilities will, insofar as possible, be of materials the use of which is not prohibited by applicable orders of the Army-Navy Munitions Board or the War Production Board.

(e) Unless otherwise specifically provided, compliance with any provision of this part or of any amendment thereto which requires a change in contract procedure or in any contract provision shall not be mandatory until thirty days after the issuance of such regulation or amendment.

§ 810.1002 *Rental or allowance for the use of Government-financed facilities.* In cases where competition in a price sense will or may exist between the contractor receiving Government-financed facilities and other manufacturers (not using comparable Government facilities on a no-rental basis), appropriate steps will be taken to equalize insofar as possible the competitive situation. To this end, a reasonable rental not less than normal depreciation during the period of use will ordinarily be charged in such cases. Where there is direct Government construction or installation of Government-owned machinery or equipment (not including construction or installation under a Defense Plant Corporation Lease), in lieu of the rental charge, cognizance may be taken of the difference in the ownership or rental status of the facilities, as between the several manufacturers, and this factor taken into account in placing the contract.

Where Government-financed facilities are employed for the performance of contracts other than those directly with the Government, a rental will usually be charged for the facilities so employed. However, where the facilities are furnished as a part of an integrated production program under which a reduction commensurate with the facilities furnished is obtained in the cost of the supplies to the Government, and the furnishing of the facilities without rental does not create an unfair competitive advantage, the rental charge need not be made. Rental may also be waived with respect to production for a foreign Government for cause deemed adequate by the chief of the technical service.

§ 810.1003 *Reconversion and storage costs.* Where, pursuant to the policy stated in § 810.1001 hereof, the Government undertakes to finance the conversion of plants to war production (including required new machinery, equipment, and building installations), the cost of such conversion may include the cost of removing existing commercial machinery, equipment, and installations, and the cost of incidental building rehabilitation and alteration. In such cases, provision may be made for payment, on termination of production for the Government, of the costs of removal of Government-financed machinery and equipment, including preparation for shipment and storage. No provision may be made, however, for the Government's bearing, either directly or indirectly, any part of the cost of reconverting the contractor's plant to commercial production (including reinstallation of privately-owned machinery and equipment), nor will the Government bear the cost of storing such machinery and equipment during the period between conversion and reconversion. This policy is equally applicable to all types of contracts, whether facilities contracts, cost-plus-a-fixed-fee contracts, or fixed-price contracts.

§ 810.1004 *Tax amortization.* Under the provisions of section 124 of the Internal Revenue Code, the cost of facilities incurred by a contractor may, under certain circumstances, but only for the purpose of computing taxable income (see § 802.238 (a)) be amortized over a period of 60 months (or in some instances, a shorter period). To obtain the benefit of such amortization, a Certificate of Necessity must first be obtained. The procedure for obtaining such certificates is set forth in Subpart D of this part. Said section 124 is inapplicable to the acquisition or construction of facilities under a plan of the type described in Plans III, IV or V in § 810.1006 below.

§ 810.1004a *Use of War Department owned machine tools and other industrial equipment for other than War Department production*—(a) *Use by contractor under other contracts or for commercial production.* To promote the most effective possible use of Government owned machine tools and other industrial equipment which have been furnished to private concerns under War Department facilities contracts, the chief of each technical service, or his duly authorized representative, is authorized hereby to permit the use of such machine tools or equipment by the contractor under the conditions hereinafter set forth, provided that the War Department does not for the time being require such machine tools and equipment for its own production at the contractor's plant. Such use may be permitted:

(1) Where such machine tools and equipment are to be used by the contractor for the performance of other war contracts, either as a prime contractor with any Government department or agency or as a subcontractor.

(2) Where such machine tools and equipment are to be used by the contractor for the production of items determined by the Director, Production Division, Headquarters, Army Service Forces or by the chief of the technical service, or by the duly authorized representative of either of them, to be of importance in some direct and immediate manner to the prosecution of the war or to the national defense. In such cases instruments authorizing the use shall provide for a limitation of such use to a definite period of time or to a definite quantity of production.

(3) Where such machine tools and equipment are to be used by the contractor for other commercial production not directly connected with war procurement and not of the type mentioned in subparagraph (2) above, *Provided*, That the instrument permitting such use expressly states that such permission is granted subject to termination at any time by the chief of the technical service or his duly authorized representative upon written notice to the contractor.

(b) *Lease agreement.* In all instances a fair and reasonable rental will be charged for the use of such machine tools and equipment in an amount determined by the chief of the technical service or his duly authorized representative to be adequate to protect the Government's interest. The lease agreement must make provision for proper repair and maintenance of such machine tools and equipment.

(c) *Quarterly summary report.* A summary report (Control Approval Symbol UPS–44) will be made by the chief of each technical service quarterly (as of 31 March, 30 June, 30 September and 31 December) to the Director, Production Division, Headquarters, Army Service Forces, giving a summary statement of the approximate value of such machine tools and equipment so leased or used and the number of units involved.

(d) *Statutory authority for lease.* Each instrument authorizing the lease or use of such machine tools and equipment in accordance with these regulations will be made pursuant to Public Law 703, 76th Congress (as amended by Public Law 580, 77th Congress, section 13) and to Title II of the First War Powers Act and Executive Order No. 9001.

(e) *Determination as to benefits from permitted use of machine tools and other industrial equipment.* It is hereby determined that the use to full advantage of Government owned machine tools and other industrial equipment which have been furnished to War Department contractors under facilities agreements, when such machine tools and equipment would otherwise be idle or unproductive,

(1) Will increase production required for war purposes and for the national economy, thereby promoting the interest of national defense and facilitating the prosecution of the war, and

(2) Will tend to reduce the cost to the Government of the war procurement program by obtaining fair compensation for the use of such machine tools and equipment, when idle, much of which is rapidly depreciating in value, and

(3) Will tend to enable war contractors to maintain their plants and working forces in efficient standby condition in intervals between the performance of contracts related to war procurement.

(f) *Authorized procedures not to delay circularization of idle property or declaration as surplus.* It is War Department policy to dispose promptly, in accordance with existing regulations, of all machine tools and equipment which the War Department no longer needs. The procedures authorized by the preceding paragraphs (especially paragraph (a) (3)) will not delay circularization to all Government agencies of idle machine tools and other equipment (excessive at the point of use) or its declaration as surplus. The primary purpose of the authority granted by paragraph (a) (3) is to provide for the effective use of machine tools and other equipment (1) during the period of circularization and pending determination of its appropriate disposition, and (2) during intervals in war production in the plant of the contractor having custody of such machine tools and equipment.

SUBPART B—METHODS FOR PROVIDING NEW FACILITIES AND PROTECTION OF THE GOVERNMENT'S INTEREST IN GOVERNMENT-FINANCED FACILITIES

§ 810.1005 *Protection of the Government's interest.* The duty of protecting the Government's interest in facilities for which the Government has paid in whole or in part rests upon the contracting officer. Where the new facilities are paid for by the contractor, and the cost thereof is not to be borne by the Government directly or indirectly, there is no problem of protecting the interest of the Government in the facilities. (See Plan I, § 810.1006.) Where the new facilities are to be financed by the Government, protection of the Government's interest therein will ordinarily be accomplished by the use of Plan II, III, IV, or V, as outlined in § 810.1006 hereof. In exceptional cases, such protection may be accomplished by the use of Special Facilities Contracts or Lease Agreements or through the use of the procedure outlined in § 810.1007 hereof.

§ 810.1006 *Methods for providing new facilities.* The following methods are typical of those which may be used for providing new facilities:

PLAN I—PRIVATE OWNERSHIP—WITH NO GOVERNMENT INTEREST

Purpose—For cases in which the contractor is not to be paid by the Government directly or indirectly for the cost of the facilities except to the extent of normal depreciation included in the price of articles sold to the Government.

Financing—Financed by the contractor.

Title—Vested in the contractor.

PLAN II—PRIVATE OWNERSHIP—WITH GOVERNMENT INTEREST (EMERGENCY PLANT FACILITIES CONTRACT)

Purpose—For cases in which the contractor is to be reimbursed by the Government and desires to retain a future interest in the facilities.

Financing—By the contractor until repaid by the Government.

Title—Vested in the contractor with option to purchase such interest as the Government may have acquired by having repaid the contractor partially or wholly for facilities.

PLAN III—GOVERNMENT OWNERSHIP—WAR DEPARTMENT CONSTRUCTION CONTRACT

Purpose—For cases in which the contractor is constructing facilities for the Government and at Government expense.

Financing—By the Government.

Title—Vested in the Government. When the facilities will constitute an addition to or an extension of an existing plant of the contractor, the contractor may be given an option to purchase the facilities.

PLAN IV—GOVERNMENT OWNERSHIP—DEFENSE PLANT CORPORATION LEASE

Purpose—For cases in which the Defense Plant Corporation pays for the facilities.

Financing—Defense Plant Corporation, upon recommendation by the War Department, enters into an Agreement of Lease with the contractor which, as agent for and in the name of Defense Plant Corporation, constructs the buildings and purchases the machinery and then leases the facilities from Defense Plant Corporation at an agreed rental. In most cases where the rental agreed upon is insufficient to reimburse Defense Plant Corporation in full over the term of the lease, part of the financing is borne by the War Department under an agreement with Defense Plant Corporation.

Title—Vested in Defense Plant Corporation, with option in contractor to buy at the end of the lease.

PLAN V—GOVERNMENT OWNERSHIP—SUPPLY CONTRACT

Purpose—For cases in which the contractor will acquire facilities (other than real estate and buildings) for the account of and to be paid for by the Government; facilities to be used by contractor to manufacture supplies under War Department supply contract; contractor responsible for return of facilities in good condition, except for reasonable wear and tear and loss due to stated perils. This type of government financing is provided for by the article entitled Government-Owned Facilities set forth in § 803.332.

Financing—Government Funds.

Title—Vested in the Government, with option in contractor, in certain cases, to buy at cost less depreciation.

§ 810.1007 *Other methods of protecting the Government's interest in Government-financed facilities.* Where, because of special circumstances (such as the inseparability of the new facilities from existing privately owned facilities), the adoption of none of the methods set forth in § 810.1006 is practicable and the Government bears, as a part of the contract price, all or a portion of the cost of the facilities to the contractor, the contracting officer will include in the contract which provides for such payment by the Government for the facilities suitable provisions for the protection of the Government's interest in the facilities and will state in the contract the amount of such payment. Ordinarily, in such cases the provisions hereinafter set forth should all be included. However, in exceptional circumstances one or more of such provisions, with the approval of the Director, Purchases Division, Headquarters, Army Service Forces, may be omitted from the contract with or without substitution of modified provisions directed to the same end:

(a) Requirement that the contractor maintain the facilities, or an appropriate portion thereof, in good condition at its own expense for a period provided for in the contract extending beyond the period of existing supply contract, unless upon request the contracting officer releases it from such obligation;

(b) Requirement that the contractor retain title to the facilities, or an appropriate portion thereof, during said period free of encumbrances not consented to in writing by the contracting officer;

(c) Requirement that the contractor makes no material alteration in the nature of the facilities, or an appropriate portion thereof, without the written consent of the contracting officer;

(d) Requirement that the contractor give priority to Government orders during said period;

(e) Requirement that the contractor shall not include in any price in any supply contract with the Government any sum for depreciation or amortization of the facilities, or an appropriate portion thereof, during said period;

(f) Provision that the contractor may at any time be released from the above requirements upon payment to the Government of a sum agreed upon between the contractor and the contracting officer as constituting fair and just return to the Government for its payment for the facilities.

Where reference is made in the above to "an appropriate portion" of the facilities, that portion for which payment is made by the Government is intended.

SUBPART C—PROCEDURE FOR OBTAINING CLEARANCE AND APPROVAL OF INDUSTRIAL FACILITY EXPANSIONS

Air Forces in § 810.1010 (b) and (c) below. If the projects involve Expediting Production Funds in excess of $25,-

SUBPART C—PROCEDURE FOR OBTAINING CLEARANCE AND APPROVAL OF INDUSTRIAL FACILITY EXPANSIONS

§ 810.1008 *Submission of projects.* Except as provided in paragraph (c) of this section and § 810.1010 (b) and (c) below, all requests for the construction, modification, expansion, or conversion of an industrial facility to be financed by the War Department or by the Defense Plant Corporation under War Department sponsorship (including those which involve only a contingent War Department liability) will be submitted by the sponsoring technical service to the Production Division, Headquarters, Army Service Forces for approval and clearance by all interested agencies, if such projects involve:

(1) Use of Expediting Production Funds, or

(2) Use of other War Department funds or Defense Plant Corporation funds and are estimated to cost in excess of $100,000, excluding costs of jigs, dies, fixtures and gages, such cost including the value of machinery and equipment to be obtained from excess stocks, as well as all new expenditures, whether financed privately or by the Government.

(a) *Definition of industrial facility.* An industrial facility, as used in this part, is defined as a manufacturing plant, whether privately or Government-owned, with all necessary appurtenances thereto, including machinery and equipment, utilities, warehouses, testing buildings, and similar items. Manufacturing plants, together with the facilities required to supplement such plants, at War Department-owned and operated arsenals, depots, and similar establishments, are also considered industrial facilities.

(b) *Preliminary inquiry to Production Division.* In order to minimize delays and the possibilities of unfavorable action, when new facilities are first being considered, it is desirable that the initiating office communicate with the Production Division, Headquarters, Army Service Forces to ascertain the availability of existing facilities suitable for the required production.

(c) *New construction, additions or alterations at Class IV installations.* All requests for new construction, additions or alterations, the cost of which exceeds $1,000, at industrial facilities in Class IV installations will be approved personally by the chief of the interested technical service (without delegation) and will be submitted for approval to the Production Division, Headquarters, Army Service Forces through the Office, Chief of Engineers. Such requests will contain the information required under paragraph 1009 below to the extent applicable, and must contain complete justification for the proposed work.

§ 810.1009 *Application for approval of projects and for release of Expediting Production Funds ("site letters").* Applications for approval of any proposed facilities expansions or conversions of the type described in § 810.1008 above, and for the release of Expediting Production Funds, will be made to the Production Division, Headquarters, Army Service Forces except as provided for the Army Air Forces in § 810.1010 (b) and (c) below. If the projects involve Expediting Production Funds in excess of $25,000, or other funds in excess of $100,000, such applications will supply the following information in quadruplicate. Items not applicable to a particular project will be so indicated.

(1) Name and location of project.

(2) Name and address of operator.

(3) Product and production rate to be created by this project.

(4) General statement of processing operations to be performed in the plant on the item to be produced and the principal types of machine tools and other machinery and equipment necessary therefor. Indicate nature of additional machine tools and other machinery and equipment included in the proposed project.

(5) General description of proposed construction or rehabilitation, if any. For new construction, state number of buildings and approximate floor space of each.

(6) Labor information as follows:

(i) Current employment in the entire plant.

(ii) Expected peak employment as the result of expansions previously authorized and now under way, excluding this proposal.

(iii) Labor presently engaged on production of item for which expansion is requested.

(iv) Additional labor required to staff the expansion. If the project is located in a labor area in which an Area Production Urgency Committee has been established, there must be attached to the site letter a signed copy of the Form GA–862 indicating approval by the Committee.

(7) Maximum additional power required, in kilowatts, and sources of supply.

(8) Additional fuel required, quantity, and type.

(9) Statement of adequacy of water, sewage disposal, rail and highway transportation, and housing.

(10) Brief reasons for selection of this facility or site.

(11) Statement of estimated costs:

(a) Land (number of acres)	------
(b) Purchase of existing plant	------
(c) Construction and rehabilitation including installation costs of (d)	------
(d) Machine tools and other machinery and equipment	------
(e) Automotive furniture and fixtures	------
(f) Dies, jigs, fixtures and gages, and other manufacturing aids	------
(g) Contingencies, overhead, and miscellaneous	------
(h) Total (excluding portion privately financed)	------
(i) Private financing[1]	------
(j) Total cost	------

[1] Explain part of project to be privately financed.

The figures shown for machine tools and other machinery and equipment will be the value of all the tools and equipment to be physically added to the operation. There will be an indication of the portion of each which it is estimated will be secured from available excess lists.

(12) Statement of requirements for item to be produced and existing capacity for such production. Include under this heading:

(i) Total requirements for each year 1944 and 1945.

(ii) List of existing producers, including those in process of expansion.

(iii) Scheduled 1944 production from each.

(iv) Maximum monthly capacity of each facility and month when that capacity will be reached.

(13) Method of financing. If use of Expediting Production Funds is required, make a request for a specific amount or state that such a request will be submitted separately, stating, also, how the remainder of cost, if any, is to be financed.

(14) (i) Estimated date of initial operation.

(ii) Estimated date of completion of construction.

(iii) Estimated date of full operation.

(a) Where it is deemed essential, in the interest of expedition, to file any application before the complete data required above are available, the missing information will be supplied promptly in a second letter following the original application.

(b) Except for the projects of the Army Air Forces (see § 810.1010 (b) and (c)), all applications by the technical services must be approved by the Director, Production Division, Headquarters, Army Service Forces.

(c) Projects under $25,000 involving Expediting Production Funds: In order to simplify the procedure for processing projects in this class, the technical service should, whenever possible, submit them in groups, listing the projects, together with the amounts of funds requested for each, in a single memorandum in triplicate. The detailed information required by paragraph 1009 for larger projects need not be furnished, but the following information will be furnished with respect to each project covered by the memorandum:

(1) Name and location of project.

(2) Total cost, including breakdown of cost into construction, machinery and equipment, etc.

(3) Purpose of project.

(4) Adequate information to establish essentiality.

§ 810.1010 *War Production Board clearance.* Except as provided in paragraph 1011 below, every proposed industrial facility expansion estimated to cost in excess of $100,000 (including any portion to be privately financed and any portion of equipment to be provided from available excess) must be approved by the Facilities Committee, War Production Board.

(a) *Procedure for obtaining approval of the Facilities Committee.* The following procedure is established for all projects requiring approval by the Facilities Committee:

(1) When a project has been approved by the Director, Production Division, Headquarters, Army Service Forces, the Production Division will submit the proposal to the Facilities Committee, War Production Board, for approval. It will be the responsibility of the Production Division to maintain liaison with the Facilities Committee to expedite action on proposals which have been submitted.

(2) After notification by the Production Division that the project has been cleared by all necessary agencies, the technical service will instruct the contractor (except where the work is under the jurisdiction of the Corps of Engineers) to submit to the War Production Board, through the technical service, a WPB–617 application covering the entire project if construction is involved, or a PD–3A if the proposal includes only machine tools and equipment. To these applications will be attached a copy of the memorandum of approval from the Facilities Committee, War Production Board, which will eliminate the necessity for any further check by the War Production Board as to essentiality. If a Necessity Certificate for Tax Amortization is to be requested, the application therefor will accompany the WPB–617 or PD–3A.

(3) Prior to forwarding the PD–3A to the War Production Board, the technical service will fully complete the certificate and will assign the appropriate preference rating, as established in the Army and Navy Munitions Board Priorities Directive, and will be responsible for checking the list of equipment, in order to eliminate items which can be obtained from available surpluses. If it is not practicable to submit the entire list of equipment on the initial PD–3A, a statement to that effect will be made. Subsequent PD–3A's on the project will be submitted as indicated above and will be accompanied by a list of serial numbers and amounts of PD–3A certificates previously submitted. It will not be necessary to submit Form PC–20 with PD–3A's on projects covered by this memorandum. Forms WPB–1548 (Amendment to original WPB–617's), when necessary, will be submitted through the same channels.

(4) The technical service must assure itself that the WPB–617 or PD–3A is in agreement with the information required by § 810.1009 above, or attach supporting data to justify any over-run of cost when submitting the forms to the War Production Board.

(5) The approved WPB–617 or PD–3A will be transmitted to the contractor through the technical services. To assure that this step is taken by the War Production Board, the technical service will make such a request in each case.

(b) *Army Air Forces projects requiring WPB approval.* For projects of the Army Air Forces which require approval by the War Production Board and which involve Expediting Production Funds, the Army Air Forces will address and submit two originals of the application containing the information specified in § 810.1009 directly to the Facilities Committee, War Production Board, and will send the remaining two copies of the original application to the Production Division, Headquarters, Army Service Forces, for its information and record. The Facilities Committee will notify the Army Air Forces directly of the action taken, sending an information copy to the Production Division, Headquarters, Army Service Forces.

(c) *Army Air Forces projects not requiring WPB approval.* When projects of the Army Air Forces do not require approval of the War Production Board but involve Expediting Production Funds, the Army Air Forces will make application for such funds to the Under Secretary of War through the Production Division, Headquarters, Army Service Forces, including in such application the following certification as to necessity, signed for the Commanding General, Army Air Forces, by the Chief, Resources Division, Office, Assistant Chief of Air Staff, Matériel, Maintenance and Distribution, or one of his superior officers:

It is hereby certified that the items of expenditure herein referred to are essential to enable this facility to attain the production capacity required of it in order to meet the peak requirements of the currently authorized aircraft program.

The merits of such projects will not be reviewed by the Production Division, Headquarters, Army Service Forces.

§ 810.1011 *Increased costs and continuing capital expenditures*—(a) *Increased costs only.* Increases in costs of projects previously approved by Headquarters, Army Service Forces, or by the Under Secretary of War, which are due to a low initial estimate and do not involve a change in the scope of the project or production output, do not require approval of the War Production Board but do require clearance by the Production Division, Headquarters, Army Service Forces. All such applications of the technical services must include a clear statement of the particular factors justifying the increased costs, and will be subject to the approval of the Production Division, Headquarters, Army Service Forces, except as indicated under § 810.1010 (c).

(b) *Continuing capital expenditures.* Applications may be made by a technical service for approval of continuing capital expenditures required in connection with an existing project theretofore sponsored by or transferred to sponsorship of such technical service. Such application shall state:

(1) The estimated costs of the additional capital facilities required for a specified current or ensuing quarter year (giving breakdown thereof in accordance with § 810.1009 (k) above), together with estimated dollar amount required for the next succeeding three quarter-years, the total amount of such four quarter-years not to exceed five percent of the total estimated cost of the project as heretofore approved;

(2) The necessity for such continuing capital expenditures; and

(3) The method of financing thereof, the amount of Expediting Production Funds, if any, required therefor, and the manner in which the balance of such expenditures will be financed.

Such application shall be submitted to the Production Division, Headquarters, Army Service Forces, and, except as indicated under § 810.1010 (c), shall be subject to approval by the Division. Approval of the War Production Board of such application is not required, regardless of the amount.

(c) *Conditions of approval.* Approval of applications for continuing capital expenditures shall be subject to the following terms and conditions:

(1) Expenditures shall be limited to items normally classified as capital charges and shall not be used for items which may properly be charged to maintenance, repairs, or operations;

(2) Expenditures shall be only for construction, alterations, extension, machinery, equipment, or other facilities required to round out or improve operating efficiency, balance production, or otherwise develop maximum utilization of the existing project;

(3) Expenditures shall not be used for any new structure, the estimated cost of which exceeds $25,000, nor for camouflage or any new administration buildings or cafeterias, but may be used for alterations or extensions of existing facilities of this character.

(4) New construction, additions or alterations at Class IV installations, the estimated cost of which exceeds $1,000, will be processed in accordance with the provisions of § 810.1008 (c) above regardless of the other provisions of this paragraph.

(5) When a project which has been financed solely with Expediting Production Funds has been completed, the technical service must immediately return all unexpended funds in excess of 3% of the total cost of the project. The funds retained may be used for continuing capital expenditures, in which case the technical service must notify the Production Division, Headquarters, Army Service Forces of the amount being so held. The use of such excess funds will be subject to the terms and conditions outlined in subparagraphs (1) through (4) above.

§ 810.1012 *Application for release of Expediting Production Funds.* When a project requires release of Expediting Production Funds, application therefor shall be made in accordance with § 810.1009 (m) above. When a project for which Expediting Production Funds are requested has received approvals herein required to be given by the Production Division, Headquarters, Army Service Forces, the War Production Board, or both, or has been certified in behalf of the Commanding General, Army Air Forces, in accordance with § 810.1010 (c) above, the Production Division, Headquarters, Army Service Forces, will submit the project, with all supporting information, to the Under Secretary of War for approval and release of Expediting Production Funds.

§ 810.1013 *Notice of approvals.* In all cases involving approval by the Production Division, Headquarters, Army Service Forces, or release of Expediting Production Funds, the Production Division, Headquarters, Army Service Forces, will advise the interested technical service in writing when the project has received all necessary approvals.

§ 810.1014 *Obtaining the letter of commitment in connection with Defense*

Plant Corporation lease agreements. Where the proposed expansion is to be financed through a Defense Plant Corporation lease agreement, the letter of commitment from the War Department to the Defense Plant Corporation will be

thorized to issue such certificates. However, on that date and by Executive Order No. 9406, "• • • the functions, powers and duties of the Secretary of War and the Secretary of the Navy with respect to the certification, pursuant to

of the Government that such a facility be privately financed, i. e., in cases of plant rehabilitation, attached structural additions and equipment such as brick furnaces.

(b) *Applications for certificates.* Ap-

made. While it is recognized that some additional facility expansions will be necessary, it is the policy of the War Department that they be accomplished either by Government financing, the purchase or lease of Government-owned facilities, or private financing without

Army Service Forces.

proval of the War Production Board of

commitment in connection with Defense

Plant Corporation lease agreements. Where the proposed expansion is to be financed through a Defense Plant Corporation lease agreement, the letter of commitment from the War Department to the Defense Plant Corporation will be submitted to the Under Secretary of War. Such submission will be through the Office of the Under Secretary of War, Attention: Contracts and Facilities, and will be accompanied by a brief statement of the nature, location, estimated cost and productive capacity of the project, together with a statement that the project is essential and that the estimated cost thereof is believed reasonable.

§ 810.1015 *Approval of contracts or agreements required in certain cases.* The following contracts will be submitted to the Director, Purchases Division, Headquarters, Army Service Forces, for approval:

(a) All Emergency Plant Facilities Contracts.

(b) All Special Facilities Contracts.

(c) Contracts containing provisions which are required to be submitted under § 810.1007.

(d) Supply contracts containing "Government-Owned Facilities" clauses which deviate in substance from § 803.332 or any provision of which is required to be submitted under the notes to § 803.332.

(e) Separate lease agreements referred to in § 807.304 (b) except those which are (1) written on a standard form of contract for lease of equipment (see § 803.304 (a)), or (2) embody substantially the provisions of § 803.332, and do not contain any provisions which is required to be submitted under the notes to § 803.332.

§ 810.1015a *Termination or cancellation of Emergency Plant Facilities contracts.* Whenever it is desired to effect termination or cancelation of an Emergency Plant Facilities contract and permit the contractor to acquire all or any part of the interest of the Government in the facilities, the matter will be submitted in detail for the approval of the Under Secretary of War, through the Director, Purchases Division, Headquarters, Army Service Forces.

SUBPART D—AMORTIZATION DEDUCTION AND CERTIFICATES OF NECESSITY

§ 810.1016 *Amortization deduction.* For Federal income tax purposes, the cost of construction, reconstruction, erection, installation or acquisition of facilities may, pursuant to section 124 of the Internal Revenue Code, be amortized over a period of 60 months (or a shorter period under certain circumstances) when a Certificate of Necessity has been issued certifying that such construction, reconstruction, erection, installation or acquisition of facilities is necessary in the interest of national defense during the emergency period. (See § 810.1004.) The procedure for obtaining such a certificate is set forth in the following paragraphs.

(a) *Transfer of authority to issue certificates to War Production Board.* Prior to 17 December 1943 the Secretary of War and the Secretary of Navy were authorized to issue such certificates. However, on that date and by Executive Order No. 9406, "• • • the functions, powers and duties of the Secretary of War and the Secretary of the Navy with respect to the certification, pursuant to Section 124 (f) of the Internal Revenue Code • • • [were] transferred to the Chairman of the War Production Board."

(b) *Issuance of certificates prior to effective date of transfer.* Executive Order No. 9406 provided that the regulations of the Secretary of War and the Secretary of the Navy in effect prior to 5 October 1943 should govern the issuance of Certificates of Necessity for all applications therefor describing facilities, the beginning of the construction, reconstruction, erection, installation, or the date of acquisition of which was prior to 5 October 1943. The order also indicated that the Secretary of War and the Secretary of Navy would act upon applications for certificates filed with either of them before 17 December 1943 describing facilities, the beginning of the construction, reconstruction, erection, installation, or date of acquisition of which was prior to 5 October 1943. All other applications for certificates are to be filed with and pursuant to regulations of the War Production Board.

(c) *Automatic ineligibility.* Any application for a necessity certificate which was filed after 5 April 1944 for facilities which were acquired prior to 5 October 1943 is automatically ineligible because of the lapse of more than six (6) months between their date of acquisition and the date of filing the application therefor. Furthermore, any application for a certificate for a facility which was acquired after 5 October 1943 with respect to which no predetermination had been made is likewise automatically ineligible by reason of the promulgation, on that date, of the predetermination requirement, i. e., that the necessity for such a facility be determined by the certifying authority before its acquisition. (See Executive Order No. 9406.)

§ 810.1017 *Regulations.* Pursuant to Executive Order No. 9406, regulations governing the Certificates of Necessity have been promulgated by the Chairman of the War Production Board and appear in 8 F.R. 16964, 21 December 1943. Copies of such regulations may be obtained from the War Production Board.

§ 810.1018 *Policy and procedure.* Paragraphs (a) to (d) summarize the policy and procedure with regard to Certificates of Necessity as prescribed in the War Production Board regulations referred to above. Paragraphs (e) and (f) set out the procedure within the War Department except with regard to applicants with whom the Army Air Forces are principally concerned.

(a) *General.* Certificates of Necessity will be issued only where the facilities to be constructed or acquired are (1) clearly necessary to the war effort and (2) it is to the advantage of the Government that they be privately financed. In general, it may be stated that whenever the Government cannot readily take title to a proposed facility, it is to the advantage of the Government that such a facility be privately financed, i. e., in cases of plant rehabilitation, attached structural additions and equipment such as brick furnaces.

(b) *Applications for certificates.* Applications for Certificates of Necessity, from and after 17 December 1943, will be made in triplicate on the form prescribed and provided by the War Production Board (Form WPB 3467) together with six copies of Appendix A thereto, which form is likewise prepared and provided by the War Production Board. All such applications must precede the construction, reconstruction, erection, installation or acquisition of a facility in order that the certifying authority may determine whether such construction, reconstruction, erection, installation, or acquisition is necessary, within the meaning of section 124 of the Internal Revenue Code. Where priority assistance or specific authorization of the War Production Board is necessary to effect acquisition, the application for a Certificate of Necessity and the application for priority assistance or specific authorization must be filed together.

(c) *Filing application.* Applications for certificates will be filed directly with the War Production Board in Washington, D. C., as prescribed by paragraph (7) of the aforesaid regulations. An application will be deemed to be filed when it is received at the office of the War Production Board in Washington, D. C.

(d) *Data required.* Where possible, all information called for on the standard form of application must be clearly and concisely given and it must be executed in the manner and by the person prescribed therein.

(e) *Processing applications.* The War Production Board, in order to obtain recommendations as to the desirability of issuing the certificate, may transmit a copy of the application to the Production Division, Headquarters, Army Service Forces, which maintains liaison between the War Production Board and the technical services in matters pertaining to amortization. In such cases, the Production Division will forward a copy of the application to the chief of the technical service concerned with a request for report and recommendation. The chief of the technical service concerned will transmit this copy of the application to the officer most appropriately qualified for investigation and report.

(f) *Reports on applications.* Fifteen days after this receipt of the application, the reporting officer will transmit his report to the Production Division, Headquarters, Army Service Forces, through such channels as the chief of the technical service may prescribe. When the report cannot be furnished in the prescribed time, the reporting officer will transmit a statement assigning the reasons for the delay. In all cases, the report must contain a recommendation as to the granting or denial of the Certificate of Necessity.

§ 810.1019 *War Department policy regarding certificates.* Only in extraordinary cases will an affirmative recommendation for the issuance of a certificate be

made. While it is recognized that some additional facility expansions will be necessary, it is the policy of the War Department that they be accomplished either by Government financing, the purchase or lease of Government-owned facilities, or private financing without amortization.

(a) The need for this policy was emphasized by the Under Secretary of War on 14 August, 1943 in a memorandum to the Commanding General, Army Air Forces, and Commanding General, Army Service Forces, in which he stated:

> The need of material and manpower for production of munitions has required curtailment in the creation of new facilities. This applies to expansion of industrial facilities as well as others, and makes it imperative that such expansion be curtailed. • • •
>
> Reporting officers (of the Technical Services and Army Air Forces reporting on applications for Necessity Certificates) should recommend in each case that an Application for a Necessity Certificate be denied unless they are able to establish definitely that the needs of the Army Supply Program can not be effectively obtained without additional facilities of the type which are the subject of the application.

[Procurement Reg. 11]

PART 811—MISCELLANEOUS PURCHASE INSTRUCTIONS

SUBPART A—MARKING OF CONTAINERS

Sec.
811.1101 Marking of containers.
811.1102 Numbering of compressed gas cylinders.

SUBPART B—PATENTS

811.1109 Interchange of patent rights and industrial information.
811.1110 Agreement with the United Kingdom for the interchange of patent rights and industrial information.
811.1111 List of lend-lease and reciprocal aid agreements.
811.1112 Adjustment of royalties for use of inventions.

SUBPART C—LITIGATION AND RELATED MATTERS

811.1120 Procedure for handing litigation involving cost-plus-a-fixed-fee contractors.
811.1121 Reports of criminal conduct in connection with War Department contracts.
811.1122 Joint action with Navy with respect to contingent fees.

SUBPART D—PRICE REGULATIONS

811.1130 General.
811.1131 Applicable OPA regulations.
811.1132 Exemptions.
811.1133 Procedure for obtaining exemption under developmental and secret contracts and emergency purchases, or for relief from a price regulation.
811.1134 Compliance.
811.1135 Index of Army Purchase Items.

SUBPART E—CONTROLLED MATERIALS PLAN

811.1140 Revision of existing supply contracts to conform to production schedules authorized under Controlled Materials Plan.
811.1141 Allotment of materials for new contracts.

SUBPART F—CONTRACTS INVOLVING RUBBER OR SYNTHETIC RUBBER

811.1150 Agreement with Rubber Reserve Company.
811.1151 Administration of agreement.
811.1152 Effect of agreement on contracts involving natural rubber.
811.1153 Existing contracts involving synthetic rubber.
811.1154 Conversion from use of natural rubber to use of synthetic.
811.1155 Price adjustment provisions.

SUBPART G—MISCELLANEOUS MATTERS

811.1180 Discounts in purchasing.
811.1181 Contingent fees.
811.1182 Track-scaling of loaded railroad cars.
811.1182a Ordering of less than full carloads to be avoided.
811.1183 Ordering of spare parts.
811.1184 Contracts with foreign nationals.
811.1185 Contracts with blocked nationals.
811.1186 Limitation on purchase of arms, ammunition and implements of war.
811.1187 Restrictions on purchases of selected items for the duration of the war.
811.1188 Advertising.

SUBPART A—MARKINGS OF CONTAINERS

§ 811.1101 *Marking of containers destined for overseas shipment*—(a) *Limitations on marking of containers.* The following regulations for the marking of all boxes, crates, and other containers to be used in making deliveries to War Department agencies destined for overseas shipment are prescribed:

(1) Markings showing contents; quantity, cubage, and weight will be stenciled or printed on the container on the upper two-thirds of one surface; except that in the case of containers of ten or more cubic feet, such markings may be made on the upper two-thirds of two surfaces.

(2) All contract data markings will be limited to a maximum area of 42 square inches and will be placed on one surface of the container; except that in the case of containers of ten or more cubic feet, such markings may be made on two surfaces of the container.

(3) Service color and oversea markings will be placed on containers when required and as directed by the chief of the technical service concerned.

(4) On less-than-carload shipments, the name and address of both consignor and consignee will be placed on one or two surfaces of the container in an area not to exceed 28 square inches. This information may be placed with the contract data markings either in adjoining spaces or on the same label.

(5) Markings or labels required by law, governmental regulations (for example, on inflammables, explosives, etc.), or by carrier tariff, and additional markings required by the various supply services will be placed on one surface. This surface will, if practicable, be the surface containing the contract data markings.

(6) The markings on boxes, crates, and other containers will be limited so far as practicable to the markings referred to in (1) through (5) above.

(7) All markings other than those referred to in (5) above will be confined to two surfaces of the box, crate, or container. The markings referred to in (5) will also be placed on the same two surfaces if practicable, but may if necessary be placed on a third surface.

(b) The one-third of a surface which is not used (see paragraph (a) (1) of this section) will be reserved for oversea markings.

(c) Markings on barrels, drums, and other containers which are not rectangular in shape will be applied in such a manner as to carry out so far as practicable the intent of the instructions contained in paragraph (a).

(d) Trade names, brands, and other advertising matter will be limited to the area or the label containing the contract data.

(e) The supply services will provide either in the contract specifications or by instructions to contracting officers for the marking by contractors of containers in conformance with the principles set forth in the preceding paragraphs. (See § 803.364.)

(f) The foregoing has been published pending the issuance of a revised United States Army Specification 100–2 which will make uniform the requirements for marking shipping containers.

(g) This section does not require remarking of any containers already marked and will be applied to containers used in connection with existing contracts only to the extent reasonably practicable.

§ 811.1102 *Numbering of compressed gas cylinders.* See in this connection AR 850–60 (September 29, 1942) covering the safe handling, storing, shipping and using of compressed gas cylinders.

(a) *Specifications of Interstate Commerce Commission.* Cylinders for compressed gases must be made under specifications of the Interstate Commerce Commission. Deviations from those specifications are permitted in certain cases. Those specifications require identification of the cylinders by a serial number and by an identification symbol.

(b) *Assignment of serial numbers.* The serial numbers which are to be used by the purchasing officers of the War Department will be assigned by the Director, Purchases, Division, Headquarters, Services of Supply, to the chief of the supply service concerned upon request. Letters should be prefixed and suffixed to those serial numbers to indicate type and size of cylinder as indicated below.

(c) *Identification symbol.* The registered identification symbol of the War Department is WD.

(d) *Maintenance of records.* Chiefs of supply services will furnish to their field agencies such serial numbers as may be required from those assigned as indicated in paragraph (b) above. A record will be maintained of the numbers that have been actually used by their field agencies, together with a record of cylinders which have been manufactured or purchased.

(e) *Markings on cylinders.* Ordinary markings for a cylinder are illustrated by the following example:

ICC–3A480 (Specification mark)
KM1234H (Serial No.)
WD (Symbol)

Any special markings desired on cylinders are permissible but must be specified as "additional marks" and must not in-

62000—29

terfere with the ordinary marks as above noted.

NOTE: The mark ICC–3A480 means that the cylinder has been made under specification 3A with service pressure 480 lbs. per square inch, and that it is limited to use for gas with pressure not over 480 lbs. per square inch at 70° F., and not over 480×5/4=600 lbs. per square inch at 130° F.

(f) *Safety devices.* Cylinders must be fitted with safety devices of approved type as required by regulations of the Interstate Commerce Commission. Manufacturers of cylinders and valves are familiar with those requirements.

(g) *Types of cylinders*—(1) *Anhydrous ammonia.* Cylinders for anhydrous ammonia should preferably be of types ICC–4 or ICC–4A480. Type ICC–3A480 is also authorized but will probably be found more expensive.

(2) *Chlorine.* Cylinders for chlorine will be type ICC–3A480.

(3) *Hydrogen sulphide.* Cylinders for hydrogen sulphide should preferably be of type ICC–4B480. Types ICC–3A480, ICC–3B480, and ICC–4A480 are also authorized but will probably be found more expensive.

(4) *Methyl chloride; sulphur dioxide.* Cylinders for methyl chloride and for sulphur dioxide should preferably be of type ICC–4B300. Types ICC–3A300, ICC–3B300, ICC–4A300, and ICC–4 are also authorized but will probably be found more expensive.

(5) *Acetylene.* Cylinders for acetylene will be of type ICC–8.

(6) *Oxygen and other nonliquefied gas; carbon dioxide; nitrous oxide.* High pressure cylinders, for oxygen and other nonliquefied gas, and for carbon dioxide and nitrous oxide, should preferably be of type ICC–3A2015. Type ICC–3A1800 is also authorized but is less efficient and not less expensive. Cylinders of 75 lbs. and 100 lbs. capacity for carbon dioxide and nitrous oxide will be of type ICC–3A2300.

(7) *Compressed gases (except acetylene).* Cylinders of type ICC–3E are also authorized for all compressed gases except acetylene. These will be less than 2 inches outside diameter and not over 12 inches long, exclusive of neck.

(8) *Phosgene; mustard gas; other highly poisonous gases.* Cylinders for phosgene, mustard gas, and other highly poisonous materials (class A poison under regulations of the Interstate Commerce Commission) will be of type ICC–3D480 except as follows: Chlorpicrin, or mixtures of chlorpicrin with nonpoisonous liquid or gas, and monochloracetone, are authorized in any cylinder, except type ICC–8, of sufficient strength. See note under paragraph (e) above.

(h) *System of serial numbers.* The use of serial numbers, together with letters prefixed and suffixed thereto will conform with the following:

(1) *High pressure cylinders made under Interstate Commerce Commission specification 3A for service pressure, 1,800 lbs. per square inch and higher.*

Prefix:	Required for cylinders—
A	2⅛" I.d. x 73⅜" (approximately).
C	3⅛" I.d. x 13" (approximately).
D	3⅛" I.d. x 16¾" (approximately).
DE	3⅛" I.d. x 21¼" (approximately).
E	3⅛" I.d. x 25¾" (approximately).
EE	4⅛" I.d. x 26" (approximately).
EF	5" I.d. x 26" (approximately).
F	5" I.d. x 51" (approximately).
FG	6⅝" I.d. x 43" (approximately).
G	8" I.d. x 51" (approximately).
H	8½" I.d. x 51" (approximately).
J	of internal capacity of 2,750 cu. in. up to and including 4,100 cu. in.
JC	For 75 pounds of carbon dioxide.
L	Having internal capacity of over 4,100 cu. in.
LC	For 100 pounds of carbon dioxide.

Examples: E1234; H1234; etc.

NOTE.—Suffix letters to serial numbers are not to be used.

(2) *High pressure cylinders made under Interstate Commerce Commission specification 3E.* Serial numbers will not be used. Cylinders will be, in all cases, not over 1.99 inches outside diameter and not over 12 inches long, exclusive of neck.

(3) *Acetylene cylinders made under Interstate Commerce Commission specification 8.* Prefix W required in all cases.

Suffix letters required in all cases, dependent on rated gas capacity (approximately) as follows:

Suffix	Rated gas capacity required (approx.) feet
B	50
C	100
H	150
J	250
K	300

Examples: W1234H; W1234K; etc.

(4) *Low pressure cylinders made under Interstate Commerce Commission specifications 3A, 3B, 3C, 4, 4A, 4B, and 4C for service pressure not over 480 lbs. per square inch.*

Prefix:	Required for cylinders marked—
KC	ICC–3A150
KF	ICC–3A240
KJ	ICC–3A300
KM	ICC–3A480
NC	ICC–3B150
NF	ICC–3B240
NJ	ICC–3B300
NM	ICC–3B480
OA	ICC–3C90
OC	ICC–3C150
OF	ICC–3C240
OJ	ICC–3C300
P	ICC–3D480
RC	ICC–4A150
RF	ICC–4A240
RJ	ICC–4A300
RM	ICC–4A480
S	ICC–4
TC	ICC–4B150
TF	ICC–4B240
TJ	ICC–4B300
TM	ICC–4B480
UA	ICC–4C90
UC	ICC–4C150
UF	ICC–4C240
UJ	ICC–4C300

Suffix letters also required, dependent on size, as follows:

Water capacity (pounds):	Suffix required
Below 4	None
4 to 7.99	A
8 to 11.99	B
12 to 15.99	C
16 to 19.99	D
20 to 39.99	E
40 to 59.99	F
60 to 79.99	G
80 to 99.99	H
100 to 129.99	K
130 to 159.99	M
160 to 229.99	P
230 to 319.99	S
320 to 399.99	U
400 to 499.99	W
500 to 749.99	Y
750 to 1000.00	Z

Example: KM1234K for a cylinder marked ICC–3A480 of 125 pounds water capacity; etc.

(i) *Cylinders originally made for other agencies.* Cylinders, new or second hand, originally made for any agency other than the War Department, including commercial firms, may be purchased when authorized by chiefs of technical services. In such cases, the following procedure will be followed:

(1) Cylinders shall have been manufactured or retested within 12 months prior to date of delivery except as follows: Acetylene cylinders, Interstate Commerce Commission specification 8, less than 5 years old; cylinders made under Interstate Commerce Commission specification 3E.

(2) Cylinders of less than 12 pounds water capacity (332.8 cu. in.), will be marked with an added mark WD. Report of such purchase will be made to the chief of the technical service concerned giving the following data: Name of agency or firm from which purchased, contract or purchase order number and date, list of serial numbers, and the corresponding identification symbols (see paragraph (a)); also statement that the symbol WD has been applied. Example of such marking is as follows:

Original marks	Added marks
ICC–3A2015 75678 XYZ	WD

(3) Cylinders of 12 pound water capacity (332.8 cu. in.) and above will be marked with added marks WD and the War Department serial numbers with prefix and suffix letters as prescribed herein. Report of such purchase will be made to the chief of the technical service concerned, giving the following data: Name of agency or firm from which purchased; contract or purchase order number and date; serial numbers of War Department applied (including prefix and suffix letters), listed consecutively; corresponding original serial numbers; original identification symbols; statement that the symbol WD and War Department serial numbers have been applied. Example of such marking is as follows:

Original marks	Added marks
ICC–4B240 17652 XYZ	WD TF1234K

(4) The added marks will be stamped plainly into the metal at some convenient point so that they will not obscure or be confused with the original marks.

(5) If such cylinders are required for export and it is not practicable in the time available to stamp the added marks, any or all of the procedure specified in the foregoing subparagraphs may be omitted.

(j) *Packing compressed gases, filling limit.* The Interstate Commerce Commission has amended section 303 (j) (3)

of its regulations by adding the following note:

NOTE: Because of the present emergency and until further order of the Commission, ICC–3A cylinders may be charged with compressed gases, other than liquefied or dissolved gases, to a pressure 10 percent in excess of their marked service pressures.

(7 F.R. 2911)

SUBPART B—PATENTS

§ 811.1109 *Interchange of patent rights and industrial information*—(a) *General.* Under the Lend-Lease Act (55 Stat. 31) and the International Reciprocal Aid Agreements under the Act (see § 811.1111 and 811.1111 (a) below), it is established as the policy of the United States that full and complete dissemination be made of inventions, manufacturers' processes, technical information, designs and patent rights between the United States and our Allies with proper safeguards for security and the protection of the industrial property rights of citizens of the United States. Any such exchange shall be for war purposes and for the duration of the war.

(b) Under the Agreements each Government will bear the cost of procurement from its own nationals. Accordingly, insofar as practicable, the procurement of the information and rights referred to in the foregoing paragraph (a) for use by our Allies should be on the same basis as procurement for such use by the United States.

(c) Contractors who would be interested should be advised of the fact that under the Agreements referred to in § 811.1111 and 811.1111 (a) below, licenses under United States patents and applications for patents owned by nationals of the signatories to the said Agreements can be secured.

(d) Requests by our Allies forwarded to the War Department for military items other than those pertaining to aeronautics will be received by the Director, International Division, Headquarters, Army Service Forces, who will refer such requests to the appropriate service to effect such procurement. Military items pertaining to aeronautics will be received by the Chief, International Section, Matériel Division, Office of Assistant Chief of Air Staff, Matériel, Maintenance and Distribution, Army Air Forces.

§ 811.1110 *Agreement with the United Kingdom for the interchange of patent rights and industrial information*—(a) *General.* Under date of August 24, 1942 an Agreement was entered into between the United States of America and the United Kingdom with relation to the interchange of patent rights, information, inventions, designs or processes (Executive Agreement Series 268).

(b) *Terms of agreement.* The following is a summary of the terms of the agreement.

(1) Each government, insofar as it may lawfully do so, will, upon request, procure and make available to the other government, patent rights, information, inventions, designs or processes requested by the other government.

(2) Each government will bear the cost of the procurement from its own nationals.

(3) All patent rights so acquired will be for the purposes of and until the termination of the war only.

(4) Information, inventions, designs, or processes will be acquired upon such terms as may most expeditiously make such information available for the purposes of the war, with provision, to the extent practicable, for the limitation of the use thereof, for the purpose of and until the termination of the war.

(5) The agreement is deemed to have been in effect and operation as from January 1, 1942.

(6) The obligations of the United Kingdom pursuant to section 7 of the Lend-Lease Act (55 Stat. 31) as such obligations may be interpreted by the President or by the courts are to be performed by the United Kingdom.

(7) Each government agrees to take such steps as it deems practicable to ensure the appropriate degree of military secrecy in manufacture and use.

(8) License agreements or other contractual obligations existing on January 1, 1942 are not deemed to be within the scope of the agreement.

(9) The agreement provides that under certain conditions the United Kingdom will indemnify the United States on any claim brought by British nationals arising out of the use of items obtained under the Agreement. Prompt notice of any such claim of infringement will be given to the appropriate representative of the United Kingdom as provided in paragraph (i) below.

(c) *Handling of requests by the United Kingdom.* Requests by the United Kingdom for military items other than those pertaining to aeronautics will be handled as follows:

(1) The request will be submitted to the Director, International Division, Headquarters, Army Service Forces, in an original and 8 copies. The information contained therein will be similar to that contained in the form set forth in paragraph (j) below.

(2) The International Division will refer the request to the appropriate technical service for procurement. Such procurement shall be effected pursuant to § 811.1109 (b) and paragraph (f) of this section and otherwise, as may be directed by the chief of such technical service.

(3) In the event that the technical service is of the opinion that it is impracticable or for any reason undesirable to procure and transfer the item desired to the United Kingdom, or if in the opinion of the technical service concerned licenses under another patent or patents should also be obtained, a full report embodying the relevant circumstances and the recommendation of the technical service shall be submitted to the Director, International Division, Headquarters, Army Service Forces.

(4) Financing items under the Agreement will be done in accordance with established procedure for lend-lease procurement. The extent to which such funds are used for the purposes set forth herein should be currently reported on form DDA–7 "Statement of Defense Articles procured from appropriations made to the President for Lend-Lease purposes and other appropriations and delivered to Foreign Governments" under the Lend-Lease Act (55 Stat. 31).

(5) A form of license to be used in procuring items under the agreement is in course of preparation. Pending completion thereof, licenses used for such procurement will be cleared with the Legal Branch, Purchases Division, Headquarters, Army Service Forces.

(6) The provisions of AGO letter AG 400.3295 (6–18–42) MS–D–M of June 24, 1942, pertaining to the transfer of technical information, shall not apply to the transfer of items under the agreement.

(d) *Handling of requests by the United States to the United Kingdom.* Requests by the United States for military items other than those pertaining to aeronautics will be handled as follows:

(1) Requests will normally originate in a technical service, and will be submitted to the International Division together with a full description of the item requested, the organization originating the request, its intended use and other relevant particulars.

(2) The International Division will prepare S. O. S. I. D. Form Number 4 (Reverse Request for Patent Rights, Information, Inventions, Designs or Processes), will forward the request to the appropriate representative of the United Kingdom and will send copies thereof to the Office of Lend-Lease Administration and the technical service originating the request. A sample of such form is set forth in paragraph (j) below.

(3) The International Division will follow up the request and arrange for the delivery to the requesting technical service of the item requested.

(e) *Handling of requests for aeronautical items.* Requests by the United Kingdom and by the United States will be handled as provided in paragraphs (a) and (d) above except that the duties therein assigned to the Director, International Division, Headquarters, Army Service Forces, will be performed by the Chief, International Section, Matériel Division, Office of Assistant Chief of Air Staff, Matériel, Maintenance and Distribution, Army Air Forces and requests by the United States will be forwarded by the Chief, International Section, Matériel Division, Office of Assistant Chief of Air Staff, Matériel, Maintenance and Distribution, Army Air Forces to the United Kingdom.

(f) *Consultation with patent and technical officers.* Officers charged with procurement should consult with the patent and technical officers of the technical service in reaching a determination as to the amount, if any, to be paid for the item requested. The patent officer will ascertain whether the United States has the right without further payment to transfer the item requested. Advice with respect to the foregoing may be obtained from the Chief, Patents Di-

vision, Office of The Judge Advocate General.

(g) *Acquainting contractors of rights under agreement.* The technical services should bring to the attention of such contractors as would be interested the right, under the agreement, to have secured for their use in war production licenses under patents of the United States or of the United Kingdom owned by British nationals.

(h) *Questions of policy or procedure under agreements.* All questions of policy or procedure arising under the agreement as well as under the agreements referred to in §§ 811.1111 and 811.1111 (a) below, shall be referred to the Director, Purchases Division, Headquarters, Army Service Forces.

(i) *Notice of claim of infringement.* As stated in paragraph (b) (9) above, prompt notice of any claim of infringement should be given (1) to the Director, International Division, Headquarters, Army Service Forces, or to the Chief, International Section, Matériel Division, Office of Assistant Chief of Air Staff, Matériel, Maintenance and Distribution, Army Air Forces, as the case may be, for the purposes specified in paragraph (b) (9), and (2) to the Chief, Patents Division, Office of The Judge Advocate General for record purposes.

(j) *Form of request by the United States to the United Kingdom.* The sample of the form referred to in the foregoing paragraph (d) (2) above is as follows:

'S. O. S. I. D. FORM 4

No._____.

REQUISITION TO UNITED KINGDOM FROM UNITED STATES

Date_____

British Ref. No._____

PATENT INTERCHANGE AGREEMENT

Agreement Between the United States and the United Kingdom of Great Britain and Northern Ireland on the Interchange of Patent Rights, Information, Inventions, Designs, or Processes, August 24, 1942; Executive Agreement Series No. 268.

(a) Copies of the agreements referred to above as well as agreements entered into with other governments are available upon request to the State Department in Washington, D. C.

§ 811.1112 *Adjustment of royalties for use of inventions.*—(a) *Basic statute.* The act of October 31, 1942 (Public Law No. 768, 77th Congress, 2d Session) makes provisions for adjusting royalties for the use of inventions for the benefit of the United States, in aid of the prosecution of the war, and for other purposes. The succeeding paragraphs contain a summary of the provisions of the Act as applied to the War Department.

(b) *Applicability and notice.* Whenever an invention, whether patented or unpatented, is manufactured, used, sold or otherwise disposed of for the United States (for this purpose, the War Department) under the conditions set forth in the basic statute, and the license includes provisions for the payment of royalties, the rates or amounts of which are believed to be unreasonable or excessive by the Secretary of War, the Secretary of War shall give notice of such facts to the licensor and the licensee. By definition, the manufacture, use, sale or other disposition of an invention, whether patented or unpatented, by a contractor, subcontractor, or any person, firm, or corporation for the Government and with the authorization or consent of the Government is construed as manufacture, use, sale or other disposition for the United States.

(c) *Fixing of rates and order.* The act further provides that within a reasonable time after the effective date of the notice, in no event less than ten days, the Secretary of War shall by order, fix and specify such rates or amounts of royalties, if any, as he shall determine are fair and just, taking into account the conditions of wartime production and shall authorize the payment thereof by the licensee to the licensor on account of such manufacture, use, sale or other disposition. Either the licensor or the licensee is privileged, if he so requests within ten days from the effective date of the notice, to present within thirty days from the date of his request, in writing or in person, any facts or circumstances which may in his opinion have a bearing upon the rates or amount of royalties, if any, to be determined, fixed, and specified as aforesaid. Any order fixing the rates and amounts of any royalties shall be issued within a reasonable time after such presentation.

(d) *Prohibition against payment of excessive royalties.* The licensee is forbidden after the effective date of the notice (upon receipt of notice, or five days after the mailing thereof, whichever date is earlier) to pay to the licensor, or to charge directly or indirectly to the United States a royalty in excess of that specified in the order. It is provided that, whenever a reduction in the rates or amounts of royalties is affected by order, the reduction shall inure to the benefit of the Government by way of a corresponding reduction in the contract price to be paid directly or indirectly for such manufacture, use, sale, or other disposition of such inventions, or by way of refund, if already paid to the licensee.

(e) *Remedies of licensor.* The act contains certain provisions as to the remedies of the licensor, which, in general, limit him to a claim against the United States in a suit in the Court of Claims or a District Court of the United States.

(f) *Settlement of claims.* The Secretary of War is authorized, before suit has been instituted against the United States, to enter into an agreement with the owner or licensor of an invention in full settlement and compromise of any claim accruing under the provisions of the act, and for compensation to be paid such owner or licensor based upon future manufacture, use, sale, or other disposition of said invention.

(g) *Authority of Secretary of War to delegate powers and issue regulations under Act.* The Secretary of War is authorized in his discretion and under such rules and regulations as he may prescribe, to delegate any powers conferred by the act to such qualified and responsible officers, boards, agents or persons as he may designate or appoint. He is also authorized to issue such rules and regulations and to require such information as may be necessary and proper to carry out the provisions of the act. In accordance with the provisions of the act, rules and regulations have been prescribed and delegations of authority have been issued, the terms of which are set forth in the succeeding paragraphs.

(h) *Delegations.* By memorandum of the Secretary of War dated 20 November 1942, as amended under date of 30 January 1943, and 19 June 1943, there has been delegated to the Chiefs of the Technical Services (and in the case of the Army Air Forces, also the Assistant Chief of Air Staff, Matériel, Maintenance and Distribution, Army Air Forces and the Chief, Procurement Branch, Matériel Division, Office of the Assistant Chief of Air Staff, Matériel, Maintenance and Distribution, Army Air Forces) the powers, duties and authorities conferred upon him by the act:

(1) To determine that the written notice, referred to in paragraph (b) should be given and to give written notice of the fact that the rates or amounts of royalties are believed to be unreasonable or excessive;

(2) To receive and hear such facts or circumstances as may be presented in writing or in person as specified in paragraph (c);

(3) To fix and specify by the order refered to in paragraph (c) fair and just rates or amounts of royalties and to authorize the payment thereof by the licensee to the licensor, subject, however, to the approval of such order by the Director, Purchases Division, Headquarters, Army Service Forces; and

(4) To enter into an agreement before suit against the United States has been instituted with the owner or licensor of an invention, in full settlement and compromise of any claim against the United States accruing to such owner or licensor by reason of the manufacture, use, sale or other disposition referred to in paragraph (b) and for compensation to be paid such owner or licensor based upon future manufacture, use, sale or other disposition of such invention, subject, however, to the approval of such agreement of settlement and compromise by the Director, Purchases Division, Headquarters, Army Service Forces.

By said memorandum a like delegation was made to the Commanding General, Army Service Forces and to the Director, Purchases Division, Headquarters, Army Service Forces.

(i) *Further delegations.* The authority referred to in subparagraphs (1) and (2) of paragraph (h) has been further delegated to the following:

(1) All Division Engineers of the Corps of Engineers,

(2) Director of Research and Development Division, Signal Corps, and

(3) Royalty Adjustment Board, Army Air Forces, Matériel Command, Wright Field, Dayton, Ohio.

The Secretary of War or the Under Secretary of War upon request will make further delegations. In the event the chief of any technical service desires that the authority referred to in subparagraphs (1) and (2) of paragraph (h) be delegated to other officers, such chief shall forward to the Director, Purchases Division, Headquarters, Army Service Forces, a memorandum specifying the officer to whom such delegation should be made and the extent of such delegation. The title of the position held and not the name of the individual officer should be specified. The powers, duties and authorities referred to in paragraph (h) shall not be redelegated by the chiefs of the technical services under the authority to redelegate conferred in § 801.107 (i).

(j) *Giving of notice.* The notice referred to in this and the succeeding paragraphs is the written notice, specified in Section 1 of the Act, of the fact that the rates and amounts of royalties are believed to be unreasonable or excessive. Such notice shall not be given to the licensor and licensee until:

(1) There has been obtained from the Director, Purchases Division, Headquarters, Army Service Forces, such information, if any, as his records contain as to the service of a notice, or the consideration which has or is being given to the service of a notice, by any technical service or by any governmental agency with respect to the same invention; and

(2) (i) The licensor has been advised that the issuance of a notice under the Act is contemplated and in the opinion of the authority contemplating the issuance of a notice, an opportunity voluntarily to effect a prompt and satisfactory adjustment of the royalties has been afforded and such adjustment cannot be effected, or

(ii) A recommendation has been made that no such advice as to the issuance of a notice be given to the licensor and such recommendation has been approved by the Director, Purchases Division, Headquarters, Army Service Forces.

(k) *Procedure in the event more than one technical service is concerned.* In the event more than one technical service is concerned with the rates or amounts of royalties, any such technical service may exercise, subject to the direction of the Under Secretary, as to such royalties the authority referred to in subparagraph (1) of paragraph (h) under all contracts or subcontracts with, or purchases by or for, the War Department. Where more than one supply service is concerned with the rates or amounts of royalties, the Director, Purchases Division, Headquarters, Services of Supply, shall be advised of such fact and thereupon directions shall be issued by him as to how, and by whom, the authority referred to in subparagraph (2), (3) and (4) of paragraph (h) shall be exercised for the War Department.

(l) *Appropriate action to be taken by each supply service.* Subject to the foregoing, the chief of each supply service shall cause such action to be taken as may be appropriate in order that the purpose of the act to prevent the inclusion in the prices paid by the War Department of unreasonable or excessive royalties may be achieved. Such action shall be taken pursuant to such instructions as may be issued by the chief of the supply service concerned.

(m) *Information to be obtained from and furnished to the Purchases Division.* When it appears to any supply service that the issuance of a notice as referred to in paragraph (j) (2) (i) of this section is contemplated, it shall:

(1) Obtain from the Director, Purchases Division, Headquarters, Services of Supply, the information referred to in paragraph (j) (1), and

(2) File, in triplicate, with the Director, Purchases Division, Headquarters, Services of Supply, a memorandum giving the names and addresses of the licensor and licensee and such other pertinent information as is set out in the form contained in paragraph (t) as may be reasonably practical.

If the proceedings referred to in paragraph (j) (2) (i) of this section have resulted in a satisfactory adjustment of royalties, without the service of a notice, a report, in triplicate, with respect thereto shall be filed by the supply service with the Director, Purchases Division, Headquarters, Services of Supply.

(n) *Factors to be considered.* In determining what are fair and just rates and amounts of royalties payable for an invention there will be taken into account:

(1) The conditions of wartime production;

(2) The production and use of the invention prior to any increase due to wartime procurement, including:

(i) Any established royalty rate;

(ii) The volume on which royalty was paid;

(iii) The yearly aggregate royalty paid; and

(iv) The circumstances under which the licensing and the establishment of the royalty rate occurred.

(3) The character of the invention and any patent protection therefor, the value of its contribution to the art in which it is used, and the character and expense of research and development that have been devoted to the invention.

(4) The extent of use and proposed use of the invention by other departments or agencies of the Government and the amounts of royalties involved in the aggregate in such use.

(5) All other considerations which are ordinarily and properly taken into account in determining fair and just royalties or which appear to be appropriate to the particular case.

(o) *Form of notice.* The following form of notice is approved for use subject to such deviations as may be appropriate in any given case:

Pursuant to the Act of October 31, 1942 (Public Law 768, 77th Congress, 2nd Session), notice is hereby given that the royalties now being paid directly or indirectly by the United States under contracts or subcontracts with or purchases by or for the War Department (including, without prejudice to the generality of the foregoing language contract No. _____) are believed to be unreasonable or excessive.

It is understood that these payments are made by virtue of an agreement between _____ as licensee and _____ as licensor. This notice becomes effective upon receipt hereof or five days after the mailing hereof, viz, _____, 194____, whichever date is the earlier.

Under the Act the licensee or the licensor, if he so requests within ten days from and after the effective date of this notice, may within thirty days from the date of such request present in writing or in person any facts or circumstances which may, in his opinion, have a bearing upon the rates or amounts of royalty, if any, to be determined, fixed and specified, all as provided in said Act.

Within a reasonable time after the effective date of this notice an order will be made fixing and specifying the rates or amounts of royalty, if any, which are determined to be fair and just taking into account the conditions of wartime production. Such order will authorize the payment of such rates or amounts of royalty by the licensee to the licensor.

The act provides that the licensee shall not after the effective date of this notice pay to the licensor, nor charge directly or indirectly to the United States a royalty, if any, in excess of that which may be specified in the order to be hereafter made. Until the making of such order no royalties should be paid on account of the manufacture, use, sale or other disposition for the United States.

The foregoing notice shall be mailed to the last known address of the licensor and the licensee.

(p) *Forwarding of copies of notice.* Copies of all notices served shall be forwarded promptly to:

(1) The chief of the supply service concerned,

(2) The chief patent officer or, if that service has no patent officer, to its chief legal officer,

(3) The Chief, Patents Division, Office of The Judge Advocate General, and

(4) Director, Purchases Division, Headquarters, Services of Supply (in duplicate).

(q) *Form of order.* The following form of order is approved for use subject

to such deviations as may be appropriate in any given case:

Order No.----------
Adjusting Royalties in connection with Contract No.----------
Contractor and Address----------

For: Whereas, under date of---------- pursuant to the authority contained in the Act of October 31, 1942 (Public Law 768, 77th Cong., 2d Sess.), written notice was given to ---------- and ----------
(Licensor) (Licensee)

that the rates or amounts of royalties as set forth in Column 5 of Schedule A,[1] attached hereto and by reference made a part hereof, provision for the payment of which by Licensee to Licensor is evidenced in the manner set out in Column 6 of said Schedule A, and directly or indirectly charged or chargeable to the United States for the manufacture, use, sale or other disposition for the United States, of the inventions set forth in Columns 1, 2, 3, and 4 of said Schedule A, under the terms of the above-identified contract, were believed to be unreasonable or excessive, and that after the date of the receipt of said Notice, or five days after the mailing thereof, whichever date was the earlier, no royalty should be paid by the Licensee to the Licensor, and charged directly or indirectly to the United States, for or on account of the manufacture, use, sale, or other disposition of said invention for the United States, as provided for in said Act; and

Whereas, an opportunity has been afforded Licensor and Licensee to present in writing or in person any facts or circumstances which may, in the opinion of either or both of said parties, having a bearing upon the rates or amounts of royalties hereinafter determined, fixed and specified; and

Whereas, the undersigned, having taken into account the representations of the Licensor and Licensee,[1] the conditions of wartime production and all other considerations which are ordinarily and properly taken into account in determining a fair and just rate or amount of royalty in the premises:

Now, therefore, it is hereby determined, fixed, and specified that a fair and just rate or amount of royalty, to be paid by Licensee to Licensor, after the effective date of said Notice, is that rate or amount set forth in Column 7 of said Schedule A, and payment thereof by the Licensee to the Licensor on account of the manufacture, use, sale or other disposition of the inventions set forth in Columns 1, 2, 3, and 4 of said Schdule A, insofar as such payment is consistent with the provisions of said Act, is hereby authorized.

Dated: ----------

Approved: ---------- ----------

(Director, Purchases Division, Headquarters, Army Service Forces)

NOTE: Schedule A appears in the following form:

(r) *Submission of order or settlement for approval.* In transmitting to the Director of Purchases for approval the order or the agreement of settlement and compromise referred to in subparagraphs (3) and (4) respectively of paragraph (h), there shall be included, in duplicate, the following:

(1) A statement showing compliance with the requirements of paragraph (j);

(2) A copy of the notice;

(3) A complete statement of any facts or circumstances presented in writing or in person by the licensor or the licensee; and

(4) The facts upon which are based the conclusion that the rates or amounts or royalty fixed in the order are fair and just, or in the case of a settlement, the facts which support the agreement in full settlement and compromise.

(5) A copy of the order or of the agreement of settlement and compromise as the case may be.

[1] Strike out inapplicable portions.

(s) A copy of the documents referred to in paragraph (r) shall be forwarded promptly to the Chief, Patents Division, Office of The Judge Advocate General.

(t) *Records of Purchases Division.* From the information contained in the documents herein required to be filed with the Director, Purchases Division, Headquarters, Army Service Forces, a card index is prepared. The form of card is as follows:

SUBPART C—LITIGATION AND RELATED MATTERS

§ 811.1120 *Procedure for handling litigation involving cost-plus-a-fixed-fee contractors*—(a) *General.* It is of the utmost importance that The Judge Advocate General be promptly notified of the institution of all suits in which the interests of the United States are involved including all suits against cost-plus-a-fixed-fee contractors and subcontractors. This will make it possible to take steps to remove suits instituted in state courts to the federal courts and to take all other steps necessary to protect the interests of the Government. Likewise it is essential that the information furnished be full and complete and not fragmentary.

(b) *Procedure.* The following procedure is prescribed with respect to litigation involving cost-plus-a-fixed-fee contractors and subcontractors:

(1) Such contractors should be advised immediately upon receipt of process in any action filed against them to furnish a copy of all papers to the contracting officer or appropriate War Department representative. This will be in addition to any similar requirement of any outstanding insurance policy.

(2) Teletype, radio, or telegraphic notification of such suit should be sent immediately to The Judge Advocate General, Washington, D. C., by the War Department representative in charge of the project or activity out of which the suit arises, giving all pertinent facts concerning the suit. In the usual case, these facts will include the court in which the suit has been filed, the names of parties to the suit, the date of service of process, a statement of the alleged cause of action, the amount sued for, the date on which answer to the suit must be filed, a statement of the principal defense to the suit which the defendant may raise, and a statement as to whether the amount sued for is fully covered by insurance and if so, whether or not the insurance carrier will accept full responsibility for the defense of the suit.

(3) Copies in triplicate of all suit papers and a statement of available facts will be forwarded immediately to The Judge Advocate General, Washington, D. C. If a board of inquiry is convened to investigate, or acts on the case, copies of all reports of the board's proceedings and findings will be included in the papers transmitted. Since The Judge Advocate General, has the duty of maintaining all

War Department legal liaison with the Department of Justice and other Government departments, the chief of the technical service concerned, upon request of The Judge Advocate General, will immediately transmit to his office any information in his possession that may be requested. Requests for Government representation will not be made to the Department of Justice by War Department field representatives but will be made directly to The Judge Advocate General. Violations of this well-established War Department policy have caused confusion and prevented proper co-ordination in the handling of litigation with the Department of Justice.

(4) The agreement for representation to be signed by the cost-plus-a-fixed-fee contractor or other defendant, three copies of which will be forwarded to The Judge Advocate General, Washington, D. C., will read as follows:

The undersigned hereby requests the Attorney General of the United States to designate counsel to defend on behalf of the undersigned the action entitled ---------- v. ---------- It is further understood that by assuming the defense of said action, the obligations of the United States under United States Contract No. ------ are not altered or increased; it is further agreed that such representation will not be construed as a waiver or estoppel of any rights which any interested party may have under said contract.

(c) *Procedure to determine legal position to be taken in suits based upon the Fair Labor Standards Act of 1938.* (1) In order that any differences of opinion between the War or Navy Departments and the Department of Labor as to the legal position which should be taken by the Government in suits against cost-plus-a-fixed-fee contractors based upon the Fair Labor Standards Act may be resolved, the War Department, the Navy Department, the Department of Labor and the Department of Justice have entered into the following agreement as to the administrative procedures to be followed to determine the position to be taken by the Government in such suits:

MEMORANDUM OF AGREEMENT ON UNIFORM ADMINISTRATIVE PROCEDURES

1. *Purposes:* The procedures herein outlined are provided in order to:

(a) Secure in the disposition of litigated claims settled and uniform application of the Fair Labor Standards Act to the types of work performed by cost-plus-a-fixed-fee contractors.

(b) Obtain either an effective and economical defense by the Department of Justice against claims under the Fair Labor Standards Act, or the quick payment of such claims, depending upon whether such claims are determined pursuant to these procedures to be valid or invalid; and

(c) Establish a method for handling claims which is fair and equitable in protection of the claimant, the United States, and the cost-plus-a-fixed-fee contractor.

2. *Definitions:* For purposes of this agreement, the term—

(a) "Contracting Agency" means the War Department, or the Navy Department, as the case may be.

(b) "Cost-Plus-a-Fixed-Fee Contractor" means a contractor who has entered into a contract with a contracting agency, acting in its own behalf, or in behalf of the United States, pursuant to which the contracting agency, or the United States, is obligated to pay the labor costs of the work performed under the contract.

(c) "Claim" means a suit based upon the Fair Labor Standards Act for additional payments for work performed for a cost-plus-a-fixed-fee contractor; and the term "claimant" means a person by whom or on whose behalf such suit is instituted.

3. *Prompt Investigation, Determination, and Payment of a Valid Claim:* Claims will be immediately investigated by the contracting agency. If in the judgment of the contracting agency the claim should be paid, the United States Attorney will be promptly notified and he will effect settlement of the claim and disposition of the suit. If such is not the judgment of the contracting agency, the claim, together with the contracting agency's recommendation and report of the investigation, will be referred to the appropriate regional office of the Wage and Hour Division for such further and prompt investigation as may be necessary, and for determination. Contemporary or joint investigations will be held by both agencies when found feasible.

4. *Review of Determination of the Regional Office of the Wage and Hour Division:* Within ten days after notice of the determination of the regional office of the Wage and Hour Division, the contracting agency may, if dissatisfied with, and unwilling to settle on the basis of the determination of the regional office of the Wage and Hour Division, appeal to the Wage and Hour Administrator for his final determination of the claim. If part or the whole of the claim is found valid by the Administrator, the United States Attorney will effect settlement of the claim and disposition of the suit accordingly, except that if the contracting agency should conclude that the determination of the Administrator is in its view so clearly unsound as to render assent thereto improper, such agency may elect not to be bound by such determination and to proceed as provided in Paragraph 5.

5. *Participation of the Department of Justice in Discussions:* At the instance of either contracting agency or of the Administrator, the Department of Justice will, if the case appears sufficiently important and the legal issues sufficiently doubtful, join in any discussion among the parties preceding the determination of the Administrator, and will informally accord to the parties the benefits of its views on the legal issues. It is understood that the Department of Justice is not intended to act as an appellate tribunal and that requests for its participation in discussions will be limited to the few important and doubtful cases. Each case in which a contracting agency has elected, pursuant to Paragraph 4, not to be bound by a determination of the Administrator shall be made the subject of discussion with the Department of Justice. Whenever any such case is the subject of discussion with the Department of Justice that Department may determine the Government's litigation position. If the Department of Justice makes such determination the action of all parties hereto with respect to the disposition of the particular case shall be in accord with the determination of the issues so made. In the event the Department of Justice declines in such cases to make such determination of the issues, the Department may decide not to provide further legal representation in any litigation of such case, in which event the cost-plus-a-fixed-fee contractor shall be represented by private counsel and neither the Administrator nor the contracting agency nor any of their representatives shall appear or participate in the litigation.

6. *Suits on Claims Against Cost-Plus-a-Fixed-Fee Contractors To Be Handled by the Department of Justice:* The Department of Justice will have its United States Attorneys appear for cost-plus-a-fixed-fee contractors in all suits on claims filed against them, and will seek extensions of time sufficient to permit the foregoing procedures to operate. Subject to the Attorney General's usual discretion to avoid untenable positions in court, the conduct of such litigation will be in conformity with the administrative determinations made pursuant to such procedures.

7. *Duration:* The procedures provided in this agreement are recognized as experimental in nature, and any signatory hereto shall be free to withdraw from this agreement. In the absence of such withdrawal, the procedures shall endure until the purposes set forth in Paragraph 1 are accomplished.

(2) The Under Secretary of War by memorandum dated 15 December 1943, to the Commanding Generals of the Army Air Forces and the Army Service Forces, with reference to the above agreement, directed that:

To carry out the purposes of the agreement the procedure set forth below will be followed:

(i) The Judge Advocate General will be notified, as provided in AR 410–5 and other applicable regulations, promptly upon receipt of notice that suit based upon the Fair Labor Standards Act has been filed against a War Department cost-plus-a-fixed-fee contractor. He will request the Attorney General to direct the United States District Attorney to appear in the suit on behalf of the contractor and to obtain the extension of time contemplated by Paragraph 5 of the agreement.

(ii) The Judge Advocate General will determine the position of the War Department in respect of such suits, to the same extent as in other cases referred to him under AR 410–5, and will further determine which cases should be appealed by the War Department to the Wage and Hour Administrator or the Attorney General, pursuant to the provisions of the attached agreement. He will also represent the War Department in all such appeals.

(3) In conformity with the above agreement and directive, upon notification of the institution of a suit based upon the Fair Labor Standards Act against a cost-plus-a-fixed-fee contractor as provided in paragraph (b) of this section, the Judge Advocate General will request the Attorney General to direct the United States District Attorney to appear in the suit on behalf of the contractor and to obtain the extension of time contemplated by paragraph 5 of the agreement. The technical service promptly will make or cause to be made such investigation as may be necessary to ascertain the precise nature of the work performed by the complaining employee during the period for which he seeks additional compensation, and promptly will report such information and such other information as the Judge Advocate General may request to the Judge Advocate General with the technical service's recommendation as to the position to be taken by the War Department in respect of the suit. Such investigation as to the nature of the employee's employment during the period may be made in collaboration with an investigator of the Wage and Hour Division of the Department of Labor in any case in which the technical service deems this appropriate.

(4) The Judge Advocate General will determine which claims in litigation shall be referred to the Department of Labor for the further investigation and for determination as permitted by paragraphs 3 and 4 of the agreement and which claims shall be referred by the War Department to the Department of Justice as permitted by paragraph 5 of the agreement, and will represent the War Department in connection therewith.

(5) In those cases in which the Department of Justice determines the legal position to be taken by the Government and decides that the claim should be litigated, it will conduct the litigation in accordance with the course of action determined upon as provided in the agreement. Should the Department of Justice refuse to determine the legal position to be taken by the Government and should the Judge Advocate General decide that the claim should be litigated, he will so advise the technical service in order that private counsel may be engaged to represent the contractor. Attention is called to 22 Comp. Gen. 993 to the effect that cost-plus-a-fixed-fee contractors in proper cases may be reimbursed the reasonable and necessary costs, including attorneys' fees, incurred in the defense of such suits. (See also the Comptroller General's opinion to the Secretary of War of 15 December 1943 (B–38642) affirming such position).

(6) The Judge Advocate General will advise the technical services as to claims which it has been determined should be compromised rather than litigated. Attention is called to the Comptroller General's opinion to the Secretary of War of 15 December 1943 (B–38642) to the effect that the War Department properly may, upon proper administrative determination as therein indicated that the settlement in each instance was fully warranted as being in the best interest of the Government, reimburse contractors for payments to employees in settlement of claims for overtime asserted in section 7 of the Fair Labor Standards Act, in amounts less than the total amounts which would be required to be paid in the event adverse judgments were obtained, even if the consummation of the settlement necessitated adjustment of disputed questions as to the amounts of overtime involved as well as questions pertaining to the application of the act.

§ 811.1121 *Reports of criminal conduct in connection with War Department contracts.* (a) There has been set up in the Criminal Division of the Department of Justice a special unit whose duty it is to take appropriate action as expeditiously as possible in all cases in which criminal conduct is shown to exist in connection with contracts entered into by the Government with business concerns in connection with the war program.

(b) The Under Secretary of War desires that a report be made to his office of any instances of criminal conduct in connection with War Department contracts. A report of such an instance should contain a full statement of the facts indicating criminal conduct. Such reports to the Under Secretary of War should be transmitted through channels to the Director, Purchases Division, Headquarters, Army Service Forces, for submission to the Office of the Under Secretary.

§ 811.1122 *Joint action with Navy with respect to contingent fees.* (a) The Director, Purchases Division, Headquarters, Army Service Forces, has been designated to coordinate with the appropriate representatives of the Navy on problems involving the subject of contingent fees and excessive compensation of sales representatives for obtaining Government prime contracts and subcontracts thereunder.

(b) The Director, Renegotiation Division, Headquarters, Army Service Forces, will be in charge of relations with the Navy in the matter of renegotiation of brokers and commission and selling agents under section 403 of the Sixth Supplemental National Defense Appropriation Act, 1942 as amended. Such brokers and agents, so far as subject to statutory renegotiation (See Public Law 149, 78th Congress) are assigned for that purpose to the Service and Sales Renegotiation Section, Procurement Legal Division, Office of the Under Secretary of the Navy with the exception of those engaged in the sale of textiles and foodstuffs which are assigned to the Price Adjustment Section of the Quartermaster General (See Joint Renegotiation Manual, pars. 133, 202.2, 203.4, 336). Information coming to the attention of War Department personnel indicating that commissions or other compensation may have been paid to a broker or selling agent subject to statutory renegotiation will be reported to the Assignment and Statistics Branch, Renegotiation Division, Headquarters, Army Service Forces.

(c) The chief of each technical service shall designate an officer primarily charged with the duty of coordinating the activities of such service with those of the other technical services, in matters relating to contingent fees and excessive sales expenses of contractors. The name of the officer so designated shall be furnished to the Director, Purchases Division, Headquarters, Army Service Forces, by memorandum, giving the full name, title, position, mailing address, and telephone extension number of such representative.

SUBPART D—PRICE REGULATIONS

§ 811.1130 *General*—(a) *Scope of this section.* This section deals with problems arising from or associated with the application of the maximum price regulations issued by the Office of Price Administration to purchases made by the War Department. The basic authority for OPA actions is to be found in the Emergency Price Control Act of 1942 (Public 421, 77th Congress), as amended by Act of October 2, 1942 (Public 729, 77th Congress), and in Executive Order 9250, promulgated October 3, 1942. The following discussion of maximum price regulations and various orders issued by OPA is introductory and is not intended to be complete. Complete details and the text of OPA regulations may be procured from the FEDERAL REGISTER, or may be had from any OPA office. Should these sources fail, inquiries should be sent through the chief of the technical service concerned to the Price Regulation Branch, Purchases Division, Headquarters, Army Service Forces, Washington, D. C.

(b) *Function of Price Regulation Branch.* (1) Because of penalties imposed by the Emergency Price Control Act upon manufacturers who violate price ceilings, manufacturers must proceed with caution in the acceptance of contracts. To accelerate the placing of contracts, it is important that procurement personnel be familiar with the problems involved and able on occasion to be of assistance or guidance to contractors. It is an important function of the Price Regulation Branch to expedite the solution of specific problems.

(2) Whenever contact or negotiation is necessary between one of the services and the Office of Price Administration on any price regulation or rationing problem which involves a general policy or might affect more than one of the services, the negotiations will be conducted through the Chief, Price Regulation Branch, Purchases Division.

§ 811.1131 *Applicable OPA regulations*—(a) *Specific commodity price regulations.* Beginning in February 1941, the OPA began promulgating "maximum price schedules". 105 such schedules were issued prior to February 11, 1942, when the Administrator took office under the Emergency Price Control Act of 1942. Up to that time, there was no directly applicable statute authorizing price control. However, the Emergency Price Control Act of 1942 expressly validated previous schedules and gave the Administrator express power to issue "maximum price regulations". Up to the end of December 1942, some 289 specific commodity price regulations (or schedules) had been issued. Certain "price schedules" have been re-promulgated as "price regulations;" but whether or not re-promulgated, a "price schedule" is equally effective as a "price regulation" in imposing a maximum price. See § 811.1135 for a list of maximum price regulations and schedules of possible interest to procurement officers.

(b) *The General Maximum Price Regulation.* On April 28, 1942, the OPA Administrator issued the General Maximum Price Regulation, commonly known and hereafter referred to as the GMPR, placing a price ceiling on practically all commodities and services sold or rendered by manufacturers, wholesalers and retailers, if not covered by specific price regulations. (See § 811.1132 for exemptions.) Except for certain procedural requirements, this regulation, however, does not apply to transactions covered by any other price regulation, either past or future. The OPA is continuing to issue new specific price regulations. With respect to sales or deliveries to or contracts with the War Department or the Navy Department, the effective date of the GMPR is July 1, 1942. In general, ceiling prices on items covered by this regulation are based on the highest

prices charged in March 1942. Reference should be made to the regulation itself for an exact statement of such provisions and of the methods for determining maximum prices for articles to which the formula for determining maximum price in accordance with the highest price charged in March 1942 cannot apply. Commodities and services that are included under specific price regulations, past or future, remain or become subject to the specific price ceilings, even though they may be exempt from the GMPR under a supplementary regulation, unless specifically exempted by the terms of the specific price regulation itself. (See § 811.1132 (d).)

(c) *War Department—OPA Agreement, September, 1942.* From the foregoing, it will be noted that items now entirely exempt from regulation may by some future date be brought under regulation by a new specific price regulation. However, by recent agreement between the OPA and the War Department, military items exempt in September, 1942, will remain exempt, whether exempted from the GMPR by Supplemental Regulation No. 4 (§ 811.1132 (a)) or from a specific regulation by its terms. Under this agreement, the OPA has reserved the right to resume control over exempt items if it develops that the War Department is unable to control prices effectively through its own procurement policies.

(d) *The Service Regulation; MPR 165.* As above noted (paragraph (b)) all services (along with commodities) were brought under control of OPA by the GMPR. Effective August 19, 1942, Maximum Price Regulation 165 brought under specific control a long list of services, leaving those not specifically listed still covered by the GMPR, subject to exemptions (see paragraph § 811.1132 (e)).

§ 811.1132 *Exemptions*—(a) *Exemptions under Revised Supplementary Regulation No. 1 of the GMPR.* (1) Revised Supplementary Regulation No. 1, effective April 22, 1943, regroups in a single regulation commodity transactions formerly exempted from the GMPR by Supplementary Regulation No. 1 and Revised Supplementary Regulation No. 4, which regulations are now revoked. Reference in any Price Regulation or other document issued by the OPA to any provision in Supplementary Regulations Nos. 1 and 4 shall be deemed to refer to its counterpart in the new Revised Supplementary Regulation No. 1.

(2) The new regulation is confined to exceptions from the GMPR. Commodities and transactions listed as excepted from the GMPR may be subject to other applicable regulations unless specifically excepted in others.

(3) Revised Supplementary Regulation No. 1 provides that the GMPR shall not apply to sales or deliveries of the following commodities or in the following transactions:

(i) Aviation gasoline and components, synthetic rubber and components, toluene manufactured from petroleum, and agricultural components used in the manufacture of furfural, under the conditions and to the extent stated in the regulation.

(ii) Sales and deliveries, when made to the United States or any agency thereof, or to the Government of any country whose defense the President deems vital to the defense of the United States, under the terms of the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" or any agency of any such Government, of the following commodities, and also in certain cases of related transactions when made to others as specifically provided in the Regulation:

(*a*) Aircraft, ammunition, armored trains, artillery, balloon barrage equipment, bombs, bomb sights, caissons, fire control equipment, gas masks, grenades, gun sights, military bridges, mines, mortars, projectiles, pyrotechnics, small arms, ships and boats and torpedoes.

(*b*) Amphibians, armored vehicles, automobiles, tanks, trailers and trucks, when sold for military purposes.

(*c*) Component parts and subassemblies of any product excepted under paragraphs (*a*) and (*b*) above, regardless of the person to whom sold or delivered, including all metallic and nonmetallic component parts, adjuncts and accessories which have been machined or fabricated but not including raw or unfinished materials or any other materials which are in such form as to permit their use in the manufacture of products other than those excepted under paragraphs (*a*) and (*b*) above.

(*d*) Military propellants and explosives.

(*e*) The following Army field and emergency rations and commodities: Completed rations: C; D; K; Five-in-One; Mountain; Bail Out; Combat; Jungle; Life Raft; Corned Beef Hash; (5½ lb. can); Meat and Vegetable Hash (6 lb. 12 oz. can); Chili Con Carne (6 lb. 8 oz. can).

(iii) Dried apples, dried apricots, raisins, dried peaches, dried pears, or dehydrated vegetables sold to the armed forces of the United States.

(iv) Developmental contracts or subcontracts, and emergency purchases (see paragraph (f).

(v) Sales and deliveries of waste materials, including but not limited to metal, paper, cloth and rubber scrap, sold to a purchaser other than an industrial consumer, but not including scrap burlap or scrap bagging or bale coverings composed of jute, hemp, istle, sisal or similar fibers, nor cotton mill waste, nor fat bearing and oil bearing animal waste materials. This exception frees the War Department from price restrictions in the sale of most miscellaneous materials. However, the more important scrap materials, such as ferrous and non-ferrous metals, paper, rubber and rags, are covered by specific price schedules or maximum price regulations.

(4) The foregoing is not an exact or complete quotation. In specific cases reference should be made to the text of Revised Supplementary Regulation No. 1 which also contains other exceptions.

(b) *Exemption of sales pursuant to secret contracts or subcontracts.* (1) By Supplementary Order 42, effective April 22, 1943, sales and deliveries of any commodity or service made under a contract or subcontract certified as secret to the Office of Price Administration (see § 811.1133 (b)) are exempted from price regulation.

(2) The exemption applies only for such period as is necessary for the preservation of secrecy. The purchasing agency certifying the contract as secret must notify the Office of Price Administration in the manner provided in § 811.1133 (b) whenever such contract or subcontract ceases to be secret, and thereafter the exception will no longer apply.

(c) *Exemption of sales by Army stores.* By Supplementary Order 27 effective November 14, 1942, all sales and deliveries of any commodity by the War Department through the Department's sales stores, including commissaries, Army canteens, and post exchanges, were exempted from all price regulation. The OPA retained the right, however, to bring such sales under control by specific provisions inserted in a regulation issued at a later date.

(d) *Exemptions contained in specific price regulations.* Certain of the specific maximum price regulations contain exemptions of the commodities covered by them of interest to procurement officers. These exemptions may be in whole or in part, and are effected by various methods, among which may be enumerated:

(1) By the incorporation by general reference of all supplementary regulations to the GMPR, including Revised Supplementary Regulation No. 1;

(2) By exempting sales to the United States and all agencies thereof;

(3) By incorporating by reference certain of the clauses of Revised Supplementary Regulation No. 1;

(4) By clauses specifically excluding developmental contracts or emergency purchases or both from the coverage of the specific price regulation. (See paragraph (f))

(e) *Exemptions of services.* (1) By Supplementary Regulation No. 11 effective August 19, 1942, a large number of special services were exempted from the provisions of the GMPR. By an amendment effective December 3, 1942, the provisions of MPR 165 were specifically made nonapplicable to the services exempted by Supplementary Regulation No. 11, as well as to those services exempted by Supplementary Regulation No. 1 (see paragraph (a)).

(2) Of special interest are the following exempted services:

(i) Any service rendered in connection with the lubrication, painting, rental, storage, washing, operation, repair, conversion, modification, maintenance or other servicing of airplanes or of engines, parts, accessories, instruments and other equipment used in connection with airplanes.

(ii) Any manufacturing service performed by a person (other than the manufacturer) in the production of any war material and component parts and subassemblies thereof, exempted from price regulation by Revised Supplementary Regulation No. 1 (see paragraph (a)).

(iii) Any service supplied pursuant to a development contract or subcontract.

(iv) Any machinery service, as defined in Maximum Price Regulation No. 136.

(3) The above is not an exact or complete quotation. In specific cases reference should be made to the text of Revised Supplementary Regulation No. 11 which also contains other exceptions.

(f) *Exemption of developmental and secret contracts and emergency purchases.* (1) By Revised Supplementary Regulation No. 1, developmental contracts and subcontracts entered into, and emergency purchases made by, the United States or any of its agencies are exempt from the GMPR. In addition, certain of the specific Maximum Price Regulations exempt such contracts and purchases, either specifically or by incorporating by general or specific reference the exemptions of such contracts and purchases contained in Supplementary Regulation No. 1. Reference must be made in each case to the applicable MPR to ascertain whether or not these contracts and purchases are excluded therefrom. In the case of both developmental contracts, the exemption applies only during such period as is necessary for development. A contract or subcontract is deemed to be "developmental" if the manufacturer or supplier requires a period of time for the accumulation of sufficient production experience to permit him to make a fair estimate of his manufacturing costs, or if the purchaser under such contract or subcontract requires a period of time to select a product, or both. To satisfy the definition of "emergency" for purposes of the exemption:

(i) the subject matter of the purchase must be needed at once, and

(ii) At least a portion of the purchase must be capable of immediate delivery either from stock or after a short period of production. In any case, the emergency exemption is applicable only to the quantity immediately deliverable. The exemption will not apply to contracts or agreements for future delivery.

2. By the terms of the Service Regulation (MPR 169) sales of services pursuant to developmental contracts and subcontracts entered into, and emergency purchases made by, any war procurement agency were exempted from the application of this Regulation and also of General. In general, the same qualifications apply to developmental

that the manufacturer of the commodity or supplier of the service file a report with the OPA, Washington, D. C. within ten days after entering into any such contract or subcontract. The form of certification to be used by the purchasing agency is not standardized, but all that need be stated is: "In accordance with the provisions of Maximum Price Regulation No. ------, Section ------, (or General Maximum) the following contract is hereby certified as 'developmental', Contract No. ------, Date of Contract ----------, Name and Address of the supplier ----------, Commodity covered ----------." This certification should be sent in duplicate to the Office of Price Administration, Washington, D. C., Attention War Goods Price Coordinator.

(b) *Procedure under secret contracts.* To obtain exemption of the sale or delivery of any commodity manufactured or service supplied pursuant to a secret contract or subcontract it is necessary that it be certified as such to the OPA by the purchasing agency. Such certification need only set forth the date of the secret contract and its number or other designation, not including the commodity covered or the name or address of the supplier. This certification should be sent to the Chief, Office Services Branch, Security Officer, Office of Price Administration, Federal Office Building No. 1, Washington (25), D. C.

(c) *Procedure under emergency purchases.* To obtain exemption of the emergency purchase for any commodity for immediate delivery or of services for immediate performance, it is necessary that the purchasing officer, whenever such a purchase is made above maximum prices, file a report with OPA in Washington within five days (ten days in the case of services) after the purchase is made. This report must certify that it was imperative to secure the commodity or service immediately and that it was impossible to secure or unfair to require immediate delivery or performance at the applicable maximum price. The report should set forth (1) the name and address of the seller (2) the date of purchase (3) the date of delivery or performance (4) the description of the commodity purchased or service performed (5) the quantity purchased or performed

has entered into or proposes to enter into a Government contract, or subcontract under a Government contract, and who believes that an established maximum price impedes or threatens to impede production, of a commodity or supply of a service which is essential to the war program, may apply for adjustment of that maximum price. Any Government agency may appear as an interested party under any such application. Upon the filing of an application and pending the issuance of an order by the OPA granting or denying the application, contracts or subcontracts may be entered into, and deliveries made at the price requested in the application, subject to later refunds and price reduction if the application is denied. Applications involving contracts exceeding $5,000,000 in value must be filed with the OPA in Washington, D. C. Other applications (with a few exceptions) may be filed either with the appropriate regional office of the OPA or with the OPA in Washington, D. C.

(2) By an amendment effective April 12, 1943, special adjustment procedure is provided in MPR 136 (Machines and Parts and Machinery Services), to which reference is made for complete details. This procedure is available to any person who has entered into a "war contract", defined as a contract for the sale of a machine or part purchased for the ultimate use of the armed forces of the United States or for lend-lease purposes, or for use in the production or manufacture of any such commodity. A new ground for adjustment, provided by the amendment, is an agreement by the manufacturer to make a reduction in the selling price of other products or services which will equal or exceed the total dollar amount of the upward adjustment granted. Manufacturers whose total dollar sales for the calendar or fiscal year ending in 1942 exceeded $500,000 must file application with the Office of Price Administration at Washington, D. C. Other applications may be filed with the nearest regional office of the Office of Price Administration.

§ 811.1134 *Compliance—(a) Responsibility of contracting officers.* [illegible] to verify such prices against maxima established by the Office of Price Administration,

(2) Where a contracting officer is definitely informed that the price or proposed price of a commodity or service is in excess of the OPA maximum, he should proceed as follows:

(i) Try to negotiate a reduction in the price to conform to the OPA standard;

(ii) If such a reduction proves impossible, endeavor to have the contractor file an application for an adjustment of the established maximum price with OPA under Procedural Regulation 6 (see § 811.1133 (d));

(iii) If necessary, and if immediate deliveries can be made, make emergency purchases for immediate delivery in excess of the OPA maxima, complying with the requirements set forth in § 811.1133 (c);

(d) If recourse to the foregoing methods proves unsuccessful and the contracting officer believes an impairment of production of essential war material is threatened, report should be made at once to the chief of the technical service concerned and the services of the Price Regulation Branch enlisted to remove the impediment.

(e) As a last resort, the statutes provide for the requisition of needed articles already in existence, and for mandatory orders to compel the supply of essential military items. For the conditions and procedures governing the use of these methods, see § 802.246 (a) and Part 814.

(b) *Acceptance of contractor's certification.* The action of certifying and disbursing officers in connection with such price limitations is governed by Fiscal Directive SPBFA–11A, June 19, 1942, providing as follows:

1. The certification now required on Standard Form No. 1034–revised, as used in connection with payments made to vendors or contractors for purchases or services rendered other than personal will be continued in use and in a proper and sufficient warranty of compliance by the vendor or contractor with the price ceilings established in accordance with the provisions of the Emergency Price Control Act of 1942 Public Law 421, approved January 30, 1942.

2. In the absence of actual knowledge of violation of price limitations certifying officers may rely upon the certificate of the [illegible] as to the correctness of [illegible] to verify such prices against maxima established by the Office of Price Administration,

and contractors that the prices billed are within any applicable price ceilings established by the OPA. Accordingly, no additional certificate or statement by the vendors and contractors with respect to maximum prices should be required. Also, no special certificate accompanying quotations, or warranty in the contract with respect to compliance with price regulations will be required.

(c) *Exemption from liability of contracting and finance officers.* Supplementary Order No. 7, entitled "Removal of Liability of War Procurement Agencies and Governments whose Defense is Vital to the Defense of the United States," effective July 11, 1942, provides that prohibitions contained in maximum price regulations against buying or receiving a commodity or service at a price higher than the permitted maximum shall not apply to (1) any War Procurement Agency of the United States or any contracting or paying finance officer thereof or (2) the Government of any country whose defense is deemed by the President to be vital to the defense of the United States under the terms of the act of March 11, 1941. It provides further that any such War Procurement Agencies or contracting or paying finance officers of any such government or agency, shall be relieved of any criminal or civil liability imposed by a maximum price regulation or by the Emergency Price Control Act of 1942. The OPA statement of considerations involved in the issuance of Supplementary Order No. 7 states such purchases are typically not purchases "in the course of trade or business" within the meaning of the act.

(d) *Non-exemption of contractors holding War Department contracts.* The OPA has advised, however, that this exemption is applicable only to Government contracting officers in connection with Government purchases and does not extend to purchases made by contractors even when operating under cost-plus-a-fixed-fee contracts and even though purchases made by them are reimbursable by the Government. Cost-plus-a-fixed-fee contractors, as well as all other prime contractors, are buyers "in the course of trade or business" within the meaning of section 4 (a) of the Emergency Price Control Act of 1942, and are, therefore, subject to the prohibitions of

of ceiling prices on any item purchased by the War Department, or other revision in ceiling prices affecting products purchased by the War Department, the chief of the technical service involved will notify all contracting officers concerned and the service's Price Analysis Section.

(b) *General index of articles purchased and applicable OPA regulations.*[1]

(c) *Maximum price regulations and price schedules by number and title.*[1]

SUBPART E—CONTROLLED MATERIALS PLAN

§ 811.1140 *Revision of existing supply contracts to conform to production schedules authorized under Controlled Materials Plan—(a) Effect of reduced allotments of materials.* Under the Controlled Materials Plan (CMP) some Army suppliers from time to time will receive allotments of controlled materials which are less than the materials necessary to meet the production schedules in effect under existing contracts. Normally, the production schedule authorized on Form CMP–10 will reflect these reduced quantities. In cases where the end item schedule has not been reduced in line with the reduced allotments, a letter is sent to the contractor explaining the factors (for example, changed specifications, reduced requirements of spare parts, and prior allocations) which will enable him to meet the required production schedule with the materials allotted to him.

(b) *Coordination with CMP officers.* Schedules of production authorized on Form CMP–10 are controlling and must be put into effect by appropriate contract adjustments. CMP officers have been instructed to inform contracting officers of revised schedules, and whenever practicable to consult with them concerning the distribution of any reduced allotment among the various contractors concerned. Close coordination between contracting officers and CMP officers is required in order that changes in or amendments of outstanding contracts may be promptly effected where made necessary by revisions in schedules.

(c) *Production of goods for.* Under the usual "Delays-Damages" article (see § 803.350) in most War Department contracts, the delay of a contractor is treated as excusable if it is without fault or negligence on the part of the contractor

(4) The Judge Advocate General will determine which claims in litigation shall be referred to the Department of Labor for the further investigation and for determination as permitted by paragraphs 3 and 4 of the agreement and which claims shall be referred by the War Department to the Department of Justice as permitted by paragraph 5 of the agreement, and will represent the War Department in connection therewith.

(5) In those cases in which the Department of Justice determines the legal position to be taken by the Government and decides that the claim should be litigated, it will conduct the litigation in accordance with the course of action determined upon as provided in the agreement. Should the Department of Justice refuse to determine the legal position to be taken by the Government and should the Judge Advocate General decide that the claim should be litigated, he will so advise the technical service in order that private counsel may be engaged to represent the contractor. Attention is called to 22 Comp. Gen. 993 to the effect that cost-plus-a-fixed-fee contractors in proper cases may be reimbursed the reasonable and necessary costs, including attorneys' fees, incurred in the defense of such suits. (See also the Comptroller General's opinion to the Secretary of War of 15 December 1943 (B–38642) affirming such position).

(6) The Judge Advocate General will advise the technical services as to claims which it has been determined should be compromised rather than litigated. Attention is called to the Comptroller General's opinion to the Secretary of War of 15 December 1943 (B–38642) to the effect that the War Department properly may, upon proper administrative determination as therein indicated that the settlement in each instance was fully warranted as being in the best interest of the Government, reimburse contractors for payments to employees in settlement of claims for overtime asserted in section 7 of the Fair Labor Standards Act, in amounts less than the total amounts which would be required to be paid in the event adverse judgments were obtained, even if the consummation of the settlement necessitated adjustment of disputed questions as to the amounts of overtime involved as well as questions pertaining to the application of the act.

§ 811.1121 *Reports of criminal conduct in connection with War Department contracts.* (a) There has been set up in the Criminal Division of the Department of Justice a special unit whose duty it is to take appropriate action as expeditiously as possible in all cases in which criminal conduct is shown to exist in connection with contracts entered into by the Government with business concerns in connection with the war program.

(b) The Under Secretary of War desires that a report be made to his office of any instances of criminal conduct in connection with War Department contracts. A report of such an instance should contain a full statement of the facts indicating criminal conduct. Such reports to the Under Secretary of War should be transmitted through channels to the Director, Purchases Division, Headquarters, Army Service Forces, for submission to the Office of the Under Secretary.

§ 811.1122 *Joint action with Navy with respect to contingent fees.* (a) The Director, Purchases Division, Headquarters, Army Service Forces, has been designated to coordinate with the appropriate representatives of the Navy on problems involving the subject of contingent fees and excessive compensation of sales representatives for obtaining Government prime contracts and subcontracts thereunder.

(b) The Director, Renegotiation Division, Headquarters, Army Service Forces, will be in charge of relations with the Navy in the matter of renegotiation of brokers and commission and selling agents under section 403 of the Sixth Supplemental National Defense Appropriation Act, 1942 as amended. Such brokers and agents, so far as subject to statutory renegotiation (See Public Law 149, 78th Congress) are assigned for that purpose to the Service and Sales Renegotiation Section, Procurement Legal Division, Office of the Under Secretary of the Navy with the exception of those engaged in the sale of textiles and foodstuffs which are assigned to the Price Adjustment Section of the Quartermaster General (See Joint Renegotiation Manual, pars. 133, 202.2, 203.4, 336). Information coming to the attention of War Department personnel indicating that commissions or other compensation may have been paid to a broker or selling agent subject to statutory renegotiation will be reported to the Assignment and Statistics Branch, Renegotiation Division, Headquarters, Army Service Forces.

(c) The chief of each technical service shall designate an officer primarily charged with the duty of coordinating the activities of such service with those of the other technical services, in matters relating to contingent fees and excessive sales expenses of contractors. The name of the officer so designated shall be furnished to the Director, Purchases Division, Headquarters, Army Service Forces, by memorandum, giving the full name, title, position, mailing address, and telephone extension number of such representative.

SUBPART D—PRICE REGULATIONS

§ 811.1130 *General*—(a) *Scope of this section.* This section deals with problems arising from or associated with the application of the maximum price regulations issued by the Office of Price Administration to purchases made by the War Department. The basic authority for OPA actions is to be found in the Emergency Price Control Act of 1942 (Public 421, 77th Congress), as amended by Act of October 2, 1942 (Public 729, 77th Congress), and in Executive Order 9250, promulgated October 3, 1942. The following discussion of maximum price regulations and various orders issued by OPA is introductory and is not intended to be complete. Complete details and the text of OPA regulations may be procured from the FEDERAL REGISTER, or may be had from any OPA office. Should these sources fail, inquiries should be sent through the chief of the technical service concerned to the Price Regulation Branch, Purchases Division, Headquarters, Army Service Forces, Washington, D. C.

(b) *Function of Price Regulation Branch.* (1) Because of penalties imposed by the Emergency Price Control Act upon manufacturers who violate price ceilings, manufacturers must proceed with caution in the acceptance of contracts. To accelerate the placing of contracts, it is important that procurement personnel be familiar with the problems involved and able on occasion to be of assistance or guidance to contractors. It is an important function of the Price Regulation Branch to expedite the solution of specific problems.

(2) Whenever contact or negotiation is necessary between one of the services and the Office of Price Administration on any price regulation or rationing problem which involves a general policy or might affect more than one of the services, the negotiations will be conducted through the Chief, Price Regulation Branch, Purchases Division.

§ 811.1131 *Applicable OPA regulations*—(a) *Specific commodity price regulations.* Beginning in February 1941, the OPA began promulgating "maximum price schedules". 105 such schedules were issued prior to February 11, 1942, when the Administrator took office under the Emergency Price Control Act of 1942. Up to that time, there was no directly applicable statute authorizing price control. However, the Emergency Price Control Act of 1942 expressly validated previous schedules and gave the Administrator express power to issue "maximum price regulations". Up to the end of December 1942, some 289 specific commodity price regulations (or schedules) had been issued. Certain "price schedules" have been re-promulgated as "price regulations;" but whether or not re-promulgated, a "price schedule" is equally effective as a "price regulation" in imposing a maximum price. See § 811.1135 for a list of maximum price regulations and schedules of possible interest to procurement officers.

(b) *The General Maximum Price Regulation.* On April 28, 1942, the OPA Administrator issued the General Maximum Price Regulation, commonly known and hereafter referred to as the GMPR, placing a price ceiling on practically all commodities and services sold or rendered by manufacturers, wholesalers and retailers, if not covered by specific price regulations. (See § 811.1132 for exemptions.) Except for certain procedural requirements, this regulation, however, does not apply to transactions covered by any other price regulation, either past or future. The OPA is continuing to issue new specific price regulations. With respect to sales or deliveries to or contracts with the War Department or the Navy Department, the effective date of the GMPR is July 1, 1942. In general, ceiling prices on items covered by this regulation are based on the highest

prices charged in March 1942. Reference should be made to the regulation itself for an exact statement of such provisions and of the methods for determining maximum prices for articles to which the formula for determining maximum price in accordance with the highest price charged in March 1942 cannot apply. Commodities and services that are included under specific price regulations, past or future, remain or become subject to the specific price ceilings, even though they may be exempt from the GMPR under a supplementary regulation, unless specifically exempted by the terms of the specific price regulation itself. (See § 811.1132 (d).)

(c) *War Department—OPA Agreement, September, 1942.* From the foregoing, it will be noted that items now entirely exempt from regulation may by some future date be brought under regulation by a new specific price regulation. However, by recent agreement between the OPA and the War Department, military items exempt in September, 1942, will remain exempt, whether exempted from the GMPR by Supplemental Regulation No. 4 (§ 811.1132 (a)) or from a specific regulation by its terms. Under this agreement, the OPA has reserved the right to resume control over exempt items if it develops that the War Department is unable to control prices effectively through its own procurement policies.

(d) *The Service Regulation; MPR 165.* As above noted (paragraph (b)) all services (along with commodities) were brought under control of OPA by the GMPR. Effective August 19, 1942, Maximum Price Regulation 165 brought under specific control a long list of services, leaving those not specifically listed still covered by the GMPR, subject to exemptions (see paragraph § 811.1132 (e)).

§ 811.1132 *Exemptions*—(a) *Exemptions under Revised Supplementary Regulation No. 1 of the GMPR.* (1) Revised Supplementary Regulation No. 1, effective April 22, 1943, regroups in a single regulation commodity transactions formerly exempted from the GMPR by Supplementary Regulation No. 1 and Revised Supplementary Regulation No. 4, which regulations are now revoked. Reference in any Price Regulation or other document issued by the OPA to any provision in Supplementary Regulations Nos. 1 and 4 shall be deemed to refer to its counterpart in the new Revised Supplementary Regulation No. 1.

(2) The new regulation is confined to exceptions from the GMPR. Commodities and transactions listed as excepted from the GMPR may be subject to other applicable regulations unless specifically excepted in others.

(3) Revised Supplementary Regulation No. 1 provides that the GMPR shall not apply to sales or deliveries of the following commodities or in the following transactions:

(i) Aviation gasoline and components, synthetic rubber and components, toluene manufactured from petroleum, and agricultural components used in the manufacture of furfural, under the conditions and to the extent stated in the regulation.

(ii) Sales and deliveries, when made to the United States or any agency thereof, or to the Government of any country whose defense the President deems vital to the defense of the United States, under the terms of the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" or any agency of any such Government, of the following commodities, and also in certain cases of related transactions when made to others as specifically provided in the Regulation:

(*a*) Aircraft, ammunition, armored trains, artillery, balloon barrage equipment, bombs, bomb sights, caissons, fire control equipment, gas masks, grenades, gun sights, military bridges, mines, mortars, projectiles, pyrotechnics, small arms, ships and boats and torpedoes.

(*b*) Amphibians, armored vehicles, automobiles, tanks, trailers and trucks, when sold for military purposes.

(*c*) Component parts and subassemblies of any product excepted under paragraphs (*a*) and (*b*) above, regardless of the person to whom sold or delivered, including all metallic and nonmetallic component parts, adjuncts and accessories which have been machined or fabricated but not including raw or unfinished materials or any other materials which are in such form as to permit their use in the manufacture of products other than those excepted under paragraphs (*a*) and (*b*) above.

(*d*) Military propellants and explosives.

(*e*) The following Army field and emergency rations and commodities: Completed rations: C; D; K; Five-in-One; Mountain; Bail Out; Combat; Jungle; Life Raft; Corned Beef Hash; (5½ lb. can); Meat and Vegetable Hash (6 lb. 12 oz. can); Chili Con Carne (6 lb. 8 oz. can).

(iii) Dried apples, dried apricots, raisins, dried peaches, dried pears, or dehydrated vegetables sold to the armed forces of the United States.

(iv) Developmental contracts or subcontracts, and emergency purchases (see paragraph (*f*).

(v) Sales and deliveries of waste materials, including but not limited to metal, paper, cloth and rubber scrap, sold to a purchaser other than an industrial consumer, but not including scrap burlap or scrap bagging or bale coverings composed of jute, hemp, istle, sisal or similar fibers, nor cotton mill waste, nor fat bearing and oil bearing animal waste materials. This exception frees the War Department from price restrictions in the sale of most miscellaneous materials. However, the more important scrap materials, such as ferrous and non-ferrous metals, paper, rubber and rags, are covered by specific price schedules or maximum price regulations.

(4) The foregoing is not an exact or complete quotation. In specific cases reference should be made to the text of Revised Supplementary Regulation No. 1 which also contains other exceptions.

(b) *Exemption of sales pursuant to secret contracts or subcontracts.* (1) By Supplementary Order 42, effective April 22, 1943, sales and deliveries of any commodity or service made under a contract or subcontract certified as secret to the Office of Price Administration (see § 811.1133 (b)) are exempted from price regulation.

(2) The exemption applies only for such period as is necessary for the preservation of secrecy. The purchasing agency certifying the contract as secret must notify the Office of Price Administration in the manner provided in § 811.1133 (b) whenever such contract or subcontract ceases to be secret, and thereafter the exception will no longer apply.

(c) *Exemption of sales by Army stores.* By Supplementary Order 27 effective November 14, 1942, all sales and deliveries of any commodity by the War Department through the Department's sales stores, including commissaries, Army canteens, and post exchanges, were exempted from all price regulation. The OPA retained the right, however, to bring such sales under control by specific provisions inserted in a regulation issued at a later date.

(d) *Exemptions contained in specific price regulations.* Certain of the specific maximum price regulations contain exemptions of the commodities covered by them of interest to procurement officers. These exemptions may be in whole or in part, and are effected by various methods, among which may be enumerated:

(1) By the incorporation by general reference of all supplementary regulations to the GMPR, including Revised Supplementary Regulation No. 1;

(2) By exempting sales to the United States and all agencies thereof;

(3) By incorporating by reference certain of the clauses of Revised Supplementary Regulation No. 1;

(4) By clauses specifically excluding developmental contracts or emergency purchases or both from the coverage of the specific price regulation. (See paragraph (*f*))

(e) *Exemptions of services.* (1) By Supplementary Regulation No. 11 effective August 19, 1942, a large number of special services were exempted from the provisions of the GMPR. By an amendment effective December 3, 1942, the provisions of MPR 165 were specifically made nonapplicable to the services exempted by Supplementary Regulation No. 11, as well as to those services exempted by Supplementary Regulation No. 1 (see paragraph (a)).

(2) Of special interest are the following exempted services:

(i) Any service rendered in connection with the lubrication, painting, rental, storage, washing, operation, repair, conversion, modification, maintenance or other servicing of airplanes or of engines, parts, accessories, instruments and other equipment used in connection with airplanes.

(ii) Any manufacturing service performed by a person (other than the manufacturer) in the production of any war material and component parts and subassemblies thereof, exempted from price regulation by Revised Supplementary Regulation No. 1 (see paragraph (a)).

(iii) Any service supplied pursuant to a development contract or subcontract.

(iv) Any machinery service, as defined in Maximum Price Regulation No. 136.

(3) The above is not an exact or complete quotation. In specific cases reference should be made to the text of Revised Supplementary Regulation No. 11 which also contains other exceptions.

(f) *Exemption of developmental and secret contracts and emergency purchases.* (1) By Revised Supplementary Regulation No. 1, developmental contracts and subcontracts entered into, and emergency purchases made by, the United States or any of its agencies are exempt from the GMPR. In addition, certain of the specific Maximum Price Regulations exempt such contracts and purchases, either specifically or by incorporating by general or specific reference the exemptions of such contracts and purchases contained in Supplementary Regulation No. 1. Reference must be made in each case to the applicable MPR to ascertain whether or not these contracts and purchases are excluded therefrom. In the case of both developmental contracts, the exemption applies only during such period as is necessary for development. A contract or subcontract is deemed to be "developmental" if the manufacturer or supplier requires a period of time for the accumulation of sufficient production experience to permit him to make a fair estimate of his manufacturing costs, or if the purchaser under such contract or subcontract requires a period of time to select a product, or both. To satisfy the definition of "emergency" for purposes of the exemption:

(i) the subject matter of the purchase must be needed at once, and

(ii) At least a portion of the purchase must be capable of immediate delivery either from stock or after a short period of production. In any case, the emergency exemption is applicable only to the quantity immediately deliverable. The exemption will not apply to contracts or agreements for future delivery.

2. By the terms of the Service Regulation (MPR 165) sales of services pursuant to developmental contracts and subcontracts entered into, and emergency purchases made by, any war procurement agency were exempted from the application of this Regulation and also the GMPR. In general, the same qualifications apply to developmental contracts and to emergency purchases as described above in this paragraph in connection with Revised Supplementary Regulation No. 1; except that for services the developmental period is limited to ninety days.

§ 811.1133 *Procedure for obtaining exemption under developmental and secret contracts and emergency purchases or for relief from a price regulation*—(a) *Procedure under developmental contracts.* To obtain exemption of the sale or delivery of any commodity manufactured or service supplied pursuant to a developmental contract or subcontract it is necessary (1) that the contract or subcontract be certified in writing to the OPA, Washington, D. C. by the United States or its agency as being a developmental contract or subcontract and (2) that the manufacturer of the commodity or supplier of the service file a report with the OPA, Washington, D. C. within ten days after entering into any such contract or subcontract. The form of certification to be used by the purchasing agency is not standardized, but all that need be stated is: "In accordance with the provisions of Maximum Price Regulation No. ------, Section ------, (or General Maximum) the following contract is hereby certified as 'developmental', Contract No. ------, Date of Contract ----------, Name and Address of the supplier ----------, Commodity covered ----------." This certification should be sent in duplicate to the Office of Price Administration, Washington, D. C., Attention War Goods Price Coordinator.

(b) *Procedure under secret contracts.* To obtain exemption of the sale or delivery of any commodity manufactured or service supplied pursuant to a secret contract or subcontract it is necessary that it be certified as such to the OPA by the purchasing agency. Such certification need only set forth the date of the secret contract and its number or other designation, not including the commodity covered or the name or address of the supplier. This certification should be sent to the Chief, Office Services Branch, Security Officer, Office of Price Administration, Federal Office Building No. 1, Washington (25), D. C.

(c) *Procedure under emergency purchases.* To obtain exemption of the emergency purchase for any commodity for immediate delivery or of services for immediate performance, it is necessary that the purchasing officer, whenever such a purchase is made above maximum prices, file a report with OPA in Washington within five days (ten days in the case of services) after the purchase is made. This report must certify that it was imperative to secure the commodity or service immediately and that it was impossible to secure or unfair to require immediate delivery or performance at the applicable maximum price. The report should set forth (1) the name and address of the seller (2) the date of purchase (3) the date of delivery or performance (4) the description of the commodity purchased or service performed (5) the quantity purchased or performed (6) the price at which purchased or supplied, and (7) a brief statement of the facts giving rise to the emergency situation. This report should be sent in duplicate to the Office of Price Administration, Washington, D. C. Attention: War Goods Price Coordinator. No report is required in the case of services unless the total price thereof exceeds $500.00 and a similar exemption is extended in some specific MPR's to emergency purchases.

(d) (1) *Procedure for obtaining relief.* OPA Procedural Regulation No. 6, effective July 3, 1942, sets forth the procedure to be followed in all cases except when otherwise specifically provided to obtain prompt adjustments of maximum prices for commodities or services under Government contract or subcontract. The regulation provides that any person who has entered into or proposes to enter into a Government contract, or subcontract under a Government contract, and who believes that an established maximum price impedes or threatens to impede production, of a commodity or supply of a service which is essential to the war program, may apply for adjustment of that maximum price. Any Government agency may appear as an interested party under any such application. Upon the filing of an application and pending the issuance of an order by the OPA granting or denying the application, contracts or subcontracts may be entered into, and deliveries made at the price requested in the application, subject to later refunds and price reduction if the application is denied. Applications involving contracts exceeding $5,000,000 in value must be filed with the OPA in Washington, D. C. Other applications (with a few exceptions) may be filed either with the appropriate regional office of the OPA or with the OPA in Washington, D. C.

(2) By an amendment effective April 12, 1943, special adjustment procedure is provided in MPR 136 (Machines and Parts and Machinery Services), to which reference is made for complete details. This procedure is available to any person who has entered into a "war contract", defined as a contract for the sale of a machine or part purchased for the ultimate use of the armed forces of the United States or for lend-lease purposes, or for use in the production or manufacture of any such commodity. A new ground for adjustment, provided by the amendment, is an agreement by the manufacturer to make a reduction in the selling price of other products or services which will equal or exceed the total dollar amount of the upward adjustment granted. Manufacturers whose total dollar sales for the calendar or fiscal year ending in 1942 exceeded $500,000 must file application with the Office of Price Administration at Washington, D. C. Other applications may be filed with the nearest regional office of the Office of Price Administration.

§ 811.1134 *Compliance*—(a) *Responsibility of contracting officers.* (1) Contracting officers, in executing contracts, unless otherwise specifically directed, are not required to verify the prices charged by any vendor or contractor against the maximum prices fixed in accordance with the Emergency Price Control Act of 1942, and in the absence of actual knowledge of violation of price limitations, they may assume that prices charged do not exceed maximum prices. Likewise, in connection with cost-plus-a-fixed-fee contracts, contracting officers in approving items for reimbursement are not responsible for determining whether the costs of materials, supplies, tools, equipment or machinery exceed the maximum prices thus fixed. In the interests of economical purchasing, however, contracting officers are expected to exert reasonable effort to be familiar with the OPA regulations that apply to the commodities and services which they buy.

(2) Where a contracting officer is definitely informed that the price or proposed price of a commodity or service is in excess of the OPA maximum, he should proceed as follows:

(i) Try to negotiate a reduction in the price to conform to the OPA standard;

(ii) If such a reduction proves impossible, endeavor to have the contractor file an application for an adjustment of the established maximum price with OPA under Procedural Regulation 6 (see § 811.1133 (d));

(iii) If necessary, and if immediate deliveries can be made, make emergency purchases for immediate delivery in excess of the OPA maxima, complying with the requirements set forth in § 811.1133 (c);

(d) If recourse to the foregoing methods proves unsuccessful and the contracting officer believes an impairment of production of essential war material is threatened, report should be made at once to the chief of the technical service concerned and the services of the Price Regulation Branch enlisted to remove the impediment.

(e) As a last resort, the statutes provide for the requisition of needed articles already in existence, and for mandatory orders to compel the supply of essential military items. For the conditions and procedures governing the use of these methods, see § 802.246 (a) and Part 814.

(b) *Acceptance of contractor's certification.* The action of certifying and disbursing officers in connection with such price limitations is governed by Fiscal Directive SPBFA–11A, June 19, 1942, providing as follows:

1. The certification now required on Standard Form No. 1034–revised, as used in connection with payments made to vendors or contractors for purchases or services rendered other than personal will be continued in use and is a proper and sufficient warranty of compliance by the vendor or contractor with the price ceilings established in accordance with the provisions of the Emergency Price Control Act of 1942, Public Law 421, approved January 30, 1942.

2. In the absence of actual knowledge of violation of price limitations, certifying officers may rely upon the certificate of the vendor or contractor as to the correctness of the prices charged and will not be required to verify such prices against maxima established by the Office of Price Administration. Disbursing Officers may rely upon their records and the certificate of the vendor or contractor and will not be required to verify such maxima prices.

3. Disbursing officers will make payment in accordance with the above outlined procedure.

The form of certification (Standard Form 1034) is as follows:

I certify that the above bill is correct and just; that payment therefor has not been received; that all statutory requirements as to American production and labor standards, and all conditions of purchase applicable to the transactions have been complied with; and that State or local sales taxes are not included in the amounts billed.

The words "the above bill is correct and just" and "all conditions of purchase applicable to the transactions have been complied with" constitute a proper and sufficient warranty by the vendors and contractors that the prices billed are within any applicable price ceilings established by the OPA. Accordingly, no additional certificate or statement by the vendors and contractors with respect to maximum prices should be required. Also, no special certificate accompanying quotations, or warranty in the contract with respect to compliance with price regulations will be required.

(c) *Exemption from liability of contracting and finance officers.* Supplementary Order No. 7, entitled "Removal of Liability of War Procurement Agencies and Governments whose Defense is Vital to the Defense of the United States," effective July 11, 1942, provides that prohibitions contained in maximum price regulations against buying or receiving a commodity or service at a price higher than the permitted maximum shall not apply to (1) any War Procurement Agency of the United States or any contracting or paying finance officer thereof or (2) the Government of any country whose defense is deemed by the President to be vital to the defense of the United States under the terms of the act of March 11, 1941. It provides further that any such War Procurement Agencies or contracting or paying finance officers of any such government or agency, shall be relieved of any criminal or civil liability imposed by a maximum price regulation or by the Emergency Price Control Act of 1942. The OPA statement of considerations involved in the issuance of Supplementary Order No. 7 states such purchases are typically not purchases "in the course of trade or business" within the meaning of the act.

(d) *Non-exemption of contractors holding War Department contracts.* The OPA has advised, however, that this exemption is applicable only to Government contracting officers in connection with Government purchases and does not extend to purchases made by contractors even when operating under cost-plus-a-fixed-fee contracts, and even though purchases made by them are reimbursable by the Government. Cost-plus-a-fixed-fee contractors, as well as all other prime contractors, are buyers "in the course of trade or business" within the meaning of section 4 (a) of the Emergency Price Control Act of 1942, and are, therefore, subject to the prohibitions of that section.

§ 811.1135 *Index of Army purchase items.* For convenience of identification of applicable price regulations an index of articles commonly purchased for the Army, taken substantially from Army Purchase Information Bulletin, is incorporated in this section (paragraph (b)) followed by a further list of the Price Regulations by numerical sequence (paragraph (c)). These lists are subject to revision and must be used with caution, bearing in mind that OPA is constantly issuing changes and revisions, and from time to time is placing articles now under the GMPR under the control of specific price regulations, or shifting them from the coverage of one MPR to another.

(a) *OPA revisions of price regulations.* Whenever the Office of Price Administration makes an industry-wide revision of ceiling prices on any item purchased by the War Department, or other revision in ceiling prices affecting products purchased by the War Department, the chief of the technical service involved will notify all contracting officers concerned and the service's Price Analysis Section.

(b) *General index of articles purchased and applicable OPA regulations.*[1]

(c) *Maximum price regulations and price schedules by number and title.*[1]

SUBPART E—CONTROLLED MATERIALS PLAN

§ 811.1140 *Revision of existing supply contracts to conform to production schedules authorized under Controlled Materials Plan*—(a) *Effect of reduced allotments of materials.* Under the Controlled Materials Plan (CMP) some Army suppliers from time to time will receive allotments of controlled materials which are less than the materials necessary to meet the production schedules in effect under existing contracts. Normally, the production schedule authorized on Form CMP–10 will reflect these reduced quantities. In cases where the end item schedule has not been reduced in line with the reduced allotments, a letter is sent to the contractor explaining the factors (for example, changed specifications, reduced requirements of spare parts, and prior allocations) which will enable him to meet the required production schedule with the materials allotted to him.

(b) *Coordination with CMP officers.* Schedules of production authorized on Form CMP–10 are controlling and must be put into effect by appropriate contract adjustments. CMP officers have been instructed to inform contracting officers of revised schedules, and whenever practicable to consult with them concerning the distribution of any reduced allotment among the various contractors concerned. Close coordination between contracting officers and CMP officers is required in order that changes in or amendments of outstanding contracts may be promptly effected where made necessary by revisions in schedules.

(c) *Protection of contractor.* Under the usual "Delays-Damages" article (see § 803.352) in most War Department contracts, the delay of a contractor is treated as excusable if it is without fault or negligence on the part of the contractor and is due to "unforeseeable causes beyond his control, including any preference, priority, or allocation order issued by the Government." A possible statutory exemption from liability for delay is also to be found in a clause of Title III of the Second War Powers Act, 1942, reading as follows:

(7) No person shall be held liable for damages or penalties for any default under any contract or order which shall result directly or indirectly from compliance with this subsection (a) or any rule, regulation, or order issued thereunder, notwithstanding that any such rule, regulation, or order shall thereafter be declared by judicial or other competent authority to be invalid.

Nevertheless, a contractor is entitled to the protection of an amendment to

[1] Filed with the Division of the Federal Register.

his contract to reflect accurately the changes in the production schedule which are made necessary or appropriate by the reduction in allotments. Such changes will be effected promptly by appropriate supplemental agreement (or change order where a change order can effect the necessary adjustment).

(d) *Adjustment of schedules in contracts.* Appropriate adjustment of a contract to conform to reduced schedules made necessary under the Controlled Materials Plan or otherwise may in many cases be made under contract provisions already in effect, if the contract contains such provisions (see, for example, §§ 803.329, 803.329a and 803.351 (c)). Where a contract contains no provision permitting such an adjustment, the chief of the supply service concerned is authorized to amend the contract by supplemental agreement, inserting one or more of the contract articles contained in §§ 803.329, 803.329a and 803.351 (c) so as to provide in the contract itself authority for the making of any later adjustments made necessary by changes in the CMP allotments (see § 811.1233).

(e) *Upward adjustment of price.* Where a reduction in allotments so changes or interrupts the contractor's operations as substantially to increase the unit costs of any of the items procured, an equitable adjustment in the contract price in addition to a modification of the production schedule is also authorized to be made, either under an appropriate contract provision providing such an adjustment or by supplemental agreement (see § 812.1233).

(f) *Downward adjustment of price.* In cases where production schedules are to be stepped up as a result of a speedier flow of materials under a CMP allotment, the contract will be appropriately amended to accomplish this result. Where an increase in allotment so accelerates the contractor's operations as to produce a substantial saving in unit costs, contracting officers will, where possible, negotiate a reduction in unit price in connection therewith (see § 812.1251 (b)).

§ 811.1141 *Allotment of materials for new contracts.* Under the Controlled Materials Plan, it is essential that each new contract let be accompanied by a sufficient allotment of material to enable the contractor to enter into production as called for under the contract. Consequently, before a contract is let or a letter contract or letter of intent executed, contracting officers should coordinate with CMP officers to make sure that controlled materials are expected to be available in the quantity required, and that each contractor is asked to submit an estimate of the controlled materials required along with his proposal or bid. Upon the execution of a contract, arrangements should be made with CMP officers to issue allotments as required to meet the production schedules of the contract.

SUBPART F—CONTRACTS INVOLVING RUBBER OR SYNTHETIC RUBBER

§ 811.1150 *Agreement with Rubber Reserve Company.* (1) Rubber Reserve Company, a subsidiary of Reconstruction Finance Corporation, owns and controls the supply of all natural rubber and substantially all synthetic rubber in this country. Effective June 1, 1943 Rubber Reserve Company found it necessary to increase its price for natural rubber from 22½ cents per pound to 40 cents per pound, but reduced its prices for synthetic rubber to 36 cents per pound for GRS (Buna S); 33 cents per pound for GRI (Butyl); and 45 cents per pound for GRM (Neoprene Type GN).

(2) In order to avoid the necessity of adjusting the outstanding contracts of the War Department and subcontracts therunder based on a price for natural rubber of 22½ cents per pound and in order to facilitate transition from natural to synthetic rubber and to simplify future procurement of rubber products, the War Department has made an agreement with Rubber Reserve Company to pay directly to it part of the cost of such natural and synthetic rubber used for War Department purposes and thereby to maintain lower, stable, prices to rubber manufacturers for such natural and synthetic rubber.

(3) Under this agreement Rubber Reserve Company will supply natural and synthetic rubber to War Department contractors and subcontractors upon payment by them to Rubber Reserve Company at the following rates per pound.

Type	Price per pound (cents)
Natural	22½
GRS Synthetic (Buna S)	18½
GRI Synthetic (Butyl)	15½
GRM Synthetic (Neoprene Type GN)	27½

These rates apply to natural, GRS and GRI Synthetic used after June 1, 1943 and to GRM synthetic used after August 1, 1943.

(4) The War Department will pay Rubber Reserve Company the difference between these amounts and the prices fixed by Rubber Reserve Company specified in subparagraph (1) above, or such lower prices as the Rubber Reserve Company may fix from time to time. This contract will remain in force until June 30, 1944 unless extended by the War Department or terminated on ninety days' notice before that date.

§ 811.1151 *Administration of agreement.* (a) To simplify administration of this agreement with Rubber Reserve Company the Ordnance Department is handling the contract on behalf of the entire War Department and will administer it for all of the technical services.

(b) Rubber Reserve Company will obtain from rubber manufacturers reports of the amount of natural and synthetic rubber used on account of War Department contracts and subcontracts and will bill the War Department monthly through the Ordnance Department on the basis of these reports showing the amount due with respect to the contracts and subcontracts of each technical service.

(c) The chief of each technical service has been directed to make available to the Ordnance Department by special allotment or otherwise sufficient funds to cover the estimated amounts payable to Rubber Reserve Company under this agreement with respect to its contracts and subcontracts up to June 30, 1944. The Chief of Ordnance is authorized to issue such directives or instructions to the chiefs of the other technical services as he deems necessary for the administration of the agreement and the furnishing of such allotments.

§ 811.1152 *Effect of agreement on contracts involving natural rubber.* (a) Since natural rubber will continue to be supplied to rubber manufacturers by Rubber Reserve Company at 22½ cents per pound as heretofore, existing contracts made on this basis will not need to be adjusted.

(b) Likewise, future contracts involving the use of natural rubber can continue to be made on the same basis of 22½-cent rubber, as heretofore.

§ 811.1153 *Existing contracts involving synthetic rubber.* (a) The prices for synthetic rubber specified in the agreement between Rubber Reserve Company and the War Department are substantially lower than the prices previously in effect for the same types of synthetic rubber.

(b) Accordingly, the prices under existing contracts involving the use of synthetic rubber and made on the basis of the prices in effect before the agreement, should be promptly adjusted to reflect the reduced prices for such synthetic rubbers.

(c) By its Circular No. 21 dated May 31, 1943, the Rubber Reserve Company has directed all rubber manufacturers to report to it all existing contracts made on the basis of prices for natural or synthetic rubber higher than those fixed by the agreement with the War Department and has directed such rubber manufacturers promptly to adjust their prices under such contracts to reflect the reduced prices for synthetic.

§ 811.1154 *Conversion from use of natural rubber to use of synthetic.* (a) At the present time the cost of processing synthetic rubber is greater than the cost of processing natural rubber for many types of articles. The lower price per pound for synthetic rubber as compared to natural rubber will offset to the extent of the price differential the additional costs of processing such synthetic rubber.

(b) In the cast of certain types of commodities such as tires, the shift from natural to synthetic rubber involves an additional factor affecting costs of production. When such commodities are made from natural rubber it is often possible to use a substantial amount of reclaimed rubber which is much less expensive than either natural or synthetic. When the same commodities are made from synthetic rubber, however, it is at present not feasible to use reclaimed rubber to the same extent or at all. Consequently, synthetic must be substituted not only for the natural rubber but also for the reclaimed rubber in such cases.

(c) When it becomes necessary to amend the specifications under existing contracts under the "changes" article to substitute synthetic rubber for natural rubber, the contract price must be equitably adjusted in accordance with

that article. In fixing this adjustment it is necessary to take into account, (1) any additional costs of processing synthetic in place of natural rubber; (2) the lower price per pound of synthetic as compared with natural rubber; (3) the extent to which reclaimed rubber is superseded by synthetic; (4) any other factors relevant in the particular case. Accordingly, the adjustment under any particular contract will depend primarily on the circumstances with respect to processing and the ratio of natural and reclaimed rubber in the particular type of commodity.

(d) Likewise, when new contracts are made for the manufacture from synthetic rubber of commodities previously made from natural rubber, the proper price will depend on the consideration of the same factors discussed in paragraph (c).

§ 811.1155 *Price adjustment provisions.* In order to assure rubber manufacturers that they may fix their prices on the basis of the cost for natural and synthetic rubber specified in the agreement between the War Department and Rubber Reserve Company a special price adjustment article contained in § 803.351 (a) has been authorized for use in contracts involving natural or synthetic rubber (see § 812.1232 (b)). It provides for equitable adjustment in the contract price to the extent that any change in the price payable for natural or synthetic rubber affects the cost of performing the contract.

SUBPART H—MISCELLANEOUS MATTERS

§ 811.1180 *Discounts in purchasing—*(a) *General rule.* Frequently contractors include in their bids offers of discounts for cash or prompt payment. In view of the volume of purchasing being presently done, it is frequently not practicable to effect prompt payment and thus take advantage of these provisions. It is therefore apparent that if these offers were taken into account in deciding whether to award a contract to one contractor rather than another, the decision to award the contract to one might be made on the basis of an offer of a cash discount the benefit of which the Government would never receive. The rule has therefore been established that offers of a discount for cash or prompt payment will be disregarded in deciding between two possible contractors.

(b) *Example.* Let us assume that bids are solicited, informally, or otherwise, and two contractors submit bids. Contractor A quotes a price of $1.00 per unit with an offer of a 10% discount for prompt payment. Contractor B quotes a price of $1.10 per unit. Disregarding A's offer of a 10% discount, the contracting officer nevertheless decides that the contract will be awarded to contractor A because his unit price of $1.00 is lower than that quoted by contractor B. The question now arises whether the rule set forth in paragraph 1180.1 requires that A's offer of discount for prompt payment should be disregarded. The answer obviously is that it should not be disregarded. The discount provision should be included in the contract. It was disregarded in making the decision to award the contract to A, but once the contract was awarded to A, the Government should take advantage of all of the terms offered by contractor A.

(c) *Ratification of past action.* Because of the misunderstanding of previous regulations, it appears that in some instances contracting officers have felt that it was necessary, under the circumstances set forth in paragraph (b), to omit from the contract any provision with respect to discounts. Their action in doing so is hereby ratified.

(d) *Fiscal aspects of discounts.* For fiscal aspects of cash discounts, see AR 35-6200, as amended by Change No. 1, published under date of July 29, 1943.

§ 811.1181 *Contingent fees.* In connection with purchases and subcontracting by cost-plus-a-fixed-fee contractors, the vendor or subcontractor involved should not be permitted to pay third-party intermediaries a commission, percentage, brokerage, or contingent fee based upon the amount of the order or subcontract where the services performed by such intermediaries are merely the obtaining of the order of, if additional services are in fact performed by such intermediaries, the fees are disproportionate. To accomplish the foregoing it is essential that the attention of contracting officers be directed to the necessity of taking effective administrative measures so as to bring such practices to light with a view to their elimination. In some cases the prime contractor may be directed to require the disclosure by the vendor or subcontractor, as a condition to award, of any contingent or broker's fee or commission which may be included in the price quoted by such vendor or subcontractor.

In many cases third-party intermediaries and others in similar categories are capable of and do perform valuable services in connection with the purchasing and subcontracting, for which they are entitled to a return. In such cases it is not the purpose to limit the opportunities to obtain increased production by prohibiting altogether the use of such intermediaries by vendors and subcontractors. The purpose to be accomplished, however, is to prevent the abuses inherent in the inclusion in the purchase price or subcontract price of a commission, percentage, brokerage, or contingent fee in an amount not related to the services performed and the payment of such fees where the only service performed is the obtaining of the order for the vendor or subcontractor.

§ 811.1182 *Track-scaling of loaded railroad cars.* Provisions should not be inserted in construction or supply contracts in which payment for the materials or supplies is based on "railroad weights." The result of inserting such a provision is frequently to require railroads to incur unnecessary delay and expense in arriving at such weights, sometimes necessitating back-hauling for track-scaling. The railroads through territorial weighing bureaus enter into agreements with many of their shippers under which the railroads accept the invoice-weight of the shipper subject to periodical checks and test weights. This avoids the necessity for track-scaling the car. All reference to "railroad weights" will be omitted from requests for quotations or estimates and from the resulting contracts or orders for all materials and supplies including coal. Particular care should be taken to insure that the words "railroad weights" do not appear in the Schedule of Supplies (Schedule A) of future contracts or in any "Instructions to Bidders" or Purchase Conditions. In lieu of the words "railroad weights", there will be inserted the words "weights acceptable to railroad for freight charge purposes." Outstanding construction and supply contracts containing the words "railroad weights" should be amended to change those words to the wording indicated above. Reference is made to Circular No. 284, War Department, 1942 for the terms of the War Department Traffic Weight Agreement entered into by the War Department with representatives of certain carriers.

§ 811.1182a *Ordering of less than full carloads to be avoided.* In view of the shortage of transportation facilities, it is apparent that it is wasteful to have a railroad car move with less than a full load. Therefore, unless other factors make such action unwise, supplies should be ordered in amounts equal to one or more full carloads; and the practice of ordering amounts that will result in the loading of a portion of a railroad car should be avoided.

§ 811.1183 *Ordering of spare parts.* The chief of each techinical service will adopt definite policies with respect to the ordering of spare parts for use in connection with all equipment purchased.

(a) Every order providing for the delivery of air-cooled engines of 32 horsepower and under, or for units of which such engines are a component part, shall provide for delivery simultaneously with the first shipment of engines of not less than 10% of the total engine spare parts called for in such order. Such order shall further provide for the subsequent delivery of spare parts so that when 20% of the engines have been delivered at least 30% of all such spare parts will likewise have been delivered and so that deliveries of spare parts shall thereafter parallel deliveries of engines.

§ 811.1184 *Contracts with foreign nationals.* (a) By virtue of Executive Order No. 8389, April 10, 1940, as amended, and Treasury Department regulations issued pursuant thereto, the award of contracts in which certain foreign countries or nationals thereof have any interest is prohibited.

(b) The above prohibition does not apply to contracts with individuals, partnerships, associations, corporations, or other organizations which have been granted a general or special license by the Secretary of the Treasury.

(c) Whenever a contracting officer has reason to believe that any prospective contractor is subject to the above prohibition he should inquire of the chief of the technical service concerned or the nearest Federal Reserve Bank as

to the eligibility of the prospective contractor.

§ 811.1185 *Contracts with blocked nationals.* (a) The Secretary of State from time to time publishes lists of persons and organizations deemed to be acting directly or indirectly for the benefit of the enemy. Copies of these lists will be made available to the chiefs of the technical services.

(b) No contract will be knowingly awarded to any person or organization so listed.

§ 811.1186 *Limitation on purchase of arms, ammunition and implements of war.* (a) No purchase of arms, ammunition, or implements of war shall be made on behalf of the United States by any officer, executive department, or independent establishment of the Government from any person who shall have failed to register under the provisions of subsection 12 (g) of Public Resolution of November 4, 1939 (Pub. Res. No. 54—76th Cong.).

(b) Articles which are considered arms, ammunition and implements of war will be proclaimed from time to time by the President. Chiefs of the technical services concerned will publish such information to the contracting officers concerned and secure compliance with the above limitation.

§ 811.1187 *Restrictions on purchases of selected items for the duration of the war.* Circular No. 420 issued by the Director, Bureau of the Budget, under date of May 21, 1943, provides as follows:

TO THE HEADS OF EXECUTIVE DEPARTMENTS, INDEPENDENT ESTABLISHMENTS AND AGENCIES

Subject: Restrictions on Purchases of Selected Items for the Duration of the War

The necessity for maximum curtailment of expenditures by all agencies, and the scarcity of materials used in the manufacture of numerous office equipment and supply items, require immediate administrative action to limit the purchase of luxury and nonessential items.

The head of each Government agency is hereby requested to issue instructions to all offices under his jurisdiction, prohibiting, for the duration of the war, the purchase in the commercial market of the following list of items, as well as any additional items which he may choose to add.

1. All items of steel furniture, such as desks, tables, chairs, stands, file cabinets, supply cabinets, wardrobes, costumers, coat racks, etc.
2. All items of leather upholstered furniture, such as chairs, davenports, etc.
3. Baskets, waste, metal.
4. Book ends.
5. Calendar pads and stands, other than standard Government specification, as furnished from Procurement stock or from the General Schedule of Supplies.
6. Carafes and carafe sets.
7. Carpets.
8. Cases, brief, leather.
9. Clocks.
10. Cushions, chair, rubber, cork, or from similar critical material.
11. Cuspidors.
12. Desks (over $100).
13. Frames, picture (except frames for maps or charts).
14. Guards, telephone wire or coil.
15. Lamps, desk and floor.
16. Letter openers, metal.
17. Mats, chair, from rubber or similar critical material.
18. "Memo-pal" or similar metal roller-type memo pads.
19. Mirrors.
20. Pens, fountain, desk sets (over $2.00).
21. Plate glass tops for desks, tables, etc.
22. Rugs.
23. Shears.
24. Stands, smoking.
25. Tables (over 96 inches).
26. Trays, ash.
27. Trays, desk, metal.
28. Work organizers, leather.

Many of the items listed above will be available from time to time from Federal surplus property stocks and may be obtained from that source by filing Purchase Authority with the appropriate Regional Property Officer of Treasury Procurement. [See paragraph 613 and following.]

In the event any of the items listed herein are found to be absolutely necessary for operation and unavailable from surplus stores of the Procurement Division, requests for purchase in the commercial market should be submitted to the head of the agency for advance approval.

Instances have been reported where agencies, especially through their field offices, have ignored War Production Board priority regulations and purchased such items as stapling machines, staples, gem clips, rubberbands, twine, etc., in local markets at exorbitant prices. Any steps necessary should be taken to prevent such purchases.

It will be appreciated if three copies of instructions issued pursuant to this circular are forwarded to the Equipment and Supply Section, Estimates Division, Bureau of the Budget, upon issue.

HAROLD D. SMITH,
Director.

(a) The purchase of the items referred to in the circular set forth above, is prohibited for the duration of the war except for essential war needs. No such item will be purchased without the prior approval of the Director, Purchases Division, Headquarters, Army Service Forces. Requests for such approval will be forwarded through channels and must be accompanied by a complete statement of facts showing that the proposed purchase is for an essential war need.

§ 811.1188 *Advertising—(a) Basic statutes.* (1) No advertisement, notice, or proposal for any Executive Department of the Government, or for any Bureau thereof, or for any office therewith connected, shall be published in any newspaper whatever, except in pursuance of a written authority for such publication from the head of such Department; and no bill for any such advertising, or publication, shall be paid, unless there be presented, with such bill, a copy of such written authority. (R. S. 3828; 44 U.S.C. 324; M. L., 1929, sec. 1829)

(2) Hereafter all advertisements, notices, proposals for contracts, and all forms of advertising required by law for the several departments of the Government may be paid for at a price not to exceed the commercial rates charged to private individuals, with the usual discounts; such rates to be ascertained from sworn statements to be furnished by the proprietors or publishers of the newspapers proposing so to advertise: *Provided*, That all advertising in newspapers since the tenth day of April, eighteen hundred and seventy-seven, shall be audited and paid at like rates; but the heads of the several departments may secure lower terms at special rates whenever the public interest requires it. Act June 20, 1878 (20 Stat. 216; 44 U. S. C. 322; M. L., 1929, sec. 1827).

(3) First War Powers Act: The Judge Advocate General, in an opinion dated 4 August 1943 (SPJGC 1943/10580) has expressed the view "that compliance with the provisions of section 3828 of the Revised Statutes would limit and restrict the freedom of action granted by the First War Powers Act, 1941, to facilitate the prosecution of the war, and that the operation of such statute to the extent that it limits the broad authority granted by the First War Powers Act, 1941, is suspended thereby."

(b) *Delegation of authority.* (1) The responsibility for authorizing advertising has been assigned by the Secretary of War to the Under Secretary of War (see § 801.107 (c)). Pursuant to Circular 181, War Department, 10 June 1942, this responsibility was further delegated "subject to the direction of the Under Secretary of War, to the Commanding General, Army Air Forces, so far as [it relates] to supplies or equipment peculiar to the Army Air Forces; and subject to the same direction, so far as [it relates] to all other supplies and equipment, to the Commanding General, Services of Supply, or to such person or persons as they may designate." The authority so delegated is hereby further delegated to the chiefs of the technical services.

(2) The responsibility for authorizing advertising through the medium of newspapers or otherwise, which is delegated to the chiefs of the technical services by subparagraph (1), is not to be confused with the responsibility for authorizing the placing of contracts by formal advertising rather than by negotiation. This latter responsibility is vested in the Director, Purchases Division, Headquarters, Army Service Forces (see § 802.240 (b)).

(c) *Ratification.* Prior to the promulgation of paragraph (b), the chiefs of the technical services had not expressly been delegated authority to authorize advertising. The Judge Advocate General, however, in the opinion referred to in paragraph (a) expressed the view that the delegations set forth in § 801.107 (f) gave the Director, Purchases Division, Headquarters, Army Service Forces authority to approve advertising; and that the action of the chiefs of the technical service in authorizing advertising may "be ratified by the Director of the Purchases Division, if it is determined that such action facilitated the prosecution of the war". Accordingly, if any advertising was done subsequent to June 29, 1942, without approval of the Director, Purchases Division, Headquarters, Army Service Forces (or some higher authority) a request may be made to said Director that such advertising be ratified. The request should be accompanied by a full statement of the facts and a determination by the chief of the technical service that such advertising facilitated the prosecution of the war.

[Procurement Reg. 12]

PART 812—RENEGOTIATION AND PRICE ADJUSTMENT

Sec.
812.1200 Scope of part.

SUBPART A—STATUTORY RENEGOTIATION

812.1201 Definitions; scope of subpart.

Renegotiation Statute and Exemptions

812.1202 Statutory provisions.
812.1203 Effect of 1943 act.
812.1204 Mandatory exemption from statutory renegotiation.
812.1205 Discretionary power to exempt certain contracts and subcontracts.

Contract Articles for Renegotiation

812.1207 Articles authorized.
812.1208 Use of articles.
812.1209 Optional provisions in subcontracts.
812.1210 Use of other articles.

Statutory Renegotiation; Policy and Procedure

812.1213 Administration of statutory renegotiation.
812.1214 Effect of statutory renegotiation on price adjustments by contracting officers.

SUBPART B—CONTRACT ARTICLES FOR PRICE ADJUSTMENT ON THE BASIS OF PRODUCTION EXPERIENCE

812.1220 Scope of subpart.
812.1221 Effect of articles.
812.1222 Relation to other price adjustment articles.
812.1223 Price redetermination by formula.
812.1224 Negotiated revision of entire contract price, upward or downward.
812.1225 Article for converting fixed-fee contracts to fixed price basis.
812.1226 Incentive provisions for fixed-fee contracts.

SUBPART C—CONTRACT PROVISIONS FOR PRICE ADJUSTMENT UPON CONTINGENCIES AND SHORT-TERM PRICING

812.1230 Scope of subpart.
812.1231 Changes article.
812.1232 Escalation.
812.1233 Interruption of production schedules by Government action.
812.1234 Operation of articles.
812.1235 Article for short-term pricing.
812.1235a Article for optional periodic adjustment of price.
812.1236 Periodic adjustment of price without provision for exemption from renegotiation.

SUBPART D—CONTRACT ARTICLES FOR PERIODIC READJUSTMENT OF PRICE AND EXEMPTION FROM RENEGOTIATION

812.1240 Articles authorized.
812.1241 Effect of articles.
812.1242 Purpose of articles.
812.1243 Use of articles.
812.1244 Insertion of statutory renegotiation article.
812.1245 Deleted.
812.1246 Price adjustments under the articles.
812.1247 Inserting articles in existing contracts.

SUBPART E—PRICE ADJUSTMENTS WITHOUT CONTRACT PROVISIONS

812.1250 Scope of subpart.
812.1251 Amendments with consideration.
812.1252 Amendments without consideration.

SUBPART H—AUDITS AND INSPECTIONS UNDER TITLE XIII OF THE SECOND WAR POWERS ACT

812.1260 Basic statute.
812.1261 Executive order.
812.1262 Delegations of authority under Title XIII of the Second War Powers Act, 1942.
812.1263 Preliminary steps before audit or subpena.

SUBPART I—MANDATORY PRICING AND REPRICING OF ARTICLES AND SERVICES

812.1270 Statutory basis for mandatory pricing and repricing.
812.1271 Delegations of authority.
812.1272 Definitions.
812.1273 Scope of statute.
812.1274 General application of the statute.
812.1275 Voluntary negotiation with respect to prices deemed to be unfair or unreasonable.
812.1276 Mandatorily requiring negotiation.
812.1277 Agreements resulting from voluntary or mandatory negotiation.
812.1278 Issuance of order fixing fair and reasonable price.
812.1279 Notification of technical services of service of order.
812.1280 Preservation of data upon which orders are based.
812.1281 Method of service.
812.1282 Form of requirement to negotiate fair and reasonable prices.
812.1283 Form of order fixing fair and reasonable price.

APPENDIX

812.1289 Reference to Renegotiation Regulations.
812.1290 Rulings of War Contracts Price Adjustment Board relating to exclusions or mandatory exemptions from statutory renegotiation.
812.1291 Rulings of War Contracts Price Adjustment Board relating to discretionary exemptions from statutory renegotiation.
812.1292 Determination by the Quartermaster General of perishable commodities.

§ 812.1200 *Scope of part—(a) General.* This part deals with policies and contract provisions of all types relating to the adjustment of prices under contracts with the War Department and subcontracts thereunder. Subpart A deals with the contract provisions and procedure for statutory renegotiation under those provisions of the Renegotiation Act pertaining to fiscal years ending after June 30, 1943. Subparts B to D discuss various optical clauses providing for price adjustment independently of statutory renegotiation. Subpart E discusses the adjustment of prices under the First War Powers Act in order to adapt contracts to changing conditions and to relieve contractors from hardship. These contract clauses and policies are intended to carry out the general purchase policies stated in Part 802.

(b) *Regulations rescinded.* Temporary Procurement Regulations 10–T and 17–T, issued April 30, 1942 and May 11, 1942, by Headquarters, Army Service Forces, and all directives and instructions relating to contract provisions for revision and renegotiation of contract prices, issued prior to 1 July 1942 have been rescinded (see § 801.104).

SUBPART A—STATUTORY RENEGOTIATION

§ 812.1201 *Definitions; scope of subpart—(a) Definitions.* As used in this part, the following terms have the meaning set forth below:

(1) "Renegotiation Act of 1943"; "1943 act": These terms mean section 403 of the Sixth Supplemental National Defense Appropriation Act, 1942 (Public Law 528, 77th Congress, approved April 28, 1942) as amended by section 701 of the Revenue Act of 1943 (Public Law 235, 78th Congress, enacted February 25, 1944), and as effective with respect to fiscal years ending after June 30, 1943;

(2) "Renegotiation Act of 1942"; "1942 act": These terms mean section 403 of the Sixth Supplemental National Defense Appropriation Act, 1942, as amended through July 14, 1943, and as further amended by those provisions of section 701 of the Revenue Act of 1943 which are made effective as if they had been a part of Section 403 of the Sixth Supplemental National Defense Appropriation Act, 1942, as amended, on the date of its enactment. (See Public Law 235, 78th Congress, sec. 701 (d).)

(3) "Statutory renegotiation": This term means renegotiation pursuant to the provisions of the Renegotiation Act of 1943.

(4) "Department": This term means the War, Navy, and Treasury Departments, the Maritime Commission, the War Shipping Administration, the Defense Plant Corporation, Metals Reserve Company, Defense Supplies Corporaton and Rubber Reserve Company.

(5) "Secretary": This term means the Secretary of the War, Navy, and Treasury Departments, the Chairman of the Maritime Commission, the Administrator of the War Shipping Administration, and the Boards of Directors of the Defense Plant Corporation, Metals Reserve Company, Defense Supplies Corporation and Rubber Reserve Company.

(6) "War Contracts Board": This term means the War Contracts Price Adjustment Board established by the Renegotiation Act of 1943.

(b) *Scope of subpart.* This subpart A discusses the various aspects of statutory renegotiation. Sections 812.1202 to 812.1205 deal with the provisions of the Renegotiation Act of 1943 (§ 812.1201 (a) (1)) and the exemptions and exclusions therefrom. Sections 812.1207 to 812.1210 discuss the contract articles for statutory renegotiation and their use. Sections 812.1213 and 812.1214 deal generally with the policies and procedures governing statutory renegotiation. Renegotiation pursuant to the Renegotiation Act of 1942 (§ 812.1201 (a) (2) is not discussed herein. For the text of the 1942 act and the procedures, policies and interpretations thereunder, reference is made to the Joint Renegotiation Manual and the Army Renegotiation Manual, Part I, which are applicable to fiscal years ending before 30 June 1943.

Renegotiation Statute and Exemptions

§ 812.1202 *Statutory provisions—(a) Renegotiation Act of 1943.* For the complete text of the 1943 act, reference is made to the renegotiation regulations issued by the War Contracts Board.

(b) *Section 3806 of the Internal Revenue Code.* Section 3806 of the Internal Revenue Code referred to in subsection (c) (2) of the 1943 act provides that the amount of federal income and excess profits taxes paid or payable with respect to any excessive profits must be credited against the amount of such profits in

computing the amount to be refunded by the contractor or subcontractor, or otherwise recovered.

§ 812.1203 *Effect of 1943 act*—(a) *Coverage.* (1) The 1943 act applies to all contracts made by the Departments and subcontracts thereunder, with the exceptions stated under §§ 812.1203 (d), 812.1204 and 812.1205. With those exceptions the 1943 act directs the War Contracts Board to renegotiate with every contractor with a Department, and every subcontractor under a contract with a Department, whenever in its opinion the profits received or accrued under such contracts or subcontracts may reflect excessive profits, whether or not the contract or subcontract contains a renegotiation article (subsection (c) (1)).

(2) Subcontracts as defined in the 1943 act include purchase orders or agreements to perform all or any part of the work, or to make or furnish any article, material, part, assembly, mahinery, equipment or other personal property (except office supplies), required for the performance of another contract or subcontract, and any agreements to procure such contracts or subcontracts. Such subcontracts are not limited to those made by the prime contractor but include those made by subcontractors and lower tiers of subcontractors unless specifically exempt (subsection (a) (5)).

(b) *Contract articles.* With certain exceptions discussed under §§ 812.1204 and 812.1205, the 1943 act requires that each prime contract over $100,000 contain a contract article dealing with renegotiation. (See §§ 812.1207 to 812.1210, 803.342 (a), (b) and (c). As stated in paragraph (a), contracts or subcontracts which do not include a renegotiation article are nevertheless subject to the 1943 act unless such contracts or subcontracts are expressly excluded.

(c) *Administration of renegotiation.* In connection with the provisions of the 1943 act relating to its administration and the application of such provisions, reference is made to the renegotiation regulations to be issued by the War Contracts Board and the supplementary instructions issued thereunder.

(d) *Exclusions.* (1) The 1943 act is inapplicable to any contract or subcontract on which final payment was made before April 28, 1942.

(2) The 1943 act is inapplicable if the aggregate amount received or accrued by the contractor or subcontractor and all persons under the control of or controlling or under common control with it under contracts with the Departments and subcontracts thereunder during its fiscal year ending after June 30, 1943, will not exceed $25,000 from subcontracts for procuring contracts or subcontracts or $500,000 from all other contracts with the Departments or subcontracts thereunder.

(3) Certain contracts or subcontracts are exempt or may be exempted from the provisions of the 1943 act under subsection (i) of such act. These exemptions are discussed in §§ 812.1204 and 812.1205.

(e) *Expiration of the act.* Subsection (h) of the 1943 act provides that it shall apply only to profits from contracts and subcontracts which are attributable to performance prior to the "termination date" of the act. Reference is made to subsection (h) of the 1943 act and to the renegotiation regulations issued by the War Contracts Board for the definition of "termination date" and the determination of the profits which are deemed attributable to performance prior to such date.

§ 812.1204 *Mandatory exemptions from statutory renegotiation.* In addition to the treatment of such mandatory exemptions in this § 812.1204 et seq., reference is made to § 812.1290, concerning rulings of War Contracts Board relating to exclusions or mandatory exemptions from statutory renegotiation. This matter is treated at length in the Renegotiation Regulations issued by the War Contracts Board.

(a) *Contracts with governmental agencies.* (1) In this paragraph the term "other Government Agency" includes (i) any department, bureau, agency or governmental corporation of the United States, (ii) any territory, possession or state or any agency thereof, and (iii) any foreign government or any agency thereof.

(2) The 1943 act does not apply to (i) any contract between a Department and any other Government agency; (ii) any contract between a contractor with a Department or a subcontractor thereunder, and any other Government agency; (iii) any contract made by the other Government agency in connection with a contract with one of the Departments, or one of their contractors, or subcontractors, unless the other Government agency is acting merely as an agent for the Department concerned (subsection (i) (1) (A) of the 1943 act).

(3) Accordingly, no article for statutory renegotiation under the 1943 act will be included in any such contract or subcontract.

(4) With respect to contracts with War Supplies Limited see §805.509 (h).

(5) See § 805.1290 (a) for ruling by the War Contracts Board relating to the governmental agency exemption.

(b) *Contracts and subcontracts for products of natural deposits and timber.* (1) By subsection (i) (1) (B), the 1943 act does not supply to

(B) any contract or subcontract for the product of a mine, oil or gas well, or other mineral or natural deposit, or timber, which has not been processed, refined, or treated beyond the first form or state suitable for industrial use.

(2) Contracts hereafter made with the War Department solely for the product of a mine, oil or gas well, or other mineral or natural deposit or timber, should include the standard renegotiation article, if otherwise required, unless it is clear that the product is exempt under this subsection. If the application of this exemption is uncertain, the following provision may be added at the end of the article:

If any regulation issued pursuant to subsection (i) (2) of the Renegotiation Act interprets and applies subsection (i) (1) (B) to exempt from the provisions of said Act, contracts for any product or products covered by this contract, then the contract price for such product or products, if separately stated herein, shall not be subject to renegotiation under this article.

(3) See § 812.1290 (b) for ruling by the War Contracts Board relating to the raw material exemption.

(c) *Contracts and subcontracts for agricultural commodities.* (1) By subsection (i) (1) (C), the 1943 Act does not apply to

(C) any contract or subcontract for an agricultural commodity in its raw or natural state, or if the commodity is not customarily sold or has not an established market in its raw or natural state, in the first form or state, beyond the raw or natural state, in which it is customarily sold or in which it has an established market. The term "agricultural commodity" as used herein shall include but shall not be limited to—

(i) commodities resulting from the cultivation of the soil such as grains of all kinds, fruits, nuts, vegetables, hay, straw, cotton, tobacco, sugar cane, and sugar beets;

(ii) natural resins, saps and gums of trees;

(iii) animals such as cattle, hogs, poultry, and sheep, fish and other marine life, and the produce of live animals, such as wool, eggs, milk and cream.

(2) Contracts hereafter made with the War Department solely for an agricultural commodity should include the standard renegotiation article, if otherwise required, unless it is clear that the commodity is exempt under this subsection. If the application of this exemption is uncertain, the following provision may be added at the end of the article:

If any regulation issued pursuant to subsection (i) (2) of the Renegotiation Act interprets and applies subsection (i) (1) (C) to exempt from the provisions of said Act, contracts for any product or products covered by this contract, then the contract price for such product or products, if separately stated herein, shall not be subject to renegotiation under this article.

(3) See § 812.1290 (b) for ruling by the War Contracts Board relating to the raw material exemption.

(d) *Contracts and subcontracts with certain religious, charitable and educational organizations.* (1) Subsection (i) (1) (D) provides that the 1943 act shall not apply to

(D) any contract or subcontract with an organization exempt from taxation under section 101 (6) of the Internal Revenue Code.

(2) Contracts hereafter made by the War Department with any charitable, religious or educational organization should include the standard renegotiation article, if otherwise required. If the contracting organization claims the benefit of this exemption, the following provision may be added at the end of the article:

This article shall be inapplicable if it is determined that the Contractor is exempt from the provisions of the Renegotiation Act by reason of subsection (i) (1) (D) of said Act.

(e) *Construction contracts awarded as a result of competitive bidding.* (1) By subsection (i) (1) (E), the 1943 act does not apply to

(E) any contract with a Department, awarded as a result of competitive bidding, for the construction of any building, structure, improvement, or facility.

(2) The War Contracts Board has issued an interpretation and application of this exemption (see § 812.1290 (c)).

(3) Accordingly, no renegotiation article will be inserted in any construction contract which meets the conditions of this exemption. If the application of this exemption is uncertain, the renegotiation article should be inserted in the contract although the following provision may be added:

If by regulation issued pursuant to subsection (i) (2) of the Renegotiation Act, subsection (i) (1) (E) is interpreted and applied to exempt this contract from the provisions of said Act, then the contract price stated herein shall not be subject to renegotiation under this article.

(f) *Subcontracts under exempt contracts or subcontracts.* (1) Subsection (i) (1) (F) provides that the 1943 act shall not apply to

(F) any subcontract, directly or indirectly under a contract or subcontract to which this section does not apply by reason of this paragraph.

(2) Accordingly, it is not necessary to insert in a contract or subcontract which is exempt by reason of subsection (i) (1) of the 1943 act (paragraphs (a) to (e), inclusive) a provision requiring a renegotiation article to be inserted in subcontracts made thereunder.

(3) If a renegotiation article is inserted in a contract or subcontract and the application of subsection (i) (1) to such contract or subcontract is uncertain, the renegotiation article, if otherwise required, should be inserted by the contractor or subcontractor in all subcontracts made by him. However, the provision set forth in § 812.1209 may be added at the end of the article.

(4) See § 812.1290 (d) for ruling by the War Contracts Board relating to the exemption of subcontracts under exempt contracts or subcontracts.

(g) *Subcontracts for office supplies.* The definition of "subcontract" contained in subsection (a) (5) (A) of the 1943 act specifically excludes therefrom subcontracts for office supplies. See § 812.1290 (e) for ruling by the War Contracts Board relating to articles included within the term "office supplies".

(h) *Interpretation and application of mandatory exemptions.* Subsection (i) (2) of the 1943 act provides that the War Contracts Board is authorized to interpret and apply the exemptions discussed in paragraphs (a) to (f) with respect to fiscal years ending after June 30, 1943.

§ 812.1205 *Discretionary power to exempt certain contracts and subcontracts.* In addition to the treatment of such discretionary exemptions in this § 812.1205, et seq., reference is made to § 812.1291 concerning rulings of War Contracts Board relating to discretionary exemptions from statutory renegotiation. This matter is treated at length in the Renegotiation Regulations issued by the War Contracts Board.

(a) *Statutory provisions.* Subsection (i) (4) of the 1943 act provides that the War Contracts Board, in its discretion, may exempt from some or all of the provisions of such Act individually or by general classes or types:

(1) Any contract or subcontract to be performed outside the United States or in Alaska;

(2) Any contracts or subcontracts, the profits from which can be determined with reasonable certainty when the contract price is established;

(3) Any contract or subcontract to the extent that the contract provisions are otherwise adequate to prevent excessive profits;

(4) Any contract or subcontract for a standard commercial article if competitive conditions with respect to the making of such contract or subcontract will reasonably protect the Government against excessive prices. The term "standard commercial article" is defined by subsection (a) (7) of the 1943 act;

(5) Any contract or subcontract if there is effective competition with respect to the contract or subcontract price;

(6) Any subcontract or group of subcontracts if it is not administratively feasible to segregate the profits attributable to the subcontract or group of subcontracts from profits on business not subject to renegotiation.

(b) *Discretionary power to exempt certain contracts and subcontracts by general classes or types.* The authority to exempt by general classes or types contracts and subcontracts of the kind described in subsection (i) (4) of the 1943 act is vested in the War Contracts Board and has not been delegated by it.

(c) *Discretionary power to exempt certain individual contracts or subcontracts.* (1) The Director, Purchases Division, Headquarters, Army Service Forces, may exempt from statutory renegotiation any individual contract or subcontract of the types specified in paragraph (a) in connection with the placement of such contract or subcontract or any amendment or revision thereof.

(2) The chief of a technical service may exempt any such individual contract or subcontract from statutory renegotiation only where express authority to do so is granted (i) by the provisions of Procurement Regulations (see e. g. paragraphs (d) (1), (e), (f), (g), (h), or (2) by special delegation from the Director, Purchases Division, Headquarters, Army Service Forces.

(3) When an individual contract is to be exempted from renegotiation pursuant (i) to subparagraphs (1) and (2) above or other provisions of procurement regulations, or (ii) to any special delegation of authority, the renegotiation article (Form II) described in § 803.342 (b) will be used in the contract so exempted, unless all subcontracts thereunder have also been so exempted. Each contract or subcontract exempted or under which any part of the performance is exempted from statutory renegotiation must contain an explicit statement to that effect and also a statement showing the extent of the exemption, by whom it was granted and the provision of the 1943 act upon which it is based, with appropriate findings of the existence of facts necessary to support the exemption.

(4) When a prime contract is exempted from renegotiation the statement in the contract as to the exemption will contain a statement whether or not and to what extent subcontracts thereunder are to be exempted from renegotiation.

(5) A written report of each exemption granted will be made to the Director, Renegotiation Division, Headquarters, Army Service Forces (through the Director, Purchases Division and the chief of the technical service) giving:

(i) The name of the contractor or subcontractor;

(ii) The number and date of the contract or subcontract;

(iii) The contract price;

(iv) The nature of the work, supplies, or other items furnished under the contract or subcontract.

(d) *Contracts and subcontracts outside of the United States.* (1) The chief of a technical service is authorized, in his discretion, to exempt from some or all of the provisions of the 1943 act any individual contract with his technical service, or any subcontract thereunder, which is to be performed outside of the territorial limits of the continental United States, or in Alaska. This authority applies to contracts and subcontracts heretofore or hereafter made or performed.

(2) Circular No. 43, War Department, 1943, delegated to each commanding general outside of the United States or in Alaska, like authority with respect to contracts made or administered under his authority, and subcontracts thereunder.

(e) *Patent licenses.* The chief of a technical service may exempt from some or all of the provisions of the Renegotiation Act of 1943 any individual contract or subcontract granting a license under a patent or patent application or transferring a patent or patent application to the Government, or to a contractr or subcontractor, if the aggregate royalty payable under the contract or subcontract for its duration or for any stated period is either (1) a fixed amount determinable at the time of the execution of the contract, or (2) limited by contract to a maximum amount determinable at the time of the execution of the contract, and if, in his opinion, the fixed amount or maximum amount will not yield excessive profits to the contractor or subcontractor.

(f) *Exemption from renegotiation in connection with periodic adjustment of prices.* Subpart D of this part authorizes the use under certain conditions of contract articles providing for periodic readjustment of price and corresponding exemption from renegotiation. Where these contract articles are used, the contracting officer in charge of the individual contract is authorized in his discretion, in connection with the placement of such contract or any amendment or revision thereof, to grant exemption from renegotiation in accordance with the contract provisions and the related procurement regulations.

(g) *Exemption of individual contracts and subcontracts for less than $5,000,000.* (1) A chief of a technical service may exempt from statutory renegotiation any individual contract or subcontract for

an amount of less than $5,000,000 of the types specified in § 812.1205 (a). Such exemption shall be granted only in connection with the placement of such contract or subcontract, or any amendment or revision thereof. Exemption from statutory renegotiation of any contract or subcontract for $5,000,000 or more shall be granted only with the approval of the Director, Purchases Division, Headquarters, Army Service Forces. Any request for the approval of an award of a contract for $5,000,000 or more (see § 803.305 (b)) where it is proposed to exempt the contract from statutory renegotiation will disclose that fact.

(2) The authority conferred by subparagraph (1) above will be exercised in any particular case by the chief of a technical service or by anyone to whom such authority has been redelegated only when:

(i) Articles or services the same or substantially similar to those called for in the contract or subcontract have been produced or rendered by the contractor for a period of at least six months prior to the commencement of production or the rendering of service under the contract or subcontract;

(ii) It appears to the person exercising such authority, in the light of the circumstances then known to him, that the total costs of performance to be exempted under the contract or subcontract can be estimated with reasonable accuracy at the time the contract price therefor is established;

(iii) A price analysis has been made and the contract or subcontract price, in the opinion of the person exercising such authority, is established in accordance with the principles enunciated in Army Service Manual M–601 ("Pricing in War Contracts"), if and so far as applicable, and is considered fair and reasonable in the light of prices being currently paid for comparable articles or services and other relevant circumstances;

(iv) The contract contains no provision for price adjustment other than standard articles authorized in these Procurement Regulations;

(v) If the contract contains any of the articles set forth in §§ 803.341 (a) and (b), 803.360a, 803,360a (a) and 803.360 (b), the initial period of production has been completed; and

(vi) If the contract contains the article set forth in § 803.342a the price is finally determined.

(3) In determining whether to grant exemption from renegotiation the person exercising such authority will normally consider the following further factors among others:

(i) Whether and to what extent contingency allowances or charges have been excluded from estimated costs in fixing the price and, so far as included in costs, have been disclosed, segregated and justified in the contractor's proposal;

(ii) Whether in the light of circumstances known to the person exercising such authority, the contemplated profit margin and profit are relatively low;

(iii) Whether in the light of the probable term of the contract the whole period of performance can properly be exempted from statutory renegotiation; and

(iv) Whether, if the contractor's costs are an important factor in price analysis in the particular case, the contractor's cost accounting system is based upon sound and accepted accounting principles consistently applied.

(4) If the contract involves a period of performance of over six months, the person exercising authority to exempt should consider whether some approved price adjustment provision (e. g. the article set out in § 803.360a or in § 803.360 (a)) should not be included in the contract and the exemption limited in length appropriately.

(5) Each proposed exemption should ordinarily be discussed informally with the Price Adjustment Section of the procurement office which is placing the contract.

(6) Where a contract contains a periodic pricing article (see § 803.360 (a) and (b), or an article like those set forth in § 803.360a and 803.360a (a), exemption from renegotiation should not be granted with respect to the entire contract but only until the next succeeding price adjustment.

(h) *Exemptions of individual contracts within stated classifications where profits can be determined with reasonable certainty when the contract price is established.* (1) In connection with the placement, revision or amendment of any contract or subcontract falling within a classification set forth below, the chief of each technical service is authorized to exempt from statutory renegotiation (pursuant to section (i) (4) of the 1943 act) any individual contract falling within such classification or the subcontracts thereunder or any individual subcontract falling within such classifications:

(i) Foods: contracts and subcontracts for such types of foods as the Quartermaster General may from time to time determine to be perishable (see par. 1292).

(ii) Clothing and equipage: contracts and subcontracts for clothing and equipage, including footwear.

(iii) Textiles or textile products: contracts and subcontracts for textiles or textile products.

(2) The authority conferred by subparagraph (1) will be used only where the person exercising such authority is of the opinion in the individual case, in the light of circumstances then known to him:

(i) that the profits to be derived from any such contract or subcontract can be determined with reasonable certainty when the contract price is established;

(ii) that negotiations fixing the price under any contract or subcontract to be exempted have taken place or will take place in general consistently with the pricing principles set forth in Army Service Manual M–601, (if and so far as applicable); and

(iii) that the price set or to be set is fair and reasonable.

(3) Attention is directed to the fact that this paragraph (h) does not authorize the chief of any technical service to exempt all contracts of the types listed herein as a class or by groups. It merely authorizes the exemption of individual contracts and the subcontracts thereunder or individual subcontracts falling within the above mentioned classifications. The provisions of the memorandum formerly quoted in § 812.1204 (h) (as amended 12 November 1943) are no longer in effect.

(i) *Redelegation of authority to exempt individual contracts and subcontracts from renegotiation.* (1) The Director, Purchases Division, Headquarters, Army Service Forces, may delegate and authorize successive redelegations of the authority conferred upon him by § 812.1205 (c) (1).

(2) The chief of a technical service may delegate and authorize successive redelegations of the authority conferred upon him by (c) (2), (d) (1), (e), (g) (1) and (h) of this section.

Contract Articles for Renegotiation

§ 812.1207 *Articles authorized.* Standard forms of contract articles approved for use in accordance with this part are set forth in § 803.342 (a) (Form I), (b) (Form II), (c) (Form III) of these regulations. Except as expressly authorized in this part or subsequent instructions, deviations from the standard articles will not be used.

§ 812.1208 *Use of articles.* (a) Form I will be used in all fixed price or cost-plus-a-fixed-fee contracts made after 26 March 1944 involving an estimated amount of more than $100,000 unless such contract is exempt under subsection (i) (1) of the 1943 Act (§ 812.1204) or is exempted pursuant to subsection (i) (4) (§ 812.1205).

(b) If a contract involving an estimated amount of more than $100,000 and made after 26 March 1944 is exempted pursuant to subsection (i) (4) of the 1943 act (§ 812.1205), Form I will not be used and Form II will be inserted, unless all subcontracts thereunder are also exempt. If the contract is exempt under subsection (i) (1) of the 1943 act (§ 812.1204 (a) to (e), inclusive), no renegotiation article will be inserted.

(c) Form III will be inserted (in addition to any renegotiation article contained in the original contract as amended) in each supplemental agreement (including change orders) involving an estimated amount of more than $100.000 unless such supplemental agreement is exempt, or unless the original contract as amended contains Form I or Form II. If the supplemental agreement is exempt under subsection (i) (1) of the 1943 act (§ 812.1204 (a) to (e), inclusive), no renegotiation article need be inserted. If the supplemental agreement has been exempted pursuant to subsection (i) (4) of the 1943 act (§ 812.1205 et seq.), Form II will be used, unless all subcontracts thereunder are also exempt, and section (c) of Form III will be added.

§ 812.1209 *Optional provisions in subcontracts.* Where a contractor with the War Department or a subcontractor under a prime contract with the War Department is required by his contract or subcontract to insert a renegotiation article in his subcontracts, and there is doubt (a) whether an agreement or order which he proposes to make or place is a subcontract under the Renegotiation Act, or (b) whether it is exempt from renegotiation under subsection (i) of the Renegotiation Act, he should insert the prescribed renegotiation article in the agreement or order, but may add the following additional provision at the end of the article:

> This article shall apply to this contract only if it is a "subcontract" subject to renegotiation under the Renegotiation Act.

§ 812.1210 *Use of other articles.* Statutory renegotiation under the contract articles discussed in this section is for the purpose of eliminating excessive profits and is handled by the War Contracts Price Adjustment Board, the War Department Price Adjustment Board and Price Adjustments Sections. As authorized by the 1943 act, it is conducted on an over-all basis for the contractor's fiscal year rather than by individual contracts, although the Board may renegotiate by individual contracts at the request of the contractor or subcontractor. Various other articles discussed in the following sections designed to provide for adjustment of the price of the specific contract to meet various types of conditions may be used in addition to the contract articles for statutory renegotiation.

Statutory Renegotiation; Policy and Procedure

§ 812.1213 *Administration of statutory renegotiation*—(a) *Agencies responsible.* Statutory renegotiation under the 1942 and 1943 acts, and under contract provisions inserted pursuant to such acts, is conducted by the War Contracts Board, Price Adjustment Boards or Price Adjustment Sections and not by contracting officers.

(b) *Procedure and principles.* The procedure and principles to be followed in renegotiation pursuant to the 1943 act, pertaining to fiscal years ending after June 30, 1943, are prescribed by the War Contracts Board and the Chairman, War Department Price Adjustment Board and will be published respectively as "Renegotiation Regulations" and "Army Renegotiation Manual, Part II".

§ 812.1214 *Effect of statutory renegotiation on price adjustments by contracting officers*—(a) *Restrictions during and after statutory renegotiation.* While renegotiation pursuant to the 1943 act is in progress or after it has been concluded with respect to a fiscal period of a contractor, contracting officers will not accept or seek price reductions or refunds in lieu thereof, which will affect the sales or earnings of the contractor for such fiscal period without the prior consent of the Price Adjustment Board or Section which is conducting or has conducted such statutory renegotiation.

(b) *Inquiry by contracting officers regarding statutory renegotiation.* Before accepting price reductions or refunds in lieu thereof and before initiating or continuing negotiations seeking reductions or refunds from a contractor, and at reasonable intervals during the continuance of such negotiations, contracting officers will make inquiry of the contractor or of the Price Adjustment Board or Section to whom the contractor is assigned for statutory renegotiation to determine whether such renegotiation is in progress or has been concluded with respect to the fiscal period of the contractor which will be affected by the reductions or refunds proposed.

(c) *When statutory renegotiation is in progress.* Statutory renegotiation shall be deemed to be in progress for a fiscal period of a contractor upon the mailing of the notice of time and place of a conference to be held with respect thereto as required by subsection (c) (1) of the 1943 act.

(d) *Price adjustments not restricted.* Nothing herein contained shall preclude a contracting officer from at any time:

(1) Proposing and arranging adjustments in prices or fees in individual contracts containing express provision for redetermination or renegotiation of prices or fees, other than a provision for statutory renegotiation, or

(2) Making price adjustments to compensate for changes made by the Government in specifications, design, quantities to be delivered, delivery schedules, or similar matters, or

(3) Accepting the benefit of the price reductions resulting from maximum price regulations of the Office of Price Administration or orders of other Government price fixing agencies, or

(4) Negotiating with respect to the prices to be included in new contracts in connection with the making thereof, or

(5) Proposing and arranging price reductions or refunds in lieu thereof which will not affect the sales or earnings of the contractor for any fiscal period for which statutory renegotiation is in progress or has been previously concluded.

(e) *Provision in supplemental agreements making price adjustment.* The contract price as renegotiated or redetermined by the contracting officer or as voluntarily reduced will still be subject to statutory renegotiation under the 1943 act and any contract article pursuant thereto. The supplemental agreement or other instrument affecting the adjustment in price or fixed-fee will therefore include a provision substantially as follows:

> The adjustment hereby made in the contract price is without prejudice to the determination of any excessive profits of the contractor upon subsequent renegotiation under the Renegotiation Act, or any contract article inserted pursuant to that act.

SUBPART B—CONTRACT ARTICLES FOR PRICE ADJUSTMENT ON THE BASIS OF PRODUCTION EXPERIENCE

§ 812.1220 *Scope of subpart.* In certain cases the cost of production under a contract cannot be estimated with reasonable accuracy at the time of its execution. For example, the item may be entirely new or the particular contractor may lack experience with its production or its design may still be experimental or subject to radical changes or development. This subpart deals with contract provisions designed to meet these situations by adjusting the price on the basis of production experience after part performance. It includes articles for (1) price redetermination by formula, (2) price revision by negotiation, (3) conversion of fixed-fee contracts to fixed price contracts and (4) incentive adjustments in fixed-fees.

§ 812.1221 *Effect of articles.* The effect of these various articles and the differences between them are briefly as follows:

(a) *Redetermination by formula.* Under this article (§ 803.341 (a)) an itemized estimate of costs is stated in the contract. After a specified percentage of the work under the contract is completed the contractor is required to submit similarly itemized statements of the cost of a "preliminary run" and a "test run". Then the original price is reduced, not by negotiation but by formula reflecting the extent to which the total costs as indicated by the preliminary and test runs are less than the original estimate of costs.

(b) *Negotiated revision of entire price.* Under this article (§ 803.341 (b)) the entire contract price may be revised either upward or downward by negotiation in good faith after a specified part of the contract has been performed. The revised price applies both to past and future performance. It differs from redetermination (1) by relying on negotiation instead of a formula for making the adjustment, and (2) by permitting adjustment upward as well as downward.

(c) *Conversion of fixed-fee to fixed price contracts.* Two articles apply only, to fixed-fee contracts. One of these (§ 803.341 (c)) provides for converting the fixed-fee contract to a fixed price contract by negotiation after part performance.

(d) *Fixed-fee incentive provisions.* The other article for fixed-fee contracts (§ 803.341 (d)) provides for adjustments in the fee either upward or downward on the basis of efficiency in performance.

§ 812.1222 *Relation to other price adjustment articles.* (a) The articles discussed in this Subpart B are distinct from those for statutory renegotiation under the Renegotiation Act. While statutory renegotiation is intended to eliminate excessive profits and is generally conducted on an over-all fiscal year basis, the articles in this section contemplate readjusting the price of the individual contract during its performance on the basis of production experience. These articles are for use in addition to statutory renegotiation provisions which must also be included in the contract which must also be included in the contract in accordance with § 812.1207 et seq., unless the contract is exempt from renegotiation (see §§ 812.1204 and 812.1205).

(b) Likewise, the articles in this section, which assume a general uncertainty as to production costs when the contract is made, differ in purpose and scope from the articles covered by Subpart C which provide for price adjustments to meet specific kinds of contingencies. In appropriate cases, however, both types of article may be included in the same contract.

(c) These articles also differ from those discussed in Subpart D. While

those provide for exemption from statutory renegotiation, the articles in this section do not so provide and also contemplate only one revision in the price and not its periodic adjustment. Furthermore, the articles for periodic adjustment of price assume reasonable certainty as to costs, while those in this section are for cases of great uncertainty in costs.

§ 812.1223 *Price redetermination by formula*—(a) *Article authorized.* The article for price redetermination by formula set out in § 803.341 (a) is authorized for use in accordance with this regulation. Minor deviations may be made in this article but it will never be changed to allow redetermination of the price upward. When upward as well as downward price adjustment is desired, the article discussed in § 812.1224 will be used.

(b) *Use and operation of article.* In using and operating this article for price redetermination the following principles will be observed:

(1) Before agreeing to the use of this article the contracting officer will analyze or examine the cost accounting system of the contractor to satisfy himself that it is sufficiently accurate to permit the effective operation of this aricle.

(2) The "preliminary run" is intended to cover the initial performance while production is getting under way and before costs have become stabilized. Accordingly it should include the percentage of the work or period which the contracting officer estimates will be needed before costs level off and become reasonably typical. The "test run" should cover an adequate period after such costs are expected to become reasonably stable. Unless these two periods will be completed before forty per cent of the contract is performed this article will not be used without special permission from the Director, Purchase Division, Headquarters, Army Service Forces.

(3) After the contractor submits the itemized statements of costs for the "preliminary run" and for the "test run" the contracting officer should make sufficient check to satisfy himself that they are accurate and reliable. If necessary he may examine the books and records of the contractor for this purpose.

(4) On the basis of the statements submitted and any other data obtained from the books and records of the contractor or otherwise, the contracting officer should determine the total costs for the "preliminary run" and for the "test run" and for the remainder of the contract. This should be done objectively as a factual determination. If the contractor disagrees with the decision of the contracting officer he may appeal under the Disputes Article. The contract price should be reduced by the difference between the total costs as so determined and the original estimated costs.

(5) Upon redetermination of the price, amounts paid for items theretofore delivered in excess of the new price shall be refunded to the Government or applied against subsequent deliveries, as the contracting officer may direct. The new price and provisions for refunds will be evidenced by a supplemental agreement.

§ 812.1224 *Negotiated revision of entire contract price; upward or downward*—(a) *Article authorized.* The article for a negotiated price revision set out in § 803.341 (b) is authorized for use in accordance with this regulation. Under this article the contract price for past and future deliveries is revised upward or downward by negotiation after a specified part of the contract has been performed. This will be used only in special cases where the developmental or experimental nature of the item or the lack of previous production experience with it or other causes, prevent reliable estimates of costs when the contract is made and make it essential to provide in the contract for later revision of the initial price in the light of actual production experience. Minor deviations may be made in this article, but it will never be changed to obligate the Government to increase the price on the basis of costs or any other formula, or to do more than negotiate in good faith to revise the price.

(b) *Use and operation of article.* In using and operating this article (§ 803.341 (b)) the following principles will be observed:

(1) When the article is to be used the contracting officer will satisfy himself that the cost accounting system of the contractor is sufficiently accurate to provide reasonable information as to costs of production experienced in performing the contract.

(2) The time fixed in the contract for negotiation to revise the price will depend upon the circumstances in each case. The period before revision should be sufficient to allow costs to become reasonably stable and capable of estimation with reasonable accuracy, but it should not be longer than is necessary for this purpose. Generally, performance of about twenty per cent of the contract should be an adequate trial period; in no case will the trial period exceed forty per cent of the contract without special permission from the Director, Purchases Division, Headquarters, Army Service Forces.

(3) In return for the agreement by the Government to negotiate to revise the price upward the contractor will be required to eliminate from the original prices substantially all allowances for contingencies.

(4) When the contractor submits the statements of costs for the trial period and estimates for the remainder of the contract, the contracting officer will make a sufficient check to satisfy himself that they are reasonably accurate and reliable. If necessary he may examine the books and records of the contractor for this purpose.

(5) Negotiations to revise the price should be conducted upon much the same basis as an original contract negotiation when like information on costs is available. Consideration will be given to all pertinent factors which have affected the contractor's costs during the trial period or which are likely to affect such costs during the remainder of the contract, and to all pertinent factors bearing upon the profit margin which it is reasonable for the contractor to earn under the circumstances, including the fact that the contract article reduces certain of the risks of performmance. As a standard the contracting officer should estimate costs of producing the item in the contractor's plant by efficient management and operation, plus a reasonable profit. If the contracting officer concludes that the contractor's operations are inefficient and that his costs are high, he will limit the revised price accordingly; on the other hand, if the contractor has reduced his costs by skillful management, careful buying or efficiency of production, the contemplated margin of profit under the contract may be increased in recognition of these facts. The contracting officer should bear in mind that the costs of production during the first part of the contract will almost always be substantially higher than those during the remainder of the contract. Consequently average costs during the trial period are generally not an accurate index of the costs for the remainder of the contract. Allowance should be made for this fact in fixing the revised prices.

(6) A revised price will be evidenced by a supplemental agreement, which will also provide for making appropriate credits or payments by the contractor or payments to him for the difference between the prices actually paid for items theretofore delivered and the revised price.

§ 812.1225 *Article for converting fixed-fee contracts to fixed price basis*—(a) *Use of article.* In accordance with § 802.232 (c), fixed-fee contracts will include, whenever feasible, the article set out in § 803.341 (c) providing for conversion to a fixed price basis by negotiation after part performance. The time specified for conversion should be the earliest at which sufficient experience and cost data will be available to fix a fair price. Where possible, existing contracts will be amended to include this article.

(b) *Basis of conversion.* Such conversion is simpler if the fixed price basis is substituted for the entire contract, including past as well as future performance, and not merely for the remainder of the contract. When this is done, the price should be negotiated on the basis of the earlier experience, with appropriate allowance for declining costs, and should be fixed to yield approximately the cost plus the proportionate part of the fee for the past performance and a fair profit for the remainder of the contract. All previous payments made to the contractor should be applied against the amount due or to become due under the converted contract, or as advance payments, or partial payments against amounts to become due under it. By this method it will be unnecessary to evaluate the work in process or materials on hand, which will then assume their ordinary status under a fixed price contract, subject to any interest of the Government retained as security for advance or partial payments or for other purposes in accordance with the agreement to convert.

§ 812.1226 *Incentive provisions for fixed-fee contracts*—(a) *Use of article.* Section 803.341 (d) sets out an article providing for increasing or reducing the fixed-fee under cost-plus-a-fixed-fee contracts on the basis of efficiency in performance. Under it the fee is adjusted by comparing a target estimate of costs fixed after part performance with actual costs for the same period. This article is designed to provide incentives for reductions in costs and efficient operations under such contracts, and will be used wherever feasible if conversion of the contract to a fixed price basis is not practical.

(b) *Operation of article.* In the operation of this article (§ 803.341 (d)) the following principles will be observed:

(1) The trial or test period specified in the contract should be sufficient to allow costs of production to become reasonably stable and to provide reliable data on production costs.

(2) In fixing the estimate of costs for the remainder of the contract, the contracting officer will take into account the fact that costs during the first part of the contract will not necessarily be typical for the remainder.

(3) The increase or reduction in the fee will be based on the amount by which costs during the remainder of the contract have been reduced or increased by the efficiency or inefficiency of the contractor. In determining this amount the contracting officer will make allowance for changes in costs resulting from other causes.

(4) The amount of the increase or decrease of the fee shall be evidenced by supplemental agreement.

SUBPART C—CONTRACT PROVISIONS FOR PRICE ADJUSTMENT UPON CONTINGENCIES AND SHORT-TERM PRICING

§ 812.1230 *Scope of subpart.* Frequently at the time the contract is negotiated, cost data and experience are sufficient to permit the fixing of a fair price on the basis of existing conditions, but some of the elements of cost which are not under the control of the contractor are expected to change during the life of the contract. Under such circumstances the contractor will seek to include in his price allowances to protect himself against such changes unless the Government agrees to adjust the price to compensate for them if they occur. It is therefore necessary in each case to decide which course is more to the advantage of the Government in the particular instance. This section deals with various types of contract provisions under which the Government assumes certain of the risks of such changes in conditions. When they are used the contractor will be required to eliminate from the price any allowances to cover such contingencies.

§ 812.1231 *Changes article.* The standard contract article for changes allows the Government to modify the specifications or shipping and packing instructions by written order and provides for an equitable adjustment if such changes cause increases or decreases in the amount due under the contract or the time required for its performance. Often, however, it is necessary for the Government to increase or decrease the quantity to be delivered under the contract in order to conform to changes in needs, material allotments and other factors. To facilitate such variations a modified form of the "Changes" article has been authorized by § 803.329a, which allows the Government to reduce or enlarge the quantity to be delivered under the contract within prescribed limits and provides for an equitable adjustment in price either up or down depending on the effect of the change.

§ 812.1232 *Escalation*—(a) *Based on indices.* During the early stages of the procurement program a standard escalator clause providing for price adjustments on the basis of general indices for various classes of labor and materials was authorized to protect contractors against serious inflationary price and wage rises during performance. With the greater stability of wages and material prices the need for such escalator clauses has decreased. Since the administration of such clauses is complex and requires extensive accounting and auditing, authority for their use has been rescinded and they will therefore not be included in contracts hereafter negotiated.

(b) *For Government-fixed prices.* In cases where the Government directly fixes the price of a component material required for the performance of a contract, the contract may include a provision for equitable adjustment of the contract price to compensate for changes made by the Government in the price of the component material (see § 803.351 (a)). This article will not be used where the Government merely fixes a maximum price for the component material, as by the Office of Price Administration (but see paragraph (d)). It will be used only where the Government fixes the actual sale price as in the case of rubber sold by the Rubber Reserve Company. Likewise, a provision may be included for adjustment based on increased freight rates fixed by the Interstate Commerce Commission (§ 803.339) when such a provision does not violate any maximum price regulation of the Office of Price Administration. Finally § 803.357 contains a provision for price adjustment based on changes in certain taxes paid by the contractor.

(c) *Adjustment based on allocations.* (1) In the case of certain commodities such as cotton duck and certain classes of lumber, the Government controls the entire supply and allocates production sources among contractors. Where this is the case, the actual price paid by a particular contractor will depend on the source from which he is required to obtain such material. Since this is determined solely by the Government it is preferable to agree to adjust the price to the contractor on the basis of the amount paid by him for the allocated material than to include in the price an allowance against this risk. The article contained in § 803.351 (a) may be used for this purpose but only where the Government actually controls and allocates available sources of supply and requires the contractor to procure from the designated source.

(2) Under the system of priorities and allocations applicable to certain materials, a contractor may be obliged to purchase such materials from sources of supply at greater distances from his plant than normal and pay additional freight costs which may represent a serious burden; in such cases the contract may include the article contained in § 803.351 (b) if the contractor eliminates from his price any allowance for such additional expenses.

(3) The articles authorized in this section will generally be used only where the costs of the materials or freight will constitute an appreciable element in the total cost and inclusion of the article will eliminate the need for substantial allowances in the price. If this is not the case, the benefit from their use will be too slight to justify the time and effort involved in their operation.

(d) *Escalation in relation to OPA ceiling prices; lumber, coal, steel and gasoline.* Escalation in relation to OPA ceiling prices is not permitted, except that escalation articles may be included in contracts for the purchase of certain basic commodities to the extent and in the form set forth in § 803.351 (d) (lumber; coal; basic steel products on Schedule I of CMP Regulation 1, as amended from time to time), and § 803.351 (f) (gasoline and fuel oils).

§ 812.1233 *Interruption of production schedules by Government action.* Government allocations, priorities, and other actions may prevent a contractor from maintaining a constant schedule of production and thereby increase his costs of operation substantially, especially in mass production industries. To avoid the inclusion in price of an allowance against such interruptions, a contract article providing for equitable adjustment in the contract price and the time for performance under such circumstances is contained in § 803.351 (c). Whenever an interruption in the production schedules of a contractor will substantially affect his cost of performance and there is serious risk of such interruption as a result of Government action, this article may be included in the contract if the contractor has eliminated from his price any allowances and reserves for such contingencies.

§ 812.1234 *Operation of articles*—(a) *Upon request by contractor.* When the contractor requests equitable adjustment in the price in accordance with a contract article therefor, the following principles will be observed:

(1) The contracting officer will determine from information supplied by the contractor and, if necessary, by inspection of its books and records (i) whether the contingency covered by the article has occurred; and (ii) the amount, if any, by which the costs of the contractor have been increased by the change or contingency.

(2) The adjustment in price should be sufficient to compensate the contractor for the net amount by which his costs have been increased by the change or

contingency. Care must be taken to eliminate increases due to other factors, and to allow for any offsetting reductions in costs which have also resulted from the change or contingency.

(3) The contracting officer will promptly notify the contractor in writing of the amount of the adjustment which he has determined to be equitable.

(b) *On initiative of contracting officer.* Certain of these articles provide for equitable adjustment of the contract price downward when specified contingencies reduce the costs. When the contract contains such a provision, the following principles will be observed:

(1) The contracting officer should determine before final payment under the contract (i) whether the specified contingency has occurred and the costs of the contractor have thereby been reduced; and (ii) if so, the amount by which the contract price should be adjusted under the contract article.

(2) In making this determination, care must be taken to eliminate reductions in costs resulting from other factors such as the efficiency of the contractor, and to take into account any offsetting increases in cost which may also have resulted from the same change or contingency.

(3) The contracting officer will promptly notify the contractor of any such downward adjustment in the contract price.

§ 812.1235 *Article for short term pricing*—(a) *Purpose of article.* Orderly scheduling of materials, production, subcontracting and deliveries often makes long term contracts necessary or desirable. Cost data and experience may be sufficient for fixing a fair price for part of the performance, but uncertainty of future conditions may prevent this for the remainder of the contract. Thus the contractor may be able to predict conditions for a reasonable period in advance sufficiently to agree to a close price for that period, but may fear that changes in conditions will seriously affect his costs after that time and seek contingency allowances to protect himself. The article for negotiated price revision set out in § 803.361 (a) is designed to meet this situation and is authorized for use in accordance with this part.

(b) *Nature of article.* Under this article (§ 803.361 (a)) the original price is fixed for a specified period and thereafter price is revised upward or downward by negotiation but the revised price applies only to the remainder of the contract and not to deliveries made during the specified period. While this article is similar to § 803.341 (b), they differ basically in purpose. Section 803.341 (b) covers cases where lack of experience and data prevent the fixing of a fair price when the contract is made and allows adjustment of the entire price for past as well as future deliveries. Section 803.361 (a) assumes that the original price can be fairly fixed, but that future conditions cannot be adequately predicted. This article is similar to the contract article (§ 803.360 (a)) for periodic adjustment of price, except that it does not provide for exemption from statutory renegotiation and provides for only one revision in the price and not for periodic adjustment.

(c) *Use and operation of article.* In using this article (§ 803.361 (a)) the following principles will be observed:

(1) The contracting officer should satisfy himself that the contractor can supply reliable data on which to base the price revision at the end of the specified period.

(2) The time fixed in the contract for negotiation to revise the price will depend on the circumstances in each case. The original price should be kept in effect for as long a period as conditions will permit without undue contingency allowances and revision provided for thereafter.

(3) In return for the use of this article, the contractor will be required to eliminate from his original price substantially all allowances for future contingencies.

(4) The negotiations to revise the price should be carried on promptly after the time specified in the contract. The contracting officer should obtain sufficient information from the contractor and other sources to permit the new price to be well negotiated. If necessary, he may examine the books and records of the contractor for this purpose. Negotiations should be conducted upon much the same principles as the original negotiation and in accordance with § 812.1224 (b) (5).

(5) The revised price will be evidenced by supplemental agreement specifically providing that the revised price applies only to performance after the original period.

§ 812.1235a *Article for optional periodic adjustment of price*—(a) *Purpose of article.* The purpose of the article (see § 803.360a) is much the same as in the case of the article for negotiated price revision set out in § 803.360 (a), except that no fixed periods for negotiated price revision are included in the article set out in § 803.360 (a), and negotiations for price revision takes place under the article only when one party or the other requests such negotiations.

(b) *Nature of article.* Under this article (see § 803.360a) the original price is set out in the contract. At any time after the expiration of a stipulated period from the date of the contract, the price on subsequent deliveries of items may be revised by negotiations. As an optional provision, it may be stpulated that demands shall not be made more frequently than once every ninety days. The article is intended to make it unnecessary for either the contractor or the contracting officer to request a price revision unless one or the other is of the opinion that substantial changes in conditions have taken place making negotiations desirable. Like the article set out in § 803.360 (a), the article set out in § 803.360a assumes that the original price can be fairly fixed for a reasonable period but that future conditions cannot be adequately predicted. However, by including the changes in and additions to the article set out in § 803.360a (a), the article may be adapted to use in cases where the original price cannot be fairly fixed for a reasonable period, because of lack of experience in the particular production called for by the contract or for other reasons.

(c) *Use and operation of the article.* In using this article (see § 803.360a) the following principles will be observed:

(1) The contracting officer should satisfy himself that the contractor can and will supply reliable data on which to negotiate any requested price revisions. This involves, among other things, assurance that the contractor's cost accounting methods are reasonably satisfactory and accurate and adapted to developing the type of data appropriate to the use of the article.

(2) In appropriate cases the optional provision for an interval of 90 days between demands for price revision may be altered, if the chief of the technical service is of the opinion that a period other than 90 days is appropriate. Similarly, other periods of days specified in the article may be increased or decreased if the chief of the technical service so authorizes.

(3) In return for the use of this article and the reduced risks incurred by the Contractor when this article is used, the Contracting Officer should be satisfied that the Contractor has agreed to a close price, from which substantially all allowances for contingencies have been eliminated and which the Contracting Officer believes (in the light of the circumstances then known to him) will not result in unreasonable profits.

(4) Negotiations to revise the price will be carried on promptly after each demand for such revision, allowing only sufficient time to obtain adequate information from the contractor and other sources to permit a proper negotiation. If necessary, the contracting officer may examine the books and records of the contractor He will conduct negotiations on much the same principles as in the case of the original negotiations and will give full weight to the principles discussed in § 812.1224 (b) (5) and in ASF Manual M–601. In the event of delay in reaching an agreement as to a revised price that will be determined promptly by order as provided in paragraph (f) of the article.

(5) In negotiating a price revision under the article the contracting officer ordinarily should not give consideration to an increase in price beyond the amount estimated to be the excess of (i) any increases in costs beyond the contractor's control, over (ii) any offsetting unanticipated reductions in the contractor's costs. However, this rule should not be applied to deprive a contractor of a reasonable reward, in the form of an increased estimated allowance for profit, for especially efficient and economical production.

(6) In negotiating a price revision the contracting officer and the contractor should recognize that wage increases in the prices of materials will not necessarily immediately increase the costs of items to be delivered by the contractor. For example, some of the labor on work in process at the time of a wage increase may have been performed while lower rates of wages were in effect. Similarly, a contractor may have an inventory on hand or materials on order at prices on a basis which does not reflect current increases in the price of such materials.

(7) Any agreed revised price will be set forth promptly in a supplemental agreement as provided in the article.

(8) The contract article does not obligate the Government to increase the price by negotiation on the basis of actual costs or of any other formula or to do more than to negotiate in good faith to revise the price. If an order is entered in accordance with paragraph (f) of the article § 803.360a under section 801 of the Revenue Act of 1943, the price set by such order will be fixed in accordance with the provisions of section 801 (see § 812.1270 et seq.).

(9) It is not necessary or intended that the data furnished for use in connection with negotiations to be conducted under the articles set forth in § 803.360a and 803.360a (a) shall be audited figures or that the contracting officer shall delay negotiations in order to audit such figures and data. It is intended merely that the contracting officer shall be satisfied that the data furnished have been prepared in good faith and are sufficiently accurate for him to place reliance on the information as a general guide to negotiations.

(d) *Where the contractor has had no adequate experience in the production of the items called for by the contract.* The article set forth in § 803.360a may be modified by the changes and additions set out in § 803.360a (a) to make it appropriate for use in contracts where the contractor has had no adequate prior experience in the production of the item called for by the contract. The article set out in § 803.360a as modified by the changes and additions set out in § 803.360a (a) permits the revision of the whole price for all deliveries, both past and future, on demand of either party at any time prior to the delivery of 30% of the principal items to be furnished under the contract. Such a revision does not prevent a later revision of the price for deliveries after the effective date of the demand for such later revision, if such a later revision shall in fact be requested by either party.

The article (§ 803.360a) as so modified (§ 803.360a (a)) will be used only in those cases where the developmental or experimental nature of the item, the lack of previous production experience with the item on the part of the contractor or other causes, prevent the making of reliable estimates of cost when the contract is executed and make it desirable to provide in the contract for later revision of the initial price, to be applicable to deliveries during the early stages of the contract, in the light of actual production experience.

§ 812.1236 *Periodic adjustment of price without provision for exemption from renegotiation*—(a) *Articles authorized.* Subpart D below authorizes the use of two articles (§ 803.360 (a) and (b)) providing for periodic adjustment of the contract price and for exemption of the contract price from statutory renegotiation under certain conditions. Where a technical service desires to provide in a contract for such periodic adjustment of the contract price at regular intervals but does not desire to provide for exemption or for the power to exempt the contract price from statutory renegotiation in accordance with Subpart D, either § 803.360 (a) or (b) may be revised to eliminate exemption of the contract price from statutory renegotiation or the power of the contracting officer to exempt it therefrom. The article in § 803.360 (a) will be so modified by deleting the second and third sentences of subsection (b) (2) and the second sentence of subsection (d) (3). The article in § 803.360 (b) may be so modified by deleting the second sentence of subsection (d) (3). With these deletions § 803.360 (a) or (b) may be used in the discretion of the chief of a technical service without special permission from the Director, Purchases Division, Headquarters, Army Service Forces.

(b) *Use and operation of articles.* In using § 803.360 (a) and (b), modified in accordance with paragraph (a), the following principles will be observed:

(1) The contracting officer should satisfy himself that the contractor can supply reliable data on which to base the price adjustment at the end of each period.

(2) The contract will include the standard form of contract article for statutory renegotiation, if required by § 812.1207, et seq.

(3) The contract price will be adjusted for each period in the manner described in Subpart D of this part, except that no exemption from renegotiation will be granted and the price will remain subject to statutory renegotiation unless otherwise exempt therefrom.

SUBPART D—CONTRACT ARTICLES FOR PERIODIC READJUSTMENT OF PRICE AND EXEMPTION FROM RENEGOTIATION

§ 812.1240 *Articles authorized.* Alternative contract articles providing for periodic readjustment of the contract price, and for exemption from statutory renegotiation under the Renegotiation Act under certain conditions, are set forth in § 803.360 (a) and (b) (Form II). These articles are approved for use in lump sum or fixed price contracts in accordance with this section. Except as expressly authorized in this section or subsequent instructions, deviations from the standard articles will not be used.

§ 812.1241 *Effect of articles.* Both articles divide performance under the contract into specified periods for the purpose of adjusting the contract price. Under § 803.360 (a) the original contract price is exempt from statutory renegotiation for the first period of performance, but under § 803.360 (b) the price for the first period will be adjusted at the end of that period and appropriate credit or refund made, and this adjusted price may be exempted from statutory renegotiation by the contracting officer, as hereafter described. Under both articles the contracting officer and contractor will negotiate at the end of each period on the basis of cost experience and other data, and the contracting officer, at his discretion, may exempt the price so fixed from statutory renegotiation, if he believes that the cost data are sufficiently accurate and that the price is fair to the Government and will not result in excessive profits to the contractor.

§ 812.1242 *Purpose of articles.* These articles are intended to carry out the policy of the War Department to promote efficiency in operation and production, reductions in costs by its contractors, and lower prices to the Government. They are designed to obtain these results as follows:

(a) Since the periods for which prices are fixed are to be relatively short, uncertainty and the risks of future changes in conditions are reduced, and the need for reserves and allowances for contingencies should be correspondingly decreased. At the end of each period, the prices for the next period will be fixed on the basis of recent past experience, current conditions, and more accurate forecasts.

(b) If a firm price exempt from statutory renegotiation during the specified period is granted, the contractor is expected to agree in return to a close price with a narrow profit margin and to rely on his managerial skill to increase his profit by improved methods and efficiency.

(c) If costs are reduced in one period through efficiency, then when the prices are adjusted for the succeeding period, the Government and the contractor will share the benefit of the reduced costs in the form of lower prices but with a higher allowed profit margin.

§ 812.1243 *Use of articles.* In using these articles the following principles will be observed:

(a) Since the operation of these articles requires reliable and accurate data on the actual costs of performance, they will be used only when the contracting officer is convinced that the contractor can and will supply reliable cost information in accordance with the contract provisions. Before using these articles in any contract, the contracting officer will therefore examine and analyze the cost accounting system of the contractor and satisfy himself that it is accurate and adequate for these purposes.

(b) These articles also assume that the costs of performance during a succeeding period can be predicted with reasonable accuracy; otherwise there is no sound basis for predicting the probable profits with assurance, or for exempting them from statutory renegotiation. Accordingly, it will not ordinarily be feasible to use these articles unless the contractor has had previous experience in producing substantially similar articles, or the costs are reasonably standardized or can be accurately determined after a short period of performance.

(c) Section 803.360 (a), which provides for a firm price exempt from statutory renegotiation for the first period of performance, will be used only where accurate data are available at the time the contract is made, on the cost of producing substantially the same articles under substantially the same conditions. In general, it will be used only for repeat orders for materials or equipment previously produced by the same contractor.

(d) Section 803.360 (b), under which the contract price for the first period is readjusted at the end of the period, will be used when the available data on costs of performance are insufficient to allow § 803.360 (a) to be used; but where reasonably accurate costs data will become available toward the end of the first period of performance.

(e) Use of these articles will be limited to contractors who are willing substantially to eliminate allowances in the price for contingencies in view of the short-term pricing and to accept a smaller original profit margin in return for the other benefits of the contract.

(f) The length of the periods of performance to be specified for adjusting the price will depend upon the circumstances of each case. When § 803.360 (b) is used, the first period should be sufficient to allow costs of production to become reasonably stable. The succeeding periods under § 803.360 (b) and all periods under § 803.360 (a) should range from three or four months in most cases up to a maximum of six months where conditions are unusually stable and costs are accurately predictable. Where it will be simpler or more convenient to do so, the contract article may fix the periods by reference to the production or delivery of a prescribed number of articles instead of in terms of days or months, if the length of the periods so fixed will substantially conform to the required duration.

(g) When either § 803.360 (a) or (b) is used, the contract will not include any other provisions for price adjustment (such as escalation, redetermination, upward renegotiation) except (i) the statutory renegotiation article in accordance with § 812.1244, and (ii) provisions for equitable adjustment of the price in case of changes in specifications, deliveries, rates of production, or increased expenses resulting from allocations or other Government action (see § 803.351).

(h) Section 803.360 (a) or (b) will be used only with the permission of the Director, Purchases Division, Headquarters, Army Service Forces. Each request for such permission (i) will show that the principles set forth in the foregoing paragraphs of this section were applied by the contracting officer, (ii) will be sufficiently full and detailed to enable the Director to determine whether the proposed use of the article conforms to these principles, and (iii) will show specifically, the effect of the proposed use of the article on the prices and profits of the contractor under the contract.

§ 812.1244 *Insertion of statutory renegotiation article.* Under both articles (§ 803.360 (a) and (b)) for periodic price adjustment, the contract price for any period (except the first period under § 803.360 (a)) will remain subject to statutory renegotiation under the Renegotiation Act, unless it is exempt under the terms of the statute or is exempted by the contracting officer in the exercise of his discretion under the contract article. Accordingly, any contract which contains an article for periodic adjustment of the contract price will also include the contract article for statutory renegotiation, if it is required by the provisions of § 812.1207 et seq., but an additional sentence will be added to the statutory renegotiation article in such cases. When § 803.360 (a) is used this added sentence will read as follows:

Section (a) of this Article does not apply to the prices fixed for the first period under this contract and exempt from statutory renegotiation by Article ____ or to the prices fixed for any other periods thereunder which are exempted from statutory renegotiation by the Contracting Officer in the exercise of his discretion under that Article.

When § 803.360 (b) is used this added sentence will read as follows:

Section (a) of this Article does not apply to the prices fixed for any period under Article ____ of this contract which are exempted from statutory renegotiation by the Contracting Officer in the exercise of his discretion under that Article.

§ 812.1246 *Price adjustments under the articles.* In the operation of contracts containing § 803.360 (a) or (b), contracting officers will observe the following principles:

(a) When the contractor submits the cost data, estimates, and proposed prices in accordance with the contract terms, the contracting officer will make such tests or checks of the data submitted, by examining the records of the contractor or otherwise, as he deems necessary to satisfy himself of their accuracy and sufficiency.

(b) Negotiations with the contractor to adjust the price will be begun and completed as expeditiously as possible in order to avoid delay in fixing the adjusted price. If, in the opinion of the contracting officer, the contractor unreasonably prolongs or delays the negotiations or refuses to agree upon a reasonable adjusted price, the contracting officer will promptly report the facts to the chief of the technical service who may then initiate appropriate action to protect the interest of the Government either by termination of the contract, by statutory renegotiation of the contract price for any period not exempt therefrom, by compulsory order, or by other means.

(c) In determining the price for the first period under § 803.360 (b) or for succeeding periods under § 803.360 (a) or (b), the contracting officer will allow more liberal profit margins where the contractor by skillful management, careful buying, or efficiency has reduced costs, and will demand lower profit margins where performance has been inefficient or below standard.

(d) The contracting officer will exercise his power to exempt from statutory renegotiation the adjusted prices agreed upon for the first period under § 803.360 (b) or for succeeding periods under § 803.360 (a) or (b), only if he is convinced (1) that the cost data and cost estimates are reliable and provide a sufficient basis for fixing fair adjusted prices for the next period, and (2) that the adjusted prices are fair to the Government and, in his opinion based on the cost data and estimates and other available information, will not result in excessive profits. The contracting officer has full responsibility for granting or withholding the exemption. When he is convinced that the foregoing conditions are met, however, he should ordinarily grant the exemption for the period involved. In making this determination he will consult with the Price Adjustment Section of the technical service.

(e) Whenever the contracting officer grants an exemption under a contract containing either § 803.360 (a) or (b), he will make a report to the Director, Purchases Division, Headquarters, Army Service Forces, stating the adjusted price agreed upon, and containing copies of the data submitted by the contractor and any other data on which the adjusted price was based.

(f) After the entire contract is completed, the contracting officer will request from the contractor a statement showing the actual costs of performing the entire contract, and the prices paid during each period, and will send a copy of the statement to the Director, Purchases Division, Headquarters, Army Service Forces.

§ 812.1247 *Inserting articles in existing contracts.* Where it is practicable and to the advantage of the Government to do so, existing contracts may be amended by supplemental agreement to insert either § 803.360 (a) or (b) upon the conditions prescribed by these regulations, and with the permission of the Director, Purchases Division, Headquarters, Army Service Forces.

SUBPART E—PRICE ADJUSTMENTS WITHOUT CONTRACT PROVISIONS

§ 812.1250 *Scope of section.* (a) As the preceding sections emphasize, war conditions frequently require adjustment of contract terms to prevent unfairness to the contractor or the Government. While the provisions discussed above make the contract terms sufficiently flexible to meet many kinds of changes, they do not cover all contingencies and many contracts do not contain these provisions. Accordingly, contracts must often be amended to adapt them to new or unexpected developments.

(b) Such amendments arise from two main sources: (1) Changes in the procurement program arising from changes in war equipment or in the relative needs for various types of equipment or from other causes; (2) unexpected difficulties by the contractor in performing the contract. This section deals with policies and methods governing both classes of amendment.

§ 812.1251 *Amendments with consideration*—(a) *Price adjustment upward.* The chief of a technical service may amend contracts to increase or modify the price or other contract terms in order to adjust contracts to new conditions:

(1) Whenever the amendment changes the contract specifications, delivery schedules, conditions of manufacture or similar contract terms.

(2) Whenever the amendment restricts or modifies the right of the contractor to perform the contract as he sees fit or on the basis most advantageous to him. Examples are cases where a contractor, who is not bound to do so by his existing contract, agrees to use particular methods of manufacture, substitute materials, specified or costlier sources of supply or subcontractors, or other specified methods or devices to conform with Government policy. (See, for example, § 802.225 (f)).

(3) Wherever the amendment modifies the volume or rate of production so as to affect adversely the contractor's costs (see, for example, §§ 802.227 and 803.307).

(4) In any other case where the amendment is to the advantage of the Government and is based on legal consideration.

The chief of the technical service may make any such amendments in accordance with § 803.306 (c) and following without the approval of higher authority, except as expressly required in those paragraphs.

(b) *Price adjustment downward.* Not all such amendments will require an increase in the price and some will justify a reduction in the price. For example, where the contract is amended to increase production or the rate of production under the contract, the costs of production may be reduced. Inasmuch as many of the fixed expenses have been provided for by the original volume, they should not be charged at all or to the same extent against the increased or accelerated production, and this saving will often more than offset any added costs involved in the increased volume or accelerated rate of production. Accordingly, the effects of any increase, speed-up or other change should be carefully analyzed in each case in order to obtain the proper adjustment.

§ 812.1252 *Amendments without consideration*—(a) *Authority.* Under the First War Powers Act, 1941 and Executive Order No. 9001 the War Department has power to amend and modify contracts without consideration whenever such amendments will facilitate the prosecution of the war. (See § 802.204, and Opinion of The Attorney General dated August 29, 1942). The following paragraphs do not delegate to the technical services any authority to make amendments without consideration. Such amendments will be made only in accordance with §§ 803.306 (d), 803.308a and 803.308b or express authority conferred by other provisions of the regulations (such as § 803.380).

(b) *General policy.* The general policy is to amend contracts to meet changed conditions whenever such action will facilitate the prosecution of the war. A liberal policy of granting amendments in appropriate cases will (1) assist in obtaining close prices and reasonable cost estimates without excessive allowances in the price for contingencies against unforeseen risks, and (2) insure maximum cooperation and production by assuring contractors of fair treatment. By this policy it is believed that the costs of War Department procurement as a whole will be materially reduced and that the efficiency of production will be substantially increased. The general principles for carrying out this policy are stated in the following paragraphs.

(c) *Basic principle.* Any amendment without consideration under authority of the First War Powers Act must be based upon a finding that such action will facilitate the prosecution of the war. Precise rules for deciding whether this finding is justified in a particular case cannot be prescribed, for in each instance the determination is a matter of sound judgment on the basis of all of the facts, but certain guides can be given as to the matters which should be considered and the type of circumstances where relief may be appropriate.

(d) *Types of cases.* While it is obviously impossible to predict or classify all of the grounds upon which amendments without consideration may be appropriately made, examples of certain types or classes of cases where such relief may be proper are as follows:

(1) Where a contractor has suffered or is threatened with loss or diminished profit on a particular contract as a result of a mutual mistake or a bona fide mistake by the contractor alone as to existing fact (for example, through a clerical error or reasonable misunderstanding as to specifications), the contract price or terms should generally be corrected in accordance with the provisions of § 803.308b.

(2) Where a contractor suffers a loss or a diminished profit on a particular contract as a result of Government action, the character of the Government action will generally determine whether any adjustment will be made and its extent.

(i) Where the governmental action is directed primarily at the contractor and is taken by the Government in its capacity as the other contracting party, the price may be equitably adjusted to compensate the contractor for the effect of the action if fairness so requires. Thus where such action by the representatives of the Government, although not creating any liability on its part, increases the cost of performance, or contributes to difficulty encountered by the contractor, considerations of fairness may make appropriate some equitable adjustment of the price or terms.

(ii) Even when the action is not taken by the Government primarily in its capacity as the other contracting party, fairness may sometimes require an equitable adjustment in the contract price or other terms, depending on the nature of the action, the circumstances and the effect on the contractor.

(iii) An increase granted by the Office of Price Administration in the maximum prices established by that Office for materials or component parts required for the manufacture of the articles called for by the contract will not be considered in and of itself sufficient justification for granting an adjustment in price.

(3) Where special circumstances of the war or enemy action have materially affected the conditions of performance of a contract, and the contractor in fixing his prices has not provided contingency reserves adequate to meet them, appropriate amendment or equitable adjustment of the contract may be justified.

(4) Where an actual or threatened loss on a war contract, however caused, will impair the productive capacity or efficiency of a contractor whose continued operation as an efficient source of supply is, in the judgment of the War Department, important to the war effort, the contract will generally be equitably adjusted to the extent necessary to avoid such impairment of his operations insofar as they are important to the war effort.

(5) Where substitution of new contract procedures or provisions will eliminate administrative difficulties, reduce Government costs, expedite production or auditing, aid accounting, save time and expense or simplify procurement, the contract may be so modified even though the Government in a particular instance may receive no other substantial advantage from the modification (see for example § 803.324).

The foregoing types of situations are enumerated as a guide to contracting officers in submitting cases for amendment without consideration. The grounds described are not mutually exclusive. In some instances several of them will exist, and action on one may be justified although the conditions on the other are not met, or the combined effect of all the grounds of relief may be such as to lead to action under the statute. Whether relief will be granted in a particular case depends, of course, on its special facts and on whether the granting of relief in that case or in that class of cases will facilitate the prosecution of the war. This enumeration is not exhaustive and other types of circumstances may meet the conditions necessary for such relief.

(e) *Time of amendments.* All applications for contract adjustments under the First War Powers Act should be handled as promptly as possible after the occasion for relief arises. If action is delayed until the contractor has completed performance the relief may be ineffective, if granted, or may be denied as a matter of administrative judgment. As a general rule relief will be granted less readily in the later stages of contracts. Accordingly, whenever a request for such action is made or it appears likely that it will be made, the technical service should immediately make an investigation to obtain the necessary facts and submit the case without delay. Speedy action will often greatly increase the value of the adjustment to the contractor, and the knowledge of contractors that such relief will be granted expeditiously will aid the Government in obtaining closer pricing and achieving the other desired objectives of this policy.

(f) *Preparation of cases.* In view of the special nature of the power to be exercised, the technical service will develop the facts in each case adequately and prepare a report to be submitted with any request for approval by higher authority and preserved in the records of the technical service. In general, the report should contain information of the following types, so far as relevant to the particular case, and any other pertinent

facts likely to assist in considering the proposed relief:

(i) Brief description of the contract involved:

(i) Date and length of contract; items, delivery schedules, and prices.

(ii) Special clauses for price adjustments; for partial or advance payments; or other special clauses.

(iii) Government-owned, Emergency Plant, or Defense Plant facilities involved, and methods employed to protect any Government interest in facilities of contractor.

(2) Factors creating need for relief:

(i) Nature of item (standard, new or experimental).

(ii) Previous experience of contractor with similar production.

(iii) Changes in conditions or Government action affecting contractor's costs.

(iv) Cost experience of the contractor under the contract, and relation to original estimates.

(v) Reserves or allowances against such contingencies included in original price.

(3) Extent of relief needed:

(i) Financial position of contractor, with supporting balance sheets and profit and loss statements.

(ii) Estimates of future costs under contract.

(iii) Extent of completion, and amounts paid.

(iv) Other war contracts and business of contractor.

(v) Views of contractor on relief appropriate.

(vi) Effect of granting relief on profits of the contractor, and comparison with prices and contracts of other contractors.

(vii) Effect of refusing relief.

(4) Importance of contract or contractor to the prosecution of the war:

(i) Size of contract and need for item.

(ii) Other available sources of supply in comparison with contractor.

(iii) Quality of performance by contractor (rate of production, delays, rejections).

(iv) Probable future orders to contractor; or other war work.

(5) A statement showing whether or not any claim relating to the case is pending before the General Accounting Office.

(6) Statement by the chief of technical service himself, or by an officer specially designated by him to review requests for relief of this type and to make recommendations thereon in his behalf, stating:

(i) The exact relief recommended.

(ii) That in his opinion the granting of the relief recommended will facilitate the prosecution of the war (see paragraph (c)).

(iii) The scope of the investigation of the circumstances made by the technical service.

(iv) The extent of his own review of the facts.

(v) The name, address, and telephone number of the person in the War Department with detailed knowledge of the facts of the case.

(g) *Approvals by Purchases Division, Headquarters.* All necessary approval by higher authority will be obtained in each instance in accordance with §§ 803.306 (a), 803.308a, 803.308b and other sections of these regulations.

SUBPART H—AUDITS AND INSPECTIONS UNDER TITLE XIII OF THE SECOND WAR POWERS ACT

§ 812.1260 *Basic statute.* Title XIII of the Second War Powers Act (Public 507, 77th Congress) provides as follows:

Sec. 1301. The provisions of section 10(1) of an Act approved July 2, 1926 (44 Stat. 787; 10 U. S. C. 310(1)) (giving the Government the right to inspect the plant and audit the books of certain Contractors), shall apply to the plant, books, and records of any contractor with whom a defense contract has been placed at any time after the declaration of emergency on September 8, 1939, and before the termination of the present war: *Provided*, That, for the purpose of this title, the term "defense contract" shall mean any contract, subcontract, or order placed in furtherance of the defense or war effort: *And provided further*, That the inspection and audit authorized herein, and the determination whether a given contract is a "defense contract" as defined above, shall be made by a governmental agency or officer designated by the President, or by the Chairman of the War Production Board.

Sec. 1302. For the purpose of obtaining any information or making any inspection or audit pursuant to section 1301, any agency acting hereunder, or the Chairman of the War Production Board, as the case may be, may administer oaths and affirmations and may require by subpena or otherwise the attendance and testimony of witnesses and the production of any books or records or any other documentary or physical evidence which may be deemed relevant to the inquiry. Such attendance and testimony of witnesses and the production of such books, records, or other documentary or physical evidence may be required at any designated place from any State, Territory, or other place subject to the jurisdiction of the United States: *Provided*, That the production of a person's books, records, or other documentary evidence shall not be required at any place other than the place where such person resides or transacts business, if, prior to the return date specified in the subpena issued with respect thereto, such person furnishes such agency or the Chairman of the War Production Board, as the case may be, with a true copy of such books, records, or other documentary evidence (certified by such person under oath to be a true and correct copy) or enters into a stipulation with such agency or the Chairman of the War Production Board, as the case may be, as to the information contained in such books, records, or other documentary evidence. Witnesses shall be paid the same fees and mileage that are paid witnesses in the courts of the United States. No person shall be excused from attending and testifying or from producing any books, records, or other documentary evidence or certified copies thereof or physical evidence in obedience to any such subpena, or in any action or proceeding which may be instituted under this section, on the ground that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be subject to prosecution and punishment or to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled to testify or produce evidence, documentary or otherwise, after having claimed his privilege against self-incrimination, except that any such individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying. Such agency or the Chairman of the War Production Board shall not publish or disclose any information obtained under this title which such agency or the Chairman of the War Production Board deems confidential or with reference to which a request for confidential treatment is made by the person furnishing such information, unless such agency or the Chairman of the War Production Board determines that the withholding thereof is contrary to the interest of the national defense and security, and anyone violating this provision shall be guilty of a felony and upon conviction thereof shall be fined not exceeding $1,000, or be imprisoned not exceeding two years, or both.

Sec. 1303. In case of contempt by, or refusal to obey a subpena issued to, any person, any agency acting hereunder, or the Chairman of the War Production Board, as the case may be, may invoke the aid of any court of the United States within the jurisdiction of which any investigation or proceeding under this title is carried on, or where such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of books, records, or other documentary or physical evidence. And such court may issue an order requiring such person to give testimony or produce any books, records, or other documentary or physical evidence touching the matter under investigation or in question; and any failure to obey such order of the court may be punished by such court as contempt thereof. All process in any such case may be served in the judicial district whereof such person is an inhabitant or wherever he may be found. Any person who shall, without just cause, fail or refuse to attend and testify or to answer any lawful inquiry or to produce books, records, or other documentary or physical evidence, if in his power to do so, in obedience to the subpena of any agency acting hereunder, or the Chairman of the War Production Board, as the case may be, shall be guilty of a misdemeanor, and, upon conviction, shall be subject to a fine of not more than $5,000, or to imprisonment for a term of not more than one year, or both.

Sec. 1304. For purposes of this title the term "person" shall include any individual, partnership, association, business trust, corporation, or any organized group of persons, whether incorporated or not.

§ 812.1261 *Executive order.* Under date of April 10, 1942, Executive Order 9127 was issued under the basic statute. This Executive order reads as follows:

EXECUTIVE ORDER 9127

Designating the departments and agencies to inspect the plants and audit the books and records of defense contractors under Title XIII of the Second War Powers Act, 1942.

By virtue of the authority vested in me by the Constitution and laws of the United States, and particularly by Title I of the First War Powers Act, 1941, and Title XIII of the Second War Powers Act, 1942, as President of the United States and Commander in Chief of the Army and Navy of the United States, and in order to prevent the accumulation of unreasonable profits, to avoid waste of Government funds, and to implement other measures which have been undertaken to forestall price rises and inflation, it is hereby ordered as follows:

1. I hereby designate the War Production Board, the War Department, the Navy Department, the Treasury Department, the United States Maritime Commission, and the Reconstruction Finance Corporation as the governmental agencies authorized to inspect the plant and to audit the books and records, as provided by Title XIII of the said Second War Powers Act, 1942. Such inspection and audit and the determination whether a given contract is a defense contract, as defined in Title XIII of the Second War Powers Act, 1942, may be made in the case of (a) any contractor with whom a defense contract has been placed by such agency, or, in the case of the Reconstruction Finance Corporation by any corporation created or organized by it, at any time after the declaration of emergency on September 8, 1939, and before the termination of the present war, and in the case of (b) any subcontractor performing work required by any such defense contract. The Chairman of the War Production Board is authorized to issue rules and regulations and to establish policies to coordinate and govern the War Department, the Navy Department, the Treasury Department, the United States Maritime Commission, and the Reconstruction Finance Corporation in exercising the functions vested in them by this order.

2. The authority herein conferred may be exercised by the Chairman of the War Production Board, the Secretary of War, the Secretary of the Navy, the Secretary of the Treasury, the United States Maritime Commission, and the Board of Directors of the Reconstruction Finance Corporation, respectively, or in their discretion and by their direction, respectively, may be exercised also by and through any officer or officers or civilian officials of their respective departments and agencies designated by them for those purposes. The Chairman of the War Production Board, the Secretary of War, the Secretary of the Navy, the Secretary of the Treasury, the United States Maritime Commission, or the Board of Directors of the Reconstruction Finance Corporation may authorize such officer or officers or civilian officials of their respective departments or agencies to make further delegations of such powers and authority within their respective departments and agencies.

3. In inspecting any plant engaged in producing, manufacturing, processing, constructing, altering, or repairing any defense article of a secret, confidential, or restricted nature, or which is produced, manufactured, processed, constructed, altered or repaired in accordance with or under any secret process, formula, patent, or invention, and in auditing the books and records in connection with any such defense contract, such inspection shall be regarded as secret, confidential, or restricted, as the case may be, and all reports, records, papers, documents, and writings relating to such inspection or audit shall be marked or stamped as secret, confidential, or restricted, as the case may be, and shall be handled in accordance with regulations prescribed and in force in the department or agency concerned relating to the handling of secret, confidential, or restricted matters, reports, records, papers, documents, and writings.

4. The power to administer oaths or affirmations and to issue subpoenas for the attendance of witnesses or the production of books, records, or other documentary or physical evidence deemed relevant to the inquiry, conferred by section 1302, and, through the Department of Justice, the power to invoke the aid of any court of the United States, conferred by section 1303, Title XIII, of said Second War Powers Act, may be exercised, performed, or carried out by the Chairman of the War Production Board, the Secretary of War, the Secretary of the Navy, the Secretary of the Treasury, any member of the United States Maritime Commission or the Chairman of the Board of Directors of the Reconstruction Finance Corporation, as the case may be, or by such other officer or officers or civilian officials as may be authorized, empowered or directed by any of them so to do for his respective department or agency.

5. Nothing herein shall affect or limit the authority and power conferred upon or granted to the Chairman of the War Production Board by Title XIII of said Second War Powers Act, 1942.

FRANKLIN D ROOSEVELT

APRIL 10, 1942.

§ 812.1262 *Delegations of authority under Title XIII of the Second War Powers Act, 1942.* Under date of 2 May 1944 the Secretary of War executed the following delegation of authority:

DELEGATION OF AUTHORITY UNDER TITLE XIII OF THE SECOND WAR POWERS ACT AND EXECUTIVE ORDER NO. 9127

By virtue of the authority vested in me by Title XIII of the Second War Powers Act, 1942 (Public Law No. 507, 77th Congress, approved March 27, 1942) and by Executive Order No. 9127 issued April 10, 1942, I hereby authorize and empower each of the officials designated in the attached list entitled "Group I" and authorize and empower each of the persons named in the attached list entitled "Group II" to exercise for the War Department the authority conferred upon me by Title XIII of said Act and by said Executive Order and either of them. In Group II, designation of rank is that now or formerly held and designation of service or location is that now or formerly applicable to the named individual. Such designations of rank, service or location are merely descriptive and are not in limitation of the authority hereby given to each named individual.

The memorandum for the Under Secretary of War dated 12 August 1943, on the subject "Delegation of Authority Under Title XIII of the Second War Powers Act" and all subdelegations thereunder are hereby superseded, but no action heretofore taken thereunder shall be affected.

[s] HENRY L. STIMSON,
Henry L. Stimson,
Secretary of War.

GROUP I

List of Officials Designated in Connection with Delegation of Authority by the Secretary of War Under Title XIII of the Second War Powers Act and Executive Order No. 9127.

The Commanding General, Army Air Forces.

The Commanding General, Matériel Command, Army Air Forces.

The Commanding General, Army Service Forces.

The Director, Purchases Division, Hqs. Army Service Forces.

The Chief, Chemical Warfare Service.
The Chief of Engineers.
The Chief of Ordnance.
The Quartermaster General.
The Chief Signal Officer.
The Surgeon General.
The Chief of Transportation.

Such designation of officials designates each individual now or hereafter holding any such official position.

GROUP II

Various persons are named in the list entitled "Group II" attached to the foregoing delegation of authority. In case information is desired as to the name of any person or persons contained in such Group II, this information is available from the chiefs of the technical services or the Renegotiation Division, Headquarters, Army Service Forces.

§ 812.1263 *Preliminary steps before audit or subpena.* (a) No audit is to be made or subpena issued without first advising the War Production Board. Communications on this subject should be addressed to Chief, Contract Review Branch, Procurement Policy Division, War Production Board, 4th and Independence Avenue, S. W., Washington 25, D. C. It is the intent of this notification to prevent conflict and duplication. Approval from the War Production Board should therefore be obtained before proceeding.

(b) Before proceeding to investigate contracts under the authority of Title XIII of the Second War Powers Act, 1942, and Executive Order No. 9127, the authorized official should sign a statement as to the existence of "Defense Contracts" under such act and order.

(c) These preliminary steps are directed in the interest of orderly administration, but no failure to take such steps will invalidate action under such act and order.

SUBPART I—MANDATORY PRICING AND REPRICING OF ARTICLES AND SERVICES

§ 812.1270 *Statutory basis for mandatory pricing and repricing.* Section 801 of Title VIII of the Revenue Act of 1943 ("Repricing of War Contracts") provides as follows:

(a) As used in this section the terms "Department," "Secretary," and "article" shall have the same meanings as in subsection (a) of the Renegotiation Act. [See Revenue Act of 1943, sec. 701; see § 812.1201.]

(b) When the Secretary of a Department deems that the price of any article or service of any kind, which is required by his Department or directly or indirectly required, furnished, or offered in connection with, or as a part of, the performance or procurement of any contract with his Department or of any subcontract thereunder, is unreasonable or unfair, the Secretary may require the person furnishing or offering to furnish such article or service to negotiate to fix a fair and reasonable price therefor. If such person refuses to agree to a price for such article or service which the Secretary considers fair and reasonable, the Secretary by order may fix the price payable to such person for furnishing such article or service after the effective date of the order, whether under existing agreements or otherwise. The order may prescribe the period during which the price so fixed shall be effective and such other terms and conditions as the Secretary deems appropriate.

(c) Any person aggrieved by an order fixing a price under this section may sue the United States in any appropriate court. In such suit, such person shall be entitled to recover from the United States the amount of any difference between (1) fair and just compensation for the articles and services furnished under the terms of the order and (2) the price fixed for such articles and services by the order; but if the prices so fixed by the order are found to exceed fair and just compensation for such articles and services, such person shall be liable to the United States in such suit for the amount of this excess. Any such suit shall be brought within six months after the order by the Secretary on which it is based, or after the expiration of the period or periods specified in such order, whichever last occurs. Such a suit shall not stay the order involved.

(d) Whenever any person wilfully refuses or wilfully fails to furnish any such articles or services at the price fixed by an order of the Secretary in accordance with this section, the President shall have power to take immediate possession of the plant or plants of such person and to operate them in accordance with Section 9 of the Selective Training and Service Act of 1940 as amended.

(e) The authority and discretion herein conferred upon the Secretary of each Department may be delegated in whole or in part by him to such individuals or agencies as he may designate in his Department, or in any other Department with the consent of the Secretary of that Department, and he may authorize such individuals or agencies

available toward the end of the first period of performance.

(e) Use of these articles will be limited to contractors who are willing substantially to eliminate allowances in the price for contingencies in view of the short-term pricing and to accept a smaller original profit margin in return for the other benefits of the contract.

(f) The length of the periods of performance to be specified for adjusting the price will depend upon the circumstances of each case. When § 803.360 (b) is used, the first period should be sufficient to allow costs of production to become reasonably stable. The succeeding periods under § 803.360 (b) and all periods under § 803.360 (a) should range from three or four months in most cases up to a maximum of six months where conditions are unusually stable and costs are accurately predictable. Where it will be simpler or more convenient to do so, the contract article may fix the periods by reference to the production or delivery of a prescribed number of articles instead of in terms of days or months, if the length of the periods so fixed will substantially conform to the required duration.

(g) When either § 803.360 (a) or (b) is used, the contract will not include any other provisions for price adjustment (such as escalation, redetermination, upward renegotiation) except (i) the statutory renegotiation article in accordance with § 812.1244, and (ii) provisions for equitable adjustment of the price in case of changes in specifications, deliveries, rates of production, or increased expenses resulting from allocations or other Government action (see § 803.351).

(h) Section 803.360 (a) or (b) will be used only with the permission of the Director, Purchases Division, Headquarters, Army Service Forces. Each request for such permission (i) will show that the principles set forth in the foregoing paragraphs of this section were applied by the contracting officer, (ii) will be sufficiently full and detailed to enable the Director to determine whether the proposed use of the article conforms to these principles, and (iii) will show specifically, the effect of the proposed use of the article on the prices and profits of the contractor under the contract.

§ 812.1244 *Insertion of statutory renegotiation article.* Under both articles (§ 803.360 (a) and (b)) for periodic price adjustment, the contract price for any period (except the first period under § 803.360 (a)) will remain subject to statutory renegotiation under the Renegotiation Act, unless it is exempt under the terms of the statute or is exempted by the contracting officer in the exercise of his discretion under the contract article. Accordingly, any contract which contains an article for periodic adjustment of the contract price will also include the contract article for statutory

to the prices fixed for the first period under this contract and exempt from statutory renegotiation by Article ____ or to the prices fixed for any other periods thereunder which are exempted from statutory renegotiation by the Contracting Officer in the exercise of his discretion under that Article.

When § 803.360 (b) is used this added sentence will read as follows:

Section (a) of this Article does not apply to the prices fixed for any period under Article ____ of this contract which are exempted from statutory renegotiation by the Contracting Officer in the exercise of his discretion under that Article.

§ 812.1246 *Price adjustments under the articles.* In the operation of contracts containing § 803.360 (a) or (b), contracting officers will observe the following principles:

(a) When the contractor submits the cost data, estimates, and proposed prices in accordance with the contract terms, the contracting officer will make such tests or checks of the data submitted, by examining the records of the contractor or otherwise, as he deems necessary to satisfy himself of their accuracy and sufficiency.

(b) Negotiations with the contractor to adjust the price will be begun and completed as expeditiously as possible in order to avoid delay in fixing the adjusted price. If, in the opinion of the contracting officer, the contractor unreasonably prolongs or delays the negotiations or refuses to agree upon a reasonable adjusted price, the contracting officer will promptly report the facts to the chief of the technical service who may then initiate appropriate action to protect the interest of the Government either by termination of the contract, by statutory renegotiation of the contract price for any period not exempt therefrom, by compulsory order, or by other means.

(c) In determining the price for the first period under § 803.360 (b) or for succeeding periods under § 803.360 (a) or (b), the contracting officer will allow more liberal profit margins where the contractor by skillful management, careful buying, or efficiency has reduced costs, and will demand lower profit margins where performance has been inefficient or below standard.

(d) The contracting officer will exercise his power to exempt from statutory renegotiation the adjusted prices agreed upon for the first period under § 803.360 (b) or for succeeding periods under § 803.360 (a) or (b), only if he is convinced (1) that the cost data and cost estimates are reliable and provide a sufficient basis for fixing fair adjusted prices for the next period, and (2) that the adjusted prices are fair to the Government and, in his opinion based on the cost data and estimates and other available information, will not result in excessive profits. The contracting officer has full responsibility for granting or withgrants an exemption under a contract containing either § 803.360 (a) or (b), he will make a report to the Director, Purchases Division, Headquarters, Army Service Forces, stating the adjusted price agreed upon, and containing copies of the data submitted by the contractor and any other data on which the adjusted price was based.

(f) After the entire contract is completed, the contracting officer will request from the contractor a statement showing the actual costs of performing the entire contract, and the prices paid during each period, and will send a copy of the statement to the Director, Purchases Division, Headquarters, Army Service Forces.

§ 812.1247 *Inserting articles in existing contracts.* Where it is practicable and to the advantage of the Government to do so, existing contracts may be amended by supplemental agreement to insert either § 803.360 (a) or (b) upon the conditions prescribed by these regulations, and with the permission of the Director, Purchases Division, Headquarters, Army Service Forces.

SUBPART E—PRICE ADJUSTMENTS WITHOUT CONTRACT PROVISIONS

§ 812.1250 *Scope of section.* (a) As the preceding sections emphasize, war conditions frequently require adjustment of contract terms to prevent unfairness to the contractor or the Government. While the provisions discussed above make the contract terms sufficiently flexible to meet many kinds of changes, they do not cover all contingencies and many contracts do not contain these provisions. Accordingly, contracts must often be amended to adapt them to new or unexpected developments.

(b) Such amendments arise from two main sources: (1) Changes in the procurement program arising from changes in war equipment or in the relative needs for various types of equipment or from other causes; (2) unexpected difficulties by the contractor in performing the contract. This section deals with policies and methods governing both classes of amendment.

§ 812.1251 *Amendments with consideration*—(a) *Price adjustment upward.* The chief of a technical service may amend contracts to increase or modify the price or other contract terms in order to adjust contracts to new conditions:

(1) Whenever the amendment changes the contract specifications, delivery schedules, conditions of manufacture or similar contract terms.

(2) Whenever the amendment restricts or modifies the right of the contractor to perform the contract as he sees fit or on the basis most advantageous to him. Examples are cases where a contractor, who is not bound to do so by his existing contract, agrees to use particular methods of manufacture, substitute

facts likely to assist in considering the

each instance in accordance with

information obtained under this title which

such agency or the Chairman of the War

costs (see, for example, §§ 802.227 and 803.307).

(4) In any other case where the amendment is to the advantage of the Government and is based on legal consideration.

The chief of the technical service may make any such amendments in accordance with § 803.306 (c) and following without the approval of higher authority, except as expressly required in those paragraphs.

(b) *Price adjustment downward.* Not all such amendments will require an increase in the price and some will justify a reduction in the price. For example, where the contract is amended to increase production or the rate of production under the contract, the costs of production may be reduced. Inasmuch as many of the fixed expenses have been provided for by the original volume, they should not be charged at all or to the same extent against the increased or accelerated production, and this saving will often more than offset any added costs involved in the increased volume or accelerated rate of production. Accordingly, the effects of any increase, speed-up or other change should be carefully analyzed in each case in order to obtain the proper adjustment.

§ 812.1252 *Amendments without consideration*—(a) *Authority.* Under the First War Powers Act, 1941 and Executive Order No. 9001 the War Department has power to amend and modify contracts without consideration whenever such amendments will facilitate the prosecution of the war. (See § 802.204, and Opinion of The Attorney General dated August 29, 1942). The following paragraphs do not delegate to the technical services any authority to make amendments without consideration. Such amendments will be made only in accordance with §§ 803.306 (d), 803.308a and 803.308b or express authority conferred by other provisions of the regulations (such as § 803.380).

(b) *General policy.* The general policy is to amend contracts to meet changed conditions whenever such action will facilitate the prosecution of the war. A liberal policy of granting amendments in appropriate cases will (1) assist in obtaining close prices and reasonable cost estimates without excessive allowances in the price for contingencies against unforeseen risks, and (2) insure maximum cooperation and production by assuring contractors of fair treatment. By this policy it is believed that the costs of War Department procurement as a whole will be materially reduced and that the efficiency of production will be substantially increased. The general principles for carrying out this policy are stated in the following paragraphs.

stance the determination is a matter of sound judgment on the basis of all of the facts, but certain guides can be given as to the matters which should be considered and the type of circumstances where relief may be appropriate.

(d) *Types of cases.* While it is obviously impossible to predict or classify all of the grounds upon which amendments without consideration may be appropriately made, examples of certain types or classes of cases where such relief may be proper are as follows:

(1) Where a contractor has suffered or is threatened with loss or diminished profit on a particular contract as a result of a mutual mistake or a bona fide mistake by the contractor alone as to existing fact (for example, through a clerical error or reasonable misunderstanding as to specifications), the contract price or terms should generally be corrected in accordance with the provisions of § 803.308b.

(2) Where a contractor suffers a loss or a diminished profit on a particular contract as a result of Government action, the character of the Government action will generally determine whether any adjustment will be made and its extent.

(i) Where the governmental action is directed primarily at the contractor and is taken by the Government in its capacity as the other contracting party, the price may be equitably adjusted to compensate the contractor for the effect of the action if fairness so requires. Thus where such action by the representatives of the Government, although not creating any liability on its part, increases the cost of performance, or contributes to difficulty encountered by the contractor, considerations of fairness may make appropriate some equitable adjustment of the price or terms.

(ii) Even when the action is not taken by the Government primarily in its capacity as the other contracting party, fairness may sometimes require an equitable adjustment in the contract price or other terms, depending on the nature of the action, the circumstances and the effect on the contractor.

(iii) An increase granted by the Office of Price Administration in the maximum prices established by that Office for materials or component parts required for the manufacture of the articles called for by the contract will not be considered in and of itself sufficient justification for granting an adjustment in price.

(3) Where special circumstances of the war or enemy action have materially affected the conditions of performance of a contract, and the contractor in fixing his prices has not provided contingency reserves adequate to meet them, appropriate amendment or equitable adjustment of the contract may be justified.

adjusted to the extent necessary to avoid such impairment of his operations insofar as they are important to the war effort.

(5) Where substitution of new contract procedures or provisions will eliminate administrative difficulties, reduce Government costs, expedite production or auditing, aid accounting, save time and expense or simplify procurement, the contract may be so modified even though the Government in a particular instance may receive no other substantial advantage from the modification (see for example § 803.324).

The foregoing types of situations are enumerated as a guide to contracting officers in submitting cases for amendment without consideration. The grounds described are not mutually exclusive. In some instances several of them will exist, and action on one may be justified although the conditions on the other are not met, or the combined effect of all the grounds of relief may be such as to lead to action under the statute. Whether relief will be granted in a particular case depends, of course, on its special facts and on whether the granting of relief in that case or in that class of cases will facilitate the prosecution of the war. This enumeration is not exhaustive and other types of circumstances may meet the conditions necessary for such relief.

(e) *Time of amendments.* All applications for contract adjustments under the First War Powers Act should be handled as promptly as possible after the occasion for relief arises. If action is delayed until the contractor has completed performance the relief may be ineffective, if granted, or may be denied as a matter of administrative judgment. As a general rule relief will be granted less readily in the later stages of contracts. Accordingly, whenever a request for such action is made or it appears likely that it will be made, the technical service should immediately make an investigation to obtain the necessary facts and submit the case without delay. Speedy action will often greatly increase the value of the adjustment to the contractor, and the knowledge of contractors that such relief will be granted expeditiously will aid the Government in obtaining closer pricing and achieving the other desired objectives of this policy.

(f) *Preparation of cases.* In view of the special nature of the power to be exercised, the technical service will develop the facts in each case adequately and prepare a report to be submitted with any request for approval by higher authority and preserved in the records of the technical service. In general, the report should contain information of the following types, so far as relevant to the particular case, and any other pertinent

be made in the case of (a) any contractor with whom a defense contract has been placed by such agency, or, in the case of the Recon-

§ 812.1262 *Delegations of authority under Title XIII of the Second War Powers Act, 1942.* Under date of 2 May

Board should therefore be obtained before proceeding.

(b) Before proceeding to investigate contracts under the authority of Title

facts likely to assist in considering the proposed relief:

(1) Brief description of the contract involved:

(i) Date and length of contract; items, delivery schedules, and prices.

(ii) Special clauses for price adjustments; for partial or advance payments; or other special clauses.

(iii) Government-owned, Emergency Plant, or Defense Plant facilities involved, and methods employed to protect any Government interest in facilities of contractor.

(2) Factors creating need for relief:

(i) Nature of item (standard, new or experimental).

(ii) Previous experience of contractor with similar production.

(iii) Changes in conditions or Government action affecting contractor's costs.

(iv) Cost experience of the contractor under the contract, and relation to original estimates.

(v) Reserves or allowances against such contingencies included in original price.

(3) Extent of relief needed:

(i) Financial position of contractor, with supporting balance sheets and profit and loss statements.

(ii) Estimates of future costs under contract.

(iii) Extent of completion, and amounts paid.

(iv) Other war contracts and business of contractor.

(v) Views of contractor on relief appropriate.

(vi) Effect of granting relief on profits of the contractor, and comparison with prices and contracts of other contractors.

(vii) Effect of refusing relief.

(4) Importance of contract or contractor to the prosecution of the war:

(i) Size of contract and need for item.

(ii) Other available sources of supply in comparison with contractor.

(iii) Quality of performance by contractor (rate of production, delays, rejections).

(iv) Probable future orders to contractor; or other war work.

(5) A statement showing whether or not any claim relating to the case is pending before the General Accounting Office.

(6) Statement by the chief of technical service himself, or by an officer specially designated by him to review requests for relief of this type and to make recommendations thereon in his behalf, stating:

(i) The exact relief recommended.

(ii) That in his opinion the granting of the relief recommended will facilitate the prosecution of the war (see paragraph (c)).

(iii) The scope of the investigation of the circumstances made by the technical service.

(iv) The extent of his own review of the facts.

(v) The name, address, and telephone number of the person in the War Department with detailed knowledge of the facts of the case.

(g) *Approvals by Purchases Division, Headquarters.* All necessary approval by higher authority will be obtained in each instance in accordance with §§ 803.306 (a), 803.308a, 803.308b and other sections of these regulations.

SUBPART H—AUDITS AND INSPECTIONS UNDER TITLE XIII OF THE SECOND WAR POWERS ACT

§ 812.1260 *Basic statute.* Title XIII of the Second War Powers Act (Public 507, 77th Congress) provides as follows:

Sec. 1301. The provisions of section 10(1) of an Act approved July 2, 1926 (44 Stat. 787; 10 U. S. C. 310(1)) (giving the Government the right to inspect the plant and audit the books of certain Contractors), shall apply to the plant, books, and records of any contractor with whom a defense contract has been placed at any time after the declaration of emergency on September 8, 1939, and before the termination of the present war: *Provided*, That, for the purpose of this title, the term "defense contract" shall mean any contract, subcontract, or order placed in furtherance of the defense or war effort: *And provided further*, That the inspection and audit authorized herein, and the determination whether a given contract is a "defense contract" as defined above, shall be made by a governmental agency or officer designated by the President, or by the Chairman of the War Production Board.

Sec. 1302. For the purpose of obtaining any information or making any inspection or audit pursuant to section 1301, any agency acting hereunder, or the Chairman of the War Production Board, as the case may be, may administer oaths and affirmations and may require by subpena or otherwise the attendance and testimony of witnesses and the production of any books or records or any other documentary or physical evidence which may be deemed relevant to the inquiry. Such attendance and testimony of witnesses and the production of such books, records, or other documentary or physical evidence may be required at any designated place from any State, Territory, or other place subject to the jurisdiction of the United States: *Provided*, That the production of a person's books, records, or other documentary evidence shall not be required at any place other than the place where such person resides or transacts business, if, prior to the return date specified in the subpena issued with respect thereto, such person furnishes such agency or the Chairman of the War Production Board, as the case may be, with a true copy of such books, records, or other documentary evidence (certified by such person under oath to be a true and correct copy) or enters into a stipulation with such agency or the Chairman of the War Production Board, as the case may be, as to the information contained in such books, records, or other documentary evidence. Witnesses shall be paid the same fees and mileage that are paid witnesses in the courts of the United States. No person shall be excused from attending and testifying or from producing any books, records, or other documentary evidence or certified copies thereof or physical evidence in obedience to any such subpena, or in any action or proceeding which may be instituted under this section, on the ground that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be subject to prosecution and punishment or to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled to testify or produce evidence, documentary or otherwise, after having claimed his privilege against self-incrimination, except that any such individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying. Such agency or the Chairman of the War Production Board shall not publish or disclose any information obtained under this title which such agency or the Chairman of the War Production Board deems confidential or with reference to which a request for confidential treatment is made by the person furnishing such information, unless such agency or the Chairman of the War Production Board determines that the withholding thereof is contrary to the interest of the national defense and security; and anyone violating this provision shall be guilty of a felony and upon conviction thereof shall be fined not exceeding $1,000, or be imprisoned not exceeding two years, or both.

Sec. 1303. In case of contempt by, or refusal to obey a subpena issued to, any person, any agency acting hereunder, or the Chairman of the War Production Board, as the case may be, may invoke the aid of any court of the United States within the jurisdiction of which any investigation or proceeding under this title is carried on, or where such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of books, records, or other documentary or physical evidence. And such court may issue an order requiring such person to give testimony or produce any books, records, or other documentary or physical evidence touching the matter under investigation or in question; and any failure to obey such order of the court may be punished by such court as contempt thereof. All process in any such case may be served in the judicial district whereof such person is an inhabitant or wherever he may be found. Any person who shall, without just cause, fail or refuse to attend and testify or to answer any lawful inquiry or to produce books, records, or other documentary or physical evidence, if in his power to do so, in obedience to the subpena of any agency acting hereunder, or the Chairman of the War Production Board, as the case may be, shall be guilty of a misdemeanor, and, upon conviction, shall be subject to a fine of not more than $5,000, or to imprisonment for a term of not more than one year, or both.

Sec. 1304. For purposes of this title the term "person" shall include any individual, partnership, association, business trust, corporation, or any organized group of persons, whether incorporated or not.

§ 812.1261 *Executive order.* Under date of April 10, 1942, Executive Order 9127 was issued under the basic statute. This Executive order reads as follows:

EXECUTIVE ORDER 9127

Designating the departments and agencies to inspect the plants and audit the books and records of defense contractors under Title XIII of the Second War Powers Act, 1942.

By virtue of the authority vested in me by the Constitution and laws of the United States, and particularly by Title I of the First War Powers Act, 1941, and Title XIII of the Second War Powers Act, 1942, as President of the United States and Commander in Chief of the Army and Navy of the United States, and in order to prevent the accumulation of unreasonable profits, to avoid waste of Government funds, and to implement other measures which have been undertaken to forestall price rises and inflation, it is hereby ordered as follows:

1. I hereby designate the War Production Board, the War Department, the Navy Department, the Treasury Department, the United States Maritime Commission, and the Reconstruction Finance Corporation as the governmental agencies authorized to inspect the plant and to audit the books and records, as provided by Title XIII of the said Second War Powers Act, 1942. Such inspection and audit and the determination whether a given contract is a defense contract, as defined in Title XIII of the Second War Powers Act, 1942, may be made in the case of (a) any contractor with whom a defense contract has been placed by such agency, or, in the case of the Reconstruction Finance Corporation by any corporation created or organized by it, at any time after the declaration of emergency on September 8, 1939, and before the termination of the present war, and in the case of (b) any subcontractor performing work required by any such defense contract. The Chairman of the War Production Board is authorized to issue rules and regulations and to establish policies to coordinate and govern the War Department, the Navy Department, the Treasury Department, the United States Maritime Commission, and the Reconstruction Finance Corporation in exercising the functions vested in them by this order.

2. The authority herein conferred may be exercised by the Chairman of the War Production Board, the Secretary of War, the Secretary of the Navy, the Secretary of the Treasury, the United States Maritime Commission, and the Board of Directors of the Reconstruction Finance Corporation, respectively, or in their discretion and by their direction, respectively, may be exercised also by and through any officer or officers or civilian officials of their respective departments and agencies designated by them for those purposes. The Chairman of the War Production Board, the Secretary of War, the Secretary of the Navy, the Secretary of the Treasury, the United States Maritime Commission, or the Board of Directors of the Reconstruction Finance Corporation may authorize such officer or officers or civilian officials of their respective departments or agencies to make further delegations of such powers and authority within their respective departments and agencies.

3. In inspecting any plant engaged in producing, manufacturing, processing, constructing, altering, or repairing any defense article of a secret, confidential, or restricted nature, or which is produced, manufactured, processed, constructed, altered or repaired in accordance with or under any secret process, formula, patent, or invention, and in auditing the books and records in connection with any such defense contract, such inspection shall be regarded as secret, confidential, or restricted, as the case may be, and all reports, records, papers, documents, and writings relating to such inspection or audit shall be marked or stamped as secret, confidential, or restricted, as the case may be, and shall be handled in accordance with regulations prescribed and in force in the department or agency concerned relating to the handling of secret, confidential, or restricted matters, reports, records, papers, documents, and writings.

4. The power to administer oaths or affirmations and to issue subpoenas for the attendance of witnesses or the production of books, records, or other documentary or physical evidence deemed relevant to the inquiry, conferred by section 1302, and, through the Department of Justice, the power to invoke the aid of any court of the United States, conferred by section 1303, Title XIII, of said Second War Powers Act, may be exercised, performed, or carried out by the Chairman of the War Production Board, the Secretary of War, the Secretary of the Navy, the Secretary of the Treasury, any member of the United States Maritime Commission or the Chairman of the Board of Directors of the Reconstruction Finance Corporation, as the case may be, or by such other officer or officers or civilian officials as may be authorized, empowered or directed by any of them so to do for his respective department or agency.

5. Nothing herein shall affect or limit the authority and power conferred upon or granted to the Chairman of the War Production Board by Title XIII of said Second War Powers Act, 1942.

FRANKLIN D ROOSEVELT

APRIL 10, 1942.

§ 812.1262 *Delegations of authority under Title XIII of the Second War Powers Act, 1942.* Under date of 2 May 1944 the Secretary of War executed the following delegation of authority:

DELEGATION OF AUTHORITY UNDER TITLE XIII OF THE SECOND WAR POWERS ACT AND EXECUTIVE ORDER No. 9127

By virtue of the authorty vested in me by Title XIII of the Second War Powers Act, 1942 (Public Law No. 507, 77th Congress, approved March 27, 1942) and by Executive Order No. 9127 issued April 10, 1942, I hereby authorize and empower each of the officials designated in the attached list entitled "Group I" and authorize and empower each of the persons named in the attached list entitled "Group II" to exercise for the War Department the authority conferred upon me by Title XIII of said Act and by said Executive Order and either of them. In Group II, designation of rank is that now or formerly held and designation of service or location is that now or formerly applicable to the named individual. Such designations of rank, service or location are merely descriptive and are not in limitation of the authority hereby given to each named individual.

The memorandum for the Under Secretary of War dated 12 August 1943, on the subject "Delegation of Authority Under Title XIII of the Second War Powers Act" and all subdelegations thereunder are hereby superseded, but no action heretofore taken thereunder shall be affected.

[S] HENRY L. STIMSON,
Henry L. Stimson,
Secretary of War.

GROUP I

List of Officials Designated in Connection with Delegation of Authority by the Secretary of War Under Title XIII of the Second War Powers Act and Executive Order No. 9127.

The Commanding General, Army Air Forces.

The Commanding General, Matériel Command, Army Air Forces.

The Commanding General, Army Service Forces.

The Director, Purchases Division, Hqs. Army Service Forces.

The Chief, Chemical Warfare Service.
The Chief of Engineers.
The Chief of Ordnance.
The Quartermaster General.
The Chief Signal Officer.
The Surgeon General.
The Chief of Transportation.

Such designation of officials designates each individual now or hereafter holding any such official position.

GROUP II

Various persons are named in the list entitled "Group II" attached to the foregoing delegation of authority. In case information is desired as to the name of any person or persons contained in such Group II, this information is available from the chiefs of the technical services or the Renegotiation Division, Headquarters, Army Service Forces.

§ 812.1263 *Preliminary steps before audit or subpena.* (a) No audit is to be made or subpena issued without first advising the War Production Board. Communications on this subject should be addressed to Chief, Contract Review Branch, Procurement Policy Division, War Production Board, 4th and Independence Avenue, S. W., Washington 25, D. C. It is the intent of this notification to prevent conflict and duplication. Approval from the War Production Board should therefore be obtained before proceeding.

(b) Before proceeding to investigate contracts under the authority of Title XIII of the Second War Powers Act, 1942, and Executive Order No. 9127, the authorized official should sign a statement as to the existence of "Defense Contracts" under such act and order.

(c) These preliminary steps are directed in the interest of orderly administration, but no failure to take such steps will invalidate action under such act and order.

SUBPART I—MANDATORY PRICING AND REPRICING OF ARTICLES AND SERVICES

§ 812.1270 *Statutory basis for mandatory pricing and repricing.* Section 801 of Title VIII of the Revenue Act of 1943 ("Repricing of War Contracts") provides as follows:

(a) As used in this section the terms "Department," "Secretary," and "article" shall have the same meanings as in subsection (a) of the Renegotiation Act. [See Revenue Act of 1943, sec. 701; see § 812.1201.]

(b) When the Secretary of a Department deems that the price of any article or service of any kind, which is required by his Department or directly or indirectly required, furnished, or offered in connection with, or as a part of, the performance or procurement of any contract with his Department or of any subcontract thereunder, is unreasonable or unfair, the Secretary may require the person furnishing or offering to furnish such article or service to negotiate to fix a fair and reasonable price therefor. If such person refuses to agree to a price for such article or service which the Secretary considers fair and reasonable, the Secretary by order may fix the price payable to such person for furnishing such article or service after the effective date of the order, whether under existing agreements or otherwise. The order may prescribe the period during which the price so fixed shall be effective and such other terms and conditions as the Secretary deems appropriate.

(c) Any person aggrieved by an order fixing a price under this section may sue the United States in any appropriate court. In such suit, such person shall be entitled to recover from the United States the amount of any difference between (1) fair and just compensation for the articles and services furnished under the terms of the order and (2) the price fixed for such articles and services by the order; but if the prices so fixed by the order are found to exceed fair and just compensation for such articles and services, such person shall be liable to the United States in such suit for the amount of this excess. Any such suit shall be brought within six months after the order by the Secretary on which it is based, or after the expiration of the period or periods specified in such order, whichever last occurs. Such a suit shall not stay the order involved.

(d) Whenever any person wilfully refuses or wilfully fails to furnish any such articles or services at the price fixed by an order of the Secretary in accordance with this section, the President shall have power to take immediate possession of the plant or plants of such person and to operate them in accordance with Section 9 of the Selective Training and Service Act of 1940 as amended.

(e) The authority and discretion herein conferred upon the Secretary of each Department may be delegated in whole or in part by him to such individuals or agencies as he may designate in his Department, or in any other Department with the consent of the Secretary of that Department, and he may authorize such individuals or agencies

to make further delegations of such authority and discretion.

(f) Every purchase order or agreement, or contract to make or furnish any article or service of any kind, which is required by a Department or directly or indirectly required, furnished, or offered in connection with, or as a part of, the performance or procurement of any contract with such Department or of any subcontract thereunder, shall, if made thirty days or more after the date of the enactment of this Act, be deemed to contain a provision under which the person making or furnishing such article or service agrees that notwithstanding other provisions of the purchase order, agreement, or contract, he shall be entitled to receive for such article or service only the fair and just compensation provided for in subsection (c).

§ 812.1271 *Delegations of authority.* The Secretary of War has assigned and delegated all of the powers, functions, duties and discretion conferred upon him by section 801 to the Under Secretary of War.

(a) Under date of 17 May 1944, the Under Secretary of War issued the following memoranda:

(1) Memorandum for The Commanding General, Army Service Forces.

Subject: Delegation of authority under Section 801 of the Revenue Act of 1943.

1. The Secretary of War has assigned and delegated to me all of the powers, functions, duties and discretion conferred upon him by Section 801 of the Revenue Act of 1943.

2. I hereby delegate to you with respect to the Army Service Forces and to procurement dealt with by the Army Service Forces the powers, functions, duties and discretion conferred upon the Secretary of War by Section 801 of the Revenue Act of 1943, and by him delegated to me.

3. The Commanding General, Army Service Forces, may prescribe, by Procurement Regulations, manuals, or otherwise, rules and regulations, which have been cleared with the Army Air Forces in the manner provided in paragraph 107.4 of War Department Procurement Regulations, governing the exercise throughout the War Department of the authority granted to the Secretary of War under Title VIII of the Revenue Act of 1943, and, without any limitation of the generality of the foregoing, such rules and regulations may require that (a) matters arising under said Title VIII of the Revenue Act of 1943 be submitted for approval or instructions to, and (b) that any proposed redelegations of such authority be subject to the approval of, the Director, Purchases Division, Headquarters, Army Service Forces, or whomsoever the Director, Purchases Division, may designate.

4. Any of the powers, functions, duties and discretion hereby delegated to you may be exercised by you through such officers, civilian employees or agencies of the War Department as may be designated in writing by you or by any person whom you have authorized to make such designation with such powers or delegation and successive redelegation as you may deem appropriate.

ROBERT P. PATTERSON,
Under Secretary of War.

(2) Memorandum for Brigadier General Albert J. Browning, Special Representative of the Under Secretary of War and to any person acting for the time being as such Special Representative.

Subject: Delegation of authority under Section 801 of the Revenue Act of 1943.

1. The Secretary of War has assigned and delegated to me all of the powers, functions, duties and discretion conferred upon him by Section 801 of the Revenue Act of 1943.

2. I hereby delegate to you with respect to the Army Air Forces and to procurement dealt with by the Army Air Forces the powers, functions, duties and discretion conferred upon the Secretary of War by Section 801 of the Revenue Act of 1943 and by him delegated to me, provided, however, that any regulations, directives, or instructions of general application issued by you shall be subject to and in conformity with such rules and regulations as may be issued pursuant to paragraph 3 of a memorandum for the Commanding General, Army Service Forces, subject as above, dated 17 May 1944.

3. Any of the powers, functions, duties and discretion hereby delegated to you may be exercised by you through such officers, civilian employees or agencies of the War Department as may be designated in writing by you or by any person whom you have authorized to make such designation with such powers of delegation and successive redelegation as you may deem appropriate.

4. Any person acting at any time as Director, Purchases Division, Headquarters, Army Service Forces, may exercise all the powers, functions, duties and discretion hereby delegated, and act as my Special Representative.

ROBERT P. PATTERSON,
Under Secretary of War.

(b) *Authority delegated by these procurement regulations.* Subject to any restrictions provided by these procurement regulations (see paragraph (c)) or by manuals, rules or regulations issued pursuant to paragraph 3 of the memorandum for the Commanding General, Army Service Forces, dated 17 May 1944 (see paragraph (a) (1) of this section) upon the exercise of the authority delegated in this paragraph, there are hereby delegated to each of the chiefs of the technical services the powers, functions, duties, and discretion heretofore delegated by paragraph 2 of the memoranda set forth in paragraph (a) from the Under Secretary of War to the Commanding General, Army Service Forces and to his Special Representative. The powers, functions, duties and discretion herein delegated may be exercised by the chiefs of the technical services through such officers, civilian employees or agencies under their supervision as may be designated in writing by them, or by any person authorized by them to make such designation, with such powers of delegation or redelegation as they deem appropriate.

(c) *Limitation upon redelegation of authority.* All redelegations of the authority delegated by paragraph (b) made by the chiefs of the technical services will be subject to the prior written approval of the Director, Purchases Division, or whomsoever he may designate, except:

(1) Redelegations to persons in the headquarters offices of the Army Air Forces,

(2) Redelegations to persons in the headquarters offices of the major commands within the Army Air Forces, and

(3) Redelegations to persons in the headquarters offices of the chiefs of the technical services of the Army Service Forces.

§ 812.1272 *Definitions.* When used in this Subpart I of this part:

(a) The term "section 801" means Title VIII, section 801 of the Revenue Act of 1943.

(b) The term "article" means article and service or "article or service" as may be appropriate.

(c) The term "deems that a price is unfair or unreasonable" means is of the opinion or tentative judgment, in the light of available and pertinent information, that the price is unfair or unreasonable.

(d) The term "subcontract" means any contract, purchase order or other agreement to make or furnish any article or to perform any service required for the performance, directly or indirectly, for, or in connection with, the performance of any contract with the War Department.

(e) The term "Director, Purchases Division" means the Director, Purchases Division, Headquarters, Army Service Forces, acting as such or, in respect of Army Air Force matters, as the Special Representative of the Under Secretary of War, or any person whom he may have authorized to act for him.

(f) The term "chief of a technical service" has the meaning set out in §§ 801.107 (i), 801.108 (d) and (e), except that delegations of the authority conferred by section 801 shall be subject to the limitations and restrictions stated in § 812.1271 (b) and (c) and shall include any person to whom he has delegated, with the approval provided for in §812.1271 (c), the authority delegated to him under section 801; and the term "technical service" shall be deemed to include the plural as well as the singular when consistent with the context.

§ 812.1273 *Scope of statute.* (a) Section 801 authorizes the Secretary of War, in any case in which he deems the price of any article or service which is directly or indirectly required by the War Department to be unreasonable or unfair (1) to require the person furnishing or offering to furnish such article or service to negotiate to fix a fair and reasonable price therefor and (2), in the event such person refuses to agree to a price which the Secretary of War considers fair and reasonable, to fix by order the price payable to such person for furnishing such article or service after the effective date of the order.

(b) Section 801 authorizes such action with respect to prices of specific articles (which are defined by the statute as "any material, part, assembly, machinery, equipment, or other personal property") and services (which include among others, engineering and other services furnished by a licensor in connection with a patent license)—rather than with respect to total contract values or profits which may be realized under the contract. The authority conferred is exercisable with respect to the prices of such articles or services (1) generally; or (2) under the terms or circumstances of a particular contract, subcontract or procurement; or (3) of a particular type or quality or in a particular quantity; or (4) under other particular circumstances.

(c) The authority conferred by the section may be exercised to obtain fair and reasonable prices for any article or service required by the War Department, either directly from a prime contractor or indirectly from a subcontractor of any tier; and whether being furnished under a prime contract or subcontract entered into either before or after the enactment of the section (25 February 1944) or being offered in connection with or as a part of the performance or procurement of any such prime contract or subcontract. There is no need to include in contracts or subcontracts heretofore or hereafter executed any special contract article making reference to section 801. Exercise of the authority conferred by the section is not dependent upon the presence of any such contract article. As an additional support to action under the section, however, subsection (f) thereof provides that contracts and subcontracts made after 25 March 1944 shall "be deemed to contain a provision under which the person making or furnishing such article or service agrees that, notwithstanding other provisions of the purchase order, agreement, or contract, he shall be entitled to receive for such article or service only the fair and just compensation provided for in subsection (c)."

(d) The authority conferred by the section may be exercised with respect to articles or services being furnished under or in connection with fixed price prime contracts or subcontracts or cost-plus-a-fixed-fee prime contracts or subcontracts.

(e) An exercise of any authority conferred by the section with respect to any article or service does not preclude a later and further exercise of such authority in respect of the same article or service.

(f) The statutory requirement that a person so furnishing or offering to furnish such article or service negotiate to fix a fair and reasonable price therefor upon notice from the Secretary of War so to do also requires, by necessary implication, that such person furnish such data and information within his possession as may be pertinent to the determination of such fair and reasonable price. The obligation of the contractor in this respect also may be enforced in appropriate situations by action under Title XIII of the Second War Powers Act (see § 812.1260 et seq.).

(g) Any order of the Secretary of War fixing a fair and reasonable price for any article or service may prescribe the period during which the price so fixed shall be effective and, in addition, may prescribe such other terms and conditions in connection therewith as the Secertary of War deems appropriate. The price fixed by any such order is effective only with respect to such articles or services (1) as are furnished after the effective date of the order and (2) as to which the order is stated to be applicable.

(h) The authority and discretion conferred by the section upon the Secretary of War may be delegated in whole or in part to such individuals or agencies in the War Department or, with the consent of the Secretary of that Department, in any other Department, and he may authorize such individuals or agencies to make further delegation of such authority and discretion. The Secretary of War has delegated such authority and discretion as provided in § 812.1271.

§ 812.1274 *General application of the statute.* (a) Section 801 gives support to the War Department's established policy of obtaining fair and reasonable prices from its contractors and permits the extension of that policy to subcontractors of any tier. The enactment of section 801 will in no way modify the War Department's policy of endeavoring to obtain fair and reasonable prices through voluntary negotiation based upon all available and pertinent information and conducted in accordnce with any applicable principles set forth in these Procurement Regulations and Army Service Forces Manual M–601. The authority conferred by the section will be invoked only after every reasonable effort to obtain fair and reasonable prices by voluntary negotiation has been exhausted. In cases where voluntary negotiation is unavailing, however, the authority conferred by the section will be exercised without delay.

(b) The authority of the section when invoked will be exercised in such manner as to promote, rather than impair, existing and prospective cooperative and mutually beneficial relations between the War Department and its contractors and subcontractors. To this end, contract prices which were fair and reasonable at the time they were negotiated will not be made the subject of renegotiation or repricing pursuant to section 801 so long as the conditions which indicated such price then to be fair and reasonable remain substantially unchanged. Further, all reasonable efforts consistent with accomplishment of the objectives of the section will be made to minimize the occasions upon which any contractor or subcontractor will be required, pursuant to the provisions of the section, to negotiate with respect to the price of any article or service being directly or indirectly furnished by him to any of the technical services of the War Department and the other Departments of the Government. In order to establish reasonable control in this respect all proposed Requirements to Negotiate under the section for the time being will be required to be cleared with the Director, Purchases Division, before service.

(c) Accomplishment of the objectives of the section do not require a review of all existing contracts and subcontracts to ascertain the fairness and reasonableness of the prices included therein. Such a review would not be feasible with the available manpower nor is it necessary in many instances. However, such prices will be reviewed whenever it is believed that they may no longer be fair and reasonable on the basis of indications from:

(1) Further information as to comparative or individual prices or costs, or price or cost trends;

(2) The results of statutory renegotiation of the contractor or subcontractor;

(3) A review of prices as result of voluntary repricing of a contract;

(4) Information received as to subcontractors' prices upon negotiation of prime contracts; and

(5) Other appropriate occasions.

It is the responsibility of the individual technical services to maintain and improve general procedures for reviewing and analyzing prices to the extent necessary to carry out the War Department's pricing policy.

(d) Since the price which the section authorizes the Secretary of War to fix by order is one which he considers to be fair and reasonable under the circumstances of the procurement, or the terms and conditions of the order, no such order will be issued in any case in which there is insufficient information available or obtainable to permit of the fixing of a price which reasonably can be justified as being a fair and reasonable price at the time fixed.

(e) The fair and reasonable price which will be incorporated in any section 801 order which may be issued will be one arrived at through proper application of appropriate pricing principles (see e. g. Army Service Forces Manual M–601) and one deemed to be fair, both to the contractor and the Government, under all the terms and circumstances of the particular procurement. In general it should be a price which a buyer, ready and willing to buy, but under no compulsion to buy, would pay by voluntary agreement to a seller ready and willing to sell, but under no compulsion to sell. It should give appropriate consideration to any risks to be assumed by the Government and the contractor, respectively, in the particular case. It should be high enough to constitute reasonable compensation under all the circumstances for the benefits to be received by the Government, provided the contractor performs the contract with prudence and in accordance with good production practice. It should be low enough to give the contractor reasonable incentive to efficient and economical performance.

§ 812.1275 *Voluntary negotiation with respect to prices deemed to be unfair or unreasonable.* Whenever a technical service deems that the price of any article or service under an existing prime contract with the technical service is unfair or unreasonable to the Government, the contractor will be asked voluntarily to negotiate for a fair and reasonable price therefor; and whenever a technical service deems that the price of any article or service being furnished by a subcontractor for use in the performance of a prime contract with such technical service, or a subcontract thereunder, is unfair or unreasonable, the technical service will urge and assist the prime contractor or subcontractor voluntarily to negotiate with such subcontractor an appropriate reduction in such price.

§ 812.1276 *Mandatorily requiring negotiation*—(a) *By prime contractors.* (1) Whenever a technical service deems that the price of any article or service under an existing prime contract with the technical service is unfair or unreasonable to the Government and the contractor refuses to enter into, or promptly to continue to conclusion, voluntary negotiation of a fair and reasonable price therefor, the technical service will prepare a Requirement to Negotiate Fair and Reasonable Prices substantially

in the form set forth in § 812.1282, and will transmit to the Director, Purchases Division, a copy thereof together with a memorandum of the chief of the technical service setting forth in reasonable detail (i) the reasons why the existing price is deemed to be unfair or unreasonable for future deliveries; (ii) the extent of the efforts made voluntarily to negotiate a fair and reasonable price therefor; (iii) so far as the technical service has information in this respect, a statement as to the extent to which the contractor is furnishing the article or service or other articles or services to other technical services and other Departments of the Government; (iv) why it is believed, if such is the case, that negotiation should be conducted solely with respect to the article and service sought to be repriced by the technical service rather than with respect to all the articles or services being furnished by the contractor to the War Department. No such Requirement to Negotiate will be served upon the contractor until the Director, Purchases Division, shall have approved such service.

(2) In the event it is determined, after consultation with other technical services and, in appropriate cases, other Departments, that the negotiation should be conducted also with respect to articles or services being furnished by the contractor to other technical services or Departments, the Director, Purchases Division, will so advise the technical service transmitting the Requirement to Negotiate. He also will advise whether representatives of such other technical services or Departments will participate in the negotiation or whether the technical service alone will conduct the negotiation. In such latter event, the Director, Purchases Division, will obtain and transmit to the technical service such delegation of authority as may be necessary or appropriate to permit it to act for such other Departments.

(3) Service of the Requirement to Negotiate, when approved by the Director, Purchases Division, will be made in the manner provided in § 812.1281.

(4) Negotiations with the contractor pursuant to any such Requirement to Negotiate will be conducted in accordance with any applicable principles set forth in these Procurement Regulations, in Army Service Forces Manual M 601 and any instructions of the Director, Purchases Division, as to the particular case. The contractor will be given reasonable opportunity to furnish such data and information in his possession as may be pertinent to the fixing of a fair and reasonable price as defined in § 812.1274 (e).

(b) *By subcontractors.* (1) Whenever a technical service deems that the price of any article or service being furnished by a subcontractor for use in the performance of a prime contract with such technical service, or a subcontract thereunder, is unfair or unreasonable and the subcontractor refuses to enter into, or promptly to continue to conclusion, voluntary negotiation of a fair and reasonable price, the technical service will prepare a Requirement to Negotiate Fair and Reasonable Prices, substantially in the form set forth in § 812.1282, and will transmit to the Director, Purchases Division, a copy thereof. This will be accompanied by a memorandum of the chief of the technical service setting forth the information mentioned in paragraph (a), unless the technical service, before entering into, or during the course of, voluntary negotiation with the subcontractor concludes that other articles and services which the subcontractor is furnishing directly or indirectly to the War Department should also be repriced, in which event the chief of the technical service will also state the reasons for such belief and will list the other technical services or Departments of the Government which he believes may be interested in such repricing. No such Requirement to Negotiate will be served upon the subcontractor until the Director, Purchases Division, shall have approved such service.

(2) Service of the Requirement to Negotiate, when approved by the Director, Purchases Division, will be made as provided in § 812.1281 and negotiation for a fair and reasonable price will be conducted in accordance with paragraph (d) of this section.

(3) In the event it is determined, after consultation with other technical services and, in appropriate cases, other Departments, that the negotiation should be conducted with respect to articles or services being furnished to other technical services or Departments, the Director, Purchases Division, will advise the technical service to this effect and to the extent other technical services and Departments will participate in such negotiation. In the event it is determined that the repricing should be on an overall basis, the Director, Purchases Division; may assign the subcontractor to any of the technical services for such overall repricing and will advise such technical service of the scope and conduct of the negotiation.

(c) *In connection with placement of prime contracts and subcontracts.* Persons with whom a technical service seeks to place a prime contract for any article or service who refuse to negotiate or agree to a price therefor which the technical service deems to be fair and reasonable normally will not be served with Requirement to Negotiate a fair and reasonable price, nor will the price of the article or service normally be fixed by a section 801 order. In such cases resort usually will be had to a mandatory order under section 9 of the Selective Training and Service Act of 1940 (see paragraph § 814.1450 et seq.), even where the contractor refuses to accept a contract solely because of disagreement as to price. However, if a prime contractor or subcontractor (1) should desire and be willing to agree to all the other desired terms of the procurement, and (2) be further willing to agree in writing that the price shall be fixed by a section 801 order and (3) that the price so fixed shall be applicable to all deliveries under the contract, the chief of the technical service may execute or approve the execution of such an agreement. In that even the technical service promptly will prepare an appropriate Order Fixing Fair and Reasonable Prices, substantially in the form set forth in § 812.1283 and will transmit a copy thereof together with a memorandum of the chief of the technical service setting forth the information provided for in § 812.1278 (a) and, in addition, a statement as to why such procedure was believed desirable. Service of such order, when authorized by the Director, Purchases Division, will be made as provided in § 812.1281.

§ 812.1277 *Agreements resulting from voluntary or mandatory negotiation.* If negotiation conducted voluntarily or pursuant to any such Requirement to Negotiate with any prime contractor or subcontractor results in agreement as to a reduced price which the technical service participating in the negotiation (and, in the case of negotiations with a subcontractor, the prime contractor or subcontractor to whom the article or service is being furnished) considers to be fair and reasonable, such agreement as to reduced price will be incorporated in such supplemental agreement or agreements with the prime contractor and, in the case of a reduction in a subcontractor's price, such agreement or agreements with the subcontractor, the prime contractor or subcontractor to whom the article or service is being furnished and the technical service, as shall be appropriate to effect such reduction. Such agreement or agreements shall provide such direct or indirect benefit to the United States of the reduction as the technical service shall deem appropriate under the circumstances of the particular case. It is recognized that in some cases it will be neither practicable nor to the interest of the Government to attempt to carry the reduction through to a reduction in price under the affected prime contract or contracts with the War Department and in such cases other appropriate arrangements should be made to secure to the United States, so far as reasonably feasible, the benefits of such price reduction. The technical service may consult with the Director, Purchases Division, as to the nature and terms of any such proposed agreement and will so consult with him before making an agreement with a subcontractor which provides for rebates or preferential discounts on articles or services furnished indirectly by him for war use. In any case in which the technical service ascertains or is advised that the article or service repriced also is being furnished by the prime contractor or subcontractor directly or indirectly to any other technical service not participating in the negotiation and the reduction is effective with respect to the articles or services being furnished to such other technical service, such other technical service will be advised of the reductions effected and, to the extent practicable in the particular case, the nature and terms of any proposed agreement between the technical service and a subcontractor will be discussed with such other technical service before the agreement is executed. Direct communication with other technical services is authorized for this purpose. Copies of all such agreements between the technical service and a subcontractor will be transmitted to the Director, Purchases Division, for purposes of record.

§ 812.1278 *Issuance of order fixing fair and reasonable price.* (a) If (1) voluntary negotiation conducted in accordance with § 812.1275 clearly indicates a reduced price for the article or service being repriced to be fair and reasonable and the prime contractor or subcontractor refuses to enter into, or unreasonably delays the execution of, an appropriate agreement or agreements effecting such reduction in price, or (2) a prime contractor or any subcontractor refuses to enter into, or to continue to conclusion, negotiation under section 801 for a fair and reasonable price, or unreasonably or unnecessarily delays the beginning or conclusion of such negotiations, or refuses to enter into or unreasonably delays the execution of an appropriate agreement effecting the reduction in prices which the technical service considers to be fair and reasonable, then an appropriate Order or appropriate Orders Fixing Fair and Reasonable Prices, substantially in the form set forth in § 812.1283 will be prepared and transmitted to the Director, Purchases Division, together with a memorandum of the chief of the technical service setting forth in reasonable detail (i) the nature and extent of the negotiation had with the contractor or subcontractor, (ii) a summary statement and analysis of the data considered in arriving at the price so proposed to be fixed by order; (iii) the price which the contractor or subcontractor demands and the basis of his objections to the price which the technical service deems to be fair and reasonable and (iv) such considerations as he believes justify the price desired to be fixed by order, with such discussion of the terms and conditions of the contract or of the proposed order as may be pertinent thereto. No such order will be served until such service is approved by the Director, Purchases Division.

(b) The price to be fixed by any such order will be one which is fair and reasonable in view of all the terms and conditions of the existing contract or contracts under which it is being furnished (if the price is being fixed with relation to such contract or contracts) and the terms and conditions to be included in the order. The order will fix the price for the longest period for which a fair and reasonable price reasonably can be projected under the applicable terms and conditions and circumstances and, where feasible, for the remaining period of any contract or contracts under which the article or service is being furnished and with relation to which the price is being fixed. Articles and services customarily furnished under short term contracts or purchase orders normally will not be repriced with respect to any particular contract or order but will be repriced generally in view of the terms and conditions upon which they are usually procured, which terms and conditions will be incorporated as terms and conditions of the order.

(c) All section 801 orders will reserve to the Secretary of War the right at any time to refix the price under section 801 as to future deliveries, either upon his own initiative or upon request of the contractor or subcontractor supported by data indicating that, because of changed circumstances since the effective date of the order, the price fixed is no longer fair and reasonable.

(d) Service of each such order, when approved by the Director, Purchases Division, will be made as provided in § 812.1281.

(e) In any case in which a price was fixed by a section 801 order with respect to a particular contract and the terms and conditions of such contract are subsequently so changed as equitably to require an adjustment in the fixed price, the chief of the technical service may make an equitable adjustment of the price fixed by the order either (1) by a change order in accordance with the "Changes" article of the contract if any (see e. g., §§ 803.329a, 813.1301 (Art. 2)), (2) by the service of an amended section 801 order on the contractor refixing the price to effect such equitable adjustment, or (3) by supplemental agreement, as shall be appropriate in the particular case. Such amended section 801 orders need not be submitted to the Director, Purchases Division, before service so long as they merely make adjustments in the price necessitated by changes in the specifications, quantities, delivery schedules and similar terms of the contract and so long as the adjustment in the price is clearly related only to such changes. In any other case in which a technical service believes that the price fixed by a section 801 order is too high or too low and is therefore no longer fair and reasonable and in any case in which a contractor or subcontractor upon whom such an order has been served requests a refixing of the price in view of changed circumstances, the chief of the technical service will so advise the Director, Purchases Division, with recommendation as to the action to be taken. The Director, Purchases Division, may authorize such upward or downward revision of the price fixed by the order as may be appropriate.

§ 812.1279 *Notification of technical services of service of order.* The Director, Purchases Division, promptly will notify the technical services of the fact that he has approved service of a section 801 order which may affect procurements being made or which may be made by them. Such technical services promptly will effect such modifications in their outstanding prime contracts as may be appropriate by reason of such orders.

§ 812.1280 *Preservation of data upon which orders are based.* In each case in which a fair and reasonable price is fixed by order the technical service will maintain a complete file of the data and information and the various factors considered in arriving at such fair and reasonable price in order that all such matters will be readily available in the event that the contractor institutes court action to contest the fairness of the price fixed.

§ 812.1281 *Method of service.* (a) Where practicable, each Requirement to Negotiate an order will be served by hand by a commissioned officer or a United States Marshal or Deputy Marshal upon the contractor or subcontractor. If the contractor or subcontractor is a partnership, such service will be made upon a partner thereof; if a corporation, upon any officer or agent authorized to act for, or bind, or accept service for, such corporation. If personal service is impracticable or will involve unreasonable delay, service may be made by mailing by registered mail, return receipt requested, the Requirement to Negotiate or order, addressed to the company at its usual place of business.

(b) Promptly after service of a Requirement to Negotiate or order, the officer making service thereof will execute an affidavit as to the time and method of service, the original of which, together with the registered mail receipt, if any, will be attached to the true copy of the Requirement to Negotiate or order, as served, to be retained in the files of the technical service.

(c) Where a Requirement to Negotiate or order affects particular contracts which have been assigned or with respect to which bonds have been furnished, it will be desirable to make service of a copy of the Requirement to Negotiate or order upon the assignee or surety, as the case may be.

§ 812.1282 *Form of requirement to negotiate fair and reasonable prices.* The following form will be used, with any necessary variations, to notify a contractor or subcontractor that he must negotiate for fair and reasonable prices under section 801:

REQUIREMENT TO NEGOTIATE FAIR AND REASONABLE PRICES

Date:_____

Contractor's Name_____

Address_____

GENTLEMEN: The price being charged or quoted by you for the following articles and services:

[Fill in description of articles or services] which are required directly or indirectly by the War Department and being [furnished by you under the following contracts] [offered by you]:

[Fill in description of contract, subcontract or purchase order.] [1]

is deemed to be unreasonable or unfair.

You are advised that you are hereby required, under the authority conferred by Section 801 of the Revenue Act of 1943, to negotiate to fix a fair and reasonable price for such article and service. A duly authorized representative of the Secretary of War will meet with you or your representatives

at_____ on_____
(place) (date)

at_____ to engage in such negotiation. You are directed to bring to such
(time)
meeting, and all further meetings for this purpose, or to make available, all data and

[1] In any case in which the price is to be negotiated with respect to the terms and conditions of a particular contract, subcontract or purchase order, reference should appropriately be made to such contract subcontract or purchase order.

information in your possession which are or may be pertinent to the determination of such fair and reasonable price.

Said Section 801 provides that if you refuse to agree to a price for such article or service which the Secretary of War, or his representative, considers fair and reasonable, the price thereof may be fixed by order. You are advised that your refusal to negotiate, or any unreasonable delay on your part in concluding the negotiation or in consummating appropriate agreements incorporating an agreed price will be construed as a refusal to agree to a fair and reasonable price.

By authority of the Secretary of War:

(Signature of authorized representative)

(Grade, service, office and address)

§ 812.1283 *Form of order fixing fair and reasonable price.* The following is a suggested form to be used, with any necessary variations, to fix fair and reasonable prices under the authority of section 801:

ORDER FIXING FAIR AND REASONABLE PRICES

Date

Contractor's Name

Address

GENTLEMEN: Pursuant to the authority conferred upon the Secretary of War by Section 801 of the Revenue Act of 1943, and duly delegated to me, I hereby fix the following prices for the following articles and services which are required directly or indirectly by the War Department and being furnished or offered by you in connection with War Department procurement:

Articles and Services	*Prices*

which respective prices I consider to be fair and reasonable under the terms and conditions hereafter stated.

Such fixed prices will be effective in respect of all deliveries of such articles and all performance of such services during the period beginning ____ 194____ (hereafter referred to as the effective date of this Order) and ending ____

Such prices will be effective as to all such deliveries or performance made under the following conditions, upon which the price was based, and you shall neither charge nor receive higher price than those so fixed for, or in respect of, any such deliveries or performance.

(Here list the terms and conditions in the light of which the prices were fixed. If they were fixed with relation to and in the light of the provisions of a particular contract or subcontract and are to be effective as to deliveries thereunder, this will be stated. If they were fixed generally, without relation to any particular contract or subcontract, but in the light of the terms and conditions stated in the order this will be stated. The terms and conditions of the order in this respect should be as specific as practicable under the circumstances of the case).

The Secretary of War expressly reserves the right to re-fix any price fixed hereby at any time during the period for which such price is stated above to be effective. In the event you believe at any time that conditions affecting any price hereby fixed have so substantially changed since the effective date of this Order as to make such price no longer fair and reasonable, you may submit to the undersigned any information and data which in your opinion indicates both the appropriateness of re-fixing such price for future deliveries and the price which you believe to be fair and reasonable for such deliveries, together with the request that such price be so re-fixed.

You are notified that the price fixed herein, and the terms and conditions stated, are based solely upon Section 801 of the Revenue Act of 1943, and will not to any degree preclude other and further action under other Federal statutes, including the Renegotiation Act, Executive Orders, or regulations issued pursuant thereto, nor does it alter in any way, except as herein expressly provided, the provisions of any contract or subcontract to which you are a party.

By authority of the Secretary of War:

(Signature of authorized representative)

(Grade, service, office and address)

APPENDIX

§ 812.1289 *Reference to Renegotiation Regulations.* Renegotiation Regulations adopted by the War Contracts Price Adjustment Board cover, among other things, rulings, interpretations, and applications concerning exemptions from statutory renegotiation. Such Renegotiation Regulations are sometimes referred to as "RR" in this Appendix.

§ 812.1290 *Rulings of War Contracts Price Adjustment Board relating to exclusions or mandatory exemptions from statutory renegotiation*—(a) *Interpretation and application of the mandatory exemption relating to contracts with Governmental agencies.* RR 343.2 provides as follows:

343.2 *Interpretation and Application of Exemption.* The War Contracts Board has adopted the following interpretation:

(1) Under this provision of the Act [Subjection (i) (1) (A) of the 1943 Act] no contract between one of the Departments and any other federal, local or foreign government agency is subject to renegotiation. A municipal corporation, whether acting in a proprietary or governmental capacity, is considered to be an agency of a State for the purposes af this exemption.

(2) Contracts between such other agencies or governmental corporations and private contractors, and subcontracts thereunder, are likewise not subject to renegotiation, except in those instances where the agency or governmental corporation is acting as a direct agent for a Department. In these instances, the contract is deemed to be with the Department for which the agency or governmental corporation is acting as direct agent, and not with the agency or governmental corporation, and accordingly, if otherwise subject to renegotiation, is not exempted.

(3) Certain of the agencies and governmental corporations referred to sometimes place orders called "pool" orders. Under this type of order the agency or corporation orders large quantities of a particular item from a manufacturer. Before delivery under this order the manufacturer may sell all or a portion of the items to a Department or to a Departmental contractor or subcontractor and the order of the governmental corporation or agency is reduced to the extent of these purchases by others. In such cases the sales by the manufacturer to a Department or to a Departmental contractor or subcontractor are not exempt from renegotiation.

(b) *Interpretation and application of the mandatory exemption relating to contracts for certain raw materials and agricultural commodities.* RR 344.1 and 344.2 provides as follows:

344.1 *Raw materials*—(1) *Statutory Exemption.* Subsection (i) (1) (B) of the Act provides that it shall not apply to—

"(B) any contract or subcontract for the product of a mine, oil or gas well, or other mineral or natural deposit, or timber, which has not been processed, refined, or treated beyond the first form or state suitable for industrial use;"

(2) *Interpretation and Application of Exemption.* In determining whether or not a particular product is an "exempted product" under the exemption in subsection (i) (1) (B) of the Act, the following principles shall govern—

(a) *Exempted Products.* The phrase "other mineral or natural deposit" shall be interpreted to include only mineral or natural deposits of a wasting or depletable character similar to products "of a mine, oil or gas well". Accordingly, water, sea water and air, and products derived therefrom, are not considered to be other mineral or natural deposits within the meaning of the Act, and contracts or subcontracts therefor, or for products derived therefrom, shall be subject to renegotiation.

(b) *State at Which Exemption Terminates.* In general a product will be considered to be an exempted product until it has arrived at its dispersal point, i.e., the point at which a substantial proportion of the product is used by the ultimate consumer, or by industries other than the industry of origin. The industry of origin includes not only the primary industry of extraction or severance, but also any processing, refining or treatment directly supplementing its extraction or severance or to produce one or more of the chemical elements or compounds present in it in the state in which it may be found in abundance in nature; but excludes other processing, refining or treatement to produce various end products for the ultimate consumer, or a substantial variety of products which vary materially in size, shape or content from the original product.

(c) *Combination of Several Materials.* Where substantial quantities of two or more materials or ingredients are combined to produce a product for industrial use, the product resulting from such combination is considered to be non-exempt, unless the other material or materials are used as a catalyst, carrying agent or in some other subordinate capacity in connection with processing, refining or treatment of the principal product which is in the course of preparation for its first industrial use.

(d) *Different Processes.* Where a product is made in substantial quantities by two or more different processes, one of which would result in the exemption of the product under the above tests and the other would result in its inclusion, such a product will be considered to be renegotiable only where made by a process which would result in its inclusion.

(e) *By-Products.* Where a process for making a product or material subject to renegotiation under the above tests also produces by-products, such by-products shall be treated as subject to renegotiation since any benefits resulting from use or sale of such by-products operate in substance to reduce the cost of the principal product. The principle of the preceding sentence is in applicable to by-products which would otherwise be exempt under this paragraph (2). In the case of by-products resulting from processes principally designed to produce an "exempted product" under the above tests, such by-products shall be treated as "exempted products" if they are not further processed, refined or treated. If further processing, refining or treatment of such by-products takes place, the status of the ultimate product resulting will be determined in accordance with the general principles set forth above.

(3) A list of products which, subject to the foregoing interpretation are considered exempt, is set forth [below] in [RR] paragraph 841.

344.2 *Agricultural commodities* — (1) *Statutory Exemption.* Subsection (i) (1) (C) of the 1943 Act provides that it shall not apply to—

"(C) any contract or subcontract for an agricultural commodity in its raw or natural state, or if the commodity is not customarily sold or has not an established market in its raw or natural state, in the first form or state, beyond the raw or natural state, in which it is customarily sold or in which it has an established market. The term 'agricultural commodity' as used herein shall include but shall not be limited to—

"(i) Commodities resulting from the cultivation of the soil such as grains of all kinds, fruits, nuts, vegetables, hay, straw, cotton, tobacco, sugar cane, and sugar beets;

"(ii) Natural resins, saps and gums of trees;

"(iii) Animals such as cattle, hogs, poultry, and sheep, fish and other marine life, and the produce of live animals, such as wool, eggs, milk and cream;"

(2) *Interpretation and Application of Exemption.*

(a) *Applicability.* The provision exempting agricultural commodities under subsection (i) (3) of the 1943 Act is retroactive as if it were a part of the Renegotiation Act on the date of its enactment, April 28, 1942.

(b) *Interpretation.* Reserved.

RR 841 provides as follows:

841 *Raw material exemption.* Pursuant to subsection (i) (2) of the 1943 Act the War Contracts Board has issued the following regulation concerning the exemption of contracts and subcontracts for certain products of the kind described in subsection (i) (1) (B) of the 1943 Act.

(1) The term "exempted products", as used in this regulation, shall mean any of the following products:

Aggregates including such items as washed or screened sand, gravel or crushed stone.
Alumina; aluminum sulfate; aluminum ingots and pigs.
Asphalt, natural.
Antimony ore, crude; antimony ore, concentrated; antimony metal; antimony oxide, antimony sulfide.
Arsenic, crude; arsenic powder; arsenious oxide (white arsenic).
Asbestos rock; asbestos fibre.
Bauxite, crude; calcined or dried bauxite; bauxite abrasive grains.
Beryl ore and concentrates; beryllium oxide; beryllium metal; beryllium master alloys.
Bismuth metal.
Borax.
Cadmium flue dust; cadmium oxide; cadmium balls and slabs.
China clay; kaolin; fire clay; brick and tile made from clays and other than kaolin, china and fire clay.
Chromium ore and ferrochrome; chromite not processed beyond the form or state suitable for us as a refractory; bichromates.
Coal, prepared; run-of-mine coal.
Cobalt oxide; cobalt anodes, shot and rondelles.
Columbium ore and concentrates; columbium oxide; ferrocolumbium.
Copper ore, crude; copper ore, concentrated; copper matte; blister copper, copper billets, cathodes, cakes, ingots, ingot bars, powder, slabs and wirebars.
Corundum ore and concentrates; corundum grain.
Cryolite ore and concentrates.
Diaspore; diaspore brick.
Diatomaceous silica, lump, block, brick and powder.
Feldspar, crude and ground.
Ferrosilicon.
Fluorspar ore; fluorspar fluxing gravel; lump ceramic ground fluorspar; acid grades of fluorspar.
Gas, natural, not processed or treated further than the processing or treating customarily occurring at or near the well.
Graphite ore and concentrates; flake graphite; graphite fines, lump and chip; graphite powder.
Gypsum, crude; calcined gypsum.
Indium metal.
Industrial diamonds.
Iridium metal, including ingot and powder.
Iron ore, crude; pig iron.
Kyanite ore and concentrates; kyanite brick.
Lead ore; defined lead bars, ingots and pigs; antimonial lead bars, ingots and pigs.
Limestone; crushed limestone.
Magnesite; dead burned magnesite.
Magnesium-bearing minerals, including brucite; magnesium oxide; magnesium chloride; metallic magnesium, pigs and ingots.
Mercury ore; mercury metal.
Manganese ore; ferromanganese, including spiegeleisen; silicomanganese.
Mica, crude, hand-cobbed; block mica; sheet mica, including splittings; wet or dry ground mica.
Molybdenum ore and concentrates; molybdenum oxide; calcium molybdate; ferromolybdenum.
Nickel ore and concentrates; nickel matte; nickel oxide; nickel ingots, cathodes and shot.
Oil, crude, not processed or treated further than the processing or treating customarily occurring at or near the well.
Osmium metal, including ingot and powder.
Palladium metal, including ingot and powder.
Phosphate rock; elemental phosphorus; ferrophosphorus; phosphorus pentoxide and phosphoric acid derived directly by treatment of phosphate rock; superphosphate.
Platinum ore and concentrates; platinum metal, including ingot and powder.
Pumice, lump.
Radium bromide; radium sulfate; radium gas.
Rhodium metal, including ingot and powder.
Ruthenium metal, including ingot and powder.
Salt, rock; evaporated salt; soda ash, ammonia and electrolytic caustic soda and bicarbonate of soda when derived directly by treatment of brine.
Sea shells; oystershells; clam and reef shells.
Selenium metal.
Silver, refined, including bars, shot, powder and grains.
Stone, rough dimension.
Sulfur, crude.
Sulfuric acid; oleum (other than sulfuric acid or oleum produced from crude sulfur or any other product having an industrial use).
Standing timber, logs, logs sawed into length, and logs with or without bark.
Talc, crude, ground and sawed.
Tantalum ore and concentrates; tantalum double fluoride.
Tellurium metal.
Tin ore and concentrates; refined pig tin.
Titanium-bearing ores and concentrates, including ilmenite and rutile; titanium oxide, ferrotitanium.
Tungsten ore and concentrates; sodium tungstate; ferrotungsten; tungsten metal, including powder; tungstic oxide.
Uranium ores and concentrates; uranium oxide.
Vanadium ores and concentrates; sodium vanadate; vanadium pentoxide; ferrovanadium.
Whiting; chalk lump.
Zinc ores and concentrates; zinc anodes, bars, oxide, powder and slabs.
Zirconium ores and concentrates.

(2) Subject to the provisions of paragraph 3 hereof, it is determined that each of the exempted products is "the product of a mine, oil or gas well, or other mineral or natural deposit, or timber, which has not been processed, refined, or treated beyond the first form or state suitable for industrial use" within subsection (i) (1) (B) of the Renegotiation Act. The provisions of such Act shall not apply to contracts and subcontracts for any of the exempted products.

(3) This determination is made under the principles set forth in paragraph 344.1 of the Renegotiation Regulations, including subdivision (2) (d) thereof. The products listed under paragraph 1 of this regulation are exempt only when they represent products of a mine, oil or gas well, or other mineral or natural deposit, which have not been processed, refined or treated beyond the first form or state suitable for industrial use and are not exempt if manufactured from raw materials which do not fall within the above description or which have at some prior stage been processed, refined or treated beyond such first form or state suitable for industrial use. For example, magnesium products derived from sea water, products manufactured from the atmosphere, secondary aluminum pigs and ingots, and other similar products are not considered exempted products.

(4) This determination applies to fiscal years ending after June 30, 1943.

(5) This regulation may be amended from time to time, revising, amending or supplementing the list of exempted products contained in paragraph 1 hereof.

(c) *Interpretation and application of the mandatory exemption relating to construction contracts.* This paragraph deals with the mandatory exemption relating to construction contracts. For the discretionary exemption relating to construction contracts, see § 812.1291 (d).

RR 346.2 provides as follows:

346.2 *Interpretation and application of exemption.* (1) The exclusion from renegotiation of construction contracts with a Department awarded as a result of competitive bidding applies only to contracts for the construction of buildings, structures, improvements and other similar facilities let to the lowest qualified bidder and which were entered into after advertisement and for which bids have been received from two or more independent, responsible and qualified contractors in actual competition with each other.

(a) As used herein "advertisement" shall be interpreted as meaning published advertising or such other solicitation for bids as will open the bidding to all probable bidders under the circumstances of the particular case.

(b) In any case in which it is claimed that a contract is excluded from renegotiation by reason of the application of this subsection (1) and such contract was not entered into after published advertising, the Department conducting the renegotiation may deny such claim but shall not approve the same without submitting the matter, together with all relevant information in the possession of such Department, to the War Contracts Board for final determination.

(2) This section of the Act is applicable only to amounts received or accrued under such contracts for fiscal years ending after June 30, 1943, and applies regardless of the date when the contracts were made.

(3) Contracts for the furnishing of materials or supplies or for the lease, sale or manufacture of machinery or equipment are not within the scope of this exemption. In determining whether a particular contract or subcontract constitutes a contract for the construction of a building, structure, improvement or other similar facility or consti-

tutes a contract for the lease, sale or manufacture of machinery or equipment, the essential character of the performance under the contract will control. In those cases where the items to be furnished under the contract have a predominantly prefabricated character at the time of installation or assembly, the contract will ordinarily be regarded as one of sale or manufacture rather than of "construction". This question arises most frequently in connection with contracts for the sale and installation of machinery or equipment where both the furnishing of the machinery or equipment and its installation are embraced within a single contract. In cases of this character an undertaking to furnish the article may be severed from an agreement to install and an appropriate finding made as to that portion of the contract undertaking which might properly be exempted. On the other hand, where an item to be furnished under a contract has no substantial existence as such until its construction from materials at the site and time of installation so that the contract in its essence is one of construction as distinguished from manufacture or sale, the exemption will be applicable. The essential distinction does not depend upon whether the item involved does or does not become part of the real estate, but depends rather on whether the contract is essentially one for "construction" as distinguished from a contract for manufacture or sale.

(d) *Interpretation and application of the mandatory exemption relating to subcontracts under exempt contracts or subcontracts.* RR 347.2 provides as follows:

347.2 *Interpretation and application of exemption.* It should be noted that the exemption applies only where the subcontract is under a contract or subcontract exempted by paragraph (1) of subsection (l) of the 1943 Act. Thus, subcontracts under prime contracts or subcontracts exempted under the discretionary exemptions authorized by subsection (1) (4) of the 1943 Act, the exemption measured by renegotiable volume under subsection (c) (6), or any other exemption or exclusion contained in the 1943 Act, are not exempted by this provision.

(e) *Interpretation of office supplies.* RR 333.4 (3) provides in part as follows:

Office supplies are interpreted to include paper, ink, typewriter ribbons, binders, covers, blotters, paper clips, staples and other items of consumable character, as well as related items of relatively short life and minor cost, such as pens, pen holders, pencils, blotter pads and calendars; they do not include office furniture, machinery and equipment, such as desks, chairs, lamps, rugs, waste baskets, filing cases, typewriters and calculating recording, reproducing and dictating machines.

§ 812.1291 *Rulings of War Contracts Price Adjustment Board relating to discretionary exemptions from statutory renegotiation*—(a) *Discretionary exemption relating to contracts and subcontracts to be performed outside of the United States.* RR 351.2 provides as follows:

351.2 *Exemption.* (1) Each contract or subcontract to be performed outside the territorial limits of the continental United States, outside the territories of Alaska and Hawaii, outside the Panama Canal Zone, and outside the other territories and island possessions of the United States shall be exempt from the provisions of the Renegotiation Act of 1943 unless it shall be determined by the War Contracts Board or by any authority to whom power to exempt individual contracts under subsection (1) (4) (A) of the 1943 Act has been or may be delegated or redelegated;

(a) That administrative difficulties do not make impracticable the renegotiation of such contract or subcontract,

(b) That the procurement program of the United States in foreign countries will not be adversely affected by such renegotiation, and

(c) That such renegotiation will not otherwise be contrary to the interests of the United States.

(2) In determining whether the procurement program of the United States in foreign countries or the interests of the United States generally will be adversely affected by such renegotiation, it is considered desirable that representatives of the Department of State of the United States be consulted, if practicable; such consultation shall not, however, be essential to the valid renegotiation of any contractor or subcontractor.

(3) Such determination may be made at any time whether before or after the execution of the contract or subcontract and whether or not it contains a renegotiation clause.

(b) *Discretionary exemption relating to contracts and subcontracts for profits determinable when price established; real estate, public utilities, perishable goods.* (1) RR 352.2 provides as follows:

352.2 *Exemption.* In the opinion of the War Contracts Board the profits from contracts and subcontracts for the purchase or lease of any interest in real estate can be determined with reasonable certainty when the contract price is established, and such contracts and subcontracts are accordingly exempted from the provisions of the Renegotiation Act of 1943. For an exemption relating to certain contracts and subcontracts involving electric power, gas, transportation by railroad, motor vehicle, or air, and communications and subcontracts thereunder, see [RR] paragraph 842 [reprinted in paragraph (b) (2) of this section].

(2) RR 842 provides as follows:

842. *Public utility exemptions.*

842.1 *Public utilities—electric power.* (1) Pursuant to subsection (1) (4) of the Renegotiation Act of 1943 (including subsection (1) (4) (B) and (1) (4) (F)) the following classes and types of contracts and subcontracts are exempt to the extent provided in this paragraph from all of the provisions of the Renegotiation Act of 1943:

(a) Any contract or subcontract with a public utility for the delivery of electric power of less than 1,000 kilowatts of contractual demand, except that if the actual demand was 1,000 kilowatts or more at any time during any particular fiscal year, amounts received or accrued under such contract or subcontract for such fiscal year shall not be exempt from renegotiation by reason of this subparagraph (a)

(b) Any subcontract with a public utility for the delivery of electric power without regard to the contractual or actual demand, except that

(i) If such subcontract for electric power is with a contractor having a contract with a Department providing for the reimbursement by a Department of costs of the contractor incurred under such subcontract for electric power, or

(ii) If a Department has contracted to pay or guarantee the payment of amounts payable under such subcontracts for electric power,

then in either such case such subcontract for electric power shall not be exempt from renegotiation by reason of this subparagraph (b).

(2) Amounts received or accrued under any contract or subcontract with a public utility with respect to the construction or installation of facilities for the generation, transmission, or distribution of electric power shall not be exempt from renegotiation by reason of this paragraph 842.1 even though such contract or subcontract also calls for the delivery of electric power.

842.2 *Public utilities—gas.* (1) Pursuant to subsection (1) (4) of the Renegotiation Act of 1943 (including subsection (1) (4) (B) and (1) (4) (F)) the following classes and types of contracts and subcontracts are exempt to the extent provided in this paragraph from all of the provisions of the Renegotiation Act of 1943:

(a) Any contract or subcontract with a public utility for the delivery of gas, except that if the amounts received or accrued under any such contract or subcontract during any particular fiscal year were $50,000 or more, amounts received or accrued under such contract or subcontract for such fiscal year shall not be exempt from renegotiation by reason of this subparagraph (a). (If such fiscal year is a fractional part of twelve months, the $50,000 amount shall be reduced to the same fractional part thereof for the purposes of this subparagraph (a).)

(b) Any subcontract with a public utility for the delivery of gas without regard to the amounts received or accrued thereunder during any fiscal year, except that

(i) If such subcontract for gas is with a contractor having a contract with a Department providing for the reimbursement by a Department of costs of the contractor incurred under such subcontract for gas, or

(ii) If a Department has contracted to pay or guarantee the payment of amounts payable under such subcontract for gas,

then in either such case such subcontract for gas shall not be exempt from renegotiation by reason of this subparagraph (b).

(2) Amounts received or accrued under any contract or subcontract with a public utility with respect to the construction or installation of facilities for the generation, transmission or distribution of gas shall not be exempt from renegotiation by reason of this paragraph 842.2 even though such contract or subcontract also calls for the delivery of gas.

842.3 *Public utilities—transportation.* Pursuant to subsection (1) (4) of the Renegotiation Act of 1943 (including subsection (1) (4) (B) and (1) (4) (F)) the following classes and types of contracts and subcontracts are exempt from all of the provisions of the Renegotiation Act of 1943:

(1) Contracts and subcontracts with common carriers to furnish transportation by railroad, motor vehicle or air, when made at published rates or charges, fixed, approved or subject to regulation as to the reasonableness thereof by a public regulatory body, or when made at rates or charges which the Department conducting the renegotiation in its discretion shall determine to be no higher than such published rates or charges for transportation of a comparable character.

842.4 *Public utilities—communications.* Pursuant to subsection (1) (4) of the Renegotiation Act of 1943 (including subsection (1) (4) (B) and (1) (4) (F)) the following classes and types of contracts and subcontracts are exempt from all of the provisions of the Renegotiation Act of 1943.

(1) Contracts and subcontracts with telephone, telegraph, cable and radio companies to furnish the service of transmitting messages, when made at published rates or charges, fixed, approved or subject to regulation as to the reasonableness thereof by a public regulatory body, or when made at rates or charges which the Department conducting the renegotiation in its discretion shall determine to be no higher than such published rates or charges for service of a comparable character.

842.5 *Subcontracts.* Pursuant to subsection (1) (4) of the Renegotiation Act of 1943 (including subsection (1) (4) (B) and (1) (4) (F)) the following classes and types of contracts and subcontracts are exempt from all of the provisions of the Renegotiation Act of 1943.

(1) Subcontracts under any contracts or subcontracts exempted pursuant to paragraphs 842.1 through 842.4 inclusive.

842.6 *Scope of exemptions.* All of the exemptions made under paragraphs 842.1 through 842.5 inclusive, apply to contracts and subcontracts of the specified classes and types, whether heretofore or hereafter made or performed, and whether or not they contain renegotiation provisions.

(3) RR 843 provides as follows:

843. *List of exempted foods.* Determination of the War Contracts Price Adjustment Board of the exemption from renegotiation of contracts and subcontracts for perishable foods under Section 403 (1) (4) (B) of the Renegotiation Act of 1943.

Pursuant to the authority conferred upon the War Contracts Price Adjustment Board by Section 403 (1) (4) (B) of the Renegotiation Act of 1943, concerning the exemption of contracts and subcontracts for certain perishable goods from renegotiation under the Renegotiation Act of 1943, the War Contracts Price Adjustment Board hereby determines that the foods set forth in the list attached hereto and designated as Exhibit "1" are perishable; and that, in the opinion of the Board, the profits under contracts and subcontracts for the purchase of such foods can be determined with reasonable certainty when the contract price is established; and that contracts and subcontracts, heretofore or hereafter made, for the purchase of such foods are hereby declared to be exempt from all of the provisions of the Renegotiation Act of 1943.

EXHIBIT 1

Fresh Fruits:
- Apples
- Apricots
- Bananas
- Berries (blue and black)
- Cantaloupes
- Cherries
- Cranberries
- Grapes
- Grapefruit
- Honeydew Melons
- Lemons
- Limes
- Oranges
- Pears
- Peaches
- Plums
- Strawberries
- Tangerines
- Watermelons
- Other Miscellaneous Fresh Fruits

Fresh Vegetables:
- Asparagus
- Beans, Lima
- Beans, String
- Beets
- Broccoli
- Cauliflower
- Corn
- Cucumbers
- Egg Plant
- Endive (chicory)
- Greens (collards, etc.)
- Kale
- Lettuce
- Onions, Green
- Onions, Dry
- Parsley
- Parsnips
- Peas
- Peppers, Green
- Potatoes, Irish

Fresh Vegetables—Continued.
- Potatoes, Sweet
- Radishes
- Spinach
- Squash
- Tomatoes
- Turnips and Rutabagas
- Mushrooms
- Rhubarb
- Other Miscellaneous Fresh Vegetables

Dairy Products:
- Butter (except canned)
- Cheese (except processed canned)
- Ice Cream; ice cream mix in unsealed containers
- Fresh Fluid Milk
- Fresh Fluid Cream

Poultry:
- Chicken (except canned)
- Turkey (except canned)
- Other Poultry (except canned)

Meats:
- Beef (except canned and dehydrated)
- Pork (except canned and dehydrated)
- Lamb and Mutton (except canned and dehydrated)
- Veal (except canned and dehydrated)
- Smoked or Processed Meats (except canned and dehydrated)
- Other Meats (except canned and dehydrated)
- Lard and Lard Substitutes
- Offals (except canned and dehydrated)

Fish and Sea Foods:
- Fresh or Frozen
- Salted or Smoked (except canned)

Frozen Vegetables
Frozen Fruits
Bread and other Bakery Products (except biscuits, crackers, cracker meal, breakfast cereals, hard bread and zwieback)
Potato Chips.
Compressed Yeast.
Shell Eggs.
Margarine.

Any other perishable food of a similar nature which may be determined from time to time by any of the Departments to be of the same general character as the items specifically set forth on the above list, provided, however, that any items so added shall be reported to the Secretary of the War Contracts Price Adjustment Board.

(c) *Discretionary exemption relating to contracts and subcontracts for standard commercial articles.* [Reserved.]

(d) *Discretionary exemption relating to contracts and subcontracts when effective competition is likely to exist; construction contracts.* This paragraph deals with the discretionary exemption. For the mandatory exemption relating to construction contracts, see paragraph (c).

RR 355 provides as follows:

355. *Contracts and Subcontracts When Effective Competition Is Likely to Exist.*

355.1 *Statutory authority.* Subsection (1) (4) of the 1943 Act authorizes the War Contracts Price Adjustment Board, in its discretion, to exempt from some or all of the provisions of the Act,

"(E) any contract or subcontract, if, in the opinion of the Board, competitive conditions affecting the making of such contract or subcontract are such as are likely to result in effective competition with respect to the contract or subcontract price."

355.2 *General interpretation of exemption.* The War Contracts Board will make exemptions under this provision only as to classes or types of contracts on the basis of the subject matter with which the contract or subcontract is concerned. Exemptions by the Board will be based upon broad national conditions and considerations and will be limited to those fields where, in the opinion of the Board, not only do competitive conditions exist, but the competition is such that it may be presumed to be effective in the sense of producing fair and reasonable prices for the Government and in generally eliminating excessive profits.

355.3 *Application of Exemption to construction contracts.* The Board has found that competitive conditions affecting the making of construction contracts and subcontracts entered into subsequent to June 30, 1943, were such as to result in effective competition with respect to the contract or subcontract price where all of the following conditions exist:

(1) The contract or subcontract is one for the construction of building, structures, improvements or other similar facilities. Contracts or subcontracts for the furnishing of materials or supplies or for the lease or sale of machinery or equipment are not within the scope of this exemption. • • •

(2) The contract was entered into subsequent to June 30, 1943, and did not constitute a substitute for or a revision or extension of an existing contract entered into on or before June 30, 1943.

(3) The work covered by the contract was substantially the same as the work for which the bids were requested.

(4) Bids were received from two or more responsible and qualified contractors, who were independent of each other and were in actual competition with each other for the work for which bids were requested.

(5) The contract price was not in excess of the low bid received.

(e) *Discretionary exemption relating to subcontracts where not administratively feasible to determine and segregate profits.* Reference is made to RR 842 set forth in paragraph (b) (2).

§ 812.1292 *Determination by the Quartermaster General of perishable commodities.* Under date of 13 April 1944, The Quartermaster General issued a list of foods determined to be perishable pursuant to the authority conferred upon him by § 812.1205 (h). This list is not reproduced here for the reason that all items on such list are included in the list of perishable foods set out in § 812.1291 (c).

813.1328 W.D. Contract Form No. 28.

NOTE: See Part 803, Subparts B and C, defining the scope of authority to use the forms of contracts set forth below.

It should be noted that many of the clauses in the forms are not included in full text, but by reference to sections of Part 803, Subpart H. These clauses will be included in contracts written on the forms only in compliance with the sections referred to. There will also be included in contracts written on the forms such of the other Subpart H clauses, not expressly mentioned in the forms, as are required in the particular case.

In certain cases it may be necessary to make certain editorial changes in Subpart H clauses so that certain words or phrases used throughout the contract will be in conformity.

In certain instances, especially in the case of the short forms of contracts (see § 813.1317 and following), the forms contain shorter or modified versions of some of the clauses set forth in Subpart H of Part 803. In such cases the use of the shorter or modified forms of clauses is to be deemed authorized, notwithstanding the provisions of said Subpart H.

§ 813.1301 *W. D. Contract Form No. 1.*

Contract No. ---------

SUPPLY CONTRACT
WAR DEPARTMENT

Contractor and address:----------
Contract for:----------
Amount: $----------
Location: ----------
Payment:----------
To be made by ---------- United States Army, at ----------
The supplies and services to be obtained by this instrument are authorized by, are for the purposes set forth in, and are chargeable to the following allotments, the available balances of which are sufficient to cover the cost of the same:

This contract is authorized by the following laws:

CONTRACT FOR SUPPLIES

This contract, entered into this ------ day of ---------- 194---, by the United States of America (hereinafter called the Government) represented by the Contracting Officer executing this contract, and ----------
----
----
[1] a corporation organized and existing under the laws of the State of ----------
[1] a partnership consisting of ----------
----
[1] an individual trading as ----------
----
of the city of ---------- in the State of ---------- (hereinafter called the Contractor), witnesseth that the parties hereto do mutually agree as follows:

ARTICLE 1. *Scope of this contract.* The contractor shall furnish and deliver --------
----
----
for the consideration stated ----------
----
in strict accordance with the specifications, schedules and drawings, all of which are made a part hereof and designated as follows:

----

[1] Delete all lines which do not apply.

Deliveries shall be made as follows:

ART. 2. *Changes.* Where the supplies to be furnished are to be specially manufactured in accordance with drawings and specifications, the Contracting Officer may at any time, by a written order, and without notice to the sureties, make changes in the drawings or specifications. Changes as to shipment and packing of all supplies may also be made as above provided. If such changes cause an increase or decrease in the amount due under this contract, or in the time required for its performance, an equitable adjustment shall be made and the contract shall be modified in writing accordingly. Any claim for adjustment under this article must be asserted within 10 days from the date the change is ordered, provided, however, that the Contracting Officer, if he determines that the facts justify such action, may receive and consider, and with the approval of the Secretary of War or his duly authorized representative, adjust any such claim asserted at any time prior to the date of final settlement of the contract. If the parties fail to agree upon the adjustment to be made the dispute shall be determined as provided in Article 11 hereof. But nothing provided in this article shall excuse the Contractor from proceeding with the contract as changed.

[NOTE: (1) For alternative form of this Article, see § 803.329a.

(2) For the purposes of the fourth sentence of this Article, and for the purpose of any like provision contained in any contract clause which has been inserted in a contract in lieu of the above article, the chief of the technical service or such person as he may designate shall be deemed to be the "duly authorized representative of the Secretary of War".]

ART. 3. *Extras* Except as otherwise herein provided, no charge for extras will be allowed unless the same have been ordered in writing by the Contracting Officer and the price stated in such order.

ART. 4. *Inspection.* (a) All material and workmanship shall be subject to inspection and test at all times and places and, when practicable, during manufacture. In case any articles are found to be defective in material or workmanship, or otherwise not in conformity with the specification requirements, the Government shall have the right to reject such articles, or require their correction. Rejected articles, and/or articles requiring correction, shall be removed by and at the expense of the Contractor promptly after notice so to do. If the Contractor fails to promptly remove such articles and to proceed promptly with the replacement and/or correction thereof, the Government may, by contract or otherwise replace and/or correct such articles and charge to the Contractor the excess cost occasioned the Government thereby, or the Government may terminate the right of the Contractor to proceed as provided in Article 5 of this contract, the Contractor and surety being liable for any damage to the same extent as provided in said Article 5 for terminations thereunder.

(b) If inspection and test, whether preliminary or final, are made on the premises of the Contractor or subcontractor, the Contractor shall furnish, without additional charge, all reasonable facilities and assistance for the safe and convenient inspections and tests required by the inspectors in the performance of their duty. All inspections and tests by the Government shall be performed in such a manner as not to unduly delay the work. Special and performance tests shall be as described in the specifications. The Government reserves the right to charge to the Contractor any additional cost of inspection and test when articles are not ready at the time inspection is requested by the Contractor.

(c) Final inspection and acceptance of materials and finished articles will be made after delivery, unless otherwise stated. If final inspection is made at a point other than the premises of the Contractor or subcontractor, it shall be at the expense of the Government except for the value of samples used in case of rejection. Final inspection shall be conclusive except as regards latent defects, fraud, or such gross mistakes as amount to fraud. Final inspection and acceptance or rejection of the materials or supplies shall be made as promptly as practicable, but failure to inspect and accept or reject materials or supplies shall not impose liability on the Government for such materials or supplies as are not in accordance with the specifications. In the event public necessity requires the use of materials or supplies not conforming to the specifications, payment therefor shall be made at a proper reduction in price.

ART. 5. *Delays—damages.* (Insert § 803.352).

ART. 6. *Responsibility for supplies tendered.* The Contractor shall be responsible for the articles or materials covered by this contract until they are delivered at the designated point, but the Contractor shall bear all risk on rejected articles or materials after notice of rejection. Where final inspection is at point of origin but delivery by Contractor is at some other point, the Contractor's responsibility shall continue until delivery is accomplished.

ART. 7. *Increase or decrease.* Unless otherwise provided herein, no increase or decrease in the total number of articles contracted for under Article I hereof, will be accepted, without the prior written approval of the Contracting Officer. (Or insert § 803.329)

ART. 8. *Payments.* The Contractor shall be paid, upon the submission of properly certified invoices or vouchers, the prices stipulated herein for articles delivered and accepted or services rendered, less deductions, if any, as herein provided. Unless otherwise specified, payments will be made on partial deliveries accepted by the Government when the amount due on such deliveries so warrants; or, when requested by the Contractor, payments for accepted partial deliveries shall be made whenever such payments would equal or exceed either $1,000 or 50 percent of the total amount of the contract.

ART. 9. *Officials not to benefit.* (Insert § 803.322)

ART. 10. *Covenant against contingent fees.* (Insert § 803.323)

ART. 11. *Disputes.* (Insert § 803.326)

ART. 12. *Termination for convenience of the Government.* (Insert § 803.324)

ART. 13. *Renegotiation.* (See § 803.342 and Part 812)

ART. 14. *Walsh-Healey Act.* (Insert § 805.353 or 803.353 (d))

ART. 15. *Notice to Government of labor disputes.* (Insert § 803.354)

ART. 16. *Prison-made materials.* (Insert § 803.345)

ART. 17. *Anti-discrimination.* (Insert § 803.325)

ART. 18. *Assignment of claims.* (Insert § 803.355 or 803.356)

ART. 19. *Notice of shipments.* (Insert § 803.328)

ART. 20. *Federal, State, and local taxes.* (Insert § 803.357)

ART. 21. *Domestic articles.* (Insert § 803.327)

ART. 22. *Subcontracting.* (Insert § 803.367)

ART. 23. *Definitions.* (a) The term "Secretary of War" as used herein shall include the Under Secretary of War, and the term "his duly authorized representative" shall mean any person or board authorized by the Secretary of War to act for him other than the Contracting Officer.

(b) Except for the original signing of this contract, and except as otherwise stated herein, the term "Contracting Officer" as used herein shall include his duly appointed successor or his authorized representative.

ART. 24. *Alterations.* The following changes were made in this contract before it was signed by the parties hereto:

In witness whereof, the parties hereto have executed this contract as of the day and year first above written.

THE UNITED STATES OF AMERICA,

By ----------

(Official title)

(Contractor)

By ----------

(Business Address)

Two Witnesses:

(Address)

(Address)

I ----------, certify that I am the Secretary of the corporation named as Contractor herein; that ----------, who signed this contract on behalf of the Contractor was then ---------- of said corporation; that said contract was duly signed for and on behalf of said corporation by authority of its governing body and is within the scope of its corporate powers.

In witness whereof, I have hereunto affixed my hand and the seal of said corporation this ---------- day of ----------, 194--.

[CORPORATE SEAL]

(Secretary)

I hereby certify that, to the best of my knowledge and belief, based upon observation and inquiry, ---------- who signed this contract for the ----------; had authority to execute the same, and is the individual who signs similar contracts on behalf of this corporation with the public generally.

Contracting Officer.

(a) *Additional articles.* The following additional articles may be inserted in supply contracts in appropriate cases:

ARTICLE ----. *Final inspection with performance tests.* (a) No acceptance of the articles contracted for herein shall be regarded as final until such article shall have passed such final inspection as may be prescribed by ----------,[1] or his duly authorized representative, and which shall include the following, but without limitation:

1. Inspection of each article upon arrival at the site of final inspection, for damage in transit, which damage shall be at the risk of the Contractor.

2. Such special and performance tests as are described in the specifications.

3. Inspection of components for failure due to such performance tests.

(b) When, during said performance tests, failure occurs due to faulty material or workmanship for which the Contractor is responsible, and such failure is of such magnitude that additional performance tests are required after the necessary repairs or replacements have been made, the cost of such additional performance tests will be borne by the Contractor. The ----------[1] or his duly authorized representative, will decide in each case whether additional performance tests are required, and his decision in this regard shall be final and conclusive.

(c) The Contractor is authorized to have a representative present during the performance tests of any of the articles delivered under this contract.

[1] The chief of the technical service concerned.

(b) Where final acceptance cannot be made without some test after delivery, such as a proof test or a performance test, use the following in place of Article 8:

ARTICLE ----. *Payment.* The Contractor shall be paid as follows:

(a) ---------- percent of the unit contract price of the supplies contracted for, upon submission of properly certified invoices therefor, and after delivery thereof; *Provided*, That any advance payments, or partial payments, made under this contract shall be liquidated by appropriate deductions from all payments made under this paragraph (a).

(b) ---------- percent of the unit contract price on each unit delivered, after final tests and final acceptance thereof; but in any event payment will be made within six (6) months after such delivery, if not rejected within such time and if the units delivered comply with the specifications in all respects other than such as are determinable only by final tests; *Provided further*, If any advance payments or partial payments proportionately chargeable against such units remain unliquidated, appropriate deductions shall be made from payments made under this paragraph (b).

(c) In cases where it clearly appears from previous favorable experience with the particular contractor that the withholding until final test of a percentage of the unit price of each article delivered is unnecessary for the protection of the Government, the following clause may be used in lieu of that set forth in Article 26, under such limitations or restrictions as may be prescribed by the chief of the technical service concerned:

ARTICLE ----. *Payment.* The Contractor shall be paid as follows:

(a) Upon the submission of properly certified invoices or vouchers, the unit prices stipulated herein, less deductions, if any, as herein provided, for articles delivered which comply with specifications in all respects other than such as are determinable only by final test.

(b) The last ------ percent (----%) of the total contract price for the articles contracted for hereunder shall be withheld by the Government until final test and final acceptance of all such articles; but, in any event, payment of the amount withheld by the Government will be made within six (6) months after delivery of all such articles, if not rejected within such time and if all the articles delivered comply with specifications in all respects other than such as are determinable only by final tests.

(c) Any unliquidated advance or partial payments made under this contract (if this contract provides for such payments) shall be liquidated by proportionate deductions from payments otherwise due hereunder. Any payments (whether by way of direct payment or by liquidation of advance or partial payments) made against the delivery of articles which are rejected upon final test shall be credited or refunded to the Government as directed by the Contracting Officer.

(d) At any time before the completion of this contract the Contracting Officer, by written change order, may (but shall in no event be obliged to) reduce the percentage specified in paragraph (b) above.

ARTICLE----. *Material to be furnished by the Government.* (a) The Government shall deliver to the Contractor at----------, for use in the manufacture of the supplies to be furnished under the terms of this contract, the following material:

(b) Upon the completion or termination of this contract, the Contractor shall deliver to the Government, f. o. b. ---------- any of said material, exclusive of scrap or wastage, not used in connection with this contract.

(c) In consideration of a reduction of $--------- per unit in the price of the supplies hereunder, which reduction has been taken account of in the unit contract price stated in Article ------ above, title to all scrap or wastage resulting from the processing of the materials referred to in paragraph (a) hereof shall be and remain in the Contractor.

[1] (c) The Contractor shall provide and maintain adequate facilities in which he shall store and keep all scrap or wastage resulting from the use of said materials furnished by the Government. Title to all such scrap or wastage shall remain in the Government.

ARTICLE ----. *Neutrality Act.* (a) Subsection 12 (g) of the Joint Resolution approved by the President, November 4, 1939, provides: "No purchase of arms, ammunition, or implements of war shall be made on behalf of the United States by any officer, executive department, or independent establishment of the Government from any person who shall have failed to register under the provisions of this joint resolution."

(b) Prior to the execution of this contract, the Contractor shall furnish a certified or photostatic copy of its Certificate of Registration with the Department of State, which copy shall be attached to the copy of this contract on file in the office of the chief of the technical service concerned.

To be made by----------
United States Army, at----------
The supplies and services to be obtained by this instrument are authorized by, are for the purposes set forth in, and are chargeable to the following allotments, the available balances of which are sufficient to cover the cost of the same:

This contract is authorized by the following laws:

CONTRACT FOR CONSTRUCTION

This contract, entered into this---------- day of ----------, 194---, by the United States of America (hereinafter called the Government) represented by the Contracting Officer executing this contract, and ----------
----
----
[2] a corporation organized and existing under the laws of the State of----------
[2] a partnership consisting of----------
----
[2] an individual trading as----------
----
of the city of----------in the State of ---------- (hereinafter called the Contractor), witnesseth that the parties hereto do mutually agree as follows:

[1] This paragraph will be used as a substitute for the above paragraph (c), in appropriate cases, where the Government desires the return of the scrap or wastage.

[2] Delete all lines which do not apply.

ARTICLE 1. *Statement of work.* The contractor shall furnish the materials, and perform the work for_____

_____

for the consideration of_____

_____

In strict accordance with the specifications, schedules, and drawings, all of which are made a part hereof and designated as follows:

_____

_____

The work shall be commenced_____ and shall be completed_____

ART. 2. *Specifications and drawings.* The contractor shall keep on the work a copy of the drawings and specifications and shall at all times give the contracting officer access thereto. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both. In case of difference between drawings and specifications, the specifications shall govern. In any case of discrepancy in the figures, drawings, or specifications, the matter shall be immediately submitted to the contracting officer, without whose decision said discrepancy shall not be adjusted by the contractor, save only at his own risk and expense. The contracting officer shall furnish from time to time such detail drawings and other information as he may consider necessary, unless otherwise provided.

ART. 3. *Changes.* The contracting officer may at any time, by a written order, and without notice to the sureties, make changes in the drawings and/or specifications of this contract within the general scope thereof. If such changes cause an increase or decrease in the amount due under this contract, or in the time required for its performance, an equitable adjustment shall be made and the contract shall be modified in writing accordingly. Any claim for adjustment under this article must be asserted within 10 days from the date the change is ordered: Provided, however, that the contracting officer, if he determines that the facts justify such action, may receive and consider, and with the approval of the Secretary of War or his duly authorized representative, adjust any such claim asserted at any time prior to the date of final settlement of the contract. If the parties fail to agree upon the adjustment to be made the dispute shall be determined as provided in Article 15 hereof. But nothing provided in this article shall excuse the contractor from proceeding with the prosecution of the work so changed.

ART. 4. *Changed conditions.* Should the contractor encounter, or the Government discover, during the progress of the work subsurface and/or latent conditions at the site materially differing from those shown on the drawings or indicated in the specifications, or unknown conditions of an unusual nature differing materially from those ordinarily encountered and generally recognized as inhering in work of the character provided for in the plans and specifications, the attention of the contracting officer shall be called immediately to such conditions before they are disturbed. The Contracting Officer shall thereupon promptly investigate the conditions, and if he finds that they do so materially differ the contract shall with the written approval of the Secretary of War or his duly authorized representative, be modified to provide for any increase or decrease of cost and/or difference in time resulting from such conditions.

ART. 5. *Extras.* Except as otherwise herein provided, no charge for any extra work or material will be allowed unless the same has been ordered in writing by the contracting officer and the price stated in such order.

ART. 6. *Inspection.* (a) All material and workmanship (if not otherwise designated by the specifications) shall be subject to inspection, examination, and test by Government inspectors at any and all times during manufacture and/or construction and at any and all places where such manufacture and/or construction are carried on. The Government shall have the right to reject defective material and workmanship or require its correction. Rejected workmanship shall be satisfactorily corrected and rejected material shall be satisfactorily replaced with proper material without charge therefor, and the contractor shall promptly segregate and remove the rejected material from the premises. If the Contractor fails to proceed at once with the replacement of rejected material and/or the correction of defective workmanship the Government may, by contract or otherwise, replace such material and/or correct such workmanship and charge the cost thereof to the contractor, or may terminate the right of the contractor to proceed as provided in Article 9 of this contract, the contractor and surety being liable for any damage to the same extent as provided in said Article 9 for terminations thereunder.

(b) The Contractor shall furnish promptly without additional charge, all reasonable facilities, labor, and materials necessary for the safe and convenient inspection and test that may be required by the inspectors. All inspection and tests by the Government shall be performed in such manner as not unnecessarily to delay the work. Special, full size, and performance tests shall be as described in the specifications. The Contractor shall be charged with any additional cost of inspection when material and workmanship are not ready at the time inspection is requested by the contractor.

(c) Should it be considered necessary or advisable by the Government at any time before final acceptance of the entire work to make an examination of work already completed, by removing or tearing out same, the contractor shall on request promptly furnish all necessary facilities, labor, and material. If such work is found to be defective in any material respect, due to fault of the contractor or his subcontractors, he shall defray all the expenses of such examination and of satisfactory reconstruction. If, however, such work is found to meet the requirements of the contract, the actual cost of labor and material necessarily involved in the examination and replacement, plus 15 percent, shall be allowed the contractor and he shall, in addition, if completion of the work has been delayed thereby, be granted a suitable extension of time on account of the additional work involved.

(d) Inspection of material and finished articles to be incorporated in the work at the site shall be made at the place of production, manufacture, or shipment, whenever the quantity justifies it, unless otherwise stated in the specifications; and such inspection and acceptance, unless otherwise stated in the specifications, shall be final, except as regards latent defects, departures from specific requirements of the contract and the specifications and drawings made a part thereof, damage or loss in transit, fraud, or such gross mistakes as amount to fraud. Subject to the requirements contained in the preceding sentence, the inspection of material and workmanship for final acceptance as a whole or in part shall be made at the site.

ART. 7. *Materials and workmanship.* Unless otherwise specifically provided for in the specifications, all workmanship, equipment, materials, and articles incorporated in the work covered by this contract are to be of the best grade of their respective kinds for the purpose. Where equipment, materials, or articles are referred to in the specifications as "equal to" any particular standard, the contracting officer shall decide the question of equality. The Contractor shall furnish to the contracting officer for his approval the name of the manufacturer of machinery, mechanical and other equipment which he contemplates incorporating in the work, together with their performance capacities and other pertinent information. When required by the specifications, or when called for by the Contracting Officer, the Contractor shall furnish the Contracting Officer for approval full information concerning the materials or articles which he contemplates incorporating in the work. Samples of materials shall be submitted for approval when so directed. Machinery, equipment, materials, and articles installed or used without such approval shall be at the risk of subsequent rejection. The contracting officer may require the contractor to remove from the work such employee as the Contracting Officer deems incompetent, careless, insubordinate, or otherwise objectionable, or whose continued employment on the work is deemed by the Contracting Officer to be contrary to the public interest.

ART. 8. *Superintendence by Contractor.* The Contractor shall give his personal superintendence to the work or have a competent foreman or superintendent, satisfactory to the Contracting Officer, on the work at all times during progress, with authority to act for him.

ART. 9. *Delays—damages.* If the contractor refuses or fails to prosecute the work or any separable part thereof, with such diligence as will insure its completion within the time specified in article 1, or any extension thereof, or fails to complete said work within such time, the Government may, by written notice to the contractor, terminate his right to proceed with the work or such part of the work as to which there has been delay. In such event the Government may take over the work and prosecute the same to completion, by contract or otherwise, and the contractor and his sureties shall be liable to the Government for any excess cost occasioned the Government thereby. If the contractor's right to proceed is so terminated, the Government may take possession of and utilize in completing the work such materials, appliances, and plant as may be on the site of the work and necessary therefor; *Provided*, That the right of the contractor to proceed shall not be terminated under this article because of any delays in the completion of the work due to unforeseeable causes beyond the control and without the fault or negligence of the contractor, including, but not restricted to acts of God, or of the public enemy, acts of the Government (including, but not restricted to any preference, priority or allocation order), acts of another contractor in the performance of a contract with the Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather or delays of subcontractors due to such causes, if the contractor shall within 10 days from the beginning of any such delay (unless the contracting officer, with the approval of the Secretary of War or his duly authorized representative, shall grant a further period of time prior to the date of final settlement of the contract) notify the contracting officer in writing of the causes of delay, who shall ascertain the facts and the extent of the delay and extend the time for completing the work when in his judgment the findings of fact justify such an extension, and his findings of fact thereon shall be final and conclusive on the parties hereto, subject only to appeal within 30 days, by the contractor to the Secretary of War or his duly authorized representative, whose decision on such appeal as to the facts of delay and the extension of time for completing the work shall be final and conclusive on the parties hereto.

ART. 10. *Permits and responsibility for work.* The Contractor shall, without additional expense to the Government, obtain all required licenses and permits and be responsible for all damages to persons or property that occur as a result of his fault or negligence in connection with the prosecution of the work, and shall be responsible for all materials delivered and work performed until completion and final acceptance. Upon completion of the contract the work shall be delivered complete and undamaged.

ART. 11. *Labor.* (a) (Insert § 803.346.)

(b) *Overtime rates and shifts.* Where a single shift is worked, eight hours of continuous employment, except for lunch periods, shall constitute a day's work beginning on Monday and through Friday of each week. When work is required in excess of eight hours in any one day or during the interval from 5:00 p. m. Friday to 7:00 a. m. Monday, such work shall be paid for at 1½ times the basic rate wages. No premium wage or extra compensation shall be paid for work on customary holidays except that time and one-half wage compensation shall be paid for work performed on any of the following days only: New Year's Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day, and Memorial Day. Where two or more shifts are worked, five consecutive days of 7½ consecutive hour shifts, from Sunday midnight to Friday midnight shall consititute a regular week's work. The pay for a full shift period shall be a sum equivalent to eight times the basic hourly rate, and for a period less than the full shift shall be the corresponding proportional amount which the time worked bears to the time allocated to the full shift period. Any time worked from Friday midnight to Sunday midnight or in excess of regular shift hours shall be paid for at 1½ times the basic rate of wages. Wherever found to be practicable, shifts should be rotated.[1]

(c) (Insert clause in § 803.345.)

ART. 12. *Covenant against contingent fees.* (Insert clause in § 803.323.)

ART. 13. *Other contracts.* The Government may award other contracts for additional work, and the Contractor shall fully cooperate with such other Contractors and carefully fit his own work to that provided under other contracts as may be directed by the Contracting Officer. The Contractor shall not commit or permit any act which will interfere with the performance of work by any other contractor.

ART. 14. *Officials not to benefit.* (Insert clause in § 803.322.)

ART. 15. *Disputes.* (Insert article in § 803.326.)

ART. 16. *Payments to contractor.* (a) Unless otherwise provided in the specifications, partial payments will be made as the work progresses at the end of each calendar month, or as soon thereafter as practicable, on estimates made and approved by the Contracting Officer. In preparing estimates the material delivered on the site and preparatory work done may be taken into consideration.

(b) In making such partial payment there shall be retained 10 percent on the estimated amount until final completion and acceptance of all work covered by the contract; *provided, however*, That the contracting officer, at any time after 50 percent of the work has been completed, if he finds that satisfactory progress is being made, may make any of the remaining partial payments in full; *and provided further*, That on completion and acceptance of each separate building, vessel, public work, or other division of the contract, on which the price is stated separately in the contract, payment may be made in full, including retained percentages thereon, less authorized deductions.

(c) All material and work covered by partial payments made shall thereupon become the sole property of the Government, but this provision shall not be construed as relieving the contractor from the sole responsibility for all materials and work upon which payments have been made or the restoration of any damaged work, or as a waiver of the right of the Government to require the fulfillment of all of the terms of the contract.

(d) Upon completion and acceptance of all work required hereunder, the amount due the Contractor under this contract will be paid upon the presentation of a properly executed and duly certified voucher therefor, after the Contractor shall have furnished the Government with a release, if required, of all claims against the Government arising under and by virtue of this contract, other than such claims, if any, as may be specifically excepted by the contractor from the operation of the release in stated amounts to be set forth therein.

ART. 17. *Rate of wages.* (Insert clauses in §§ 803.343 and 803.343 (a).)

ART. 18. *Termination for convenience of the Government.* (Insert clause in § 803.324 (a))

ART. 19. *Nonrebate of wages.* (Insert clause in § 803.344).

ART. 20. *Taxes.* (Insert article in § 803.357)

ART. 21. *Additional security.* Should any surety upon any bond furnished in connection with this contract become unacceptable to the Government, or if any such surety shall fail to furnish reports as to his financial condition from time to time as requested by the Government, the Contractor must promptly furnish such additional security as may be required from time to time to protect the interests of the Government or of persons supplying labor or materials in the prosecution of the work contemplated by the contract.

ART. 22. *Loading and unloading cars.* The Contractor shall load promptly all railroad cars furnished for loading upon his order and shall unload from railroad cars promptly upon arrival all shipments consigned to him, and shall provide storage facilities and other facilities necessary for these purposes; and the contractor shall not order railway cars for loading unless they can be loaded promptly and shall not cause or permit shipments to be consigned to him unless they can be unloaded from railroad cars promptly upon arrival.

ART. 23. *Assignment of claims.* (Insert § 803.355)

ART. 24. *Renegotiation.* (See § 803.342 and Part 812)

ART. 25. *Anti-discrimination.* (Insert clause in § 803.325)

ART. 26. *Notice to the Government of labor disputes.* (Insert clause in § 803.354.)

ART. 27. *Accident prevention.* (Insert clause in § 803.362)

ART. 28. *Definitions.* (a) The term "Secretary of War" as used herein shall include the Under Secretary of War, and the term "his duly authorized representative" shall mean any person or board authorized by the Secretary of War to act for him other than the Contracting Officer.

(b) Except for the original signing of this contract, and except as otherwise stated herein, the term "Contracting Officer" as used herein shall include his duly appointed successor or his authorized representative.

ART. 29. *Alterations.* The following changes were made in this contract before it was signed by the parties hereto:

[1] an individual trading as _____ of the City of _____ in the State of _____ (hereinafter called the Contractor), witnesseth that:

Whereas, the Government desires to engage the services of a Contractor to perform the work and services hereinafter set forth; and

Whereas, the accomplishment of the said work under a fixed-fee contract entered into after negotiations approved by the Secretary of War, and without advertising for proposals, is authorized by law and will facilitate the prosecution of the war; and

Whereas, as a result of such negotiations, the Secretary of War has directed that the

[1] Clause (b) will be omitted in all contracts for the construction, alteration, or repair of vessels and floating equipment.

[1] Delete all lines which do not apply.

Government enter into a fixed-fee contract with the Contractor for the accomplishment of the said work:

Now, therefore, the parties hereto do mutually agree as follows:

ARTICLE I. *Statement of work.* 1. The Contractor shall, in the shortest possible time, furnish the labor, materials, tools, machinery and equipment, facilities, supplies not furnished by the Government, and services, and do all things necessary for the completion of the following work: ----------

---

---

all in accordance with the drawings and specifications or instructions contained in Appendix "A" hereto attached and made a part hereof, or to be furnished hereafter by the Contracting Officer and subject in every detail to his supervision, direction and instructions.

2. The Contractor shall also perform management services which shall include, among other functions, the scheduling and/or purchasing of items of materials and equipment to avoid any delays in the prosecution of the work hereunder. The Contractor shall advise and consult with the subcontractors on this project and shall direct and supervise their work, subject to the provisions of Article VII; and shall, subject to the direction of the Contracting Officer, store materials and equipment for use in connection with the project.

3. It is estimated that the construction cost of the work listed in Section 1 of this Article will be----------

---

dollars, ($----------), exclusive of the Contractor's fee, and that the work herein contracted for will be ready for utilization by the Government on or before ----------. It is expressly understood, however that neither the Government nor the Contractor guarantee the correctness of either of these estimates. In consideration of his undertaking under this contract the Contractor shall receive the following:

a. Reimbursement for expenditures as provided in Article II.

b. Rental for Contractor's equipment as provided in Article II.

c. A fixed fee in the amount of----------

---

dollars ($----------) which shall constitute complete compensation for the Contractor's services including profit and all general overhead expenses.

4. When in the opinion of the Contracting Officer it is to the best interest of the Government, the Contractor shall when so ordered or authorized, subcontract any or all items or classifications of work required under this contract or subsequently added thereto. Such subcontracting of work, or the performance thereof with the Contractor's own forces, regardless of the amount and/or extent of work performed or subcontracted, all with the prior written approval or order of the Contracting Officer, shall entail no adjustment in the fixed fee stipulated in Section 3c of this Article. The fixed fee stipulated in Section 3c of this Article has been determined in the light of the fact that all of the work may be subcontracted pursuant to the foregoing provision. Such fee includes compensation for the services which may be rendered by the Contractor in the negotiation, supervision, and coordination of any work subcontracted and the responsibilities assumed by the Contractor in connection therewith, and is deemed to be reasonable, regardless of the amount or extent of work performed or subcontracted.

5. The Contracting Officer may at any time by written order issue additional instructions, require additional work or services or direct the omission of work or services covered by this contract. If such changes cause a material increase or decrease in the amount or character of the work to be done under this contract an equitable adjustment of the amount of the fixed fee to be paid the Contractor shall be made and the contract shall be modified in writing accordingly. Any claim for adjustment under this Article must be asserted within 10 days from the date the change is ordered (unless the Contracting Officer, with the approval of the Secretary of War or his duly authorized representative, shall grant a further period of time prior to the date of final settlement of the contract). Nothing provided in this Article shall excuse the Contractor from proceeding with the prosecution of the work so changed. There shall be no adjustment in the amount of the fixed fee as provided herein, nor any claim therefor because of any errors and/or omissions made in computing the estimated cost of the construction of the work under this contract or where the actual cost varies from the estimated cost.

ART. II. *Cost of the work.*—1. *Reimbursement for contractor's expenditures.* The Contractor shall be reimbursed in the manner hereinafter described for such of his actual expenditures in the performance of the work as may be approved or ratified by the Contracting Officer and as are included in the following items:

a. All labor, materials, tools, machinery, equipment, supplies, services, utilities, power, and fuel necessary for either temporary or permanent use for the benefit of the work..

b. All subcontracts made in accordance with the provisions of this contract.

c. Rental actually paid by the Contractor, at rates not to exceed those approved by the Contracting Officer, for construction plant in sound and workable condition exceeding $300 in value as may be necessary for the proper and economical prosecution of the work. Each contract for the rental of construction plant or parts thereof by the Contractor from third parties shall be in a form prescribed by the Contracting Officer and shall be subject to his approval and shall include provisions 1. that title to such construction plant or parts thereof free of all liens and encumbrances shall vest in the Government when and if the total rental paid and/or accrued to the lessor for any item of construction plant or parts thereof shall equal the approved value thereof plus one percent (1%) of the approved value per month for each contract month or fraction thereof such piece of equipment shall have been in use, and that on demand the lessor will deliver to the Contracting Officer such evidences of title as he shall demand; and 2. that at any time prior to termination of such rental agreement, the Government may at its option purchase any piece of equipment by paying the lessor the difference between the valuation of such piece of equipment plus one percent (1%) of the approved value per month for each contract month or part thereof such piece of equipment shall have been in use, and the total rental theretofore paid for such piece of equipment provided, however, that either of such provisions may be omitted from such rental agreements if the omission is approved by the Chief of the Technical Service.

d. Unloading and assembling at the site of the work of construction plant owned or rented by the Contractor; transportation thereof to the place or places where it is to be used in connection with said work, dismantling, unloading and return transportation to the point of original shipment or equivalent mileage, but in no event will the payment made for return transportation exceed the payment made for transportation to the job site unless such excess cost results solely from an increase of freight rates, or is required by Government transfer of such equipment to another site more distant from the point of origin than the site of the work set out in Article I hereof. Charges for transportation over distances in excess of 500 miles must have the written authorization of the Contracting Officer in advance. Loading at the site of origin and unloading when returned to the original shipping point or other return shipping point will not be paid by the Government and is not a reimbursable item.

e. Repairs and repair parts as are not included in the rental or are not made necessary by the fault or negligence of the Contractor or his employees.

f. Transportation charges on materials and supplies.

g. Transportation and traveling expenses to the work of the necessary field forces for the economical and successful prosecution of the work, and return when such services are no longer required; expenses of procuring labor and expediting the production and transportation of material and equipment. Expenditures under these items shall be either authorized or approved in writing by the Contracting Officer.

h. Salaries of resident engineers, superintendents, timekeepers, foremen, and other field employees of the Contractor in connection with the work. In case the full time of any field employee of the Contractor is not applied to the work, his salary shall be included in this item only in proportion to the actual time applied thereto. No person shall be assigned to service by the Contractor as superintendent of construction, chief engineer, chief purchasing agent, chief accountant, or similar position in the Contractor's field organization, or as principal assistant to any such person, until there has been submitted to and approved by the Contracting Officer a statement of the qualifications, experience, and salary of the person proposed for such assignment. The payment of any excess salary over such scheduled amounts shown in the approved salary schedule, Appendix C, attached hereto and made a part hereof shall not be reimbursable, unless and until the Chief of the Technical Service has so approved in writing.

i. Buildings, trade fixtures and equipment required for necessary field offices, commissaries, hospitals, and other facilities, and the cost of maintaining and operating such field offices, commissaries, hospitals and other facilities; provided that the Contractor may enter into a contract with any third party or parties for the operation of the commissaries, hospitals, or other facilities provided for herein, in which event such contract shall be reduced to writing and the terms thereof subject to the prior written approval of the Contracting Officer.

j. Temporary rights in land required in connection with the work.

k.-n. (Insert clauses *a* to *d*, § 803.365 (b)).

o. Payments from his own funds made by the Contractor under the Social Security Act, and any disbursements required by law, which the Contractor may be required on account of this contract to pay on or for any plant, equipment, process, organization, materials, supplies, or personnel; and, if approved in writing by the Contracting Officer in advance, permit and license fees and royalties on patents used, including those owned by the Contractor.

p. If the Contractor and/or his representative shall be required to travel, the Government will reimburse the Contractor for the transportation, including Pullman where necessary, and will allow for such travel Six Dollars ($6.00) per day in lieu of all other expenses. Transportation by automobile on such required travel shall be reimbursed at the rate of Five Cents ($.05) per mile as representing the actual cost of such transportation.

All travel shall be either authorized or approved in writing by the Contracting Officer. Should the Contractor, or any representative thereof, remain in a travel status in excess of six (6) days at any one time, not including the time consumed in travel the cost for such excess travel status shall be at the expense of the Contractor, unless otherwise ordered in writing by the Contracting Officer.

q. When specifically approved in advance by the Contracting Officer, a reasonable allowance for work done in the Contractor's general offices exclusively for and directly chargeable to the work.

r. Disbursements incident to payment of payrolls, including but not limited to the cost of disbursing cash, necessary guards, cashiers, and paymasters. If payments to employees are made by check, facilities for cashing checks must be provided without expense to employees, and the Contractor shall be reimbursed therefor.

s. In the event the Contracting Officer shall determine that the best interests of the Government require that the Contractor initiate or defend litigation in connection with claims of third parties arising out of the performance of this contract, the Contractor will proceed with such litigation in good faith and the costs and expenses of such litigation, including judgments and court costs, allowances rendered or awarded in connection with suits for wages, overtime or salaries, and reasonable attorneys' fees for private counsel when the Government does not furnish Government counsel, shall be reimbursable under this contract.

t. Such other items not expressly excluded by other provisions of this contract as should, in the opinion of the Contracting Officer, be included in the cost of the work. When such an item is allowed by the Contracting Officer, it shall be specifically certified as being allowed under this Subsection.

u. All expenditures for which reimbursement has not been made pursuant to Letter Contract dated ----------, a copy of which is attached hereto. Such Letter Contract is hereby merged and superseded by this contract.[1] This Subsection u shall be deemed to be included herein if and only if this contract is preceded by a Letter Contract.

2. *Rental for construction plant owned by Contractor:*

a. Rental shall be paid to the Contractor for construction plant in sound and workable condition, owned and furnished by him for the proper and economical prosecution of the work, as shown in the attached "Appendix B" hereby made a part hereof, at rental rates prescribed by the Under Secretary of War in "Uniform Rental Rates for Contractor-Owned Construction Plant", August 27, 1941.

b. In the event the Contractor, with the approval of the Contracting Officer, furnishes additional equipment that is not included in "Appendix B", rental for such equipment will be paid in accordance with the said "Uniform Rental Rates for Contractor-Owned Construction Plant."

c. Except as otherwise specified herein, rental shall begin on the date of delivery of the construction plant to a common carrier for shipment to the site of the work, as evidenced by bill of lading or other satisfactory evidence covering such shipment. In the event the construction plant is conveyed by the Contractor, the rental shall start at the time transportation to the site begins; however, the rental paid shall not exceed that for the equivalent time of shipment by common carrier.

d. If such construction plant is not in sound and workable condition, to the satisfaction of the Contracting Officer, when delivered at the site of the work, the rental period therefor shall not begin until the construction plant shall have been placed in sound and workable condition at the expense of the Contractor, and rental therefor shall not be paid for any prior period.

[1] This contract will bear same date as letter contract.

e. If such construction plant cannot be placed in sound and workable condition within reasonable time to the satisfaction of the Contracting Officer, no transportation charges for the shipment thereof, to or from the site of the work, shall be paid.

f. The approved value of the construction plant as shown in "Appendix B" shall be deemed binding unless the Contracting Officer shall, within twenty days after such plant has been set up and working modify or change such valuation. In the event a change is made in the valuation of the construction plant, a corresponding change shall be made in the rental rate in accordance with said "Uniform Rental Rates for Contractor-Owned Construction Plant." Thereafter the valuation and the related rental rate shall be binding unless the rental is modified as specified below.

g. Furnish within 15 days of the date of the receipt of written notice from the Contracting Officer, construction plant listed in "Appendix B" provided that the date upon which the Contractor is required to furnish such plant shall not precede the date on which such construction plant is listed as available in said "Appendix B". In the event the Contractor fails to furnish construction plant as required by such notice, the additional cost of acquiring replacement construction plant from any source other than the Contractor shall be paid by the Contractor and shall not be a reimbursable expenditure.

h. Rental for time consumed for repairs, in excess of the time normally required for such repairs as determined by the Contracting Officer, shall be deducted from the rental in the amount of one-thirtieth of the monthly rental rate for each day determined to be in excess. When in the opinion of the Contracting Office the amount of repairs or maintenance is excessive, a deduction shall be made from the rental.

i. The payment of rental shall cease on a date to be established in a written notice by the Contracting Officer to the Contractor, that the Construction plant is no longer required. The date of release thus established shall include an allowance for the time necessary for final repairs, dismantling and loading for shipment.

GENERAL

3. Title to all materials, tools, machinery, equipment and supplies for which the Contractor shall be entitled to reimbursement under Article II shall vest in the Government at such point or points as the Contracting Officer may designate in writing; provided that the right of final inspection and acceptance or rejection of such materials, tools, machinery, equipment and supplies at such place or places as he may designate in writing is reserved to the Contracting Officer; provided further that, upon such final inspection, the Contractor shall be given written notice of acceptance or rejection as the case may be. In the event of rejection, the Contractor shall be responsible for the removal of the rejected property within a reasonable time.

4. The work shall be executed in the best and most workmanlike manner by qualified, careful, and efficient workers, in strict conformity with the best standard practices.

5. Except as otherwise authorized by the Contracting Officer, all materials shall be of the best quality of their respective kinds. If the Contracting Officer requires that the Contractor submit for prior approval samples of materials proposed for use in the work covered by this contract, the Contractor shall make no commitments for such materials until the submitted sample has been approved by the Contracting Officer.

6. During the performance of this contract, the work shall be under the full-time resident direction of the Contractor, if an individual; of one or more principal partners if the Contractor is a partnership; or in case the Contractor is a corporation, association, or similar legal entity, one or more senior officers thereof; provided however that the Contractor, whether an individual, a partnership, a corporation, or other legal entity, may be represented in the direction of the work by some person of a class other than those specified above, if the Contracting Officer gives his approval. In any event the Contractor shall not be entitled to be reimbursed for any salary, wages or like compensation paid for such direction of the work, whether performed by an individual, a partner, a corporate officer or other representative.

7. a. The Government reserves the right to furnish any materials, construction equipment, machinery, tools, or services, including communication services necessary for the completion of the work. The Contractor shall cause all equipment, machinery, and tools to which title is vested in the Government to be suitably marked with an identifying mark or symbol indicating that such items are the property of the United States. The Contractor shall maintain at all times, in a manner satisfactory to the Contracting Officer, records showing the disposition and/or use of all equipment, machinery, tools and materials purchased for the work and for which he has been reimbursed by the Government or which have been furnished by the Government. Upon the completion of this contract or upon demand, the Contractor shall return such equipment, machinery, tools and unused materials to the place designated by the Contracting Officer.

b. (Insert article in § 803.365 (a))

8. The Government reserves the right to pay directly to common carriers any or all freight charges on construction plant, materials, and supplies.

9. The Government reserves the right to pay directly to the persons concerned all sums due from the Contractor for labor, materials, or other charges.

10. No salary of the Contractor, partners or corporate officers of the Contractor's organization shall be included in the cost of the work. No part of the expense incurred in conducting the Contractor's main office or regularly established branch offices, and no overhead expense of any kind, except as specifically authorized in Section 1 of this Article, shall be included in the cost of the work; nor shall any interest on capital employed or on borrowed money be included in the cost of the work.

11. The Contractor shall, to the extent of his ability, take all cash and trade discounts, rebates, allowances, credits, salvage, commissions, and bonifications, and when unable to take advantage of such benefits he shall promptly notify the Contracting Officer with the reason therefor. In determining the actual net cost of articles and materials of every kind required for the purpose of this contract, there shall be deducted from the gross cost thereof all cash and trade discounts, rebates, allowances, credits, commissions, and bonifications which have accrued to the benefit of the Contractor or would have so accrued but for the fault or neglect of the Contractor. Such benefits lost through no fault or neglect on the part of the Contractor, or lost through fault of the Government, shall not be deducted from gross costs.

12. All revenue received by the Contractor from the operations of the hospital, commissaries, or other facilities, or from rebates, discounts, refunds, etc., shall be accounted for by the Contractor and, except for any reasonable compensation accruing to a third party or parties for the operation of commissaries, hospitals, or other facilities, applied in reduction of the cost of the work.

13. (Insert clause in § 803.365 (c)).

ART. III. *Payments*—1. *Reimbursement for cost.* The Government will currently reimburse the Contractor for expenditures made in accordance with Article II upon certification to and verification by the Contracting Officer of the original signed pay-rolls for labor, the receipted invoices for materials, and such other documents as the Contracting Officer may require. Generally, reimbursement will be made weekly but may be made at more frequent intervals if the conditions so warrant.

2. *Rental for Contractor's equipment.* Rental as provided in Article II for such construction plant or parts thereof as the Contractor may own and furnish shall be paid monthly upon presentation of proper vouchers.

3. *Payment of the fixed-fee.* Ninety percent (90%) of the fixed-fee set out in Article I shall be paid as it accrues, in monthly installments based upon the percentage of the completion of the work as determined from estimates submitted to and approved by the Contracting Officer. Final payment upon completion of the work and its final acceptance shall be made in accordance with Section 5. If the contract is terminated by the Government, payment shall be made in accordance with Article VI.

4. *Payments by Contractor.* If bills for purchase of material, machinery or equipment, or pay rolls covering employment of laborers or mechanics incurred by the Contractor or by any subcontractor hereunder are not paid promptly by the Contractor or subcontractor as the case may be, the Contracting Officer may, in his discretion, withhold from payments otherwise due the Contractor an amount equivalent to the amount of any such bill or payroll. Should the Contractor neglect or refuse to pay such bills or pay-rolls or to direct any subcontractor to pay such bills or pay-rolls within five (5) days after notice from the Contracting Officer so to do, the Government shall have the right to pay such bills or pay-rolls directly, and in such event a deduction equal to five percent (5%) of the amount so paid directly shall be made from the Contractor's fee.

5. *Final payment.* a. Upon completion of the work and its final acceptance in writing by the Contracting Officer, the Government shall pay to the Contractor the unpaid balance of the cost of the work determined under Article II, and of the fee, less any sum that may be necessary to settle any unsettled claims in connection with this contract, or any claim the Government may have against the Contractor. The Contracting Officer shall accept the completed work with reasonable promptness.

b. Prior to final payment and as a condition thereof the Contractor shall furnish the Government with a release of all claims against the Government arising under and by virtue of this contract, other than (1) such claims, if any, as may be specifically excepted by the Contractor from the operation of the release in stated amounts to be set forth therein, or in estimated amounts where the amounts are not susceptible of exact statement, and (2) any claim based upon responsibility of the Contractor to third parties arising out of the performance of this contract not known to the Contractor at the time of furnishing the release.

c. Even though the existence or amount thereof shall not be determined until after the furnishing of such release as is described next above, reimbursement to be made for payments made by the Contractor shall include, along with wages and salaries otherwise reimbursable, all additional amounts determined (either by approval of the Contracting Officer or by litigation as provided in Subsection s, Section 1, Article II,) to be due and payable for overtime compensation and allowances under local, state or Federal laws in connection with such wages and salaries.

d. The Contractor shall promptly notify the Contracting Officer of any claims of the type described in clause (2) of Subsection b of this Section which are asserted subsequent to the execution of the release.

ART. IV. *Records and accounts inspection and audit.* 1. The Contractor agrees to keep records and books of account, showing the actual cost to him of all items of labor, materials, equipment, supplies, services, and other expenditures of whatever nature for which reimbursement is authorized under the provisions of this contract. The system of accounting to be employed by the Contractor shall be such as is satisfactory to the Contracting Officer.

2. The Contracting Officer shall at all times be afforded proper facilities for inspection of the work and shall at all times have access to the premises, work and materials, to all books, records, correspondence, instructions, plans, drawings, receipts, vouchers, and memoranda of every description of the Contractor pertaining to said work except such documents as have been submitted in support of reimbursement vouchers; and the Contractor shall preserve such papers without additional compensation therefor, for a period of three (3) years after completion or termination of this contract.

3. Any duly authorized representative of the Contractor shall be accorded the privilege of examining the books, records, and papers of the Contracting Officer relating to the cost of the work for the purpose of checking and verifying such cost.

4. In order to avoid so far as possible duplication in accounting and auditing functions performed by the Contractor and the Governmentment, it is agreed that the following accounting and auditing functions shall be performed by the Government exclusively:

a. Time checking (not time keeping) in the field, or in the Contractor's plant.

b. Audit of original pay-rolls of the Contractor (or such portions thereof as are applicable), where such pay-rolls are prepared by the Contractor.[1]

c. Checking of equipment rentals and the preparation and delivery of properly approved rental rolls to the Contractor for payment.[2]

d. Such other accounting and auditing functions as may be effectively performed by Government employees and to which the Contracting Officer and the Contractor may mutually agree in writing.

5. It is further agreed that if any of the accounting and auditing functions performed exclusively by the Government do not adequately discharge such accounting and auditing functions to the satisfaction of the Contractor, the Contractor, with the approval in writing of the Contracting Officer, may perform such additional checking and auditing aa may be so approved. The Contractor shall be reimbursed for the cost of such additional accounting and auditing functions as are so approved.

ART. V. *Special requirements.*

1. The Contractor hereby agrees that he will:

a. Procure and maintain such bonds and insurance in such forms and in such amounts and for such periods of time as the Contracting Officer may require.

b. Procure all necessary permits and licenses; obey and abide by all applicable laws, regulations, ordinances, and other rules of the United States of America, of the State, Territory, or political subdivision thereof wherein the work is done, or of any other duly constituted public authority.

c. Reduce to writing, unless this provision is waived in writing by the Contracting Officer, every contract in excess of Two Thousand Dollars ($2,000) made by him for the purpose of the work hereunder for services, materials, supplies, machinery, equipment, or for the use thereof; insert therein a provision that such contract is assignable to the Government; make all such contracts in his own name, and not bind or purport to bind the Government or the Contracting Officer thereunder. No purchase in excess of $2,000 shall be made or placed without the prior approval of the Contracting Officer.

d. Enter into no subcontract for any portion of the work, except in the form prescribed by the Chief of Technical Service with the written approval of the Contracting Officer. Subcontracts are defined as contracts entered into by the Contractor with others which involve the performance, wholly or in part at the site of the work, of some part of the work described in Article I hereof.

e. At all times during the progress of the work, keep at the site thereof a duly appointed and qualified representative who shall receive and execute on the part of the Contractor such notices, directions, and instructions as the Contracting Officer may give.

f. The Contracting Officer may require the Contractor to dismiss from work such employee or employees as the Contracting Officer deems incompetent, careless, or insubordinate or whose continued employment is deemed inimical by the Contracting Officer to the public interest. The Contractor shall make every reasonable effort in the selection of his employees and in the prosecution of the work under this contract, to safeguard plot drawings and schematic drawings furnished him and drawings and specifications, and to prevent the theft or unauthorized use of the same.

g. Furnish sufficient technical, supervisory and administrative personnel to insure the prosecution of the work in accordance with a progress schedule approved by the Contracting Officer. If, in the opinion of the Contracting Officer, the Contractor falls behind a progress schedule approved by the Contracting Officer, the Contractor shall take such steps as may be necessary to improve his progress and the Contracting Officer may direct him to increase working days, or hours of labor per day. Failure to promptly comply with such directions shall be deemed sufficient cause to terminate the contract for the fault of the Contractor.

h. Immediately upon termination of third-party rental agreement, make all repairs to equipment rented thereunder which are required to be made by the terms of such rental agreements and remove such equipment from the site of the work. In cases where such repairs and removal cannot promptly be made, the Contractor shall notify the Contracting Officer of the reasons for such delay.

ART. VI. *Termination of contract by Government.* (Insert clause in § 803.350).

ART. VII. *Contracting officer's decisions.*

The extent and character of the work to be done by the Contractor shall be subject to the general supervision, direction, control and approval of the Contracting Officer to whom the Contractor shall report and be responsible.

ART. VIII. *Disputes.* (Insert article in § 803.326).

ART. IX. *Convict labor.* (Insert clause in § 803.345).

ART. X. *Labor.*

1. (Insert clause in § 803.343).
2. (Insert clause in § 803.346).
3. All wage rates, including compensation for overtime under Section 2 of this Article, for laborers and mechanics engaged in work under this contract shall be approved in writing by the Chief of the Supply Service or a representative expressly designated by him for that purpose, and any amount paid by the Contractor to any laborer or mechanic in excess of the wage rate approved for such laborer or mechanic by the Chief of the Supply Service or a representative expressly designated by him for that purpose shall be at the expense of the Contractor and shall not be reimbursed by the Government. When, in connection with the audit and check by the Contracting Officer or his authorized representative, of the Contractor's pay rolls prior to reimbursement as contemplated in Section 1 of Article II hereof, it is found that one or more laborers and/or mechanics have been paid wages at rates in excess of the wage rates approved as herein provided, the reimbursement made to the Contractor on account of such pay rolls will not include any such excess payments.

4. (Insert clause in § 803.325).

5. (Insert clause in § 803.344).

ART. XI. *Accident prevention.* (Insert clause in § 803.362).

ART. XII. *Notice to Government of labor disputes.* (Insert clause in § 803.354).

ART. XIII. *Officials not to benefit.* (Insert clause in § 803.322).

ART. XIV. *Covenant against contingent fees.* (Insert clause in § 803.323).

ART. XV. *Contractor's organization and methods.*

Upon the execution of this contract, the Contractor shall submit to the Contracting Officer a chart showing in general the executive and administrative organization, duties and personnel to be employed in connection with the work under the contract; the data so furnished shall be supplemented as additional information becomes available.

ART. XVI. *Loading and unloading cars.*

The Contractor shall load promptly all railroad cars furnished for loading upon his order and shall unload from railroad cars promptly upon arrival all shipments consigned to him, and shall provide storage facilities and other facilities necessary for these purposes; and the Contractor shall not order railway cars for loading unless they can be loaded promptly and shall not cause or permit shipments to be consigned to him unless they can be unloaded from railroad cars promptly upon arrival.

ART. XVII. *Assignment of claims.* (Insert clause in § 803.355)

ART. XVIII. *Renegotiation.* (See § 803.342 and Part 812)

ART. XIX. *Definitions.*

1. The term "Secretary of War" as used herein shall include the Under Secretary of War; and the term "Chief of Supply Arm or Service" shall mean the Chief of.....

2. The term "his duly authorized representative" shall mean any person or board authorized by the Secretary of War or the Chief of the Supply Service, as the case may be, to act for him, other than the Contracting Officer.

3. Except for the original signing of this contract, and except as otherwise stated herein, the term "Contracting Officer" as used herein shall include his duly appointed successor or his authorized representative.

4. The term "construction plant" shall include any part thereof.

ART. XX. *Approval required.* This contract shall be subject to the approval of ---------- and shall not be binding unless so approved.

ART. XXI. *Alterations.* The following changes were made in this contract before it was signed by the parties hereto:

In witness whereof, the parties hereto have executed this contract as of the day and year first above written:

THE UNITED STATES OF AMERICA,

By ----------

(Official Title)

Witnesses as to signature of Contractor:

---------- ----------
(Contractor)

(Address)

By ----------

---------- ----------
(Business Address)

(Address)

I ----------, certify that I am the Secretary of the corporation named as Contractor herein; that ---------- who signs this contract on behalf of the Contractor was then ---------- of said corporation; that said contract was duly signed for and on behalf of said corporation by authority of its governing body and is within the scope of its corporate powers.

In witness whereof, I have hereunto affixed my hand and the seal of said corporation this ------ day of ----------, 19----.

[CORPORATE SEAL] ----------
(Secretary)

I hereby certify that, to the best of my knowledge and belief based upon observation any inquiry, ----------, who signed this contract for ---------- had authority to execute the same, and is the individual who signs similar contracts on behalf of this corporation with the public generally.

Contracting Officer.

APPENDIX B TO CONTRACT NO.

[All equipment available.....except where otherwise specified]

Quantity	Item: Complete description, capacity, and identifying Nos.	Total purchase cost or fair value	Rental rate $....month, week or day

APPENDIX C

There is set forth below the present key employees proposed to be furnished under this contract indicating their names, description of work to be performed, an expression as to whether the salaries are based on a weekly, monthly or annual basis, and the maximum salary agreed upon to be paid for services in the position indicated for personnel now employed.

Name	Position	Salary based on weekly (W), monthly (M) or annual basis	Maximum salary agreed to be paid under contract

For the purposes of this Appendix C it is understood that—

1. "Non-manual employees" are those employees who are not "laborers and mechanics" within the meaning of the Davis-Bacon Act. The term "non-manual employees" includes all occupations not involving manual labor directly in connection with construction work. Custodial employees are included within the term "non-manual employees". The following is a list (not all inclusive) of typical "non-manual" occupations:

Accountants.
Architects.
Auditors.
Axemen.
Bookkeepers.
Chainmen.
Checkers.
Chiefs of Party.
Clerks.
Cooks.
Draftsmen.
Engineers.
Executives of any kind.
Guards.
Levelmen.
Material Checkers.
Material Clerks.
Messengers.
Office Machine Operators.
Office Managers.
Project Managers.
Purchasing Agents.
Rodmen.
Stenographers.
Stewards.
Storekeepers.
Superintendents.
Telephone Operators.
Timecheckers.
Timekeepers.
Tool Checkers.
Transitmen.
Typists.
Waiters.
Watchmen.
Waterboys.

2. Non-manual employees will be classified in the following groups:

a. Group "A". Employees whose base salaries are $53.31 or less per week.

b. Group "B". Employees whose base salaries are over $53.31 and not over $90.00 per week.

c. Group "C". Employees whose base salaries are over $90.00 per week.

d. Group "D". Trade foremen employed by construction contractors.

3. The base salaries of all employees in Groups "A" and "B" are based on a work week of 40 hours. The base salaries of all employees in Group "C" are based on a minimum work week of 48 hours.

4. No offer of employment will be made to any prospective employee for work of the same general classification and responsibility as his present employment at a rate exceeding his present salary.

5. The base salary of a person not in the employ of the contractor prior to the execution of this contract will not be approved at a rate in excess of the maximum prescribed for the job classification in the approved salary schedule attached.

6. The base salary of a person in the employ of the contractor prior to the execution of the contract will not be approved at a base salary in excess of that paid immediately prior to execution plus such increases as the contractor customarily grants for work away from the home office, except that, in cases where the classifications of such a person is changed incident to or during his assignment to the project, the salary range in the approved salary schedule shall govern.

7. *With regard to overtime payments.* a. Group "A" employees will be paid at the rate of time and one-half for all work which they are required to perform in excess of 40 hours during the first six days of any regularly scheduled work week, and at the rate of two times straight time for work which they are required to perform on the seventh consecutive day of such work week.

b. Group "B" employees will be paid at the rate of straight time for all work which they are required to perform in excess of 40 hours per week.

c. Group "C" employees will work any necessary number of hours (including work on Sundays) without payment of additional compensation.

[1] Where pay-rolls are prepared by the Government the audit thereof by the Government will be concurrent with such preparation.

[2] If not applicable, this section will be omitted.

d. Group "D" employees normally employed on an hourly basis will be granted the same overtime pay as the laborers and mechanics under their supervision. Group "D" employees employed on a weekly or monthly basis will be governed by the overtime provisions applicable to employees in Groups "A", "B", or "C".

8. *With regard to holiday payments:*

a. No deductions from weekly or monthly base salaries of employees in Groups "A", "B", and "C" shall be made for approved absences on customary holidays, and no premium wage or extra compensation shall be paid for work on such holidays, except that employees in Group "A" who are required to work on the holidays specified below, shall be paid at the rate of one and one-half times the straight time rate:

New Year's Day.	Thanksgiving Day.
July Fourth.	Christmas Day.
Labor Day	Memorial Day.

b. Group "D" employees normally employed on an hourly basis will be granted the same overtime pay as the laborers and mechanics under their supervision. Group "D" employees employed on a weekly or monthly basis will be governed by the holiday provisions applicable to Groups "A", "B", or "C."

9. *Work on the seventh consecutive day:*

a. Since it is the policy to provide that each worker will have one day of rest in seven, operations shall be arranged so as to permit one scheduled day of rest in each seven for all employees not engaged in an executive or supervisory capacity.

b. Only in situations of emergency will approval be granted to work, on the seventh consecutive day or more than 48 hours in any scheduled work week, those employees who are not engaged in executive or supervisory capacities. The Contracting Officer will obtain the prior approval of the Division Engineer or his designated representative before approving work in such cases.

10. *Leave privileges:* All employees of Groups "A", "B", "C", and those employees of Group "D" who are employed on a weekly or monthly basis, shall accrue leave with pay at the rate of two days per month for each month of service in lieu of any sick or vacation allowance, subject to the following rules:

a. Leave granted for any reason in excess of two days per month will not be reimbursable.

b. Leave may be granted by the contractor, with the approval of the Contracting Officer, at such time or times as may be deemed in the best interests of the Government. Leave may be granted during the course of employment or at the completion of employment.

c. No leave will be accrued to any employee in excess of 48 days.

d. Unearned leave may not be advanced.

e. Employees separated because of their own misconduct (including such causes as insubordination, drunkenness on the job, theft, etc.) shall forfeit any leave which they may have accrued at the time of separation.

f. Employees who resign, or are involuntarily separated for causes not due to their misconduct, shall be entitled to all leave to and including date of separation.

g. Employees shall be charged with leave only for absence on days upon which they would normally be on duty.

h. The minimum charge for leave shall be one hour. Leave granted for less than one full day shall be proportionately charged.

i. Leave may not be granted for days of disability because of accidents which are covered by compensation insurance.

11. *Approved salary schedule:*

§ 813.1304 *W. D. Contract Form No. 4.*

Contract No. W-------

FIXED FEE ARCHITECT-ENGINEER CONTRACT WITH OPTIONAL SUPERVISION, WAR DEPARTMENT

Architect-engineer and address: ----------
Contract for architect-engineer services in connection with ----------
Location ----------
Fixed fee for title I $----------
for title II $----------
Estimated construction cost exclusive of fixed fee ----------
Payment ------- To be made by----------

The supplies and services to be obtained by this instrument are authorized by, are for the purpose set forth in, and are chargeable to the following procurement authority or authorities, the available balances of which are sufficient to cover the cost of the same:

This contract is authorized by the following Laws:

FIXED FEE ARCHITECT-ENGINEER CONTRACT WITH OPTIONAL SUPERVISION

This contract, entered into this ------ day of ----------, 19----, by The United States of America (hereinafter referred to as "the Government"), represented by the Contracting Officer executing this contract, and------

---

---

[1] a corporation organized and existing under the laws of the State of ----------

---

[1] a partnership consisting of ----------

---

[1] an individual trading as ----------
in the City of ----------
State of ----------
(hereinafter referred to as "the Architect-Engineer"), witnesseth that:

---

[1] Delete all lines which do not apply.

Whereas, the accomplishment of the hereinafter described work and services is authorized by law and will facilitate the prosecution of the war; and

Whereas, it is deemed by the Secretary of War to be advantageous to the war effort to employ the Architect-Engineer to render services as hereinafter set forth for the preparation of necessary reports, designs, drawings, specifications, and other documents; and, at the option of the Government, for technical supervision of the construction of the project described in Article I–A hereof; and

Whereas, the Secretary of War has authorized the Government to negotiate this Cost-Plus-A-Fixed-Fee Architect-Engineer contract:

Now, therefore, the parties hereto do mutually agree as follows:

TITLE I

ARTICLE I–A. *Description of Project.* 1. The project shall be located at or near and is generally described as follows:

ART. I–B—*Statement of Architect-Engineer services.* The Architect-Engineer shall, in the shortest reasonable time, establish and maintain an office at or near the site of the work under the full-time resident direction of the Architect-Engineer; of one or more principal partners if the Architect-Engineer is a partnership or in case the Architect-Engineer is a corporation, association, or similar legal entity, one or more corporate officers thereof; or a responsible representative approved by the Contracting Officer; and the Architect-Engineer shall perform the following services (in addition to such services which may be required to be performed under Title III of this Contract):

a. Make all necessary topographical and other surveys and maps; arrange for and supervise necessary test borings and other subsurface investigations; *Provided, however,* That this provision is not to be deemed to require the Architect-Engineer to make real estate or boundary surveys.

b. Prepare, subject to the approval of the Contracting Officer, preliminary studies, sketches, and layout plans and reports including estimates of cost of the proposed project and of all structures, utilities and appurtenances thereto.

c. Adapt Government designs, drawings, specifications and standards for buildings and other structures as necessary to meet the requirements of the approved layout of the proposed project, and prepare detailed designs, specifications and drawings in required form for which Government designs are incomplete or unavailable.

d. Obtain necessary permits and approvals from all local, State, and Federal authorities. Should it become necessary in the performance of the work and services for the Architect-Engineer to secure the right of ingress and egress to perform any of the work required by this contract on properties not owned or controlled by the Government, the Architect-Engineer shall secure the consent of the owner, his representative, or agent, prior to effecting entry on such property. In the event the owner requires the payment of any fee for a license to enter upon and/or use such property, the Architect-Engineer, when so directed by the Contracting Officer, shall pay such fee and obtain a receipt therefor.

e. Prepare estimates of material quantities required to construct the project.

f. When preliminary drawings are approved in writing by the Contracting Officer, prepare final designs, detailed working drawings and specifications in accordance with Government standards necessary for the effective coordination and efficient execution of the construction work and revise such drawings and specifications if necessary. Unless otherwise directed or authorized by the Contracting Officer, drawings will be prepared in pencil on tracing paper or pencil tracing cloth of approved quality by such methods and of such quality of workmanship as will permit the revision of such drawings for record purposes and the making of satisfactory reproductions thereof. Drawings shall be prepared in ink on linen only where satisfactory results cannot be obtained otherwise. Prepare copies of the specifications and sets of full size copies of working drawings in such manner and in such numbers as the Contracting Officer may require. There shall be included in the specifications all provisions which the Contracting Officer may direct to have incorporated therein relating to the negotiating or awarding of contract or contracts, conditions under which the work shall be done, and any special provisions required by statute or existing War Department regulations or instructions.

g. Prepare an estimate of the cost of the proposed project based on the approved designs, drawings and specifications therefor.

h. Establish a permanently monumented base line, with elevations, tied into North American Datum, unless specifically exempted by written instructions of the Contracting Officer.

i. Check and approve all shop and working drawings submitted in connection with the construction work to assure that they conform with approved drawings.

j. Assist the Contracting Officer in preparing invitations for offers, analyzing and evaluating proposals for a construction contract or contracts based upon the approved drawings and specifications.

ART. I–C. *Period of service.* The Architect-Engineer shall complete all work and services under Title I of this contract except work and services required under subsection 1 of Article I–B, within -------- months after the date of this contract, but such services will extend thereafter, without additional fee, until the services set forth in Article I–B are complete or otherwise terminated.

ART. I–D. *Fixed fee and reimbursement of expenditures.* 1. In consideration for his undertakings under this Title I, the Architect-Engineer shall be paid the following:

a. A fixed fee in the amount of----------
---------- Dollars ($----------) which shall constitute complete compensation under this Title I for the Architect-Engineer's services, including the services of the resident partners or corporate officers, or the representative referred to in Article I–B and also all general overhead expenses except as otherwise herein expressly provided. Payments on account of the fixed-fee shall be made as provided in Article III–G hereof.

b. Reimbursement for expenditures as specified in Article III–E hereof.

TITLE II

At any time prior to six months after satisfactory completion and acceptance of the work and services to be furnished under Title I except subsection 1 of Article I–B, the Government, at its option, may direct, by a written order, the Architect-Engineer to perform the work and services provided under this Title II. Upon receipt of such direction, the Architect-Engineer shall proceed with such work and services.

ART. II–A. *Services to be furnished by Architect-Engineer.* 1. The Architect-Engineer shall perform the following services:

a. Furnish all governing lines, bench marks and grades essential to the construction of the project.

b. Supervise the work included in this contract to assure the construction of every part of the work in accordance with the approved drawings and specifications within the areas and boundaries designated for the project.

c. Make such field and laboratory tests of concrete and concrete aggregates and other materials at the site or at any time or place as the Contracting Officer may require. Inspect and report to the Contracting Officer in writing as to the conformity or nonconformity of the workmanship and materials to specifications; and on the progress of the project.

(1) When so directed by the Contracting Officer, arrange for, by subcontract or otherwise, and supervise tests and inspections of materials and workmanship by commercial testing laboratories or other similar agencies, either at such laboratories or at the points of manufacture or fabrication of materials. The cost of such tests and inspection shall be reimbursable and subcontracting thereof shall entail no adjustment in the fixed fee.

d. Furnish for the approval of the Contracting Officer:

(1) Labor estimates, to be prepared with the assistance of the Contractor, showing the approximate numbers, trades and dates required to meet the approved construction schedule.

(2) In addition to the requirements of Article III–L, semimonthly progress reports in approved form showing the progress of the construction work and any deviation from the approved construction schedule.

e. Upon termination or completion of this contract, as determined by the Contracting Officer, and before final payment of the fixed-fee, the Architect-Engineer shall:

(1) Prepare record drawings to show construction as actually accomplished. These record drawings shall be prepared by correcting drawings as prepared for construction purposes or, where construction drawings cannot be satisfactorily revised for record purposes, by preparation of appropriate new drawings. All such drawings shall be prepared in pencil on tracing paper or pencil tracing cloth of approved quality unless otherwise directed or authorized by the Contracting Officer. Drawings shall be prepared in ink on linen only where satisfactory results cannot be obtained otherwise.

(2) Supervise the testing of operating units designed by the Architect-Engineer to assure their conformance with specifications and furnish all engineering services necessary to secure such conformance.

(3) Prepare instructions for the proper operation and maintenance of all utilities and operating equipment designed by him.

(4) Assist in preparation of the completion report for the project.

f. Prepare such partial and final estimates of quantities and values of construction work performed under lump sum and unit price contracts and/or subcontracts as may be necessary to provide the data required under the payment provisions of such contracts and/or subcontracts.

g. Perform such other services as may be required under the provisions of Title III hereof.

ART. II–B. *Period of service.* The period of service of the Architect-Engineer under this Title II is estimated as ---------- months from receipt of order to proceed thereunder, but will extend thereafter until the services set forth herein are complete or otherwise terminated. If for any reason the time required of the Architect-Engineer under this Title II is extended for more than thirty (30) calendar days beyond that estimated in this Article, there shall be an equitable adjustment in the Architect-Engineer fixed fee, as may be agreed upon between the Architect-Engineer and the Contracting Officer.

ART. II–C. *Fixed-fee and reimbursement of expenditures.* 1. In consideration for his undertakings under this Title II, the Architect-Engineer shall be paid the following:

a. Fixed-Fee in the amount of ----------
---------- dollars ($--------) which shall constitute complete compensation under this Title II for the Architect-Engineer's services, including the services

of the resident partners or corporate officers, or the representative referred to in Article I–B, and all general overhead expenses except as otherwise herein expressly provided. Payment on account of the fixed-fee shall be made as provided in Article III–G hereof.

b. Reimbursement for expenditures as specified in Title III.

TITLE III

The provision of this title shall apply to this entire contract, to-wit: To Title I and likewise to Title II, should Title II become operative as provided therein.

ART. III–A. *Additional services to be performed by Architect-Engineer.* 1. Without additional compensation the Architect-Engineer shall perform the following services:

a. The Architect-Engineer, or any member of the organization, when requested, shall consult and advise with the Contracting Officer on any questions which may arise in connection with the service furnished under this contract.

b. Prepare schedules and charts showing the sequence of operations in the construction of each of the several portions of the work.

c. Prepare estimates showing the quantities of critical and important materials and length of time after award of the construction contract when such materials will be required on the site.

d. Perform all other architectural and engineering services within the scope of this contract, required by the Contracting Officer.

ART. III–B. *Records and accounts, inspection and audit*—1. *Records and books of account.* The Architect-Engineer agrees to keep records and books of account, showing the actual cost to him of all items of labor, material, equipment, supplies, services, and other expenditures of whatever nature for which reimbursement is authorized under the provisions of this contract. The system of accounting to be employed by the Architect-Engineer shall be such as is satisfactory to the Contracting Officer.

2. *Access to records by Contracting Officer and Architect-Engineer.* The Contracting Officer shall at all times be afforded proper facilities for inspection of the work and shall at all times have access to the premises, work and materials, to all books, records, correspondence, instructions, plans, drawings, receipts, vouchers, and memoranda of every description of the Architect-Engineer pertaining to said work except such documents as are submitted in support of reimbursement vouchers; and the Architect-Engineer shall preserve such papers, without additional compensation therefor, for a period of three (3) years after completion or termination of this contract. Likewise, any duly authorized representative of the Architect-Engineer shall be accorded the privilege of examining the books, records, and papers of the Contracting Officer relating to the actual cost of the work for the purpose of checking and verifying such cost.

3. *Auditing functions.* In order to avoid so far as possible duplication in accounting and auditing functions performed by the Architect-Engineer and the Government, it is agreed that the following accounting and auditing function shall be performed by the Government exclusively.

a. Time Checking in the field or in the Architect-Engineer's plant (not time keeping).

b. Audit of original payrolls of the Architect-Engineer (or such portions thereof as are applicable), where such payrolls are prepared by the Architect-Engineer.[1]

[1] Where payrolls are prepared by the Government the audit thereof by the Government will be concurrent with such preparation.

c. Checking of equipment rentals and the preparation and delivery of properly approved rental rolls to the Architect-Engineer for payment.

d. Such other accounting and auditing functions as may be effectively performed by Government employees and to which the Contracting Officer and the Architect-Engineer may mutually agree in writing.

4. *Discharge of functions.* It is further agreed that if any of the accounting and auditing functions performed exclusively by the Government do not adequately discharge such accounting and auditing functions to the satisfaction of the Architect-Engineer, the Architect-Engineer with the approval in writing of the Contracting Officer, may perform such additional checking and auditing as may be so approved. The Architect-Engineer shall be reimbursed for the cost of such additional accounting and auditing functions as are so approved.

ART. III–C. *Equipment and services to be furnished by the Government.* 1. The Government shall provide for the use of the Architect-Engineer's field organization during the period covered by this contract, all office and drafting room space, supplies, equipment, facilities, and services necessary for the proper performance of work hereunder.

a. If any of the foregoing articles, equipment, services or other items required by the Architect-Engineer's field organization are not promptly made available by the Government, the Architect-Engineer, when such action is approved by the Contracting Officer, shall procure such items and the Architect-Engineer shall be reimbursed for expenses incurred in connection therewith, provided that direct payment by the Government shall be made as prescribed in Article III–E, Section 2 hereof for any communication services mentioned in that Article which the Architect-Engineer procures. Unless procurement on a rental basis is approved in advance by the Contracting Officer, all items of office equipment which the Architect-Engineer procures under this section shall be purchased and title thereto shall vest in the Government. Third party rental agreements made for items covered by this provision shall be terminable at the option of the Government and, except for third-party owned motor-propelled vehicles, shall not contain a recapture clause.

2. Except as to property the liability for which is fixed by any other instrument or agreement or by some other provision of this contract, the Architect-Engineer shall not be liable for loss or destruction of or damage to property of the Government in the possession or control of the Architect-Engineer in connection with this contract unless such loss, damage or destruction results from wilful misconduct or failure to exercise good faith on the part of the Architect-Engineer's corporate officers or other representatives having supervision or direction of the operation of the whole of the Architect-Engineer's business or of the whole of any plant operated by the Architect-Engineer in the performance of this contract.

3. In the event office space at or near the site of the work is not provided by the Government in sufficient time to permit the work and services described herein to be performed efficiently and expeditiously, the Architect-Engineer, if approved in advance in writing by the Contracting Officer, may rent or lease such space at a convenient location, or if such rented or leased space is not available, may arrange by subcontract or otherwise for the construction of a temporary structure or stuctures to meet his immediate needs, on Government owned or controlled property or on privately owned property leased for such purpose.

ART. III–D. *Estimated cost of construction.* 1. The present preliminary estimated construction cost of the project on which the services of this contract are based is approximately_____Dollars ($_____) exclusive of Architect-Engineer's fixed-fee. It is expressly understood, however, that neither the Government nor the Architect-Engineer guarantees the correctness of this estimate.

ART III–E. *Reimbursement for expenditures.* 1. In addition to the payment of the fixed-fee as specified herein, the Architect-Engineer will be reimbursed for such of his actual expenditures in the performance of the work as may be approved or ratified by the Contracting Officer and as are included in the following items:

a. Actual salaries or wages paid to principal assistant engineers, engineers, architects and other technical, administrative and field employees of the Architect-Engineer directly engaged in the work including those in both his home and field office. The payment of any excess over the scheduled amounts shown in the approved salary schedule, Appendix "C" attached hereto and made a part hereof, shall not be reimbursable, unless and until the Chief of the Technical Service has so approved in writing.

b. In case the full time of one or more employees of the Architect-Engineer is not applied to the work hereunder, the salaries or wages of such employees shall be included in this item only in proportion to the actual time applied thereto.

c. Travel: (1) If the Architect-Engineer and/or his representatives shall be required to travel, the Government will reimburse the Architect-Engineer for the transportation, including Pullman where necessary, and will allow the traveler Six Dollars ($6.00) per day in lieu of all other expenses.

(2) All travel shall be either authorized or approved in writing by the Contracting Officer. Should the Architect-Engineer, or any representative thereof, remain in a travel status in excess of six (6) days at any one time, not including the time consumed in travel the cost for such excess travel status shall be at the expense of the Architect-Engineer unless otherwise ordered in writing by the Contracting Officer.

(3) Authorized transportation by automobile shall be reimbursed at the rate of Five Cents ($.05) per mile as representing the actual cost of such transportation.

d. Payment from his own funds made by the Architect-Engineer under the Federal Social Security Act and any applicable state or local taxes, fees or charges which the Architect-Engineer may be required to pay from his own funds on account of this contract.

e.–h. (Insert clauses a to d set forth in § 803.365 (b)).

i. Subcontracts, when approved by the Contracting Officer. Unless otherwise expressly provided for in this contract, subcontracting of any services covered by this contract shall be subject to a decrease in the fixed fee by an equitable adjustment on the basis of the decrease in services due to such subcontracting.

j. Temporary rights in land required in connection with the work and services hereunder, when approved in writing by the Contracting Officer.

k. Expenditures made by the Architect-Engineer under the provisions of Article III–C and III–F of this contract.

l. Such other items as should in the opinion of the Contracting Officer, be included in the cost of the work, *provided* that when such items are allowed by the Contracting Officer, they shall be specifically certified as being allowed under this subsection.

m. All expenditures for which reimbursement has not been made pursuant to Letter Contract dated _____, a copy of which is attached hereto. Such Letter Contract is hereby merged and superseded by this contract.[1] This subparagraph *m* shall be deemed

[1] This contract will bear same date as letter contract.

to be included herein if and only if this contract is preceded by a Letter Contract.

n. Rental for equipment owned and furnished by the Architect-Engineer, subject to such rental rates, terms and conditions as may be approved by the Contracting Officer; provided that the necessity for the use of such equipment is approved in advance by the Contracting Officer; and provided, further, that such equipment shall not be subject to recapture.

o. Rental paid by the Architect-Engineer for third-party-owned motor propelled vehicles. Each agreement for the rental of such equipment shall be in a form prescribed by the Contracting Officer, shall be subject to his approval and shall include provisions (1) that title to such equipment free of all liens and encumbrances shall vest in the Government when and if the total rental paid and/or accrued to the lessor for any item of equipment shall equal the approved value thereof plus one per cent (1%) of the approved value per month for each contract month or fraction thereof such piece of equipment shall have been in use, and that on demand the lessor will deliver to the Contracting Officer such evidences of title as he shall demand; and (2) that at any time prior to termination of such rental agreement, the Government may at its option purchase any piece of equipment by paying the lessor the difference between the valuation of such piece of equipment plus one per cent (1%) of the approved value per month for each contract month or part thereof such piece of equipment shall have been in use, and the total rental theretofore paid for such piece of equipment, provided, however, that either of such provisions may be omitted from such rental agreements if the omission is approved by the Chief of the Technical Service.

p. Fees for necessary permits and licenses under subparagraph *d* of Article I–B hereof.

q. Expenses of procuring necessary field forces and the transportation and traveling expenses to the work of such personnel (including personnel already in the employ of the Architect-Engineer) for the economical and successful prosecution of the work, and return when such services are no longer required; expenditures under these items shall be either authorized or approved in writing by the Contracting Officer.

r. Reimbursement under this Article shall include all actual expenditures directly chargeable to the work and services provided herein performed at the Architect-Engineer's home office, its field office, or elsewhere.

s. In the event the Contracting Officer shall determine that the best interests of the Government require that the Architect-Engineer initiate or defend litigation in connection with claims of third parties arising out of the performance of this contract, the Architect-Engineer will proceed with such litigation in good faith and the costs and expenses of such litigation, including judgments and court costs, allowances rendered or awarded in connection with suits for wages, overtime or salaries, and reasonable attorneys' fees for private counsel when the Government does not furnish Government counsel, shall be reimbursable under this contract.

2. No salary, wages or like compensation of the Architect-Engineer, partners or corporate officers of the Architect-Engineer's organization and no salary, wages or like compensation of the resident manager referred to in Article I–B shall be included in the cost of the work; nor shall any interest on capital employed or on borrowed money be included in the cost of the work.

ART. III–F. *Expert technical assistance.* 1. When in the judgment of the Contracting Officer the complexity and nature of the project are such as to require expert technical assistants, or services, or advice in connection with special phases of the work such as site planning, aerial surveys, manufacturing processes, or other problems of a highly technical character, the Architect-Engineer may obtain by subcontract, or otherwise, when so ordered by the Contracting Officer, such supplemental professional services as are necessary for the proper performance of this contract. The obtaining of such supplemental professional services shall entail no adjustment of the fixed-fee.

2. The provisions of the above section shall not apply to the usual professional services normally furnished by Architect-Engineers, including but not limited to topographic surveys, design of water supply and sewerage systems, power plants and other utilities, structures and foundations. If, in the opinion of the Contracting Officer, it is essential for the proper prosecution of the work that the Architect-Engineer obtain expert technical advice or consulting services in connection with those classes of service not included in section 1 above, the cost of obtaining such advice or service shall not be reimbursable except for the salaries of employees of such consultants, when assigned to the work on a full-time basis.

ART. III–G. *Method of payment.* 1. Payments to the Architect-Engineer are to be made as follows:

a. At intervals of not less than two weeks, the Architect-Engineer shall prepare a statement of the actual salaries paid, as hereinbefore mentioned, during the preceding period of two weeks, together with a statement of all other reimbursable expenses and including an estimate of the portion of the Architect-Engineer's fixed-fee earned. These statements, with original certified payrolls, receipted bills for all expenses including materials, rentals, supplies and equipment, and all other supporting data as may be required, shall be delivered to the Contracting Officer. The approved amounts of such statements shall be the basis for the preparation of the public voucher.

b. Payments of reimbursable cost items and of 90% of the amount of the Architect-Engineer's fee earned shall be made on vouchers approved by the Contracting Officer on standard forms, as soon as practicable after the submission of statements, supported by original certified payrolls, receipted bills for all expenses including materials, supplies and equipment, rentals, and all other supporting data. Upon completion of the project and its final acceptance the Architect-Engineer shall be paid the unpaid balance of any money due the Architect-Engineer hereunder.

c. Prior to final payment and as a condition thereof the Architect-Engineer shall furnish the Government with a release of all claims against the Government arising under and by virtue of this contract, other than (1) such claims, if any, as may be specifically excepted by the Architect-Engineer from the operation of the release in stated amounts to be set forth therein, or in estimated amounts where the amounts are not susceptible of exact statement, and (2) any claim based upon responsibility of the Architect-Engineer to third parties arising out of the performance of this contract not known to the Architect-Engineer at the time of furnishing the release.

d. Even though the existence or amount thereof shall not be determined until after the furnishing of such release as is described next above, reimbursement to be made for payments made by the Architect-Engineer shall include, along with wages and salaries otherwise reimbursable, all additional amounts determined either by approval of the Contracting Officer or by litigation (as provided in Subsection r, Section 1, Article III–E) to be due and payable for overtime compensation and allowances under local, state or Federal laws in connection with such wages and salaries.

e. The Architect-Engineer shall promptly notify the Contracting Officer of any claims of the type described in clause (2) of Subsection c of this Section which are asserted subsequent to the execution of the release.

f. In the event that the Government does not exercise the option under Title II of this contract within 30 days after the satisfactory completion and acceptance by the Contracting Officer of the work done by the Architect-Engineer under Article I–B, subsections *a* through *h* inclusive, the Architect-Engineer shall be paid the unpaid balance of any money due for work done under said Article I–B, subsections *a* through *h* inclusive.

ART. III–H. *Drawings and other data to become property of Government.* 1. All drawings, designs and specifications are to become the property of the Government on completion as outlined in this contract, and the Government shall have full right to use said drawings, designs and specifications as instruments for the purpose of constructing under contract or otherwise any buildings or other structures for the sole use of the Government when and where the Government may designate, without any claim on the part of the Architect-Engineer for additional compensation.

2. All notes, designs, drawings and other data concerning the project shall be delivered to the Government whenever requested by the Contracting Officer and, furthermore, access to such data shall be restricted to trusted and duly authorized representatives of the Government and of the Architect-Engineer.

ART. III–I. *The Contracting Officer's decisions.* 1. The extent and character of the work to be done by the Architect-Engineer shall be subject to the general supervision, direction, control, and approval of the Contracting Officer, to whom the Architect-Engineer shall report and be responsible.

ART. III–J. *Disputes.* (Insert article in § 803.326)

ART. III–K. *Changes in work or services.* 1. The Contracting Officer may at any time by written order issue additional instructions, require additional work or services or direct the omission of work or services covered by this contract. If such changes cause a material increase or decrease in the amount or character of the work and services to be done under this contract an equitable adjustment of the amount of the fixed fee to be paid the Architect-Engineer shall be made and the contract shall be modified in writing accordingly. Any claim for adjustment under this Article must be asserted within 10 days from the date the change is ordered (unless the Contracting Officer, with the approval of the Secretary of War or his duly authorized representative, shall grant a further period of time prior to the date of final settlement of the contract). Nothing provided in this Article shall excuse the Architect-Engineer from proceeding with the prosecution of the work so changed. There shall be no adjustment in the amount of the fixed fee as provided herein, nor any claim therefore because of any errors and/or omissions made in computing the estimated cost of the work under this contract or where the actual cost varies from the estimated cost.

ART. III–L. *Termination for cause or for convenience of the Government.* 1. The Government may terminate this contract at any time and for any cause by a notice in writing from the Contracting Officer to the Architect-Engineer. Upon receipt of such notice the Architect-Engineer shall, unless the notice directs otherwise, immediately discontinue all work and the placing of all orders for materials, facilities and supplies in connection with performance of this contract and shall proceed to cancel promptly all existing orders and terminate work under subcontracts insofar as such orders and/or work are chargeable to this contract.

2. Upon the termination of this contract, full and complete settlement of all claims of

the Architect-Engineer arising out of this contract shall be made as follows:

a. The Government shall assume and become liable for all obligations, commitments, and claims that the Architect-Engineer may have theretofore in good faith undertaken or incurred in connection with said work and in accordance with the provisions of this contract; and the Architect-Engineer shall, as a condition of receiving the payments mentioned in this Article, execute and deliver all such papers and take all such steps as the Contracting Officer may require for the purpose of fully vesting in the Government the rights and benefits of the Architect-Engineer under such obligations or commitments.

b. The Government shall reimburse the Architect-Engineer for all expenditures made in accordance with Article III–E and not previously reimbursed.

c. The obligations of the Government to make any of the payments required by this Article, or by Article III–G of this contract, shall be subject to any unsettled claims for labor or material or any claim the Government may have against the Architect-Engineer.

3. If the contract is terminated for the convenience of the Government, the Architect-Engineer will be paid promptly that proportion of the prescribed fixed-fee which the work actually performed bears to the total work called for under this contract, less fixed-fee payments previously made, and the Government shall further reimburse the Architect-Engineer for such essential expenditures, made after the date of termination, for the protection of Government property and for accounting services in connection with the settlement of this contract, as the Contracting Officer may approve.

4. If the contract is terminated due to the fault of the Architect-Engineer, no further payments on account of the fixed-fee will be made.

ART. III–M. *Progress reports and changes in personnel.*

1. The Architect-Engineer shall promptly, after the execution of the contract, prepare and submit to the Contracting Officer, for approval, a schedule showing the order in which the Architect-Engineer proposes to carry on the work, with dates on which he will start the several salient features of the work and the contemplated dates for completing the same. The schedule shall be in the form of a progress chart at suitable scale as to indicate with symbols the percentage completed at any time. The Architect-Engineer shall correct the progress schedule at the end of each week and shall immediately deliver to the Contracting Officer three copies of the same.

2. The Architect-Engineer shall furnish sufficient technical, supervisory and Administrative personnel to insure the prosecution of the work in accordance with the approved progress schedule. If, in the opinion of the Contracting Officer, the Architect-Engineer falls behind the prograss schedule, the Architect-Engineer shall take such steps as may be necessary to improve his progress and the Contracting Officer may direct him to increase working days per week, or hours of labor per day and failure to promptly comply with such directions shall be deemed sufficient cause to terminate the contract.

3. When in the opinion of the Contracting Officer the Architect-Engineer's personnel and/or overhead is excessive for the proper performance of this contract, reductions thereof shall be made as required by the Contracting Officer.

ART. III–N. *Convenant against contingent fees.* (Insert clause in § 803.323)

ART. III–O. *Officials not to benefit.* (Insert clause in § 803.322)

ART. III–P. *Assignment of claims.* (Insert clause in § 803.355)

ART. III–Q. *Anti-discrimination.* (Insert clause in § 803.325)

ART. III–R. *Convict labor.* (Insert clause in § 803.345)

ART. III–S. *Dismissals.* 1. The Contracting Officer may require the Contractor to dismiss from work such employee or employees as the Contracting Officer deems incompetent, careless, or insubordinate or whose continued employment is deemed inimical by the Contracting Officer to the public interest. The Architect-Engineer shall make every reasonable effort in the selection of his employees and in the prosecution of the work under this contract to safeguard plot drawings and schematic drawings furnished him, and drawings and specifications, and to prevent the theft or unauthorized use of the same.

ART. III–T. *Accident prevention.* (Insert clause in § 803.362)

ART. III–U. *Insurance.* (Insert § 803.365 (c))

ART. III–V. *Renegotiation.* (See § 803.342 and Part 812)

ART. III–W. *Approval required.*

1. This contract shall be subject to the approval of ---------- and shall not be binding unless so approved.

ART. III–X. *Definitions.*

1. The term "Chief of the Supply Service" refers to the head of a service of the War Department, viz., the Chief of Engineers, the Chief of Ordnance, or the Chief of Chemical Warfare Service.

2. The terms "Secretary of War" and "Chief of the Supply Service" shall include their duly authorized representatives as the case may be other than the Contracting Officer.

3. The terms "Secretary of War" and "Chief of Engineers" shall include any person or board authorized by the Secretary of War or the Chief of the Supply Service, as the case may be, to act for him, other than the Contracting Officer.

4. Except for the original signing of this contract, the term "Contracting Officer" as used herein shall include his duly appointed successor or his authorized representative.

ART. III–Y. *Alterations.*

The following changes were made in this contract before it was signed by the parties hereto:

In witness whereof, the parties hereto have executed this contract as of the day and year first above written.

APPENDIX "C"

There is set forth below the present key employees proposed to be furnished under this contract indicating their names, description of work to be performed, an expression as to whether the salaries are based on a weekly, monthly or annual basis, and the maximum salary agreed upon to be paid for services in the position indicated for personnel now employed.

Name	Position	Salary based on weekly (W) monthly (M) or annual basis.	Maximum salary agreed to be paid under contract.

For the purposes of this Appendix "C" it is understood that

1. "Non-manual employees" are those employees who are not "Laborers and mechanics" within the meaning of the Davis-Bacon Act. The term "Non-manual employees" includes all occupations not involving manual labor directly in connection with construction work. Custodial employees are included within the term "non-manual employees." The following is a list (not all inclusive) of typical "non-manual" occupations:

Accountants.	Office Machine Operators.
Architects.	Office Managers.
Auditors.	Project Managers.
Axemen.	Purchasing Agents.
Bookkeepers.	Rodmen.
Chainmen.	Stenographers.
Checkers.	Stewards.
Chiefs of Party.	Storekeepers.
Clerks.	Superintendents.
Cooks.	Telephone Operators.
Draftsmen.	Timecheckers.
Engineers.	Timekeepers.
Executives of any kind.	Tool Checkers.
Guards.	Transitmen.
Levelmen.	Typists.
Material Checkers.	Waiters.
Material Clerks.	Watchmen.
Messengers.	Waterboys.

2. Non-manual employees will be classified in the following groups:

a. Group "A." Employees whose base salaries are $53.31 or less per week.

b. Group "B." Employees whose base salaries are over $53.31 and not over $90.00 per week.

c. Croup "C." Employees whose base salaries are over $90.00 per week.

d. Group "D." Trade foremen employed by construction contractors.

3. The base salaries of all employees in Groups "A" and "B" are based on a work week of 40 hours. The base salaries of all employees in Group "C" are based on a minimum work week of 48 hours.

4. No offer of employment will be made to any prospective employee for work of the same general classification and responsibility as his present employment at a rate exceeding his present salary.

5. The base salary of a person not in the employ of the Architect-Engineer prior to the execution of this contract will not be approved at a rate in excess of the maximum prescribed for the job classification in the approved salary schedule attached.

6. The base salary of a person in the employ of the Architect-Engineer prior to the execution of the contract will not be approved at a base salary in excess of that paid immediately prior to execution plus such increases as the Architect-Engineer customarily grants for work away from the home office, except that, in cases where the classifications of such a person is changed incident to or during his assignment to the project, the salary range in the approved salary schedule shall govern.

7. *With regard to overtime payments:*

a. Group "A" employees will be paid at the rate of time and one-half for all work which they are required to perform in excess of 40 hours during the first six days of any regularly scheduled work week, and at the rate of two times straight time for work which they are required to perform on the seventh consecutive day of such work week.

b. Group "B" employees will be paid at the rate of straight time for all work which they are required to perform in excess of 40 hours per week.

c. Group "C" employees will work any necessary number of hours (including work on Sundays) without payment of additional compensation.

d. Group "D" employees normally employed on an hourly basis will be granted the same overtime pay as the laborers and mechanics under their supervision. Group "D" employees employed on a weekly or monthly basis will be governed by the overtime provisions applicable to employees in Group "A," "B" or "C."

8. *With regard to holiday payments:*

a. No deductions from weekly or monthly base salaries of employees in Groups "A," "B," and "C" shall be made for approved absences on customary holidays, and no premium wage or extra compensation shall be paid for work on such holidays, except that employees in Group "A" who are required to work on the holidays specified below, shall be paid at the rate of one and one-half times the straight time rate:

New Year's Day.	Thanksgiving Day.
July Fourth.	Christmas Day.
Labor Day.	Memorial Day.

b. Group "D" employees normally employed on an hourly basis will be granted the same overtime pay as the laborers and mechanics under their supervision. Group "D" employees employed on a weekly or monthly basis will be governed by the holiday provisions applicable to Group "A", "B", or "C".

9. *Work on the seventh consecutive day.*

a. Since it is the policy to provide that each worker will have one day of rest in seven, operations shall be arranged so as to permit one scheduled day of rest in each seven for all employees not engaged in an executive or supervisory capacity.

b. Only in situations of emergency will approval be granted to work, on the seventh consecutive day or more than 48 hours in any scheduled work week, those employees who are not engaged in executive or supervisory capacities. The Contracting Officer will obtain the prior approval of the Division Engineer or his designated representative before approving work in such cases.

10. *Leave privileges.* All employees of Groups "A", "B", "C", and those employees of Group "D" who are employed on a weekly or monthly basis, shall accrue leave with pay at the rate of two days per month for each month of service in lieu of any sick or vacation allowance, subject to the following rules:

a. Leave granted for any reason in excess of two days per month will not be reimbursable.

b. Leave may be granted by the Architect-Engineer, with the approval of the Contracting Officer, at such time or times as may be deemed in the best interests of the Government. Leave may be granted during the course of employment or at the completion of employment.

c. No leave will be accrued to any employee in excess of 48 days.

d. Unearned leave may not be advanced.

e. Employees separated because of their own misconduct (including such causes as insubordination, drunkenness on the job, theft, etc.) shall forfeit any leave which they may have accrued at the time of separation.

f. Employees who resign, or are involuntarily separated for causes not due to their misconduct, shall be entitled to all leave to and including date of separation.

g. Employees shall be charged with leave only for absence on days upon which they would normally be on dtuy.

h. The minimum charge for leave shall be one hour. Leave granted for less than one full day shall be proportionately charged.

i. Leave may not be granted for days of disability because of accidents which are covered by compensation insurance.

11. *Approved salary schedule:*

NON-MANUAL EMPLOYEES OF COST-PLUS-A-FIXED-FEE PRINCIPAL AND SUBCONTRACTORS

LETTER ORDER FOR SUPPLIES (No PRICE STATED)

Contract No. ----------
(Negotiated)
Date ----------
Place ----------
Contractor ----------
Address ----------

GENTLEMEN: 1. An order is hereby placed with you for the manufacture and delivery to the Government of the following supplies:

----

2. You are directed, upon your acceptance of this order, to proceed immediately to furnish the necessary materials, jigs, dies, fixtures and gages, and other machinery and equipment,[1] and to commence the manufacture of the supplies called for in paragraph 1, and to pursue such work with all

[1] As to cases where it is anticipated that the contractor will have to purchase machinery or equipment (other than jigs, dies, fixtures and gages) in an estimated amount of more than $100.000, see § 810.1008.

diligence to the end that the supplies may be delivered to the Government at the earliest practicable date.

3. All applicable articles (other than the article "Termination for the Convenience of the Government") now required by Federal Law, Executive Order, or War Department Procurement Regulations to be included in contracts for supplies of the kind herein described are incorporated herein by reference.

4. By your acceptance hereof, you undertake without delay to enter into negotiations with the War Department looking to the execution of a definitive contract which will follow in the main War Department Contract Form No. 1[2] and will include all applicable articles then required by Federal Law, Executive Order and War Department Procurement Regulations to be included in contracts for supplies of the kind herein described. The definitive contract will also contain a detailed delivery schedule and prices, terms and conditions as agreed to by the parties, which may or may not be at variance with the provisions of this order.

5. Pending the execution of a definitive contract, each expenditure, order, subcontract or commitment made by you in furtherance of the performance of this order—

(a) for machinery or equipment other than jigs, dies, fixtures or gages, or

(b) for an amount in excess of _____ Dollars ($_____), will be subject to the written approval of the Contracting Officer, and you are not authorized to expend or obligate, in furtherance of your performance hereunder, more than _____ Dollars ($_____) in the aggregate.

6. (a) In case a definitive contract is not executed by _____, 19____ (or any subsequent date at any time mutually agreed upon) because of the inability of the parties to agree upon a definitive contract, this order will terminate on the stated date or such subsequent date, as the case may be.

(b) The Government may at any time terminate this order in whole or in part for its convenience by giving you written notice of such termination.

(c) In the event of any termination pursuant to either paragraph 6 (a) or paragraph 6 (b) of this order, you and the Contracting Officer will attempt to agree by negotiation upon a settlement estimated by the parties to be the aggregate amount (less payments previously made to you) of the costs incurred by you in the performance of this order and the amounts paid or to be paid by you or for your account in settling with the approval of the Contracting Officer your obligations for commitments made in the performance of this order. *In case of termination pursuant to paragraph 6 (b), such negotiated settlement may include a reasonable allowance for profit.*[1] Any such negotiated settlement shall be embodied in a Supplemental Agreement.

(d) If you and the Contracting Officer are not able to agree upon such a negotiated settlement within 90 days after the effective date of the termination (or within such longer period as at any time may be mutually agreed upon), the Government binds itself (without duplication of any of the following payments or of payments previously made) to reimburse you for the costs incurred by you in the performance of this order and for any amounts paid by you or for your account in settling with the approval of the Contracting Officer your obligations for commitments made in the performance of this order. In lieu of reimbursing you for expenditures made by you in settling any of your obligations for commitments, the Government, in the discretion of the Contracting Officer, may assume such obligations or any of them. The total of such reimbursement (and of all payments previously made), together with the amount of any obligations assumed, shall not exceed the amount above specified.

If such termination shall take place pursuant to paragraph 6 (a) of this order no allowance of profit will be made to you. If termination shall take place for the convenience of the Government pursuant to paragraph 6 (b) of this order, such allowance of profit will be made to you with respect to the work done by you prior to the effective date of the termination as the Contracting Officer may find to be reasonable under all the circumstances.[1]

(e) The Government may permit you to sell or retain at prices or on terms agreed to by the Government any equipment, completed supplies, materials or work in process and the proceeds of any such sale, or such agreed prices, shall be paid or credited to the Government in such manner as the Contracting Officer may direct.

(f) Upon payment or reimbursement to you pursuant to paragraph 6 (c) or 6 (d) of this order, title to all equipment, completed supplies, work in process, materials, plans, information, and other things, for which you are so paid or reimbursed (except such property as may be sold or retained by you as above provided) will vest in the Government (if title thereto has not already become vested in the Government). The Government will also become entitled to any rights under any commitment which it may assume, or for the settlement of which it shall have reimbursed you.

(g) Any dispute which arises under this paragraph 6 regarding a matter of fact (*including any dispute (1) as to whether termination has in fact taken place for the convenience of the Government or because of the inability of the parties to agree upon a definitive contract, or (2) as to the extent of any allowance of a profit in the event of a termination for the convenience of the Government*)[1] will be treated and resolved as a dispute under the "Disputes" article[2] incorporated in this order by reference.

(h) Partial payments on account of any amount admittedly due to you pursuant to this paragraph 6 may be made by the Government at any time in the discretion of the Contracting Officer.

7. After your acceptance hereof, partial and advance payments, in accordance with regulations from time to time applicable, may be made to you upon your application.

8. The sums to be expended by the Government hereunder are chargeable to the following allotments, the available balances of which are sufficient to cover the same:

_____

9. Your acceptance of this order will be indicated by affixing your signature to this letter and two copies thereof and mailing or delivering the executed original and one executed copy to the Contracting Officer not later than _____ 194____. Such acceptance will constitute this order a contract on the terms set forth herein.

10. This instrument is authorized by and has been negotiated under the First War Powers Act, 1941, and Executive Order No. 9001.

LETTER ORDER FOR SUPPLIES (PRICE STATED)

Contract No. _____
(Negotiated)
Date _____
Place _____

Contractor _____
Address _____

GENTLEMEN: 1. An order is hereby placed with you for _____
(Quantity and Item)
at a unit price of _____ Dollars ($_____).

2. Deliveries on this order shall begin on or about _____, 19__, and shall be completed on or before _____, 19__. Pending execution of a definitive contract, payment will be made at the price above mentioned for each item of supplies delivered and accepted, upon the submission of properly certified invoices or vouchers.

3. All applicable articles (other than the article "Termination for the Convenience of the Government") now required by Federal law, Executive Order, or War Department Procurement Regulations to be included in contracts for supplies of the kind herein described are incorporated herein by reference.

4. By your acceptance hereof, you undertake without delay to enter into negotiations with the War Department looking to the execution of a definitive contract which will follow in the main War Department Contract Form No. 1[1] and will include all applicable articles then required by Federal law, Executive Order and War Department Procurement Regulations to be included in contracts for supplies of the kind herein described. The definitive contract will also contain a detailed delivery schedule and prices, terms and conditions as agreed to by the parties, which may or may not be at variance with the provisions of this order.

5. Pending the execution of a definitive contract, each expenditure, order, subcontract or commitment made by you in furtherance of the performance of this order for an amount in excess of _____ Dollars ($_____) will be subject to the written approval of the Contracting Officer, and you are not authorized to expend or obligate, in furtherance of your performance hereunder, more than _____ Dollars ($_____) in the aggregate.

6. (a) In case a definitive contract is not executed by _____, 19____ (or any subsequent date at any time mutually agreed upon) because of the inability of the parties to agree upon a definitive contract, this order will terminate on the stated date or such subsequent date, as the case may be.

(b) The Government may at any time terminate this order in whole or in part for its convenience by giving you written notice of such termination.

(c) In the event of any termination pursuant to either paragraph 6 (a) or paragraph 6 (b) of this order, you and the Contracting Officer will attempt to agree by negotiation upon a settlement estimated by the parties to be the aggregate amount (less payments previously made to you) of the costs incurred by you in the performance of this order and the amounts paid or to be paid by you or for your account in settling with the approval of the Contracting Officer your obligations for commitments made in the performance of this order. *In case of termination pursuant to paragraph 6 (b), such negotiated settlement may include a reasonable allowance for profit.*[1] Any such negotiated settlement shall be embodied in a Supplemental Agreement.

(d) If you and the Contracting Officer are not able to agree upon such a negotiated settlement within 90 days after the effective date of the termination (or within such longer period as at any time may be mutually agreed upon), the Government binds itself (without duplication of any of the following payments or of payments previously made):

(1) to pay you the unit price above specified for all completed supplies;

(2) to reimburse you for the costs incurred by you with respect to the uncompleted portion of this order and for any amounts paid by you or for your account in settling with the approval of the Contracting Officer your obligations for commitments with respect to such uncompleted portion of this order. In lieu of reimbursing you for expenditures made by you in settling any of your obligations for commitments with respect to the uncompleted portion of this order, the Government, in the discretion of the Contracting Officer, may assume such obligations or any of them.

If such termination shall take place pursuant to paragraph 6 (a) of this order no allowance of profit will be made to you (except as the payment of the unit price for completed supplies may include a profit). If termination shall take place for the convenience of the Government pursuant to paragraph 6 (b) of this order, such allowance of profit (in addition to any profit included in paying the unit price for completed supplies) will be made to you with respect to the work done by you on uncompleted supplies prior to the effective date of the termination as the Contracting Officer may find to be reasonable under all the circumstances.[1]

(e) The Government may permit you to sell or retain at prices or on terms agreed to by the Government any equipment, completed supplies, materials or work in process and the proceeds of any such sale, or such agreed prices, shall be paid or credited to the Government in such manner as the Contracting Officer may direct.

(f) Upon payment or reimbursement to you pursuant to paragraph 6 (c) or 6 (d) of this order, title to all equipment, completed supplies, work in process, materials, plans, information, and other things, for which you are so paid or reimbursed (except such property as may be sold or retained by you as above provided) will vest in the Government (if title thereto has not already become vested in the Government). The Government will also become entitled to any rights under any commitment which it may assume, or for the settlement of which it shall have reimbursed you.

(g) Any dispute which arises under this paragraph 6 regarding a matter of fact (*including any dispute (1) as to whether termination has in fact taken place for the convenience of the Government or because of the inability of the parties to agree upon a definitive contract, or (2) as to the extent of any allowance of a profit in the event of a termination for the convenience of the Government*)[1] will be treated and resolved as a dispute under the "Disputes" article[2] incorporated in this order by reference.

(h) Partial payments on account of any amount admittedly due to you pursuant to this paragraph 6 may be made by the Government at any time in the discretion of the Contracting Officer.

7. After your acceptance hereof, partial and advance payments, in accordance with regulations from time to time applicable, may be made to you upon your application.

8. The sums to be expended by the Government hereunder are chargeable to the following allotments, the available balances of which are sufficient to cover the same: ____

_____

9. Your acceptance of this order will be indicated by affixing your signature on this letter and two copies thereof and mailing or delivering the executed original and one executed copy to the Contracting Officer not later than _____, 19__. Such acceptance will constitute this order a contract on the terms set forth herein.

LETTER ORDER FOR COST PLUS A FIXED FEE CONSTRUCTION

Contract No. _____
(Negotiated)
Date _____
Place _____

_____
(Contractor)
_____
(Address)

GENTLEMEN: 1. An order is hereby placed with you to furnish the equipment and materials (except such as are furnished by the Government) and perform the work necessary for the construction and completion of:

_____
_____

The cost of the project is now estimated to be _____ Dollars ($_____), exclusive of any fee to you.

2. The work shall be started immediately upon your acceptance hereof and shall be completed within _____ months thereafter. Your acceptance hereof shall operate as a notice to you to proceed.

3. All applicable articles (other than the article "Termination for the Convenience of the Government") now required by Federal law, Executive Order, or War Department Procurement Regulations to be included in contracts for work of the kind herein described are incorporated herein by reference.

4. By your acceptance hereof, you undertake without delay to enter into negotiations with the War Department looking to the execution of a definitive contract which will follow in the main War Department Contract Form No. 3[1] and will include all applicable articles than required by Federal law, Executive Order and War Department Procurement Regulations to be included in contracts for work of the kind herein described. The definitive contract will also contain detailed terms and conditions as agreed to by the parties, which may or may not be at variance with the provisions of this order.

5. Pending the execution of a definitive contract, each expenditure, order, subcontract or commitment made by you in furtherance of the performance of this order for an amount in excess of _____ Dollars ($_____) will be subject to the written approval of the Contracting Officer, and you are not authorized to expend or obligate, in furtherance of your performance hereunder, more than _____ Dollars ($_____) in the aggregate. Subject to the foregoing limitations, reimbursements will be made to you in the manner described and for the items set forth in War Department Contract Form No. 3 as reimbursable items when approved or ratified by the Contracting Officer.

6. (a) In case a definitive contract is not executed by _____, 19___ (or any

---

[1] The italicized words will be omitted where existing letter orders and letters of intent, containing no provision for the allowance of a profit in the event of termination for the convenience of the Government, are amended to contain the standard termination provisions except as authorized by §§ 815.107 (b) (3) and 803.303a (a) (2).

[2] Where the letter order is for an amount less than $20,000, the "Disputes" article will not have been incorporated by reference by virtue of paragraph 3 or 6 (g) of the letter order, since contracts in such amount are not required to contain that article (see § 803.326). In that event the language of the letter order will be appropriately modified expressly to incorporate by reference either the "Disputes" article set forth in § 803.326 or that contained in General Provision 12 of W.D. Contract Form No. 18 (§ 813.1317b).

[1] With appropriate modifications, this letter order may also be used where the definitive contract is to be written on a fixed-price contract form for supplies other than W.D. Contract Form No. 1.

[2] With appropriate modifications, this letter order may also be used where the definitive contract is to be written on W.D. Contract Form No. 4 or 12.

[1] The italicized words will be omitted where existing letter orders and letters of intent, containing no provision for the allowance of a profit in the event of termination for the convenience of the Government, are amended to contain the standard termination provisions except as authorized by §§ 815.107 (b) (3) and 803.303a (a) (2).

[2] With appropriate modifications, this letter order may also be used where the definitive contract is to be written on a fixed-price contract form for supplies other than W.D. Contract Form No. 1.

[1] Where the letter order is for an amount less than $20,000, the "Disputes" article will not have been incorporated by reference by virtue of paragraph 3 or 6 (g) of the letter order, since contracts in such amount are not required to contain that article (see § 803.326). In that event the language of the letter order will be appropriately modified expressly to incorporate by reference either the "Disputes" article set forth in § 803.326 or that contained in General Provision 12 of W. D. Contract Form No. 18 (§ 813.1317).

[1] With appropriate modifications, this letter order may also be used where the definitive contract is to be written on W.D. Contract Form No. 4 or 12.

subsequent date at any time mutually agreed upon) because of the inability of the parties to agree upon a definitive contract, this order will terminate on the stated date or such subsequent date, as the case may be.

(b) The Government may at any time terminate this order in whole or in part for its convenience by giving you written notice of such termination.

(c) In the event of any termination pursuant to either paragraph 6 (a) or paragraph 6 (b) of this order, you and the Contracting Officer will attempt to agree by negotiation upon a settlement estimated by the parties to be the aggregate amount (less payments previously made to you) of the costs incurred by you in the performance of this order and the amounts paid or to be paid by you or for your account in settling with the approval of the Contracting Officer your obligations for commitments made in the performance of this order. *In case of termination pursuant to paragraph 6 (b), such negotiated settlement may include a reasonable allowance for profit.*[1] Any such negotiated settlement shall be embodied in a Supplemental Agreement.

(d) If you and the Contracting Officer are not able to agree upon such a negotiated settlement within 90 days after the effective date of the termination (or within such longer period as at any time may be mutually agreed upon), the Government binds itself (without duplication of any of the following payments or of payments previously made) to reimburse you for the costs incurred by you in the performance of this order and for any amounts paid by you or for your account in settling with the approval of the Contracting Officer your obligations for commitments made in the performance of this order. In lieu of reimbursing you for expenditures made by you in settling any of your obligations for commitments, the Government, in the discretion of the Contracting Officer, may assume such obligations or any of them. The total of such reimbursement (and of all payments previously made), together with the amount of any obligations assumed, shall not exceed the amount above specified.

If such termination shall take place pursuant to paragraph 6 (a) of this order no allowance of profit will be made to you. If termination shall take place for the convenience of the Government pursuant to paragraph 6 (b) of this order, such allowance of a fee will be made to you with respect to the work done by you prior to the effective date of the termination as the Contracting Officer may find to be reasonable under all the circumstances; but such fee shall in no event exceed _____ per cent (____%) of so much of the estimated cost set forth in paragraph 1 as is allocable to such work.[1]

(e) The Government may permit you to sell or retain at prices or on terms agreed to by the Government any equipment, materials or work in process and the proceeds of any such sale, or such agreed prices, shall be paid or credited to the Government in such manner as the Contracting Officer may direct

(f) Upon payment or reimbursement to you pursuant to paragraph 6 (c) or 6 (d) of this order, title to all equipment, work in process, materials, plans, information, and other things, for which you are so paid or reimbursed (except such property as may be sold or retained by you as above provided) will vest in the Government (if title thereto has not already become vested in the Government). The Government will also become entitled to any rights under any commitment which it may assume, or for the settlement of which it shall have reimbursed you.

(g) Any dispute which arises under this paragraph 6 regarding a matter of fact (*including any dispute (1) as to whether termination has in fact taken place for the convenience of the Government or because of the inability of the parties to agree upon a definitive contract, or (2) as to the extent of any allowance of a fee in the event of a termination for the convenience of the Government*)[2] will be treated and resolved as a dispute under the "Disputes" article[3] incorporated in this order by reference.

(h) Partial payments on account of any amount admittedly due to you pursuant to this paragraph 6 may be made by the Government at any time in the discretion of the Contracting Officer.

7. After your acceptance hereof, partial and advance payments, in accordance with regulations from time to time applicable, may be made to you upon your application.

8. The sums to be expended by the Government hereunder are chargeable to the following allotments, the available balances of which are sufficient to cover the same:

_____

9. Your acceptance of this order will be indicated by affixing your signature on this letter and two copies thereof and mailing or delivering the executed original and one executed copy to the Contracting Officer not later than _____, 19__. Such acceptance will constitute this order a contract on the terms set forth herein.

FIXED FEE ARCHITECT - ENGINEER - CONSTRUCTION-MANAGEMENT SERVICES CONTRACT

WAR DEPARTMENT

Architect - Engineer - Construction - Manager and Address _____

Contract for Architect - Engineer - Construction-Management Services in connection with _____

Location _____

Fixed fee _____

Estimated construction cost exclusive of fixed fee:

Payment: To be made by _____

at _____

The supplies and services to be obtained by this instrument are authorized by, are for the purpose set forth in, and are chargeable to the following procurement authorities, the available balances of which are sufficient to cover the cost of the same:

_____

This contract is authorized by the following laws:

FIXED-FEE ARCHITECT - ENGINEER - CONSTRUCTION MANAGEMENT SERVICES CONTRACT

This contract, entered into this _____ day of _____, 194__, by the United States of America (hereinafter called the "Government"), represented by the Contracting Officer executing this contract, and _____

_____

_____

_____

[1] a corporation organized and existing under the laws of the State of _____

_____

[1] a partnership consisting of _____

_____

_____

_____

[1] an individual trading as _____ of the City of _____ in the State of _____ (hereinafter for brevity called the "A-E-M"), witnesseth that:

Whereas, the Government desires to engage the services of an architect-engineer-manager to perform such architect-engineering services as are hereinafter described, the construction of certain portions of the work, and management services for the entire project; and

Whereas, the accomplishment of the work by the A-E-M under a cost-plus-a-fixed-fee contract, entered into after negotiations approved by the Secretary of War, and without advertising for proposals, is authorized by law and will facilitate the prosecution of the war; and

Whereas, as a result of such negotiations, the Secretary of War has directed that the Government enter into such contract with

[1] The italicized words will be omitted where existing letter orders and letters of intent, containing no provision for the allowance of a profit in the event of termination for the convenience of the Government, are amended to contain the standard termination provisions except as authorized by §§ 815.107 (b) (3) and 803.303a (a) (2).

[2] Where the letter order is for an amount less than $20,000, the "Disputes" article will not have been incorporated by reference by virtue of paragraph 3 or 6 (g) of the letter order, since contracts in such amount are not required to contain that article (see § 803.326). In that event the language of the letter order will be appropriately modified expressly to incorporate by reference either the "Disputes" article set forth in § 803.326 or that contained in General Provision 12 of W. D. Contract Form No. 18 (§813.1317b).

[3] With appropriate modifications, this Letter Order may also be used where the definitive contract is to be written on W. D. Contract Form No. 16.

[4] See footnote 1, p. 8640.

[1] Where the letter order is for an amount less than $20,000, the "Disputes" article will not have been incorporated by reference by virtue of paragraph 3 or 6 (g) of the letter order, since contacts in such amount are not required to contain that article (see § 803.326). In that event the language of the letter order will be appropriately modified expressly to incorporate by reference either the "Disputes" article set forth in § 803.326 or that contained in General Provision 12 of W. D. Contract Form No. 18 (§ 813.1317b).

the A-E-M for the accomplishment of the work hereinafter described:

Now, therefore, the parties hereto do mutually agree as follows:

ARTICLE I. *Statement of work.* 1. The A-E-M shall, in the shortest reasonable time, furnish the labor, materials, tools, machinery and equipment, facilities, supplies not furnished by the Government, and services, and do all things necessary for the completion of the following described work:

---

all in accordance with the drawings and specifications or instructions contained in Appendix "A" hereto attached and made a part hereof, or to be furnished hereafter by the Contracting Officer and subject in every detail to his supervision, direction and instructions.

ART. II. *General statement of work and services.* 1. The A-E-M shall render all architect-engineering and other services incident to design, inspection and supervision of the project, more specifically described in Article I hereof.

2. Insofar as is practicable, where such action will not, in the opinion of the A-E-M, result in delay in completion of the facilities, all construction work shall be accomplished by contracts, either on lump sum or unit price basis awarded and entered into by the Government after negotiations therefor with the assistance of the A-E-M.

3. The A-E-M shall, in the shortest reasonable time, prepare adequate plans, specifications, bills of material and estimates covering:

a. Items of materials and equipment.

b. Any and all items of construction work for which contracts may be awarded on lump sum or unit price basis.

c. All other items of construction work for which lump sum or unit price contracts are not awarded.

4. When drawings and specifications are sufficiently complete with respect to any portion of construction work, which in the judgment of the A-E-M and the Contracting Officer may be contracted for on lump sum or unit price basis, the A-E-M shall furnish complete bid documents, conforming to law and regulations, for the letting of such contracts by the Government, and shall assist the Contracting Officer in evaluating proposals, and shall render such other services in connection with the award of contracts, based upon such approved drawings and specifications, as the Contracting Officer may require.

5. The A-E-M shall furnish or assemble such necessary force of superintendents, foremen, skilled workmen and laborers, construction tools and equipment and shall construct all items of construction work required by this contract for which contracts are not awarded by the Government on lump sum or unit price basis, except that the A-E-M may with the prior approval of the Contracting Officer subcontract in his own name for the performance of construction work on a lump sum, unit price, or fixed-fee basis when this method will in his opinion result in decreasing the time of completion of the project and/or the cost to the Government. Cost-plus-a-fixed-fee subcontracts will be entered into only after a written determination with reasons therefor by the A-E-M, and the approval of the Contracting Officer.

6. The A-E-M shall provide the necessary office space, at the site of the work for the representatives of the Contracting Officer and himself.

ART. III. *Statement of Architect-Engineer services.* 1. The A-E-M shall, in the shortest reasonable time, establish and maintain an office at or near the site of the work under the full-time resident direction of the A-E-M, if an individual; of one or more principal partners if the A-E-M is a partnership; or in case the A-E-M is a corporation, association or similar legal entity, one or more senior officers thereof; provided, however, that the A-E-M, whether an individual, a partnership, a corporation, or other legal entity may be represented in the direction of the work by some person or persons of a class other than those specied above, if the Contracting Officer gives his approval. It is agreed that there shall be ____ representative(s) of the A-E-M for the purposes above mentioned. The A-E-M shall perform the following services:

a. Make all necessary topographical and other surveys and maps; arrange for and supervise necessary test borings and other subsurface investigations. Provided, however, that this provision is not to be deemed to require the A-E-M to make real estate surveys.

b. Prepare, subject to the approval of the Contracting Officer, preliminary studies, sketches, and layout plans and reports including estimates of cost of the proposed project and of all structures, utilities and appurtenances thereto.

c. Adapt and modify Government designs, drawings, specifications and standards for buildings and other structures as necessary to meet the requirements of the approved layout of the proposed project, and prepare detailed designs, specifications and drawings in required form for which Government designs are incomplete or unavailable.

d. Obtain necessary permits and approvals from all local, State and Federal authorities. Should it become necessary in the performance of the work and services for the A-E-M to secure the right of ingress or egress to perform any of the work required by this contract on properties not owned or controlled by the Government, the A-E-M shall secure the consent of the owner, his representative, or agent, prior to effecting entry on such property. In the event the owner requires the payment of any fee for a license to enter upon and/or use such property, the A-E-M, when so directed by the Contracting Officer, shall pay such fee and obtain a receipt therefor.

e. Prepare estimates of material quantities required to construct the project.

f. When preliminary drawings are approved in writing by the Contracting Officer, prepare final designs, detailed working drawings and specifications in accordance with Government standards necessary for the effective coordination and efficient execution of the construction work and revise such drawings and specifications if necessary. Unless otherwise directed or authorized by the Contracting Officer, drawings will be prepared in pencil on tracing paper or pencil tracing cloth of approved quality by such methods and of such quality of workmanship as will permit the revision of such drawings for record purposes and the making of satisfactory reproductions thereof. Drawings shall be prepared in ink on linen only where satisfactory results cannot be obtained otherwise. Prepare copies of the specifications and sets of full size copies of working drawings in such manner and in such numbers as the Contracting Officer may require. There shall be included in the specifications all provisions which the Contracting Officer may direct to have incorporated therein relating to the awarding of the construction contracts, contemplated by Section 2 of Article II, conditions under which the work shall be done, including a provision that the contractors (lump sum and unit price contractors and lump sum subcontractors) and all persons employed directly or indirectly under such construction contracts, will utilize the hospital and first-aid facilities furnished by the A-E-M, and any special provisions required by statute or existing War Department regulations or instructions.

g. Prepare an estimate of the cost of the proposed project based on the approved designs, drawings and specifications therefor, and furnish for the approval of the Contracting Officer:

(1) Schedules and charts showing the proposed sequence of operations in the construction of each of the several portions of the work.

(2) Estimates showing the amounts of critical and important materials and dates when such materials will be required on the site.

(3) Labor estimates, to be prepared with the assistance of other construction contractors, contemplated by Section 2 of Article II, showing the approximate numbers, trades and dates required to meet the schedule in (1) above.

(4) In addition to the requirements of Article XXVI, semi-monthly progress reports in approved form showing the progress of the construction work and any deviation from the approved construction schedule.

h. Establish a permanently monumented base line, with elevations, tied into the North American Datum, unless specifically exempted by written instructions of the Contracting Officer. Furnish all governing lines, bench marks and grades essential to the construction of the project.

i. Supervise the work included in this contract to assure the construction of every part of the work in accordance with the approved drawings and specifications within the areas and boundaries designated for the project.

j. Check and approve all shop and working drawings submitted in connection with the construction work to assure that they conform with approved drawings.

k. Make or cause to be made such field and laboratory tests of concrete and concrete aggregates and other materials at the site or at any time or place as the Contracting Officer may require. Inspect and report to the Contracting Officer in writing as to the conformity or nonconformity of the workmanship and materials to specifications; and on the progress of the project.

(1) When so directed by the Contracting Officer, arrange for, by subcontract or otherwise, and supervise tests and inspections of materials and workmanship by commercial testing laboratories or other similar agencies, either at such laboratories or at the points of manufacture or fabrication of materials. The cost of such tests and inspection shall be reimbursable and the subcontracting thereof shall entail no adjustment in the fixed fee. Subcontracting of any other architect-engineer services, unless otherwise expressly provided for in this contract, shall be subject to a decrease in the fixed fee by an equitable adjustment on the basis of the decrease in services due to such subcontracting.

l. Upon termination or prior to completion of this contract, as determined by the Contracting Officer, and before final payment of the fixed-fee, the A-E-M shall:

(1) Prepare record drawings to show construction as actually accomplished. These record drawings shall be prepared by correcting drawings as prepared for construction purposes or, where construction drawings cannot be satisfactorily revised for record purposes, by preparation of appropriate new drawings. All such drawings shall be prepared in pencil on tracing paper or pencil tracing cloth of approved quality unless otherwise directed or authorized by the Contracting Officer. Drawings shall be prepared in ink on linen only where satisfactory results cannot be obtained otherwise.

(2) Supervise the testing of operating units designed by the A-E-M to assure their conformance with specifications and furnish all engineering services necessary to secure such conformance.

(3) Prepare instructions for the proper operation and maintenance of all utilities and operating equipment designed by the A-E-M.

m. Without additional compensation the A-E-M, or any member of the organization, when requested, shall consult and advise with the Contracting Officer on any questions which may arise in connection with the work.

n. Prepare partial and final estimates of quantities and values of work done under lump sum and unit price contracts and subcontracts necessary to provide data required under the payment provisions of such contracts and subcontracts.

o. Perform all other architectural and engineering services within the scope of this contract required by the Contracting Officer.

ART. IV. *Statement of construction services.* 1. The A-E-M shall, in the shortest practicable time, furnish the services, labor, materials, tools, machinery, equipment, facilities and supplies not furnished by the Government and do all things necessary for the construction of that portion of the project not performed by the Government or performed under the contracts as contemplated by Sections 2 and 5 of Artfcle II, all in accordance with the approved drawings and specifications.

ART. V. *Statement of management services.* 1. The A-E-M shall furnish management services to assure the satisfactory completion of the project. Such services shall include, among other functions, the preparation of contract documents, and scheduling such contracts as to units of work, time of completion, and other salient phases so as to assure the orderly prosecution of the work. Such services shall also extend to the scheduling and/or purchasing of items of materials and equipment to avoid any delays in the prosecution of the work hereunder. The A-E-M shall advise and consult with the construction contractors on this project and shall direct and supervise their work, subject to the provisions of Article XVII; and shall, when directed or authorized by the Contracting Officer, procure and store materials and equipment for use in connection with the project.

ART. VI. *Estimated cost, fee and performance period.* 1. It is estimated that the cost of the construction of the project will be ----------

Dollars ($----------) exclusive of the A-E-M's fee, and that the work herein contracted for will be ready for utilization by the Government---------- It is expressly understood, however, that neither the Government nor the A-E-M guarantees the correctness of either of these estimates.

2. In consideration for his undertaking under this contract the A-E-M shall receive the following:

a. Reimbursement for expenditures as provided in Article XI.

b. Rental for A-E-M's equipment as provided in Article XI.

c. A fixed fee in the amount of ----------

Dollars ($----------) which shall constitute complete compensation for the A-E-M's services, including profit and all general overhead expenses.

3. When in the opinion of the Contracting Officer it is to the best interests of the Government, the A-E-M shall when so ordered or authorized, subcontract any or all items or classifications of construction work required under this contract or subsequently added thereto, for which contracts are not awarded by the Government on a lump sum or unit price basis. Such subcontracting of construction work, or the performance thereof with the A-E-M's own forces, regardless of the amount and/or extent of work performed or subcontracted, all with the prior written approval or order of the Contracting Officer, and such awarding of contracts for construction work hereunder by the Government on a lump sum or unit price basis, irrespective of the amount and extent thereof, shall entail no adjustment in the fixed fee stipulated in Section 2 *c*, of this Article VI. The fixed fee stipulated in Section 2 *c*, of this Article VI has been determined in the light of the fact that all of the construction work may be subcontracted or contracts for such work may be awarded by the Government on a lump sum or unit price basis. Such fee includes compensation for the services which may be rendered by the A-E-M in the negotiation, supervision, and coordination of any construction work subcontracted or for which contracts have been awarded by the Government on a lump sum or unit price basis and the responsibilities assumed by the A-E-M in connection therewith, and is deemed to be reasonable, regardless of the amount or extent of construction work performed, subcontracted, or for which contracts are awarded by the Government on a lump sum or unit price basis.

ART. VII. *Changes.* 1. The Contracting Officer may at any time by written order issue additional instructions, require additional work or services or direct the omission of work or services covered by this contract. If such changes cause a material increase or decrease in the amount or character of the work and services to be done under this contract an equitable adjustment of the amount of the fixed fee to be paid the Architect-Engineer shall be made and the contract shall be modified in writing accordingly. Any claim for adjustment under this Article must be asserted within 10 days from the date the change is ordered (unless the Contracting Officer, with the approval of the Secretary of War or his duly authorized representative, shall grant a further period of time prior to the date of final settlement of the contract). Nothing provided in this Article shall excuse the Architect-Engineer from proceeding with the prosecution of the work so changed. There shall be no adjustment in the amount of the fixed fee as provided herein, nor any claim therefor because of any errors and/or omissions made in computing the estimated cost of the work under this contract or where the actual cost varies from the estimated cost.

ART. VIII. *Title to work.* 1. Title to all materials, tools, machinery, equipment and supplies for which the A-E-M shall be entitled to reimbursement under Article XI shall vest in the Government at such point or points as the Contracting Officer may designate in writing, provided that the right of final inspection and acceptance or rejection of such materials, tools, machinery, equipment and supplies at such place or places as he may designate in writing is reserved to the Contracting Officer; provided further that, upon such final inspection, the A-E-M shall be given written notice of acceptance or rejection as the case may be. In the event of rejection, the A-E-M shall be responsible for the removal of the rejected property within a reasonable time.

ART. IX. *Workmanship and materials.* 1. The work shall be executed in the best and most workmanlike manner by qualified, careful and efficient workers, in strict conformity with the best standard practices. Except as otherwise authorized by the Contracting Officer all materials shall be of the best quality of their respective kinds. If the Contracting Officer requires that the A-E-M submit for prior approval samples of materials proposed for use in the work covered by this contract, the A-E-M shall make no commitments for such materials until the submitted sample has been approved by the Contracting Officer.

ART. X. *Expert technical assistance.* 1. When in the judgment of the Contracting Officer the complexity and nature of the project are such as to require expert technical assistants, or services, or advice in connection with special phases of the work such as site planning, aerial surveys, manufacturing processes, or other problems of a highly technical character, the A-E-M may obtain by subcontract or otherwise, when so ordered by the Contracting Officer, such supplemental professional services as are necessary for the proper performance of this contract. The obtaining of such supplemental professional services shall entail no adjustment of the fixed-fee.

2. The provisions of the above section shall not apply to the usual professional services normally furnished by Architect-Engineers, including but not limited to topographic surveys, design of water supply and sewerage systems, power plants and other utilities, structures and foundations. If, in the opinion of the Contracting Officer, it is essential for the proper prosecution of the work that the A-E-M obtain expert technical advice or consulting service in connection with those classes of service not included in section 1 above, the cost of obtaining such advice or service shall not be reimbursable except for the salaries of employees of such consultants, when assigned to the work on a full-time basis.

ART. XI. *Cost of the work.* 1. *Reimbursement for A-E-M expenditures.* The A-E-M shall be reimbursed in the manner hereinafter described for such of his actual expenditures in the performance of the work as may be approved or ratified by the Contracting officer and as are included in the following items:

a. All labor, materials, tools, machinery, equipment, supplies, services, utilities, power and fuel necessary for either temporary or permanent use for the benefit of the work.

b. All subcontracts made in accordance with the provisions of this contract.

c. Rental actually paid by the A-E-M at rates not to exceed those approved by the Contracting Officer, for construction plant in sound and workable condition exceeding $300 in value as may be necessary for the proper and economical prosecution of the work. Each contract for the rental of construction plant or parts thereof by the A-E-M from third parties shall be in a form prescribed by the Contracting Officer and shall be subject to his approval and shall include provisions (1) that the lessor shall deliver to the Government title to such construction plant or parts thereof free of all liens and encumbrances when and if the total rental paid and/or accrued to the lessor for any item of construction plant or parts thereof shall equal the approved value thereof plus one percent (1%) of the approved value per month for each contract month or fraction thereof such piece of equipment shall have been in use, and (2) that any time prior to termination of such rental agreement, the Government may at its option purchase any piece of equipment by paying the lessor the difference between the valuation of such piece of equipment plus one percent (1%) of the approved value per month for each contract month or part thereof such piece of equipment shall have been in use, and the total rental theretofore paid for such piece of equipment, *Provided, however,* That either of such provisions may be omitted from such rental agreements if the omission is approved by the Chief of the Technical Service.

d. Unloading and assembling at the site of the work of construction plant owned or rented by the A-E-M; transportation thereof to the place or places where it is to be used in connection with said work, dismantling, loading and return transportation to the point of original shipment or equivalent mileage, but in no event will the payment made for return transportation exceed the payment made for transportation to the job site unless such excess cost results solely from an increase of freight rates, or is required by Government transfer of such equipment to another site more distant from the point of origin than the site of the work set out in Article I hereof. Charges for transportation over distances in excess of 500 miles must have the written authorization of the Contracting Officer in advance. Loading at the site of origin and unloading when returned to the original shipping point or other return shipping point will not be paid by the Government and is not a reimbursable item.

e. Repairs and repair parts for construction plant, except such as are included in the rental and those made necessary by defects in such plant, or parts thereof, or by the fault or negligence of the A-E-M or his employees.

f. Transportation charges on materials and supplies.

g. Transportation and traveling expenses to the work of the necessary field forces for the economical and successful prosecution of the work, and return when such services are no longer required; expenses of procuring labor and expediting the production and transportation of material and equipment. Expenditures under these items shall be either authorized or approved in writing by the Contracting Officer.

h. Salaries of engineers, resident engineers, principal assistant engineers, architects, superintendents, timekeepers, foremen, technical, administrative employees and other field employees of the A-E-M in connection with the work. In case the full time of any field employee of the A-E-M is not applied to the work, his salary shall be included in this item only in proportion to the actual time applied thereto. No person shall be assigned to service by the A-E-M as superintendent of construction, chief engineer, chief purchasing agent, chief accountant, or similar positions in the A-E-M's field organization, or as principal assistant to any such person, until there has been submitted to and approved by the Contracting Officer a statement of the qualifications, experience, and salary of the person proposed for such assignment. The payment of any excess salary over such scheduled amounts shown in the approved salary schedule, Appendix "C", attached hereto and made a part hereof, shall not be reimbursable, unless and until the Chief of the Technical Service has so approved in writing.

i. Buildings, trade fixtures and equipment required for necessary field offices, commissaries, hospitals, and other facilities, and the cost of maintaining and operating such field offices, commissaries, hospitals and other facilities; provided that the A-E-M may enter into a contract with any third party or parties for the operation of the commissaries, hospitals, or other facilities provided for herein, in which event such contract shall be reduced to writing and the terms thereof subject to the prior written approval of the Contracting Officer.

j. Temporary rights in land required in connection with the work.

k.–n. (Insert a. to d. of clause in § 803.365 (b)).

o. Payments from his own funds made by the A-E-M under the Social Security Act, and any disbursements required by law which the A-E-M may be required on account of this contract to pay on or for any plant, equipment, process, organization, materials, supplies, or personnel; and, if approved in writing by the Contracting Officer in advance, permit and license fees and royalties on patents used including those owned by the A-E-M.

p. (1) If the A-E-M or any representative thereof, shall be required to travel, the Government will reimburse the A-E-M for the transportation, including Pullman where necessary and will allow for such travel Six Dollars ($6.00) per day in lieu of all other expenses. Transportation by automobile on such required travel shall be reimbursed at the rate of Five Cents ($.05) per mile as representing the actual cost of such transportation.

(2) All travel shall be either authorized or approved in writing by the Contracting Officer. Should the A-E-M, or any representative thereof, remain in a travel status in excess of six (6) days at any one time, not including the time consumed in travel, the cost of such excess travel status shall be at the expense of the A-E-M, unless otherwise ordered in writing by the Contracting Officer.

q. When specifically approved in advance by the Contracting Officer, a reasonable allowance for work covered by Article IV performed in the A-E-M's general offices exclusively for and directly chargeable to the work.

r. Disbursements incident to payment of payrolls, including but not limited to, the cost of disbursing cash, necessary guards, cashiers, and paymasters. If payments to employees are made by check, facilities for cashing checks must be provided without expense to employees, and the A-E-M shall be reimbursed therefor.

s. Expenditures made by the A-E-M under the provisions of Subsection *d* of Section 1 of Article III and Article X.

t. In the event the Contracting Officer shall determine that the best interests of the Government require that the A-E-M initiate or defend litigation in connection with claims of third parties arising out of the performance of this contract, the A-E-M will proceed with such litigation in good faith and the costs and expenses of such litigation, including judgments and court costs, allowances rendered or awarded in connection with suits for wages, overtime or salaries, and reasonable attorneys' fees for private counsel when the Government does not furnish Government counsel, shall be reimbursable under this contract.

u. Such other items not expressly excluded by other provisions of this contract as should, in the opinion of the Contracting Officer, be included in the cost of the work. When such an item is allowed by the Contracting Officer, it shall be specifically certified as being allowed under this Subsection.

If this contract was preceded by a Letter Contract, the following provision shall be deemed to be included herein:

v. All expenditures for which reimbursement has not been made pursuant to Letter Contract dated _____, a copy of which is attached hereto. Such Letter Contract is hereby merged and superseded by this contract.[1]

2. *Rental for construction plant owned by A-E-M.* *a.* Rental shall be paid to the A-E-M for construction plant in sound and workable condition, owned and furnished by him for the proper and economical prosecution of the work, as shown in the attached "Appendix B" hereby made a part hereof, at rental rates prescribed by the Under Secretary of War in "Uniform Rental Rates for Contractor-Owned Construction Plant", August 27, 1941.

b. In the event the A-E-M, with the approval of the Contracting Officer furnishes additional equipment that is not included in "Appendix B", rental for such equipment will be paid in accordance with said "Uniform Rental Rates for Contractor-Owned Construction Plant."

c. Except as otherwise specified herein, rental shall begin on the date of delivery of the construction plant to a common carrier for shipment to the site of the work, as evidenced by bill of lading or other satisfactory evidence covering such shipment. In the event the construction plant is conveyed by the A-E-M, the rental shall start at the time transportation to the site begins; however, the rental paid shall not exceed that for the equivalent time of shipment by common carrier.

d. If such construction plant is not in sound and workable condition to the satisfaction of the Contracting Officer, when delivered at the site of the work, the rental period therefor shall not begin until the construction plant shall have been placed in sound and workable condition at the expense of the A-E-M, and rental therefor shall not be paid for any prior period.

e. If such construction plant cannot be placed in sound and workable condition within reasonable time to the satisfaction of the Contracting Officer, no transportation charges for the shipment thereof, to or from the site of the work, shall be paid.

f. The approved value of the construction plant as shown in "Appendix B" shall be deemed binding unless the Contracting Officer shall, within twenty days after such plant has been set up and working, modify or change such valuation. In the event a change is made in the valuation of the construction plant, a corresponding change shall be made in the rental rate in accordance with said "Uniform Rental Rates for Contractor-Owned Construction Plant". Thereafter the valuation and the related rental rate shall be binding unless the rental is modified as specified below.

g. Furnish within 15 days of the date of the receipt of written notice from the Contracting Officer, construction plant listed in Appendix "B" provided that the date upon which the A-E-M is required to furnish such plant shall not precede the date on which such construction plant is listed as available in said Appendix "B". In the event the A-E-M fails to furnish construction plant as required by such notice, the additional cost of acquiring replacement construction plant from any source other than the A-E-M shall be paid by the A-E-M and shall not be a reimbursable expenditure.

h. Rental for time consumed for repairs, in excess of time normally required for such repairs as determined by the Contracting Officer, shall be deducted from the rental in the amount of one-thirtieth of the monthly rental rate for each day determined to be in excess. When in the opinion of the Contracting Officer the amount of repairs or maintenance is excessive, a deduction shall be made from the rental.

i. The payment of rental shall cease on a date to be established in a written notice by the Contracting Officer to the A-E-M that the construction plant is no longer required. The date of release thus established shall include an allowance for the time necessary for final repairs, dismantling and loading for shipment.

GENERAL

3. *Reservations by Government.* *a.* The Government reserves the right to furnish any materials, construction equipment, machinery, tools, or services, including communication services necessary for the completion of the work. The A-E-M shall cause all equipment, machinery, and tools to which title is vested in the Government to be suitably marked with an identifying mark or symbol indicating that such items are the property of the United States. The A-E-M shall maintain at all times, in a manner satisfactory to the Contracting Officer records showing the disposition and/or use of all equipment, machinery, tools, and materials purchased for the work and for which he has been reimbursed by the Government or which have been furnished by the Government. Upon the completion of this contract or upon demand, the A-E-M shall return such equipment, machinery, tools, and unused materials to the place designated by the Contracting Officer.

b. (Insert article in § 803.365 (a))

c. The Government reserves the right to pay directly to common carriers any or all freight charges on construction plant, materials and supplies.

d. The Government reserves the right to pay directly to the person concerned all sums due from the A-E-M for labor, materials, or other charges.

4. *Salaries of corporate officers, etc.* No salary, wages, or like compensation of the A-E-M, partners or corporate officers of the A-E-M's organization and no salary, wages or like compensation of the resident managers referred to in Section 1 of Article III shall be included in the cost of the work. No part of the expense incurred in conducting the A-E-M's main office or regularly established branch offices, and no overhead expense of any kind, except as specifically authorized in Section 1 of this Article, shall be included in the cost of the work; nor shall any interest on capital employed or on borrowed money be included in the cost of the work.

5. *Discounts.* The A-E-M shall, to the extent of his ability, take all cash and trade discounts, rebates, allowances, credits, salvage, commissions, and bonifications, and when unable to take advantage of such benefits he shall promptly notify the Contracting Officer of the reason therefor. In determining the actual net cost of articles and materials of every kind required for the purpose of this contract, there shall be deducted from the gross cost thereof all cash and trade discounts, rebates, allowances, credits, commissions, and bonifications which have accrued to the benefit of the A-E-M or would have so accrued but for the fault or neglect of the A-E-M. Such benefits lost through no fault or neglect on the part of the A-E-M, or lost through fault of the Government, shall not be deducted from gross costs.

6. *Revenue.* All revenue received by the A-E-M from the operations of the hospital, commissaries, or other facilities, or from rebates, discounts, refunds, etc., shall be accounted for by the A-E-M and, except for any reasonable compensation accruing to a third party or parties for the operation of commissaries, hospitals, or other facilities, applied in reduction of the cost of the work.

ART. XII. *Payments—1. Reimbursement for cost.* The Government will current reimburse the A-E-M for expenditures made in accordance with Article XI upon certification to and verification by the Contracting Officer of the original signed payrolls for labor, the receipted invoices for materials, or such other documents as the Contracting Officer may require. Generally, reimbursement will be made weekly but may be made at more frequent intervals if the conditions so warrant.

2. *Rental for A-E-M's equipment.* Rental as provided in Section 2, Article XI for such construction plant or parts thereof as the A-E-M may own and furnish shall be paid monthly upon presentation of proper vouchers.

3. *Payment of the fixed-fee.* Ninety percent (90%) of the fixed-fee set out in Article VI shall be paid by the Government as it accrues, in monthly installments based upon the percentage of the Completion of the work as determined from estimates submitted to and approved by the Contracting Officer. Final payment upon completion of the work and its final acceptance shall be made in accordance with Section 5 of this Article. If the contract is terminated by the Government, payment shall be made in accordance with Article XVI.

4. *Payments by A–E–M.* If bills for purchase of material, machinery or equipment, or pay-rolls covering employment of laborers or mechanics incurred by the A–E–M or by any subcontractor hereunder are not paid promptly by the A–E–M or subcontractor as the case may be, the Contracting Officer may, in his discretion, withhold from payments otherwise due the A–E–M an amount equivalent to the amount of any such bill or payroll. Should the A–E–M neglect or refuse to pay such bills or payrolls or to direct any subcontractor to pay such bills or payrolls within five (5) days after notice from the Contracting Officer so to do, the Government shall have the right to pay such bills or payrolls directly, and in such event a deduction equal to five percent (5%) of the amount so paid directly shall be made from the A–E–M's fee.

5. *Final payment.* a. Upon completion of the work and its final acceptance in writing by the Contracting Officer, the Government shall pay to the A–E–M the unpaid balance of the cost of the work determined under Article II, and of the fee, less any sum that may be necessary to settle any unsettled claims in connection with this contract, or any claim the Government may have against the A-E-M. The Contracting Officer shall accept the completed work with reasonable promptness.

b. Prior to final payment and as a condition thereof the A–E–M shall furnish the Government with a release of all claims against the Government arising under and by virtue of this contract, other than (1) such claims, if any, as may be specifically excepted by the A–E–M from the operation of the release in stated amounts to be set forth therein, or in estimated amounts where the amounts are not susceptible of exact statement, and (2) any claim based upon responsibility of the A–E–M to third parties arising out of the performance of this contract not known to the A-E-M at the time of furnishing the release.

c. Even though the existence or amount thereof shall not be determined until after the furnishing of such release as is described next above, reimbursement to be made for payments made by the A–E–M shall include, along with wages and salaries otherwise reimbursable, all additional amounts determined (either by approval of the Contracting Officer or by litigation as provided in Subsection t, Section 1, Article XI) to be due and payable for overtime compensation and allowances under local, state or Federal laws in connection with such wages and salaries.

d. The A–E–M shall promptly notify the Contracting Officer of any claims of the type described in clause (2) of Subsection b of this Section which are asserted subsequent to the execution of the release.

ART. XIII. *Records and Accounts, Inspection and Audit.* 1. *Records and books of account.* The A-E-M agrees to keep records and books of account, showing the actual cost to him of all items of labor, materials, equipment, supplies, services, and other expenditures of whatever nature for which reimbursement is authorized under the provisions of this contract. The system of accounting to be employed by the A-E-M shall be such as is satisfactory to the Contracting Officer.

2. *Access to records by Contracting Officer and A-E-M.* The Contracting Officer shall at all times be afforded proper facilities for inspection of the work and shall at all times have access to the premises, work and materials, to all books, records, correspondence, instructions, plans, drawings, receipts, vouchers, and memoranda of every description of the A-E-M pertaining to said work except such documents as are submitted in support of reimbursement vouchers; and the A-E-M shall preserve such papers, without additional compensation therefor, for a period of three (3) years after completion or termination of this contract. Likewise, any duly authorized representative of the A-E-M shall be accorded the privilege of examining the books, records, and papers of the Contracting Officer relating to the actual cost of the work for the purpose of checking up and verifying such cost.

3. *Auditing functions.* In order to avoid so far as possible duplication in accounting and auditing functions performed by the A-E-M and the Government, it is agreed that the following accounting and auditing functions shall be performed by the Government exclusively:

a. Time checking (not time keeping) in the field or in the A-E-M's Plant.

b. Audit of original pay rolls of the A-E-M (or such portions thereof as are applicable), where such pay rolls are prepared by the A-E-M.[2]

c. Checking of equipment rentals and the preparation and delivery of properly approved rental rolls to the A-E-M for payment.[2]

d. Such other accounting and auditing functions as may be effectively performed by Government employees and to which the Contracting Officer and the A-E-M may mutually agree in writing.

4. *Discharge of functions.* It is further agreed that if any of the accounting and auditing functions performed exclusively by the Government do not adequately discharge such accounting and auditing functions to the satisfaction of the A-E-M, the A-E-M, with the approval in writing of the Contracting Officer, may perform such additional checking and auditing as may be so approved. The A-E-M shall be reimbursed for the cost of such additional accounting and auditing functions as are so approved.

ART. XIV. *Drawings and other data to become property of government.* 1. All drawings, designs and specifications are to become the property of the Government on completion thereof as outlined in this contract, and the Government shall have full right to use said drawings, designs and specifications as instruments for the purpose of constructing, under contract or otherwise, any buildings or other structures for the sole use of the Government when and where the Government may designate without any claim on the part of the A-E-M for additional compensation.

2. All notes, designs, drawings and other data concerning the project shall be delivered to the Government whenever requested by the Contracting Officer and, furthermore, access to such data shall be restricted to trusted and duly authorized representatives of the Government and of the A-E-M.

ART. XV. *Special requirements.* 1. (Insert clause b in § 803.365 (c).)

2. (Insert clause c in § 803.365 (c).)

3. The A-E-M hereby agrees that he will:

a. (Insert clause in § 803.365 (f).)

b. Procure all necessary permits and licenses; obey and abide by all applicable laws, regulations, ordinances, and other rules of the United States of America, of the State, Territory, or political subdivision thereof wherein the work is done, or of any other duly constituted public authority.

c. Reduce to writing, unless this provision is waived in writing by the Contracting Of-

[1] This contract will bear same date as letter contract.

[2] Where pay rolls are prepared by the Government the audit thereof by the Government will be concurrent with such preparation.

[3] If not applicable, this section will be omitted.

ficer, every contract in excess of two thousand dollars ($2,000) made by him for the purpose of the work hereunder for services, materials, supplies, machinery, equipment, or for the use thereof; insert therein a provision that such contract is assignable to the Government; make all such contracts in his own name, and not bind nor purport to bind the Government or the Contracting Officer thereunder. No purchase in excess of two thousand dollars ($2,000) shall be made or placed without the prior approval of the Contracting Officer.

d. Enter into no subcontract for any portion of the construction work except in the form prescribed by the Chief of the Technical Service, with the written approval of the Contracting Officer. Subcontracts are defined as contracts entered into by the A-E-M with others which involve the performance, wholly or in part at the site of the work, of some part of the work described in this contract.

e. The Contracting Officer may require the A-E-M to dismiss from work such employee or employees as the Contracting Officer deems incompetent, careless or insubordinate, or whose continued employment is deemed inimical by the Contracting Officer to the public interest. The A-E-M shall make every reasonable effort in the selection of his employees and in the prosecution of the work under this contract to safeguard plot drawings and schematic drawings furnished him and drawings and specifications, and to prevent the theft or unauthorized use of the same.

f. Immediately upon termination of third-party rental agreements, make all repairs to equipment rented thereunder which are required to be made by the terms of such rental agreements and shall remove such equipment from the site of the work. In cases where such repairs and removal cannot promptly be made, the A-E-M shall notify the Contracting Officer of the reasons for such delay.

ART. XVI. *Termination of contract by the Government.* (Insert the clause in § 803.350)

ART. XVII. *The Contracting Officer's decisions.* 1. The services rendered and the work done by the A-E-M shall be subject to the supervision and approval of the contracting officer to whom the A-E-M shall report and be responsible.

ART. XVIII. *Disputes.* (Insert article in § 803.326)

ART. XIX. *Convict Labor.* (Insert clause in § 803.345)

ART. XX. *Labor.* 1. (Insert clauses in § 803.343)

2. (Insert clause in § 803.346)

3. *Excess wage rates on overtime compensation.* All wage rates, including compensation for overtime under Section 2 of this article, for laborers and mechanics engaged in work under this contract shall be approved in writing by the Chief of the Technical Service or a representative expressly designated by him for that purpose, and any amount paid by the A-E-M to any laborer or mechanic in excess of the wage rate approved for such laborer or mechanic by the Chief of the Technical Service or a representative expressly designated by him for that purpose shall be at the expense of the A-E-M and shall not be reimbursed by the Government. When, in connection with the audit and check by the Contracting Officer or his authorized representative, of the A-E-M's pay rolls prior to reimbursement as contemplated in section 1 of Article XI hereof, it is found that one or more laborers and/or mechanics have been paid wages at rates in excess of the wage rates approved as herein provided, the reimbursement made to the A-E-M on account of such pay rolls shall not include any such excess payments.

4. (Insert clause in § 803.325)

5. (Insert clause in § 803.344)

ART. XXI. (Insert clause in § 803.362)

ART. XXII. *Notice to Government of labor disputes.* (Insert clause in § 803.354)

ART. XXIII. *Officials not to benefit.* (Insert clause in § 803.322)

ART. XXIV. *Covenant against contingent fees.* (Insert clause in § 803.323)

ART. XXV. *A-E-M's organization and methods.* 1. Upon the execution of this contract, the A-E-M shall submit to the Contracting Officer a chart showing in general the executive and administrative organization, duties and personnel to be employed in connection with the work under contract; the data so furnished shall be supplemented as additional information becomes available.

ART. XXVI. *Progress reports and changes in personnel.* 1. The A-E-M shall promptly, after the execution of this contract, prepare and submit to the Contracting Officer, for approval, a schedule showing the order in which the A-E-M proposes to carry on the work, with dates on which he will start the several salient features of the work and the contemplated dates for completing the same. The schedule shall be in the form of a progress chart at suitable scale so as to indicate with symbols the percentage completed at any time. The A-E-M shall correct the progress schedule at the end of each week and shall immediately deliver to the Contracting Officer three copies each of the same.

2. The A-E-M shall furnish sufficient technical, supervisory and administrative personnel to insure the prosecution of the work in accordance with the approved progress schedule. If in the opinion of the Contracting Officer, the A-E-M falls behind the progress schedule, the A-E-M shall take such steps as may be necessary to improve his progress, and the Contracting Officer may direct him to increase working days per week, or hours of labor per day. When in the opinion of the Contracting Officer, the A-E-M's personnel and/or overhead is excessive for the proper performance of this contract, reductions thereof shall be made as required by the Contracting Officer. Failure to promptly comply with such directions shall be deemed sufficient cause to terminate this contract for the fault of the A-E-M.

ART. XXVII. *Loading and unloading railway cars.* 1. The A-E-M shall load promptly all railroad cars furnished for loading upon his order and shall unload from railroad cars promptly upon arrival all shipments consigned to him and shall provide storage facilities and other facilities necessary for these purposes; and the A-E-M shall not order railway cars for loading unless they can be loaded promptly and shall not cause or permit shipments to be consigned to him unless they can be unloaded from railroad cars promptly upon arrival.

ART. XXVIII. *Assignment of claims.* (Insert clause in § 803.355)

5. No assignee shall divulge any information concerning the contract, or contained therein, except to those persons authorized by the Contracting Officer.

If this contract is classified as Secret, Confidential, or Restricted, the foregoing provisions of this Article shall not be applicable, and the following provision shall be deemed to be substituted therefor:

1. Neither this contract, nor any interest therein, or claim thereunder, shall be assigned or transferred by the A-E-M to any party or parties.

ART. XXIX. *Renegotiation.* (See § 803.-342 and Part 812.)

ART. XXX. *Approval required.* 1. This contract shall be subject to the approval of the ---------- and shall not be binding unless so approved.

ART. XXXI. *Definitions.* 1. The term "Chief of the Supply Service" refers to the head of a service of the War Department, e. g., the Chief of Engineers.

2. The terms "Secretary of War" and "Chief of the Supply Service" shall include their duly authorized representatives as the case may be other than the Contracting Officer.

3. The term "his duly authorized representative" shall mean any person or board authorized by the Secretary of War or the Chief of the Supply Service, as the case may be, to act for him, other than the Contracting Officer.

4. For the original signing of the contract and modification thereof, the term "Contracting Officer" as used herein shall be deemed to include the Contracting Officer in the Office of the Chief of Engineers appointed for that purpose by the Chief of Engineers. For all other purposes, the term "Contracting Officer" shall mean the District Engineer of the United States Engineer District in which the contract work is being performed, his successor or duly authorized representative.

5. The term "construction plant" shall include any part thereof.

ART. XXXII. *Alterations.* The following changes were made in this contract before it was signed by the parties hereto:

In witness whereof, the parties hereto have executed this contract as of the day and year first above written.

THE UNITED STATES OF AMERICA,
By ----------

(Contracting Officer)

A-E-M

CERTIFICATION

I, ----------
do hereby certify that I am the duly qualified ---------- of the corporation named herein as Architect-Engineer-Construction-Manager; that ---------- who signed this contract on behalf of the Architect-Engineer-Construction-Manager was then ---------- of said corporation; that said contract was duly signed for and in behalf of said corporation by authority of its governing body, and is within the scope of its corporate powers.

In witness whereof, I have hereunto affixed my hand and the seal of the---------- this ---------- day of----------, 194--.

[CORPORATE SEAL]

APPENDIX "B"

Contract No. ----------
(All equipment available ----------
except where otherwise specified)

Quantity	Item: Complete description, capacity, and identifying Nos.	Total purchase cost or fair value	Rental Rate $... month, week or day

APPENDIX "C"

There are set forth below the present key employees proposed to be furnished under this contract indicating their names, description of work to be performed, an expression as to whether the salaries are based on a weekly, monthly or annual basis, and the maximum salary agreed upon to be paid for services in the position indicated for personnel now employed.

Name	Position	Salary based on weekly (W) monthly (M) or annual basis	Maximum salary agreed to be paid under contract

For the purposes of this appendix "C" it is understood that,

1. "Non-manual employees" are those employees who are not "laborers and mechanics" within the meaning of the Davis-Bacon Act. The term "non-manual employees" includes all occupations not involving manual labor directly in connection with construction work. Custodian employees are included within the term "non-manual employees." The following is a list (not all inclusive) of typical "non-manual" occupations:

Accountants.
Architects.
Auditors.
Axemen.
Bookkeepers.
Chainmen.
Checkers.
Chiefs of Party.
Clerks.
Cooks.
Draftsmen.
Engineers.
Executives of any kind.
Guards.
Levelmen.
Material Checkers.
Material Clerks.
Messengers.
Office Machine Operators.
Office Managers.
Project Managers.
Purchasing Agents.
Rodmen.
Stenographers.
Stewards.
Storekeepers.
Superintendents.
Telephone Operators.
Timecheckers.
Timekeepers.
Tool Checkers.
Transitmen.
Typists.
Waiters.
Watchmen.
Waterboys.

2. Non-manual employees will be classified in the following groups:

a. Group "A". Employees whose base salaries are $53.31 or less per week.

b. Group "B". Employees whose base salaries are over $53.31 and not over $90.00 per week.

c. Group "C". Employees whose base salaries are over $90.00 per week.

d. Group "D". Trade foremen employed by construction contractors.

3. The base salaries of all employees in Groups "A" and "B" are based on a work week of 40 hours. The base salaries of all employees in Group "C" are based on a minimum work week of 48 hours.

4. No offer of employment will be made to any prospective employee for work of the same general classification and responsibility as his present employment at a rate exceeding present salary.

5. The base salary of a person not in the employ of the A-E-M prior to the execution of this contract will not be approved at a rate in excess of the maximum prescribed for the job classification in the approved salary schedule attached.

6. The base salary of a person in the employ of the A-E-M prior to the execution of the contract will not be approved at a base salary in excess of that paid immediately prior to execution plus such increases as the A-E-M customarily grants for work away from the home office, except that, in cases where the classifications of such a person is changed incident to or during his assignment to the project, the salary range in the approved salary schedule shall govern.

7. *With regard to overtime payments.* a. Group "A" employees will be paid at the rate of time and one-half for all work which they are required to perform in excess of 40 hours during the first six days of any regularly scheduled work week, and at the rate of two times straight time for work which they are required to perform on the seventh consecutive day of such work week.

b. Group "B" employees will be paid at the rate of straight time for all work which they are required to perform in excess of 40 hours per week.

c. Group "C" employees will work any necessary number of hours (including work on Sundays) without payment of additional compensation.

d. Group "D" employees normally employed on an hourly basis will be granted the same overtime pay as the laborers and mechanics under their supervision. Group "D" employees employed on a weekly or monthly basis will be governed by the overtime provisions applicable to employees in Group "A", "B", or "C".

8. *With regard to holiday payments.* a. No deductions from weekly or monthly base salaries of employees in Groups "A", "B", and "C" shall be made for approved absences on customary holidays, and no premium wage or extra compensation shall be paid for work on such holidays, except that employees in Group "A" who are required to work on the holidays specified below, shall be paid at the rate of one and one-half times the straight time rate:

New Year's Day.
July Fourth.
Labor Day.
Thanksgiving Day.
Christmas Day.
Memorial Day.

b. Group "D" employees normally employed on hourly basis will be granted the same overtime pay as the laborers and mechanics under their supervision. Group "D" employees employed on a weekly or monthly basis will be governed by the holiday provisions applicable to Group "A", "B", or "C".

9. *Work on the seventh consecutive day:*

a. Since it is the policy to provide that each worker will have one day of rest in seven, operations shall be arranged so as to permit one scheduled day of rest in each seven for all employees not engaged in an executive or supervisory capacity.

b. Only in situations of emergency will approval be granted to work, on the seventh consecutive day or more than 48 hours in any scheduled work week, those employees who are not engaged in executive or supervisory capacities. The Contracting Officer will obtain the prior approval of the Division Engineer or his designated representative before approving work in such cases.

10. *Leave privileges:* All employees of Groups "A", "B", "C", and those employees of Group "D" who are employed on a weekly or monthly basis, shall accrue leave with pay at the rate of two days per month for each month of service in lieu of any sick or vacation allowance, subject to the following rules:

a. Leave granted for any reason in excess of two days per month will not be reimbursable.

b. Leave may be granted by the A-E-M, with the approval of the Contracting Officer, at such time or times as may be deemed in the best interests of the Government. Leave may be granted during the course of employment or at the completion of employment.

c. No leave will be accrued to any employee in excess of 48 days.

d. Unearned leave may not be advanced.

e. Employees separated because of their own misconduct (including such causes as insubordination, drunkenness on the job, theft, etc.) shall forfeit any leave which they may have accrued at the time of separation.

f. Employees who resign, or are involuntarily separated for causes not due to their misconduct, shall be entitled to all leave to and including date of separation.

g. Employees shall be charged with leave only for absence on days upon which they would normally be on duty.

h. The minimum charge for leave shall be one hour. Leave granted for less than one full day shall be proportionately charged.

i. Leave may not be granted for days of disability because of accidents which are covered by compensation insurance.

11. *Approved salary schedule:*

§ 813.1313 *War Department Contract Form No. 13.*

Contract No. _____

CONTRACT (SUPPLIES) WAR DEPARTMENT WAR SUPPLIES LIMITED

Contract for _____ Amount $_____
Place _____
The Finance Officer, United States Army, _____, _____ is designated as the officer to make payments in accordance with this contract.

The supplies and services to be obtained by this instrument are authorized by, are for the purpose set forth in, and are chargeable to Procurement Authority _____, _____ available balance of which is sufficient to cover cost of same. This contract is authorized by the following laws:

This contract, entered into this _____ day of _____, 19__, by the United States of America, hereinafter called the Government, represented by the Contracting Officer executing this contract, and War Supplies Limited, a corporation organized and existing under the laws of the Dominion of Canada, hereinafter called the Contractor, with its principal office of the city of Ottawa, Province of Ontario, witnesseth that the parties hereto do mutually agree as follows:

ARTICLE 1. *Standard of payment.* All prices, costs and amounts set out or referred to in this contract are in United States Dollars.

ART. 2. *Scope of this contract.* (Insert Article 1, § 813.1301)

ART. 3. *Changes.* (Insert Article 2, § 813.1301)

ART. 4. *Extras.* (Insert Article 3, § 813.1301)

ART. 5. *Inspection.* (a) All material and workmanship shall be subject to inspection and test at all times and places and, when practicable, during manufacture. In case any articles are found to be defective in material or workmanship, or otherwise not in conformity with the specification requirements, the Goverment shall have the right to reject such articles, or require their correction. Rejected articles, and/or articles requiring correction, shall be removed by and at the expense of the Contractor promptly after notice so to do. If the Contractor fails to promptly remove such articles and to proceed promptly with the replacement and/or correction thereof, the Government may, by contract or otherwise replace and/or correct such articles and charge to the Contractor the excess cost occasioned the Government thereby, or the Government may terminate the right of the Contractor to proceed as provided in Article 6 of this contract, the Contractor being liable for any damage to the same extent as provided in said Article 6 for terminations thereunder.

(b) If inspection and test, whether preliminary or final, are made on the premises of the Contractor or subcontractor, the Contractor shall furnish, without additional charge, all reasonable facilities and assistance for the safe and convenient inspections and tests required by the inspectors in the performance of their duty. All inspections and tests by the Government shall be performed in such a manner as not to unduly delay the work. Special and performance tests shall be as described in the specifications. The Government reserves the right to charge to the Contractor any additional cost of inspection and test when articles are not ready at the time inspection is requested by the Contractor.

(c) Final inspection and acceptance of materials and finished articles will be made after delivery, unless otherwise stated. If final inspection is made at a point other than the premises of the Contractor or subcontractor, it shall be at the expense of the Government except for the value of samples used in case of rejection. Final inspection shall be conclusive except as regards latent defects, fraud, or such gross mistakes as amount to fraud. Final inspection and acceptance or rejection of the materials or supplies shall be made as promptly as practicable, but failure to inspect and accept or reject materials or supplies shall not impose liability on the Government for such materials or supplies as are not in accordance with the specifications. In the event public necessity requires the use of materials or supplies not conforming to the specifications, payment therefor shall be made at a proper reduction in price.

ART. 6. *Delays-damages.* (Insert clause in § 803.352)

ART. 7. *Responsibility for supplies tendered.* (Insert Article 6, § 813.1301)

ART. 8. *Increase or decrease.* Unless otherwise provided herein, no increase or decrease in the total number of articles contracted for under Article 2 hereof, will be accepted, without the prior written approval of the Contracting Officer. (or insert clause in §803.329)

ART. 9. *Payments.* (Insert Article 8, § 813.1301)

ART. 10. *Officials not to benefit.* (Insert clause in § 803.322)

ART. 11. *Covenant against contingent fees.* (Insert clause in § 803.323)

ART. 12. *Disputes.* (Insert clause in § 803.326)

ART. 13. *Termination for convenience of Government.* (Insert clause in § 803.324)

ART. 14. *Assignment of claims.* (Insert clause in § 803.355)

ART. 15. *Notice of shipments.* (Insert clause in § 803.328)

ART. 16. *Patents.* The Contractor shall hold and save the Government, its officers, agents, servants, and employees harmless from liability of any nature or kind, including costs and expenses, for or on account of any invention, article, or appliance patented under the laws of Canada, manufactured or used in the performance of this contract, including their use by or for the Government.

The Government shall hold and save the Contractor, its representatives, agents, and subcontractor harmless from all liability under judgments by courts of competent jurisdiction, that may be obtained against the Contractor, its representatives, agents, and subcontractors, because of the use of any invention patented under the laws of the United States, specifically prescribed and authorized in writing by the Government as necessary for the performance of this contract, or the use of any invention patented under the laws of the United States which necessarily flows from the nature of the thing being produced or procured under this contract, but not otherwise; Provided, That such United States Letters Patent so used are not owned or controlled by the Canadian Government, the Contractor, its representatives, subcontractors, or persons in privity with the Contractor; And Provided Further, That immediate notice of any demand, liability, or legal proceedings arising from such use is given in writing by the Contractor to the Contracting Officer, and reserving to the Government the right to intervene in any such demand or proceeding and in its discretion to defend same or make settlement thereof, and the Contractor shall furnish all information in its possession and all assistance of its employees, representatives, or agents requested by the Government.

ART. 17. *Patent licenses.* The Contractor agrees to, and does hereby, in consideration of the terms and in consideration of payments to be made by the Government under this contract, grant unto the Government a non-exclusive, irrevocable, non-transferable, royalty-free license to make, have made, and use for governmental purposes, and to sell or otherwise dispose of in accordance with law, machines, articles or compositions of matter, embodying any and all inventions made or developed in the course of carrying out the work contemplated by this contract whether patented or unpatented, and to practice or cause to be practiced any methods or processes, whether patented or unpatented, which are developed in carrying out the provisions of this contract: *Provided*, That nothing contained in this Article shall impose any obligation upon the Contractor to license or otherwise make available to the Government any invention, method or process, which is not owned or controlled by the Contractor or by the Canadian Government.

ART. 18. *Subcontractor.* It is understood and agreed that the supplies and materials to be furnished under this contract will be manufactured and/or supplied by the _____ at its factory
(Name of subcontractor)
located at _____. The
(City in which plant is located)
performance of any of the work by any other subcontractor is prohibited, except by the specific approval of the Contracting Officer in advance.

ART. 19. *Governing laws.* This contract will be construed according to the laws of the United States of America.

ART. 20. *Definitions.* (a) The term "Secretary of War" as used herein shall include the Under Secretary of War, and the term "his duly authorized representative" shall mean any person or board authorized by the Secretary of War to act for him other than the Contracting Officer.

(b) The term "Contracting Officer" as used herein shall include his duly appointed successor or his authorized representative.

ART. 21. *Alterations.* The following changes were made in this contract before it was signed by the parties hereto:

Contract No. _____

RENTAL AGREEMENT — GOVERNMENT - OWNED CONSTRUCTION OR ROAD MAINTENANCE EQUIPMENT

Lessee and address _____
Equipment to be used in connection with project located at _____
Payment _____

To be made to _____,
United States Army, at _____
This contract is authorized by the following laws _____

GOVERNMENT-OWNED EQUIPMENT RENTAL AGREEMENT

This agreement, entered into this _____ day of _____ 194__, by the United States of America (hereinafter called the Government), represented by the Contracting Officer executing this contract, and _____
_____
[1] a corporation organized and existing under the laws of the State of _____
[1] a joint venture consisting of _____
_____
[1] a partnership consisting of _____
_____
[1] an individual trading as _____
_____
of the City of _____ in the State of _____ (hereinafter called the Lessee), witnesseth that;

[2] Whereas, the Lessee has entered into Contract No. W _____ or may enter into a contract (hereinafter, in either event, called the principal contract) with the Government to construct for the Government _____
_____
at or near _____
(hereinafter referred to as the project); and

[2] Whereas, the Lessee has entered into Subcontract No. _____ to Contract No. W _____, such subcontract hereinafter, for the purposes of this Agreement, being referred to as the "principal contract", to construct _____
_____
at or near _____ (hereinafter referred to as the project); and

Whereas, the Government owns certain equipment, as set forth in Schedule A, attached hereto and made a part hereof, located at _____
_____; and

Whereas, the equipment is not now required by the Government for use on other projects within _____ and the Lessee desires to lease the same; and

Whereas, the leasing of the equipment to expedite performance of the principal contract by the Lessee is deemed necessary by the War Department to facilitate the prosecution of the war; and

Whereas, the Secretary of War has authorized the execution of this lease on behalf of the United States;

Now, therefore, the parties hefeto do mutually agree as follows:

SECTION 1. The Government hereby leases to the Lessee the equipment listed in Schedule A, attached hereto and made a part hereof, which equipment the Lessee shall use in the performance of the principal contract at the project. This equipment is the property of the Government and is now located at _____
_____
Schedule A may be supplemented from time to time whenever equipment is added to or withdrawn from the scope of this lease. Each such supplement shall be signed on behalf of the Lessee and the Government.

SEC. 2. Upon notification by the Contracting Officer that the equipment is ready for delivery, the Lessee agrees to receive the same without delay at the present location thereof, in its present condition, as is, without any warranty, express or implied, on the part of the Government as to condition or serviceability.

SEC. 3. The term of this lease shall begin on _____ and shall end upon the return of the equipment to the Government at _____ or at such other place as the Contracting Officer may designate, but in no event to exceed the time necessary to complete the Lessee's principal contract.

SEC. 4. This lease may be terminated by the Government by giving _____ day's written notice at any time after _____ days from the date of this lease.

SEC. 5.[1] The Lessee agrees that he will pay rental at the rate and at the times prescribed in Schedule A, and that such rental may be deducted from the payments due or to become due to the Lessee under the terms of the principal contract. Such deductions will be made monthly on or about the 10th of the month for the previous calendar month if practicable. The rental period shall begin on the date of commencement of the term of this lease and shall cease on the termination of the lease, as defined in Section 3.

SEC. 5.[1] The rental period shall begin on the date of commencement of the term of this lease and shall cease on the termination of this lease, as defined in Section 3 hereof. The Lessee shall pay rental at the rate prescribed on Schedule A. The rental accrued at the end of any calendar month shall be paid to the Government on or before the 10th day of the following month.

SEC. 6. Title to the equipment leased hereunder is and shall remain in the Government.

SEC. 7. The Lessee at its own expense will maintain the equipment in good repair and make all necessary replacements during the term of this lease. Any replacement of parts shall be by parts recommended by the manufacturer of the equipment or approved by the Contracting Officer. All fuel and lubricants will be furnished by the Lessee. The obligations under this section shall continue until the equipment shall have been delivered to a common carrier for return to the Government.

SEC. 8. The Lessee shall not remove any of the equipment from the project without the prior written approval of the Contracting Officer or his duly authorized representative. The Lessee shall not pledge, assign, transfer, sublet or part with the possession of any of the equipment in any manner to any third party either directly or indirectly, except that this provision shall not preclude the Lessee from permitting the use of the equipment by a third party with the prior written approval of the Contracting Officer or his duly authorized representative; and the Lessee shall not do or suffer anything whereby any of the equipment shall or may be seized, taken in execution, attached, removed, destroyed or injured.

SEC. 9. The Lessee shall not, without the prior written approval of the Contracting Officer or his duly authorized representative, use any of the equipment for any purpose other than performance of the principal contract at the project, in furtherance of the national war effort. Upon failure of the Lessee to comply with this provision, the Contracting Officer may terminate this lease upon twenty-four hours' notice communicated to the Lessee or its agent at its address as set forth in Section 21, and upon such termination the Contracting Officer or his duly authorized representative may require the immediate return of the equipment.

SEC. 10. The equipment shall be returned to the Government upon the expiration or termination of this lease in as good condition as when delivered to Lessee, reasonable wear and tear excepted. If in the opinion of the Contracting Officer, or his duly authorized respresentative the Lesse shall have failed to comply with the requirements of the lease in this respect, the Lessee shall pay to the Government as damages the amount necessary to place the equipment in as good condition as when delivered to Lessee, reasonable wear and tear excepted, or if such equipment can not be placed in such condition, Lessee shall pay an amount equivalent to the value of such equipment as stipulated in Schedule A, less the sum of the amount determined by the Contracting Officer to represent reasonable wear and tear, and the scrap value of such equipment.

SEC. 11. Between the time of delivery of the equipment to the Lessee at _____ and the time of its return to the Government at _____ or at such other place as the Contracting Officer may designate pursuant to Sections 3 and 12, the Lessee shall be solely responsible for any loss or destruction of the equipment, irrespective of whether such loss or destruction results from the failure of the Lessee to exercise reasonable care. Such responsibility shall be measured by the value of the equipment as set forth in Schedule A, less the amount determined by the Contracting Officer to represent reasonable wear and tear for the period during which such equipment was used. The Lessee shall take all necessary steps to protect the interest of the Government in the equipment. Without limiting the generality of the foregoing, the Contracting Officer may require, and in that event the Lessee shall, at its own expense, take specific measures, including but not limited to the procurement of insurance, as directed by the Contracting Officer, to protect the interests of the Government.[1]

---

[1] Delete all lines which do not apply.

[2] Use whichever "Whereas" clause is appropriate, depending upon whether the Lessee is a lump sum or unit price prime contractor, or a lump sum or unit price subcontractor.

[1] The first form of section 5 will be used when the equipment rental agreement is between the Government and a lump sum or unit price prime contractor; the second form when the agreement is with a lump sum or unit price subcontractor.

[1] Note that the provisions of this standard form of contract deviate from the requirements of § 803.365 (a). Such deviation has been specifically authorized.

SEC. 12. The Lessee agrees to reimburse the Government immediately upon presentation of a statement thereof, for all packing and handling costs, and further agrees to pay all transportation charges on the equipment from _____ to the job site of the project at_____ _____ Upon expiration or termination of this lease, the Lessee agrees to pay all packing, handling and transportation charges necessary for the return of the equipment to the Government at_____ _____, or at such other place as the Contracting Officer may designate; but the Lessee's responsibility for return transportation charges shall not exceed the amount required to return the equipment to _____ _____

SEC. 13. The equipment is rented without operators. Any operator deemed incompetent by the Contracting Officer shall be removed from the equipment.

SEC. 14. The Contracting Officer shall furnish to the Lessee without charge, upon request, copies of such drawings, specifications, instructions, or the like as the Lessee may require for the operation or repair of the equipment and as may be on file at_____ _____ This is for the sole purpose of enabling the Lessee to maintain the equipment in serviceable condition, and does not constitute a license or authority initially to manufacture, use or sell any articles covered by unexpired United States Letters Patent as shown or described in such copies.

SEC. 15. The Government shall not be responsible for damages to property of the Lessee or property of others, or for personal injuries to the Lessee's officers, agents, servants or employees, or to other persons, arising from or incident to the use of the equipment herein leased, and the Lessee shall save the Government harmless from any and all such claims; provided, that nothing contained in this Section 15 shall be deemed to affect any liability of the Government to its own employees.

SEC. 16. At all times the Contracting Officer or his duly authorized representative shall have access to the job site whereon any of the equipment is situated, for the purpose of inspecting or inventorying the same, or for the purpose of removing the same in the event of the termination of this lease.

SEC. 17. (Insert clause § 803.322)

SEC. 18. The Lessee warrants that he has not employed any person to solicit or secure this lease upon any agreement for a commission, percentage, brokerage, or contingent fee. Breach of this warranty shall give the Government the right to annul the lease, or at its option, to recover from the Lessee the amount of such commission, percentage, brokerage, or contingent fee, in addition to the consideration herein set forth. This warranty shall not apply to commissions payable by the Lessee upon contracts or leases secured or made through bona fide established commercial agencies maintained by the Lessee for the purpose of doing business.

SEC. 19. (Insert article in § 803.326, omitting last sentence).

SEC. 20. This agreement shall be subject to the written approval of_____ and shall not be binding until so approved.

SEC. 21. All notices to either of the parties to this lease shall be sufficient if mailed in a sealed postpaid envelope addressed as follows:

To the Lessee—

Contract No._____

WAR DEPARTMENT

NEGOTIATED ELECTRIC SERVICE CONTRACT
CONNECTION CHARGE

Contractor and Address_____
Place _____
Connection Charge_____
Estimated Annual Refund_____
Payment _____
To be made by_____, U. S. Army, at_____

The equipment, supplies and services to be obtained by this instrument are authorized by, are for the purposes set forth in, and are chargeable to the following allotments, the available balances of which are sufficient to cover the cost of same:

_____

This contract was negotiated under and is authorized by the following laws:

NEGOTIATED ELECTRIC SERVICE CONTRACT

This contract, entered into this_____ day of_____, 19____, by and between The United States of America (hereinafter called the "Government"), represented by the Contracting Officer executing this contract, and_____ _____ _____ a Corporation organized and existing under the laws of the State of_____ with principal office at_____ _____ (hereinafter called the "Contractor"), Witnesseth that:

Whereas, the Contractor is a public utility engaged in the business of supplying electric service to private and public consumers in the State of_____; and

Whereas, the Government and the Contractor are entering into this contract for the supplying by the Contractor to the Government of electric service for the operation of _____ _____known as _____ (hereinafter called the "Project"); and

Whereas, in order that the Contractor may supply electric service in accordance with the terms of this contract and within the time specified, it is necessary for the Contractor to provide the facilities described and enumerated in Appendix "A" attached hereto, and generally referred to hereinafter as Contractor's New Facilities; and

Whereas, due to the present uncertainty as to the amount of electric service which Government will use, and as to the length of time the Project will be operated, the Government is willing to compensate Contractor in the form of a connection charge for the cost of the facilities required to furnish services;

Now, therefore, in consideration of the premises and of the mutual agreements herein contained, to be performed by the parties hereto respectively, it is agreed as follows:

ARTICLE I. *Facilities to be provided.* 1. The Contractor shall proceed to acquire or construct all necessary equipment, materials and rights of way needed for Contractor's New Facilities, which are described more fully in Appendix "A" attached hereto and made a part hereof. It is estimated that such facilities will be completed _____ from the date of approval of this contract. It is expressly understood however that neither the Contractor nor the Government guarantees the correctness of this estimate but will use its best effort to acquire or construct the facilities within the time specified.

2. The Government hereby grants to the Contractor a license to enter upon and use a site or sites to be agreed upon between the parties hereto upon which the Contractor shall install, operate and maintain the Contractor's New Facilities to be located on Government property; and such license shall continue in effect until such time as the Government shall order the removal of Contractor's New Facilities located thereon: *Provided*, That after Contractor's New Facilities are ordered removed Contractor shall have ninety (90) days within which to comply with the Government order and if such facilities are not removed within said ninety (90) day period, title thereto shall vest in the Government without further action brought, and no claim for damages against the Government or its officers or agents shall be created by or made on account thereof: *And provided further*, That if the Government orders removal to another location on the project, for the convenience of the Government, then the Government shall pay the cost of such removal and relocation and shall likewise license Contractor to use such land as may be necessary for the relocation. The license hereby granted by the Government to the Contractor shall be free of any rental or other charges.

3. The names of the employees of the Contractor whose services Contractor proposed to retain in the construction, operation and maintenance of that portion of Contractor's New Facilities located within the boundaries of the Project shall be submitted to the Commanding Officer, or his authorized representative, in advance of actual employment for such purposes, together with pertinent information within the knowledge of Contractor as to the character, background and international political sympathies or affiliations of such employees, and the Commanding Officer, or his representative, shall reject or approve of the employment of such persons within the confines of the Project as he may deem proper in the interests of the United States. Only those employees who have been approved as hereinbefore provided shall receive employment within the confines of the Project and those so approved shall be designated as such by a method to be agreed upon by the Contractor and the Commanding Officer of the Project.

ART. II. *Payment for cost of facilities.* 1. In consideration of the investment to be made by the Contractor and the uncertain duration of the operation of the Project the Government agrees to pay the Contractor, as a connection charge, the estimated cost, less estimated salvage value of the facilities to be provided by the Contractor under this contract within thirty (30) days after receipt of satisfactory evidence of completion of the facilities. It is estimated that the facilities to be constructed under this contract will cost $_____. The agreed net salvage valued to be deducted is $_____. The net connection charge to be paid by the Government shall be $_____. The Government is to receive a refund of the amount so paid as hereinafter provided.

ART. III. *Ownership, operation, maintenance, and removal of facilities to be provided hereunder.* 1. The facilities to be supplied by the Contractor as hereinbefore provided for, notwithstanding the reimbursement by the Government of the estimated cost thereof less net salvage value, shall be and remain the sole property of the Contractor and shall, at all times during the life of this contract or any renewals thereof, be operated and maintained by the Contractor at its expense, and all taxes and other charges in connection therewith, together with all liability arising out of the construction, operation, or maintenance of said facilities shall be assumed by the Contractor.

2. Upon termination of the service provisions of this contract, Contractor may, of its own volition, remove any of its new facilities constructed under and by virtue of this contract, provided, however, that at any time within fifteen (15) months from the date of termination such facilities so removed will be reinstalled by Contractor without cost to the Government, upon receipt of sixty (60) days written notice from the Government, and provided a new service contract is executed between the parties hereto. This provision shall not give the Government the right to have such facilities reinstalled without cost to the Government in the event the Government "orders" removal as provided under Article I, Section 2.

ART. IV. *Refund agreement.* 1. In consideration of the fact that the Contractor is to be reimbursed for the estimated cost of the facilities to be provided hereunder less the estimated net salvage value thereof, and the further consideration that title to said facilities is to be and remain in the Contractor, it agrees to allow the Government on each monthly bill for electric service supplied as hereinafter provided for, a credit of ten percent (10%) of the gross amount of such bills as rendered, said credits to be made monthly and continue until such time as the accumulated credits equal the amount of the connection charge, unless this contract shall have been previously terminated, except that if a new contract for the supply of electric service shall be entered into between the parties hereto within a period of fifteen months from the date of such termination, the deductions shall resume and continue as above provided.

2. Anything in this contract to the contrary notwithstanding, no refund shall be made the Government or credit allowed on Government bills, after fifteen (15) years from the date of this contract.

ART. V. *Option to reduce minimum charges.* 1. In the event of a partial or total shut-down or abandonment of the Project, and, as a result thereof, power consumption is curtailed to less than twenty five percent (25%) of the average consumption for the ninety (90) day period immediately preceding such curtailment then the Government shall have the option to give the Contractor ninety (90) days notice after which time the minimum charge indicated in the rate schedule shall not apply, and the minimum to be charged shall be in accordance with the rate for the class of service required.

ART. VI. *Term of contract.* 1. This contract shall take effect as of the date of execution thereof and continue until further notice. Notice of intention to terminate this contract shall be at the option of the Government and shall be given in writing by the Contracting Officer to the Contractor not less than ninety (90) days in advance of the effective date of termination.

ART. VII. *Service.* 1. Contractor shall supply the electric service required by the Government for use at the Project. The Government agrees that the electric service to be supplied under the terms of this contract shall be used only in connection with activities within the boundaries of the Project as presently located or as such boundaries may be extended in the future.

ART. VIII. *Description of electric current delivered.* Volts ____, Cycles ____, Phase ____, Number of wires 2 3 4 direct or alternating current.

ART. IX. *Metering and accounts.* 1. The Contractor shall furnish, install, maintain, calibrate, and read the meters used to measure the electrical energy supplied by the Contractor for which payment is to be made, and shall render monthly accounts to the Contracting Officer, the meter reading to be made in the presence of the Contracting Officer or his authorized representative. These accounts, which shall remain the property of the Government, shall contain the statements of the readings of the meters at the beginning of the month, meter constants, monthly consumption, with respective charges and allowances, if any, in detail.

ART. X. *Description of meters.* 1. All electrical energy supplied by the Contractor under the terms of this agreement shall be measured by means of the following metering equipment:

(1) When purchased on primary meter measurement—
Primary watt-hour meter,_____ amperes, _____volts, _____ cycles, _____ phases, _____ wires.
Located at _____
Other meters _____
_____

(2) When purchased on secondary meter measurement—
Secondary watt-hour meter _____ amperes, _____ volts, _____ cycles, _____ phases, _____ wires.
Located at _____

(3) When purchased with demand meter measurement—
Maximum demand indicator arrangements to record or indicate the average maximum demand over a period of _____ minutes, and the average billing maximum demand shall be the average of _____ such readings per month. The instrument used for this purpose shall be of the following type and description: _____
_____
_____

ART. XI. *Billing.* 1. Bills shall be rendered on the basis of _____ meters installed, the readings of each separate meter to be—

[1] (1) Billed separately.
[1] (2) All added and billed as one quantity.

ART. XII. *Service regulations.* 1. The matter of meters, meter accuracy, reliability of service, voltage regulation, and frequency variations, and all other matters not stipulated in this contract, shall be governed by the rules applicable and on file with the State Commission having jurisdiction in said matters, or where not on file with the State Commission, then such matters shall be governed by applicable rules or codes of the United States Bureau of Standards.[2]

ART. XIII. *Change in load.* 1. Reasonable notice will be given by each party to the other as to any material changes proposed in the connected load in the Project or on the lines serving the Project.

ART. XIV. *Change of schedule.* 1. The Contractor hereby agrees that if, after furnishing electrical energy for any ninety (90) day period during the life of this contract, it would have been more advantageous to the Government to have taken service under any other of the Contractor's standard rate schedules in effect during any such period for like conditions of service to the class of service furnished hereunder, the rate shall be changed to conform to the schedule and an adjustment of the charges for the last of such periods shall be made, based on such schedule.

ART. XV. *Change of rates.* 1. If during the life of this contract the State Commission having jurisdiction receives for file in authorized manner rates that are higher or rates that are lower than those stipulated herein for like conditions of service, the Contractor hereby agrees to continue to furnish electric current as stipulated in this contract, and the Government hereby agrees to pay for such electric current at the higher or lower rates from and after the date when such rates are made effective.

ART. XVI. *Deductions.* 1. This contract contemplates that continuous service shall be

[1] Delete irrelevant statement.
[2] Delete irrelevant words in cases where State Commission has no jurisdiction.

furnished. Should the power company desire to interrupt service for maintenance or repair purposes, arrangement therefor shall be made with the proper officials in order that such interruptions will least interfere with service for the Government.

2. If such arrangement is not made, and if the interruption is due to conditions within the control of the Contractor, deductions shall be imposed which will partially compensate the Government. For a shut-down lasting from three minutes to thirty minutes, 10 percent of the cost of current for the preceding day of similar service shall be deducted. For a shut-down of over thirty minutes, 25 percent of the cost of current for the preceding day of similar service shall be deducted.

ART. XVII. *Payments.* 1. For and in consideration of the faithful performance of the stipulations of this contract, the Contractor shall be paid by the designated disbursing officer for electrical energy herein contracted for, at the rates and under the terms and conditions hereinafter set forth; and the Contractor hereby declares that said rates are not in excess of the lowest rates now available to any prospective customer under like conditions of service.

2. All bills for electric energy delivered shall be paid without penalty or interest within fifteen (15) days from the date the bill is rendered, but this provision shall not operate to preclude the Government from the benefits of any discounts that might be available through more prompt payment.

ART. XVIII. *Ownership of premises.*

1. The premises to be served under this contact are:

[1] A. Government owned.

[1] B. Government leased.

2. a. The symbol number of the Government lease is _____

_____

b. The name of the lessor is _____

_____

ART. XIX. *Rates.*

_____

_____

ART. XX. *General Provisions.* 1. *Convict labor* (Insert clause in § 803.345)

2. *Eight-hour law* (Insert clause in § 803.346)

3. *Officials not to benefit* (Insert clause in § 803.322)

4. *Disputes* (Insert article in § 803.326)

5. *Covenant against contigent fees* (Insert clause in § 803.323)

6. *Anti-discrimination* (Insert clause in § 803.325)

7. *Assignment of rights hereunder* (Insert clause in § 803.355)

8. *Renegotiation.* (a) Unless the provisions of subparagraph (b) or (c) of this paragraph 8 are applicable to this contract, (1) this contract shall be deemed to contain all the provisions required by subsection (b) of the Renegotiation Act, as amended by section 701 of the Revenue Act of 1943 (Public Law 235, 78th Congress, enacted February 25, 1944); and (2) in compliance with said subsection (b) of the Renegotiation Act, the Contractor shall insert in the subcontracts specified in said subsection (b) either the provisions of this article or the provisions required by said subsection (b).

(b) This contract, as to all amounts received under it, shall be exempt from statutory renegotiation if the Contractor hereunder is a department, bureau, agency, or governmental corporation of the United States, or any Territory, possession or State, or any agency thereof, or any foreign Government or agency thereof.

(c) This contract, but only as to amounts received under it for the delivery of electric power, shall be exempt from statutory renegotiation if it is made with a public utility for the delivery of electric power of less than 1000 kilowatts of contractual demand except that if the actual demand was 1000 kilowatts or more at any time during any particular fiscal year, amounts received or accrued under this contract for such fiscal year shall not be exempt from renegotiation by reason of anything contained in this subsection (c).

ART. XXI. *Definitions.* (Insert Article 23, § 813.1301)

ART. XXII. *Changes.* 1. The Contracting Officer may at any time, with the consent of the Contractor, by a written order, make changes in this contract within the general scope thereof. If such changes cause an increase or decrease in the amount due under this contract, an equitable adjustment shall be made, and the contract shall be modified in writing accordingly.

ART. XXIII. *Alterations.* 1. The following changes were made in this contract before it was signed by the parties hereto:

RATES

(Reverse Side of Form)

GENERAL PROVISIONS

1. *Service regulations.* The matter of meters, meter accuracy, reliability of service, and all other similar matters not stipulated in this contract, shall be governed by the rules applicable and on file with the public regulatory body having jurisdiction in said matters, or where such rules are not so on file, by standards approved by the United States Bureau of Standards.

2. *Payments.* For and in consideration of the faithful performance of the stipulations of this contract, the Contractor shall be paid by the designated disbursing officer for service herein contracted for, at the rates and under the terms and conditions herein set forth. The Contractor hereby declares that said rates are not in excess of the lowest rates now available to any prospective customer under like conditions of service and agrees that during the life of this contract the Government shall continue to be billed on the lowest available rate for similar conditions of service. Recognition is given to the fact that the Government fiscal year ends on 30 June. Payments hereunder shall be contingent upon the availability of appropriations therefor, and shall not be made in advance of service rendered. All bills for service shall be paid without penalty or interest and the Government shall be entitled to any discounts customarily applicable to payment of bills by all customers of the Contractor.

3. *Changes of rates.* If during the life of this contract the public regulatory body having jurisdiction receives for file from the Contractor in authorized manner rates that are higher or rates that are lower than those stipulated herein for like conditions of service, the Contractor hereby agrees to continue to furnish service as stipulated in this contract, and the Government hereby agrees to pay for such service at the higher or lower rates from and after the date when such rates are made effective.

4. *Contractor's equipment.* The Government shall provide, free of cost, suitable locations on the premises to be supplied for the installation of the meters and any other equipment of the Contractor necessary to furnish service hereunder, all of which facilities shall be and remain the sole property of the Contractor and shall, at all times during the life of this contract, be operated and maintained by the Contractor at its expense; and all taxes and other charges in connection therewith, together with all liability arising out of the negligence of the Contractor in the construction, operation or maintenance of said facilities shall be assumed by the Contractor. Authorized representatives of the Contractor will be allowed access to the facilities of the Contractor at suitable times to perform the obligations of the Contractor with respect to said facilities. The Contractor shall have the right to remove its property within a reasonable time after termination of this contract, provided termination is not due to fault of the Contractor.

5. *Officials not to benefit.* (Insert clause in § 803.322)

6. *Convict labor.* The Contractor shall not employ any person undergoing sentence of imprisonment at hard labor.

7. *Covenant against contingent fees.* (Insert clause in § 803.323)

8. *Anti-discrimination.* (Insert clause in § 803.325)

9. *Assignment of rights.* If this contract is for an amount of $1,000 or more, claims for monies due or to become due to the Contractor from the Government hereunder may be assigned to a bank, trust company, or other financing institution, including any Federal lending agency, in accordance with the Assignment of Claims Act of 1940 (Public No. 811, 76th Cong.). Payment to an assignee of any claim hereunder shall not be subject to reduction or set-off for any indebtedness of the assignor to the United States arising independently of this contract.

10. *Definitions.* Except for the original signing of this contract, and except as otherwise stated herein, the term "Contracting Officer" as used herein shall include his duly appointed successor or his authorized representative.

SPECIAL PROVISIONS A—ELECTRIC SERVICE

Attached to and made part of Contract No. W_____

1. *Estimated service requirements.*

Estimated maximum demand: _____kw

Estimated annual consumption: _____kwh

(The Government is in no way obligated to use nor is it restricted to the above estimated requirements.)

2. *Point of delivery.* The point of delivery of service shall be_____

3. *Description of electric service.*

Contractor will supply_____phase, _____wire, _____cycle, alternating current at_____volts.

4. *Metering and billing.* Service will be measured at_____volts by_____watthour meter(s) and_____demand meter(s), to be furnished, installed, maintained, calibrated and read by the Contractor. The readings of the meters will be

[1] billed separately.

[1] combined for billing purposes.

5. *Termination.* Notice of intention to terminate this contract shall be at the option of the Government and shall be given in writing by the Contracting Officer to the Contractor not less than thirty days in advance of the effective date of termination.

6. *Approval.* If the estimated maximum demand stated in paragraph 1 above is 1000 kw or more, this contract shall be subject to the approval of the War Department Power Procurement Officer and shall not be binding until so approved.

7. *Renegotiation.* (a) Unless the provisions of subparagraph (b) of this paragraph 7 are applicable to this contract, (1) this contract shall be deemed to contain all the provisions required by sub-section (b) of the Renegotiation Act as amended by Section 701 of the Revenue Act of 1943 (Public Law No. 235, 78th Congress, enacted February 25, 1944); and (2) in compliance with said subsection (b) of the Renegotiation Act, the Contractor shall insert in the subcontracts specified in said sub-section (b) either the provisions of this Article or the provisions required by said sub-section (b).

(b) This contract shall be exempt from statutory renegotiation if (1) the contractor hereunder is a department, bureau, agency or governmental corporation of the United States, or any Territory, possession or State or any agency thereof, or any foreign Government or agency thereof; or (2) made with a public utility for the delivery of electric power of less than 1000 kilowatts of contractual demand except that if the actual demand was 1000 kilowatts or more at any time during any particular fiscal year, amounts received or accrued under this contract for such fiscal year shall not be exempt from renegotiation by reason of anything contained in this sub-paragraph (b) (2).

8. *Disputes.* (Insert General Provision 12 of W. D. Contract Form No. 47, § 813.1317)

9. Alterations and additions.

SPECIAL PROVISION B—GAS SERVICE

Attached to and made part of Contract No. W_____.

[1] Delete inapplicable line.

1. *Estimated service requirements.* Estimated maximum demand _____ mcf per hour.

Estimated annual consumption _____ mcf. (The Government is in no way obligated to use nor it is restricted to the above estimated requirements.)

2. *Point or delivery.* The point of delivery of gas shall be _____

_____

3. *Quality of gas.* The Contractor will supply commercially clean and dry gas with a heat content at 14.7 pounds per square inch absolute and 60 degrees Fahrenheit of not less than _____ British thermal units per cubic food. Deduction for failure to provide gas at the agreed heat value shall be made as follows: One percent net of the average price per 100 cubic feet of gas for each one percent below the agreed heat value.

4. *Unit of measure.* A "cubic foot of gas," for the purpose of this contract, is the amount of gas necessary to fill a cubic foot of space when the gas is at a base pressure of _____ ounces per square inch above atmospheric pressure and at a base temperature of 60 degrees Fahrenheit, and the gas volumes shall be computed into such units. It is agreed that the gas shall be assumed to obey Boyle's law and no correction shall be made for any variation from this law; that the atmospheric pressure is _____ pounds per square inch; and that the flowing temperature is 60 degrees Fahrenheit.

5. *Metering and billing.* Gas will be measured by _____ meters to be furnished, (number and type) installed, maintained, calibrated and read by the Contractor, the readings of which will be combined for billing purposes.

When orifice meters are used to measure gas furnished hereunder, such meters shall be of standard manufacture and shall be installed and operated in accordance with the manufacturer's specifications and recommendations. Computations of gas deliveries shall be made in accordance with the manufacturer's recommendations and shall be corrected for the specific gravity of the gas, which shall be determined by spot specific gravity tests made monthly or at more frequent intervals if required, or by a recording gravitometer.

Upon request of the Contracting Officer or his representative, the Contractor will submit to the Government records and charts from its metering equipment, together with calculations therefrom, for the Government's inspection and verification, subject to return by the Government within ten days after receipt thereof, after which return the charts and records shall be kept on file by the Contractor for the mutual use of both parties for a period of one year.

6. *Pressure.* [1] Contractor will maintain at the point of delivery a regulated pressure within ten percent of the pressure requested by the Contracting Officer but shall not be required to maintain more than _____ pounds or less than _____ pounds per square inch gauge.

[1] Contractor will supply gas from its low pressure distribution system at a pressure between _____ and _____ ounces per square inch gauge.

7. *Termination.* Notice of intention to terminate shall be at the option of the Government and shall be given by the Contracting Officer not less than thirty days in advance of the effective date of termination.

8. *Renegotiation.* (a) Unless the provisions of subparagraph (b) of this paragraph 8 are applicable to this contract, (1) this contract shall be deemed to contain all the provisions required by subsection (b) of the Renegotiation Act as amended by section 701 of the Revenue Act of 1943 (Public Law No. 235, 78th Congress, enacted February 25,

[1] Delete inapplicable paragraph.

1944); and (2) in compliance with said subsection (b) of the Renegotiation Act, the Contractor shall insert in the subcontracts specified in said subsection (b) either the provisions of this article or the provisions required by said subsection (b).

(b) This contract shall be exempt from statutory renegotiation if:

(1) The Contractor hereunder is a department, bureau, agency or governmental corporation of the United States, or any Territory, possession or State, or any agency thereof, or any foreign Government or agency thereof; or

(2) The gas to be supplied hereunder is the product of a gas well which has not been processed, refined, or treated beyond the first form or state suitable for industrial use; or

(3) Made with a public utility for the delivery of gas, except that if the amounts received or accrued hereunder during any particular fiscal year were $50,000 or more, amounts received or accrued hereunder for such fiscal year shall not be exempt from renegotiation by reason of anything contained in this subparagraph (b) (3). (If such fiscal year is a fractional part of twelve months, the $50,000 amount shall be reduced to the same fractional part thereof for the purposes hereof.)

9. *Disputes.* (Insert General Provision 12 of W. D. Contract Form No. 47, § 813.1317)

10. *Alterations and additions.*

SPECIAL PROVISIONS—WATER SERVICE

Attached to and made part of Contract No. W----------

1. *Estimated service requirements.* Estimated daily maximum demand: ----------
Estimated annual consumption: ----------
(The Government is in no way obligated to use nor is it restricted to the above estimated requirements.)

2. *Point of delivery.* The point of delivery of water shall be ----------

3. *Description of water service.* The Contractor shall have ---------- gallons per minute of water continuously available at the point of delivery at a pressure of not less than --------- pounds per square inch gauge.

4. *Quality of water.* The Contractor will supply clear, potable water safe for human consumption in accordance with standards adopted by the United States Public Health Service for drinking and culinary water supplied by common carriers in interstate commerce and such revisions thereof as may be made from time to time.

5. *Metering and billing.* Water will be measured by ---------- meters owned,
(number and size)
calibrated and maintained by ----------. The reading of said meters will be combined for billing purposes.

6. *Termination.* Notice of intention to terminate this contract shall be at the option of the Government and shall be given in writing by the Contracting Officer to the Contractor not less than thirty days in advance of the effective date of termination.

7. *Renegotiation.* (a) Unless the provisions of subparagraph (b) of this paragraph 7 are applicable to this contract, (1) this contract shall be deemed to contain all the provisions required by subsection (b) of the Renegotiation Act as amended by Section 701 of the Revenue Act of 1943 (Public Law No. 235, 78th Congress, enacted February 25, 1944); and (2) in compliance with said subsection (b) of the Renegotiation Act, the Contractor shall insert in the subcontracts specified in said subsection (b) either the provisions of this Article or the provisions required by said subsection (b).

(b) This contract shall be exempt from statutory renegotiation if the contractor hereunder is a department, bureau, agency or governmental corporation of the United States, or any Territory, possession or State or any agency thereof, or any foreign Government or agency thereof.

8. *Disputes.* (Insert General Provision 12 of W. D. Contract Form No. 47, § 813.1317).

9. *Alterations and additions.*

Contract No.----------

LUMP SUM CONTRACT FOR ARCHITECT-ENGINEER SERVICES

(With Optional Supervision)

WAR DEPARTMENT

Architect-engineer & address----------
Services in connection with----------
Location----------
Amount: For Title I $----------
For Title II $----------
Payment: To be made by--------, U. S. Army, at----------

The supplies and services to be obtained by this instrument are authorized by, are for the purposes set forth in, and are chargeable to, the following allotments, the available balances of which are sufficient to cover the cost of the same:

This contract was negotiated under and is authorized by the following laws:

LUMP SUM CONTRACT FOR ARCHITECT-ENGINEER SERVICES

(With Optional Supervision)

This Contract, entered into this---------- day of----------, 19----, by the United States of America (hereinafter called the "Government"), represented by the Contracting Officer executing this contract and----------

[1] a corporation organized and existing under the laws of the State of----------

[1] a partnership consisting of----------

[1] an individual trading as----------
in the City of----------
State of----------
(hereinafter called the "Architect-Engineer"), Witnesseth that:

Whereas, the accomplishment of the hereinafter described work and services is authorized by law and will facilitate the prosecution of the war; and

Whereas, the Government desires to engage the Architect-Engineer to render services as hereinafter set forth for the preparation of necessary reports, designs, drawings, specifications and other documents; and, at the option of the Government, for technical supervision of the construction of the project described in Article I-A hereof; and

Whereas, the Secretary of War has directed ----------
to negotiate this Architect-Engineer Contract:

Now, therefore, the parties hereto do mutually agree as follows:

TITLE I

ARTICLE I-A. *Description of project.* 1. The Architect-Engineer shall, upon receipt of notice to proceed, perform all the services required under this contract for the project generally described as follows:

(hereinafter referred to as "the project"), located at or in the vicinity of ----------
and more specifically described in Appendix "A" which is attached hereto and made a part hereof.

ART. I-B. *Statement of architect-engineer services.* The Architect-Engineer shall perform the following services:

1. Make such topographical and other surveys and maps as are specified in Appendix "A"; supervise necessary test borings and other subsurface investigations required by the Contracting Officer, but the cost of such borings and investigations shall be borne by the Government. This provision is not to be deemed to require the Architect-Engineer to make real estate surveys.

2. Establish a permanently monumented base line, with elevations, tied into the North American Datum.

3. Prepare, subject to the approval of the Contracting Officer, preliminary studies, sketches, and layout plans and reports including estimates of cost of the proposed project and of all structures, utilities and appurtenances thereto. But if more than three sets of such studies, sketches, plans, or reports are required because of changes initiated by the Contracting Officer, an adjustment in the contract price will be made as provided in Article III-E.

4. Adopt Government designs, drawings, specifications and standards for buildings and other structures as necessary to meet the requirements of the approved layout of the proposed project, and prepare detailed designs, specifications and drawings in required form for buildings and other structures for which Government designs are incomplete or unavailable.

5. When preliminary drawings are approved in writing by the Contracting Officer, prepare final designs, detailed working drawings and specifications in accordance with Government standards necessary for the effective coordination and efficient execution of the construction work and revise such drawings and specifications if necessary. All such drawings may be prepared in pencil on tracing paper or pencil tracing cloth of approved quality by such methods and of such quality of workmanship as will permit the making of satisfactory reproductions thereof and the revision of such drawings for record purposes. Prepare and furnish ---------- copies of the specifications and ---------- sets of full size copies of working drawings; in the event additional copies are required the Government shall pay the cost thereof. There shall be included in the specifications all provisions which the Contracting Officer may direct to have incorporated therein relating to the advertising, negotiating, or awarding of construction contract or contracts, conditions under which the work shall be done, and any special provisions required by statute or existing War Department regulations or instructions.

6. Obtain necessary permits and approvals from all local, State and Federal authorities. Should it become necessary in the performance of the work and services for the Architect-Engineer to secure the right of ingress and egress to perform any of the work required by Title I hereof on properties not owned or controlled by the Government, the Architect-Engineer shall, if practicable, secure the consent of the owner, his representative, or agent, prior to effecting entry on such property. In the event the owner requires the payment of any fee for a license to enter upon and/or use such property, the Architect-Engineer, when so directed by the Contracting Officer, shall pay such fee and obtain a receipt therefor. The expenditures covering such fees shall constitute a reimbursable item under this contract, and the Architect-Engineer, upon presentation of a voucher therefor, duly supported by proper receipts attached thereto, shall be reimbursed for the full amount thereof.

7. Prepare an estimate of the cost of the proposed project based upon the approved designs, drawings and specifications therefor.

8. Prepare schedules and charts showing the sequence of operations in the construction of each of the several portions of the work.

9. Prepare estimates showing the quantities of critical and important materials and length of time after award of the construction contract when such materials will be required on the site.

10. Assist the Contracting Officer in preparing invitations for bids or proposals analysing and evaluating bids or proposals for a construction contract or contracts based upon the approved drawings and specifications.

11. Check and approve all shop and working drawings submitted by the Constructor in connection with the construction work to assure that they conform with approved drawings.

12. During the construction period the Architect-Engineer shall furnish such advice as may be requested and an approved representative shall make ---------- visits to the site of the work at periods required by the Contracting Officer; additional visits, if made, shall be paid for at ---------- Dollars ($------) per day in full satisfaction therefor. In the event that the option of Title II is exercised, the provisions of this paragraph shall not apply.

ART. I-C. *Progress schedule.* 1. The Architect-Engineer shall, promptly after the execution of this contract, prepare and submit to the Contracting Officer, for approval, a schedule showing the order in which the Architect-Engineer proposes to carry on the work, with dates on which he will start the several salient features of the work and the contemplated dates for completing the same. Such schedule shall provide for completion of all work hereunder within the contract time. The schedule shall be in the form of a progress chart at suitable scale so as to indicate with symbols the percentage completed at any time. The Architect-Engineer shall correct the progress schedule at the end of each week and shall immediately deliver three copies to the Contracting Officer.

2. The Architect-Engineer shall furnish sufficient technical, supervisory and administrative personnel to insure the prosecution of the work in accordance with the approved progress schedule.

ART. I-D. *Period of service.* 1. The Architect-Engineer shall complete all work and services under Title I of this contract except work and services required under Article I-B, sections 11 and 12, within ---------- months after receipt of notice to proceed.

ART. I-E. *Payment.* 1. In consideration of the performance of his undertakings under this Title I, the Architect-Engineer shall be paid the sum of ---------- Dollars ($----------), which shall constitute complete payment for all services required to be performed under this Title I and all expenditures which may be made and expenses incurred except as are otherwise expressly provided herein.

TITLE II

At any time prior to six months after satisfactory completion and acceptance of the work and services to be furnished under Title I except Article I-B, sections 11 and 12, the Government, at its option, may direct, by a written order, the Architect-Engineer to perform the work and services provided under this Title II. Upon receipt of such direction, the Architect-Engineer shall proceed with such work and services.

ART. II-A. *Services to be furnished by Architect-Engineer.* The Architect-Engineer shall perform the following services:

1. Furnish all governing lines, bench marks and grades essential to the construction of the project.

2. Furnish a Resident Engineer and staff of assistants and other personnel to supervise the construction to assure that every part of the work is done in accordance with the approved drawings and specifications and within the areas and boundaries designated for the project. The Architect-Engineer will furnish ---------- man-months of inspection service as required by the Contracting Officer.

3. Make all field tests at the site of the work and report to the Contracting Officer in writing as to the conformity or nonconformity of the materials and equipment and workmanship to specifications. The Architect-Engineer shall evaluate reports on such other tests of materials and equipment as may be required by the Contracting Officer, but the cost of such tests shall be borne by the Government.

4. Prepare, with the assistance of the Constructor, labor estimates showing the approximate numbers, trades and dates required to meet the approved construction schedule.

5. Prepare weekly progress reports in approved form showing the progress of the construction work and any deviation from the approved construction schedule.

6. Prepare, when required by the Contracting Officer, the partial and final construction estimates for payment.

7. Without additional compensation the Architect-Engineer or any member of the organization, when requested, shall consult and advise with the Contracting Officer on any questions which may arise in connection with the work under this contract.

8. Upon termination or completion of this contract as determined by the Contracting Officer, and before final payment, the Architect-Engineer shall:

a. Prepare record drawings to show construction as actually accomplished. These record drawings shall be prepared by correcting drawings as prepared for construction purposes or, where construction drawings cannot be satisfactorily revised for record purposes, by preparation of appropriate new drawings. All such new drawings shall be prepared in pencil on tracing paper or pencil tracing coth of approved quality.

b. Assist the Contracting Officer in the perparation of the completion report for the project.

c. Supervise the testing of operating units to assure their conformance with specifications and furnish all engineering services necessary to secure such conformance.

d. Prepare instructions for the proper operation and maintenance of all utilities and operating equipment designed by the Architect-Engineer.

ART. II-B. *Period of service.* 1. The period of service of the Architect-Engineer under Title II of this Contract shall be ---------- months from receipt of the order to proceed, but the Government may extend such period as provided in Article III-E of this Contract.

ART. II-C. *Payment.* 1. In consideration of the performance of his undertakings under this Title II the Architect-Engineer shall be paid the sum of ---------- Dollars ($----------), which shall constitute complete payment for all services required to be performed under this Title II and all expenditures which may be made and expenses incurred except as are otherwise provided herein.

TITLE III

The provisions of this Title shall apply to this entire contract, to wit: to Title I and likewise to Title II should Title II become operative as provided herein.

ART. III-A. *Method of payment.* 1. Estimates shall be made semi-monthly of the amount and value of the work and services performed by the Architect-Engineer under this contract, determined in accordance with Appendix "A" attached hereto and made a part hereof.

2. Upon approval of such estimate by the Contracting Officer payment upon vouchers approved by the Contracting Officer shall be made to the Architect-Engineer as soon as practicable of 90% of the amount as determined above, less all previous payments.

3. In the event that the Government does not exercise the option under Title II of this contract within 30 days after the satisfactory completion and acceptance by the Contracting Officer of the work done by the Architect-

[1] Delete all lines which do not apply.

Engineer under Article I–B, sections 1 through 10 inclusive, the Architect-Engineer shall be paid the unpaid balance of any money due for work done under said sections.

4. Upon satisfactory completion of the construction work and its final acceptance the Architect-Engineer shall be paid the unpaid balance of any money due hereunder. Prior to such final payment under the contract, or prior to settlement upon termination of the contract, and as a condition precedent thereto, the Architect-Engineer shall execute and deliver to the Contracting Officer a release of all claims against the Government arising under or by virtue of this contract, other than such claims, if any, as may be specifically excepted by the Architect-Engineer from the operation of the release in stated amounts to be set forth therein.

ART. III–B. *Drawings and other data to become property of Government.* 1. All notes, designs, drawings, specifications and other technical data are to become the property of the Government on completion as outlined in this contract, and the Government shall have full right to use those instruments for the purpose of constructing under contract or otherwise any buildings or other structures for the sole use of the Government when and where the Government may designate, without any claim on the part of the Architect-Engineer for additional compensation.

2. All notes, designs, drawings, specifications and other technical data concerning the project shall be delivered to the Government whenever requested by the Contracting Officer, and, furthermore, access to such data shall be restricted to trusted and duly authorized representatives of the Government and of the Architect-Engineer.

ART. III–C. *Contracting officer's decisions.* 1. The extent and character of the work to be done by the Architect-Engineer shall be subject to the general supervision, direction, control and approval of the Contracting Officer to whom the Architect-Engineer shall report and be responsible. In the event that there should be any dispute with regard to the extent and character of the work to be done, the decision of the Contracting Officer shall govern, but the Architect-Engineer shall have the right of appeal as provided in Article III–D.

ART. III–D. *Disputes.* (Insert article in § 803.326)

ART. III–E. *Changes.* 1. The Contracting Officer may at any time, by a written order, and without notice to the sureties, make any changes in this contract which may either increase or decrease the services hereunder. If such changes cause an increase or decrease in the services required under this contract, or in the time required for its performance, an equitable adjustment shall be made and the contract shall be modified in writing accordingly. Any claim for adjustment under this article must be asserted within 10 days from the date the change is ordered: provided, however, that the Contracting Officer, if he determines that the facts justify such action, may receive and consider, and with the approval of the Secretary of War or his duly authorized representative, adjust any such claim asserted at any time prior to the date of final settlement of the contract. If the parties fail to agree upon the adjustment to be made, the dispute shall be determined as provided in Article III–D, but nothing provided in this article shall excuse the Architect-Engineer from proceeding with the prosecution of the work so changed.

ART. III–F. *Termination.* 1. The Government may terminate this contract at any time and for any cause by a notice in writing from the Contracting Officer to the Architect-Engineer. Upon receipt of such notice the Architect-Engineer shall, unless the notice directs otherwise immediately discontinue all work.

2. If the contract is terminated for the convenience of the Government, payment to the Architect-Engineer will be made promptly for that proportion of the services required under the contract which the work actually performed bears to the total work required under the contract, less any payments previously made.

3. If this contract is terminated because of the failure on the part of the Architect-Engineer to fulfill his undertakings under this contract, the Government may take over the work and prosecute the same to completion by contract or otherwise, and the Architect-Engineer shall be liable to the Government for any excess cost occasioned to the Government thereby.

ART. III–G. *Covenant against contingent fee.* (Insert clause in § 803.323)

ART. III–H. *Officials not to benefit.* (Insert clause in § 803.322)

ART. III–I. *Assignment of claims.* (Insert clause in § 803.355)

ART. III–J. *Convict labor* (Insert clauses in § 803.345 or 803.346)

ART. III.–K. *Dismissals.*

1. Should the continued employment, under this contract, of any person in the Architect-Engineer's organization be deemed by the Contracting Officer to be prejudicial to the interests of the Government, that person shall be immediately removed from the work. The Architect-Engineer shall make every reasonable effort in the selection of his employees and in the prosecution of the work under this contract to safeguard all drawings and specifications, and to prevent the theft or unauthorized use of the same.

ART. III–L. *Workmen's compensation laws.* 1. The Act of June 25, 1936 (49 Stat. 1938, 1939; 40 U. S. C. 290), provides that the several states have authority to make their Workmen's Compensation Laws applicable to contracts for the construction, alteration or repair of a public building or public work of the United States, and the several states are vested with the power and authority to enforce such state laws on lands of the United States.

ART. III–M. *Accident prevention.* 1. The Architect-Engineer will maintain an accurate record of, and will report to the Contracting Officer in the manner and on the forms prescribed by the Contracting Officer, all causes of death, occupational disease, and traumatic injury arising out of or in the course of employment on work under this contract.

ART. III–N. *Anti-discrimination.* (Insert clauses in § 803.325).

ART. III–O. *Renegotiation pursuant to section 403 of the Sixth Supplemental National Defense Appropriation Act, 1942, as amended.* (Insert article in § 803.342a).

ART. III–P. *Definitions.* (Insert article 22, § 813.1301)

ART. III–Q. *Approval.* 1. This contract shall be subject to the written approval of the _____ and shall not be binding unless so approved.

ART. III–R. *Alterations.* 1. The following changes were made in this contract before it was signed by the parties hereto:

In witness whereof, the parties hereto have executed this contract as of the day and year first above written:

THE UNITED STATES OF AMERICA,

By _____

(Contracting Officer)

§ 813.1317 *Short forms.* In § 813.1317a there are set forth certain short forms of contracts for procuring supplies or services, to be used in accordance with the "Explanatory Notes" applicable to each.

§ 813.1317a *W. D. Contract Form No. 383 (W. D. Forms Nos. 383, 383a, 383b and 383c); Short Form*—(a) *Explanatory notes.* (1) W. D. Contract Form No. 383, comprising W. D. Forms Nos. 383, 383a, 383b and 383c, is *prescribed* for use by posts, camps and stations for procuring any supplies or services, regardless of the number or period of deliveries involved, where:

(i) The amount of the purchase does not exceed $5,000; and

(ii) Only one payment is expected to be made; and

(iii) No special contract form is provided (for example, the General and Medical Laundry Contracts); and

(iv) No special contractual provisions are necessary.

(2) The form is available for optional use by all procuring agencies other than posts, camps and stations, under the conditions mentioned in (1) above.

(3) The procedure for use and distribution of the form by posts, camps and stations is graphically shown in Army Service Forces Manual M403.

(b) *Contract form.*

SPECIAL PROVISIONS AND CONDITIONS APPLYING TO THIS ORDER

1. *Payments.* (Article 8, § 813.1301)

2. *Inspection.* All material and workmanship shall be subject to inspection and test at all times and places and, when practicable, during manufacture. In case any articles are found to be defective in material or workmanship, or otherwise not in conformity with the specification requirements, the Government shall have the right to reject such articles, or require their correction. In the event public necessity requires the use of material or supplies not conforming to the specifications, payment therefore shall be made at a proper reduction in price.

3. *Variation in Quantities.* (§ 803.329)

4. *Acceptance.* In accepting this order the contractor agrees that the terms and conditions stated on both sides of this purchase order are a part of the agreement between the parties hereto.

5. *Notice of Shipment.* (§ 803.328)

6. *Shipping Instructions.*

(a) Mark each package with complete destination, Purchase Order number, name of Contractor, commodity, quantity, Purchase Order Item number, package number.

(b) Packing list must accompany each shipment, showing package number and contents.

(c) Prepay all carrier charges to destination (unless otherwise instructed) forwarding shipping notices, bills of lading, and paid tariff bills.

7. *Taxes.* (§ 803.357 (b))

8. *Eight-Hour Law.* (§ 803.346)

9. *Anti-Discrimination.* (§ 803.325)

10. *Convict Labor.* The contractor shall not employ any person undergoing sentence of imprisonment at hard labor.

11. *Delays—Damages.* If the Contractor refuses or fails to perform this contract within the time specified, or any extension thereof, the Government may, by written notice, terminate the right of the Contractor to proceed with deliveries or with such part or parts thereof as to which there has been delay, and may hold the Contractor liable for any damage caused the Government by reason of such termination. The right of the Contractor to proceed with the performance of this contract shall not be terminated under this General Provision 11 if the delay is due to unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including without being limited to, any preference, priority, or allocation order issued by the Government or any other act of the Government.

12. *Disputes.* Except as otherwise specifically provided in this contract, all disputes concerning questions of fact which may arise under this contract, and which are not disposed of by mutual agreement, shall be decided by the Contracting Officer, who shall reduce his decision to writing and mail a copy thereof to the Contractor. Within 30 days from said mailing the Contractor may appeal to the Secretary of War, whose decision or that of his designated representative, representatives, or board shall be final and conclusive upon the parties hereto. Pending decision of a dispute hereunder the Contractor shall diligently proceed with the performance of this contract.

13. *Assignment of Rights Hereunder.* This General Provision 13 shall apply if this contract is for $1,000 or more. (§ 803.355).

14. *Officials Not to Benefit.* (§ 803.322)

15. *Covenant Against Contingent Fees.* (§ 803.323)

16. *Definitions.* (Article 22, § 813.130)

(*Reverse side of W. D. Form No. 383b*) [*Yellow Page*]. This is the same as the reverse side of W. D. Form No. 383.

W. D. Form No. 383c, Form Approved by Comptroller General U. S., August 26, 1943 [*Yellow Page*]. This is the same as W. D. Form No. 383a.

§ 813.1317b *W. D. Contract Form No. 18—Short form*—(a) *Explanatory Notes.* (1) W. D. Contract Form No. 18 is available for optional use by the technical services (including the service commands) for procuring any supplies or services, regardless of the number or period of deliveries or of the number of payments involved, where:

(i) The amount of the purchase does not exceed $500,000; and

(ii) No special contract form is available and suitable for the particular type of procurement; and

(iii) No special contract provisions are required, the insertion of which in the particular case would unduly complicate the form; and

(iv) Signature by the contractor evidencing acceptance of the order is not required, and is not desired.

Signature by the contractor is not required where (i) the amount of the order is not in excess of $5,000, or (ii) the amount of the order is in excess of $5,000 but not in excess of $500,000 and the order is preceded by an oral or written quotation or is based upon a price list.

(2) Where the price is not in excess of $5,000 the line reading "In accordance with your price list /oral quotation/ written quotation of ----------, 19----," appearing on the front side of the first sheet, will be deleted by the Contracting Officer. Otherwise the Contracting Officer will delete those words which do not apply, and insert the date.

(3) Each technical service will insert, under "Special Provisions" appearing on the reverse side of the first sheet, appropriate clauses covering "Methods of Presenting Invoices or Vouchers" and "Methods of Packing, Shipping and Marking," and such other clauses as may be necessary or advisable (for example, the clause on subcontracting, § 803.367, and patents clauses, § 803.335 et seq.).

Reverse side of W. D. Contract Form No. 18.

GENERAL PROVISIONS

1. *Payments.* (Insert Article 8, § 813.1901)

2. *Inspection.* Whether or not an inspection point is specified herein, all material and workmanship shall be subject to inspection and test at all times and places (including inspection and test after arrival at destination) and, when practicable, during manufacture. In case material or workmanship, or be defective not in conformity with the specification requirements, the Government shall have the right to reject such articles, or require their correction. Final inspection shall be conclusive except as regards latent defects, fraud, or such gross mistakes as amount to fraud. In the event public necessity requires the use of materials or supplies not conforming to the specifications, payment therefor shall be made at a proper reduction in price.

3. *Variation in Quantities.* (Insert clause in § 803.329)

4. *Notice of Shipments.* (Insert clause in § 803.328)

5. *Taxes.* (Insert clause in § 803.357)

6. *Walsh-Healey Act.* If this contract is for an amount in excess of $10,000, the representations and stipulations required by Section 1 of the Act of June 30, 1936 (Walsh-Healey Act, Public No. 846, 74th Cong.) to be included in all contracts therein specified, are hereby incorporated and made a part of this contract with the same force and effect as if fully set forth in the contract. Such representations and stipulations shall be subject to all applicable regulations, determinations, and exceptions of the Secretary of Labor now or hereafter in effect.

7. *Eight-Hour Law.* This General Provision 7 shall apply if General Provision 6 is not applicable. (Insert clause in § 803.346)

8. *Anti-Discrimination.* (Insert clause in § 803.325)

9. *Convict Labor.* The Contractor shall not employ any person undergoing sentence of imprisonment at hard labor.

10. *Changes.* Where the supplies to be furnished are specially manufactured in accordance with drawings and specifications, the Contracting Officer may at any time, by a written order, and without notice to the sureties, if any, make changes in the drawings or specifications. Changes as to shipment and packing of all supplies may also be made as above provided. If such changes cause an increase or decrease in the amount due under this contract, or in the time required for its performance, a suitable adjustment shall be made in writing accordingly. This contract shall be modified in writing accordingly.

11. *Delays—Damages.* If the Contractor refuses or fails to perform any extension thereof, the time specified, or by written notice, terminate the Government's right of the Contractor to proceed with deliveries or with such part or parts thereof as to which there has been delay, and may hold the Contractor liable for any damage caused the Government by reason of such termination. The right of the Contractor to proceed with the performance of this contract shall not be terminated under this General Provision 11 if the delay is due to causes beyond the control and without the fault or negligence of the Contractor, including without being limited to, any preference, priority, or allocation order issued by the Government or any other act of the Government.

12. *Disputes.* Except as otherwise specifically provided in this contract, all disputes concerning questions of fact which may arise under this contract, and which are not disposed of by mutual agreement, shall be decided by the Contracting Officer, who shall reduce his decision to writing and mail a copy thereof to the Contractor. Within 30 days from said mailing the Contractor may appeal to the Secretary of War whose decision or that of his designated representative, conclusive upon the parties hereto. Pending decision, diligently proceed with the performance of this contract.

13. *Assignment of Rights Hereunder.* This General Provision 13 shall apply if this contract is for $1,000 or more, unless this contract is marked secret, confidential, or restricted. (Insert clause in § 803.365)

14. *Officials Not to Benefit.* (Insert clause in § 803.322)

15. *Covenant Against Contingent Fees.* (Insert clause in § 803.323)

16. *Definitions.* Except for the original signing of this contract, and except as otherwise stated herein, the term "Contracting Office" as used herein shall include his duly appointed successor or his authorized representative.

SPECIAL PROVISIONS

1. *Methods of Presenting Invoices or Vouchers.* [Appropriate clauses to be inserted.]

2. *Methods of Packing, Shipping and Marking.* [Appropriate clauses to be inserted.] [Add further appropriate clauses.]

CONTINUATION SHEET

Sheet to be added when applicable.
Sheet No.....

Articles on this continuation sheet should be included or deleted in accordance with applicable regulations. If article "A" is included, fill in blanks appearing in paragraph (d) (2) thereof as prescribed in regulations.

A. Termination at the option of the Government.—(Insert clause in § 803.324 (g).

B. Renegotiation. (Insert article in § 803.342 (a).

§ 813.1317c *W. D. Contract Form No. 47 (W. D Forms Nos. 47 and 47–a). Short Form, Revised 1 April 1944*—(a) *Explanatory notes.* (1) This form was formerly known as W. D. Contract Form No. 17. It has been renumbered as W. D. Contract Form No. 47 to make the "W. D. Contract Form No." conform to the "W. D. Form No."

(2) W. D. Contract Form No. 47 comprising W. D. Forms Nos. 47 and 47–a,

is available for optional use by the technical services (including the service commands) for procuring any supplies or services, regardless of the number or period of deliveries or the number of payments involved, where:

(a) The amount of the purchase does not exceed $1,000,000; and

(b) No special contract form is available and suitable for the particular type of procurement; and

(c) No special contract provisions are required the inclusion of which in the particular case would unduly complicate the form.

(3) The form calls for execution both by the Contracting Officer and the contractor. When so executed, it should be complete in itself, without reference to other documents such as proposal or bid forms.

(4) When filled in, signed by the Contracting Officer, and delivered to the contractor, the form (W. D. Form No. 47 alone, or both W. D. Forms Nos. 47 and 47–a, with or without further continuation sheets) constitute an offer by the Government to contract on the terms set forth. So far as the information is available at the time the form is delivered to the Contractor, all applicable blanks should be filled in. Where a particular matter is not known at the time the form is delivered to the Contractor (for example, "Ship To" or "Schedule of Delivery"), the blanks should be filled in with appropriate language indicating how such information will be subsequently furnished.

(5) When signed by the contractor in the space marked "Contractor's Acceptance" and returned to the Government in the time allowed, the form becomes a binding contract provided the contractor has not made any changes by way of deletion, interlineation or addition, thus departing from the terms of the offer. Contractors should be instructed to inform the Contracting Officer of any changes which appear to be required, so that amendments may be made and initialled by both parties, or a corrected form issued.

(6) General Provision No. 2 (Inspection) provides that "whether or not an inspection point is specified herein," inspection may occur at all times and places, etc. A line is provided on the face of W. D. Form No. 47 for insertion of inspection point.

(7) General Provision 3 (Variation in Quantities) permits a variation of 10% "unless otherwise specified." Statement of a permitted variation other than 10% may be inserted in any space on the form or on a continuation sheet.

(8) Methods of presenting invoices or vouchers, and of packing, marking and shipping will be as specified in any space on the form or on a continuation sheet, except as otherwise directed by the Contracting Officer.

(9) Continuation sheets may be used as extensions of columns on the form (for example, the column marked "Supplies or Services"), or for inclusion of any further contract clauses which may be necessary or advisable (for example, the clause on subcontracting, § 803.367, or patents clauses, § 803.335 et seq.).

(10) W. D. Forms 47 and 47–a will be requisitioned as prescribed in AR 310–200. Requisitioning agencies should specify bond or tissue in requisitioning these forms.

(b) *Contract forms.*

GENERAL PROVISIONS

1. *Payments.* (Insert Article 8, § 813.1301.)

2. *Inspection.* Whether or not an inspection point is specified herein, all material and workmanship shall be subject to inspection and test at all times and places (including inspection and test after arrival at destination) and, when practicable, during manufacture. In case any articles are found to be defective in material or workmanship, or otherwise not in conformity with the specification requirements, the Government shall have the right to reject such articles, or require their correction. Final inspection shall be conclusive except as regards latent defects, fraud, or such gross mistakes as amount to fraud. In the event public necessity requires the use of materials or supplies not conforming to the specifications, payment therefor shall be made at a proper reduction in price.

3. *Variation in quantities.* (Insert clause in § 803.329.)

4. *Notice of shipments.* (Insert clause in § 803.328.)

5. *Taxes.* (Insert clause in § 803.357 (c).)

6. *Walsh-Healey Act.* If this contract is for an amount in excess of $10,000, the representations and stipulations required by Section 1 of the Act of June 30, 1936 (Walsh-Healey Act, Public No. 846, 74th Cong.) to be included in all contracts therein specified are hereby incorporated and made a part of this contract with the same force and effect as if fully set forth in the contract. Such representations and stipulations shall be subject to all applicable regulations, determinations, and exceptions of the Secretary of Labor now or hereafter in effect.

7. *Eight-Hour Law.* This General Provision 7 shall apply if General Provision 6 is not applicable. (Insert § 803.346.)

8. *Anti-Discrimination.* (Insert clause in § 803.325.)

9. *Convict labor.* The Contractor shall not employ any person undergoing sentence of imprisonment at hard labor.

10. *Changes.* Where the supplies to be furnished are to be specially manufactured in accordance with drawings and specifications, the Contracting Officer may at any time, by a written order, and without notice to the sureties, if any, make changes in the drawings or specifications. Changes as to shipment and packing of all supplies may also be made as above provided. If such changes cause an increase or decrease in the amount due under this contract, or in the time required for its performance, an equitable adjustment shall be made and the contract shall be modified in writing accordingly.

11. *Delays—Damages.* If the Contractor refuses or fails to perform this contract within the time specified, or any extension thereof, the Government may, by written notice, terminate the right of the Contractor to proceed with deliveries or with such part or parts thereof as to which there has been delay, and may hold the Contractor liable for any damage caused the Government by reason of such termination. The right of the Contractor to proceed with the performance of this contract shall not be terminated under this General Provision 11 if the delay is due to causes beyond the control and without the fault or negligence of the Contractor, including without being limited to, any preference, priority, or allocation order issued by the Government or any other act of the Government.

12. *Disputes.* Except as otherwise specifically provided in this contract, all disputes concerning questions of fact which may arise under this contract, and which are not disposed of by mutual agreement, shall be decided by the Contracting Officer, who shall reduce his decision to writing and mail a copy thereof to the Contractor. Within 30 days from said mailing the Contractor may appeal to the Secretary of War, whose decision or that of his designated representative, representatives, or board shall be final and conclusive upon the parties hereto. Pending decision of a dispute hereunder the Contractor shall diligently proceed with the performance of this contract.

13. *Assignment of rights hereunder.* This General Provision 13 shall apply if this contract is for $1,000 or more, unless this contract is marked secret, confidential or restricted. (Insert clause in § 803.355.)

14. *Officials not to benefit.* (Insert clause in § 803.322.)

15. *Covenant against contingent fees.* (Insert clause in § 803.323.)

16. *Definitions.* Except for the original signing of this contract, and except as otherwise stated herein, the term "Contracting Officer" as used herein shall include his duly appointed successor or his authorized representative.

W. D. Form No. 47–a

(Revised 1 April 1944)

Continuation Sheet No. ...... of Continuation Sheets

Articles on this continuation sheet should be included or deleted in accordance with applicable regulations. If Article "A" is included, fill in blanks appearing in paragraph (d) (2) thereof as prescribed in regulations.

A. *Termination at the option of the Government.* (Insert § 803.324 (7)).

B. *Renegotiation.* (Insert article in § 803.342 (a).)

§ 813.1317d *W. D. Contract Form No. 5; short form*—(a) *Explanatory notes.* (1) W. D. Contract Form No. 5 is available for optional use by the technical services (including the service commands) for procuring any supplies or services, regardless of the number or period of deliveries or of the number of payments involved, where;

(i) The amount of the purchase does not exceed $1,000,000; and

(ii) No special contract form is available and suitable for the particular type of procurement; and

(iii) No special contract provisions are required, the inclusion of which in the particular case would unduly complicate the form.

(2) Each technical service will insert, under "Special Provisions" appearing on the reverse side of the first sheet, appropriate clauses covering "Methods of Presenting Invoices or Vouchers" and "Methods of Packing, Shipping and Marking," and such other clauses as may be necessary or advisable (for example, the clause on subcontracting, § 803.367, and patents clauses, § 803.335 et seq.).

§ 813.1320 *W. D. Contract Form No. 20.*

WAR DEPARTMENT

Supplemental Contract to Contract No. ____ and Contract No. ____, etc.

(Name of technical service)

Whereas, under date of _____ (Insert date of original contract) a contract numbered _____ (Insert number of original contract), was entered into between the United States of America by _____ (Insert name, rank, and branch of Contracting Officer) U. S. Army, as Contracting Officer, acting by authority of the Secretary of War, hereinafter referred to as the Government, and _____ (Insert name of contractor) a corporation organized and existing under the laws of the State of _____ hereinafter referred to as the Contractor, providing for the construction of _____ (the furnishing of _____) (Insert number of units for amount of equipment purchased) by the Contractor, and

Whereas, it is provided by Section 201, Title II of Public Act No. 354, 77th Congress, approved December 18, 1941, that the President may authorize any department or agency of the Government exercising functions in connection with the prosecution of the war effort to enter into contracts and to make advance, progress, and other payments thereon, whenever he deems such action would facilitate the prosecution of the war; and

Whereas, by Executive Order 9001 issued December 27, 1941, the President has authorized the War Department to make such advance payments; and

Whereas the making of advance payments to the Contractor is deemed necessary by the War Department to facilitate the prosecution of the war.

Now therefore, this supplemental contract is entered into this _____ day of _____, 194_, between the Government and the Contractor, said parties agreeing to and with each other as follows:

ARTICLE 1. At any time and from time to time, after the approval of this supplemental contract, at the request of the Contractor and subject to the approval of the _____ or his duly authorized representative, or of the authorized representative, as to the present person to whom authority has been delegated to make advance payments, as to the present time in such special account or accounts shall advance to the Contractor sums not to exceed _____ (Insert amount of advance payments) or _____ per cent (_____%) of the principal contract price (or principal contract price, as it (they) may be amended, approximately), as it (they) may be amended, whichever shall be the smaller, amended, whichever shall be the smaller. On the unliquidated balance of the advance payments outstanding, the Contractor agrees to pay interest at the rate of two and one-half percent (2½%) per annum to be computed in accordance with the provisions of Article 6 hereof.

ART. 2. As a condition precedent to the making of any advance payment or payments as hereinbefore provided, the Contractor shall furnish the Government with adequate security as the Under Secretary of War or the person to whom Under Secretary has been delegated to make advance payments shall prescribe: *Provided*, That, if other security is not prescribed, the terms of this supplemental contract shall be considered adequate security for such advance payments; and *Provided further*, That if at any time the Under Secretary of War deems the security furnished by the Contractor inadequate, the Contractor shall furnish such additional security as shall be satisfactory to the Under Secretary of War.

ART. 3. Until all advance payments hereunder are liquidated, all funds received as advance payments under this supplemental contract together with _____ (Insert percent to be deposited which shall be not less than 85%) percent (_____%) of all other cash payments under the principal contract (or principal contracts), shall be deposited in a special bank account, or accounts at a member bank or banks of the Federal Reserve System, or any insured bank within the meaning of the Federal Deposit Insurance Act creating the Federal Deposit Insurance Corporation (Act of August 23, 1935; 49 Stat. 684, as amended; 12 U. S. C. 264), separate from the Contractor's general or other bank accounts. Such special bank account or accounts shall be so designated as to indicate clearly to the bank their special character and purpose. And the balance in such account or accounts shall be used by the Contractor exclusively as a revolving fund for carrying out the purposes of the principal contract (or principal contracts), (including reimbursement to the Contractor for any reasonable amounts expended by him for such purposes), and any amendments thereto, and not for the other business of the Contractor: *Provided*: That it is understood that all funds deposited in the said special account hereunder may be used by the Contractor for the purposes of either or all of the principal contracts without regard to the origin of such payments; and: *Provided*: That for the purpose of determining proper disposition of funds hereunder such of the Contractor's costs as may not be directly allocable to the principal contract (or principal contracts), as it (or they) may be amended, may be charged against funds deposited in the special account in that proportion which the amount of the work being done under the principal contract (or principal contracts), as it (they) may be amended, approximately bears to the total amount of work being performed by the Contractor, out of which such costs also arise, but within the period to which such costs relate. When required by the _____ (Chief of technical service) or his duly authorized representative, or by other person to whom authority to make advance payments has been delegated, withdrawals from special account or accounts shall be made subject to the prior written approval of the Contracting Officer or his duly authorized representative. Any balances from time to time in such special account or accounts shall secure the repayment of the advances in connection with which the special account or accounts are opened, and the Government shall have a lien upon such balances to secure the repayment of such advances, which lien shall be superior to any lien of the bank, or any other person, upon such account or accounts by virtue of assignment to it or otherwise: *Provided*: That the bank shall be under no liability to any party hereto for the withdrawal of any funds from said special account upon checks, properly endorsed and signed by the Contractor, except that after the receipt by the bank of written directions from the _____ (Chief of technical service) or his duly authorized representative, the bank shall act thereon and be under no liability to any party hereto for any action taken in accordance with the said written directions. Any instructions or written directions received by the bank through the Contracting Officer upon War Department stationery and purporting to be signed by, or by the direction of, the _____ (Chief of technical service) or his duly authorized representative, shall, insofar as the rights, duties, and liabilities of the bank are concerned, be conclusively deemed to have been properly issued and filed with the bank by the _____ (Chief of technical service) or his duly authorized representative.

ART. 4. If, upon completion of the principal contract (or of any of the principal contracts), or upon the termination thereof for other than the fault of the Contractor, the advance payments made to the contractor in respect of such contract have not been fully liquidated in the manner herein provided, the unliquidated balance of such advance payments shall be deducted from any payments otherwise due the Contractor in respect of such contract; and if the sum so owing due the Contractor be insufficient to cover such balance, the deficiency shall be paid by the Contractor in cash forthwith after demand and final audit by the Government of all accounts hereunder in respect of such contract: *Provided, however*, That in the event of such termination for the fault of the Contractor for other than the fault of the Contractor, such deduction shall not be made prior to final audit unless, and only to the extent that, the Contracting Officer or his duly authorized representative shall determine that such action is reasonably required in order to secure the eventual repayment in full to the Government of such unpaid advance payments. In the event of cancellation or termination of the principal contract (or of any of the principal contracts) because of the fault of the Contractor, the Contractor agrees to pay interest at the rate of two and one-half percent (2½%) per annum, upon demand, without set-off of any unliquidated balance of any advance payment. Furthermore, if, in the opinion of the _____ (Chief of technical service) or his duly authorized representative, the unobligated balance of the advance payments made by the Government under Article 1 hereof exceeds the amount necessary for the current needs of the Contractor, as determined by the _____ (Chief of technical service) or his duly authorized representative the amount of such excess shall, upon demand by the _____ (Chief of technical service) or his duly authorized representative, be promptly returned to the Government and will be credited against the balance due the Government on advances previously made. If the demand made in any event set forth in this Article is not met upon receipt or such demand by the Contractor, the amount demanded will bear interest at the rate of six percent (6%) rather than two and one-half percent (2½%) per annum from the date of the receipt of the demand until payment is made: *Provided, however*, That such additional interest over and above the regular two and one-half percent is hereby waived as to any sums paid by the Contractor within 15 days after the amount becomes due hereunder.

ART. 5. Except as otherwise provided herein, liquidation of the principal of any advance payment or advance payments made to the Contractor hereunder shall be made by deductions of _____ percent (_____%) from any and all payments made by the Government under the terms of the principal contract (or principal contracts) or by means of direct repayments by the Contractor from his own free funds or from the special account or accounts: *Provided*: That if at any time, as a result of amendments to the principal contract (or principal contracts) or otherwise, the unliquidated balance of the principal of advance payments made exceeds _____ percent (_____%) of the balance of the total contract price then unpaid, the amount of such excess which has not then been expended or obligated shall upon demand of the _____ (Chief of technical service) or his duly authorized representative be promptly returned to the Government by withdrawal from the special account or accounts or otherwise, and that portion of the excess which has been expended or obligated may, at the option of the Contractor, be so returned and if not so returned, shall, together with any unexpended or unobligated portion of the excess not otherwise returned to the Government, be deducted from any and all payments to be made by the Government under the principal contract (or principal contracts): *Provided further*, That if and when the Contractor has, by means of deductions or otherwise, reimbursed the Government in full for payments of money remaining in the special bank account or accounts shall be free and clear of any lien hereunder and the bank or banks concerned shall have authority to pay same to the Contractor and shall thereupon be relieved of any further obligation to the Government on account thereof.

ART. 6. On the unliquidated balance of the advance payments outstanding, the Contractor agrees to pay interest at the rate of two and one-half percent (2½%) per annum. Such interest shall be computed at the end of each calendar month on the average daily balance of the principal of the unliquidated advance payments outstanding. In determining such balance, charges on account of the advance payments to the Contractor hereunder shall be made as of the dates of the checks therefor; credits arising from deductions from payments to the Contractor under

[1] This proviso to be used where agreement is supplemental to two or more contracts.

the principal contract or principal contracts shall be made, upon the issue of the check for such payment, as of the dates of shipment as indicated on the Contractor's invoice and/or Government Receiving Report, and credits arising from cash repayments to the Government by the Contractor shall be made as of the dates the checks therefor are received by the disbursing officer. As soon as such monthly computations shall have been made, the interest so determined shall be deducted from the payments otherwise due the Contractor under this contract, *Provided, however,* That in no event shall deductions on account of interest exceed five percent (5%) of the gross payment due the Contractor prior to any deduction under this Article or Article 5 or any other provisions of this contract. In the event the accrued interest exceeds such five percent, the excess of such interest shall be carried forward and deducted from subsequent payments. The interest shall not be compounded, and shall, subject to the provisions of Article 4 hereof, cease to accrue upon the termination of the contract for other than the fault of the Contractor, or upon the date found by the Contracting Officer to be the date upon which the Contractor completed his performance under the contract.

ART. 7. The Contractor shall, at all times, afford to the Contracting Officer, or his duly authorized representative, proper facilities for the inspection and audit of the Contractor's accounts, and the Contractor hereby agrees that the Contracting Officer, or his duly authorized representative, shall have the right, so far as the Contractor's rights are concerned, during business hours, to inspect and make copies of any entries in the books and records of the bank or banks relating to the said special account or accounts.

ART. 8. Subject to the approval of the Contracting Officer or his duly authorized representative the Contractor may make payments to subcontractors and materialmen in advance out of the special account, for labor or services, or to pay for materials in advance of delivery at the site of the work or at an approved storage site. Such subadvances shall not exceed _____ percent (____%) of the subcontract price and the subcontractor or materialmen to whom such advances are made shall furnish adequate security therefor. Unless other security is furnished, covenants in subcontracts, expressly made for the benefit of the Government, providing for a subspecial account with Government lien thereon and for a Government lien on property, tangible or intangible, purchased from the special account, and imposing upon the subcontractor substantially the same duties and giving the Government substantially the same rights as are provided herein between the Government and the Contractor, have been prescribed by the Under Secretary of War as minimum adequate security for such subadvances.

ART. 9. If no surety bond is furnished as part of the security under Article 2 hereof, then, upon receipt of items or materials paid for from such special account or accounts, such items or materials shall be segregated and the Government shall have a lien on such items or materials until the advance payment or payments have been fully liquidated, or until the item or items and/or materials concerned have become the property of the Government as the result of partial payments, or otherwise; *Provided,* That, if segregation in any instance be impracticable and the items or materials concerned are consequently intermingled with other property of the Contractor then and in that event the lien above provided for in favor of the Government shall extend to the intermingled mass to the amount represented by the value of the items or materials involved; and, without limiting the generality of the foregoing, such lien shall continue as follows: (a) in case the contract covers construction, until such items or materials are incorporated into the building, and thereafter on the building in the construction of which the items or materials are incorporated; (b) in the case of items or materials comprising facilities, on such facilities, both before and after their installation in the plant; and (c) in the case of articles contracted for, until the items or materials so paid for are fabricated into such articles, and thereafter on the articles until accepted by the Government [; and the Government shall hereby likewise have an effective assignment of a security interest in all intangible property purchased, or otherwise acquired with funds from said special account][1] If at any time during the progress of the work under the principal contract (or principal contracts) it becomes necessary to deliver any item or items and/or materials upon which the Government has a lien as aforesaid to a third person, the Contractor shall notify such third person of the lien herein provided and shall obtain from such third person a receipt, in duplicate, acknowledging, inter alia, the existence of such lien. A copy of each receipt shall be delivered by the Contractor to the Contracting Officer.

ART. 10. Any assignment of moneys due or to become due under the principal contract (or principal contracts) shall be subordinate to the rights or claims of the Government arising under the principal contract (or principal contracts) or any amendment thereto by virtue of any advance payments authorized herein or otherwise: *Provided,* That, if at any time any claim arising under the principal contract (or principal contracts) is assigned or purportedly assigned in any manner inconsistent with the said rights of the Government, the _____ or his duly authorized representative shall have the right to suspend further advance payments without notice.

(Chief of supply service)

ART. 11. Except as hereby amended, all the terms and conditions of the contract (or contracts) affected shall remain unmodified and in full force and effect and shall also apply in carrying out the provisions of this agreement.

In witness whereof, the parties hereto have executed this supplemental contract on the day and year first above written.

_____
(Contracting Officer)

§ 813.1321 *W. D. Contract Form No. 21.*

WAR DEPARTMENT

Supplement Contract to Contract No. ____
_____
(Name of technical service)

Whereas, under date of _____
(Insert date of _____, a contract numbered original contract)
_____ was entered into between the United States of America by _____
(Insert number of original contract)
(Insert name, rank, and branch _____
of contracting officer)
U. S. Army, as Contracting Officer, acting by authority of the Secretary of War, hereinafter referred to as the Government, and _____,
(Insert name of Contractor)
a corporation organized and existing under the laws of the State of _____; hereinafter referred to as the Contractor, providing for the construction of _____ (the furnishing of _____
(Insert number of units or _____
amount of equipment purchased)
by the Contractor, and

Whereas, it is provided by Section 201, Title II of Public Act No. 354, 77th Congress, approved December 18, 1941, that the President may authorize any department or agency of the Government exercising functions in connection with the prosecution of the war effort to enter into contracts and to make advance, progress, and other payments thereon whenever he deems such action would facilitate the prosecution of the war; and

Whereas, by Executive Order 9001, issued December 27, 1941, the President has authorized the War Department to make such advance payments; and

Whereas, the making of advance payments to the Contractor is deemed necessary by the War Department to facilitate the prosecution of the war,

Now, therefore, this supplemental contract is entered into this _____ day of _____, 194__, by the Government and the Contractor, said parties agreeing to and with each other as follows:

ART. 1. At any time and from time to time after the execution of this supplemental contract, the Government at the request of the Contractor and subject to the approval of the _____ or his duly au-
(Chief of technical service)
thorized representative, or the person to whom authority to make advance payments has been delegated, as to the present need therefor shall advance to the Contractor sums not to exceed _____ per centum (_____%) of the estimated cost of the principal contract (exclusive of the Contractor's fixed fee), as it may be amended from time to time. On the unliquidated balance of the advance payments outstanding, the Contractor agrees to pay interest at the rate of two and one-half percent (2½%) per annum to be computed in accordance with the provisions of Article 6 hereof.

ART. 2. As a condition precedent to the making of any advance payment or payments as hereinbefore provided, the Contractor shall furnish the Government with such adequate security as the Under Secretary of War or the person to whom authority has been delegated to make advance payments shall prescribe: *Provided,* That, if other security is not prescribed, the terms of this supplemental contract shall be considered adequate security for such advance payments; and *Provided further:* That if at any time the Under Secretary of War deems the security furnished by the Contractor inadequate, the Contractor shall furnish such additional security as shall be satisfactory to the Under Secretary of War.

ART. 3. Until all advance payments hereunder are liquidated, all funds received as advance payments under this supplemental contract together with all funds received as reimbursements for the cost of the work under Article _____ of the principal contract, exclusive of the Contractor's fixed fee, shall be deposited in a special bank account or accounts as a member bank or banks of the Federal Reserve System or any "insured" bank within the meaning of the Act creating the Federal Deposit Insurance Corporation (Act of August 23, 1935; 49 Stat. 684, as amended; 12 U. S. C. 264) separate from the Contractor's general or other funds. Such special bank account or accounts shall be so designated as to indicate clearly to the bank their special character and purpose, and the balance in such account or accounts shall be used by the Contractor exclusively as a revolving fund for carrying out the purposes of the principal contract and any amendments thereto, and not for other business of the Contractor. Any balances from time to time in such special account or accounts shall at all times secure the repayment of the advances in connection with which the special account or accounts are opened, and the Government shall have a lien upon such balances to secure the repayment of such advances, which lien shall be superior to any lien of the bank or any other person upon such account or accounts by virtue of assignment to it of such contract or otherwise; *Provided:* That the bank shall be under no liability to any party hereto for the withdrawal of any funds from said special account upon checks properly endorsed and signed by the Contractor, except that after the receipt by the bank of written directions from the _____ or his
(Chief of technical service)
duly authorized representative, the bank shall act thereon and be under no liability to any party hereto for any action taken in accordance with the said written directions. Any instructions or written directions received by the bank through the Contracting Officer upon War Department stationery and purporting to be signed by, or by the direction of, the _____ or his
(Chief of technical service)
duly authorized representative, shall, insofar as the rights, duties, and liabilities of the bank are concerned, be conclusively deemed to have been properly issued and filed with the bank by the _____
(Chief of technical service)
or his duly authorized representative.

ART. 4. It is agreed that the aggregate of the advance payments outstanding under this supplemental contract, together with funds received as reimbursement for the cost of the work by the Contractor under Article _____ of the principal contract shall, at no time, exceed the total estimated cost of the work under the principal contract as it may be revised from time to time, and any such excess shall be immediately repaid by the Contractor to the Government or if any reimbursement is due from the Government to the Contractor, shall be deducted therefrom: *Provided, however,* That if the total cost of the work under the principal contract shall be in excess of the amount so paid to the Contractor, shall be deducted therefrom: the Government upon presentation of satisfactory evidence shall currently and promptly reimburse the Contractor to the extent of such excess cost (subject to any delay in the availability of appropriated funds).

ART. 5. If, upon completion of the principal contract, or upon the termination thereof for other than the fault of the Contractor, the advance payments made to the Contractor in respect of such contract have not been fully liquidated in the manner herein provided, the unliquidated balance of such advance payments shall be deducted from any payments otherwise due the Contractor in respect of such contract; and if the sum or sums due the Contractor be insufficient to cover such balance, the deficiency shall be paid by the Contractor in cash forthwith after demand and final audit by the Government of all accounts hereunder in respect of such contract: *Provided, however,* That in the event of such termination of the contract for other than the fault of the Contractor, such deduction shall not be made prior to final audit unless, and only to the extent that, the Contracting Officer or his duly authorized representative shall determine that such action is reasonably required in order to secure the eventual repayment in full to the Government of such unliquidated advance payments. In the event of cancellation or termination of the principal contract because of the fault of the Contractor, the Contractor, notwithstanding any ultimate rights to be reimbursed, agrees to return to the Government upon demand, without setoff of any sums alleged to be due the Contractor, the unliquidated balance of any advance payment. Furthermore, if, in the opinion of the _____ or his
(Chief of technical service)
duly authorized representative, the unobligated balance of the advance payments made by the Government under Article 1 hereof exceeds the amount necessary for the current needs of the Contractor, as determined by the _____ or his
(Chief of technical service)
duly authorized representative, the amount of such excess shall, upon demand by the _____ or his duly
(Chief of technical service)
authorized representative, be promptly returned to the Government and will be credited against the balance due the Government on advances previously made. If the demand made in any event set forth in this Article is not met upon receipt of such demand by the Contractor, the amount demanded will bear interest at the rate of six percent (6%) rather than two and one-half percent (2½%) per annum from the date of the receipt of the demand until payment is made: *Provided, however,* That such additional interest over and above the regular two and one-half percent is hereby waived as to any sums paid by the Contractor within 15 days after the amount becomes due hereunder. If and when the Contractor has, by means of deductions or otherwise, reimbursed the Government in full for payments made, any money remaining in the special bank account or accounts shall be free and clear of any lien hereunder, and the bank or banks concerned shall have authority to pay same to the Contractor and shall thereupon be relieved of any further obligation to the Government on account thereof.

ART. 6. On the unliquidated balance of the advance payments outstanding, the Contractor agrees to pay interest at the rate of two and one-half percent (2½%) per annum. Such interest shall be computed at the end of each calendar month on the average daily balance of the principal of the unliquidated advance payments outstanding. In determining such balance, charges on account of the advance payments to the Contractor hereunder shall be made as of the dates of the checks therefor; credits resulting from disbursements made by the Contractor which are applied against advance payments shall be made upon the approval of the vouchers therefor by the disbursing officer, as of the dates respectively upon which the contractor presents to the contracting officer or his duly authorized representative full and accurate data for the preparation of each such voucher which date shall, as to each such voucher, be certified by the contracting officer or his duly authorized representative on the face thereof; and credits arising from cash repayments to the Government by the Contractor shall be made as of the dates the checks therefor are received by the disbursing officer. As soon as such monthly computations shall have been made, the interest charge so determined shall be deducted from any payments on account of the fixed fee which may be made to the Contractor from time to time under this contract. In the event the accrued interest exceeds any such payment, the excess of such interest shall be carried forward and deducted from subsequent payments on account of the fixed fee. The interest shall not be compounded, and shall, subject to the provisions of Article 5 hereof, cease to accrue upon the termination of the contract for other than the fault of the Contractor, or upon the date found by the Contracting Officer to be the date upon which the Contractor completed his performance under the contract.

ART. 7. The Contractor shall, at all times, afford to the Contracting Officer, or his duly authorized representative, proper facilities for the inspection and audit of the Contractor's accounts, and the Contractor hereby agrees that the Contracting Officer, or his duly authorized representative, shall have the right so far as the Contractor's rights are concerned, during business hours, to inspect and make copies of any entries in the books and records of the bank or banks relating to the said special account of accounts.

ART. 8. Subject to the approval of the Contracting Officer or his duly authorized representative the Contractor may make payments to subcontractors and materialmen in advance out of the special account, for labor or services, or to pay for materials in advance of delivery at the site of the work or at an approved storage site. Such subadvances shall not exceed _____ percent (_____%) of the subcontract price or estimated cost, as the case may be, and the subcontractor or materialmen to whom such advances are made shall furnish adequate security therefor. Unless other security is furnished, covenants in subcontracts, expressly made for the benefit of the Government, providing for a subspecial account with Government lien thereon and for a Government lien on or title to property, tangible or intangible, purchased from the special account, and imposing upon the subcontractor substantially the same duties and giving the Government substantially the same rights as are provided herein between the Government and the Contractor, have been prescribed by the Under Secretary of War as minimum adequate security for such subadvances.

ART. 9. Any assignment of moneys due or to become due under this contract shall be subordinate to the rights or claims of the Government arising under this contract or any amendment thereto by virtue of any advance payments authorized herein or otherwise: *Provided,* That, if at any time any claim arising under this contract is assigned or purportedly assigned in any manner inconsistent with the said rights of the Government, the _____ or his duly authorized representative shall have the right to suspend further advance payments without notice.

ART. 10. Except as hereby amended, all the terms and conditions of the contract affected shall remain unmodified and in full force and effect and shall also apply in carrying out the provisions of this supplemental agreement.

[1] The bracketed provision may be inserted in the case of experimental contracts or other cases where deemed especially appropriate.

In witness whereof, the parties hereto have executed this supplemental contract on the day and year first above written.

(Contracting Officer)

§ 813.1322 *W. D. Contract Form No. 22.*

WAR DEPARTMENT

Supplemental Contract to Letter Purchase Order No. _____

(Name of service)

Whereas, under date of _____

(Insert date of _____, a letter purchase order, purchase order)

numbered _____, was

(Insert number of purchase order)

entered into between the United States of America by _____

(Insert name, rank and branch of _____, U. S. Army, as Contracting Officer)

Contracting Officer, acting by authority of the Secretary of War, hereinafter referred to as the Government and _____,

(Insert name of Contractor)

(hereinafter called the Contractor), a corporation organized and existing under the laws of the state of _____, providing for the construction of _____ (the furnishing of _____

(Insert number of _____ by the units or amount of equipment purchased) Contractor, and

Whereas, it is provided by Section 201, Title II of Public Act No. 354, 77th Congress, approved December 18, 1941, that the President may authorize any department or agency of the Government exercising functions in connection with the prosecution of the war effort to enter into contracts and to make advance, progress and other payments thereon, whenever he deems such action would facilitate the prosecution of the war; and

Whereas, by Executive Order 9001, issued December 27, 1941, the President has authorized the War Department to make such advance payments; and

Whereas, the making of advance payments to the Contractor is deemed necessary by the War Department to facilitate the prosecution of the war,

Now, therefore, this supplemental contract is entered into this _____ day of _____, 194__, by the Government and the Contractor, said parties agreeing to and with each other as follows:

ARTICLE 1. At any time and from time to time after the approval of this supplemental contract, the Government at the request of the Contractor and subject to the approval of the _____

(Chief of supply service)

or his duly authorized representative, or of the person to whom authority has been delegates to make advance payments, as to the present need therefor, shall advance to the Contractor sums not to exceed _____ percent (_____%) of that amount authorized for expenditure or obligation under Paragraph 2 of such Letter Purchase Order as such amount may be modified or changed from time to time. On the unliquidated balance of advance payments outstanding, the Contractor agrees to pay interest at the rate of two and one-half percent (2½%) per annum to be computed in accordance with the provisions of Article 6 hereof.

ART. 2. As a condition precedent to the making of any advance payment or payments as hereinbefore provided, the Contractor shall furnish the Government with such adequate security as the Under Secretary of War, or the person to whom authority has been delegated to make advance payments, shall prescribe; *Provided:* That, if other security is not prescribed, the terms of this supplemental contract shall be considered adequate security for such advance payments, and *Provided further:* That if at any time the Under Secretary of War deems the security furnished by the Contractor inadequate, the Contractor shall furnish such additional security as shall be satisfactory to the Under Secretary of War.

ART. 3. Until all advance payments hereunder are liquidated, all funds received as advance payments under this contract shall be deposited in a special bank account or accounts at a member bank or banks of the Federal Reserve System, or any "insured" bank within the meaning of the Act creating the Federal Deposit Insurance Corporation (Act of August 23, 1935; 49 Stat. 684 as amended; 12 U. S. C. 264), separate from the Contractor's general or other funds. It is not contemplated that any reimbursement shall be made under the Letter Purchase Order until the more formal contract contemplated by Paragraph 2 of the Letter Purchase Order is entered into, or such Letter Purchase Order is terminated by reason of default of the Contractor, or failure to enter into such more formal contract. Such special bank account or accounts shall be so designated as to indicate clearly to the bank their special character and purpose, and the balance in such account or accounts shall be used by the Contractor exclusively as a fund for carrying out the purposes of the Letter Purchase Order and any amendments, revisions or changes thereto and not for other business of the Contractor. Withdrawals from such special bank account or accounts shall be subject to the prior written approval of the Contracting Officer unless he shall otherwise direct. Any balances from time to time in such special account or accounts shall at all times secure the repayment of the advances and all interests which may accrue thereon, in connection with which the special account or accounts are opened, and the Government shall have a lien upon such balances to secure the repayment of such advances and the payment of all interest which may accrue thereon which lien shall be superior to any lien of the bank or any other person upon such account or accounts by virtue of assignment to it of such contract or otherwise: *Provided*, That the bank shall be under no liability to any party hereto for the withdrawal of any funds from said special account upon checks, properly endorsed and signed by the Contractor, except that after the receipt by the bank of written directions from the _____

(Chief of supply service)

or his duly authorized representative, or the Contracting Officer or his duly authorized representative, the bank shall act thereon and be under no liability to any party hereto for any action taken in accordance with the said written directions. Any instructions or written directions received by the bank through the Contracting Officer upon War Department stationery and purporting to be signed by, or by the direction of the _____ (Chief _____ or his duly authorized representative, shall, insofar as the rights, duties, and liabilities of the bank are concerned, be conclusively deemed to have been properly issued and filed with the bank by the _____ or

(Chief of supply service)

his duly authorized representative.

ART. 4. At such time as the more formal contract contemplated by Paragraph 2 of the Letter Purchase Order is entered into, a provision will be made for advance payments not to exceed that percentage of the contract price agreed upon under such more formal contract as shall be deemed necessary by the Contracting Officer in order to provide the Contractor with adequate working capital to carry on the work contemplated by the Letter Purchase Order, as it may be modified or changed; *Provided:* That it is agreed that the Contractor shall continue to pay interest under the provisions of such more formal contract at the rate of two and one-half percent (2½%) per annum on the unliquidated balance of advance payments outstanding, computed in accordance with existing regulations, and *Provided:* That if such percentage should exceed fifty percent (50%) of such contract price, or such contract price should exceed five million dollars ($5,000,000.00) the contract shall be subject to the approval of higher authority in accordance with existing regulations of the War Department, and *Provided:* That the terms of such advance payment agreement shall be strictly in accordance with standard provisions now authorized under existing regulations. Such provisions shall treat such advances as may be made hereunder as though they were made pursuant to such more formal contract and shall provide for the liquidation of advances made hereunder accordingly.

ART. 5. If upon termination of the Letter Purchase Order for other than the fault of the Contractor, the advance payments made to the Contractor and all interest which may have accrued thereon in respect of such contract have not been fully liquidated in the manner herein provided, the unliquidated balance of such payments and accrued interest shall be deducted from any payments otherwise due the Contractor in respect of such contract; and if the sum or sums due the Contractor be insufficient to cover such balance, the deficiency shall be paid by the Contractor in cash forthwith after demand and final audit by the Government of all accounts hereunder in respect of such contract; provided, however, that in the event of such termination of the contract for other than the fault of the contractor, such deduction shall not be made prior to final audit unless, and only to the extent that, the Contracting Officer or his duly authorized representative shall determine that such action is reasonably required in order to secure the eventual repayment in full to the Government of such unliquidated advance payments. In the event of cancellation or termination of the principal contract because of the fault of the Contractor, or its termination due to failure to enter into the more formal contract contemplated by Paragraph 2 of the Letter Purchase Order, the Contractor notwithstanding any ultimate rights to be reimbursed, agrees to return to the Government, upon demand, without set-off of any sums alleged to be due the Contractor, the unliquidated balance of any advance payments and any interest which may have accrued thereon; *Provided:* That the Contractor may retain in the account an amount sufficient to meet the outstanding obligations incurred by it in good faith pursuant to authorization by the Contracting Officer under Paragraph 2 of the Letter Purchase Order until assumption and discharge of such obligations by the Government or final disallowance thereof. Furthermore, if, in the opinion of the _____ or his duly

(Chief of supply service)

authorized representative the unobligated balance of the advance payments made by the Government under Article 1 hereof exceeds the amount necessary for the current needs of the Contractor, as determined by the _____ or his duly authorized

(Chief of supply service)

representative, the amount of such excess shall, upon demand by the _____

(Chief of _____ or his duly authorized representative, be promptly returned to the Government and will be credited against the balance due the Government on advances previously made. If the demand made in any event set forth in this Article is not met upon receipt of such demand by the Contractor, the amount demanded will bear interest at the rate of six percent (6%) rather than at two and one-half percent (2½%) per annum from the date of the receipt of the demand until payment is made: *Provided, however,* That such additional interest over and above the regular two and one-half percent (2½%) is hereby waived as to any sum paid by the Contractor within 15 days after the amount becomes due hereunder. If and when the Contractor, has, by means of deductions or otherwise, reimbursed the Government in full for payments made and all interest which may have accrued thereon, any money remaining in the special bank account or accounts shall be free and clear of any lien hereunder and the bank or banks concerned shall have authority to pay same to the Contractor and shall thereupon be relieved of any further obligations to the Government on account thereof.

ART. 6. On the unliquidated balance of the advance payments outstanding, the Contractor agrees to pay interest at the rate of two and one-half per cent (2½%) per annum. Such interest shall be computed at the end of each calendar month on the average daily balance of the principal of the unliquidated advance payments outstanding. In determining such balance, charges on account of the advance payments to the Contractor hereunder shall be made as of the dates of the checks therefor. It is agreed that pending the execution of the more formal contract contemplated by Paragraph 2 of the Letter Purchase Order that the Contractor may, if he so elects, make direct repayment to the Government on account of advances made out of his own free funds, or may be required to make repayment out of the special account or otherwise as provided by Article 5. Credits arising out of such cash repayments shall be made as of the dates the checks therefor are received by the disbursing officer. As soon as such monthly computations shall have been made, the interest charge shall be allowed to accrue, and shall not be payable until such time as provision is made for such payment under the provisions of the more formal contract contemplated by Paragraph 2 of the Letter Purchase Order, except as provided by Article 5 hereof. The interest shall not be compounded, and shall, subject to the provisions of Article 5, cease to accrue upon the termination of the contract for other than the fault of the Contractor.

ART. 7. The Contractor shall, at all times, afford to the Contracting Officer, or his duly authorized representative, proper facilities for the inspection and audit of the Contractor's accounts, and the Contractor hereby agrees that the Contracting Officer, or his duly authorized representative, shall have the right so far as the Contractor's rights are concerned, during business hours, to inspect and make copies of any entries in the books and records of the bank or banks relating to the said special account or accounts.

ART. 8. Subject to the approval of the Contracting Officer, or his duly authorized representative, the Contractor may make payments to subcontractors, suppliers and/or materialmen in advance out of the special account, for labor or services, or to pay for materials in advance of delivery at the site of the work or at an approved storage site. Such subadvances shall not exceed _____ percent (_____%) of the subcontract price or estimated cost, as the case may be, and the subcontractor, supplier and/or materialman to whom such advances are made shall furnish adequate security therefor. Unless other security is furnished, covenants in subcontracts, expressly made for the benefit of the Government, providing for a subspecial account with Government lien thereon and for a Government lien on or title to property, tangible or intangible, purchased from the special account, and imposing upon the subcontractor substantially the same duties and giving the Government substantially the same rights as provided herein between the Government and the Contractor, have been prescribed by the Under Secretary of War as minimum adequate security for such subadvances.

ART. 9. The title to all work, completed or in the course of construction, preparation or manufacture under such Letter Purchase Order shall be in the Government. Likewise, upon delivery at the site of the work, at an approved storage site or other place approved by the Contracting Officer and upon inspection and acceptance in writing by the Contracting Officer, title to all materials, tools, machinery, equipment, and supplies for which the Contractor shall be entitled to reimbursement under the provisions of Paragraph 2 of the Letter Purchase Order shall vest in the Government. For the purposes of this supplemental contract, these provisions as to title being vested in the Government, are for security with respect to such advances as may be made hereunder, and shall cease and determine when the more formal contract contemplated by paragraph 2 of the Letter Purchase Order is executed, unless specifically continued in effect by such more formal contract. These provisions as to title being vested in the Government shall not operate to relieve the Contractor from any duties imposed under the terms of the Letter Purchase Order, the more formal supplemental contract, or any other supplements thereto.

ART. 10. Except as hereby amended, all the terms and conditions of the Letter Purchase Order affected shall remain unmodified and in full force and effect and shall also apply in carrying out the provisions of this supplemental agreement.

In witness whereof, the parties hereto have executed this Supplemental Contract on the day and year first above written.

was entered into between the United States of America by _____

(Insert name, rank, and Branch of _____, U. S. Army, as Contracting Officer)

Contracting Officer, acting by authority of the Secretary of War, hereinafter referred to as the Government, and _____

(Insert Name of Contractor)

a corporation organized and existing under the laws of the State of _____, hereinafter referred to as the Contractor, providing for the construction of _____ (the furnishing of _____

(Insert number of units or _____) by the Contractor, and [1] amount of equipment purchased)

Whereas, it is provided by Section 201, Title II of Public Act No. 354, 77th Congress, approved December 18, 1941, that the President may authorize any department or agency of the Government exercising functions in connection with the prosecution of the war effort to enter into contracts and to make advance, progress and other payments thereon, whenever he deems such action would facilitate the prosecution of the war; and

Whereas, by Executive Order 9001 issued December 27, 1941, the President has authorized the War Department to make such advance payments; and

Whereas, the making of advance payments to the Contractor is deemed necessary by the War Department to facilitate the prosecution of the war,

---

[1] Where it is desired to combine advance payments for several principal contracts under one supplemental agreement this clause must be repeated for each contract concerned.

Now, therefore, this supplemental contract is entered into this _____ day of _____, 194__, between the Government and the Contractor, said parties agreeing to and with each other as follows:

ART. 1. At any time and from time to time, after the approval of this supplemental contract, at the request of the Contractor and subject to the approval of the _____ _____ or his

(Chief of technical service)

duly authorized representative, or of the person to whom authority has been delegated to make advance payments, as to the present need therefor, the Government shall advance to the Contractor, without payment of interest therefor by the Contractor, sums not to exceed _____

(Insert amount of advance payment)

or _____ percentum (_____%) of the principal contract price (or principal contract prices), as it (they) may be amended, whichever shall be the smaller.

ART. 2. As a condition precedent to the making of any advance payment or payments as hereinbefore provided, the Contractor shall furnish the Government with such adequate security as the Under Secretary of War or the person to whom authority has been delegated to make advance payments shall prescribe: *Provided*, That, if other security is not prescribed, the terms of this supplemental contract shall be considered adequate security for such advance payments: *Provided further*, That if at any time the Under Secretary of War deems the security furnished by the Contractor inadequate, the Contractor shall furnish such additional security as shall be satisfactory to the Under Secretary of War.

ART. 3. Until all advance payments hereunder are liquidated, all funds received as advance payments under this supplemental contract together with _____ percent

(Insert % to be deposited

(_____%) of all cash payments under which shall be not less than 85%)

the principal contract (or principal contracts), shall be deposited in a special bank account or accounts at a member bank or banks of the Federal Reserve System or any "insured" bank within the meaning of the Act creating the Federal Deposit Insurance Corporation (Act of August 23, 1935; 49 Stat. 684, as amended; 12 U. S. C. 264), separate from the Contractor's general or other funds. Such special bank account or accounts shall be so designated as to indicate clearly to the bank their special character and purpose, and the balances in such account or accounts shall be used by the Contractor exclusively as a revolving fund for carrying out the purposes of this supplemental contract and the principal contract (or principal contracts), (including reimbursement to the Contractor for any reasonable amounts expended by him for such purposes), and any amendments thereto, and not for the other business of the Contractor; (*Provided:* That it is understood that all funds deposited in the said special account created hereunder may be used by the Contractor for the purposes of either or all of the principal contracts without regard to the origin of such payments)[1]; and *Provided*, That for the purpose of determining proper disposition of funds hereunder such of the Contractor's costs as may not be directly allocable to the principal contract, (or principal contracts), as it (or they) may be amended, may be charged against funds deposited in the special account in that proportion which the amount of the work being done under the principal contract (or principal contracts), as it (they) may be amended, approximately bears to the total amount of work being performed by the Contractor, out of which such costs also arise, but within the period to which such costs relate. When required by the _____

(Chief of technical service)

or his duly authorized representative, or any other person to whom authority to make advance payments has been delegated, withdrawals from special account or accounts shall be made subject to the prior written approval of the Contracting Officer or his duly authorized representative. Any balances from time to time in such special account or accounts shall secure the repayment of the advances in connection with which the special account or accounts are opened, and the Government shall have a lien upon such balances to secure the repayment of such advances which lien shall be superior to any lien of the bank, or any other person, upon such account or accounts by virtue of assignment to it of the principal contract (or contracts) or otherwise; *Provided:* That the bank shall be under no liability to any party hereto for the withdrawal of any funds from said special account upon checks, properly endorsed and signed by the Contractor, except that after the receipt by the bank of written directions from the _____

(Chief of technical

_____ or his duly authorized repre-

service)

sentative, the bank shall act thereon and be under no liability to any party hereto for any action taken in accordance with the said written directions. Any instructions or written directions received by the bank through the contracting officer upon War Department stationery and purporting to be signed by, or by the direction of, the _____

(Chief

_____ or his duly author-

of technical service)

ized representative, shall, in so far as the rights, duties, and liabilities of the bank are concerned, be conclusively deemed to have been properly issued and filed with the bank of the _____ or

(Chief of technical service)

his duly authorized representative.

ART. 4. If, upon completion of the principal contract (or of any of the principal contracts), or upon the termination thereof for other than the fault of the Contractor, the advance payments made to the Contractor in respect of such contract have not been fully liquidated in the manner herein provided, the unliquidated balance of such advance payments shall be deducted from any payments otherwise due the Contractor in respect of such contract; and if the sum or sums due the Contractor be insufficient to cover such balance, the deficiency shall be paid by the Contractor in cash forthwith after demand and final audit by the Government of all accounts hereunder in respect of such contract; provided, however, that in the event of such termination of the contract for other than the fault of the Contractor, such deduction shall not be made prior to final audit unless, and only to the extent that, the Contracting Officer or his duly authorized representative shall determine that such action is reasonably required in order to secure the eventual repayment in full to the Government of such unliquidated advance payments. In the event of cancellation or termination of the principal contract (or of any of the principal contracts) because of the fault of the Contractor, the Contractor agrees to return to the Government, upon demand, without setoff of any sums alleged to be due the Contractor, the unliquidated balance of any advance payment. Furthermore, if, in the opinion of the _____ or his

(Chief of technical service)

duly authorized representative, the unobligated balance of the advance payments made by the Government under Article 1 hereof exceeds the amount necessary for the current needs of the Contractor, as determined by the _____

(Chief of technical service)

or his duly authorized representative, the amount of such excess shall, upon demand made by the _____

(Chief of technical service)

or his duly authorized representative, be promptly returned to the Government and will be credited against the balance due the Government on advances previously made. If the demand made in any event set forth in this Article is not met upon receipt of such demand by the Contractor, the amount demanded will bear interest at the rate of six percent (6%) per annum from the date of the receipt of the demand until payment is made; *Provided*, however, that such payment of interest is hereby waived as to any sum paid by the Contractor within 15 days after the amount becomes due hereunder.

ART. 5. Except as otherwise provided herein, liquidation of any advance payment or advance payments made to the Contractor hereunder shall be made by deductions of _____ per cent (___%) from any and all payments made by the Government under the terms of the principal contract (or principal contracts) or by means of direct repayment by the Contractor from his own free funds or from the special account or accounts: *Provided:* That if at any time, as a result of amendments to the principal contract (or principal contracts) or otherwise, the unliquidated balance of the principal of advance payments made exceeds _____ per cent (___%) of the balance of the total contract price then unpaid, the amount of such excess which has not then been expended or obligated shall demand of the _____, or his duly au-

(Chief of technical service)

thorized representative be promptly returned to the Government by withdrawal from the special account or accounts or otherwise, and that portion of the excess which has been expended or obligated may, at the option of the Contractor, be so returned and if not so returned, shall, together with any unexpended or unobligated portion of the excess not otherwise returned to the Government, be deducted from any and all payments to be made by the Government under the principal contract (or principal contracts); *Provided further;* That, if and when the Contractor has, by means of deductions or otherwise, reimbursed the Government in full for payments made, any money, remaining in the special bank account or accounts shall be free and clear of any lien hereunder and the bank or banks concerned shall have authority to pay same to the Contractor and shall thereupon be relieved of any further obligation to the Government on account thereof.

ART. 6. The Contractor shall, at all times, afford to the Contracting Officer, or his duly authorized representative, proper facilities for the inspection and audit of the Contractor's accounts, and the Contractor hereby agrees that the Contracting Officer, or his duly authorized representative shall have the right, so far as the Contractor's rights are concerned, during business hours, to inspect and make copies of any entries in the books and records of the bank or banks relating to the said special account or accounts.

ART. 7. Subject to the approval of the Contracting Officer or his duly authorized representative the Contractor may make payments to subcontractors and materialmen in advance out of the special account, for labor or services, or to pay for materials in advance of delivery at the site of the work or at an approved storage site. Such subadvances shall not exceed _____ percent (___%) of the subcontract price and the subcontractor or materialmen to whom such advances are made shall furnish adequate security therefor. Unless other security is furnished, covenants in subcontracts, expressly made for the benefit of the Government, providing for a subspecial account with Government lien thereon and for a Government lien on property, tangible or intangible, purchased from the special account, and imposing upon the subcontractor substantially the same duties and giving the Government substantially the same rights as are provided herein between the Government and the Contractor, have been prescribed by the Under Secretary of War as minimum adequate security for such subadvances.

ART. 8. If no surety bond is furnished as part of the security under Article 2 hereof, then, upon receipt of items or materials paid for from such special account or accounts, such items or materials shall be segregated and the Government shall have a lien on such items or materials until the advance payment or payments have been fully liquidated, or until the item or items and/or materials concerned have become the property of the Government as the result of partial payments, or otherwise; *Provided:* That, if segregation in any instance be impracticable and the items or materials concerned are consequently intermingled with other property of the Contractor, then and in that event the lien above provided for in favor of the Government shall extend to the intermingled mass to the amount represented by the value of the items of materials involved; and, without limiting the generality of the foregoing, such lien shall continue as follows: (a) in case the contract covers construction, until such items or materials are incorporated into the building, and thereafter on the building in the construction of which the items or materials are incorporated; (b) in the case of items or materials comprising facilities, on such facilities both before and after their installation in the plant; and (c) in the case of articles contracted for, until the items or materials so paid for are fabricated into such articles, and thereafter on the articles until accepted by the Government; [and the Government shall hereby likewise have an effective assignment of a security interest in all intangible property purchased, or otherwise acquired with funds from said special account].[1] If at any time during the progress of the work under the principal contract (or principal contracts) it becomes necessary to deliver any item or items and/or materials upon which the Government has a lien as aforesaid to a third person, the Contractor shall notify such third person of the lien herein provided and shall obtain from such third person a receipt, in duplicate, acknowledging, among other things, the existence of such lien. A copy of each receipt shall be delivered by the Contractor to the Contracting Officer.

ART. 9. Any assignment of moneys due or to become due under the principal contract (or principal contracts) shall be subordinate to the rights or claims of the Government arising under the principal contract (or principal contracts) or any amendment thereto by virtue of any advance payments authorized herein or otherwise; *Provided:* that, if at any time any claim arising under the principal contract (or principal contracts) is assigned or purportedly assigned in any manner inconsistent with the said rights of the Government, the _____ or

(Chief of technical service)

his duly authorized representative shall have the right to suspend further advance payments without notice.

ART. 10. Except as hereby amended, all the terms and conditions of the contract (or contracts) affected shall remain unmodified and in full force and effect and shall also apply in carrying out the provisions of this supplemental contract.

In witness whereof, the parties hereto have executed this supplemental contract on the day and year first above written.

§ 813.324 *W. D. Contract Form No. 24.*

WAR DEPARTMENT

Supplemental Contract to Contract No ____

_____

(Name of technical service)

Whereas, under date of _____

(Insert date of

_____, a contract numbered, original contract)

_____, was entered into between the United States of America by _____

(Insert name, rank and Branch

_____ as Contracting Officer, of Contracting Officer)

acting by authority of the Secretary of War, as party of the first part, and_____

_____

(Insert name of Contractor)

(hereinafter called the Contractor), a corporation organized and existing under the laws of the State of _____ providing for the construction of _____ (the furnishing of_____)

by the Contractor, as party of the second part, and

Whereas, it is provided by Section 201, Title II of Public Act No. 354, 77th Congress, approved December 18, 1941, that the President may authorize any department or agency of the Government exercising functions in connection with the prosecution of the war effort to enter into contracts and to make advance, progress and other payments thereon whenever he deems such action would facilitate the prosecution of the war; and

Whereas, by Executive Order 9001, issued December 27, 1941, the President has authorized the War Department to make such advance payments; and

Whereas, the making of advance payments to the Contractor is deemed necessary by the War Department to facilitate the prosecution of the war,

Now, therefore, this Supplemental contract is entered into this _____ day of _____, 194__, by the Government and the Contractor, said parties agreeing to and with each other as follows:

ARTICLE 1. At any time and from time to time after the execution of this supplemental contract, the Government at the request of the Contractor and subject to the approval of the _____

(Chief of technical service)

or his duly authorized representative, or the person to whom authority to make advance payments has been delegated, as to the present need therefor shall advance to the Contractor, without payment of interest thereon by the Contractor, sums not to exceed _____ percent (_____ %) of the estimated cost of the principal contract (exclusive of the Contractor's fixed fee), as it may be amended from time to time.

ART. 2. As a condition precedent to the making of any advance payment or payments as hereinbefore provided, the Contractor shall furnish the Government with such adequate security as the Under Secretary of War or the person to whom authority has been delegated to make advance payments shall prescribe; *Provided:* That, if other security is not prescribed, the terms of this supplemental contract shall be considered adequate security for such advance payments; and *Provided further*, That if at any time the Under Secretary of War deems the security furnished by the Contractor inadequate, the Contractor shall furnish such additional security as shall be satisfactory to the Under Secretary of War.

ART. 3. Until all advance payments hereunder are liquidated, all funds received as advance payments under this supplemental contract together with all funds received as reimbursements for the cost of the work under Article _____ of the principal contract, exclusive of the Contractor's fixed fee, shall be deposited in a special bank account or accounts at a member bank or banks of the Federal Reserve System or any "insured" bank within the meaning of the Act creating the Federal Deposit Insurance Corporation (Act of August 23, 1935; 49 Stat. 684) as amended (12 U. S. C. 264) separate from the Contractor's general or other funds. Such special bank account or accounts shall be so designated as to indicate clearly to the bank their special character and purpose, and the balance in such account or accounts shall be used by the Contractor exclusively as a revolving fund for carrying out the purposes of the principal contract and any amendments thereto and not for other business of the Contractor. Any balances from time to time in such special account or accounts shall at all times secure the repayment of the advances in connection with which the special account or accounts are opened, and the Government shall have a lien upon such balances to secure the repayment of such advances, which lien shall be superior to any lien of the bank or any o r person upon such account or accounts by virtue of assignment to it of such contract or otherwise; *Provided:* That the bank shall be under no liability to any party hereto for the withdrawal of any funds from said special account upon checks, properly endorsed and signed by the Contractor, except that after the receipt by the bank of written directions from the _____

(Chief of technical service)

or his duly authorized representative, the bank shall act thereon and be under no liability to any party hereto for any action taken in accordance with the said written directions. Any instructions or written directions received by the bank through the Contracting Officer upon War Department stationery and purporting to be signed by,

[1] This proviso to be used where agreement is supplemental to two or more contracts.

[1] The bracketed provision may be inserted in the case of experimental contracts or other cases where deemed especially appropriate.

or by the direction of, the _____
(Chief of technical service)
or his duly authorized representative, shall, in so far as the rights, duties, and liabilities of the bank are concerned, be conclusively deemed to have been properly issued and filed with the bank by the _____
(Chief of technical service) or his duly authorized representative.

ART. 4. It is agreed that the aggregate of the advance payments outstanding under the supplemental contract together with funds received as reimbursement for the cost of the work by the Contractor under Article _____ of the principal contract shall, at no time, exceed the total estimated cost of the work under the principal contract as it may be revised from time to time and any such excess shall be immediately repaid by the Contractor to the Government or if any reimbursement is due from the Government to the Contractor, shall be deducted therefrom: *Provided, however,* That if the total cost of the work under the principal contract shall be in excess of the amount so paid to the Contractor, including said advance payments, the Government upon presentation of satisfactory evidence shall currently and promptly reimburse the Contractor to the extent of such excess cost (subject to any delay in the availability of appropriated funds).

ART. 5. If, upon completion of the principal contract, or upon the termination thereof for other than the fault of the Contractor, the advance payments made to the Contractor in respect of such contract have not been fully liquidated in the manner herein provided, the unliquidated balance of such advance payments shall be deducted from any payments otherwise due the Contractor in respect of such contract; and if the sum or sums due the Contractor be insufficient to cover such balance, the deficiency shall be paid by the Contractor in cash forthwith after demand and final audit by the Government of all accounts hereunder in respect of such contract: *Provided, however,* that in the event of such termination of the contract for other than the fault of the Contractor, such deduction shall not be made prior to final audit unless, and only to the extent that, the Contracting Officer or his duly authorized representative shall determine that such action is reasonably required in order to secure the eventual repayment in full to the Government of such unliquidated advance payments. In the event of cancellation or termination of the principal contract because of the fault of the Contractor, the Contractor, notwithstanding any ultimate rights to be reimbursed, agrees to return to the Government, upon demand, without set-off of any sums alleged to be due the Contractor, the unliquidated balance of any advance payment. Furthermore, if, in the opinion of the _____
(Chief of technical service)
or his duly authorized representative, the unobligated balance of the advance payments made by the Government under Article 1 hereof exceeds the amount necessary for the current needs of the Contractor, as determined by the _____
(Chief of technical service)
or his duly authorized representative, the amount of such excess shall, upon demand by the _____
(Chief of technical service)
or his duly authorized representative, be promptly returned to the Government, and will be credited against the balance due the Government on advances previously made. If the demand made in any event set forth in this Article is not met upon receipt of such demand by the Contractor, the amount demanded will bear interest at the rate of six percent (6%) per annum from the date of the receipt of the demand until payment is made: *Provided, however,* that such payment of interest is hereby waived as to any sum paid by the Contractor within 15 days after the amount becomes due hereunder. If and when the Contractor has, by means of deductions or otherwise, reimbursed the Government in full for payments made, any money remaining in the special bank account or accounts shall be free and clear of any lien hereunder and the bank or banks concerned shall have authority to pay same to the Contractor and shall thereupon be relieved of any further obligation to the Government on account thereof.

ART. 6. The Contractor shall, at all times, afford to the Contracting Officer, or his duly authorized representative, proper facilities for the inspection and audit of the Contractor's accounts, and the Contractor hereby agrees that the Contracting Officer, or his duly authorized representative, shall have the right so far as the Contractor's rights are concerned, during business hours, to inspect and make copies of any entries in the books and records of the bank or banks relating to the said special account or accounts.

ART. 7. Subject to the approval of the Contracting Officer, or his duly authorized representative, the Contractor may make payments to subcontractors and materialmen in advance out of the special account, for labor or services, or to pay for materials in advance of delivery at the site of the work or at an approved storage site. Such subadvances shall not exceed _____ percent (____%) of the subcontract price or estimated cost, as the case may be, and the subcontractor or materialmen to whom such advances are made shall furnish adequate security therefor. Unless other security is furnished, covenants in subcontracts, expressly made for the benefit of the Government, providing for a subspecial account with Government lien thereon and for a Government lien on or title to property, tangible or intangible, purchased from the special account, and imposing upon the subcontractor substantially the same duties and giving the Government substantially the same rights as are provided herein between the Government and the contractor, have been prescribed by the Under Secretary of War as minimum adequate security for such sub-advances.

ART. 8. Any assignment of moneys due or to become due under this contract shall be subordinate to the rights or claims of the Government arising under this contract or any amendment thereto by virtue of any advance payments authorized herein or otherwise; Provided that, if at any time any claim arising under this contract is assigned or purportedly assigned in any manner inconsistent with the said rights of the Government, the _____ or his duly authorized representative shall have the right to suspend further advance payments without notice.

ART. 9. Except as hereby amended, all the terms and conditions of the Contract affected shall remain unmodified and in full force and effect and shall also apply in carrying out the provisions of this supplemental agreement.

In witness whereof, the parties hereto have executed this Supplementary Agreement on the day and year first above written.

§ 813.1325 *W. D. Contract Form No. 25.*

WAR DEPARTMENT

Supplemental Contract to Letter Purchase Order No._____

Whereas, under date of _____
(Insert date of _____, a letter purchase order, original contract)
numbered _____, was entered into between the United States of America by _____
(Insert name, _____
rank and Branch of Contracting Officer)
U. S. Army, as Contracting Officer, acting by authority of the Secretary of War, hereinafter referred to as the Government, and _____,
(Insert name of Contractor)
a corporation organized and existing under the laws of the State of _____, hereinafter referred to as the Contractor, providing for construction of _____
(the furnishing of _____
(Insert number of units or _____) by the amount of equipment purchased)
Contractor, and

Whereas, it is provided by Section 201, Title II of Public Act No. 354, 77th Congress, approved December 18, 1941, that the President may authorize any department or agency of the Government exercising functions in connection with the prosecution of the war effort to enter into contracts and to make advance, progress and other payments thereon whenever he deems such action would facilitate the prosecution of the War; and

Whereas, by Executive Order 9001, issued December 27, 1941, the President has authorized the War Department to make such advance payments; and

Whereas, the making of advance payments to the Contractor is deemed necessary by the War Department to facilitate the prosecution of the war,

Now, therefore, this supplemental contract is entered into this _____ day of _____, 194__, between the Government and the Contractor, said parties agreeing to and with each other as follows:

ARTICLE 1. At any time and from time to time, after the approval of this supplemental contract, the Government at the request of the Contractor and subject to the approval of the _____ or his duly
(Chief of supply service)
authorized representative, or of the person to whom authority has been delegated to make advance payments, as to the present need therefor, shall advance to the Contractor, without payment of interest thereon by the Contractor, sum not to exceed _____ percent (____%) of the amount authorized for expenditure or obligation under Paragraph 2 of such Letter Purchase Order as such amount may be modified or changed from time to time.

ART. 2. As a condition precedent to the making of any advance payment or payments as hereinbefore provided, the Contractor shall furnish the Government with such adequate security as the Contracting Officer shall prescribe; *Provided:* That, if other security is not prescribed, the terms of this supplemental contract shall be considered adequate security for such advance payments; and *Provided further:* That if at any time the Under Secretary of War deems the security furnished by the Contractor to be inadequate, the Contractor shall furnish such additional security as shall be satisfactory to the Under Secretary of War.

ART. 3. All sums received as advance payments under this supplemental contract shall be deposited in a special bank account or accounts at a member bank or banks of the Federal Reserve System or any "insured" bank within the meaning of the Act creating the Federal Deposit Insurance Corporation (Act of August 23, 1935; 49 Stat. 684, as amended; 12 U. S. C. 264) separate from the Contractor's general or other funds. It is not contemplated that any reimbursement shall be made under the Letter Purchase Order until the more formal contract contemplated by Paragraph 2 of the Letter Purchase Order is entered into, or such Letter Purchase Order is terminated by reason of default of the Contractor, or failure to enter into such more formal contract within the date of expiration set forth in Paragraph 6 of the Letter Purchase Order or any duly authorized extensions thereof. Such special bank account or accounts shall be so designated as to indicate clearly to the bank their special character and purpose, and the balance in such account or accounts shall be used by the Contractor exclusively as a fund for carrying out the purposes of the Letter Purchase Order and any amendments, revisions or changes thereto and not for other business of the Contractor. Withdrawals from such special bank account or accounts shall be subject to the prior written approval of the Contracting Officer unless he shall otherwise direct. Any balances from time to time in such special account or accounts shall at all times secure the repayment of the advances in connection with which the special account or accounts are opened, and the Government shall have a lien upon such balances to secure the repayment of such advances, which lien shall be superior to any lien of the bank or any person upon such account or accounts by virtue of assignment to it of such contract or otherwise; *Provided:* That the bank shall be under no liability to any party hereto for the withdrawal of any funds from said special account upon checks, properly endorsed and signed by the Contractor, except that after the receipt by the bank of written directions from the _____
(Chief of supply service)
or his duly authorized representative, or the Contracting Officer or his duly authorized representative, the bank shall act thereon and be under no liability to any party hereto for any action taken in accordance with the said written directions. Any instructions or written directions received by the bank through the Contracting Officer upon War Department stationery and purporting to be signed by, or by the direction of the _____ or his duly author-
(Chief of supply service)
ized representative, or the Contracting Officer or his duly authorized representative shall, insofar as the rights, duties, and liabilities of the bank are concerned, be conclusively deemed to have been properly issued and filed with the bank by the _____
(Chief of supply service)
or his duly authorized representative.

ART. 4. At such time as the more formal contract contemplated by Paragraph 2 of the Letter Purchase Order is entered into, provision will be made for advance payments not to exceed that percentage of the contract price agreed upon under such more formal contract as shall be deemed necessary by the Contracting Officer in order to provide the Contractor with adequate working capital to carry on the work contemplated by the Letter Purchase Order, as it may be modified or changed; *Provided:* That if such percentage should exceed fifty percent (50%) of such contract price, or such contract price should exceed five million dollars ($5,000,000.00) the contract shall be subject to the approval of higher authority in accordance with existing regulations of the War Department, and *Provided:* That the terms of such advance payment agreement shall be strictly in accordance with standard provisions now authorized under existing regulations. Such provisions shall treat such advances as may be made hereunder as though they were made pursuant to such more formal contract and shall provide for the liquidation of advances made hereunder accordingly.

ART. 5. If upon termination of the Letter Purchase Order for other than the fault of the Contractor, the advance payments made to the Contractor in respect of such contract have not been fully liquidated in the manner herein provided, the unliquidated balance of such advance payments shall be deducted from any payments otherwise due the Contractor in respect of such contract; and if the sum or sums due the Contractor be insufficient to cover such balance, the deficiency shall be paid by the Contractor in cash forthwith after demand and final audit by the Government of all accounts hereunder in respect of such contract; provided, however, that in the event of such termination of the contract for other than the fault of the Contractor, such deduction shall not be made prior to final audit unless, and only to the extent that, the Contracting Officer or his duty authorized representative shall determine that such action is reasonably required in order to secure the eventual repayment in full to the Government of such unliquidated advance payments. In the event of cancellation or termination of the principal contract because of the fault of the Contractor, or its termination due to failure to enter into the more formal contract contemplated by Paragraph 2 of the Letter Purchase Order on or before the date of expiration set forth in Paragraph 6 of the Letter Purchase Order, or any duly authorized extensions thereof, the Contractor, notwithstanding any ultimate rights to be reimbursed, agrees to return to the Government, upon demand, without set-off of any sums alleged to be due the Contractor, the unliquidated balance of any advance payment or advance payments made hereunder; *Provided:* That the Contractor may retain in the account an amount sufficient to meet the outstanding obligations incurred by it in good faith pursuant to authorization by the Contracting Officer under Paragraph 2 of the Letter Purchase Order until assumption and discharge of such obligations by the Government or final disallowance thereof. Furthermore, if, in the opinion of the _____
(Chief of supply service)
or his duly authorized representative, the unobligated balance of the advance payments made by the Government under Article 1 hereof exceeds the amount necessary for the current needs of the Contractor, as determined by the _____
(Chief of supply service)
or his duly authorized representative, the amount of such excess shall, upon demand made by the _____
(Chief of supply service)
or his duly authorized representative, be promptly returned to the Government and will be credited against the balance due the Government on advances previously made. If the demand made in any event set forth in this article is not met upon receipt of such demand by the Contractor, the amount demanded will bear interest at the rate of six percent (6%) per annum from the date of the receipt of the demand until payment is made; *Provided, however:* That such payment of interest is hereby waived as to any sum paid by the Contractor within 15 days after the amount becomes due hereunder. If and when the Contractor has, by means of deductions or otherwise, reimbursed the Government in full for payments made, any money remaining in the special bank account or accounts shall be free and clear of any lien hereunder and the bank or banks concerned shall have authority to pay same to the Contractor and shall thereupon be relieved of any further obligations to the Government on account thereof.

ART. 6. The Contractor shall at all times, afford to the Contracting Officer, or his duly authorized representative, proper facilities for the inspection and audit of the Contractor's accounts, and the Contractor hereby agrees that the Contracting Officer, or his duly authorized representative shall have the right so far as the Contractor's rights are concerned, during business hours, to inspect and make copies of any entries in the books and records of the bank or banks relating to the said special account or accounts.

ART. 7. Subject to the approval of the Contracting Officer, or his duly authorized representative, the Contractor may make payments to subcontractors, suppliers, and/or materialmen in advance out of the special account, for labor or services, or to pay for materials in advance of delivery at the site of the work or at an approved storage site. Such subadvances shall not exceed _____ percent (_____%) of the subcontract price or estimated cost, as the case may be, and the subcontractor, supplier and/or materialmen to whom such advances are made shall furnish adequate security therefor. Unless other security is furnished, covenants in subcontracts, expressly made for the benefit of the Government, providing for a subspecial account with Government lien thereon and for a Government lien on or title to property, tangible or intangible, purchased from the special account, and imposing upon the subcontractor substantially the same duties and giving the Government substantially the same rights as are provided herein between the Government and the Contractor, have been prescribed by the Under Secretary of War as minimum adequate security for such sub-advances.

ART. 8. The title to all work, completed or in the course of construction, preparation or manufacture under such Letter Purchase Order shall be in the Government. Likewise, upon delivery at the site of the work, at an approved storage site or other place approved by the Contracting Officer and upon inspection and acceptance in writing by the Contracting Officer, title to all materials, tools, machinery, equipment, and supplies for which the Contractor shall be entitled to reimbursement under the provisions of Paragraph 2 of the Letter Purchase Order shall vest in the Government. For the purposes of this supplemental contract, these provisions as to title being vested in the Government, are for security with respect to such advances as may be made hereunder, and shall cease and determine when the more formal contract contemplated by paragraph 2 of the Letter Purchase Order is executed, unless specifically continued in effect by such more formal contract. These provisions as to title being vested in the Government shall not operate to relieve the Contractor from any duties imposed under the terms of the Letter Purchase Order, the

more formal supplemental contract, or any other supplements thereto.

ART. 9. Except as hereby amended, all the terms and conditions of the Letter Purchase Order affected shall remain unmodified and in full force and effect and shall also apply in carrying out the provisions of this supplemental contract.

In witness whereof, the parties hereto have executed this supplemental contract on the day and year first above written.

_____
(Contracting Officer)

§ 813.1326 *W. D. Contract Form No. 26—(a) Explanatory notes.* (1) W. D. Contract Form No. 26 is available for optional use by the technical services (including the service commands) for effecting the sale of Government-owned property in compliance with Subparts B, C, E, F and G of Part 807. The form is not designed to cover:

(i) Sales of scrap, or

(ii) Sales to the Defense Plant Corporation. Special forms have been approved for use in effecting sales of property by the War Department to the Defense Plant Corporation, and by the Defense Plant Corporation to the War Department. These are reproduced in Ordnance Procurement Instructions, paragraphs 13,006.3 and 13,006.4.

(2) Variations of W. D. Contract Form No. 26 may be required in particular cases. For example, paragraph 6 of "General Provisions", (W. D. Contract Form No. 26) entitled "Adjustment for Variation in Quantity" may require material change where it is expected that the variation will be large.

(3) Certain of the technical services have indicated a preference for the use of a "negotiated" contract form of the type of W. D. Contract Form No. 1, rather than an invitation, bid and acceptance form of the type of W. D. Contract Form No. 26. The technical services may authorize the use, in circumstances in which W. D. Contract Form No. 26 is available for use, of a "negotiated" contract form containing proper recitals and embodying substantially the same provisions as W. D. Contract Form No. 26. It is emphasized, however, that regardless of the type of contract form which is employed, the greatest practicable amount of competition will be secured (see § 807.110).

Order No. _____
Invitation No. _____

Payment will be made to _____
_____

This contract is authorized by and negotiated under Public No. 703, 76th Congress, First War Powers Act, 1941, and Executive Order No. 9001.

It has been determined by a competent officer that the sale to be made hereunder will facilitate the prosecution of the war and is in compliance with applicable regulations.

INFORMAL INVITATION

Sealed bids, in _____, subject to the terms specified on both sides of this page and on the continuation sheets numbered _____ to _____ inclusive, attached hereto, will be received at this office until _____ o'clock, ____ m., _____, 194__, for the purchase of the materials listed. Each sheet must show the name of the bidder.

[1] Bids must be accompanied by cashier's check, certified check or postal money order made payable (unless otherwise directed) to the Treasurer of the United States, in the amount of at least ____% of the total price bid. Deposits on bids which are not accepted will be promptly refunded. (See also General Provision 5.)

UNITED STATES OF AMERICA,
By _____,
Title _____,
(Contracting Officer)

INFORMAL BID

Date _____

In compliance with the above informal Invitation for bids, and subject to all conditions thereof, the undersigned offers, and agrees, if this bid be accepted within _____ calendar days from the date of the opening, to purchase any or all of the items upon which the undersigned has quoted prices, at the price set opposite each item. It is understood that the Government reserves the right to reject any and all bids regardless of whether the same constitute the highest bids.

Certificate: The undersigned represents and certifies to the United States of America:

(1) that he is (the bidder) (the duly authorized representative of the bidder) named herein;

(2) that as defined by the applicable rules and regulations of the Office of Price Administration the bidder is (a dealer in) (a consumer of) the items covered by this bid;

(3) that the bidder (is) (is not) seeking to purchase the items for resale;

(4) that the bid prices for the items are not in excess of applicable maximum prices established by the Office of Price Administration;

(5) that the bidder will not resell any of the items at prices in excess of the maximum prices established by the Office of Price Administration and applicable to such resale;

(6) and that this certificate is executed for the purpose of inducing the United States of America to accept this bid and make an award hereon and with full knowledge that any wilful misrepresentations will subject the undersigned to criminal penalties provided by statute.

Title _____
(Contracting Officer)

GENERAL PROVISIONS

1. Materials covered; prices. The Government shall sell and deliver, and the Purchaser shall buy and accept, the items listed on the annexed continuation sheet(s) upon which prices have been quoted, and which are covered in Government's Acceptance. The prices to be paid by the Purchaser are those quoted; provided, however, that if at the time of delivery of any of the materials to the Purchaser a maximum price lower than that quoted shall have been established by the Office of Price Administration or similar authority and shall be in effect and expressly applicable to such delivery notwithstanding the existence of a prior contract calling for a higher price, the price for such materials shall be reduced to such maximum price.

2. Purchaser's warranties. The Purchaser warrants that this transaction is, and all of its future transactions with the materials covered hereby will be, in compliance with applicable regulations of the Office of Price Administration and the War Production Board or similar authority.

[1] *3. Delivery.* Delivery shall be at the present location of the property. Unless the Purchaser removes the materials from such location within . . . . days after notification of Government's Acceptance, the Government shall have the right to dispose of the materials and hold the Purchaser responsible for any loss incurred by the Government as a result of the failure to remove. The precise time of removal, and other details of removal, shall be arranged with the Contracting Officer.

[1] *3. Delivery.* Delivery shall be f. o. b. cars at point of origin. Unless shipping instructions are received within . . . . . days after notification of Government's Acceptance, the Government shall have the right to dispose of the materials and hold the Purchaser responsible for any loss incurred by the Government as a result of the failure to furnish shipping instructions.

4. Responsibility for materials sold. (a) The Purchaser has had ample opportunity for full inspection of the materials, and agrees to accept the same "as is." The Government makes no guaranty, warranty or representation, express or implied, as to the number, quantity, kind, size, weight, quality, character, description or condition of the materials, or their fitness for any use or purpose. This is not a sale by sample.

(b) Title to the materials shall vest in the Purchaser upon notification of Government's Acceptance. The Purchaser assumes all liability for materials after that time. The Government will exercise its usual care for protection of the materials

[2] up to the time limit of receipt of shipping instructions, or, where shipping instructions are received in time, until the materials are at cars,

[2] up to the time limit of removal,

but will not be responsible for any loss or damage for any cause whatsoever.

[3] *5. Payment.* Payment shall be made as follows: _____
_____
_____

Unless otherwise directed, payment shall be made by certified check, cashier's check or postal money order payable to the Treasurer of the United States.

[3] *5. Payment.* The deposit made by the Purchaser (see Informal Invitation) will be applied, immediately upon notification of Government's Acceptance, against the total payment due. Payment of the balance due shall be made (unless otherwise directed) by certified check, cashier's check or postal money order payable to the Treasurer of the United States within _____ days from the date of notification of Government's Acceptance.

[4] *6. Adjustment for variation in quantity.* The quantities of the various items covered by Government's Acceptance are approximate only. Any variation between the quantity stated for any item and the quantity of such item delivered to the Purchaser will be adjusted on the basis of the unit price quoted opposite such item.

7. Officials not to benefit. (Insert clause in § 803.322)

8. Covenant against contingent fees. The Purchaser warrants that he has not employed any person to solicit or secure this contract upon any agreement for a commission, percentage, brokerage or contingent fee. Breach of this warranty shall give the Government the right to annul the contract, or at its option, to recover from the Purchaser the amount of such commission, percentage, brokerage, or contingent fee, in addition to the consideration herein set forth. This warranty shall not apply to commissions payable by the Purchaser upon contracts or purchases secured or made through bona fide established commercial agencies maintained by the Purchaser for the purposes of doing business.

9. Disputes. (Insert article in § 803.326 or General Provision 12 of W. D. Contract Form No. 47 (§ 813.1317c).)

10. Definitions. (Insert Article 23, § 1813.1301.)

REQUEST FOR PROPOSAL

From _____
_____
To _____
_____

Proposal Request No. _____
Proposals to be received by _____, 194__
Preference rating to be assigned _____, 194__
Date _____, 194__

Under authority of the First War Powers Act, 1941, and Executive Order No. 9001, you are requested to submit a proposal for the furnishing of the item(s) hereinafter described (or such part thereof as you may be able to furnish), upon the delivery schedule hereinafter specified, and in accordance with Contract Form _____ as amended to date of the proposal, including (a) all applicable provisions required by Federal law, Executive Order, and War Department Procurement Regulations, and (b) the following optional clauses: _____
_____
_____
_____
_____

A copy of that form of contract with such provisions and clauses, may be obtained from this office.

The Government reserves the right to reject any and all proposals made in response to this request.

Offers of prompt payment or cash discounts will not be considered in making the award, but if such an offer is made, the Government, in making payment, shall have the right to take advantage thereof according to its terms.

DESCRIPTION

Item No.	Item(s)	Quantity	Unit

In calculating your price(s) for such item(s), please take into consideration the issuance to you by the Government of the following described materials:

DELIVERY SCHEDULE

The item(s) described above are desired to be delivered f. o. b. _____, in accordance with the following schedule

QUANTITY

Date or Period	Item No.	Item No.	Item No.	Item No. ....

WAR DEPARTMENT
STANDARD PROCUREMENT FORM NO. 2

Contractor's proposal
To be filled out in _____
(A) From _____
_____
_____
To _____
_____
(B) Subject: (Item or Items) _____
_____

NOTE.—This is the War Department's standard proposal form which has been prepared for the convenience of all contractors. For many contracts it will not be necessary to complete the entire form. Before filling out this form, read carefully the last paragraph of the Request for Proposal and the instructions for filling out this form.

Date _____, 194__

(C) The undersigned hereby offers to furnish to the Government the items, in the quantities, at the prices, and upon the delivery schedule set out below, and in strict accordance with the specifications inclosed with the Government's Request for Proposal dated _____, 194__

(D) The Government's notice of acceptance of this proposal must be given within 30 days after the closing date specified in the Request for Proposal, by sending to the undersigned, by mail or otherwise, a notice of award, purchase order, or contract responsive to this proposal.

(E) In the event the Government shall accept this proposal, the undersigned will sign and deliver to the Government Contract Form..... as amended to the date hereof (if that form requires manual execution by the undersigned), embodying the terms and provisions of this proposal. In addition to the clauses required by Federal law, Executive Order, and War Department Procurement Regulations, the contract shall include the following optional clauses: .....

(F) Any acceptance of this proposal shall be based on the following representations (including the data furnished by the undersigned under Titles I to ..... both inclusive, and ..... supplementary sheets attached hereto), which are certified to be true to the best knowledge and belief of the undersigned (hereinafter called the "contractor").

(G) Name.....

By.....
Title.....
(Authorized to make this proposal)

Title I. (a) Contractor is:
( ) Corporation incorporated under laws of.....
( ) Partnership, consisting of.....
( ) Sole proprietorship of.....
(b) Business address.....
(c) Name and location of contractor's plant(s) where each item will be manufactured or from which furnished.....
(d) The individual authorized to conduct negotiations on behalf of the contractor is.....
Title.....

Title II.—*Scope of proposal.*

(A) Item No.	Description of Item	Quantity	Unit	Unit Price	Total Price
(1)	(2)	(3)	(4)	(5)	(6)

(B) 1. Total prices for all items..... $.....
2. Cost of additional facilities to be manufactured or acquired by contractor for Government account..... $.....
3. Total proposed value of contract..... $.....

(C) The foregoing prices do *not* include the Federal, State, and local taxes which are excluded as directed by the instructions which accompany this proposal form.

(D) The foregoing prices are based on the understanding that the following material is to be furnished by the Government:.....

(E) The proposed unit prices are based on the premise that the contractor (will) (will not) take title to all scrap from Government-furnished material. If contractor is to take title, each price per unit listed above has been reduced .....

(F) The cost per unit of packaging and boxing which is included in the price for each of the items is as follows: .....

(G) Contractor agrees to comply with reasonable requests for cost information based on production experience under the proposed contract.

Title III—*Delivery schedule.*
The items described above will be delivered f. o. b. ....., upon the following schedule:

QUANTITY

Date or Period	Item No.	Item No.	Item No.	Item No. .....
Total				

Title IV.—*Supplementary information.*
(Read instructions carefully before completing this and following titles. *See page 2 of Request for Proposal for such titles or portions thereof that are to be answered.*)
1. Contractor now has uncompleted outstanding war contracts and subcontracts, aggregating ..... of which approximately $..... is uncompleted.
2. Contractor now employs approximately ..... employees. The average number employed in 1940 was approximately .....
3. To perform contract resulting from this Proposal, contractor will have to employ ..... additional employees and work ..... shifts of ..... hours each, ... days per week.
4. Check proposed method of financing contract resulting from this Proposal:
..... By Government-guaranteed loan of $.....
..... By advance payment of ..... % which will be formally requested.
..... By contractor (has) (has not) been certified pursuant to Section 403, Sixth Supplemental National Defense Appropriation Act, 1942, as amended. Renegotiated by ..... for the period.
..... By financial assistance from Smaller War Plants Corporation.
5. Attach summary of price reduction covenants in any renegotiation agreement, and indicate effect of such covenants on proposed prices hereunder.
(c) Status of any pending statutory renegotiation proceeding is .....

(Submit answers to following on separate sheets.)
5. Indicate extent of proposed subcontracting in terms of percentage of proposed price for the items covered by this proposal. To extent available, give names and addresses of proposed subcontractors, items to be subcontracted, and identification and quantities of such parts, assemblies, or services. Indicate any affiliation between contractor and subcontractor. Indicate method of pricing subcontracts.
6. Show by major classifications (as specified in the instructions) the cost of Government-owned facilities which the contractor intends to use for performance of the proposed contract.
7. State in detail contractor's need of (a) additional Government-owned facilities and (b) additional contractor-owned facilities for performance of proposed contract.
8. (a) Give details of any agreement to pay commission, percentage, brokerage, or contingent fee in connection with proposed contract.
(b) To extent possible, give details of any such agreement or agreements in connection with any proposed subcontract or subcontracts.
9. If patent royalties are included in price, state: (a) Amount, (b) basis of calculation, (c) name and address of licensor, (d) feature on which royalty is paid, (e) numbers and dates of patents or applications involved.
10. State commercial method of manufacture to be used in performance of proposed contract.

Title V.—*Unit cost breakdown*

Col. A	Col. B	Col. C
Name of item (if proposal covers more than one item)	Proposed Contract Estimated Amount per Unit	Cost per Unit Under Previous Contract for Similar Items, No. Quantity ..... From ..... to ..... (See Note 1)	Over-all Company Operating Statement for Last Fiscal Year Ended ..... (See Note 2)
	$..... Percent	$..... Percent	$..... Percent
1. Direct material			
2. Less scrap or salvage			
3. Net direct material			
4. Direct labor			
5. Misc. direct factory charges			
6. Indirect factory expenses (Burden)			
7. Engineering and dev. expenses			
8. Packing and boxing (see Note 3)			
9. Selling expense (see Note 4)			
10. Contingencies (see Note 5)			
11.			
12. Other expenses (see Note 5)			
13.			
14.			
15.			
16. Total cost	100%	100%	100%
17. Operating profit (before income and excess profit taxes)			
18. Total proposed unit price			

Note 1: This column should contain historical costs, *not* merely a copy of a former proposal.
Note 2: Column C should conform as closely to the line captions as the contractor's account classification will permit. Operating profit should be shown on line 17 and net sales on line 18.
Note 3: Depreciation on productive facilities included above:
(a) Normal depreciation..... $.....
(b) Accelerated depreciation..... $.....
Total..... $.....
Note 4: Unless proposed contract covers only spare parts, do not include spare parts in this breakdown.
Note 5: Specify and describe on separate sheets the nature of the expenses included in lines 10 to 15 and the basis of their calculation.

Title VI. *Indirect factory expenses.*

	Col. 1 Proposed Contract, Estimated Amount (if information is readily available)	Col. 2 Budgeted Forecast of Expenses for Department, or Company for Period	Col. 3 Operating Statement for Last Fiscal Year Ended .....
1. Labor	$.....	$.....	$.....
2. Superintendence			
3. Supplies			
4. Maintenance and repairs			
5. Depreciation			
6. Taxes and other expenses (specify and describe on separate sheets)			
7.			
8.			
9.			
10.			
Total	$.....	$.....	$.....

Title VII.—*General expenses.*

	Col. 1 $.....	Col. 2 $.....	Col. 3 $.....
1. Royalties and license fees			
2. Executive salaries			
3. Depreciation			
4. Other administrative expenses (specify and describe on separate sheets)			
5.			
6.			
7.			
8. Miscellaneous			
Total	$.....	$.....	$.....

Title VIII. *Accounting methods.*
State briefly the method used in estimating costs, including (see last paragraph of Request for Proposal): (a) Method of allocation of indirect factory expenses, selling and general expenses, and other overhead; (b) whether or not the method and rates used in (a) and (b) above are consistent with such used in the last 5 years, with explanation of changes, if any; (d) the extent burden applicable to idle or excessive facilities, if any, has been apportioned to this proposal; (e) a statement that no charge for depreciation on Government-owned facilities has been included in the estimated costs; (f) the amount of rental on Government-owned facilities included in this proposal and the method of amortization thereof.

Title IX. *Other costs.*
1. Submit unit cost breakdown, similar in content to columns A and B of title V, for sets of spare parts.
2. Submit unit cost breakdown for packaging and boxing of each of the items covered by this proposal.

Budget Bureau Approval No. 49-R-147

War Department

Instructions for filling out contractor's proposal, standard procurement form number 2

Read all instructions carefully before filling out form

Fill out the Contractor's Proposal in ..... When spaces on that form are insufficient for a complete answer, use separate sheets. Start each answer with the number or letter of the title or portion thereof which is being answered.

Heading: At (A) insert the contractor's name, and on right-hand side of page 1 fill in date in space provided therefor.

Paragraph (B): Insert short description of item(s). Examples: "Radio TGR506"; "Shell, H. E. 20mm., MK. 1."

Paragraph (C): Insert date of Request for Proposal.

Paragraph (E): Insert proper contract form number and list of optional clauses to be included in contract. See first paragraph of Request for Proposal. If contractor is not familiar with the contract form, he may obtain a copy from the contracting officer.

Paragraph (F): Insert number of last title required to be answered (see last paragraph

of Request for Proposal) and number of supplementary sheets attached to Contractor's Proposal.

Signature (G): Fill in contractor's name. Contractor or duly authorized representative is to sign on third line, and his title is to be shown on fourth line.

TITLE I

(c) Indicate by "X" whether contractor is corporation, partnership, or individual, and give the other pertinent information requested.

(b), (c), and (d) Self-explanatory.

TITLE II. *Scope of proposal*

(A) In filling out the table, refer to Request for Proposal and follow (1) the item numbers, (2) description of items, (3) quantities, and (4) units. As to each item show in the appropriate column (5) unit price and (6) total prices. If any entry in the first four columns does not follow the Request for Proposal, state on the first line of the table "Differs from request."

(B) On line 1 fill in the total of column (6) of the table. On line 2 fill in amount of additional facilities which contractor proposes to manufacture or acquire for the Government's account, to be used in connection with the production covered by the proposal. This figure should be the total of the cost of additional facilities referred to in paragraph 7 (a) of Title IV. If additional facilities are necessary, answer paragraph 7 (a) of Title IV. Do not include any part of these costs in the unit prices. Show the total of lines 1 and 2 on line 3.

(C) *Taxes:* Except as otherwise expressly directed in any instance:

1. Contractor shall *exclude* from his proposed prices:

(a) All Federal excise taxes enumerated in Chapters 25 and 29, Internal Revenue Code, applicable to the completed supplies or work covered hereby; and

(b) All Federal excise taxes enumerated in Chapters 25 and 29, Internal Revenue Code, applicable to the component parts, articles or units of the completed supplies or work of which the contractor himself is the manufacturer, importer, or producer; and

(c) All State and local taxes from which an exemption is available for purposes of this procurement.

2. Contractor shall *include* in his proposed prices:

(a) All Federal excise taxes enumerated in Chapters 25 and 29, Internal Revenue Code, applicable to the materials or component parts to be incorporated in the completed supplies or work (other than those mentioned in paragraph 1 (b) above); and

(b) All other Federal taxes, charges, or duties of any nature whatsoever, including without limiting the generality of the foregoing, the Federal excise tax on the transportation of property imposed by Chapter 30, Internal Revenue Code; and

(NOTE: If the completed supplies are taxable articles under Chapters 25 and 29, Internal Revenue Code, contractor's purchase of materials to be incorporated in the supplies is exempt from tax under Section 3442 (1), Internal Revenue Code, and credits or refunds may be obtained under Section 3443 (a) (1). No tax on such materials shall be included in the price.)

(c) All State or local taxes other than those mentioned in paragraph 1 (c) above.

3. Tax Exemption Certificates, where applicable, will be issued for the amount of any tax excluded from the price, as to which an exemption is available. In making application therefor, list all pertinent data in support of the application.

(D) Complete by inserting the description and amount of Government-furnished material which is specified in the Request for Proposal or which is essential for performance of proposed contract. If this list does not follow the Request for Proposal, write after the word "Government," "Differs From Request."

(E) Strike "will" or "will not" in order to show contractor's intention. If contractor will take title to scrap from Government-furnished material, enter the amount by which the unit prices listed in the table have been reduced.

(F) Insert unit costs of packaging and boxing each of the items, identifying those costs for each of the items.

TITLE III. *Delivery schedule*

Insert f. o. b. delivery point, writing in "Differs From Request" if the delivery point differs from that contained in the Request for Proposal.

The delivery schedule should be completed in the same manner as that appearing in the Request for Proposal. If the delivery dates specified in the Request for Proposal cannot be met, insert the earliest possible delivery dates, and state on first line of table "Differs From Request."

(NOTE: *Before giving information called for by Titles IV to IX, read the last paragraph of the Request for Bid, for a listing of portions of such Titles which are to be answered. For many contracts it will not be necessary to complete the entire proposal.*)

TITLE IV

1. If actual figures are not readily available, give approximate figures.

2. Give approximate average number of employees in 1940. This figure may be obtained by taking the average number per pay period, or the average of the quarterly figures reported to the Bureau of Internal Revenue and the Bureau of Old Age and Survivors Insurance on Form SS 1a. An estimate of need of additional employees may be used.

3. If proposed contract is not to be financed from contractor's working capital or through usual commercial channels, contractor should make inquiry as to the possibility, manner, and extent of any other method of financing before it is checked in the Proposal. This office will assist contractor with respect to such inquiry. Fill in amount if a Government-guaranteed loan is contemplated, and percent of total contract price if advance payment is to be formally requested.

4. (a) Strike "has" or "has not." Insert in first blank name of Board or Section which renegotiated contractor, and in second blank the fiscal period covered by the renegotiation. (b) Include summary in supplementary sheets, identifying the question answered. (c) Insert in the blank a brief statement showing state of progress of any pending renegotiation.

(NOTE. *Submit answers to the remaining paragraphs of this Title on numbered, plain white sheets of approximately the same size as the Proposal, except as to paragraphs where the answer is "None," in which cases that word may be inserted at the end of such paragraphs on the form itself. Give the number of the title or portion thereof at the beginning of each answer.*)

5. Subcontractors, as that term is used in the Proposal, are suppliers of parts and components, completely or partially fabricated, and of materials which are fabricated to meet individual specifications for use in performance of proposed contract. List proposed subcontractors for the larger components and parts *only*. When several subcontractors are being considered for the same part, list all of them as alternative suppliers, together with the quantities which may be purchased from each. Indicate which, if any, of the proposed suppliers is an affiliate, subsidiary, division of, or is otherwise legally related to the contractor, or is controlled by an officer or major owner of contractor. Indicate the nature of such relationship.

6. List each separately: (a) Land, (b) buildings, (c) machinery and equipment, (d) tools, jigs, and fixtures, and (e) rehabilitation expense.

7. List each item of equipment or other facilities separately under (a) Government-owned facilities and (b) contractor-owned facilities for performance of proposed contract. Supply information under the following headings: (1) Name of item, (2) Size and Type, (3) Operation for Which Required, (4) Use by Prime or Subcontractor, (5) New or Used, (6) Total Cost, including price, transportation and installation.

8. (a) Describe agreements to pay commissions, etc., giving names and addresses of other parties to agreement, amounts and bases of calculation of such fees, and conditions upon which they are proposed to be paid. (b) Where contractor has information concerning similar agreements in connection with one or more subcontracts, that information should be furnished in like detail to the extent possible.

9. State amount of patent royalties per unit and total, describe method for calculating these amounts, list licensors, the particular feature or features of the subject items which are covered by the royalty agreement, and numbers and dates of patents or applications involved.

10. Describe any manufacturing operations which in contractor's judgment have any special significance for an understanding of the costs under the proposal. At contractor's request such information may be used as basis for a special provision in the contract relating to the production process and the machine tools used in the production.

TITLE V

Before supplying information under Titles V to IX check the last paragraph of the Request for Proposal to ascertain whether and what part of those titles need be completed.

Carefully read and follow the notes appended to Title V.

Follow the classifications listed unless the contractor's regular accounting system requires another type of breakdown, in which case that breakdown should be substituted.

The cost breakdowns are required to give the contracting officer as complete an understanding of the contractor's operations as possible. The inclusion or exclusion of individual cost elements under this form does not indicate the propriety or impropriety thereof.

When the proposed contract covers more than one item (not including spares) supply a separate breakdown for each of such items. Specify in the space provided, the item covered by each breakdown. In such case column C need be filled out in only one of the cost breakdowns.

When entries are made on lines 10 to 15 for Selling Expenses, Contingencies, and Other Expenses, specify and describe on separate sheets the nature of the expenses and the basis of their calculation.

Column B. Fill out heading. Insert contract number, dates when production was started and completed under the contract, and the quantity of production.

Column C. Fill in date of end of fiscal year covered.

Fill in dollar amounts for each line required. For each item of cost, calculate percentage of *total costs* and enter on appropriate lines.

TITLE VI. *Indirect factory expenses*

Follow the classifications listed unless the contractor's regular accounting system requires another type of breakdown, in which case that breakdown should be substituted.

Where entry is made on line 6, Taxes and Other Expenses, or on the following lines, specify and describe on the separate sheets the nature of such taxes and other expenses and the reasons for their inclusion.

TITLE VII. *General expenses*

Follow the classifications listed unless the contractor's regular accounting system requires another type of breakdown, in which case that breakdown should be substituted. When Other Administrative Expenses are included specify and describe on separate sheets.

TITLE VIII. *Accounting methods*

The information called for under Title VIII should be given in sufficient detail to enable the contracting officer to understand the accounting methods employed by the contractor.

TITLE IX. *Other costs*

1. Costs of Spare Parts: See instructions under Title V. Show costs of preparation and boxing as one item of cost. Submit a list of the prices which the contractor paid or proposes to pay for important subcontracted items.

2. Cost of Packaging and Boxing of Spare Parts: Submit a cost breakdown that seems clearest to the contractor. When *special* packaging constitutes a substantial part of total costs, the explanation might start with the cost of regular packaging and then proceed with an explanation of the differences between the cost of regular packaging and that of special packaging.

3. Cost of Packaging and Boxing of Major Items: The cost of packaging and boxing of items other than spare parts is to be included in the costs shown under Title V (when an answer to that title is required) and is to be shown separately under this title. Submit a cost breakdown that seems clearest to the contractor. See suggestion in the next preceding paragraph.

§ 813.1328 *W. D. Contract Form No. 28.*

CROSS REFERENCE: See § 802.222 (g).

LETTER OF COMMITMENT (RAW MATERIALS UNDER CMP)

Contract No.---------- Date ----------
(Negotiated)
---------- Place ----------

(Contractor)

(Address)

Gentlemen:

1. The operation of the Controlled Materials Plan makes it necessary that raw materials subject to that plan be ordered in advance in order to insure the availability of such materials in the event that the Government may decide to place supply contracts with you in the future for ----------
---------- (description of item). It is likely that in some instances your allotment authority under CMP will extend through
---------- 19--, which date may be beyond the completion date of your present supply contract or contracts.

2. You are directed, upon your acceptance of this commitment, to place purchase orders for materials under CMP, required in the production of ----------, immediately upon receipt of your allotment authority in furtherance of which you are authorized to expend or obligate not more than ---------- Dollars ($----------).

3. All applicable articles (other than the article "Termination for the Convenience of the Government") now required by Federal law, Executive Order, or War Department Procurement Regulations to be included in contracts of the kind herein described are incorporated herein by reference.

4. (a) In the event that supply contracts are placed looking to the utilization of all or a part of the raw materials acquired hereunder, there will be executed simultaneously with the execution of such supply contract or contracts a supplemental agreement to this Letter of Commitment either extinguishing or reducing, as the case may be, the amount obligated under this Letter of Commitment to the extent that such materials are to be utilized in the performance of such supply contract or contracts.

It is understood that the issuance of this Letter of Commitment, and its acceptance by you, do not create any obligation on the part of the Government to place supply contracts with you looking to the utilization of all or part of the materials under CMP ordered by you under your allotment authority.

(b) The Government may at any time terminate this commitment in whole or in part for its convenience by giving you written notice of such termination. In the event of such termination the Government's liability shall extend only to costs incurred and commitments made for materials under CMP to be delivered through, but not beyond ----------, but in no event shall the total amount paid or reimbursed the contractor exceed the amount above specified.

(c) In the event that you are not awarded a new supply contract or continuation contract enabling you to utilize all or a part of the materials under CMP ordered by you under your allotment authority, you will be so notified and this Letter of Commitment terminated in accordance with paragraph 4 (b) above. Thereupon, you and the Contracting Officer will attempt to agree by negotiation upon a settlement estimated by the parties to be the aggregate amount of the costs incurred by you in the performance of this commitment and the amounts paid or to be paid by you or for your account in settling with the approval of the Contracting Officer your obligations for commitments made in the performance of this agreement. Any such negotiated settlement shall be embodied in a Supplemental Agreement.

(d) If you and the Contracting Officer are not able to agree upon such a negotiated settlement within 90 days after the effective date of the termination (or within such longer period as at any time may be mutually agreed upon), the Government binds itself to reimburse you for the costs incurred by you in the performance of this commitment and for any amounts paid by you or for your account in settling with the approval of the Contracting Officer your obligations for commitments made in the performance of this agreement. In lieu of reimbursing you for expenditures made by you in settling any of your obligations for commitments, the Government, in the discretion of the Contracting Officer, may assume such obligations or any of them.

(e) The Government may permit you to sell or retain at prices or on terms agreed to by the Government any materials, and the proceeds of any such sale, or such agreed amounts, shall be paid or credited to the Government in such manner as the Contracting Officer may direct.

(f) Upon payment or reimbursement to you pursuant to paragraph 4 (c) or 4 (d) of this commitment, title to all materials for which you are so paid or reimbursed (except such property as may be sold or retained by you as above provided) will vest in the Government. The Government will also become entitled to any rights under any commitment which it may assume, or for the settlement of which it shall have reimbursed you.

(g) Any dispute which arises under this paragraph 4 regarding a matter of fact will be treated and resolved as a dispute under the "Disputes" article incorporated in this commitment by reference.

(h) Partial payments on account of any amount admittedly due to you pursuant to this paragraph 4 may be made by the Government at any time in the discretion of the Contracting Officer.

5. The sums to be expended by the Government hereunder are chargeable to the following allotments, the available balances of which are sufficient to cover the same:
---

6. Your acceptance of this commitment will be indicated by affixing your signature on this letter and two copies thereof and mailing or delivering the executed original and one executed copy to the Contracting Officer not later than ----------, 19----. Such acceptance will constitute this commitment a contract on the terms set forth herein.

7. This instrument is authorized by and has been negotiated under the First War Powers Act, 1941, and Executive Order No. 9001.

PART 814—REQUISITIONING OF PERSONAL PROPERTY

SUBPART A—GENERAL

Sec.
814.1401 Authority to requisition.
814.1402 All requisitioning by or on behalf of the Army to be in accordance with this part.
814.1403 Policy in respect of requisitioning property.
814.1404 Definitions.

SUBPART B—ACQUISITION OF PROPERTY BY REQUISITION

814.1405 Statutory authority to requisition property.
814.1406 Initiation of requisition proceedings.
814.1407 Clearance of the proposal and issue of the Requisition.
814.1408 Method of serving the Requisition and duties of the Serving Officer in connection therewith.
814.1409 Further service of Notices of Requisition.

SUBPART C—DETERMINATION AND PAYMENT OF FAIR AND JUST COMPENSATION

814.1410 Statutory obligation to pay fair and just compensation.
814.1411 Determination of person or persons entitled to receive fair and just compensation.
814.1412 Preliminary determination of fair and just compensation.
814.1413 Final determination of fair and just compensation.
814.1414 Payment of fair and just compensation.

SUBPART D—RETURN OF REQUISITIONED PROPERTY AND DISPOSITION OF PROCEEDS OF REQUISITIONED PROPERTY

Sec.
814.1415 Return of requisitioned property to former owner under certain conditions.
814.1416 Disposition of proceeds from property requisitioned and sold or disposed of under 1940 act.
814.1417 Form of proposal and statement under the 1940 act.
814.1418 Form of proposal and statement under the 1941 act.
814.1419 Form of Requisition under the 1940 act.
814.1420 Form of Requisition under the 1941 act.
814.1421 Form of the Receipt and the Return on Reverse of the Requisition.

Sec.
814.1422 Form of Notice of Requisition.
814.1423 Form of Report of Serving Officer.
814.1424 Form of Notice to Present Claims.
814.1425 Instructions for the preparation and submission of documents.
814.1426 Form of Proof of Claim.
814.1427 Forms of verification.
814.1428 Form of Disclaimer.
814.1429 Form of Notice of Preliminary Determination of Fair and Just Compensation.
814.1430 Form of Certificate of Ownership and Fair and Just Compensation.
814.1431 Form of Stipulation and Release.
814.1432 Form of Submission to War Department Board of Contract Appeals.

SUBPART H—MANDATORY ORDERS TO PRODUCE

Sec.
814.1450 Authority to place mandatory orders.
814.1451 Definitions.
814.1452 Policy.
814.1453 Placing of mandatory orders.
814.1454 Provisions of mandatory orders.
814.1455 Financing of the producer.
814.1456 Service of mandatory orders.
814.1457 Determination of reasonable price.
814.1458 Execution of voluntary agreements.
814.1459 Non-compliance with mandatory orders.
814.1460 Forms.

SUPPORT A—GENERAL

§ 814.1401 *Authority to requisition.* Authority to requisition personal property is conferred under (1) the Act of October 10, 1940 (54 Stat. 1090), as amended by the Act of July 2, 1942 (56 Stat. 467), (2) the Act of October 16, 1941 (55 Stat. 742), as amended by the Act of March 27, 1942 (56 Stat. 181) and by the Act of June 30, 1943 (Pub. Law 104—78th Congress), and (3) Executive Orders Nos. 8942 (6 F. R. 5909), 9024 (7 F. R. 329), 9040 (7 F. R. 527), 9138 (7 F. R. 2919), 9280 (7 F. R. 10179), 9294 (8 F. R. 221), 9322 (8 F. R. 3807) and 9334 (8 F. R. 5423). By such Executive orders the President delegated to various persons, including the Secretary of War, the power to initiate requisitions under the act. The Secretary of War, by order dated December 11, 1941, assigned to the Under Secretary of War the functions, powers and duties so delegated to him. As a result of such delegation and assignment, the Under Secretary of War makes final determination as to the existence of statutory authority to requisition property desired to be requisitioned by the War Department and, if the proposal to requisition and the proposed disposal of the property is approved by the Army and Navy Munitions Board and in proper cases, by the Chairman of the War Production Board, the War Food Administrator of the Office of Defense Transportation, issues the Requisition. He also makes final administrative determination as to the amount of compensation to be paid for property requisitioned by the War Department.

§ 814.1402 *All requisitioning by or on behalf of the Army to be in accordance with this part.* All property to be requisitioned by or on behalf of the Army under the authorities referred to in § 814.1401 will be requisitioned as provided in this part, unless authority to requisition the property otherwise has been specifically granted. However, the procedure prescribed by this part relates only to requisitioning under such authorities and does not apply to, or prescribe procedure for, any other methods of requisitioning or commandeering which may be available to officers in theaters of operations.

§ 814.1403 *Policy in respect of requisitioning property.* Requisitioning will not be used as a substitute for purchasing. However, if purchasing is not feasible, because there is doubt as to the ownership of the property, or the owner refuses to sell or refuses to sell at a reasonable price, or for any other reason, requisitioning will be resorted to in those cases permitted by the authorities referred to in § 814.1401. Such authorities and this part provide an expeditious method of obtaining the property and, to promote such end, each step in the procedure outlined herein will be expedited.

§ 814.1404 *Definitions.* As used in this part:

(a) "Property" means personal property, and includes all items of property which have been, or may be, requisitioned under the authorities referred to in § 814.1401.

(b) "Chief Requisition Officer" means any person designated by the chief of a technical service to act on his behalf with respect to all requisitions initiated by such technical service. The chief of each technical service promptly will, if he has not already done so, designate one or more Chief Requisition Officers, and advise the Legal Branch, Director of Matériel, of such designation. Any change in such designation will also similarly be reported promptly.

(c) "Initiating Requisition Officer" means the contracting officer (as defined in Part 803) or other person who would have purchased the property had it been possible to obtain the property by purchase, or such other person as a Chief Requisition Officer may designate or approve as the person to perform the functions herein provided to be performed by the Initiating Requisition Officer.

(d) "Serving Officer" means any officer, agent or employee of the United States designated in the Statement accompanying a Proposal to requisition as the person or persons to make personal service of the Requisition.

(e) "Initial Compensation Officer" means the person designated by a Chief Requisition Officer preliminarily to determine fair and just compensation for property requisitioned, which person may be the Initiating Requisition Officer or any other person who, because of his familiarity with the value of the property or his being stationed at or near the residence or whereabouts of the persons entitled to receive such compensation, or otherwise, is deemed to be an appropriate person initially and preliminarily to determine fair and just compensation.

"Legal Branch, Director of Matériel" means the Legal Branch, Director of Matériel, Headquarters, Army Service Forces, Washington, D. C.

SUBPART B—ACQUISITION OF PROPERTY BY REQUISITION

§ 814.1405 *Statutory authority to requisition property.* (a) The act of October 10, 1940, as amended, authorizes the taking of property by requisition when it is determined that:

(1) The property is military or naval equipment or munitions, or component parts thereof, or machinery, tools, or materials, or supplies necessary for the manufacture, servicing, or operation thereof;

(2) The property was ordered, manufactured, procured, or possessed for export purposes, and that the exportation thereof has been prohibited or curtailed in accordance with the provisions of section 6 of the act of July 2, 1940 (54 Stat. 714) as amended (56 Stat. 463, 50 U. S. C. App. 701), or any other law; and

(3) It is necessary in the interest of national defense or prosecution of the war to requisition and take over the property for use or operation by the United States or in its interest.

(b) The act of October 16, 1941, as amended, authorizes the taking of property, other than fire arms possessed by an individual for his personal protection or sport, possession of which is not prohibited by existing law, by requisition, if the taking will not impair or infringe in any manner the right of any individual to keep and bear arms, when it is determined that:

(1) The property is military or naval equipment, supplies, or munitions, or component parts thereof, or machinery, tools, or materials necessary for the manufacture, servicing, or operation of such equipment, supplies, or munitions;

(2) The use of the property is needed for the defense of the United States;

(3) Such need is immediate and impending and such as will not admit of delay or resort to any other source of supply; and

(4) All other means of obtaining the use of the property for the defense of the United States upon fair and reasonable terms have been exhausted.

§ 814.1406 *Initiation of requisition proceedings*—(a) *Preparation of proposal and statement by Initiating Requisition Officer.* Having satisfied himself as to the existence of statutory authority to requisition the property, the Initiating Requisition Officer will prepare and execute a Proposal and Statement in the appropriate one of the forms set forth in §§ 814.1417 and 814.1418; the form set forth in § 814.1417 being used if the property is to be requisitioned under the 1940 act and the form set forth in § 814.1418 being used if the property is to be requisitioned under the 1941 act. Copies of such forms of Proposals and Statement may be obtained from the Chief Requisition Officer or from the Legal Branch, Director of Matériel but, to expedite the proceedings, the Initiating Requisition Officer may type or otherwise appropriately reproduce such forms. The following will be observed in the preparation of Proposals and Statements regardless of which form is used, to the extent practicable under the particular circumstances of each case:

(1) The property proposed to be requisitioned will be described accurately, and, in the fullest detail possible as to size, shape, quantity, quality, finish, etc., in order that a complete, correct and precise description of the property may be set forth in the Requisition.

(2) The names and addresses of the owner or owners of the property, of all persons who may claim an interest in the property or a right to share in the compensation to be paid (such as common carriers, warehousemen, forwarders and others having possessory liens, and collectors of customs, mortgagees, conditional sale vendors and the like), together with a statement of their respective interests or possible interests will be included appropriately in the Proposal, and the nature and extent of the inquiry made to ascertain such persons and their interests or possible interests, which will be as thorough as may be practicable consistent with the speed of action required, will be set forth in the Statement.

(3) The allotment, appropriation or fund specified in the Statement will be charged with an amount clearly sufficient to represent full, fair and just compensation for the property.

(4) The persons designated as available to serve the Requisition if it issues will be persons who will be available to, and will, personally serve the Requisition as provided in § 814.1408. Two or more persons should be designated in each case to assure that at least one of them will be available to serve the Requisition when it issues.

(5) Directions for disposition of the property will be as full and explicit as necessary to permit the Serving Officer to make the desired disposition of the property immediately upon service of the Requisition.

(6) The facts indicating statutory authority to requisition the property will be set forth in detail sufficient to permit an independent determination of the existence of statutory authority to be made by higher authority. The Proposal and Statement in this and other respects may incorporate by reference statements contained elsewhere in them or in written memoranda or correpondence annexed to the Statement as exhibits.

(b) *Transmittal of Proposal and Statement.* The original and one copy of the Proposal and Statement will be forwarded by the Initiating Requisition Officer to the chief of his technical service, addressed to the attention of the Chief Requisition Officer, and seven copies thereof will be forwarded to the Legal Branch, Director of Matériel.

(c) *Approval of Proposal and Statement by Chief Requisition Officer; Preparation of Requisition, Notices of Requisition and Instructions to Serving Officer.* The Chief Requisition Officer will, if the proposed requisitioning is approved by him on behalf of his technical service and if he concurs in the statements and certifications made by the Initiating Requisition Officer in the Proposal and Statement, designate the Initial Compensation Officer, endorse his approval on the original of the Proposal and forward it in the most prompt method available to the Legal Branch, Director of Matériel. He will also prepare (1) six copies of a proposed Requisition for signature, (2) Notices of Requisition in the form of that set forth in § 814.1422, in as many copies as will be required by the Serving Officer for service, plus four additional, and (3) such instructions to the Serving Officer, as to the person or persons upon whom the Requisition and such Notices of Requisition should be served, as to any investigation and inquiry to be made by the Serving Officer to ascertain other persons who may have, or assert, any interest in the property, or otherwise, as may be appropriate in the particular case and, unless the Chief Requisition Officer has been advised otherwise, will forward the same to the Legal Branch, Director of Matériel, in such manner as to be received by it within twenty-four hours after it shall have received the original of the Proposal and Statement. If negotiable documents of title relating to the property are outstanding and the whereabouts thereof is known such documents should be included in the Requisition as a part of the property to be requisitioned.

§ 814.1407 *Clearance of the Proposal and issue of the Requisition.* The Legal Branch, Director of Matériel, will endeavor to obtain all necessary clearances to, and approvals of, the Proposal. If the requisition issues, it and such notices of requisition will be forwarded to the Serving Officer named in the statement of service. A copy of the proposal and statement and of such instructions of the Chief Requisition Officer will also be forwarded to the Serving Officer for his information. If the Requisition is so forwarded by the Legal Branch, Director of Matériel, the Chief Requisition Officer will be advised promptly of the forwarding thereof and a copy of the Proposal and statement, conformed to show such approvals, will be transmitted to him.

§ 814.1408 *Method of serving the Requisition and duties of the Serving Officer in connection therewith*—(a) *Method of serving Requisition; transmittal of documents of title.* The Serving Officer will personally serve the Requisition upon the possessor or custodian of the property by exhibiting to (but not leaving with) such possessor or custodian the original manually signed Requisition and by leaving with such possessor or custodian (1) a copy of the Requisition, with the Receipt on the reverse thereof duly completed and executed, and (2) a notice of requisition, in the form of that set forth in § 814.1422, appropriately completed. Upon service of the Requisition the Serving Officer will complete and execute the Return of Service appearing on the reverse of the original manually signed copy and will take possession of the property on behalf of the United States and dispose of it as directed in the Statement. Negotiable documents of title requisitioned will be forwarded to the Initial Compensation Officer designated in the proposal.

(b) *Method of serving Notices of Requisition.* The Serving Officer will also promptly serve an appropriately completed Notice of Requisition upon each of the other persons designated in such instructions of the Chief Requisition Officer. Such Notices of Requisition similarly will be personally served if feasible; otherwise, service thereof will be made by registered letter mail, return receipt requested, addressed to the last known address of the person being served.

(c) *Ascertainment by Serving Officer of other possible claimants to compensation; transmittal of Return of Service and of Report of Serving Officer.* The Serving Officer will promptly make such further investigation and inquiry as to additional persons, who may have, or assert, an interest in the property or a right to be compensated by reason of its taking as shall have been directed by the Chief Requisition Officer in such instructions or as appears appropriate in the particular case and will forward to the Chief Requisition Officer who signed the Proposal (1) the original manually signed Requisition, with the receipt and return on the reverse thereof duly completed, and (2) a Report of Serving Officer in the form of that set forth in § 814.1423, with exhibits. Simultaneously the Serving Officer will forward conformed copies of such documents to (i) the Legal Branch, Director of Matériel, and (ii) the Initial Compensation Officer.

§ 814.1409 *Further service of Notices of Requisition.* The Chief Requisitioning Officer promptly will make, or cause to be made by the Serving Officer, the Iniating Requisition Officer, the Initial Compensation Officer or others such further investigation to determine the persons entitled to receive the fair and just compensation to be paid for the property as may be required in the particular case and promptly will serve, or cause to be served, Notices of Requisition upon all such persons not theretofore served. Service thereof will be made as provided in § 1408 (b) and record of the service thereof will be kept by the Chief Requisition Officer. The Initial Compensation Officer and the Legal Branch, Director of Matériel, will be advised by the Chief Requisition Officer of any additional Notices of Requisition so served by him or on his behalf.

SUBPART C—DETERMINATION AND PAYMENT OF FAIR AND JUST COMPENSATION

§ 814.1410 *Statutory obligation to pay fair and just compensation.* The act of October 10, 1940, as amended, provides that fair and just compensation shall be paid to the owner of the property; and the act of October 16, 1941, as amended, provides that fair and just compensation determined in accordance with the provisions for just compensation of the fifth amendment of the Constitution of the United States shall be paid to the person entitled to receive such compensation. If either such "owner" or such "person entitled to receive" compensation is unwilling to accept the amount so determined, the acts direct that he shall be paid 50% of such amount and shall be entitled to sue the United States for such additional sum as, when added to the sum so paid to him, he considers to be fair and just compensation for the property; the 1940 act providing however that judicial recovery "shall be confined to the fair market value" of the property "without any allowance for prospective profits, punitive or other damages."

§ 814.1411 *Determination of person or persons entitled to receive fair and just compensation.* Determination of the person or persons entitled to receive the

fair and just compensation to be paid for the property will be made by the Chief Requisition Officer or, if there are conflicting claims of ownership which the Chief Requisition Officer is unable to resolve, by the War Department Board of Contract Appeals. Persons claiming the right to such compensation will be required to furnish such evidence of their right thereto as may be required to permit compensation safely to be paid to them and as may be appropriate in the particular case. The Chief Requisition Officer will consider persons owning, or having a lien or other property interest in, the property at the time of taking to be an "owner" or a "person entitled to receive" compensation as such terms are used in the acts. In cases where there were possessory or recorded liens against, or other ownership interest in, the property outstanding at the time of its taking, especially if the validity thereof depend upon the beneficial owner having acquiesced in their creation, the beneficial owner will be asked to agree to the validity of such liens or interest and to the portion, if any, of the fair and just compensation properly payable to the holders thereof.

§ 814.1412 *Preliminary determination of fair and just compensation*—(a) *Preliminary determination of compensation by Initial Compensation Officer.* Promptly after the requisitioning of the property and after consultation, to the extent feasible, with all persons entitled to receive such compensation (the place or places of such consultation to be determined with due regard to the residence or whereabouts of such persons) the Initial Compensation Officer will preliminarily determine the fair and just compensation to be paid for the property.

(b) *Basis for such determination by Initial Compensation Officer.* Such preliminary determination will be in an amount determined to be the fair market value of the property (i. e., of the actual articles or materials taken) as of the time and place of taking but not in excess of the applicable ceiling or fixed price, if any, established by the Office of Price Administration, or value otherwise established by law, and in effect at the time of the taking.

(c) *Report of Initial Compensation Officer.* The Initial Compensation Officer promptly will transmit to the Chief Requisition Officer (1) his report stating the amount so preliminarily determined by him to be fair and just compensation for the property; that such amount represents the fair market value of the property at the time and place of the taking of the property; and that it is within such ceiling or fixed price and (2) the copy of the Requisition, and the copy of the Report of the Serving Officer transmitted to him by the Serving Officer. If such report is not so transmitted within thirty (30) days after the taking of the property, the Initial Compensation Officer will also state therein the reasons why he was unable to transmit it within such thirty-day period.

(d) *Procedure to be followed if amount so determined is acceptable to persons entitled to compensation.* If the amount of fair and just compensation so determined by the Initial Compensation Officer is acceptable to the person or persons entitled to receive compensation on account of the taking of the property, the Initial Compensation Officer will request each of such persons to execute and acknowledge, in triplicate, a Stipulation and Release, in the form of that set forth in § 814.1431, modified as may be appropriate, and will transmit such copies thereof with the report required by (c). If the Chief Requisition Officer approves, on behalf of his technical service, of the amount so preliminarily determined to be fair and just compensation for the property, is satisfied that such Stipulation and Releases are appropriate under the circumstances and duly executed, and that the persons executing them are the persons, and the only persons, entitled to receive fair and just compensation for the property, he will transmit to the Legal Branch, Director of Matériel, one original of each such Stipulation and Release and a duly executed Certificate of Ownership and Fair and Just Compensation, in the form of that set forth in § 814.1430, modified as may be appropriate.

(e) *Conditions under which Notice to Present Claims and other documents will be served and method of service.* If the amount of fair and just compensation so preliminarily determined by the Initial Compensation Officer is not acceptable to the person or persons entitled to receive compensation on account of the taking of the property, or if there is uncertainty as to the person or persons entitled to receive such compensation, the Chief Requisition Officer will, to the extent practicable, serve, or cause to be served, upon each of the persons upon whom a Notice of Requisition was served, a Notice to Present Claims, with instructions, a form of Proof of Claim, with an appropriate form of verification, and a form of Disclaimer, in the respective forms of those set forth in §§ 814.1424 to 814.1428, inclusive. Such documents will be served either personally or by registered mail, return receipt requested, addressed to the last known address of the person being served, and a record of the time and method of such service will be preserved in the files of the Chief Requisition Officer. The Chief Requisition Officer will transmit to the Legal Branch, Director of Matériel, an original of each such Proof of Claim and Disclaimer received by him.

(f) *Determination of compensation by Chief Requisition Officer and service of Notice of Preliminary Determination.* Promptly after the expiration of the thirty-day period, or such extension thereof as he may grant, for filing Proofs of Claims, the Chief Requisition Officer will make or cause to be made on behalf of his technical service determination of fair and just compensation for the property and will, to the extent practicable, give notice of such determination to all persons known or believed to be entitled to share in such compensation; such notice to be incorporated in a Notice of Preliminary Determination in the form of that set forth in § 814.1429 and to be given by personal service or by registered mail, return receipt requested, addressed to the last known addresses of such persons. Simultaneously therewith a copy of such Notice of Preliminary Determination will be forwarded to the Legal Branch, Director of Matériel. In making such determination the amount preliminarily determined by the Initial Compensation Officer, the objections made thereto by the claimants, evidence of fair and just compensation supplied by the claimants and all other pertinent factors will be given appropriate consideration.

(g) *Consideration of objections of claimants to amount of compensation so determined; reaffirmation or revision of determination; subsequent procedure if amount is acceptable to claimants.* Any person having an interest in the property may, within thirty (30) days after service of such Notice of Preliminary Determination, or such additional period of time as the Chief Requisition Officer shall permit, file written objections thereto with the Chief Requisition Officer specifying in reasonable detail the grounds of his objections. After full consideration of such objections, if any, and such consultation or communication with the objecting and other claimants and with members of his technical service in respect of them as may be appropriate, the Chief Requisition Officer will either affirm his previous determination or make a new determination of fair and just compensation for the property and will request the person or persons entitled to receive such compensation to execute and acknowledge, in triplicate, a Stipulation and Release in the form of that set forth in § 814.1431, modified as may be appropriate. If such Stipulation and Releases are so executed, the Chief Requisition Officer will transmit to the Legal Branch, Director of Materiel, one original of each thereof and a duly executed Certificate of Ownership and Fair and Just Compensation in the form of that set forth in § 814.1430, modified as may be appropriate.

(h) *Submission to Board of Contract Appeals.* If the amount of fair and just compensation so determined is not acceptable to the person or persons entitled to receive compensation on account of the taking of the property or if there are conflicting claims of ownership which the Chief Requisition Officer is unable to resolve, he will, if the Legal Branch, Director of Materiel, advises that the Under Secretary of War desires the recommendation of the War Department Board of Contract Appeals, submit the matter to the Board as provided in § 814.1432. Copy of the submission to the Board will be forwarded to the Legal Branch, Director of Materiel.

(i) *Proceedings before Board of Contract Appeals.* All claimants will be entitled to a hearing before the Board in accordance with the rules of procedure prescribed by the Board and a stenographic transcript of the hearings before the Board and copies of all written evidence will be preserved.

(j) *Determination by Board of Contract Appeals.* After hearing, the Board will make recommendation as to the amount of fair and just compensation to be paid for the property or, if requested so to do and such is possible, determination as to the person or persons entitled to receive such compensation and will simultaneously forward copies of its decision in the matter to the Chief Requisition Officer and to the Legal Branch, Director of Matériel. In the event the Board is unable to determine the person or persons entitled to receive the fair and just compensation to be paid for the property it will make its recommendation as to what further disposition should be made of the matter.

(k) *Procedure after hearing by Board of Contract Appeals.* If the person or persons entitled to receive fair and just compensation for the property has or have been determined, the Chief Requisition Officer will request such person or persons to accept the amount so determined as fair and just compensation for the proerty and to execute and acknowledge, in triplicate, a Stipulation and Release in the form of that set forth in § 814.1431, and if such Stipulation and Releases are executed, will transmit to the Legal Branch, Director of Matériel, one original of each thereof and a duly executed Certificate of Ownership and Fair and Just Compensation, in the form of that set forth in § 814.1430, modified as may be appropriate. If the person or persons entitled to receive the fair and just compensation for the property has or have not been determined or if such person or persons has or have been determined but refuse to execute such Stipulation and Releases, the Chief Requisition Officer will transmit to the Legal Branch, Director of Matériel, such a duly executed Certificate of Ownership and Fair and Just Compensation, modified as may be appropriate.

§ 814.1413 *Final determination of fair and just compensation.* Fair and just compensation for the property will be finally determined by the Under Secretary of War and, when so determined, the original and a duplicate original of the Award thereof will be transmitted to the Chief Requisition Officer for forwarding to the disbursing officer for payment in those cases in which the persons entitled to receive the compensation have been determined. Should it be impossible to determine the person or persons entitled to receive such compensation, the proper appropriation or fund will be charged with the amount of the Award and the Chief Requisition Officer will be advised as to the further disposition to be made of the matter.

§ 814.1414 *Payment of fair and just compensation.* The disbursing officer to whom an Award has been transmitted will make payment as provided in the Award except that if the person or persons entitled to receive the compensation shall refuse to accept the amount so awarded as full and complete compensation for the property taken, or for his interest therein, the disbursing officer shall pay to him but 50% of the amount so awarded to him. Coincident with any such payment the disbursing officer will have the payee execute, in triplicate, an Acknowledgment of Receipt of such payment or a Stipulation, Release and Receipt, as shall be appropriate, in the form of that forwarded to him with such Award. Two executed copies of such Acknowledgement of Receipt or of such Stipulation, Release and Receipt will be returned by the disbursing officer to the Chief Requisition Officer, who will forward one executed copy to the Legal Branch, Director of Matériel.

SUBPART D—RETURN OF REQUISITIONED PROPERTY AND DISPOSITION OF PROCEEDS OF REQUISITIONED PROPERTY

§ 814.1415 *Return of requisitioned property to former owner under certain conditions.* The act of October 16, 1941, as amended, provides that whenever it is determined that property requisitioned under that act and retained is no longer needed for the defense of the United States it shall, if the original owner desires the property and pays the fair value thereof, be returned to such owner and that, in any event, property so acquired and retained shall, if such owner desires the property and pays the fair value thereof, be returned to him not later than December 31, 1944. Should a technical service determine that property requisitioned by it and retained is no longer needed for the defense of the United States it shall advise the Legal Branch, Director of Matériel, which will prescribe the procedure to be followed in effecting its return.

§ 814.1416 *Disposition of proceeds from property requisitioned and sold or disposed of under 1940 act.* The act of October 10, 1940, as amended, provides that any moneys received by the United States as the proceeds of any sale or other disposition of property requisitioned thereunder or any portion thereof shall be deposited to the credit of the appropriation out of which was paid the cost to the Government of the property thus sold or disposed of, and the same shall immediately become available for the purpose named in the original appropriation.

§ 814.1417 *Form of Proposal and Statement Under the 1940 act.*

PROPOSAL

For Requisitioning and Disposal of Property under the Act of October 10, 1940, As Amended

1. Description of the property: (In as great detail as possible, specifying quantity, quality, shapes, sizes, etc. The specifications may be set forth in an attached statement.)

2. Present location of the property:

Name of Holder	*Address*

3. Beneficial owner of the property (if known):

Name	*Address*

4. All other persons known to or who may have an interest in the property or who may claim a right to share in the award of compensation:

Name	*Address*	*Nature of Interest or Claim*

5. Use or intended use or disposition of the property by present owner:

6. Person or persons to whom it is proposed to sell or otherwise dispose of the property upon its being requisitioned:

7. Use to be made of the property by persons described in 6:

8. The property was ordered, manufactured, procured or possessed for export and intended for shipment to the country stated below (state the prohibition or curtailment of export):

9. The undersigned hereby declares and certifies that all of the facts set forth above and in the annexed Statement are true to the best of his knowledge and belief and that, upon the basis thereof, he believes that:

(a) such property is of the type which may be requisitioned under the Act of October 10, 1940, as amended;

(b) it is necessary in the interest of national defense to requisition and take over such property for the use or operation by the United States or in its interest; and

(c) it is in the public interest that such property be sold or disposed of as above provided.

_____
_____

§ 814.1425 *Intructions for the preparation and submission of documents.*

1. Each Proof of Claim and Disclaimer will be filed in triplicate as directed in the annexed Notice to Present Claims.

2. Such documents and all other papers filed will be typewritten on one side of the page only with a margin of 1½" at the top and on the left side of the page.

3. A good quality of white paper stock 8" x 10½" shall be used.

4. Each page will be numbered at the bottom.

5. Each document having more than one page will be secured with a fastener at the top of the page.

6. Proofs of Claim will be in the form prescribed, will contain all the averments indicated in the prescribed form and will be executed and verified as therein prescribed. Disclaimers will be in the prescribed forms and will be duly executed and acknowledged.

7. Claimant will attach to his Proof of Claim such evidence of the title or interest in the requisitioned property which claimant claimed at the time of taking, such as bills of sales, warehouse receipts, trust receipts, etc., or otherwise; such evidence of his payment for the property; and such evidence as to the propriety of the amount of his claim, such as invoices, etc., as shall be appropriate in the particular case. Documents so attached should be originals or photostat copies.

8. If Claimant is a corporation or an association, there will be annexed to the Proof of Claim certified copy of a duly adopted resolution of its Board of Directors or Trustees authorizing the filing of the Proof of Claim. If Claimant is a foreign Government, or an individual desiring to act through an attorney-in-fact, a form of power of attorney which will be acceptable will be supplied on request.

§ 814.1426 *Form of proof of claim.*

In the matter of: (Here insert the name of the person, firm or corporation on whose behalf this proof of claim is being filed)	War Department Requisition No. _____

PROOF OF CLAIM

(Here insert full name and address of claimant and, if a corporation, its principal place of business and state of incorporation) hereby files proof of claim with the United States and avers:

1. That claimant is entitled to fair and just compensation in the amount of $_____ on account of the taking by the United

been exhausted;

States, on the _____ day of _____, 194____, under War Department Requisition No. _____, of the following personal property:

_____

_____

(If the description or quantity of the property claimed to have been taken differs from the description and quantity as stated in the Requisition, set forth the differences in a concise and clear manner.)

2. That claimant had, on the date of such taking, the following right, title and interest in and to such property:

(State fully claimant's interest in the property at the time of taking; i. e., whether he was the sole owner or claimed some other interest in the property; how and when such interest was acquired; etc.; also referring to documents evidencing claimant's title, annexing original or photostat copies thereof).

3. That no other persons had any right, title or interest in the property at the time of such taking thereof by the United States except:

_____

(If no exceptions so state; otherwise state names and addresses of all other persons having an interest in the property, describing the nature of their respective interests.)

4. That the amount claimed above as fair and just compensation for the interest in the property which claimant avers above was arrived at as follows:

_____

_____

5. That claimant is the present owner of this claim and that neither this claim nor any interest in it has been transferred, sold, pledged or assigned; and, that if such claim or any part thereof is otherwise paid or satisfied, claimant will give prompt notice thereof.

6. _____ is hereby authorized to represent and act for claimant in this proceeding in all respects, including authority to agree as to the amount representing fair and just compensation for the property.

7. Wherefore, claimant requests that fair and just compensation be determined in accordance with the applicable laws, Executive Orders, regulations and rules.

(b) The person or persons entitled to receive the fair and just compensation to be paid for the property taken for the defense of the United States under War Department Requisition No. _____

1. The following is a complete and accurate description of the property taken under the Requisition:
2. The property was taken on _____ and, at the time of taking, was located at _____ in the possession or custody of_____;
3. Fair and just compensation for the property was preliminarily determined by the Initial Compensation Officer to be $_____ and by the Chief Requisition Officer to be $_____. The preliminary determination of the Chief Requisition Officer was subsequently revised to $_____ and was preliminarily determined to be payable to the following persons in the following amounts:
4. The following claimants have made the following objections to the amount so preliminarily determined to be payable to them:

and the Chief Requisition Officer is of the following opinion with respect to such objections:

5. There was/was not in effect at the time of the taking of such property the following ceiling/fixed price, established by _____, which ceiling/fixed price was applicable to sales of such property:
6. The undersigned is in doubt as to the persons entitled to receive the fair and just compensation to be paid for the property for the following reasons:
7. The following original documents are submitted herewith:

(1) Requisition, with Receipt and Return endorsed on the reverse thereof.

(2) Notice of Requisition which was served upon:

(3) Report of Serving Officer.

(4) Notice to File Claims.

(5) Report of the Initial Compensation Officer.

(6) Proofs of Claim filed by:

(7) Disclaimers filed by:

(8) Notice of preliminary determination of fair and just compensation which was served on:

(9) Written objections to such preliminary determination filed by:

8. Correspondence from the Board in respect of this matter should be addressed to:
9. The Board's decision in the matter should be delivered to _____ and to the Legal Branch, Director of Materiel, Headquarters, Army Service Forces.

SUBPART H—MANDATORY ORDERS

§ 814.1450 *Authority to place mandatory orders*—(a) *Basic statute.* Section 9 of the Selective Training and Service Act of 1940 (54 Stat. 892; 50 U. S. C. A. 309) provides:

The President is empowered, through the head of the War Department or the Navy Department of the Government, in addition to the present authorized methods of purchase or procurement, to place an order with any individual, firm, association, company, corporation, or organized manufacturing industry for such product or material as may be required, and which is of the nature and kind usually produced or capable of being produced by such individual, firm, company, association, corporation, or organized manufacturing industry.

Compliance with all such orders for products or material shall be obligatory on any individual, firm, association, company, corporation, or organized manufacturing industry or the responsible head or heads thereof and shall take precedence over all other orders and contracts theretofore placed with such individual, firm, company, association, corporation, or organized manufacturing industry, and any individual, firm, association, company, corporation, or organized manufacturing industry or the responsible head or heads thereof owning or operating any plant equipped for the manufacture of arms or ammunition or parts of ammunition, or any necessary supplies or equipment for the Army or Navy, and any individual, firm, association, company, corporation, or organized manufacturing industry or the responsible head or heads thereof owning or operating any manufacturing plant, which, in the opinion of the Secretary of War or the Secretary of the Navy shall be capable of being readily transformed into a plant for the manufacture of arms or ammunition, or parts thereof, or other necessary supplies or equipment, who shall refuse to give to the United States such preference in the matter of the execution of orders, or who shall refuse to manufacture the kind, quantity, or quality of arms or ammunition, or the parts thereof, or any necessary supplies or equipment, as ordered by the Secretary of War or the Secretary of the Navy, or who shall refuse to furnish such arms, ammunition, or parts of ammunition, or other supplies or equipment, at a reasonable price as determined by the Secretary of War or the Secretary of the Navy, as the case

may be, then, and in either such case, the President, through the head of the War or Navy Departments of the Government, in addition to the present authorized methods of purchase or procurement, is hereby authorized to take immediate possession of any such plant or plants, and through the appropriate branch, bureau, or department of the Army or Navy to manufacture therein such product or material as may be required, and any individual, firm, company, association, or corporation, or organized manufacturing industry, or the responsible head or heads thereof, failing to comply with the provisions of this section shall be deemed guilty of a felony, and upon conviction shall be punished by imprisonment for not more than three years and a fine not exceeding $50,000.

The compensation to be paid to any individual, firm, company, association, corporation, or organized manufacturing industry for its products or material, or as rental for use of any manufacturing plant while used by the United States, shall be fair and just: *Provided*, That nothing herein shall be deemed to render inapplicable existing State or Federal laws concerning the health, safety, security, and employment standards of the employees in such plant.

The power of the President under the foregoing provisions of this section to take immediate possession of any plant upon a failure to comply with any such provisions, and the authority granted by this section for the use and operation by the United States or in its interests of any plant of which possession is so taken, shall also apply as hereinafter provided to any plant, mine, or facility equipped for the manufacture, production, or mining of any articles or materials which may be required for the war effort or which may be useful in connection therewith. Such power and authority may be exercised by the President through such department or agency of the Government as he may designate, and may be exercised with respect to any such plant, mine, or facility whenever the President finds, after investigation, and proclaims that there is an interruption of the operation of such plant, mine, or facility as a result of a strike or other labor disturbance, that the war effort will be unduly impeded or delayed by such interruption, and that the exercise of such power and authority is necessary to insure the operation of such plant, mine, or facility in the interest of the war effort: *Provided*, That whenever any such plant, mine, or facility has been or is hereafter so taken by reason of a strike, lock-out, threatened strike, threatened lock-out, work stoppage, or other cause, such plant, mine or facility shall be returned to the owners thereof as soon as practicable, but in no event more than sixty days after the restoration of the productive efficiency thereof prevailing prior to the taking of possession thereof: *Provided further*, That possession of any plant, mine, or facility shall not be taken under authority of this section after the termination of hostilities in the present war, as proclaimed by the President, or after the termination of the War Labor Disputes Act; and the authority to operate any such plant, mine, or facility under the provisions of this section shall terminate at the end of six months after the termination of such hostilities as so proclaimed.

(b) *Delegation of statutory authority.* (1) By Executive Orders Nos. 8629 (6 F.R. 191), 9024 (7 F.R. 329), 9040 (7 F.R. 527), and 9125 (7 F.R. 2719) the Chairman of the War Production Board was authorized to perform the functions and exercise the authority vested in the President by section 9. By Executive Orders Nos. 9280 (7 F.R. 10179) and 9334 (8 F.R. 5423), the War Food Administrator was authorized to perform such functions and to exercise such authority with respect to food for human and animal consumption.

(2) The Secretary of War has assigned his powers, functions and duties under section 9 to the Under Secretary of War.

(3) The Chairman of the War Production Board has directed and empowered the Under Secretary of War to place orders pursuant to section 9 for such products or material, other than food intended for human or animal consumption, as the War Department may require; and the War Food Administrator has directed and empowered the Under Secretary of War to place orders pursuant to section 9 for food subsistence items.

(4) Under date of 22 May 1944, the Under Secretary issued the following memorandum.

Memorandum for The Commanding General, Army Service Forces.

Brigadier General Albert J. Browning, Special Representative of the Under Secretary of War.

Subject: Authority to place orders pursuant to Section 9 of the Selective Training and Service Act of 1940.

1. The Secretary of War has assigned to me the authority and discretion conferred upon him by Section 9 of the Selective Training and Service Act of 1940.

2. Under date of 7 February 1944 the Chairman of the War Production Board addressed to me the following letter:

"Under and by virtue of authority vested in me by Executive Order No. 9024, dated January 16, 1942, No. 9040, dated January 24, 1942 and No. 9125, dated April 7, 1942, which confer upon me power to exercise the authority vested in the President by section 9 of the Selective and Service Training Act of 1940, I hereby direct and empower you, in addition to the present authorized methods of purchase or procurement, to place orders pursuant to said Act with any individual, firm, association, company, corporation or organized manufacturing industry, for such product or material, other than food intended for human or animal consumption, as the War Department may require and which is of the nature and kind usually produced or capable of being produced by such individual, firm, company, association, corporation or organized manufacturing industry.

"Any order placed in accordance herewith shall take precedence over all other orders and contracts, except that where preference ratings, orders, or regulations issued by or with the authority of the War Production Board under Title III of the Second War Powers Act, 1942, are applicable, it shall take precedence in accordance with such preference ratings, orders or regulations.

"Any powers herein conferred upon you may be exercised by you through such officers or civilian employees of the War Department as may be designated in writing by you or by any person whom you have authorized to make such designation, with such powers of delegation and redelegation as you may deem appropriate."

3. Under date of 28 February 1944 the War Food Administrator addressed to me the following letter:

"Pursuant to the authority conferred by Executive Order No. 9280 dated December 5, 1942, and Executive Order No. 9334 dated April 19, 1943, which vested, in the War Food Administrator, control over the Nation's food program, including purchase and procurement of food by Federal agencies, I hereby direct and empower you, in addition to the present authorized methods of purchase or procurement, until further notice, to place orders pursuant to section 9 of the Selective Training and Service Act of 1940 for food subsistence items with any individual, firm, association, company, corporation, or organized manufacturing industry.

"Any order placed in accordance herewith shall take precedence over all other orders and contracts, except that where preference or priority ratings, orders or regulations issued by or with the authority of the War Food Administrator under Title III of the Second War Powers Act, 1942, are applicable, it shall take precedence in accordance with such preference or priority ratings, orders or regulations.

"Any powers herein conferred upon you may be exercised by you through such officers or civilian employees of the War Department as may be designated in writing by you or by any person whom you have authorized to make such designation, with such powers of delegation and redelegation as you may deem appropriate."

4. I hereby direct and empower each of you, in addition to the present authorized methods of purchase or procurement, to place orders pursuant to section 9 of the Selective Training and Service Act of 1940 in accordance with said section 9 and the authority so conferred upon me by the Chairman of the War Production Board and, in the case of the Commanding General, Army Service Forces, in accordance with the authority so conferred upon me by the War Food Administrator. The authority hereby conferred will be exercised by the Commanding General, Army Service Forces, as to procurement by the Army Service Forces and by my Special Representative as to procurement by the Army Air Forces and, in each case, subject to and in conformity with any rules and regulations issued pursuant to paragraph 5 of this memorandum. Any person acting at the time as Director, Purchases Division, Headquarters, Army Service Forces, may exercise the authority herein conferred upon, and act as, my such Special Representative.

5. The Commanding General, Army Service Forces, may prescribe by Procurement Regulations, manuals, or otherwise, rules and regulations, which have been cleared with the Army Air Forces in the manner provided in paragraph 107.4[1] of War Department Procurement Regulations, governing the exercise of the authority hereby conferred and, without limitation of the generality of the foregoing, such rules and regulations may require that (a) proposed orders shall be submitted for approval to, and (b) proposed redelegations of authority under this memorandum shall be subject to approval of the Director, Purchases Division, Headquarters, Army Service Forces, or whomsoever he may designate. Subject to such rules and regulations, my said Special Representative may prescribe rules and regulations governing the placement of such orders by the Army Air Forces.

6. Subject to any rules and regulations issued in accordance with paragraph 5 of this memorandum, any of the powers herein conferred upon you may be exercised by you through such officers or civilian employees of the War Department as may be designated in writing by you or by any person whom you have authorized to make such designation, with such powers of delegation and redelegation as you may deem appropriate.

ROBERT P. PATTERSON,
Under Secretary of War.

(c) *Authority delegated by these procurement regulations.* Subject to any restrictions provided by these procurement regulations (see e.g. paragraph (d)) or by manuals, rules or regulations issued pursuant to paragraph 5 of the memorandum of the Under Secretary of War set forth in § 814.1450 (b) upon the exercise of the authority delegated in this paragraph, there are hereby delegated to each of the chiefs of the technical services the authority to place orders pursuant to section 9 heretofore delegated by the Under Secretary of War to The Commanding General, Army Service Forces and to the Special Representative of the Under Secretary of War (see paragraph (b)). The powers herein delegated may be exercised by the chiefs of the technical services through such officers, civilian employees or agencies under their supervision as may be designated in writing by them or by any person authorized by them to make such designation, with such powers of delegation or redelegation as they may deem appropriate.

(d) *Limitation upon redelegation of authority.* All redelegations of the authority delegated by paragraph (c) made by the chiefs of the technical services will be subject to the prior written approval of the Director, Purchases Division, Headquarters, Army Service Forces, or whomsoever he may designate, except:

(1) Redelegations to persons in the headquarters offices of the Army Air Forces;

(2) Redelegations to persons in the headquarters offices of the major commands within the Army Air Forces; and

(3) Redelegations to persons in the headquarters offices of the chiefs of the technical services of the Army Service Forces.

§ 814.1451 *Definitions.* When used in this subpart:

(a) The term "chief of technical service" has the meaning set out in §§ 801.107 (i) and 801.108 (d) and (e), except that further delegations of the authority granted by § 814.1450 (c) shall be subject to the limitations and restrictions stated in § 814.1450 (c) and (d);

(b) The term "Director, Purchases Division," means the Director, Purchases Division, Headquarters, Army Service Forces, acting as such or, in respect of Army Air Forces matters, as Special Representative of the Under Secretary of War, or any person whom he may have authorized to act for him.

§ 814.1452 *Policy.* (a) Consistent with the War Department's policies of procuring the products and materials which it requires voluntarily and on a normal contractual basis, diligent efforts to negotiate a voluntary order or contract on reasonable terms will be made before resort is had to mandatory order. However, where such efforts are unavailing, a mandatory order will be placed in appropriate cases as provided in this subpart without delay. The policies governing placement of voluntary orders and contracts will similarly govern placement of mandatory orders, to the extent they are applicable.

(b) Appropriate inquiry and investigation in each case will be made to ascertain (1) that the products or materials proposed to be procured by mandatory order are of the nature and kind usually produced, or capable of being produced, by the proposed producer; and (2) that the proposed producer owns or operates a plant equipped for, or capable of being readily transformed into a plant for, the manufacture of the required products or materials in the quantities, with the specifications and under the conditions of the proposed order.

(c) Before any mandatory order is placed, careful consideration will be given to the necessity for the procurement and to the quantities and the specifications of the products or materials to be procured thereby in order to obviate, to the greatest extent possible, subsequent necessity of changing or cancelling the order. Care also will be exercised to provide, both in the mandatory order and in any change order, for delivery schedules which reasonably can be met in view of the preference rating, if any, assigned to the order and the ability of the proposed producer to obtain the materials and labor required to perform the order. After the order is placed, the technical service will give the producer such reasonable assistance in obtaining the materials and labor required for the performance of the order as he may request.

§ 814.1453 *Placing of mandatory orders*—(a) *Placing of mandatory orders.* (1) Any person who has been delegated authority to place mandatory orders (see § 814.1450 (c) and (d)) may place, and may instruct and authorize contracting officers to execute and serve or cause to be served, mandatory orders under section 9 for any product or material, except food for human or animal consumption other than food subsistence items, which his technical service is authorized to procure, under the following circumstances:

(i) With any individual, partnership, company or corporation, (but not an organized manufacturing industry) which has refused to accept a voluntary order or contract for such product or material, in any case in which he shall have determined:

(*a*) That (*1*) every reasonable effort to negotiate a voluntary order or contract with the proposed producer for the required product or material has been made; (2) that the terms of such voluntary order or contract were fair and reasonable under the ascertainable circumstances of the particular procurement; and (3) that, if the refusal to accept such voluntary order or contract was based upon price, the price offered, in his opinion and that of the chief price analyst of his technical service, or the person performing such function, was in light of pertinent data and information possessed by the technical service and furnished by the proposed producer, a reasonable price for the procurement;

(*b*) That the proposed producer owns or operates a plant within the United States which is equipped, without transformation, (see paragraphs (a) (1) (ii) and (b)) for procedure where transformation is necessary to produce, and is producing or is capable of producing therein, the required product or material in the quantities with the specifications and under the conditions of the proposed order (see § 814.1452 (b));

(*c*) That the product or material to be obtained by the order cannot be obtained from any other source with adequate assurance of satisfactory performance and timely deliveries; and

(*d*) That the total value of the procurement will not exceed $5,000,000.

Orders may be placed under such circumstances without further approval of higher authority.

(ii) Under such other circumstances as the Director, Purchases Division, shall have approved. Such approval will be obtained in any case in which the technical service desires to place, and believes section 9 authorizes the placing of, a mandatory order with persons or under circumstances other than those stated in subdivision (i) of this subparagraph.

(2) Requests for the approval required by subdivision (ii) will state the nature of the product or material; the proposed producer; the major terms of the proposed order, including the total value of the procurement; the efforts made to negotiate a voluntary contract or order, and if the refusal to accept such contract or order was based on price, the price offered and the reasons why it is believed to be a reasonable price; why the proposed producer is believed to be capable of producing, including his ability to obtain the required materials and labor, the product or material; the location of his plant; the reasons why it is believed that such plant is equipped without transformation to manufacture the product or material in accordance with the terms of the proposed order, or, if transformation is necessary, the facts which will justify a determination by the Under Secretary of War that the plant is one capable of being readily transformed into a plant for the manufacture of the product or material; whether the product or material can be obtained elsewhere with adequate assurance of satisfactory performance and timely deliveries; and such other information as may be pertinent in the particular case.

(3) Requests for the approval required by paragraph (a) (1) (ii) will be transmitted, by or with the approval of the chief of the technical service, by written memorandum unless the need for the product or material is so urgent as to indicate more prompt action, in which event the required information may be transmitted by teletype or telegraph message or by telephone.

(4) Approval of the Director, Purchases Division, of the placing of any mandatory order under paragraph (a) (1) (ii), if given, will be by written memorandum or indorsement, by teletype or telegraph message or by telephone and the mandatory order may thereupon be placed in accordance therewith. All such mandatory orders will be placed in accordance with any conditions or provisions of such approval.

(b) *Placing of change orders.* Any person who has been delegated authority to place mandatory orders (see § 814.1450 (c) and (d)) may instruct and authorize contracting officers to execute and serve, or cause to be served, upon any person then producing under a mandatory order, change orders which decrease the quantities, or change the specifica-

[1] § 801.107 (d).

tions or delivery schedules or the delivery, packing, marking and shipping instructions stated in such mandatory order, in any case in which he shall have determined (1) that the provisions of the change order are necessary in the interest of the war effort, and (2) that the producer is capable of producing the product or material called for by the mandatory order, as modified by such change order, and without a transformation of his plant. No such change order will increase the quantities stated in the mandatory order or so substantially change the specifications as to alter the basic nature of the original procurement.

§ 814.1454 *Provisions of mandatory orders*—(a) *General.* (1) Mandatory orders will be in the form of order set forth in § 814.1460 (a) with such minor modifications therein as may be appropriate under the circumstances of the particular procurement. No substantial changes therein will be made without approval by or on behalf of the Director, Purchases Division.

(2) Change orders will be substantially in the form set forth in § 814.1460 (b).

(3) The blank relating to date in paragraph 5 of the mandatory order will be the earliest date which the producer practicably can supply such data.

(b) *Assignment of preference rating.* Mandatory orders will be assigned the same preference rating as would have been assigned if a voluntary contract were placed for the product and materials, and in the same manner (see § 814.1460 (a) (4)).

(c) *Numbering and distribution of mandatory orders.* Mandatory orders, change orders, and supplemental agreements to mandatory orders will be numbered and distributed in the same manner as voluntary contracts. (See Part 803, Subparts C and D.)

§ 814.1455 *Financing of the producer.* Should the producer require financing in connection with the performance of the order, in an appropriate case such financing may be provided by a direct Government loan or a guaranteed loan to the producer in conformity with the provisions of §§ 803.319 and 803.320 of these procurement regulations.

§ 814.1456 *Service of mandatory orders*—(a) *Method of service.* Where practicable, each mandatory order and change order will be served by hand by a commissioned officer or a United States Marshal or Deputy Marshal upon the proposed producer. If the proposed producer is a partnership, such service will be made upon a partner thereof; if a corporation, upon any officer or agent authorized to act for, bind, or accept service for such corporation. If personal service is impracticable or will involve unreasonable delay, service may be made by mailing, by registered mail, return receipt requested, the mandatory order or change order, addressed to the proposed producer at its usual place of business. The copy of the mandatory order or change order so served will be a duplicate number thereof.

(b) *Return of service.* Promptly after service of a mandatory order or change order the officer making service thereof will execute a certificate as to the time and method of service, the original of which, together with the registered mail receipt, if any, will be attached to the true copy of the mandatory order or change order, as served, to be retained in the files of the technical service.

(c) *Report of service.* Promptly after service of a mandatory order or change order there will be transmitted through channels to the Director, Purchases Division, (1) a copy of the order as served, (2) a copy of such certificate of service and (3) unless already transmitted under § 814.1453 (a) (2), a report containing the data called for by that § 814.1453 (a) (2). In case of the Army Air Forces, transmittal will be through the Army Air Forces, Procurement Liaison Branch, Purchases Division, Headquarters, Army Service Forces.

§ 814.1457 *Determination of reasonable price*—(a) *General.* Persons with whom a mandatory order is placed are entitled to fair and just compensation for the products or materials ordered thereby and are required, under the penalties provided in section 9 of the Selective Training and Service Act (see § 814.1450 (a) (1)), to furnish such products or materials at a reasonable price as determined by the Secretary of War. Such reasonable price will be determined, as hereinafter provided, as promptly as practicable after the placing of the order and the technical service will act with utmost expedition to the end that such price may be fixed, and the producer notified thereof at the earliest practicable date and, whenever possible, prior to the date of the first deliveries scheduled under the order. In each case such reasonable price will be fixed on a unit price basis and will be stated in terms of unit prices.

(b) *Determination by agreement.* All reasonable attempts will be made promply upon the placing of a mandatory order voluntarily to negotiate with the producer, in accordance with any applicable principles set forth in these procurement regulations and Army Service Forces Manual M 601, unit prices for the products or materials to be furnished under the order. Unless the mandatory order has been superseded by a voluntary agreement as permitted by § 814.1458, and if the producer is willing promptly to agree to prices which the chief of the technical service or whomsoever he may designate, deems reasonable under the circumstances of the procurement, an agreement, supplemental to the mandatory order, will be entered into and executed by the contracting officer and producer, (1) setting forth such agreement as to prices, (2) stating that such prices constitute fair and just compensation for the products or materials delivered or to be delivered under the order and (3) containing a waiver by the producer of a determination of reasonable price by the Secretary of War.

(c) *Transmittal of price data.* Unless such agreement as to unit prices is promptly reached and entered into, there will be transmitted through channels to the Director, Purchases Division, such data and information as shall be necessary to permit such reasonable price to be determined by the Under Secretary of War. Such data and information will include the price and other data submitted by the producer, the technical services' analysis and evaluation of such data, the prices which the producer has requested, the prices being paid to, and the experienced and estimated costs of, other producers for the same or comparable products and materials, and the delivery schedules relating thereto, all then available and pertinent information as to the producer's probable cost of producing the products and materials, a statement of past negotiations with the producer for the same or comparable products and materials, and such other information as shall be appropriate. Such data and information will be accompanied by the recommendation of the chief of the technical service as to the unit prices which he deems reasonable for the products and matrials to be furnished under the order.

(d) *Determination of price.* Upon the basis of the data and information so submitted and all other available data the reasonable unit prices for the products and materials will be determined by the Under Secretary of War, and the chief of the technical service promptly will be advised as to such determination.

(e) *Supplement to order stating price.* The contracting officer, by letter signed by him and making reference to the mandatory order by number, promptly will advise the producer as to the reasonable prices so determined.

(f) *Redetermination of price as a result of change orders.* In any case in which a change order to a mandatory order (which has not been superseded by a voluntary agreement as permitted by § 814.1458 so modifies the procurement as equitably to require an adjustment in unit prices theretofore determined either by agreement with the producer or by the Under Secretary of War, as above provided, such unit prices will be redetermined in respect of the products or materials to be affected by such change order and still to be furnished under the mandatory order. Such unit prices will be redetermined by agreement as provided in paragraph (b), if the producer is willing to agree to prices which the chief of the technical service deems reasonable and to enter into an agreement of the nature described in paragraph (b); otherwise they will be redetermined by the Under Secretary of War. In such latter event, there will be transmitted to the Director, Purchases Division, all data and information necessary for such redetermination by the Under Secretary of War, together with the recommendation of the chief of the technical service as to such unit prices as provided in paragraph (c) and the producer will be advised of the redetermined prices, as provided in paragraph (e).

(g) *Redetermination of price upon termination in whole or in part.* In the event a mandatory order is terminated in whole or in part for the convenience of the Government prior to completion of deliveries thereunder, (1) the products and materials completed before the effective date of such termination will be paid for at the unit prices determined as above provided, and (2) fair and just compensation for the work done in connection with the uncompleted portion of the order as far as terminated, including reasonable termination costs (see § 814.1460 (a) (15)), will be determined by agreement with the producer if he is willing to agree to compensation which the chief of the technical service, or whomsoever he may designate, deems to be fair and reasonable for the work done in connection with the uncompleted portions of the order; otherwise such fair and just compensation will be determined by the Under Secretary of War. In such latter event there will be transmitted to the Director, Purchases Division, all data and information necessary for such determination by the Under Secretary of War, together with the recommendation of the chief of the technical service as to the amount which he deems to be such fair and just compensation, and the producer will be advised of such determination as provided in (e).

§ 814.1458 *Execution of voluntary agreements.* A mandatory order may, at any time after it has been served and prior to the completion of payments thereunder, be superseded by and merged into a voluntary contract, if the producer is willing to enter into such a voluntary contract on terms satisfactory to the chief of the technical service. Such voluntary contract shall require only such approvals as would then be required if the procurement had been originally made by voluntary contract and no mandatory order issued.

§ 814.1459 *Non-compliance with mandatory orders.* Should any person upon whom a mandatory order has been served refuse to comply with the terms thereof in any respect, the chief of the technical service placing such order promptly will advise the Director, Purchases Division, as to the nature of such non-compliance and of the reasons therefor given by the producer, and will make recommendation as to the action which he believes should be taken against the producer on account of such non-compliance.

§ 814.1460 *Forms*—(a) *Form of mandatory order.*

WAR DEPARTMENT MANDATORY ORDER

Preference Rating----- Date----------
No----------

To: (Name)
(Address)

1. Pursuant to the authority conferred upon the President of the United States by section 9 of the Selective Training and Service Act of 1940, (54 Stat. 892, as amended by 57 Stat. 164; 50 U. S. C. 309); pursuant to [Executive Order Nos. 9024 (7 F.R. 329), 9400 (7 F.R. 527) and 9125 (7 F.R. 2719)][1]; and under authority from the [Chairman of the War Production Board][2] and the Secretary of War, the War Department hereby places an order with you for the furnishing and delivery of the products and materials hereinafter described, which are of the nature and kind usually produced or capable of being produced by you, and which are required by the War Department.

[1] If the order relates to food subsistence items, the matter in brackets will read: Executive Order Nos. 9280 (7 F.R. 10179) and 9334 (8 F.R. 5423).

[2] If the order relates to food subsistence items, the matter in brackets will read: War Food Administrator.

2. You are hereby ordered to proceed forthwith with the manufacture of such products and materials.

3. Compliance with this order is obligatory. Reference is hereby made to the penalties and other remedies available to the Government provided by said section 9 for a refusal to comply herewith.

4. This order shall take precedence over all other orders and contracts except that where preference ratings, orders or regulations issued by or with the authority of the War Production Board or the War Food Administration under Title III of the Second War Powers Act, 1942, are applicable, it shall take precedence in accordance with such preference ratings, orders or regulations. Preference rating ---------- has been assigned to this order. Claimant Agency Allotment Symbol ---------- is applicable to any class B items covered hereby. This symbol is assigned for identification purposes only, its use is governed by CMP Regulations and it cannot be used to obtain Controlled Materials.

5. You are entitled to fair and just compensation for the products and materials ordered hereby. The Contracting Officer, or his authorized representative, will promptly negotiate with you reasonable prices for such products and materials and until ----------(date)---------- or such later date as he may permit in writing, you may submit to him at ----------(place)---------- such price or other data as you believe pertinent to the determination of such reasonable prices. In the event agreement is reached with you as to such prices, an appropriate agreement supplemental to this order providing for such prices and waiving determination thereof by the Secretary of War will be executed with you; otherwise determination of such reasonable prices will be made by or on behalf of the Secretary of War, which, if accepted by you will be the measure of fair and just compensation to which you are entitled. In no event, however, will the prices for such products and materials exceed the ceiling or other prices for such products or materials established by the Office of Price Administration or otherwise established by law and in effect at the time of delivery.

6. This order may be superseded by and merged into a voluntary contract at any time, in the event you are willing to agree to terms for the procurement which the Contract Officer deems reasonable.

7. The Finance Officer, United States Army, at ---------- is designated as the Officer to make payments hereunder. The supplies and services to be obtained by this instrument are authorized by, are for the purposes set forth in, and are chargeable to the following allotments, the available balances of which are sufficient to cover the cost thereof:----------

(Here state allotments)

8. *Scope of the order.* You are ordered to furnish and deliver the following products and materials:
in strict accordance with the specifications, schedules and drawings annexed hereto, all of which are made a part hereof and designated as follows:

Delivery thereof shall be made as follows:

Packing, marking and shipping will be as follows:
----

9. *Changes.* The Government may at any time, by written order of the Contracting Officer, change the quantities, specifications and delivery schedules, and the delivery, packing, marking and shipping instructions, stated in paragraph 1 hereof, and this mandatory order shall thereupon be modified to the extent and in the manner provided in such change order. If any such change equitably requires an adjustment in the reasonable prices for the products and materials still to be delivered under the order, theretofore agreed to or determined as above provided, such reasonable prices will be modified by negotiation with you or, if agreement cannot be reached, redetermined by or on behalf of the Secretary of War. Unless you submit to the Contracting Officer a written request for such adjustment in price within ---------- days after receipt of each such change order, it will be assumed that the reasonable prices theretofore determined are satisfactory to you despite such change order.

10. *Inspection.* The Government may make inspection and test the material and workmanship incorporated in said products and materials at all times and places including, when practicable, during the manufacture, and may make inspection of the finished products or materials prior to or after delivery thereof. Special and performance tests shall be as described in the specifications. You shall furnish all reasonable facilities and assistance for the safe and convenient conduct for such inspections and tests as are to be made on your premises. Finished products and materials rejected because not complying with this order shall be removed by you at your expense unless the Contracting Officer or his representative determines that public necessity requires the acceptance thereof, in which event the reasonable price otherwise payable therefore will be reduced accordingly. Acceptance of products and materials not conforming to this mandatory order, modified as may be by any such change orders, shall in no way excuse you from the penalties provided by Section 9 of the Selective Training and Service Act of 1940, as amended, or make unavailable any of the remedies or provisions of said Section.

11. *Compliance with provisions of applicable laws and Executive orders.* Nothing contained in this order shall be deemed to render inapplicable in the performance hereof existing State or Federal laws concerning the health, safety, security, and employment standards of the employees in your plant. All provisions required by Federal law or Executive Order to be incorporated in War Department contracts in procurements of this nature are made applicable to, and shall be complied with in, the performance of this order.

12. *Notice to Government of labor disputes.* Whenever an actual or potential labor dispute is delaying or threatens to delay the timely performance of this order, you shall immediately give notice thereof to ---------- Such notice shall include all available pertinent information with respect to such dispute.

13. *Taxes.* Unless otherwise indicated in this order, the reasonable prices for the products and materials to be furnished hereunder (A) will not include allowance for any State or local sales, use or other tax in effect at the date of this order from which you or this transaction of the procurement of these supplies is exempt but (B) will include allowance for all Federal and all other State and local taxes in effect at the date of this order and applicable to the procurement of the supplies and materials covered by this order.

Upon your request the Government will issue tax exemption certificates or furnish other similar proof of exemption with respect to all taxes for which such allowance is not made.

14. *Payments.* You will be paid, upon the submission of properly certified invoices or

vouchers, the prices determined hereafter as provided for in this order for the products and materials delivered and accepted, less deductions, if any, as herein provided. Unless otherwise specified, payments will be made on partial deliveries accepted by the Government when the amount due on such deliveries so warrants; or when requested by you, payments for accepted partial delivery shall be made whenever such payments would equal or exceed either $1,000 or 50 per cent of the total amount of this procurement.

15. *Termination at the option of the Government.* This order may be terminated by the Government in whole or in part whenever such termination is deemed in the best interests of the Government. In the event of any such termination you will be paid fair and just compensation for compliance with this order prior to the effective date of such termination. You will also be paid fair and just compensation for any reasonable cost incidental to the termination of work under this order in accordance with the directions of the contracting officer. The amount of fair and just compensation payable under this paragraph 15 may be determined by negotiation and agreement between you and the contracting officer but in the absence of such agreement shall be determined by the Undersecretary of War.

16. The term "contracting officer" as used in this order means the undersigned representative of the United States or his duly appointed successor or authorized representative or any officer or employee of the United States designated by or in behalf of the chief of ---------- to be contracting
(technical service)
officer with respect to this procurement.

PART 815—TERMINATION OF CONTRACTS FOR THE CONVENIENCE OF THE GOVERNMENT

SUBPART A—POLICY AS TO TERMINATION OF CONTRACTS AND SUPERVISION OF TERMINATION OF CONTRACTS FOR THE CONVENIENCE OF THE GOVERNMENT

Introduction and Discussion of Policy

Sec.
815.100 Scope of part.
815.101 Necessity for terminations and other cutbacks.
815.102 Importance of manner of effecting cutbacks.
815.103 General policies as to distribution of cutbacks.
815.104 Legal basis for terminations.
815.105 Contract provisions relating to termination for convenience of the Government.
815.106 Policy as to termination procedures.
815.107 Amendments of contracts to insert standard termination provisions.
815.108 Importance of uniform procedures.
815.109 War Department Termination Accounting Manual for Fixed Price Supply Contracts.
815.110 Importance of understanding by contractors of principles applicable to termination.
815.111 Method of discussion in this part.
815.112 Requirement to expedite "Hardship Cases".

Definitions

815.150 Definitions.

Organization and Responsibility for Terminations

815.201 Policy with respect to terminations.
815.202 Staff supervision.
815.203 Policy of decentralization.
815.204 Legal authority to terminate.
815.205 Negotiation of settlement of terminated contract.
815.206 Redelegation of authority.
815.207 Procedures.
815.208 Authority to vary procedures.
815.209 Deviations from prescribed contract articles relating to termination.
815.220 Provisions for review of termination settlement agreements.
815.221 Personnel and services in termination offices.
815.222 Records to support final settlement.

SUBPART B—PROCEDURES RELATING TO TERMINATION OF LUMP SUM SUPPLY CONTRACTS

815.300 Introductory.

Action To Be Taken Prior to Service of Termination Notice

815.301 Direction to terminate.
815.302 Consideration of factors affecting particular terminations.
815.303 Possibility of avoiding termination charges.
815.304 Study of proposed termination by Government personnel prior to giving termination notice.
815.305 Field office study.
815.306 Determination of scope of proposed termination.
815.310 Amendments to insert provisions for negotiated settlement.
815.311 Settlement of contracts containing no termination article.
815.312 Conference with contractor prior to notice of termination.
815.313 Preparation of termination notice.
815.314 Preparation for furnishing contractor with detailed instructions.
815.315 Suspensions of performance undesirable.
815.316 Terminations at the end of hostilities.
815.317 Terminations where there have been defaults.

Service of Termination Notice and Action Connected Therewith

815.320 Service of termination notice.
815.321 Responsibilities of the contractor on receipt of termination notice.
815.322 Commencement of negotiations; initial conference with the contractor at the time of the service of the termination notice.
815.323 Time schedule.
815.324 Release of information concerning cutbacks.
815.325 Termination and settlement of subcontracts.
815.326 Interpretation of provisions of paragraph (b) (4) of the uniform termination article.

Property Disposition

815.350 Disposition of property.
815.351 Inventory.
815.352 Rights of contractor where disposition or retention of property is at a loss to the contractor or a subcontractor.
815.353 Where contractor or subcontractor is willing to forego reimbursement for the cost of any property.
815.354 Return of property by contractor to his vendors and suppliers.
815.355 Retention of property by prime contractor at less than cost.
815.356 Sales by contractor; when made.
815.357 Sales records.
815.358 Sale price.
815.359 Grants of discretionary power to prime contractor.
815.362 Applicability of regulations of other agencies relating to disposition of property.
815.363 Accounting of property disposed of by prime contractor.
815.364 Credit risks on sales.
815.365 Disposition of property by subcontractor.
815.366 Approval of contracting officer.
815.367 Transfer of title to the Government.
815.370 Sales of Government-owned facilities.
815.375 Government-furnished equipment and property.
815.376 Property to which the Government has security title by virtue of provisions of contract article governing partial payment.

Preparation and Review of Contractors' and Subcontractors' Accounting Statements and Proposals for Settlement: Accounting Guides to a Negotiated Settlement

815.400 Summary of action to be taken with respect to presentation of contractor's statements and proposals for settlement.
815.401 Negotiated settlement compared with a formula settlement.
815.402 Standard forms.
815.403 General instructions for use of standard forms.
815.404 Special instructions applicable to Forms C–1, C–2 and C–3.
815.405 Penalties for false certification.
815.406 Prompt submission of proposed settlements with subcontractors.
815.407 Documentary evidence in support of contractor's statement.
815.420 Accounting review of the contractor's and subcontractors' statements.
815.421 The Termination Accounting Manual.
815.422 Function of the contracting officer in reviewing statements and proposals of contractors.
815.423 Accounting personnel and function in connection with termination settlements.

Sec.
815.424 Nature of accounting review.
815.425 Coordination of study of contractor's costs and auditing in certain cases with renegotiation and other termination proceedings.
815.431 Responsibility of contractors and subcontractors to review claims of subcontractors and suppliers.
815.432 Standard of care applicable to review.
815.433 Office review of supplier's statement of charges and settlement proposal.
815.434 Report of accounting personnel.
815.435 Appropriate extent of examination beyond an office review.
815.437 Investigation by Government personnel of subcontractors' and suppliers' claims.
815.438 Definition of costs (subcontractors).
815.439 Subcontractors' inventories.
815.441 General basis of settlement.
815.442 Contract provisions.
815.443 Standard termination article § 803.324; provisions for reimbursment of the contractor.
815.444 The contract article: limitations on reimbursement.
815.445 Accounting guides for use in connection with negotiating settlement.
815.447 Treatment of disposal credits.
815.448 Claims of subcontractors.
815.449 Determination of profit in connection with negotiated settlement.
815.450 Contract formula profit computation.
815.451 Indicated profit rate computation.
815.452 Effect on calculations when a loss on the entire contract is indicated.
815.453 Total cost method of comptation illustrated where profit is indicated.
815.454 Total cost method of computation illustrated where no profit is indicated.
815.455 Limitation on amount of settlement.
815.480 Necessity for determining costs.
815.487 Bond premium computation.
815.488 Infraction of C. M. P. regulations.

Interim Financing of Terminations

815.500 War Department policy.
815.501 Choice of method of interim financing.
815.502 V Loans.
815.503 VT Loans.
815.504 T Loans.
815.505 Partial payments to prime contractors.
815.506 Partial payments to prime contractors.
815.507 Partial payments for the benefit of subcontractors.
815.508 Advance payments.
815.509 Liaison with advance payments and loan or contract financing section of the technical service.
815.510 Consent of surety or guarantor to partial payments; rights of assignees.
815.511 Partial payments where contractor has Government financing.
815.512 Contract financing section.

Negotiation of Settlements

815.530 General.
815.531 Authority of the contracting officer.
815.532 General criteria and guides for the contracting officer.
815.533 Preparation for negotiation conferences with contractor.
815.534 Negotiation conferences and personnel.
815.535 Where prime contractor cannot settle with one or more subcontractors.
815.536 Review of termination settlements by settlement advisory section and settlement review committee.
815.537 Supplemental agreement.
815.550 Relation of termination to statutory renegotiation.
815.552 Settlement in connection with other termination settlements affecting the same contractor.
815.560 Where settlement by negotiation proves impossible; formula settlement.
815.561 Disputes.

SUBPART C—LUMP SUM CONSTRUCTION CONTRACTS

815.600 Introductory.
815.601 Variances in provisions of lump sum construction and lump sum supply termination articles.
815.602 Consideration of certain principles peculiarly applicable to termination of lump sum construction contracts.
815.603 Clause providing for sale of Government property by contractor.
815.604 Notice of termination and request for negotiated settlement.
815.605 Suspension procedure.

SUBPART D—COST-PLUS-A-FIXED-FEE CONTRACTS

General

815.650 Distinction between termination articles of cost-plus-a-fixed-fee contracts and lump sum contracts.
815.651 Steps in the termination of cost-plus-a-fixed-fee contracts.
815.652 Authority to terminate cost-plus-a-fixed-fee contracts.
815.653 Form of notice of termination.
815.654 Payments of costs duly determined.
815.655 Final settlement agreement.
815.656 Release provisions of terminated contract; anticipated litigation.
815.657 Alternative procedures.
815.658 Review of settlement agreements.
815.658a Assignment to Government of premiums due under policies written under War Department insurance rating plan upon termination or completion of cost-plus-a-fixed-fee contracts.

Cost-Plus-a-Fixed eFe Construction Contracts

815.659 Introductory.
815.660 Certain provisions not applicable to cost-plus-a-fixed-fee construction contracts.
815.661 Notice of termination of entire contract.
815.662 Partial termination notice.
815.663 Termination for the fault of the contractor.
815.664 Stop orders.
815.665 Assignment of subcontracts to the Government.
815.666 Reimbursable and non-reimbursable expenditures.
815.667 Service of notice of termination.

SUBPART E—TERMINATION OF PRELIMINARY CONTRACTURAL INSTRUMENTS

Sec.
815.700 Notices of award.
815.701 Letters of intent and letter orders.
815.702 Procedure on termination of letter orders and letter of intent under standard termination provisions.

SUBPART F—REPORTS

815.800 Monthly termination status report.
815.801 Report form.
815.802 Matters to be covered.
815.803 Date for submitting reports.
815.804 Number of copies.
815.805 Report to Contract Termination Branch, Readjustment Division, Headquarters, Army Service Forces.
815.806 Instructions with respect to the report form.

SUBPART F–I—REMOVAL OF PROPERTY FROM CONTRACTORS' PLANTS UPON TERMINATION AT THE OPTION OR FOR THE CONVENIENCE OF THE GOVERNMENT

815.850 Introductory.

General Policies and Procedures with Respect to Fixed-Price Prime Contracts

815.851 Government policy on prompt plant clearance.
815.852 Prompt disposition of property.
815.853 Removal of property upon demand of the contractor.
815.854 Arrangements for storage of property.
815.855 Scrap determination prior to removal.
815.856 Inventory lists to be submitted by contractors.
815.857 Accountable property officers.
815.858 Property accounting records.

Special Instructions with Respect to Fixed-Price Prime Contracts

815.859 Introductory.
815.860 Procedures with respect to property removed from the contractor's premises.
815.861 Procedures with respect to property stored with the contractor pursuant to storage agreement.
815.862 Procedures with respect to property neither removed from the contractor's premises nor stored with him pursuant to agreement.
815.863 Transfer of title to the government.

Policies and Procedures with Respect to Fixed-Price Subcontracts

815.864 Property in the hands of fixed-price subcontractors.

Final Settlement Matters

815.865 Storage or removal of property in connection with final settlement.
815.866 Certification of vouchers in connection with payments under final settlement agreement.

Policies and Procedures with Respect to Cost-Plus-A-Fixed-Fee Supply Contracts

815.867 Removal of property under terminated cost-plus-a-fixed-fee supply contracts.

Government-Owned Facilities

815.868 Government-owned facilities.

Sec.
815.100 Scope of part.
815.101 Necessity for terminations and other cutbacks.

Connected Therewith

815.320 Service of termination notice.
815.321 Responsibilities of the contractor on receipt of termination notice.
815.423 Accounting personnel and function in connection with termination settlements.

No. 146, Pt. II——42

SUBPART G—FORMS

Termination Articles

Sec.
815.901 Lump sum supply contract.
815.901a Old Standard article formerly used in lump sum supply contracts.
815.902 Lump sum construction contract.
815.903 Cost-plus-a-fixed-fee supply contract (form sometimes used by Ordnance Department).
815.904 Cost-plus-a-fixed-fee construction contract.
815.905 Army Air Forces; cost-plus-a-fixed-fee supply contract.

Notice of Termination

815.911 Telegraphic notice (preliminary notice).
815.912 Lump sum supply or construction contracts.
815.914 Cost-plus-a-fixed-fee supply contracts.
815.915 Cost-plus-a-fixed-fee construction termination and assignment forms.

Partial Payments

815.921 Supplemental agreement to make payment in trust for subcontractor.
815.922 Form of Supplemental agreement for partial payments pending final determination of amount payable by Government in connection with termination.

Supplemental Agreements to Insert Current Termination Article in Contracts

815.926 Lump sum contracts; supplemental agreement for use where contract contains no provision for the termination for the convenience of the Government or contins a termination article which does not provide for a negotiated settlement of the amounts due in respect of the uncompleted portion of the contract.

Final Settlement Agreements

815.931 Settlement agreement for use where a lump sum supply contract contains a provision for termination for the convenience of the Government substantially in the form contained in § 803.324 and permits settlement by negotiation of amount due with respect to uncompleted portion of the contract.
815.932 Settlement agreement for use where a lump sum construction contract contains a provision for termination for the convenience of the Government substantially in the form contained in § 803.324 (a).
815.933 Supplemental agreement for use where a lump sum supply or construction contract contains no article for termination for convenience of the Government and the contractor will not agree to amend the same by inserting the article contained in § 803.324 or § 803.324 (a), or where any such contracts do not contain termination for the convenience of the Government articles and a negotiated settlement can be effected.
815.934 Cost-plus-a-fixed-fee supply contracts.

Instructions to Contractors and Subcontractors

Sec.
815.936 Lump sum contractors.
815.937 Contractor's settlement proposal forms.
815.938 Contractor's own charges schedules.
815.939 Inventory schedules.

Inventory Forms

815.941 Inventory form used pursuant to § 815.351.
815.946 Form of order requesting delivery of and transfer of title to property to the Government.
815.947 Form of approval for sale, return or retention of materials.

Forms with Respect to Removal of Property from Contractors' Plants upon Termination

815.950 Suggested form of receipt.
815.951 Contract with War Contractor for Storage and Service.

SUBPART A—POLICY AS TO TERMINATION OF CONTRACTS AND SUPERVISION OF TERMINATION SETTLEMENTS

Introduction

§ 815.100 *Scope of part.* This part sets forth procedure with respect to the termination of contracts, in whole or in part, for the convenience of the Government. It does not cover:

(a) Terminations for default of the contractor either by virtue (1) of rights and powers which the Government may have at common law, or (2) of the right reserved in many Government contracts, usually under an article entitled "Delays-Damages" (see e.g. §§ 803.352, 813.1302 (l); see also § 803.379 et seq.).

(b) Adjustments under contract articles permitting changes in specifications, quantities, supplies or work to be furnished, delivery instructions, delivery schedules and similar matters (see for example §§ 803.329a, 803.351 (c), 813.1301, Art. 2, 813.1302, Art. 3, 813.1303, Art. I, paragraph 5).

(c) Adjustment under articles providing for the redetermination, renegotiation or escalation of prices under contracts (see Part 812).

§ 815.101 *Necessity for terminations and other cutbacks.* Adjustment of the Army Supply Program takes place as the supply requirements of the armed forces change. These changes normally occur because of strategic changes, development of new projects, invention of new items of war matériel, reallocation of scarce raw materials and other similar factors arising under the changing circumstances of modern war. In the case of curtailment of procurement schedules, resulting cutbacks in production will involve either termination of outstanding contracts or reduction in purchases under outstanding contracts, or both.

§ 815.102 *Importance of manner of affecting cutbacks.* Cutbacks in production resulting from curtailment of procurement schedules will be distributed in such manner as to facilitate the attainment of essential war production. Careful consideration of how reduction in procurement schedules and termination of contracts are to be achieved is essential in order to prevent dislocation of the national economy and to minimize disruption of living conditions and employment in particular areas. Complete records must be maintained to indicate that careful, formal and serious consideration has in fact entered into such decisions.

§ 815.103 *General policies as to distribution of cut-backs.* In selecting contracts to accomplish any necessary readjustment or curtailment of production, the following general policies will, to the extent feasible, be followed until there is a major change in the war situation such as the cessation of hostilities in a major theater:

(a) Wherever practicable, priority of retention in a program will be given to plants not located in Group I or Group II Areas (see § 802.223 (b)) inasmuch as displaced labor in Group I and II Areas can be most readily absorbed in other war production.

(b) The intent of the Smaller War Plants Act (see § 802.225 (a)) will be carried out by retaining in a program, wherever practicable, smaller war plants (i. e., independent concerns with 500 wage earners or less). Likewise, large contractors whose volume is reduced in a curtailment program will be urged not to cut their subcontracting volume to smaller war plants by an amount greater proportionately than their own reductions.

(c) In order to cause a minimum disturbance to the national economy and in the interest of resuming production as promptly as possible if required by future changes in program, consideration will be given to making as large a portion of the cutback in Government-owned facilities as is consistent with cost and future requirements. An exception to this is the case where a cutback of a privately-owned facility which is having difficulty fulfilling its schedules will enable such facility to improve its performance on the remaining contracts. The wishes of private contractors in this regard should be given due consideration.

(d) Government-owned facilities in which production is materially curtailed or terminated will be kept in standby until their productive capacity is clearly no longer required for military needs.

(e) In scheduling the release of plants or industries due consideration will be given to:

(1) Security considerations.

(2) The effect on public transportation; that is, accessibility to the source of raw materials, components, depots or storage facilities, and ultimate destination.

(3) The relative unit cost of production to the Government.

(f) As requirements change, prompt action is necessary to cutback contracts in order to avoid the accumulation of excesses. Therefore, prescribed procedures must be performed with a minimum of delay at each echelon so that appropriate adjustments in production schedules may be made at the earliest possible moment.

(g) In connection with all cutbacks, records will be maintained in the files of the technical services evidencing the application in the administration of each case, of the appropriate procedures, with special reference to the general policies outlined above.

§ 815.104 *Legal basis for terminations.* The authority to terminate contracts for the convenience of the Government is based upon the general authority and power of the War Department to make contracts and to amend them in the interest of the Government.[1] The right to terminate a contract for the convenience of the Government by unilateral action of the Government ordinarily is reserved in the original contract or inserted therein by supplemental agreement (see § 815.107). However, even in the absence of a termination article, a contract may be terminated for the benefit of the Government (see discussion § 815.311).

§ 815.105 *Contract provisions relating to termination for the convenience of the Government.* (a) During the period of the present war and the defense period immediately prior to the war, the right to terminate contracts in accordance with a termination article has generally been reserved by contract, at least in larger contracts (see e. g. §§ 803.324, 803.324 (a), 803.350).

(b) The forms of the termination articles included in contracts have changed from time to time. In considering what rights the Government has with respect to the termination of any contract, the termination article in the particular contract should be examined with care in the interest of obtaining uniformity in termination procedures and of facilitating the settlement and completion of terminated contracts, it has been the policy and practice of the War Department to permit amendments of outstanding contracts to include the latest form of appropriate approved termination article (see § 803.324 (b) and (c) as in effect prior to 4 June 1943 and §§ 803.373 and 803.373a as in effect on that date). This liberal policy of amendment is continued by this regulation (Part 815) as stated in § 815.107.

(c) Standard forms of termination articles are set forth in the following paragraphs of Procurement Regulations: § 803.324 (Lump Sum Supply Contracts), § 803.324 (a) (Lump Sum Construction Contracts), § 813.1307 (Letter Order for Supplies; no price stated), § 813.1308 (Letter Order for Supplies; price stated), § 813.1309 (Letter Order for Cost-Plus-A-Fixed-Fee Construction), and § 813.1310 (Letter Order for Lump Sum Construction).

§ 815.106 *Policy as to termination procedures.* The termination articles presently in use in War Department contracts are designed to permit, on equitable terms, consistently with the protection of the Government's interest, and within a wide range of discretion, the partial or total termination by the Government, for any reason whatsoever, of the contractor's right to proceed with the performance of such contracts. To carry out this general policy of all termination articles, the following major principles must be applied:

(a) *Cessation of work and saving of expense.* All work related to the contract, whether performed by the prime contractor or by a subcontractor or supplier is to be stopped promptly, except where the contracting officer has determined that in the interest of the Government, some work in process should be completed. This is to prevent (1) further running up of expense to the Government, and (2) waste of labor and materials (see § 815.321 et seq).

(b) *Disposition of property.* So far as permitted by the terminated contract, property acquired for the performance of the contract is to be disposed of with reasonable dispatch, as advantageously as is reasonably possible and in a manner which makes such property available for other productive use at the earliest possible moment (see § 815.350). Property not disposed of is to be transferred to the Government.

(c) *Payments to contractor.* The contractor is to receive fair and reasonable compensation for the work performed and for the supplies and articles furnished under the terminated contracts, consistently with the provisions of the applicable contract article relating to termination.

(4) *Promptness of payment.* Amounts owing to contractors, by reason of termination are to be paid promptly and without administrative delay.

(e) *Accounting Investigation.* Intelligent reviews are to be made of the requests of contractors for payments in connection with termination to verify their accuracy and propriety (see § 815.420 et seq). To avoid delays and because of shortages of accounting personnel, detailed auditing will be reduced to a minimum consistent with the protection of the Government's interests.

(f) *Partial payments.* Full use must be made of the provisions of termination articles relating to partial payments, so that all amounts, which are clearly due to prime contractors and, through them, to their subcontractors and suppliers, will be paid at the earliest possible moment (see § 815.500 et seq.).

(g) *Liquidation of advance payments and guaranteed loans.* Advance payments and guaranteed loans (which are existing or potential charges against the funds allocated to terminated or curtailed contracts) will be liquidated in an orderly manner; affording, so far as reasonably possible, protection to the contractor's financial structure so that the contractor and financing institutions cooperating in the financing of War Department procurement will be protected to the extent compatible with the Government's interest and that a multiplicity of calls by financing institutions upon the War Department to take up guarantees of loans will be avoided (see § 815.511 (a)).

(h) *Settlements with subcontractors.* Prime contractors must be pressed to effect prompt, fair and reasonable settlements of their outstanding commitments to subcontractors and suppliers and pass on to them a reasonable share of partial payments on account of terminations (see §§ 815.325 et seq., 815.507 et seq., 815.654 (a)).

(i) *Partial terminations.* Where contractors are directed to reduce production by partial terminations, equitable adjustments of costs will be made consistently with the applicable contract articles or with an appropriate and equitable supplemental agreement (see § 803.306 (c) and following sections) in the event that the change causes an increase in the contractor's costs.

§ 815.107 *Amendments of contracts to insert standard termination provisions.* In order to facilitate prompt settlement of contracts and to encourage uniformity of procedure, amendments of contracts to insert standard termination articles currently in use will be encouraged. The previous assent of each surety, guarantor or assignee should be obtained. The chiefs of the technical services are authorized to make such amendments in accordance with paragraphs (a) to (c) of this section.

(a) *Lump sum contracts.* The chief of any technical service (see §§ 815.150 (a), 815.206) without approval of higher authority, may amend any lump sum contract, even after the giving of notice of termination, to insert therein the standard termination articles set forth in paragraphs §§ 803.324, 815.901 (lump sum supply contracts) and § 803.324 (a) (lump sum construction contracts), whichever is appropriate in the particular case. Such amendments will take place wherever possible prior to giving formal notice of termination.

(b) *Letters of intent, letter contracts and letter orders.* (1) The standard termination provisions for inclusion in letter orders (see § 803.303a) are referred to in § 815.105 (c). As to letters of intent, provisions conforming as nearly as may be to the provisions for letter orders referred to in § 815.105 (c) shall be regarded for purposes of this part as standard termination provisions. As used in this regulation and in §§ 803.303a and 803.303a (a), the term "letter order" includes instruments of the type hitherto sometimes referred to as letter contracts or letter purchase orders.

(2) The chiefs of the several technical services, in their discretion and without the approval of higher authority, are hereby authorized by supplemental agreement to amend any letter of intent or letter order to include therein the substance of the appropriate standard termination provisions, other than those portions of the standard provisions which permit an allowance of profit (except that the unit price may be paid for completed articles if the terminated instrument specifies a unit price). Wherever possible, such amendments will be made prior to the giving of notice of termination. However, the chiefs of the several technical services are authorized to make such amendments even after the giving of a termination notice where, through inadvertence or other circumstances, an earlier amendment has been neglected or could not be obtained.

[1] The authority to make and amend contracts by negotiation, including, of course, all reasonable and appropriate contract provisions is granted by Public Law 703, 76th Congress (54 Stat. 712), continued in effect by Public Law 580, 77th Congress (56 Stat. 314), and by the First War Powers Act, 1941, Title II (55 Stat. 839).

(3) Prior to but not after the giving of notice of termination the termination provisions of a letter of intent or letter order may be amended in the instances and in the manner set forth in § 803.303a (a) (2) in order to include appropriate provisions for an allowance of profit in the event of termination.

(4) Amendments of the termination provisions of a letter of intent or letter order in any other manner, or at any other time, than is authorized in subparagraphs (2) and (3) of this paragraph (and other than the execution of a definitive contract), will be made only with the approval of the Director, Purchases Division, Headquarters, Army Service Forces, but no such amendments to include provisions permitting an allowance of profit (not theretofore provided by such order) shall be made after the giving of notice of termination.

(5) Amendments pursuant to this paragraph should not be utilized to delay in any manner whatsoever the execution of a definitive contract (see § 803.303a).

(c) *Standard termination articles and provisions furnish expeditious method of termination settlement.* The provisions of the articles set forth in § 803.324 (see § 815.901) and § 803.324 (a) (with respect to lump sum contracts) and the standard termination provisions for letters of intent, and letter orders (with respect to such letters of intent and letter orders) provide expeditious methods of settlement of the amounts due by reason of the termination of contracts, letters of intent and letter orders, as the case may be, for the convenience of the Government. Their use (1) will reduce expense, expenditure of time, auditing difficulties and administrative inconvenience both for the Government and for the contractor, and (2) helps to eliminate the obstacles to procurement which arise from the apprehension, frequently expressed by contractors, that there will be long delays in the making of settlements in the event of the termination of contractual instruments for the convenience of the Government (including any such terminations which may take place as the result of the conclusion of hostilities). Use of such standard articles and provisions will also assist materially in enabling contractors affected by terminations to undertake other war work or other productive enterprise at an early date, in a manner consistent with the public interest. Accordingly, pursuant to the First War Powers Act, 1941, and Executive Order No. 9001, authority is delegated to the chiefs of the several technical services to make amendments consistently with the provisions of paragraphs (a) and (b) of this section. It is determined that the making of such amendments will facilitate the prosecution of the war. The chiefs of the technical services will be liberal in permitting and agreeing to such amendments. Each such amendment will recite that it is made pursuant to the First War Powers Act, 1941, and Executive Order No. 9001.

§ 815.108 *Importance of uniform procedures.* Uniformity of procedures will facilitate the prompt settlement of contracts. If contractors, many of whom deal with more than one technical service, can use substantially the same methods in terminating contracts with each service, they will be able to set up their own internal arrangements for this work on a more efficient basis. Uniformity will also make possible the concentration of procurement and auditing personnel in any part of the War Department where termination work may be heavy at any given time, with assurance that similar methods will be in force throughout the department. It is, of course, important, as a matter of common justice and sound public relations, that contractors receive equal and uniform treatment and that procedures and policies be equitably and evenly applied. For this reason, these regulations have been developed on a basis which, so far as practicable, is generally consistent with the termination procedures outlined in contract articles employed by other procurement agencies. The chiefs of the technical services will take steps to see that termination methods are employed in their respective services which carry out the policy of uniformity stated in this section (see § 815.207).

§ 815.109 *War Department Termination Accounting Manual for Fixed Price Supply Contracts.* The Office of the Fiscal Director, Headquarters, Army Service Forces, has prepared and published a Termination Accounting Manual for Fixed Price Supply Contracts (herein called the Termination Accounting Manual and usually cited as "T. A. M.") prescribed for use by accounting personnel of all agencies of the War Department in connection with the accounting review or examination of settlements proposed by contractors and subcontractors for negotiation in connection with the termination of lump sum supply contracts. It is also applicable to accounting reviews of settlements proposed in connection with the termination of fixed price supply subcontracts under cost-plus-a-fixed-fee prime supply contracts. The Termination Accounting Manual (see T. A. M. introduction and §§ 811.1101 and 811.1103) is not directed to contracting officers (although they should be familiar with it) but is designed to give to Government accounting personnel accounting and auditing instructions consistent with Procurement Regulations applicable to the subject of terminations. In the event of revisions in Procurement Regulations, it is planned that appropriate revisions will be made in the Termination Audit Manual. In all matters covered by this part provisions of this part are controlling and will be followed by contracting officers. The reports and procedures set forth in the Termination Accounting Manual will not limit or affect the ultimate legal authority of the contracting officer to effect negotiated settlements in connection with terminations.

§ 815.110 *Importance of understanding by contractors of principles applicable to termination* It is important that war contractors, subcontractors and suppliers be familiar with the procedures and principles applicable to terminations for the convenience of the Government. To assist in this understanding, copies of this part and of the Termination Accounting Manual for Lump Sum Supply Contracts (see § 815.109) may be made available to such contractors, subcontractors and suppliers. Contracting officers will take all necessary steps to see that contractors are assisted in familiarizing themselves with the procedures outlined in this regulation. It is particularly important that these contractors, subcontractors and suppliers understand:

(a) The significance of the termination articles in their respective contracts.

(b) The necessity of keeping accounting and other records in such manner and in such detail, and of maintaining such adequate cost accounting systems, as will enable them to produce the cost and other figures necessary to prove their rights under the termination articles in the event of termination.

§ 815.111 *Method of discussion in this regulation.* All terminations for the convenience of the Government, under any type of contract, involve the same general problems (see §§ 815.106 and 815.300 (a)). In this part these problems are first discussed in detail as they arise in the settlement of lump sum supply contracts (§815.300 and following sections) terminated under the standard form of termination article for such contracts (§803.324). The variations from the procedures under lump sum supply contract terminations necessary with respect to terminations of other types of contracts are then discussed as follows:

(a) Lump sum construction contracts; § 815.600 et seq.

(b) Cost-plus-a-fixed-fee contracts; § 815.650 et seq.

(c) Letters of intent and other temporary contractual instruments; § 815.700 et seq.

§ 815.112 *Requirement to expedite "hardship cases."* It is War Department policy to expedite settlement of all terminated contracts and subcontracts and to give special administrative priority to further expedite "hardship cases" as defined below.

(a) *Definition of a "hardship case."* A "hardship case" is any unsettled termination case judged by the contracting officer, or such other officer as may be designated by the chief of the technical service concerned or by higher authority, to be a situation where (1) the termination has resulted in rendering the contractor or subcontractor financially unable to carry on normal manufacturing or business operations either in the performance of other Government contracts or civilian business, or the termination has resulted in placing the contractor or subcontractor in imminent danger of bankruptcy; and (2) the contractor or subcontractor would probably be financially able to carry on normal operations or to avert bankruptcy if the amounts due it in the settlement of its terminated contract were immediately ascertainable and payable; and (3) the contracting officer, or the officer designated, determines that neither Government nor commerical financing is practicably available to the contractor or subcontractor to the extent necessary to alleviate its financial situation.

(b) *Procedure.* (1) When a contractor or subcontractor makes a request to the contracting officer for special administrative priority, claiming a "hardship case", the contracting officer, or the officer designated, will make whatever investigation is practicable under the circumstances and consistent with the necessity for speed. The investigating officer, will set forth his judgment with respect to the above in a memorandum for file.

(2) If it is judged in accordance with the above that the case is not a "hardship case", expedited treatment over other termination cases is not required and the contractor may, in the judgment of the contracting officer, be so notified.

(3) If the case is judged in accordance with the above to be a "hardship case", the contracting officer, as well as accounting personnel, property disposal personnel, the settlement advisory section and others engaged in settling the contract or subcontract will give special administrative priority to the settlement of the contract or subcontract, until the necessary partial payment or final payment has been made. In carrying out this special administrative priority, contracting officers are authorized, to accelerate and, in matters not involving established policy, to vary normal administrative procedures within reasonable limits, provided that in their judgment the interest of the Government is not thereby adversely affected.

(c) *Expediting settlements other than hardship cases".* Nothing in § 815.112, 815.112 (a) or 815.112 (b) shall be construed to prohibit a contracting officer from expediting the settlement of any contract or subcontract at a greater rate than other contracts, when in his opinion it is advisable to do so.

Definitions

§ 815.150 *Definitions.* The following terms as used in this part shall have the following meanings.

(a) *Chief of Technical Service.* The term "Chief of a technical service" includes the chief of any one of the technical services of the Army Service Forces, the Commanding General, Army Air Forces, and the Commanding General of any Service Command (see §§ 801.108 (a), 801.108 (e) and 815.206, 815.220).

(b) *Common item.* "Common item" means raw materials, parts and other supplies (whether partially or completely processed) which are normally usable not only in connection with the terminated contract but also on or in connection with other work being performed by a contractor or subcontractor.

(c) *Continued portion of contract.* "Continued portion of contract" means that portion of a terminated contract not already completed which, in accordance with a notice of termination, the contractor must continue to perform.

(d) *Contracting officer.* "Contracting officer" means the officer or employee who signs a contract on behalf of the Government and includes a duly appointed successor or authorized representative of such a contracting officer, all as set out in § 803.302 (c) of Procurement Regulations. The term shall have the same breadth of meaning as in § 803.302 (c).

(e) *Contractor.* The term "contractor" means the holder of a prime contract with the United States.

(f) *Other work.* "Other work" means all work being handled by a particular contractor or subcontractor other than that related to the particular terminated contract or subcontract under discussion and includes both other Government and non-Government business.

(g) *Subcontract.* "Subcontract" includes any purchase order or agreement to perform all or any part of the work or to make or furnish any article required for the performance of another contract or subcontract. The term "article" includes any material, part, assembly, machinery, equipment or other personal property.

(h) *Subcontractor.* The term "subcontractor" means the holder of a subcontract.

(i) *Termination.* "Termination" means the discontinuance by the Government for its convenience of a contractor's right to proceed with the performance of the whole or any part of a contract with the United States. The term does not include a situation where a reduction in quantities is made and wholly compensatory increased unit prices are granted for the balance of the contract through an appropriate adjustment (see T. A. M. 1117.1).

(j) *Uncompleted portion of the contract.* "Uncompleted portion of the contract", when the term is used with respect to a terminated lump-sum supply contract, means that portion of the contract which does not relate either (1) to completed supplies called for by the contract or (2) to any continued portion (see § 815.150 (c)) of the contract.

Organization and Responsibility for Terminations

§ 815.201 *Policy with respect to terminations.* The duty of formulating policy with respect to terminations has been placed by the Under Secretary of War in the Director, Readjustment Division, Headquarters, Army Service Forces, acting under the supervision of the Director of Matériel in matters relating to the Army Service Forces, and as the Special Representative of the Under Secretary of War in matters relating to the Army Air Forces.

§ 815.202 *Staff supervision.* Staff supervision of terminations in the Army Service Forces is assigned to the Director of Matériel who will coordinate the activities of all headquarters staff divisions relating to this subject through the Readjustment Division. With respect to the Army Air Forces, staff supervision of terminations is vested in the Commanding General, Army Air Forces who acts with respect to such matters through the Assistant Chief of Air Staff, Matériel, Maintenance and Distribution.

§ 815.203 *Policy of decentralization.* It is the policy of the War Department to decentralize to the chiefs of the several technical services administration of contract terminations as fully as possible. The extent to which they in turn will decentralize such administration is left to each chief of a technical service (see § 815.150 (a)) for his determination subject to the provisions of this part as from time to time in force. The chief of each technical service will make periodic checks of the progress of terminations and the settlement thereof, to insure that no unreasonable delays occur.

§ 815.204 *Legal authority to terminate.* Authority to terminate any War Department contract, under his administration, consistently with the provisions of this part is delegated to the chief of each technical service, regardless of the amount of such contract, and without the approval of higher authority. Such power may be exercised even though the contract expressly states that the approval of the Secretary of War is required for such termination.

§ 815.205 *Negotiation of settlement of terminated contract.* The authority to terminate contracts granted by § 815.204 includes the authority:

(a) To enter into supplemental agreements relating to the terminated contracts consistently with this part and with other applicable regulations and

(b) To make agreements settling the whole or any part of the amount due on any terminated contract when and to the extent that such agreements are authorized by the terminated contract itself or are otherwise authorized by this part.

§ 815.206 *Redelegation of authority.* The chief of each technical service may redelegate any authority, power, or discretion granted to him by this part with or without power of redelegation, except where action is explicitly required to be by the chief of the technical service himself or by the settlement review committee designated by him (see §§ 815.220, 815.311 (d) and 815.535). Except as otherwise provided in the preceding sentence, references in this part to the chief of any technical service shall be deemed to include any duly authorized representative.

§ 815.207 *Procedures.* The chief of each technical service, subject to the policy declared in § 815.108, may prescribe procedures for his service consistent with the principles declared in this part and in other procurement regulations to expedite the settlement of the amounts due to prime contractors and subcontractors by reason of the termination of contracts, to provide for efficient supervision of partial payments on account of amounts due in connection with terminations, to secure the prompt filing of settlement proposals, inventories and other documents by prime contractors, both in their own behalf and in behalf of subcontractors, and to insure that disposal of property in connection with terminations proceeds rapidly, efficiently and in a manner consistent with the best interests of the Government.

§ 815.208 *Authority to vary procedures.* The chief of each technical service, consistently with the general policy of this part and with the policy stated in § 815.106, may authorize variations from the procedures herein prescribed in any case or class of cases, unless in his opinion such variation involves a matter of policy which should be considered and passed upon by higher authority. In determining whether a matter of policy should be

considered and passed upon by higher authority, consideration shall be given by the chief of the technical service to the following factors:

(a) Whether there is involved a conflict with a policy theretofore approved by higher authority;

(b) Whether there is involved a decision on an important question of policy which has not theretofore been passed upon by higher authority;

(c) Whether there is involved a decision on any matter in which uniformity among the several technical services is especially desirable;

(d) Whether there is involved a decision on an important or doubtful question of law, cost interpretation, accounting practice or fiscal policy;

(e) Whether deviation from the procedures herein prescribed will tend to set a precedent which may be undesirable in other cases.

In any case where a substantial deviation from the general policies prescribed in this part is involved, such deviation may be made only with the approval of the Director, Purchases Division, Headquarters, Army Service Forces, who will obtain any appropriate concurrences of other Headquarters staff divisions, where in his judgment such concurrences are desirable.

§ 815.209 *Deviations from prescribed contract articles relating to termination.* No deviations from the form of a prescribed contract article relating to termination (see §§ 803.324, 803.324 (a) and 803.350) will be made without the approval of the Director, Purchases Division, Headquarters, Army Service Forces, or the Chief Counsel or Chief, Legal Branch, of that Division.

§ 815.220 *Provisions for review of termination settlement agreements.* (a) The chief of each technical service will establish for the assistance of contracting officers engaged in the settlement of termination cases, one or more settlement review boards composed of at least three responsible officers or civilian employees of the War Department. So far as is practicable in view of the volume of cases being handled and the availability of qualified personnel, such boards will be established at regional offices where responsibility for negotiation of settlements is placed. The duties of such boards may be assigned to the members of any boards or sections already in existence or already charged with other duties. The contracting officer himself will not be a member of the settlement review board or appoint any such member, unless the contracting officer is also the chief of a regional office having responsibility for the negotiation of settlements.

(b) Each proposed settlement (including not only proposed settlements made by the Government but also proposed settlements made by prime contractors and subcontractors with their subcontractors and suppliers) providing for payment to any prime contractor, or to any subcontractor, of an amount in excess of $25,000 will be examined by such review board prior to approval by the contracting officer of such settlement. The chief of the technical service concerned may require proposed settlements involving amounts of $25,000 or less to be submitted for review by the board. Contracting officers in their discretion may submit to the board any proposed settlement or matter in connection therewith at any time and generally should do so whenever any novel or special problem arises upon which the contracting officer desires the advice of the board.

(c) The review board will submit to the contracting officer a written recommendation with respect to each proposed settlement or other matter considered by the board. Any proposed settlement disapproved by the review board shall not be executed unless approved by the authority which appointed the board. If the amount of the proposed settlement exceeds $500,000, it shall, after the approval by the review board, be submitted to such higher authority as the chief of the technical service concerned shall deem appropriate, and shall not be executed until approved by such authority acting personally or through such person or persons as he shall specifically designate to act for him.

(d) For the purpose of this section, the amount of any proposed settlement of a prime contract or of a subcontract shall be determined without deducting disposal credits (see § 815.447) but by excluding (1) amounts payable for completed items or work at the contract price and (2) amounts payable for the discharge of all claims of subcontractors or suppliers under such prime contract or subcontract, as the case may be.

(e) It shall be the function of the review board to determine the over-all reasonableness of the proposed settlement from the standpoint of protecting the Government's interests. It is not the function of the board to examine in detail every element entering into the determination of the amount proposed to be paid, but it will frequently be appropriate to select specific items for inquiry as to the basis of the proposed disposition in order to determine that negotiations have been conducted competently and in the light of adequate information. The scope and intensity of the review may be varied according to the reliability of the contractor, the size and complexity of the proposed settlement, and any other relevant factors. If review is required for settlements with subcontractors in the amount of $25,000 or less, the review may, and generally should, in accordance with the principles stated in § 815.437, be limited to an inquiry as to whether an adequate examination of the claim was made by the prime contractor or any intermediate subcontractor, and to the reasonableness of relying on the examination so made. The board may act upon records submitted by the contracting officer or may require the submission of additional information.

(f) Except to the extent that the chief of the technical service concerned may prescribe otherwise, partial payments (see § 815.506 et seq.) may be made without the necessity of obtaining the approval of the review board. Dispositions of property are subject to review by disposal boards to the extent provided in Part 807 (see especially § 807.105 et seq., § 807.208 et seq.), and shall not otherwise be reviewed.

§ 815.221 *Personnel and services in termination offices.* The chief of each technical service should provide, so far as possible, in each contracting office, district office, or area office which is given final authority with respect to termination settlements, adequate and competent technical, legal, accounting and other personnel to protect the interests of the Government.

§ 815.222 *Records to support final settlement.* It is the responsibility of the chiefs of the technical services to assure that adequate records will be kept in accordance with the standards of prudent business judgment to substantiate settlements made by contracting officers. Such records will be kept for at least five years subsequent to the final settlement of the terminated contract.

(a) Chiefs of technical services will prescribe the manner in which termination settlement records are to be kept and the location where the records will be kept. Normally and whenever practicable termination settlement records for each settlement should be maintained in a single file.

(b) Unnecessarily voluminous files should not be accumulated, particularly in the case of small settlements. In determining the specific records to be maintained in each case consideration will be given to the need for prompt settlement. Below are indicated records or information which should be kept in each case to the extent applicable. Certain of this information will be included in the Standard Forms filed by the Contractor (see § 815.937 et seq.), making separate records of such information unnecessary.

(1) Copy of prime contract.

(2) Copies of supplemental agreements which are material to the termination settlement or which add or change the termination article.

(3) Copy of the notice of termination.

(4) Proposals for settlement submitted by the prime contractor, including related certificates, statements of charges and inventory schedules.

(5) Copy or record of subcontract settlement agreements expressly approved or ratified by the contracting officer, and copy of any report of investigation made pursuant to § 815.437 by Government personnel of settlements with subcontractors.

(6) Record of partial payments or other interim financing.

(7) Copies of authorizations to contractors for final settlement of subcontractors' claims, and for disposal of property.

(8) Reports of audit or office reviews.

(9) Records of disposal credits.

(10) Memorandum or other pertinent information concerning important conferences with contractor at which decisions were made affecting the settlement.

(11) Memorandum setting forth the factors considered by the contracting officer in reaching the conclusion that the settlement is fair and reasonable to the Government and to the contractor.

(12) Record of any actions by settlement advisory boards, property disposal boards, review boards, and appeal boards.

(13) Additional records in the case of formula settlements as required. (See § 815.560).

(14) Any other records necessary in particular cases.

SUBPART B—PROCEDURES RELATING TO TERMINATION OF LUMP SUM SUPPLY CONTRACTS

§ 815.300 *Introductory.* The discussion in this subpart relates primarily to the termination of lump sum supply contracts. However, the procedures herein discussed are in many instances equally applicable to lump sum construction contracts and to cost-plus-a-fixed-fee contracts (to the extent indicated in the discussion of those types of contract) (see § 815.600 et seq. and § 815.650 et seq.). In some instances, particularly in the termination of contracts for standard supplies and ordinary commercial articles, the procedures outlined in this subpart may be in part unnecessary. In such instances, in accordance with the policies set out in § 815.208, the chiefs of the several technical services are authorized to modify such procedures appropriately by general regulation or to permit deviations to specific cases. Each such general regulation will be reported in writing to the Contract Termination Branch, Purchases Division, Headquarters, Army Service Forces.

(a) The discussion in this subpart deals with the principal termination problems in the order in which they normally occur chronologically in the course of a termination settlement. In general the principal subjects of discussion are:

(1) Action to be taken prior to service of a termination notice.

(2) The service of a notice of termination and action related thereto.

(3) Obtaining an inventory of the property acquired for the terminated contracts and its disposition.

(4) Obtaining cost statements and proposals for settlements from contractors and subcontractors, and reviewing them.

(5) Interim financing and partial payments.

(6) Negotiation of settlement.

Action To Be Taken Prior to Service of Termination Notice

§ 815.301 *Direction to terminate.* Termination in whole or in part of any contractual instruments, including lump sum supply contracts, will be effected only upon prior authorization of the chief of the technical service involved (see § 815.206).

§ 815.302 *Consideration of factors affecting particular terminations.* Before a particular contract is terminated, reasonable consideration of the policies mentioned in § 815.103, so far as relevant, should be given by the appropriate echelon of the technical service.

§ 815.303 *Possibility of avoiding termination charges.* In many instances it will be possible, by careful study of a general program of curtailment of production, to terminate contracts in a manner which will wholly eliminate or greatly reduce termination charges of contractors. This study should be conducted rapidly and should not delay termination, once it has been decided to terminate a particular contract. However, by pursuing a policy, in appropriate cases, of reporting the availability of the facilities of the contractor to other technical services and to the appropriate industry divisions of the War Production Board, all possibilities of placing new contracts with the contractor can be developed. Where such new contracts are placed with the contractor, frequently, the loss to the contractor and the expense to the Government arising from termination may be avoided in whole or in part. In general, in connection with terminations, effort will be made to avoid financial hardship to contractors and to preserve the potential productive ability of such contractors and subcontractors as going concerns even though in the light of immediate production needs, their facilities are not needed.

§ 815.304 *Study of proposed termination by Government personnel prior to giving termination notice.* Prior to exercising the Government's right to terminate any type of contract for the convenience of the Government, it is important that preliminary study be given to make certain that the notice of termination orders discontinuance or changes in the future performance by the contractor only to the extent which is in the best interests of the Government. In any case, careful planning prior to issuing the termination notice will greatly simplify later work in connection with the termination settlement, will avoid confusion and expense to the contractor and to the Government and will tend to expedite settlement.

§ 815.305 *Field office study.* In some cases a complete analysis of the effect of a particular proposed termination cannot be made in the office of the chief of the technical service concerned. In such cases, it is important that the situation be appraised in the field establishment in charge of the administration of the particular contract. In proper cases, the field establishment should not hesitate to ask reconsideration of the proposed termination where such action is considered unwise.

§ 815.306 *Determination of scope of proposed termination.* (a) It is important that the requirements for subassemblies and maintenance parts as well as completed end products be carefully reviewed before termination of any particular contract takes place. An effort should be made to anticipate (within the limits of the Army Supply Program) the reasonable prospective needs of the War Department (including requirements of spare parts for units in service or to be completed) for specific items included in the end product covered by a contract about to be terminated and to permit the completion of those parts or items. Similar consideration should be given to such needs in determining how to dispose of work in process or parts on hand.

(b) In determining the point at which a contract is to be terminated, consideration will be given to the actual status of production of end products and components, so as to avoid, as far as possible, uneconomical waste of useful materials. In some instances it may be wiser to permit some further processing to get a useable end product or component, rather than to halt production immediately at a stage when work in process is useful only for junk. In general, however, once the decision to terminate a contract has been made, no further work on an end item or part should be permitted unless there is a reasonably ascertainable use for it, or opportunity to dispose of, the item or part, if completed. Any other course involves a waste of material and labor. In the absence of specific instructions from the chief of the technical service to the contrary, decision on this question will be made by the contracting officer in accordance with his sound judgment in the light of the factors mentioned above, as to how the War Department procurement program will best be served.

(c) Government inspectors, plant agents, expediters and others who have been concerned in the plants of the contractors and subcontractors with the administration of the terminated contract will ordinarily be in possession of first hand information as to the status of production under the contract, production methods, and other details. These readily available sources of information should be utilized by the contracting officer in obtaining information as to the contract.

§ 815.310 *Amendments to insert provisions for negotiated settlement.* (a) Whenever it is proposed or contemplated that a lump sum supply contract which contains a termination article be wholly or partially terminated, the contract will be scrutinized by the contracting officer to determine whether it contains the uniform termination article for use in lump sum supply contracts (§§ 803.324, 815.901) which provides for a negotiated settlement of the amount due with respect to the termination and certain other important provisions not in some earlier forms of the termination article (see § 815.901a and note to that section).

(b) Where the termination article does not conform to the uniform article set out in § 803.324 (see § 815.901), the contracting officer, prior to serving the notice of termination, will attempt to amend such contract to include the uniform article by supplemental agreement. The previous assent of each surety, guarantor or assignee should be obtained. A form of appropriate supplemental agreement is set out in § 815.926. Such amendments are permitted at the times and under the conditions set forth in §§ 815.107 to 815.107 (c), inclusive. However, emphasis is placed upon the fact that such amendments wherever reasonably possible should be completed prior to the giving of a formal notice of termination.

(c) If such an amendment can be effected, termination will take place pursuant to the uniform termination article (§§ 803.324, 815.901).

(d) If no such amendment can be effected, settlement will be made pursuant

to the termination article in fact in the contract.

(e) If at any stage of the settlement procedure, the contracting officer and the contractor reach an agreement as to a negotiated settlement of the amount payable on account of a contract which does not then contain a uniform termination article, an amendment may then be made to embody the uniform termination article in the contract by supplemental agreement. Thereafter and by separate supplemental agreement the settlement which has been reached may be concluded.

§ 815.311 *Settlement of contracts containing no termination article.* (a) When the Government desires to terminate contracts containing no termination article, the prompt termination and final settlement of such contracts are in the interest of the Government. Such action will assist materially in enabling contractors affected by terminations to undertake other war work or other productive enterprise at an early date in a manner consistent with the public interest. Accordingly, pursuant to the First War Powers Act, 1941, and Executive Order No. 9001, there is hereby delegated to the chiefs of the several technical services the authority set forth in subparagraphs (1), (2), and (3) below. It is determined that the execution of supplemental agreements in accordance with the authority so delegated will facilitate the prosecution of the war.

(1) Contracts containing no termination article may be terminated and finally settled by supplemental agreement where such termination is to the interest of the Government. Pending the execution of such a supplemental agreement work may be suspended.

(2) Usually it will be desirable to provide for stopping work on such contracts well in advance of making a settlement. In such cases the contracting officer will attempt to amend the contract by supplemental agreement with the contractor so as to include in the contract the standard termination article for use in the type of contract involved (e. g. §§ 803.324, 815.901, or 803.324 (a)). Once the amendment to include such an article is made, any termination may proceed in accordance with its provisions.

(3) If the contractor will not agree to include a standard termination article in the contract by amendment, the chief of any technical service, without the approval of higher authority, may make an agreement for the discontinuance of performance and settlement of such a contract, or provide for its settlement by reason of such termination, in such form as he may deem for the best interests of the Government.

(b) If no satisfactory agreement for the termination of such a contract can be made, the chief of the technical service concerned, acting personally or through a duly authorized representative within his own headquarters office (or in the Army Air Forces within the headquarters office of any of the major component commands of the Army Air Forces), may authorize the contracting officer to order the contractor to discontinue further performance. Where speed is essential such authority may be granted by teletype or telegraph. The contractor may thereafter present his claim, if any, for damages arising out of this order, to the General Accounting Officer or to the courts for settlement. Where such action is taken special care will be taken to record and preserve the circumstances and reasons leading to such action, together with a statement of the grounds on which it was determined that such action was in the interests of the Government. It is not consistent with War Department policy for the Government to commit breaches of contract and such action will be taken only in unusual cases and where all other reasonable efforts to prevent the incurring of unnecessary expense for the Government have been exhausted. In any such case, even after the issuance of the order to stop performance, if the contractor is willing to agree to terminate the contract and to make a reasonable settlement thereof, such a settlement agreement (subject to the provisions of § 803.308g may be made in the manner permitted by paragraph (a) (3) above.

§ 815.312 *Conference with contractor prior to notice of termination.* In some cases the complexity of the proposed termination or other factors may make desirable a conference with the contractor prior to the service of the notice of termination. Whether such a conference will be held is solely in the discretion of the contracting officer. In such a conference, if held, the following points should be discussed:

(a) Appropriate effective date of termination notice;

(b) Work in process which may advantageously be completed;

(c) Status of performance of prime contract, subcontracts and unfilled purchase orders, with a view to determining which, if any, subcontracts and purchase orders appropriately should be retained and completed;

(d) Financial problems of the contractor and subcontractors which may arise in connection with the termination;

(e) Problems of labor relations and unemployment which may be created (see §§ 815.103, 815.324 et seq.)

(f) Procedures to be followed by the contractor upon the effective date of the termination.

The effective date of the termination will be determined in the light of the considerations mentioned in § 815.306 (b).

As a matter of sound public relations the necessity for the termination should be explained as fully as possible.

In deciding whether to hold such a conference the following considerations should be taken into account:

(1) Whether such a conference is necessary to obtain information needed in the preparation of the termination notice or required in deciding the extent of a partial termination;

(2) The risk that the contractor may take action prior to the effective date of termination, which may unnecessarily increase the termination charges to the Government.

(3) The possibility that, because of the importance of the particular contract to the contractor, or for other similar reasons, such a conference (i) will enable the contractor to arrange his affairs in advance of formal termination, or (ii) is otherwise expedient as a matter of sound public relations.

§ 815.313 *Preparation of termination notice.* The termination notice for a lump sum supply contract containing the uniform termination article (§§ 803.324, 815.901a) or the old standard termination article (§ 815.901a) will be in substantially the form set out in § 815.912 (a).[1] In any case or class of cases in which the chief of the technical service concerned shall determine that any portion of the form of notice in § 815.912 (a) is unnecessary or inappropriate such portion may be varied or omitted. There shall be included in any such notice a statement of

(a) The effective date of the termination notice which should not be earlier than the date of delivery of the notice to the address of the contractor;

(b) The performance to be discontinued;

(c) In the event of a partial termination, any portions of the contract which are to be continued, unless this clearly appears from the statement required by (b);

(d) Any subcontracts or purchase orders which are not to be cancelled;

(e) Any special directions as to the protection of Government property in the custody of the contractor;

(f) Any limitations upon the authority of the contractor to retain property acquired for the contract for the cost of which he is willing to refrain from seeking reimbursement (see §§ 815.353 to 815.354).

(g) Any directions, which then can be given, with respect to the sale or retention by the contractor or the transfer to the Government of property acquired for the contract. (Instructions for transfer of title to the Government should be given only in rare instances where it is known that the Government for some special reason wishes to acquire such property.[2])

§ 815.314 *Preparations for furnishing contractor with detailed instructions.* So far as practicable, preparations should be made in advance of the service of the termination notice, for furnishing to the contractor detailed instructions as to the course of action to be followed by him immediately upon receipt of the termination notice. A form of standard instructions to contractors is set out in § 815.936. A copy of these instructions in every case should be furnished to the contractor with the termination notice, modified or supplemented to the extent deemed necessary by the contracting officer in any particular case. The language of the form of instructions set out in § 815.936 is based upon a study of various forms hitherto in use. In the interest of uniformity of procedure, that language should not be varied except for substantial reasons arising in particular cases.

[1] The same form of notice with modifications noted in § 815.912 (a) is appropriate for use in terminating lump sum construction contracts which contain a contract article substantially in the form set out in § 803.324 (a) of Procurement Regulations.

[2] Ordinarily no delivery or transfer to the Government of title to contractor-owned property will be made (a) until reasonable efforts have been made to dispose of the property advantageously (see § 815.350 et seq.), or (b) until specific written directions for such delivery or transfer are issued by the contracting officer (see § 815.367).

§ 815.315 *Suspensions of performance undesirable.* (a) Contracting officers will avoid suspending performance of contracts by contractors while attempting to decide whether to terminate a particular contract. Although, occasionally it may be justifiable to request a contractor to suspend performance because of a possible termination, experience has shown that this course results in confusion to the contractor, increased costs to the Government, and disorganization of the contractor's working forces and operations. In any case where this course is pursued the following policies are suggested:

(1) The nature of the suspension should be discussed with the contractor and the terms upon which the suspension is to be made should be determined and reduced to writing. The contractor is entitled to written instructions from the contracting officer and the contracting officer should have the agreement of the contractor to the terms of the suspension.

(2) The suspension should be limited in time. Delay in effecting a decision as to termination should not occur.

(3) The contracting officer should not request a suspension unless he is sure that the resulting cost to the Government will be materially less than either (i) allowing performance of the contract to continue, or (ii) effecting immediate termination.

(b) A suspension should not be continued beyond a very limited period unless the contractor is offered an appropriate supplemental agreement formally modifying the delivery schedule in the contract and providing for the payment of any additional costs caused by the suspension. In any event, whether the contract is reinstated or terminated, the reasonable costs of the contractor caused by the suspension should be paid either pursuant to an appropriate supplemental agreement or as a part of the termination settlement.

(c) In some instances, while working out with the contractor appropriate preliminary arrangements for a termination which has definitely been decided upon, a short suspension may be arranged by letter, conference or telegram (see form set out in § 815.911). The method should not be pursued except where it is certain that the contract will be terminated in whole or in part in the manner stated in the notice of suspension and is designed merely to afford an opportunity to make appropriate arrangements with the contractor prior to giving formal notice of termination (see e. g. §§ 815.310, 815.312).

§ 815.316 *Terminations at the end of hostilities.* In November, 1942, special provisions were included in paragraph (1) in each of the standard termination articles for lump sum contracts (§ 803.324, 803.324 (a)) dealing with the problem of terminations taking place at the end of the present hostilities. A substantial number of contractors had expressed fear that, at the end of the war because the supplies or work called for by their contracts were no longer necessary, the Government would take occasion to terminate the contracts for trivial or purely technical defaults rather than under the equitable provisions of the contract articles governing termination for the convenience of the Government. It was determined (a) that war procurement would be assisted by relieving the fears of contractors as to this point at once, and (b) that the Government, in equity and good conscience, should not at the end of the war take advantage of purely technical defaults to reduce its liability to contractors, in any cases where such defaults would not have caused termination for default during the war. Accordingly, the contract article was revised to provide that termination of lump sum contracts, as a part of the general termination of war contracts at the time of the cessation of the present hostilities, would take place under the article set forth in § 803.324 or 803.324 (a), as provided in paragraph (1) of those articles, even if the contract could then be terminated under any contract article relating to "Delays-Damages" (see e. g. §§ 803.352 and 813.1302 (i)) by reason of the default of the contractor, unless the contracting officer should find that such default had been (1) gross or willful, and (2) had caused substantial damage to the Government. The second sentence of paragraph (1) does not in any way affect or relate to the termination of contracts during the war or, indeed, any terminations except those which may take place as a part of the general termination of contracts at or about the end of the present war.

§ 815.317 *Terminations where there have been defaults.* The regulations with respect to terminations for default are set forth in §§ 803.379 and 803.380. Attention is directed to the authority given by § 803.379 (c) (2) to terminate a contract, in such instances, under any contract article providing for termination for the convenience of the Government, when the defaults of the contractor have not been gross or willful and have not caused substantial injury to the Government, if the contracting officer shall find that the use of that termination article will facilitate the prosecution of the war.

Service of Termination Notice and Action Connected Therewith

§ 815.320. *Service of termination notice.* (a) In all instances, the termination notice (see §§ 815.313, and 815.911 to 815.912) should be served in written form, preferably by delivery by hand, registered mail or telegram. Where the notice of termination is sent by telegram, a letter of confirmation should be transmitted. Appropriate record of the fact of service should be made. Copies of the notice of termination should be sent to any assignee, guarantor or surety of the contractor with respect to the terminated contract. The obligation of the contractor to continue performance (except the performance required in connection with the termination article of the contract and by the termination notice) terminates on the effective date of the termination notice (as stated specifically in the notice), except as otherwise directed by the contracting officer. The contract, however, remains executory and subject to amendment (see § 803.308f) until the obligations of the parties under the termination, article have been carried out. The instructions in the termination notice may be rescinded, modified or revised if the contractor consents to such modification or revision or unless the contractor in reliance upon such instructions has materially changed his position in a manner for which compensation cannot reasonably be given by termination charges.

(a) *Prompt inspection and acceptance of completed articles.* Promptly after giving the contractor notice of termination of a contract, the contracting officer will take steps to inspect and accept all completed articles which comply with the provisions of the contract and which do not represent unreasonable anticipation of production schedules, and will approve payment of the contract price therefor, unless the contractor and the contracting officer agree on other disposition thereof.

§ 815.321 *Responsibilities of the contractor on receipt of termination notice.* The contractor upon receipt of the termination notice should do the following things which are required by the standard termination article (§ 803.324) or which the contracting officer is empowered by that article to require:

(a) He must complete the continued portion of the contract (see § 815.150 (c)).

(b) In this connection he should bring promptly to the attention of the contracting officer any requests for equitable adjustment in the terms and prices governing the performance of any part of the contract which has not been terminated and which is to be continued, together with any evidence showing changes in the probable cost of such performance (as distinguished from costs to be taken into account in the termination settlement).

(c) The contractor must discontinue the making of subcontracts and take all necessary steps to terminate work as promptly as practicable on and after the effective date of the termination notice. This requires action by the contractor within a reasonable time. Work done after a reasonable period has elapsed will not be the basis for any compensation or reimbursement of costs in connection with the termination settlement. The contractor should call to the attention of the contracting officer at once any special circumstances making either necessary or desirable a continuance of the work or some phases of it in order to utilize effectively materials or work in process.

(d) Except as provided in the termination notice, the contractor must take steps to terminate, with or without the consent of the subcontractors, all his unperformed or partially performed subcontracts. Such subcontracts must be

terminated promptly on and after the effective date of the termination notice, or, if the termination notice so provides, subsequently at such times as the contracting officer may direct. The contractor must take steps to settle such subcontracts and commitments (see further discussion of this subject, § 815.325). Subcontractors in turn should be required to pass along the same requirements to their immediate subcontractors and suppliers.

(e) The contractor must use reasonable care, and in addition, take such action as may be directed or approved by the contracting officer, to protect and preserve property in its possession in which the Government has, or may acquire, an interest, and to reduce or prevent loss or damage to the Government.

(f) The contractor should take such action as may be directed by the contracting officer to secure to the Government, by assignment or otherwise, the benefits of any of the contractor's rights under subcontracts.

(g) The contractor should promptly notify the contracting officer, in writing, of any legal proceedings against the contractor, based upon any subcontract or commitment related to the terminated contract, that are pending on the effective date of the termination notice or that may be brought at any time thereafter. The contracting officer should give notice (through channels) of all such litigation, with his recommendation thereon, to the Litigation Division, Office of the Judge Advocate General, so that office may consider the desirability of assuming control of any such case and defending against the claims by suitable arrangement with the contractor (see A. R. 410–5).

(h) The contractor should develop and present to the contracting officer a program for the disposition of property acquired or produced for the purposes of the terminated contract, not only by the contractor itself but by the various tiers of subcontractors, and shall issue instructions through and to his immediate subcontractors as to the methods of carrying out such a program.

(i) The contractor must proceed to prepare his inventory of property allocable to the contract, his statement of costs and his proposal for settlement of the amounts due by reason of the termination. He should take steps to obtain similar statements and proposals from his subcontractors and suppliers (see discussion in § 815.430 et seq.; see form of instructions for contractors in § 815.936).

§ 815.322 *Commencement of negotiations; initial conference with the contractor at the time of the service of the termination notice.* (a) In the case of each termination of a substantial contract, at the time of service of the termination notice, or as promptly as possible thereafter, a conference should be held with the contractor to negotiate the general outlines to be followed in making settlement and to develop a definite program to be followed by all parties participating in the work of settlement. Negotiations should be carried out at this conference sufficiently completely so that the basic terms on which settlement is to be effected are at least tentatively determined and so that there is a clear understanding as to what information is to be furnished by the contractor, what methods are to be pursued in disposing of property, what the general principles of settlements are to be and what accounting or other investigation is to be undertaken.

(b) The importance of this initial conference is emphasized by the memorandum of the Under Secretary of War dated 10 February 1944 reprinted at § 815.422. Special attention is directed to paragraph 2 of that memorandum. This conference should be regarded as an important step in the negotiation of a settlement and every effort should be made at that time to dispose of as many questions as possible by agreement.

(c) It is important that all interested groups in the office of the contracting officer should be represented at the initial conference. This will normally include the principal representative of the contracting officer, hereinafter mentioned, and also appropriate negotiating, technical, engineering, legal and accounting personnel. At or before the initial conference some one person will be designated by the contracting officer as his principal representative in connection with the particular termination, but it should be made wholly clear to the contractor that such representative is not authorized to agree finally upon a supplemental agreement making settlement of the amount, if any, due by reason of the termination. The contracting officer's representative should be given authority, either general or limited:

(1) To approve dispositions of property,

(2) To approve settlements with subcontractors up to some stated amount,

(3) To pass upon the miscellaneous minor questions which inevitably arise in connection with a termination settlement,

(4) To negotiate a settlement subject to any required approval.

(d) It is good practice, although not always necessary, to have a statement of the scope of the authority of the contracting officer's principal representative reduced to writing. In appropriate cases, to avoid misunderstandings, a copy should be furnished to the contractor.

(e) At this conference, if no conference prior to termination has been held, the various matters mentioned in § 815.312 should be covered thoroughly. In addition the contracting officer's representative should be certain that the contractor understands fully his obligations as outlined in § 815.321.[1] Particular emphasis should be placed on the following matters:

(1) Termination of subcontracts and purchase orders.

(2) Settlement of claims of subcontractor and the methods of review thereof to be employed by the prime contractor.

(3) A program for the disposition of property acquired for the terminated contract:

(i) By the prime contractor.

(ii) By or for his subcontractors.

(4) The responsibilities to the War Manpower Commission and to employees mentioned in § 815.324.

(f) In some cases, the contracting officer may wish to examine the physical inventory at once and to check it against book inventory.

§ 815.323 *Time schedule.* It will assist the orderly progress of the termination settlement if at the initial conference a time schedule is worked out for the specific steps immediately required for the settlement.

(a) Directions to stop work should ordinarily have been given before the conference.

(b) Subcontracts and purchase orders, so far as to be terminated, should be terminated at once, if that has not already been done.

(c) A complete list of subcontracts and outstanding purchase orders should be prepared by the contractor promptly. When this has been furnished it should be checked with the contractor to see that all subcontractors and suppliers listed have been notified to file with the prime contractor their inventories, statements of costs and proposals for settlement.

(d) A schedule for furnishing the prime contractor's inventory, statement of costs and proposals for settlement should be set.

(e) Schedules should also be laid out for the furnishing of similar papers by subcontractors.

As rapidly as inventories and cost statements are received, time schedules for subsequent action can be arranged.

§ 815.324 *Preparation and release of information concerning cutbacks.* When production is to be substantially decreased through cutbacks, resulting from reduction of procurement schedules or termination of contracts, the procedures set forth in paragraphs (a) to (c), inclusive, will be carried out.

(a) *Coordinated release of publicity; information to War Production Board and War Manpower Commission.* Adequate provision must be made for the coordinated release of publicity and the furnishing of information to the War Production Board and the War Manpower Commission. Such data will be made available at the earliest possible moment after final decision to decrease production in a given facility has been reached, so that those agencies can assist in arranging for the prompt reemployment of released workers and facilities in other production which is essential to the war effort.

(b) *Notice to contractors and workers; cooperation by contractors with War Manpower Commission and United States Employment Service.* The matters provided in this section are to be observed in order to avoid impairment of management and labor morale, and to avoid any mistaken public impression that curtailments are due to inefficient management or unsatisfactory work by the employees displaced. Notice of the proposed cutback will be given, as far in advance as possible, to each contractor whose production is to be substantially decreased. Particular care will be taken to include in this notice as detailed a statement of the reasons as appears advisable. The technical service concerned will urge the contractor to include a statement of the reasons for the cutback in a notification to the workers and their union representative, and to request his subcontractors and suppliers to take similar action. The contractor also will be urged to cooperate with the War Manpower Commission by making known his new net labor requirements and allowing the United States Employment Service representative to conduct job interviews at the plant if sufficiently large numbers of workers are to be displaced.

(c) *Preparation of official statements.* When, in the opinion of the chief of the technical service concerned, the case is of sufficient public interest, the office of the chief of the technical service will prepare an official statement to serve as the basis for a press release announcing the curtailment and the reasons for it. This statement will include the name of the municipality in which the plant or facility is located, the name of the plant or plants affected, the effective date of the curtailment, the end item or items affected, and the probable effect on future employment. At an appropriate time, copies of this statement will be furnished to the following:

(1) The Bureau of Public Relations, War Department.

(2) The Legislative and Liaison Division, War Department Special Staff.

(3) The Industrial Personnel Division, Headquarters, Army Service Forces.

(4) The Director of Matériel, Headquarters, Army Service Forces.

(5) The appropriate field office of the technical service concerned for preparation of the press release and its release in the affected locality.

Copies of this statement will also be furnished to such other offices as may be prescribed by an appropriate headquarters.

[1] (a) The furnishing of advice (in the ordinary routine of operations) on the procedures and methods to be employed by the contractor and subcontractors in connection with the termination and its settlement and in determining and presenting statements of termination charges is a part of the official duty of Government personnel performing functions in connection with termination settlements and is not regarded as in any way in conflict with Criminal Code, section 109; 18 U. S. Code 198.

(b) In this connection the Judge Advocate General rendered an opinion on 10 May 1944 as follows:

"It is the opinion of this office that an officer or employee of the War Department assigned to or regularly called upon to perform duties in connection with the termination of contracts may, without compensation or gratuity from the Government contractor directly or indirectly, comply with the directives of the Secretary of War contained in § 815.322, 8 March 1944, or with other duly authorized regulations or instructions of a similar nature, as a discharge of his proper official duties. The performance of such official duties, as indicated by the footnote to the mentioned procurement regulation, is not a violation of section 109 of the Criminal Code (18 U. S. C. 198)."

The footnote referred to in the last sentence of the quoted opinion of the Judge Advocate General is that numbered 1 (a) above.

§ 815.325 *Termination and settlement of subcontracts.*—(a) *Duty to terminate.* Paragraph (b) (3) of the uniform termination article (§§ 803.324, 815.901) for lump sum supply contracts[1] requires that the prime contractor "terminate all orders and subcontracts to the extent that they relate to the performance of any work terminated by the Notice of Termination", except as otherwise directed by the contracting officer. This obligation of the contractor should be performed immediately upon receipt of the notice of termination. Settling with the subcontractors and suppliers then becomes an obligation and responsibility of the contractor, subject to the approval (when required) of settlements by the contracting officer.

(b) *Rights of subcontractors.* (1) Under the uniform termination article (§§ 803.324, 815.901) for lump sum supply contracts,[2] subcontractors and suppliers have no direct rights against the Government upon the termination of a prime contract for the convenience of the Government. The rights of such subcontractors and suppliers are against the prime contractor or intermediate subcontractor who is directly obligated to them on the subcontract or purchase order which they hold. The extent of these rights will generally depend upon the terms of the subcontract or purchase order in question.

(2) Paragraph (e) (2) of the uniform termination article (§§ 803.324, 815.901) provides that the obligation of the Government to make payments under the article shall, with certain exceptions, be subject, in the discretion of the contracting officer, to deduction in respect of the amount of any claim of any subcontractor or supplier whose subcontract or order shall have been terminated. The purpose of this provision was to permit the withholding of sums owing by the prime contractor to his subcontractors, in order to assure their receipt by the subcontractor. In any case in which use is made of this provision, the prime contractor is entitled to have the withheld sum applied for his benefit in such a way as to exonerate him, to that extent, from the claim of the subcontractor.[3]

NOTE: Subparagraph (1) of paragraph (b–1) has been reprinted without change as paragraph (a) of § 815.437, and subparagraph (2) of paragraph (b–1) has been reprinted without substantial change as § 815.437a. Subparagraph (3) of § 815.324 (b–1) is eliminated, and the subject matter which was dealt with therein is now covered in § 815.437.

(c) *Action to be taken by prime contractor with respect to settlement of subcontracts.* The prime contractor to carry out his functions in connection with the settlement of subcontracts must arrange to see:

(1) That his subcontractors and suppliers stop work. (A form of suggested notice to them is set out in § 815.912 (b)).

(2) That they are requested to state promptly whether there will be any termination charges (as a result of the termination of their subcontracts), and if so that they are directed to file, and file seasonably, inventory schedules, contractor's own charges schedules, and contractor's settlement proposals, on the appropriate standard forms set forth in §§ 815.937 (a) to 815.939 (c) inclusive, in accordance with the instructions set forth in §§ 815.403 and 815.939 (d).

(3) That they are advised of the basis upon which they may obtain partial payments (see § 815.502 et seq.)

(4) That they arrange a proper program of disposal of property acquired for the performance of their subcontracts (see note following paragraph (b) and § 815.350 et seq.).

(5) That the statements of subcontractors are adequately reviewed (see §§ 815.431 to 815.435, inclusive).

(6) That a proper settlement of each subcontract and purchase order is negotiated with all possible speed (see paragraph (a)) and promptly presented to the contracting officer for approval, where such approval is required.

§ 815.326 *Interpretation of provisions of paragraph (b) (4) of the uniform termination article.* The following interpretation of paragraph (b) (4) of the uniform termination article (§§ 803.324, 815.901) has been approved by the Joint Contract Termination Board and issued by the Director, Office of War Mobilization on 2 May 1944:

Paragraph (b) (4) of the article provides that the prime contractor shall assign to the Government, in the manner and to the extent directed by the contracting officer, all of the right, title and interest of the prime contractor under the orders or subcontracts terminated by reason of their relationship to the work terminated by the termination notice. This provision was designed to assure the Government's right to require the transfer to it of the property and rights under the subcontract or order acquired by the prime contractor from his subcontractors through payments for which the prime contractor is reimbursed by the Government. Accordingly, paragraph (b) (4) is not to be construed as requiring transfer to the Government of other rights of the prime contractor against the subcontractor (such as set-offs or counterclaims) for which no Government reimbursement is made to the prime contractor. In this connection it was recognized in the preparation of the article that uniform provisions could not be drawn which would provide adequately in all cases for the disposition of patent rights involved in prime contracts or subcontracts, and the article is not intended to forbid the inclusion in contracts of separate provisions covering the disposition of such rights on termination.

[1] A similar provision is found in paragraph (a) (1) of the old standard termination article (§ 815.901a) formerly authorized for lump sum supply contracts and in paragraph (b) (2) of the standard termination article (§ 803.324 (a)) for lump sum construction contracts.

[2] (a) Subcontractors also have no direct rights against the Government in the event of termination under the old standard termination article (§ 815.901 (a)) formerly authorized for lump sum supply contracts or under the standard termination article (§ 803.324 (a)) for lump sum construction contracts.

(b) Subparagraph (2) of § 815.325 (b) is taken from a Directive Order issued by the Director, Office of War Mobilization, on 2 May 1944.

Property Disposition

§ 815.350 *Disposition of property.* As stated in paragraph (b) of § 815.106, so far as permitted by the contract being terminated, property acquired for the performance of the contract is to be disposed of with reasonable dispatch, as advantageously as is reasonably possible and in a manner which makes such property available for other productive use at the earliest possible moment. The settlement and payment of the amount owing to the contractor is not, however, to be delayed by reason of failure to dispose of property. Property not disposed of prior to the reaching of an agreement for settlement will be transferred to the Government, unless previously transferred in accordance with the provisions of subpart F–1 of this part (§ 815.850 et seq.). The policies and procedures with respect to the removal of property from contractors' plants subsequent to termination are set forth in said subpart F–1. Property included in termination inventories will be disposed of in accordance with the provisions in Part 807, which set forth procedures to be followed and price policies applicable to various classes of property.

(a) *Contract provision.* The uniform termination article for use in lump sum supply contracts (§§ 803.324, 815.901) provides in part as follows:

(b) After receipt of a Notice of Termination and except as otherwise directed by the contracting officer, the contractor shall • • •: (6) transfer title and deliver to the Government in the manner, to the extent and at the times directed by the contracting officer (i) the fabricated or unfabricated parts, work in process, completed work, supplies and other material produced as a part of, or acquired in respect of the performance of, the work terminated in the Notice of Termination, and (ii) the plans, drawings, information and other property which, if the contract had been completed, would be required to be furnished to the Government; (7) use his best efforts to sell in the manner, to the extent, at the time, and at the price or prices directed or authorized by the contracting officer, any property of the types referred to in subdivision (6) of this paragraph: *Provided, however,* That the contractor (i) shall not be required to extend credit to any purchaser and (ii) may retain any such property at a price or prices approved by the contracting officer.

Attention is invited also to the last two sentences of paragraph (a) of the standard termination article formerly authorized for use in lump sum supply contracts which is reprinted for the convenience of Government personnel in § 815.901a.

(b) The policy as to the disposition of contractor-owned property pursuant to the provision quoted in paragraph (a) has been stated by the Under Secretary of War as follows:

JUNE 30, 1943.

Memorandum for: The Commanding General, Army Air Forces. The Commanding General, Army Service Forces.

Subject: Disposition of Contractor-Owned Property on Termination of Contracts for the Convenience of the Government.

1. At the present time a substantial number of war contracts have been terminated for the convenience of the Government because of necessary changes in the procurement program. Contractors and subcontractors have acquired for the performance of these contracts considerable quantities of raw materials, parts and supplies. In addition they have considerable quantities of work in process.

2. These inventories of materials, parts, supplies and work in process must be utilized promptly in war production in the most efficient manner possible. Much of this material is critically needed by other war manufacturers and producers and it is the duty of War Department procurement officers to see that the material is made available at the earliest possible moment for use in essential war work. This usually can best be accomplished by disposing of these inventories promptly, either through the same industrial organization which acquired or produced them or through other recognized industrial channels for the particular type of material in question.

3. The standard form of contract article for termination of contracts for the convenience of the Government now used by the War Department provides broad and ample authority for any Contracting Officer to authorize or direct the contractor to sell or retain, at a price approved by the Contracting Officer, any supplies, partially completed supplies, work in process, or material acquired or manufactured by the contractor in the performance of the contract and further provides that the proceeds of such sale or agreed price shall be paid or credited to the Government in such manner as the Contracting Officer directs so as to reduce the amount payable to the contractor by the Government by reason of the termination. The prompt and courageous exercise to the fullest extent possible of this authority given to Contracting Officers to dispose of this contractor-owned property in accordance with the principles of sound business judgment will achieve the objective of returning the property to use in war production. Such action is essential also to the expeditious settlement of termination claims. It will in a very real sense facilitate the prosecution of the war.

4. Frequently this material must be sold at a substantial amount below its cost. In many instances work in process must and should be sold as scrap for scrap prices. It is inevitable that losses will take place. Rarely will delay in disposing of such property help the war effort or result in any substantial savings to the Government. Under present circumstances, no materials should be hoarded merely in the vague hope that at some future date the property may have a future use or a greater value.

5. You will order your contracting officers to pursue a vigorous policy of disposing of such property, promptly and intelligently. They will be supported in the exercise of their honest judgment in carrying out these instructions.

6. The same policy must be applied to obsolete or unneeded machinery and equipment. Where it has no suitable use in production it should be disposed of promptly so that the scarce and critical materials out of which it is made can be used in the manufacture of new and vitally needed instruments of production.

ROBERT P. PATTERSON,
Under Secretary of War.

(With respect to paragraph 6 of this memorandum, see footnote 1.)

(c) *Approval of the contracting officer.* Pursuant to the provision quoted in paragraph (a) the contractor (1) may be authorized or directed by the contracting officer to make reasonable efforts to sell property to which he has title at prices approved by the contracting officer, or (2) may be permitted to retain such property to which he has title with the approval of the contracting officer at a price mutually agreeable. Such authorizations to sell or retain property shall be subject to the regulations relating to sales of termination inventories set forth in Part 807. In each instance the prior approval or subsequent ratification of the contracting officer must be obtained except as provided in § 815.354.

(d) *Protection of the rights of assignees and the Government.* (1) If the amounts payable under the contract have been assigned by the contractor, the contracting officer should take appropriate steps in each case to see that the proceeds of any sale or retention of property are dealt with in a manner to protect the proper interests of the assignee. If the amounts of property to be sold are to be substantial, or if a series of sales is likely, normally the written consent of the assignee should be obtained to the method of disposition proposed.

(2) The assignee of a contract which contains, prior to the assignment, the uniform termination article (§ 803.324) or the standard article formerly authorized for use (see § 815.901a) takes his assignment subject to the provisions of such article (quoted or referred to in paragraph (a)) but even in such cases the contracting officer should make reasonable efforts to protect the proper interests of the assignee.

(3) Where the Government has made advance payments, or partial payments pursuant to §§ 815.500 to 815.512, or participated in guaranteed loans, related to the contract in process of termination, the interest of the Government in preserving adequate security or obtaining payment where property is to be retained by the contractor or in the proceeds of the property which is to be sold or retained for sale by the contractor should be protected by proper coordination, in advance, with the officers or Branch charged with the administration of such advance payments, partial payments, or loans.

§ 815.351 *Inventory.* Obtaining an inventory of property on hand is the first step in proceeding to dispose of property acquired or produced for the performance of the terminated portion of the contract. The standard inventory schedules for use by prime contractors and subcontractors, Forms C–1, C–2, and C–3, are set forth in §§ 815.939 (a) to 815.939 (c) inclusive. The General Instructions for use of all the Standard Forms are set forth in § 815.403, and the Special Instructions for Description of Inventory in Standard Forms C–1, C–2, and C–3 are set forth in § 815.939 (d).

(a) *Basis of pricing inventory.* Instructions for completing the cost data of inventories appear on Standard Forms C–1, C–2, and C–3. Cash discounts, trade discounts, special rebates, and similar price reductions should be reflected either in the detailed cost data or as a separate deduction.

(b) *Inventory should include bids for contractors' or subcontractors' property which they are willing to retain.* Usually the most effective method of making property available for other essential war work is to have the contractor or subcontractor take it over and use it himself or dispose of it (see § 815.361). Accordingly columns have been provided in Standard Forms C–1, C–2, and C–3 for offers by the prime contractor or subcontractor filing the forms, in which may be shown the items which he wishes to retain and the prices offered therefor.

(c) *Partial inventories.* Contractors should be encouraged to submit partial inventories, preferably by classification or location, where they have an offer for the property so listed. Partial inventories should also be encouraged covering those articles in which the contractor and the trade have no particular interest and which will probably have to be disposed of through other channels. The prompt submission of partial inventories will enable the contracting officer to approve disposition when bids or offers by the contractor or others are included. It should be pointed out to contractors that cooperative action in this respect will expedite the removal of unneeded property from their plants.

(d) *Copies.* The contracting officer should advise the contractor of the number of copies of Standard A, B, and C Forms that will be required for use of the Government in a particular case, and the contractor should supply this information to his subcontractors and suppliers. Contractors and subcontractors will in addition prepare as many additional copies of the forms for their own use as they may deem necessary. The paper on which the forms are prepared can be used for reproduction by liquid process duplicating machines.

§ 815.352 *Rights of contractor where disposition or retention of property is at a loss to the contractor or a subcontractor.* (a) Where the sale or retention of property (properly allocable to the uncompleted portion of a terminated contract) at a price less than its cost is approved in advance or ratified by the contracting officer, the contractor will be allowed in the termination settlement the cost of the item and the proceeds of the sale or the agreed value will be credited to the Government as the contracting officer may direct.

(b) Similar treatment will be accorded to subcontractors.

§ 815.353 *Where contractor or subcontractor is willing to forego reimbursement for the cost of any property.* Frequently as to certain property (e. g. standard materials and parts) the contractor be willing to retain or take over property at cost and agree not to include such property in any request for reimbursement. Unless in rare instances where the contracting officer wants the specific property transferred to the Government (as, for example, because it is a critical material or because it has risen sharply in value) it will be normal procedure for the contracting officer to notify the contractor, at the time of serving the termination notice or by subsequent written instructions (see par. 7a of suggested instructions to contractor, § 815.936), that, without further authority of the contracting officer, the contractor may retain any property to which he has title if he agrees to make no request for reimbursement. The contracting officer should direct the contractor similarly to advise subcontractors and suppliers. However, in any case where there is an advance payment or partial payment outstanding with respect to the contract, or a guaranteed loan outstanding to the contractor, subcontractor or supplier, no such blanket authority will be given by the contracting officer without proper coordination in advance with the officers or branch charged with the administration of advance payments, partial payments, or guaranteed loans, as provided in § 815.350 (d) (3). Where such blanket authority has previously been granted, it should appropriately be limited or conditioned, if the interests of the Government so require, before an advance or partial payment is thereafter made.

§ 815.354 *Return of property by contractor to his vendors and suppliers.* (a) The contracting officer may authorize in advance the return of property by a contractor to his suppliers in appropriate cases (see 2d sentence § 815.353) where no cost to the Government is involved other than reasonable transportation charges for such property. The contracting officer in addition, in appropriate cases, may include in such authority the incurring of reasonable packing and handling charges.

(b) The contracting officer will ordinarily authorize the return of property by a contractor to his suppliers, even if a loss to the Government is involved, unless he in his discretion determines that the discount is unreasonable or that uneconomical or unreasonable transportation is involved. Authorizations under this paragraph shall be subject to the regulations relating to sales of termination inventories set forth in Part 807.

§ 815.355 *Retention of property by prime contractor at less than cost.* The fixing of a value to a contractor for property which he will agree to retain should take into consideration, to the extent deemed relevant in the particular case, the same factors that are considered in the matter of sales by the prime contractor except that there is the additional factor of the utility to the contractor of the property in his own manufacturing operations. All retentions by a prime contractor at less than cost must be approved by the contracting officer pursuant to § 815.350 (c), and shall be subject to the regulations relating to sales of termination inventories set forth in Part 807.

(a) *Diversion of property or orders to other contracts.* (1) It is the policy of the War Department to encourage contractors and subcontractors so far as possible to divert to other war production all materials, equipment, and supplies which have become excess by reason of the termination of a contract or subcontract. If notice of termination of any contract to which such property is diverted is thereafter given, the contractor is entitled in the settlement of this contract to reimbursement for the property so diverted to the extent that the property is properly allocable to this contract and is within the reasonable quantitative requirements of the entire contract. Thus, where the cost of such property was not included in the settlement of the original terminated contract, or where the cost was included but the contractor retained the property at an agreed value, the cost or agreed value, as the case may be, together with any charges properly applicable thereto, may be included in the termination settlement of the contract to which such property was diverted.

(2) Where a saving to the Government may be effected, contractors and subcontractors should divert property from a terminated contract to a continuing contract in accordance with subparagraph (1) above even if it necessitates the cancellation of orders which have already been placed for materials, equipment, or supplies under the continuing contract. If notice of termination of the continuing contract is subsequently given, the reasonable cost to the contractor of cancelling these orders may be included in the termination settlement as part of the cost of materials applicable to the terminated portion.

(3) Similarly, it is the policy of the War Department to encourage the transfer of orders for materials, equipment, supplies and services from contracts or subcontracts being terminated to continuing contracts or subcontracts where a saving to the Government may be effected and where the property or services covered by the orders transferred will be properly allocable to the continuing contract and within the reasonable quantitative requirements of the entire contract. Where the transfer of an order from a contract being terminated to a continuing contract necessitates the cancellation of orders under the continuing contract, the cancellation charges thereon may be included in the settlement of the contract being terminated.

§ 815.356 *Sales by contractor; when made.* Such sales will ordinarily be made after the taking of a physical inventory (see Termination accounting Manual, pars. 2301 et seq., 3101 et seq.) pursuant to the provisions of § 815.321 (i). However, as set forth in § 815.351 (c) (regarding the submission of partial inventories), a list of any property available for sale should be presented by the contractor at any time, when an offer for particular property is available.

§ 815.357 *Sales records.* The contractor's records shall clearly show all sales with specific detailed identification of the

[1] The cost of machinery and equipment owned by the contractor will ordinarily be taken into account in connection with the termination settlement only consistently with §§ 815.484, 815.485 and 815.486. Where such cost is properly to be taken into account and charged to the terminated contract, such property may be sold (a) prior to the transfer of title to the Government and the sale price credited to the Government as provided in § 803.352 (a) and other provisions of §§ 815.350, to 815.377, inclusive, or (b) after transfer of title to the Government, pursuant to Part 807. No such sale should be approved by the Contracting Officer until he has determined that the cost of such property is properly to be taken into account in connection with the determination settlement in accordance with the principles of this part.

items sold and the individual sales prices. The contractor's procedures shall also provide for the separate invoicing of sales and the crediting of these amounts in the proposed settlement (see Termination Accounting Manual, pars. 2301 et seq., 3501 et seq.).

§ 815.359 *Grants of discretionary power to prime contractor.* (a) The factor of time is frequently one of the most important elements in determining whether a prospective sale will or will not be made by a contractor or a subcontractor. It is therefore essential to eliminate insofar as possible, the necessity for the contracting officer's approval of each prospective sale. To accomplish this in appropriate cases and with proper safeguards to prevent abuse, a contracting officer may, in his discretion authorize a contractor, in advance, to dispose of property at stated discounts off cost for specific classes of property involved in a particular contract. A contracting officer may also authorize a contractor, within such limits as the contracting officer may prescribe, to permit any of his subcontractors or suppliers to retain or dispose of property in their possession, acquired or manufactured for the work under the contract, at similar discounts. Authorizations under this paragraph shall be subject to the regulations relating to sales of termination inventories set forth in Part 807.

(b) Where a range of discretion is granted to a prime contractor as to the sale of property in his possession, or as to the sale or retention of property by subcontractors, frequent periodic reports by the contractor to the contracting officer of the exercise of this discretion should be required.

§ 815.362 *Applicability of regulations of other agencies relating to disposition of property.* Sales or other disposition of property will be made in accordance with the rules and regulations of the War Production Board, Office of Price Administration, the Aircraft Resources Control Office of the Aircraft Production Board and any other Governmental agency having jurisdiction thereof. Responsibility for compliance therewith shall rest with the contractor. Contracting officers and their staffs will assist in every reasonable manner in obtaining necessary clearances.

§ 815.363 *Accounting of property disposed of by prime contractor.* The contractor's accounting procedures should comply with the standards outlined in the Termination Accounting Manual. The Government accounting personnel in reviewing disposals or retentions of property by the contractor should establish, within the limits of the accounting review directed by the contracting officer in the particular case, the accuracy with which the dispositions of property approved by the contracting officer have been reflected in the settlement proposed by the contractor (see § 815.357). However, it is not the responsibility of the accounting personnel to pass upon the fairness of the prices at which such property has been disposed of nor to question the judgment of the contracting officer in authorizing such disposal. The results of their review should be included in any report prepared for the guidance of the contracting officer in connection with the proposed settlement. (See Termination Accounting Manual, paragraphs 2301 et seq., 3201, 3501 et seq.).

§ 815.364 *Credit risks on sales.* Sales will ordinarily be made for cash. No contractor or subcontractor shall be obligated to sell except for cash, and credit will be extended by any contractor or subcontractor at his own risk.

§ 815.365 *Disposition of property by subcontractor.* The sale or disposition of property related to the terminated contract which is in the hands of subcontractors or suppliers will be dealt with in accordance with any applicable provisions of the subcontract or purchase order in question and with substantially the same procedures, prescribed in § 815.350, and for the disposition of property in the hands of prime contractors. Except as provided in § 815.359, all disposals or retentions of property by subcontractors involving a loss which will become a part of termination charges to be borne by the Government should be submitted to the prime contractor for necessary approval or should be made consistently with a program approved by the prime contractor acting pursuant to authority granted by the contracting officer.

§ 815.366 *Approval of contracting officer.* Normally both the prime contractor and any subcontractor or supplier will desire to have the contracting officer's approval of the sale or retention by such subcontractor or supplier of property, acquired in connection with the performance of a terminated contract. Such sales or retentions will enter as credits into the settlement of the termination charges of such subcontractors or suppliers and in obtaining reimbursement of these charges, prime contractors will need to obtain the approval of the contracting officer (see § 815.325 (b)). Accordingly such approval should be obtained currently as the prime contractor authorizes each sale or retention of property, unless he is acting within the range of a prior grant of authority pursuant to § 815.359. The contracting officer in granting or withholding such approval must as a practical matter rely on the prime contractor's judgment and should grant approval in all cases where a proposed sale or retention recommended by the prime contractor is consistent with usual business practice, and with the regulations relating to sales of termination inventories set forth in Part 807.

§ 815.367 *Transfer of title to the Government.* Provisions governing the transfer to the Government of title to property in the possession of contractors and subcontractors are set forth in § 815.863.

§ 815.370 *Sales of Government-owned facilities.* When any supply contract is terminated, the contracting officer will ascertain whether or not the contractor is in possession of any Government financed-facilities required under any Emergency Plant Facilities contract, Special Facilities contract, Defense Plant Corporation lease agreement, facilities article set forth in § 803.332, or other contract, lease or article providing for facilities to be financed by the Government, and will determine or recommend to higher authority whether or not such possession by the contractor should be terminated. Generally, disposition of such facilities will be in accordance with the terms of the termination provisions in the facilities contract, lease or article, as the case may be. Subject to such provisions, disposition of such facilities (other than real estate) will follow the procedure set forth in Part 807. When the standard Government-owned facilities article (§ 803.332) is included in a supply contract, the contracting officer should ascertain whether the contractor has been given written approval to use such facilities for any additional work for which the Government has contracted. The last sentence in paragraph (b) of the standard Government-owned facilities article prescribed in § 803.332, reads as follows:

> The government hereby grants to the contractor the right to use, without the payment of rental therefor, such facilities in connection with the work herein contracted for and, subject to written approval of the contracting officer, for any additional work for which the government may contract.

If such prior written approval has been given, the contracting officer would be without authority to direct the disposition of such facilities.

§ 815.375 *Government-furnished equipment and free-issue property.* Government furnished equipment and Government free-issue property included in termination inventories may be sold or otherwise disposed of by the contracting officer in accordance with the regulations relating to sales of termination inventories set forth in Part 807.

§ 815.376 *Property to which the Government has security title by virtue of provisions of contract article governing partial payment.* Property to which the Government has security title by virtue of provisions of a contract article governing partial payments of the type set forth in §§ 803.330 and 803.331 may be disposed of in termination proceedings pursuant to the provisions of the new uniform termination article (§§ 803.324, 815.901) or the old standard termination article (§ 815.901a) and this part, irrespective of whether subparagraph (d) is contained in the partial payment article as authorized by §§ 803.330, 803.331 and 803.331a. In approving the disposition of such property to or through the contractor, care will be exercised to protect the interest of the Government or of assignees as provided in § 815.350 (d).

Preparation and Review of Contractors' and Subcontractors' Accounting Statements and Proposals for Settlement: Accounting Guides to a Negotiated Settlement

§ 815.400 *Summary of action to be taken with respect to presentation of contractor's statements and proposals for settlement.* The following principal steps will be taken to bring about the settlement and payment of amounts, if any, due to the contractor and his subcontractors and suppliers in connection with the termination settlement:

(a) An initial conference will be held with the contractor at or about the time that the termination notice is sent (see § 815.322). At this conference the general outlines to be followed in making the settlement will be negotiated and a definite program for its completion will be worked out in detail.

(b) The contractor will file the appropriate Standard Forms referred to in § 815.402, in accordance with the Instructions set forth in §§ 815.403 and 815.939 (l).

(c) The various subcontractors will file with their immediate purchasers similar appropriate Standard Forms. In any instance where the settlement of a subcontract is likely to be complicated, the preparation of the Standard Forms should usually be the subject of a conference between the prime contractor or the subcontractor and his immediate supplier.

(d) Each contractor and subcontractor will review, through his own personnel, the statements presented by his immediate subcontractors and suppliers (see §§ 815.431 to 815.435, inclusive) and will negotiate settlements with them, subject to the approval of the contracting officer where such approval is required.

(e) The contracting officer will utilize the services of the Government accounting personnel in connection with the settlement to the extent that he deems desirable in the particular case. In this connection special attention is invited to the fourth paragraph of the memorandum of the Under Secretary of War dated 10 February 1944 set forth in § 815.422. Any report requested of Government accounting personnel (see § 815.424), and the comments and recommendations therein contained, will be regarded as advisory only and will not bind or control the discretion of the contracting officer.

§ 815.401 *Negotiated settlement compared with a formula settlement.* The preparation of accounting data and of a proposal for settlement are designed to facilitate the negotiation of a settlement of the amount due in connection with the termination of the contract. Such a negotiated settlement is authorized by paragraph (c) of the new uniform termination article for use in lump sum supply contracts (§§ 803.324, 815.901) and in the old standard article (see § 815.901a). If such a settlement cannot be negotiated between the contracting officer and the contractor, then, under the termination article, settlement will be made in accordance with the formula contained in paragraph (d) of both the new uniform article (§ 803.324) and the old standard article (§ 815.901a). A negotiated settlement can be made more expeditiously than a formula settlement and results in more prompt payment of the amounts owing to contractors and subcontractors. The method of settlement by negotiation, therefore, is to be regarded as the primary and more satisfactory method of settlement. Settlement by formula will be a secondary method and will be resorted to as provided in § 815.560.

§ 815.402 *Standard Forms.* Standard Forms have been adopted covering (a) Contractor's Settlement Proposal, Forms A–1, A–2, A–3 and A–4 (set out in § 815.937 (a), (b), (c), and (d)); (b) Contractor's Own Charges Schedule, Forms B–1 and B–2 (set out in § 815.938 (a) and (b)); and (c) Inventory Schedule, Forms C–1, C–2 and C–3 (set out in § 815.939 (a), (b) and (c)). These forms are for use by prime contractors and subcontractors alike. The terms "subcontractor" and "supplier" are used interchangeably to refer to such persons in all tiers, and include materialmen.

§ 815.403 *General Instructions for use of Standard Forms.* The following General Instructions are applicable to the use of the Standard Forms referred to in § 815.402:

GENERAL INSTRUCTIONS FOR USE OF STANDARD FORMS IN PRESENTING SETTLEMENT PROPOSALS ARISING FROM TOTAL OR PARTIAL TERMINATION OF FIXED PRICE SUPPLY CONTRACTS

I. INSTRUCTIONS APPLICABLE TO ALL FORMS

General policy regarding use of standard forms. 1. As a means of assisting prime and subcontractors in the preparation of settlement proposals and of expediting the review of such proposals, the War Department has provided standard forms for general use.

2. These forms are to be used in connection with all fixed price supply contracts terminated after 15 May 1944. In exceptional cases, if the forms fail to present the essential facts or are not sufficiently applicable, contracting officers may authorize some other method of presentation on forms specially designed for the purpose. Contractors having contracts terminated prior to 15 May 1944 should also use the forms, where proposals have not yet been prepared on other forms. All subcontractors should use the standard forms, to the greatest extent practicable.

3. Contracting officers are authorized to permit the omission of data called for by the standard forms in particular instances to the extent that such data are not applicable, are not reasonably obtainable, or are not deemed necessary for the adequate substantiation of proposals for settlement or for disposal of property and to require additional data when necessary for settlement.

4. Information should be supplied in accordance with the requirements set forth on the forms. Failure to do this may result in delayed settlements.

5. The forms are designed to present information required for settlement of terminated contracts as well as for disposal of property resulting from such terminations. In connection with property disposal, contractors and contracting officers will be guided by the general policy that, without delaying the final settlement, surplus raw materials and work in process should be disposed of finally, to the extent practicable, promptly after termination so that delivery of property or passing of title to the Government will be unnecessary. Where the settlement proposal is less than an amount to be prescribed from time to time in regulations, *all* property involved should normally be finally disposed of so that no delivery or passing of title to the Government is involved.

Types of Standard Forms Provided. 1. The following outline indicates the individual forms provided and when they are to be used:

Where Settlement Proposal, before Disposal Credits, is $10,000 or over—Long Form Procedure

Form A–1 Contractors Settlement Proposal—Summary Statement:

This Statement is supported by a schedule of the contractor's own charges to date of termination—B–1 or B–2.

Form B–1 Contractor's Own Charges Schedule—If contractor is presenting his charges on an *Inventory* basis.

Form B–2 Contractor's Own Charges Schedule—If contractor is presenting his charges on a *Total Cost* basis.

The "B" schedule is supported by Inventory Forms:

Form C–1 Raw Materials, Purchased Parts and Supplies.

Form C–2 Work in Process.

Form C–3 Jigs, Tools, Dies, Fixtures, etc.

Where Settlement Proposal, before Disposal Credits is Under $10,000—Combination Form Procedure

One Combination Statement Form may be used.

Form A–2, if contractor is presenting his proposal on the *Inventory* basis.

Form A–3, if contractor is presenting his proposal on a *Total Cost* basis.

Where Settlement Proposal is under $500 the Short Form A–4 may be used

2. Even though a particular settlement proposal, before disposal credit is under $10,000 the contractor may use the "C" schedules if he finds them more appropriate, or he may use the entire long form procedure, if he prefers.

Inventory vs. Total Cost Methods for Presenting Proposals. 1. Under the inventory method, the costs allocable to the work done on the uncompleted portion of the contract plus profit, if any, are presented in the proposal. This method should be followed, wherever practicable.

2. Under the total cost method, the costs applicable to all work done on the contract are summarized, plus profit, if any, and deduction is made for payments made or to be made for completed units. This method should be used only when the inventory method is not practicable.

Cost Data Presented in Standard Forms. 1. In presenting all cost data on standard forms the contractor should be guided by the Statement of Principles for Determination of Costs Upon Termination of Government Fixed Price Supply Contracts (§ 815.481) issued by the Joint Contract Termination Board, together with any further interpretations which may subsequently be issued.

2. It is of special importance that adequate explanations be submitted as to the methods followed in allocating common items of inventory, common claims of suppliers, indirect factory expense, and general administrative expense.

Finished Units on Hand at Date of Termination. 1. Normally prime contractors will obtain payment for finished units at the contract price and such units will not be reported on inventory forms.

2. Subcontractors may not in all cases be permitted to obtain payment through regular billing procedure for finished units on hand at date of termination. If such finished units can properly be included in the settlement proposal under the existing contractual arrangements, they should be reported as follows:

Contractors Using Combination Form Procedure

List and describe in Inventory Schedule provided on Form A–2 or A–3.

Contractors Using Long Form Procedure

Use a separate page of Form C–1 with headings appropriately modified.

1. In filling out the inventory schedules, it is permissible to lump small quantities of items under a "Sundry" caption with a general description of the type of items included, where the aggregate amount involved does not warrant greater detail. As a general rule, the cost of the items included under the "Sundry" caption should not total more than 20% of the total cost of the particular inventory classification or $1,000—whichever is less.

2. If the proposal is submitted on the "Inventory" basis, no item of property for which the contractor does not propose to make a charge need be listed. If, however, the contractor seeks any profit on such items, the basis of such a charge must be clearly set forth.

Miscellaneous Instructions. 1. A separate set of forms should be submitted for each contract terminated unless grouping of several contracts of the same contractor for settlement purposes is approved by the contracting officer.

2. All certificates must be signed by authorized representatives of the contractor. Only one executed certificate is required for each form or schedule—irrespective of the number of pages—unless additional certificates are requested by the contracting officer.

Other Applicable Regulations—War Department Contracts. 1. The general procedures for the handling of terminated War Department fixed price supply contracts are contained in Procurement Regulations No. 15. Instructions as to the accounting review of termination settlements by Government personnel are contained in TM 14–320, Termination Accounting Manual for Fixed-Price Supply Contracts.

2. These regulations should be consulted by contractors as further guides as to the nature of the data to be presented in these standard forms.

II. INSTRUCTIONS APPLICABLE ONLY TO LONG FORM PROCEDURE

Time of presenting individual forms. 1. The following plan may be followed, to the extent practicable:

a. Submit "C" Inventory Schedules as quickly as possible to facilitate disposition of inventory. Cost data should be completed to the extent practicable, without unduly delaying submission of forms. However, cost information is particularly needed for property disposal purposes in connection with property listed on the C–1 form.

b. Submit "B" Contractor's Own Charges Schedule supported by "C" schedules containing cost data so that the accounting review of these charges can be started.

c. Submit "A" Contractor's Settlement Proposal—Summary Statement which is the basis for the negotiation of a final settlement.

2. All of above forms and schedules may, however, be filed at one time. In some cases the "C" schedules can be filed first and then the "B" schedule and "A" form be filed together.

Inventory schedules. 1. Where any inventory schedule requires the use of two or more sheets, the entire heading need not be repeated on the second and subsequent sheets. Only the contractor's name and the Government contract number, need be repeated, plus the required page number information.

2. Inventory schedules listing Government owned property should be submitted *only* for property disposition purposes and should *not* be filed as a part of the Settlement Proposal. "Contractor Owned" inventory includes all property for which reimbursement may be claimed even though security title may have passed in connection with partial or progress payments.

3. Special instructions for describing inventory in column 2 of all "C" forms have been prescribed to facilitate property disposition and to comply with the requirements of the various property disposal agencies. These instructions are attached as Appendix A (see § 815.939 (d). Additional instructions and administrative interpretations may be given from time to time through contracting officers.

§ 815.404 *Special instructions applicable to Forms C–1, C–2 and C–3.* Special instructions have been adopted for the description of inventory in Forms C–1, C–2 and C–3, and are set out in § 815.939 (d) immediately following these forms.

§ 815.405 *Penalties for false certification.* Contractors and subcontractors, in executing the certificates included in the standard forms, are subject to penalties for any false certification. (See 18 U. S. Code 80.)

§ 815.406 *Prompt submission of proposed settlements with subcontractors.* Proposed settlements with subcontractors, which are to be approved or ratified by the contracting officer pursuant to the provisions of § 815.437, should be submitted to the contracting officer from time to time as promptly as it is possible to do so.

§ 815.407 *Documentary evidence in support of contractor's statement.* War Department requirements as to documentary evidence, such as are in force with respect to cost-plus-a-fixed-fee contracts, are not applicable to negotiated termination settlements of fixed price supply contracts. In the case of settlements by negotiation, no such documentary evidence is to be submitted to the disbursing officer. Contractors and subcontractors, however, are held to the standards of good commercial practice as to possession and maintenance of records, and should preserve all pertinent records and supporting papers so that the Government can make such inspection of them as it deems necessary. In paragraph (h) of the new uniform termination article (§§ 803.324, 815.901), a requirement of preservation of such records for three years has been established. It should be remembered that when a fixed price supply contract is completed, the contractor is not ordinarily required to prove his costs under the contract, except possibly in connection with renegotiation proceedings, and even these are usually conducted on an "over-all" basis for each contractor. The contractor should therefore not be required to state his costs in unreasonable detail in connection with termination proceedings. There is no justification for obliging a contractor to maintain an otherwise unnecessarily elaborate cost accounting system merely because of the possibility that his fixed-price contracts may be terminated for the convenience of the Government.

§ 815.420 *Accounting review of the contractor's and subcontractors' statements.* Accounting reviews will be made in accordance with the provisions of § 815.421 et seq.

§ 815.421 *The Termination Accounting Manual.* The Termination Accounting Manual is designed (see § 815.109) for the assistance of contractors and accounting personnel in reviewing the statements and proposals of contractors and subcontractors.

(a) *Matters included in Termination Accounting Manual.* The Termination Accounting Manual contains certain of the provisions set forth in this part as necessary background for the instructions given to the Government accounting personnel. For the convenience of Government personnel engaged in and conducting termination settlements, there have been set out in this regulation certain material also found in the Termination Accounting Manual.

(b) *Termination Accounting Manual not applicable to formula settlements.* The Termination Accounting Manual (T. A. M., par. 1113) does not prescribe audit procedures for settlement made through the use of the formula set forth in paragraph (d) of either the old standard termination article (see § 815.901a) or of the new uniform termination article (§§ 803.324, 815.901), as contrasted with settlements made on the negotiated basis pursuant to paragraph (c) of such termination articles. Procedures for formula settlements will be determined by the chief of the technical service concerned consistently with this part and with accounting methods prescribed by the Office of the Fiscal Director, Headquarters, Army Service Forces. The cost principles set forth in § 815.480 and following sections will be applied in making formula settlements. Prompt written notice will be given to the Contract Termination Branch, Readjustment Division, Headquarters, Army Service Forces (through the chief of the technical service), of any settlement which is to be made in whole or in part on a formula basis but action by the chief of the technical service with respect to such settlement will not be delayed to await any action upon the report. Such report will contain a full statement of the issues remaining unsettled where a partial settlement has been effected (see §§ 815.535 and 815.560).

(c) *Examination of subcontractors' claims.* The Termination Accounting Manual (see T. A. M., par. 1114) is prescribed as a guide in making an accounting examination of claims of subcontractors when such examinations are to be made by Government accounting personnel (see § 815.437). It is also suitable for use by contractors in the examination by them of subcontractors' charges.

(d) *Termination Accounting Manual not applicable to sections of contract already on a cost basis.* Some fixed-price supply contracts provide that certain facilities shall be furnished on a cost basis. Since reimbursement has been made for these facilities on a cost basis to the extent completed, the Termination Accounting Manual is, therefore, not applicable to such portions of the contract (see T. A. M., par. 1115). The audit procedures in connection with costs of facilities contracts are set forth in the Manual for Administrative Audit of Cost-Plus-a-Fixed-Fee Supply Contracts.

§ 815.422 *Function of the contracting officer in reviewing statements and proposals of contractors.* The contracting officer has the responsibility for passing upon the contractor's proposal and arriving at an agreement with the contractor. In carrying out these functions, the contracting officer must decide the extent to which he requires independent review and verification of the contractor's statement by personnel qualified to deal with accounting matters (see T. A. M., par. 1104). In this connection, the accounting personnel operate to assist the contracting officer in an advisory capacity when such technical assistance is requested by him. Contracting officers will pursue a policy of reducing auditing to a minimum consistent with protecting the interests of the Government. Whenever possible, reliance should be placed on intelligent reviews of contractors' data rather than on detailed audits. In those cases where audits do appear to be necessary, it is also expected that they will be carried out in accordance with the principles of selective auditing (see T. A. M., par. 1106).

Attention is invited to the following memorandum of the Under Secretary of War which indicates the nature of the responsibility of the contracting officer to expedite negotiations and the proper method of utilizing the services of accounting personnel:

10 FEBRUARY 1944.

Memorandum for the Commanding General, Army Service Forces. The Commanding General, Army Air Forces.

Subject: Approval of Contractors' Statements of Charges in Contract Termination Settlements.

1. Termination procedures established in the contracting offices of the Army Service Forces and the Army Air Forces have not produced expected results. The reluctance of Contracting Officers to execute courageously their responsibilities as outlined in Procurement Regulation 15 [1] continues to delay unnecessarily contract termination settlements. This reluctance is evidenced by the number of settlements awaiting Contracting Officers' approval as to disposition of contractor-owned property or as to contractors' statements of charges. My position regarding disposition of contractor-owned property was discussed in memoranda dated 30 June and 30 December, 1943. It is important that the principles stated in those memoranda be applied.

2. Statistics available indicate that contractors' statements of charges are often substantially in excess of amounts included in negotiated settlement agreements. This condition arises in most cases because contractors are not completely familiar with the proper method of presenting a statement of charges. It is a primary duty of Contracting Officers to instruct contractors in the general principles stated in Procurement Regulation 15 [1] and the Termination Accounting Manual in order that they may be able to prepare statements of charges which can be included properly in the negotiated settlement agreements. At the time of the first conference with the contractor, the Contracting Officer should develop the general outlines on which settlement will be made. The problems of the particular case should be analyzed and wherever possible an agreement should be reached as to the general basis for the preparation of the contractor's statement. If properly done, this will reduce the amount of accounting review necessary and result in fewer differences between contractors' settlement proposals and the sum finally agreed upon.

3. It is the policy of the War Department, definitely stated in Procurement Regulation 15,[1] that the contractor receive fair and reasonable compensation for the work performed and for the supplies and articles furnished under the terminated contract. In this respect the work of Contracting Officers will be evaluated not by the extent to which they succeed in reducing the settlements proposed by contractors, but by the extent to which prompt settlements, which are fair both to the contractor and to the Government, are made.

4. The delay in approving contractors' statements of charges results not only from improper preparation of statements but also from the unreasonable utilization of detailed auditing. Reluctance to make use of the office review procedure and an insistence on field audits have delayed settlements for extended periods. It is important that office reviews of the scope outlined in Procurement Regulation 15 be utilized to the fullest extent and that field audits be the exception rather than the rule. Contracting Officers should bear in mind that in submitting statements to the Government the contractor represents that the facts stated are true and he is subject to penalty for any false certificate. (See 18 U. S. C. 80). Both Procurement Regulation 15 [1] and the Termination Accounting Manual place responsibility on the Contracting Officer for deciding the extent to which he requires verification of the contractor's statement. While the Contracting Officer should have adequate accounting information available in making his decisions, it is his responsibility to make prompt and final decisions after having obtained the reports prepared by accounting personnel.

5. It is suggested that Contracting Officers be instructed in accordance with the foregoing.

ROBERT P. PATTERSON,
Under Secretary of War.

§ 815.423 *Accounting personnel and function in connection with termination settlements.* In connection with termination settlements, Government accounting and auditing personnel will make those investigations, reviews and audits which are directed or requested by the contracting officer (see T. A. M. 1104) to determine that the settlement proposed is in accordance with the termination provisions of the particular contract, and that it is substantiated by the contractor's records and other supporting evidence.

§ 815.424 *Nature of accounting review.* The nature of the accounting examination to be required in each particular case will be determined by the contracting officer or by his duly authorized representative charged with that responsibility. In determining what type of review is necessary to protect the Government's interest, the contracting officer, or his appropriate representative, will have in mind the different types of review contemplated by §§ 815.421 (a) and 815.424 (b) and, after consultation with the accounting personnel (which usually should take place after the office review, see § 815.424 (a)) will give instructions as to what further examination, if any, is to be required in the particular case. The contracting officer will be warranted in relying upon the advice of the accounting personnel as to the extent of any such further examination required in any particular instance.

(a) *Office review by accounting personnel.* In every instance, in order to protect the Government's interests adequately, at least an office review will be made by qualified accounting personnel of each statement and settlement proposal submitted by a contractor in connection with a lump sum supply contract termination (see T. A. M. 1107).

(b) *Scope of office review.* In making the office review (T. A. M. 1107.1 et seq.) of the contractor's statement, the following matters should be given special attention:

1. Does each item appear to be of a type that is proper in the light of the definition of cost set forth in § 815.480 et seq.?

2. Does each item appear reasonable in amount in relation to other items in the statement?

3. Does each item appear reasonable in amount in relation to the stage of completion?

4. Do the quantities of material and work in process on hand appear reasonable in relation to the quantitative requirements of the uncompleted portion of the contract?

5. Does each rate of overhead, if overhead is included, appear reasonable?

6. Do the materials and items appear to be of a "common" nature (see § 815.150 (b)) and if such is the case has the portion thereof included in the statement been properly determined?

7. Does the statement appear to have been prepared in accordance with recognized accounting practices?

The office review will include a verification of the mathematical accuracy of the contractor's statement and supporting schedules and a check of the accuracy of information submitted in connection with (i) outstanding "V" loans and advance payments and (ii) schedules of completed units.

(c) *Appropriate extent of examination beyond an office review.* (1) It is the contracting officer's responsibility (see T. A. M. 1108) to determine what further examination will be made of the contractor's proposed settlement beyond the office review. In making this decision, the following factors should be considered among others:

(i) The amount and complexity of the proposed settlement.

(ii) The conclusions of the accounting personnel as a result of the office review.

(iii) Available reports of independent public accountants.

(iv) Any information available from War Department personnel having contacts with the operations under the contract.

(v) The status of renegotiation proceedings (see § 815.500).

(2) The contracting officer after such consultation with accounting personnel as he may deem appropriate, will then

[1] Part 815.

determine what further examination, if any, is to be made. The following further steps are illustrative of the types of additional investigation which may prove to be appropriate:

1. The contractor may be requested to submit additional data or explanations.

2. Governmental accounting personnel may be instructed to visit the contractor's plant to discuss the statement and to make any necessary reference to the accounting records.

3. An audit by qualified accounting personnel may be requested in accordance with the procedures outlined in this part and with the Termination Accounting Manual (T. A. M. par. 3101 et seq.).

(3) While it is the contracting officer's responsibility to decide whether or not an audit is to be made, the procedures by which such examinations are actually carried out are dependent upon the judgment and technical knowledge of the accounting personnel.

(d) *Accounting report to contracting officer.* Written evidence of the reviews of the accounting personnel, whether office reviews or more extensive examinations, will be submitted in an appropriate manner (see T. A. M. 1109, 4201 et seq.; see §§ 815.434, 815.532), to the contracting officer. The accountant's report should comment in reasonable detail upon the basis of the determination of the rate or rates of profits used in the computations. The report should also call to the attention of the contracting officer any special factors relating to the allowance of profit which should be given study in connection with the settlement negotiations and should suggest any qualifications of the results of the accounting computations which may occur to the accounting personnel as deserving consideration by the contracting officer. The following information should also be shown in the report in adequate detail:

(1) The summary of costs included in the accountant's report should be such as will disclose adequately by major classifications the nature of the work done;

(2) Relatively large costs arising from unprocessed standard raw materials may represent no substantial work and therefore should be separately shown;

(3) Costs of an unusual nature and important in amount should be shown separately.

The accounting report and computations may be considered by the contracting officer together with all other appropriate information and criteria in determining the amount of a proper settlement. He will give it such weight and qualify the results of its computations to such an extent as he may consider necessary or reasonable under all the circumstances.

(e) *Expediting partial payments.* Paragraph (g) of the new uniform termination article (§§ 803.324, 815.901) provides that "the Government shall make partial payments and payments on account, from time to time, of the amount to which the contractor shall be entitled under this Article", and the old standard termination article (§ 815.901a) contains a similar provision in paragraph (i). It is the duty of accounting personnel to facilitate such partial payments in every proper manner. For example, in appropriate cases a brief preliminary office review may suffice as a basis for the authorization of partial payment by the contracting officer.

§ 815.425 *Coordination of study of contractor's costs and auditing in certain cases with renegotiation and other termination proceedings.* All Government study of the contractor's costs and accounting work in connection with the performance of the terminated contract should be coordinated to avoid duplication of effort (see T. A. M. 1110, 1111).

(a) Auditing and accounting in connection with renegotiation and termination should be combined so far as possible (see § 815.550, T. A. M. 1110).

(b) Where more than one contract is being terminated the auditing should be consolidated (T. A. M. 1111).

(c) Full use should be made of accounting reports in connection with other termination settlements with the same contractor (T. A. M. 1116).

§ 815.431 *Responsibility of contractors and subcontractors to review claims of subcontractors and suppliers.* It is the primary responsibility of each contractor and subcontractor to review or examine in an appropriate manner all statements of charges and settlement proposals submitted by his immediate subcontractors and suppliers, arising out of the termination. The problem which he then faces is similar to that faced by Government personnel with respect to the statement of charges and settlement proposal of the prime contractor. Each contractor and subcontractor should advise his immediate subcontractors and suppliers that the statements of charges submitted by them may be audited by Government auditors. The subcontractor and supplier is thus put on notice that his statement of charges and settlement proposal will be used by his purchaser in compiling the latter's settlement proposal for submission either directly or indirectly to the Government.

§ 815.432 *Standard of care applicable to review.* In making such review or examination, the contractor and the subcontractor will be held to the same degree of care that a businessman would employ in the conduct of his own affairs, but will not be required to warrant the accuracy of the statements contained in the papers so reviewed or examined.

§ 815.433 *Office review of supplier's statement of charges and settlement proposal.* The contractor or subcontractor charged with the duty of making any such review or examination will at least cause an office review to be made, by qualified accounting personnel in his employ, of each statement of charges and settlement proposal submitted by his immediate subcontractors and suppliers. He should, in each such case, give special attention to the matters listed in § 815.424 (b).

§ 815.434 *Report of accounting personnel.* Each contractor or subcontractor will have his accounting personnel furnish a written report of each office review, and will upon request make a copy thereof available to his immediate purchaser and to Government personnel.

§ 815.435 *Appropriate extent of examination beyond an office review.* (a) It is the responsibility of each contractor and subcontractor to determine in the first instance what examination, if any, beyond an office review should be made by him of any proposed settlement with any of his immediate subcontractors and suppliers. In making this decision the following should be considered:

(1) The amount and complexity of the proposed settlement.

(2) The report of the office review.

(3) Available reports of independent public accountants.

(4) Any information available from personnel familiar with operations under the subcontract.

(b) If it is determined that any further examination should be made, the following are illustrative of the steps which may then be taken:

(1) The subcontractor or supplier may be requested to submit additional data or explanations in writing.

(2) The contractor or subcontractor may have his accounting personnel visit the supplier's plant to discuss the statement of charges, with such reference to the accounting records as may be appropriate.

(3) An audit may be made by qualified accounting personnel in accordance with the procedures outlined in the Termination Accounting Manual.

§ 815.436 *Settlement of subcontractors' and suppliers' claims.* (a) The settlement of subcontracts will be greatly facilitated by the use of the approved subcontract termination article (815.1006 (b)) in first tier or more remote fixed price subcontracts or purchase orders for the manufacture of supplies. When this article is employed the term "recognized commercial accounting practices", as used in the article, will be considered as equivalent to the statement of principles for determination of costs upon termination of Government fixed price supply contracts (§ 815.480). Other Governmental policies applicable to the uniform termination article (§§ 803.324 and 815.901) will also be recognized as applying to the subcontract article, as for example the policy against reimbursing contractors at the contract rate on termination for completed undelivered articles which represent unreasonable anticipation of production schedules (§ 815.320 (a)), and the policy against taking advantage of technical defaults when the real reason for termination is the termination of a prime contract by the Government (§ 803.379).

(b) It is the policy of the Government, unless the particular subcontract being settled provides otherwise, to favor the settlement of first tier or more remote subcontracts or purchase orders on the basis of the rights and principles embodied in the approved subcontract article. As wide use as possible should be made of the process of negotiation for settlement of terminated subcontracts. Except in those cases where the particular subcontract being settled contains a termination article specifically limiting the subcontractor's right of compensation in the event of termination to a smaller amount than is payable under the approved subcontract article, a settlement based upon a reasonable estimate by the parties of the aggregate amounts which would be due under subparagraphs (1), (2) and (3) of paragraph (b) of the approved subcontract article will be considered fair and reasonable. In some instances, because of the terms of the particular subcontract being settled, the Government will be under an obligation either to make reimbursement for, or to assure the defense against, a demand by a subcontractor or supplier which is greater in amount than would be recognized by the principles of the approved subcontract article. On the submission to the contracting officer for his approval of a settlement which provides for the payment of such an amount, the contracting officer will decide whether the settlement should be approved or ratified and whether the Government should protect the prime contractor or intermediate subcontractor from the asserted liability. See § 815.437.

§ 815.437 *Subcontractors' and suppliers' claims; investigation and approval by Government personnel*—(a)[1] *Contract provisions.* Paragraph (b) (5) of the uniform termination article (§§ 803.324, 815.901) for lump sum supply contracts provides that after receipt of a notice of termination, the contractor shall terminate all orders and subcontracts to the extent that they relate to the performance of work terminated and shall "settle all claims arising out of such termination of orders and subcontracts with the approval or ratification of the contracting officer to the extent that he may require, which approval or ratification shall be final for all the purposes of" such article. (Note 1.)

(b) *Authorizations to prime contractors, subcontractors and suppliers to make settlements with those having claims against them involving payment of not more than $10,000.* To expedite the settlement of subcontracts, contracting officers will authorize certain prime contractors, subcontractors and suppliers to settle termination claims asserted against them by their subcontractors and suppliers in cases where the settlement will not call for a payment in excess of $10,000 without deducting disposal credits. The terms and conditions under which such an authorization may be granted are set out in detail in § 815.437a. Such authorizations will be granted to the greatest possible extent where these terms and conditions are satisfied. Settlements made pursuant to such an authorization need not be submitted to the contracting officer for approval or ratification pursuant to this section.

(c) *Settlements in excess of $25,000.* The contracting officer will require that there be submitted to him for approval or ratification each settlement with a subcontractor in any tier where the settlement will be in excess of $25,000, determined in the manner provided in paragraph (d) of § 815.220. The chief of any technical service in his discretion may reduce the figure of $25,000, but shall not require approval of ratification of any settlement made under § 815.437a.

(d) *Settlements with first tier subcontractors.* The contracting officer will also require that each settlement by a prime contractor with his subcontractors in the first tier be submitted to him for approval or ratification, except settlements made under § 815.437a.

(e) *Settlements with second tier and more remote subcontractors.* It is recognized that (except as provided in paragraph (c) above) it will not ordinarily be feasible for contracting officers to review settlements made by subcontractors with their subcontractors, except in selected cases. In this connection the contracting officer will be guided: (1) By the necessity for the accomplishment of speedy and final settlements as well as the protection of the interests of the Government, and (2) by the policy of the War Department that a high degree of reliance must and should be placed on the investigation made by the reviewing contractor of the basis for the settlement. However, except as provided in § 815.437a below, it is the policy of the War Department that any settlement with any subcontractor in any tier may be selected by the contracting officer for approval or ratification; and the contracting officer should from time to time require selected settlements with subcontractors in the second or more remote tiers to be submitted for his approval or ratification, in addition to those referred to in subparagraph (c) above. The contracting officer should make such selections in such manner as (1) to satisfy himself that the general procedures and personnel employed by subcontractors which have negotiated settlements in relatively large amounts are adequate to protect the interest of the Government and (2) to insure the exercise of good faith and reasonable care by other subcontractors through the selective check of the methods and procedures of some of them.

(f) *Any subcontract settlement may be submitted for approval.* Any settlement with a subcontractor in any tier may be submitted by the prime contractor to the contracting officer for approval or ratification.

(g) *Method of submitting subcontract settlement for approval; forms.* Whenever a settlement with a subcontractor is submitted for approval or ratification the amount of the settlement will be included in a settlement proposal (partial or final) of the prime contractor on the appropriate Standard A Form set forth in §§ 815.937 (a) to (d), and must be accompanied by a certificate as to the examination made by the reviewing contractor and by certificates of intervening contractors. These certificates shall conform to the applicable portions of the certificates on the Standard A Forms and shall in each case be accompanied by a schedule made up with the same headings as shown in schedule A–1–c of Standard Form A–1 (§ 815.937 (a)). For the purpose of presenting these certificates, the use of Standard A Forms is recommended.

(h) *Standards for approval of subcontract settlements.* In determining whether to approve or ratify a settlement with a subcontractor which is submitted to him for approval or ratification, the contracting officer should satisfy himself that the settlement was arrived at in good faith and is not unreasonable in amount (see § 815.436), and that the allocation to the prime contract of the charges included in the settlement is based on reasonable grounds. This may be accomplished by an examination of the individual settlement. However, whenever the contracting officer is satisfied that the proposed settlement has received an adequate review, he will be warranted in approving or ratifying the settlement, on the basis of the prime contractor's and the intermediate subcontractors' certificates in connection with such settlement when such certificates are made in accordance with paragraph (g) hereof. The contracting officer may be satisfied with the general procedures of contractors by check of other settlements made by them or in any other appropriate manner.

(i) *Lower tier subcontract settlements which are not submitted for approval.* Final settlement may be made with the prime contractor without examination by the contracting officer or by Government accounting personnel of the individual settlements with subcontractors which are not submitted for approval or ratification pursuant to paragraphs (c), (d), (e) or (f) above, unless special circumstances indicate the need for such examination. Any settlement shall become final and not subject to examination if the settlement itself or another settlement in which it is included has been approved or ratified.

§ 815.437a *Authorizations to prime contractors and subcontractors to make subcontract settlements involving payments of not more than $10,000*—(a) *Authorizations of settlements by prime contractors.* In the settlement of fixed-price

[1] The old standard termination article (§ 815.901a) formerly authorized for lump sum supply contracts and the standard termination article (§ 803.324 (a)) for lump sum construction contracts contain no requirement that subcontract settlements be approved or ratified by the contracting officer where settlement of the prime contract is on a negotiated basis. However, because such articles provide that the contractor will be reimbursed for such of his costs, expenditures, liabilities, commitments and work as was "reasonably necessary", many contractors requested approval of contracting officers before making subcontract settlements. In addition, such articles require approval by the contracting officer of such settlements as a condition of reimbursing the contractor in a settlement by formula.

supply contracts, contracting officers will authorize prime contractors to settle their terminated subcontracts and purchase orders wherever:

(1) The settlement agreement will call for the payment of not more than $10,000 without deducting disposal credits,

(2) The contracting officer is satisfied that the prime contractor will give adequate reviews to subcontractors' statements of charges and to subcontractors' proposals for retention or sale of property allocable thereto, and

(3) All the property allocable to the terminated portion of the subcontract or purchase order, the cost of which is included in the statement of charges, will be retained or disposed of by the prime contractor or the subcontractor and credited at fair and reasonable values.

Subparagraph (3) above is subject to the exception, however, that, if the prime contractor or subcontractor is unable to obtain what the prime contractor considers a fair and reasonable price for part or all of the property, taking into full consideration the difficulties to be encountered in the shipment and handling of small amounts of property if delivered to the Government, then the prime contractor may make special arrangements with the contracting officer for transfer of title and delivery to the Government of such unsold property.

The authorization permitted by this section may be given in connection with fixed-price supply contracts containing either the uniform termination article (§§ 803.324, 815.901) or the old standard article set forth in § 815.901a.

(b) *Authorizations to subcontractors.* Similar authorizations should also be extended by contracting officers to subcontractors at any tier under the same conditions, if the number of subcontracts justifies the authorization.

(c) *Affiliates of authorized contractor.* Authorizations given to the prime contractor or to subcontractors should exclude authority to settle claims of subcontractors which are affiliated with the authorized contractor.

(d) *Paragraph not applicable to cost-plus-a-fixed-fee prime contractors.* No authorization may be given in connection with the settlement of terminated subcontracts or purchase orders under cost-plus-a-fixed-fee prime contracts.

(e) *Selective review of settlement methods.* In the cases where the type of authorization permitted by this section has been granted, the contracting officer will from time to time make selective reviews of the settlements so made by the prime contractor or the subcontractor receiving the authorization, to determine whether the prime contractor or subcontractor is carrying out adequate reviews and fair settlements, and whether the authorization should remain outstanding.

(f) *Certificate required in connection with authorized subcontract settlements.* When contractors act under authorization granted to them pursuant to this section, the settlement agreement should bear an appropriate approval, signed by a representative of the contractor authorized to execute the same. Such approval in substantially the following form is authorized:

The undersigned certifies that it has examined, or caused to be examined, to an extent which it considers adequate in the circumstances, the statement of charges of its within named supplier, and that in its opinion the within settlement is properly allocable to the terminated portion of prime contract with the Government No. W ------- is fair and reasonable, was negotiated in good faith, and is not more favorable to said supplier than one which the undersigned would make if reimbursement by the Government were not involved. The undersigned certifies that it has no knowledge to doubt the reasonableness of the settlements with more remote suppliers or to doubt that the charges for them are allocable to said contract. The undersigned shall not be deemed to have made any representations with respect to the more remote suppliers' claims or the settlement thereof other than those expressed in this certificate.

On the basis of the foregoing, the within settlement is approved pursuant to authorization dated ----------, 194... All the property allocable to the terminated portion of the subcontract or purchase order, the cost of which was included in the statement of charges, has been retained or disposed of, and credited at what the undersigned considers to be fair and reasonable values.

(Name of Contractor)

By ---

(Authorized Representative)

(g) *Authorized settlements recognized in the absence of fraud.* Settlements made by a contractor (prime or sub) with a subcontractor in accordance with this authorization will be recognized for the purposes of the uniform termination article (§§ 803.324, 815.901) and of the old standard termination article (§ 815.901a), in the absence of fraud on the part of the contractor. Any settlements made by the subcontractor with his suppliers (and included in the settlement between the prime contractor and the subcontractor) in accordance with this authorization will be similarly recognized in the absence of fraud on the part of the prime contractor.

(h) *Section 815.220 not applicable to authorized settlements.* The provisions of § 815.220, relating to reviews of termination settlements are not applicable to settlements approved in accordance with the authorization provided for by this section.

(i) *Prior memorandum superseded.* The foregoing provisions of this section supersede the memorandum to the Commanding Generals of the Army Air Forces and Army Service Forces from the Under Secretary of War, dated 4 March 1944, subject: "Subcontract Settlements".

§ 815.438 *Definition of costs.* The definition of costs set out in § 815.480 et seq. is applicable to subcontractors' claims in connection with the compilation of costs, subject to any specific terms of the subcontract.

§ 815.439 *Subcontractors' inventories.* The contractors should satisfy themselves that the subcontractors have taken physical inventories of materials pertaining to the terminated contracts in substantially the manner outlined in the Termination Accounting Manual (par. 2201 et seq.).

§ 815.440 *Recognition of final judgments secured by subcontractors against prime contractors.* Under certain circumstances, final judgments secured by subcontractors against prime contractors in courts of competent jurisdiction will be regarded as determinations, binding upon the Government, of the amount of the obligation owing by the prime contractor to the subcontractor. In any case involving a subcontract which does not contain unusual termination provisions unreasonably increasing the common law rights of the subcontractor, and in which the prime contractor, after making unsuccessful efforts to settle with his subcontractor, is sued in a court of competent jurisdiction, gives prompt notice of such suit to the contracting agency involved and offers to the Government control of the defense of suit, the contracting officer should accept any final judgment as determining the amount of the obligation between the parties to the suit, and as fixing the amount of the Government's obligation to reimburse the prime contractor, to the extent that the subcontract is properly allocable to the prime contract. The propriety of this allocation remains for the determination of the contracting officer.

§ 815.441 *General basis of settlement.* The general basis of settlement is set forth in the following sections.

§ 815.442 *Contract provisions.* In determining what constitutes a proper negotiated settlement, the contracting officer must, of course, be wholly familiar with the contract provisions under which he is acting. Accounting personnel in preparing accounting guides for the contracting officer's assistance in negotiating such a settlement will also have these provisions in mind.

§ 815.443 *Termination articles; provisions for reimbursement of the contractor.* Under the uniform termination article (§§ 803.324, 815.901) and the old standard termination article (§ 815.901a), for use in lump sum supply contracts, reimbursement is to be made to the contractor upon the basis set forth in paragraphs (a) to (d), inclusive.

(a) *Payments for completed supplies.* Under the uniform termination article (§§ 803.324, 815.901) the contractor will receive the contract price of all completed articles which comply with the provisions of the contract and which do not represent unreasonable anticipation of production schedules, unless the contractor and the contracting officer agree on other disposition thereof (§ 815.320 (a)). Payment of the contract price for completed supplies under the old standard termination article (§ 815.901a) is provided for in paragraph (b) thereof.

(b) *Negotiated settlement.* Under paragraph (c) of the uniform termination article "the contractor and the contracting officer may agree upon the whole or any part of the amount or amounts to be paid to the contractor by reason of the total or partial termination of work • • •, which amount or amounts may include a reasonable allowance for profit". Similar provisions, with respect to the uncompleted portion of the contract, are contained in paragraph (c) of the old standard termination article.

(c) *Uncompleted portion of the contract; formula settlement.* Under paragraph (d) of the old standard termination article (§ 815.901a), and in the new uniform termination article (see §§ 803.324, 815.901), if the contracting officer and the contractor cannot agree upon a negotiated settlement pursuant to the applicable termination articles, the Government, without duplication of any other payments made pursuant to the termination article or prior to giving notice of the termination of the contract, shall compensate the contractor in accordance with the formula set out in paragraph (d) of the applicable article. Attention is invited to §§ 815.535 and 815.560 which discuss the possibility of partial negotiated settlements.

(d) *Expenses of settlement and post termination expenses.* Under paragraph (c) of the uniform termination article and under paragraph (e) of the old standard termination article, the contractor and the contracting officer may agree upon the amount to be paid for post termination expenses and settlement costs. If the parties are unable to agree as to the amount so to be paid, the provisions of paragraph (d) (3) of the uniform termination article and the appropriate provisions of paragraph (e) of the standard termination article apply.

§ 815.444 *The contract article; limitations on reimbursement.* There are certain limitations on reimbursement of the contractor which should be taken into account in connection with negotiating a settlement and in preparing an accounting guide for assistance in such negotiation. These are referred to in §§ 815.444 (a) to (c), inclusive.

(a) *Maximum payments.* Under paragraph (g) of the old termination article (§ 815.901a), the payments to be made under the article, when added to "the sum of all amounts previously paid under the terminated contract, shall not exceed the total contract price", adjusted as provided in paragraph (g), in the event that the contract contains an article providing for price adjustment or an escalator clause. A somewhat similar limitation applicable to formula settlements is found in paragraph (d) of the new uniform termination article (see §§ 803.324 and 815.901). Even under the new uniform termination article no negotiated settlement will cause total payments under the contract (other than reimbursement of post termination expenses) to exceed the contract price, except with the written approval of the Director, Readjustment Division, Headquarters, Army Service Forces.

(b) *Supplies undeliverable because of destruction or damage.* Under the conditions provided in paragraph (d) of the uniform termination article, except for normal spoilage and to the extent the Government shall have otherwise expressly assumed the risk of loss, the contractor is not to be reimbursed with respect to property which is destroyed, lost, stolen or damaged. The corresponding provision, differing in certain respects, is contained in paragraph (d) of the old standard termination article. These provisions are strictly applicable only to formula settlements. They should, however, be given consideration in connection with negotiated settlements.

(c) *Miscellaneous offsets.* Paragraph (e) of the uniform termination article and paragraph (f) of the old standard termination article provide for certain additional offsets and deductions which should be taken into account.

§ 815.445 *Accounting guides for use in connection with negotiating settlement.* In negotiating a settlement, the contracting officer should have as a guide an accounting memorandum, prepared by Government accounting personnel, containing the available accounting data as to the costs incurred by the contractor with respect to the uncompleted portion of the contract and computations based upon such data and other available information as to the rate of profit which it is expected the contractor would have earned if he had been permitted to complete the contract. This accounting memorandum will ordinarily be prepared upon one or the other of the bases set forth below in § 815.446.[1] This memorandum will not limit the contracting officer in arriving at what he considers to be a proper settlement, but should be given weight by him in connection with other relevant and available criteria and considerations.

§ 815.447 *Treatment of disposal credits.* Disposal credits may arise either from the retention of items by the contractor or subcontractor or from the sale of property to others. The total amount of such credits will be deducted in arriving at the amount of the Settlement Proposal. (See §§ 815.937 (a) to (d), inclusive.)

§ 815.448 *Claims of subcontractors.* The costs arising out of the settlement of claims of subcontractors with respect to the uncompleted portion of the contract as of the effective date of the termination notice, and as properly approved by the contracting officer, will be added to the portion of any proposed settlement covering the contractor's own costs. However, in negotiating a settlement, and in determining a proper profit allowance, appropriate consideration may be given by the contracting officer to the extent of the actual work done by the contractor in arranging and supervising a program of subcontracting.

§ 815.449 *Determination of profit in connection with negotiated settlement.* Paragraph (c) of the standard termination article (§ 803.324) provides that the contracting officer shall include in a negotiated settlement such allowance for profit with respect to the uncompleted portion of the contract as is reasonable under all the circumstances. The contracting officer is not tied down to any particular method of computing this profit allowance. He must exercise a sound judgment in determining a method appropriate for use in each particular case. As guides for his assistance in negotiation, the principles and computations mentioned in §§ 815.450 and 815.451 may be taken into account. However, in such negotiations the contracting officer should agree only to such allowance for profit as is fair in the light of (1) work actually done by the contractor and (2) materials actually obtained or furnished. It is not intended that the contractor shall be allowed any profit with respect to work which has not been done.

The extent to which profit on the uncompleted portion of the contract will be permitted should depend principally on the contracting officer's estimate, under all the circumstances in each instance, of the extent to which the contrator has completed his work on the uncompleted portion of the contract. For determining this the contracting officer should consider the following factors among others:

(a) The total work required of the contractor and the extent to which this has been completed.

(b) The difficulty of the work which has been done and of that which remains to be done.

(c) The extent to which engineering work, production scheduling, planning, technical study and supervision, and other services involving special skill and knowledge, have been performed by the contractor. [Such work is frequently properly applicable to work or units not completed as well as to completed units.]

(d) The extent to which costs already incurred involve only the purchase of raw materials and standard parts and supplies.

(e) The extent to which the work of arranging and supervising a pogram of subcontracting has already been done by the contractor and its importance in the performance of the contract.

Even if the formula method (see § 815.450) of computing a profit is not employed, these factors should be given consideration and appropriate weight in reviewing and testing the fairness of the accounting guides and profit computations prepared by the accounting personnel (see §§ 815.445 et seq., 815.451).

§ 815.450 *Contract formula profit computation.* A computation of profit may be made in general along the lines of the formula which would be applicable, pursuant to paragraph (d) (3) of the termination article (§803.324), in the event that it should prove impossible to negotiate a settlement of the amount due with respect to the uncompleted portion[1] of the contract. The formula method is computed in three steps:

(a) The contracting officer estimates the profit which the contractor would have "realized on the uncompleted portion of the contract if the contract had been completed and labor and material costs prevailing at the date of termination had remained in effect".

(b) He then "estimates from a consideration of all relevant factors, the percentage of completion of the uncompleted portion of the contract".

(c) He multiplies "the anticipated profit determined under (a) by the percentage determined under (b). The result is the amount to be paid to the Con-

[1] § 815.446 is reserved.

[1] In the case of a lump sum construction contract containing the standard termination article § 803.324 (a), the profit formula for use in a formula settlement is found in paragraph (d) (3) of that article.

tractor as a proportionate share of profit, if any, "upon the uncompleted portion of the contract."

For example, if it is estimated (1) that the total profit on the uncompleted portion of the contract, if completed, would have been $100,000, and (2) that the portion of the contract not represented by completed articles is half complete—under the formula the contractor would be allowed $50,000.

It is to be emphasized that the use of this formula for the computation of profit is not required where a settlement is effected by negotiation. Even if the contracting officer uses the formula method he is not bound to apply it in any rigid manner (see § 815.443 (c)) for the formula method for computing a profit in effect, is only a statement of fair, general principles for the guidance of the contracting officer. Its use involves the exercise of sound administrative judgment in the light of all relevant criteria.

§ 815.451 *Indicated profit rate computation.* In many cases an approximation of the rate of profit which would be allowed by a formula settlement may be obtained by applying an appropriate rate of profit to all costs of the uncompleted portion of the contract or different rates of profit to the several classes of costs (see T. A. M. 1206 et seq.).

(a) *Indicated rate; how computed.* Where a single rate of profit is to be applied to all or some of the contractor's costs, the rate may be, and should not exceed, the rate of profit which, it is indicated, would have been earned under the contract if the contract had run to completion. If different rates are to be applied to the several classifications of the contractor's costs, the weighted average of these rates should not exceed the indicated rate. The indicated rate should be determined in the light of the following factors:

(1) The contractor's accounting data as to the costs of performance of the contract prior to the effective date of the termination notice.

(2) The contractor's data as to the costs which would probably have been incurred necessarily in completing performance of the contract, if the contract had run to completion.

In computing the indicated rate there may be taken into consideration nonrecurring preparatory costs and other "starting load" costs incurred in the early periods of the contract but which are properly applicable to the entire contract (see § 815.490). Where the contract is terminated at an early stage there frequently will be inadequate data available to indicate what rate of profit would have been earned if the contract had been completed. In such cases, a rate of profit should be employed which is reasonable in the light of the contractor's cost analyses furnished at the time of placing the contract, the available financial data as to the contractor's general operations (obtained through prior renegotiation proceedings or otherwise), information obtained as to the profit experience of other contractors of equal efficiency engaged in comparable work and other similar criteria.

(b) *Application of indicated rate to costs.* The amount of profit may be computed by applying one rate so determined to all the appropriate costs or different rates to various classes of costs. In selecting the rate or rates of profit to be so applied, consideration should be given to the nature of the work and services of the contractor involved in the costs to which the rate or rates of profit are applied. For example, if certain of the contractor's costs represent only purchase of raw materials and standard parts, a lower rate of profit (representing only a handling profit or charge for services in purchasing such materials and parts) may be applied to such costs than to costs which represent materials partly manufactured by processes requiring substantial engineering, tooling, technical skill and supervision. On the other hand, there may be employed an average rate, determined on the basis of an appraisal of all the work done and services rendered by the contractor and reasonable in the light of the available data as to the contractor's indicated rate of profit.

The rate or rates of profit will be applied to the appropriate inventory costs when the inventory method is used. When the total cost method is used, the rate or rates of profit so determined will usually be applied to total costs on the contract, inasmuch as the payments for completed units (which include an allowance for profit) are to be deducted from total costs under the total cost method of computation. Under either the inventory or total cost method, the contracting officer, in his sound judgment and discretion, should exclude from the costs to which the rate of profit is applied the costs of any items with respect to which the contracting officer is of the opinion that the contractor has performed no substantial service, or he may make such other modifications of the results of the application of the profit rate as in his judgment (1) are necessary to protect the Government's interests or to be fair to the contractor under all the circumstances and (2) to compute a reasonable profit with respect to the work actually done on the uncompleted portion of the contract (see § 815.449).

§ 815.452 *Effect on calculations when a loss on the entire contract is indicated*—(a) According to the provisions of the formula contained in paragraph (d) of the termination article (§803.324) the contractor is to receive reimbursement on the basis of his costs applicable to the uncompleted portion of the contract regardless of an indicated loss applicable thereto. If in connection with a negotiated settlement it is desired to apply the same principle, it may be done, although, of course, the formula is not controlling when a negotiated settlement is made (see § 815.443 (c)). Under the inventory method no deduction is necessary for an indicated loss because the method of settlement does not deal with the costs applicable to the completed units.

(b) Under the total cost method, however, it is necessary to adjust the amount deducted for payments for the completed units to reflect the fact that the indicated cost of these units exceeds the contract price. Thus, if a 6% loss on cost were indicated, the contract price of the completed units would represent 94% of the indicated cost. By dividing these contract prices by 94%, the indicated cost can then be determined. The deduction of the higher amount will then leave in the indicated equitable settlement only the costs applicable to the uncompleted portion of the contract. (See illustration, § 815.454.)

§ 815.453 *Total cost method of computation illustrated where profit is indicated.* The total cost method of computing a guide for use by the contracting officer in reaching a negotiated settlement may be illustrated as follows:

Add	
1. Total contract costs incurred (excluding claims of subcontractors)	$1,000,000
2. Rate of profit applicable (not in excess of indicated contract rate as determined from available data) in relation to such contract costs. For example, this is taken at the rate of (8% (of costs [1]) which is illustrative only, inasmuch as the rate of reasonable profit will vary depending upon the facts of the particular case	80,000
	1,080,000
Deduct	
3. Payments already made for completed and delivered units	600,000
4. Payments to be made for completed units not delivered	50,000
	650,000
5. Indicated equitable settlement for uncompleted portion of the contract before deductions for disposal credits and excluding subcontractor's charges and other adjustments	430,000

[1] In the example given above a rate of 8% of costs is equal to a rate of 7.4% of the total of costs plus profit.

NOTE: In the foregoing example, it has been assumed that it is not necessary in the particular case to exclude from the cost base, to which the agreed percentage of profit is applied, any items of cost on the ground that they do not represent substantial work by the contractor. (See § 815.451 (b).) If the contract costs include any allowance for special obsolescence (see § 815.485), a deduction should be made from the cost base for the purpose of computing the allowance for profit. Also the example does not take into account all of the adjustments referred to in § 815.444 (c).

§ 815.454 *Total cost method of computation illustrated where no profit is indicated.* Assume an indicated loss of 6 percent on the cost of the entire contract:

Payments made and to be made for completed portion	$650,000—94%
Indicated cost of completed portion (A)	691,489—100%
Total contract costs incurred to date of termination	$1,000,000
Indicated cost of completed portion (A)	691,489
Indicated equitable settlement for uncompleted portion before deduction for disposal credits and excluding subcontractors' charges	308,511
Total payments to the contractor plus the indicated amount of the settlement would then be:	
Payments made and to be made for completed portion	650,000
Indicated equitable settlement for uncompleted portion (before deductions for disposal credits and excluding subcontractors' charges)	308,511
	[1] 958,511

[1] Also before certain adjustments referred to in § 815.444 (c).

§ 815.455 *Limitation on amount of settlement.* The amount of the negotiated settlement must not, when added to payments previously made or to be made, exceed the limit described in paragraph (g) of the termination article (§ 803.324; see § 815.444 (a)).

§ 815.480 *Necessity for determining costs.* In connection with termination settlements, it will frequently be necessary to determine costs. The "Statement of Principles for Determination of Costs upon Termination of Government Fixed Price Supply Contracts approved by the Joint Contract Termination Board, December 31, 1943" referred to in paragraph (h) of the new termination article (see §§ 803.324 (g) and 815.901), is reproduced below.[1]

STATEMENT OF PRINCIPLES FOR DETERMINATION OF COSTS UPON TERMINATION OF GOVERNMENT FIXED PRICE SUPPLY CONTRACTS

General principles. The costs contemplated by this Statement of Principles are those sanctioned by recognized commercial accounting practices and are intended to include the direct and indirect manufacturing, selling and distribution, administrative and other costs incurred which are reasonably necessary for the performance of the contract, and are properly allocable or apportionable, under such practices, to the contract (or the part thereof under consideration). The general principles set out in this Statement are subject to the application of any special provisions of the contract. Certain costs are specifically described below because of their particular significance, and, as in the case of other costs, should be included to the extent that they are allocable to or should be apportioned to the contract or the part thereof under consideration.

(a) *Common inventory.* The costs of items of inventory which are common to the contract and to other work of the contractor.

(b) *Common claims of subcontractors.* The claims of subcontractors which are common to the contract and to other work of the contractor.

(c) *Depreciation.* An allowance for depreciation at appropriate rates on buildings, machinery and equipment and other facilities including such amounts for obsolescence due to progress in the arts and other factors as are ordinarily given consideration in determining depreciation rates. Depreciation as defined herein shall not include loss of useful value of the type covered by subparagraph (f).

(d) *Experimental and research expense.* General experimental and research expense to the extent consistent with an established pre-war program, or to the extent related to war purposes.

(e) *Engineering and development and special tooling.* Costs of engineering and development and of special tooling; provided that the contractor protects any interests of the Government by transfer of title or by other means deemed appropriate by the Government.

(f) *Loss on facilities; conditions on allowance.* In the case of any special facility acquired by the contractor solely for the performance of the contract, or the contract and other war production contracts, if upon termination of the contract such facility is not reasonably capable of use in the other business of the contractor having regard to the then condition and location of such facility, an amount which bears the same proportion to the loss of useful value as the deliveries not made under the contract bear to the total of the deliveries which have been made and would have been made had the contract and the other contracts been completed, provided that the amount to be allowed under this paragraph shall not exceed the adjusted basis of the facility for Federal income tax purposes immediately prior to the date of the termination of the contract, and provided further than no amount shall be allowed under this paragraph unless upon termination of the contract title to the facility is transferred to the Government, except where the Government elects to take other appropriate means to protect its interests.

(g) *Special leases.* (1) Rentals under leases clearly shown to have been made for the performance of the contract, or the contract and other war production contracts, covering the period necessary for complete performance of the contract and such further period as may have been reasonably necessary; (2) costs of reasonable alteration of such leased property made for the same purpose; and (3) costs of restoring the premises, to the extent required by reasonable provisions of the lease; less (4) the residual value of the lease; provided that the contractor shall have made reasonable efforts to terminate, assign, or settle such leases or otherwise reduce the cost thereof.

(h) *Advertising.* Advertising expense to the extent consistent with a pre-war program or to the extent reasonable under the circumstances.

(i) *Limitation on costs described in subparagraphs (d), (e), (f), (g), and (h).* In no event shall the aggregate of the amounts allowed under subparagraphs (d), (e), (f), (g), and (h) exceed the amount which would have been available from the contract price to cover these items, if the contract had been completed, after considering all other costs which would have been required to complete it.

(j) *Interest.* Interest on borrowings.

(k) *Settlement expenses.* Reasonable accounting, legal, clerical and other expenses necessary in connection with the termination and settlement of the contract and subcontracts and purchase orders thereunder, including expenses incurred for the purpose of obtaining payment from the Government only to the extent reasonably necessary for the preparation and presentation of settlement proposals and cost evidence in connection therewith.

(l) *Protection and disposition of property.* Storage, transportation and other costs incurred for the protection of property acquired or produced for the contract or in connection with the disposition of such property.

Initial costs. Costs of a non-recurring nature which arise from unfamiliarity with the product in the initial stages of production should be appropriately apportioned between the completed and the terminated portions of the contract. In this category would be included high direct labor and overhead costs, including training, costs of excessive rejections and similar items.

Excluded costs. Without affecting the generality of the foregoing provisions in other respects, amounts representing the following should not be included as elements of cost:

(a) Losses on other contracts, or from sales or exchanges of capital assets; fees and other expenses in connection with reorganization or recapitalization, anti-trust or federal income-tax litigation, or prosecution of federal income tax claims or other claims against the Government (except as provided in paragraph (k) of General Principles); losses on investments; provisions for contingencies; and premiums on life insurance where the contractor is the beneficiary.

(b) The expense of conversion of the contractor's facilities to uses other than the performance of the contract.

(c) Expenses due to the negligence or willful failure of the contractor to discontinue with reasonable promptness the incurring of expenses after the effective date of the termination notice.

(d) Costs incurred in respect to facilities, materials or services purchased or work done in excess of the reasonable quantitative requirements of the entire contract.

(e) Costs which, as evidenced by accounting statements submitted in renegotiation under Section 403 of the Sixth Supplemental National Defense Appropriation Act, 1942, as amended, were charged off during a period covered by a previous renegotiation, may not be subsequently included in the termination settlement if a refund was made for such period, or to the extent that such charging off is shown to have avoided such refund.

To the extent that they conform to recognized commercial accounting practices and the foregoing Statement of Principles, the established accounting practices of the contractor as indicated by his books of account and financial reports will be given due consideration in the preparation of statements of cost for the purposes of this article.

The failure specifically to mention in this statement any item of cost is not intended to imply that it should be included or excluded.

§ 815.487 *Bond premium computation.* See § 804.408 (a) for bond premium computation on terminated contracts.

§ 815.488 *Infraction of C. M. P. regulations.* The War Production Board polices C. M. P. regulations and may impose applicable penalties for deliberate infractions, but it does not look for enforcement of such regulations to the contracting officers charged with settling terminated contracts. Contracting officers, therefore, may reach a decision, in accordance with the principles set forth in this part, as to the materials allocable to a contract in process of termination, without deciding whether such materials are in excess of any amount permitted by C. M. P. regulations of the War Production Board.

§ 815.489 *Continuing costs after notice of termination.* It may be impossible in many instances to discontinue certain costs and expenses incurred in connection with the performance of a contract immediately after notice of termination in spite of all reasonable efforts by the contractor to stop work promptly in accordance with the notice of termination. Where the contractor proceeds as rapidly as is practicable after receiving notice of termination to discontinue such costs

[1] The statement is designated paragraphs 15-481 to 15-486, inclusive, in the Procurement Manual.

in accordance with the notice of termination, reimbursement for such costs should not be denied merely because they were incurred after notice of termination.

Interim Financing of Terminations

§ 815.500 *War Department policy.* (a) The necessity of extending prompt financial assistance to war contractors in connection with the termination of their contracts is recognized by the War Department as of paramount importance. It is essential that procurement offices take definite action to ascertain which of their prime contractors and subcontractors desire interim financing and to see that it is made available to them.

(b) War contractors and subcontractors who are greatly overextended and are doing a volume of business wholly out of proportion to their working capital, may suffer acute financial embarrassment if they do not receive very promptly a substantial part of the amounts owing to them on terminated contracts. Moreover, interim financing is essential in order to provide ready working capital for such contractors and subcontractors quickly so that they will be enabled immediately to carry on or convert to other war work or, in the event of post-war termination, to undertake other production work. The importance of making every reasonable effort to effect interim financing at the earliest possible date by one or more of the following methods cannot be overemphasized:

(1) For contractors still in war production guaranteed V and VT Loans are now available which may be utilized to provide financing in the event of termination (§§ 803.319, 803.320, 815.502 and 815.503);

(2) It is expected that a new simplified type of guaranteed T Loan, solely for use on termination, will shortly be made available (§ 815.504);

(3) Contractors will be given liberal partial payments while their terminated contracts are in process of settlement (§§ 815.505 to 815.507 (d)).

(4) Advance payments authorized prior to termination may be used to pay for items reimbursable under the termination article (§ 815.508).

(c) In order that these loans and payments may be utilized to best advantage, contracting officers, fiscal officers and contractors themselves, must become fully conversant with the purpose of each type of financing and with the specific regulations applicable to it, and must know the actual steps necessary to make this financing effective. Pending issuance of more detailed regulations (now in preparation) there are set forth herein (1) a summary of the various types of interim financing and (2) recommendations as to the machinery which procurement offices should establish to insure that the benefits of such interim financing will reach all prime contractors and subcontractors who are entitled to such assistance.

§ 815.501 *Choice of method of interim financing.* It is the general policy of the War Department that contractors will be given partial payments of amounts owed them where that method of interim financing is administratively practicable. In the case of contractors who have numerous contracts with several procurement agencies or technical services or who are primarily subcontractors, financing through V, VT or T Loans will probably be the most practicable method for initially financing the borrower's total termination claims on an over-all basis.

§ 815.502 *V Loans.* (a) Guaranteed or Regulation V Loans were provided for under Executive Order 9112 in March, 1942, primarily for the purpose of financing subcontractors, mixed prime and subcontractors, and prime contractors where the latter held numerous contracts with several procurement agencies. In these cases over-all financing of the borrower's war production was needed as distinguished from financing of one or two prime contracts by advance payments.

(b) The practical procedure to obtain a V Loan is for the contractor to consult his local bank, and then, either personally or through the local bank, to discuss the matter with the Federal Reserve Bank and the Liaison Officer assigned thereto by the Office of the Fiscal Director, Headquarters, Army Service Forces. If the application appears reasonable, the Liaison Officer then requests the important interested war procurement agencies, technical services and prime contractors for opinions as to the necessity of the loan and the ability of the contractor to perform the contracts at the prices specified. Assuming such opinions are favorable (after presentation of a budget showing need for the money in connection with war production and other information) an agreement for the loan is entered into between the contractor and the local bank and a guarantee agreement in standard prescribed form is executed and delivered to the local bank by the Federal Reserve Bank, the latter acting as Fiscal Agent for the War Department. If the loan is over $100,000 the guarantee must be authorized by a financial contracting officer in Washington. The actual money is advanced by the local bank. The percentage guaranteed depends generally on the quality of the borrower's credit and normally does not exceed 90% except in the case of a very weak credit where a higher percentage of guarantee may be authorized if the production of the contractor is essential. The contractor pays interest at rates varying from 2½% to 5% per annum depending upon the risk, size of the loan, and supervision required. The Government receives a guarantee fee which varies with the percentage of guarantee. In the case of a 90% guarantee the fee is 25% of the interest payable on the guaranteed part of the loan.

(c) Under the provisions of section 6 of the standard form of guarantee agreement, V Loans give the borrower termination protection in that maturity is suspended until final settlement on a portion of the loan which bears the same ratio to the whole loan as the cancelled portion of the war producer's contracts bears to his total backlog of war contracts unperformed at the time of termination. Likewise interest is waived on this suspended portion of the loan and the Government pays the bank interest on that amount of the loan at its previous rate less guarantee fee, or at the rate of 2½% per annum, whichever is less. By section 5 of the guarantee agreement the bank in a V Loan is protected on termination by a "step-up" of guarantee based on that same ratio. Neither provision comes into effect unless the ratio is 25% or more.

§ 815.503 *VT Loans.* (a) During the summer of 1943 some large contractors and their banks became concerned over the amount of working capital that might be tied up in the event of substantial contract terminations, particularly if these should occur suddenly. In many cases the resources of these contractors were adequate to finance their war production, so they were ineligible for V Loans. Therefore, as a means of freeing the contractor's own working capital upon termination of war contracts, Government guaranteed loans were liberalized by the development of the VT type loan. These differ from V Loans only in these respects:

(1) The contractor does not have to establish that he needs the money for present war production, although at least part of it is available for that purpose.

(2) The amount that may be borrowed must be based on a formula predicated on receivables and inventories attributable to cancelled as well as uncancelled war contracts and on amounts which the contractor has paid or concurrently is to pay to the tier of subcontractors immediately below him.

(3) The percentage of guarantee cannot exceed 90% and the "step-up" provision of Section 5 of the guarantee agreement has therefore been eliminated.

(4) The banks are allowed to charge a commitment fee up to ½ of 1% (instead of ¼ of 1% which is the maximum which can be charged on V Loans) in which the guarantor shares on the same basis that it shares in interest.

The routine for setting up the VT Loan or credit is identical to that followed for V Loans.

(b) It cannot be emphasized too strongly that the essential question whether a V or VT guaranteed loan gives satisfactory termination protection depends not upon whether it is a V or VT Loan, but upon whether it has a loan formula permitting borrowings to be outstanding against a substantial amount of the contractor's investment in cancelled as well as uncancelled contracts. For example, if a borrowing formula of the VT type, described in paragraph (a) (2) above, is used, a V Loan gives the same termination protection as a VT Loan. In the case of a weak credit the banks which would not be willing to make a VT Loan, where the guaranteed percentage never exceeds 90%, will be more willing to make a V Loan with this type of formula since upon cancellation of the borrower's contracts the percentage of guarantee under Section 5 of the guarantee agreement "steps up" in an amount proportionate to the ratio which the cancelled portion of the war producer's contracts bears to his total backlog of unperformed war contracts. Thus, the strong credit can secure termination protection through a VT Loan; any other contractor who is still in war production can secure equal termination protection under a V Loan using a VT type formula.

§ 815.504 *T Loans.* Neither a V nor a VT Loan may be obtained after all of a contractor's war production is terminated and he is no longer a necessary war facility. However, a new type of guaranteed T Loan is now under consideration and forms are being prepared so that the procuring agencies will guarantee or make commitments to guarantee loans made to contractors by local banks to finance war inventories and receivables pending final settlement. Established mechanisms employed in V and VT Loans will be used but procedures and forms will be much simplified. It is expected that further instructions on T Loans will be issued in the near future.

§ 815.505 *Partial payments—*(a) *Authority.* The making of partial payments on account of the amounts due to the contractor in the event of termination, either total or partial, is authorized by paragraph (g) of the uniform termination article (§§ 803.324, 815.901) and paragraph (i) of the standard termination article (§ 815.901a) for use in lump sum supply contracts.[1] Such payments may be made, therefore, wherever a contract originally contains this article or is amended to contain it and should be made promptly wherever circumstances warrant such action.

(b) *Policy.* When a contract is terminated the contracting officer or other person responsible for handling termination settlements is charged with responsibility for making due inquiry whether or not the contractor, either for his own account or for any of his subcontractors, needs or desires a partial payment. This inquiry should appear prominently on the negotiator's check list. In the event the contractor desires a partial payment, practical means should be adopted for making it promptly. In general, partial payments should be accomplished through an agreement supplemental to the prime contract substantially in the form set forth in § 815.922. This form of agreement provides that any excess partial payment made pursuant to such an agreement is treated as a loan. It is the duty of prime contractors to inform their subcontractors that they are entitled to partial payments, and to pass on to subcontractors their fair share of partial payments.

§ 815.506 *Partial payments to prime contractors—*(a) *Criteria.* (1) Subject to the provisions of §§ 815.509 to 815.511 (b), partial payments should be made wherever:

(i) The contractor represents that at least the amount of the proposed partial payment is due;

(ii) Such amount is payable without prejudice to the determination of any of the other items involved in the termination;

(iii) An agreement supplemental to the prime contract in substantially the form set forth in § 815.922 is entered into between the Government and the prime contractor; and

(iv) The contracting officer is satisfied that the amount of the proposed partial payment is clearly within the amount due to the contractor in connection with the termination.

(2) If it is not readily determinable whether the total amount of the proposed partial payment is clearly within the amount due to the contractor, the contracting officer, nevertheless, if the conditions set forth in subdivisions (i), (ii) and (iii) of subparagraph (1) above are satisfied, may authorize controlled partial payments to be made through a special bank account, subject to such provisions for security as may be available or possible and subject in any event to prior approval of all withdrawals, for the purpose of financing termination costs allocable to the contract (including bills of subcontractors and suppliers) in a manner similar to the handling of advance payments. In such cases the special bank account will be established under a supplemental agreement substantially in the form set forth in § 815.922 with the addition of the provisions substantially as set forth in paragraph (a) of § 815.922. Contract Financing Sections (§ 815.512) authorizing withdrawals will clear all doubtful items with the contracting officer and no withdrawal will be permitted unless the contracting officer determines that the amount of the withdrawal, together with all amounts previously withdrawn or paid, will not exceed the total amount due the contractor.

(b) *Basis for determination.* Contracting officers are authorized to make determinations as to the amounts of partial payments to be made on the basis of such evidence as they deem proper in the circumstances. Ordinarily, it can be ascertained fairly promptly and without any exhaustive audit that the contractor will be entitled to receive at least some minimum amount on the terminated contract. This amount, or some substantial part of it, should be paid to the contractor on account as promptly as possible. Such payment will be warranted upon (1) the presentation of accounting information, as to the whole or any part of the terminated contract supported by reasonable schedules, certified by the contractor, showing that at least some stated amount is owing to him in connection with the termination, and (2) upon written determination by the contracting officer after a limited accounting review that the amount to be paid is less than the amount due to the contractor by reason of the termination. Ordinarily, in making such limited review the contracting officer should rely on the certifications of independent public accountants, where such certified statements are available, with respect to accounting information submitted by the contractor, and should act promptly upon the basis of other types of financial data which he deems reliable. Usually, in connection with the making of partial payments, it should not be necessary for the contracting officer to require that accounting data be certified by independent public accountants.

(c) *Conditions which may be imposed in connection with partial payments.* (1) Contracting officers in making partial payments on the basis of a partial statement of termination charges and request for partial payment submitted by the contractor, may require that any or all of the following conditions be met by the contractor:

(i) The submission of a partial statement of costs and termination charges certified as correct by at least two duly authorized officers of the contractor (one of which should be the chief accounting officer), in the case of a corporation; and by at least two members in the case of a partnership.

(ii) A statement by the contractor that the payment requested has not been assigned, or if it has been assigned, that the assignee has consented in writing to the making of the payment. Direct payment to an assignee may be made, if otherwise authorized.

(iii) Statement by or in behalf of the contractor that all statements of fact and representations made in the request for payment, the partial statement of charges and the schedules in support thereof are true and correct and that they are made subject to the penalties provided in section 35A of the United States Criminal Code as amended April 4, 1938, 50 Stat. 197, (18 U. S. Code 80).

(2) The extent to which the contracting officer will require these conditions to be met in any case is left to his discretion subject to such regulations or instructions as the chief of the technical service may issue.

§ 815.507 *Partial payments for the benefit of subcontractors—*(a) *Direct payments not authorized.* Except with the written consent of the prime contractor, contracting officers are not authorized to make partial payments directly to subcontractors, vendors or suppliers whose subcontracts or purchase orders have been terminated or cancelled as a result of the termination of a prime contract with the War Department.[1] This is based on the following reasons (see § 815.325 (b)):

(1) There is no direct contractual relationship between the Government and the subcontractor.

(2) There is no assurance that counterclaims and set-offs by the prime contractor (or by intermediate subcontractors) against the subcontractor in question will have been taken into account by the contracting officer in making partial payment.

(3) There is no assurance that the amounts of such partial payments will be taken into account in determining the amount due the prime contractor.

[1] A similar provision is found in the standard termination article (§ 803.324 (a)) for use in lump sum construction contracts. The provisions of §§ 815.500 to 815.512, inclusive, are applicable to the termination of lump sum construction contracts containing the standard termination article (§ 803.324 (a)).

[1] Some cost-plus-a-fixed-fee contracts, however, expressly authorize such payments. The text does not apply to such contracts.

(4) The administrative difficulties involved in attempting to deal directly with subcontractors will tend to delay the settlement of terminated contracts.

(b) *Partial payments through prime contractor.* (1) Such partial payments for the benefit of subcontractors can be made through the prime contractor and should be so made as promptly as is practicable. Where it is desired to do this the contracting officer may make a partial payment to the prime contractor based upon the contracting officer's approval of the settlement of the whole or some part of the amount due from the prime contractor to the subcontractor in connection with the uncompleted portion of the terminated contract.[1]

(2) Ordinarily partial payments to the prime contractor (intended to put him in funds or to reimburse him for partial payments to a subcontractor) will be made simply as payments on account to the prime contractor or under the controlled account procedure provided for in § 815.506 (a) (2). In some cases, however, it may be desired to make such a payment in trust for the subcontractor or for the benefit of a specific second tier or more remote subcontractor or supplier. To accomplish this, an agreement supplemental to the prime contract, in substantially the form set forth in § 815.-921, may be entered into among the following parties: (i) The Government, (ii) the prime contractor, (iii) the subcontractor who is to receive the partial payment, and (iv) any intermediate subcontractors. Under this form of agreement,

(*a*) All of the parties will agree that the payment (which may be for all or part of the subcontractor's termination charges), may be made;

(*b*) That it is within the amount clearly owing on account of the termination of the prime contract (*1*) to the subcontractor who is to receive the payment, and (*2*) to the prime contractor and each intermediate subcontractor, if any;

(*c*) The parties will warrant that no set-offs or counterclaims are outstanding against the subcontractor who is to receive the payment;

(*d*) All the parties will give releases for the benefit of the Government, to the extent of the payment made, and will agree not to seek further reimbursement of this amount by reason of the termination. The payment is then made to the prime contractor but on account of, and in trust for, the subcontractor who is ultimately to receive it. It should be noted that the use of this arrangement continues the policy of creating no direct obligation on the part of the Government to any subcontractor.

The contracting officer makes payment only to the prime contractor, who presents the subcontractor's request for the partial payment and passes the payment on to the subcontractor when it is made.

(3) Contracting officers are also authorized to make such partial payments (intended for particular subcontractors) through prime contractors for the benefit of subcontractors by means of any other less formal arrangement which, in their opinion, will adequately protect the interests of the Government, especially with respect to any set-offs or counterclaims which may exist against the subcontractor who is ultimately to receive the partial payment (or against any intermediate subcontractor) and which might affect the amount owing to the person receiving. Such protection may, in some cases, be secured through the use of appropriate language in the invoice or voucher submitted by the contractor for such partial payment.

(c) *Determination of amount of payment.* The provisions of § 815.506 (b) will be applied in determining the amount of a partial payment for the benefit of a subcontractor. However, the prime contractor, in accordance with the provisions of § 815.431 et seq., will make his own review of the subcontractor's statement of termination charges, which may be a partial statement of such charges, and that statement may be checked to such extent by Government accounting personnel as the contracting officer may deem appropriate. The contracting officer may give consideration and appropriate weight to reviews made by the prime contractor and the prime contractor's recommendation. He should place suitable reliance also upon any relevant reports which may be available, prepared by independent public accountants.

(d) *Conditions on partial payments for the benefit of subcontractors.* In connection with any partial payment to a prime contractor for the benefit of any subcontractor or supplier, the contracting officer may impose such conditions, of the type mentioned in § 815.506 (c), upon the prime contractor or upon any subcontractor receiving the payment as he may, in his discretion, consider proper.

§ 815.508 *Advance payments.* Advance payments previously authorized in connection with the performance of a terminated contract may also be utilized to finance terminations, either total or partial, provided that the contracting officer determines that such advances, in addition to those previously made, will be less in amount than the estimated termination charges. The release of such advance payments from special bank accounts is authorized since liquidation of the amount due on termination is within the purposes of the contract. This method may be used in addition to, or in substitution for, partial payments, subject to the provisions of §§ 815.509 to 815.511 (b).

§ 815.509 *Liaison with advance payments and loan or contract financing section of the technical service.* The Advance Payments and Loan Section, the Contract Financing Section, or the District Financial Officer of the office of the contracting officer concerned (or any other section or officer discharging responsibilities with respect to the financing of contracts by advance payments, guaranteed loans or other methods) will be notified promptly by the contracting officer that a contract has been or is about to be terminated, either in whole or in part, so that consideration may be given to the effect of such termination on the financing program, if any, previously worked out in connection with the terminated contract and any other contracts held by the contractor. In the case of guaranteed loans or direct Government loans, such financing sections or officers will furnish the necessary information with respect to the termination to the Liaison Officer of the Advance Payments Loan Branch stationed in the appropriate Federal Reserve District. Thereafter the closest liaison will be maintained by the contracting officer with such persons during the progress of the termination settlement. See also § 815.512.

§ 815.510 *Consent of surety or guarantor to partial payments; rights of assignees.* Where a contractor who has received Government financing (in the form of an advance payment or a guaranteed loan) requires partial payments in connection with the settlement on the termination of his contract, proper notice thereof will be given to, and consents obtained from, any surety or guarantor on the instruments previously offered as security for such Government financing. Where assignments of amounts due under the contract have been made, partial payments can be made only consistently with the assignment.

§ 815.511 *Partial payments where contractor has Government financing—*(a) *Government financing by advance payments.* Ordinarily, the Government's principal security for an advance payment is the contract itself. Advances are liquidated by pro rata liquidating deductions from payments made by the Government for goods delivered and accepted. When a contract is terminated in whole or in part, the number of units to be delivered is decreased and the security for the advances is diluted accordingly. In effect, termination costs are substituted as security for the eliminated contractual units. Partial payments on account of a termination settlement without a commensurate deduction of a pro rata portion of outstanding advances diminishes the security. Advance payments, therefore, should ordinarily be liquidated from amounts paid in settlement of a termination.

(b) *Government financing by guaranteed loan.* Compliance with § 815.509 will ordinarily provide sufficient protection to the Government where guaranteed loans are involved. The contracting officer will thus be apprised of any outstanding guaranteed loans to the contractor and of any recommendation with respect thereto which the Liaison Officer in the Federal Reserve District may have and the Liaison Officer will be apprised of the termination. Frequently, such early notification may enable the bank, which has made the loan, to obtain or call for an assignment of the contract where such assignment has not previously been made. Such action may prevent a call on the War Department to participate in the loan to the extent of its guarantee agreement.

[1] This would be with respect to any part of the terminated contract in the case of a lump sum construction contract containing the standard termination article for use in such contracts (§ 803.324 (a)).

§ 815.512 *Contract Financing Section.* (a) Where offices of the technical services have not established Contract Financing Sections or Advance Payment or other units qualified to assist contractors with their financial problems, such sections will be created. Their personnel should be competent to advise contractors and persons responsible for contract terminations with respect to the various types of financial assistance available to them if needed, and especially with reference to interim financing in connection with contract terminations. With respect to partial payments these sections are expected to work under the direction of the person responsible for contract terminations and as part of the group or team working with him. They should also facilitate cooperation with the Federal Reserve Banks through the Liaison Officers.

(b) In addition to their normal duties of approving the financial status of contractors as the basis for awarding contracts and of recommending and administering advance payments and coordinating with the Liaison Officers in arranging for V and VT Loans, the following are specific examples of functions that will be performed by Contract Financing Sections in connection with terminations:

(1) Such sections will effect internal coordination so far as practicable with persons responsible for the decision to terminate contracts with respect to liquidation of advance payments before a termination notice has been sent out, and thereafter with persons responsible for settlement.

(2) Such sections will administer partial payments where controlled accounts are utilized (§ 15.506 (a) (2)).

(3) There should be the closest sort of external coordination between the Contract Financing Sections and the Liaison Officers in the Federal Reserve Banks, especially with respect to the following:

(i) As required by § 815.509, pretermination coordination should be effected through the Contract Financing Sections with Liaison Officers where substantial terminations, cut-backs or slow-downs of contracts are impending with respect to financially weak contractors who are being financed by guaranteed loans. Under some conditions it may be desirable for the Contract Financing Sections to ascertain from the Advance Payment and Loan Branch, Office of the Fiscal Director, Washington, D. C., whether such financially weak contractors are being so financed. That Branch will then inform the Contract Financing Section of the particular Liaison Officer who should be contacted. This is similar to the internal coordination between the termination groups and the Contract Financing Sections with respect to liquidation of advance payments.

(ii) Where assignments or advance payments are involved, internal coordination should be effected between the Contract Financing Sections and the termination groups authorizing the disposition or retention of property, and

(iii) Where V or VT Loans are involved, similar external coordination should be effected through the Contract Financing Sections with Liaison Officers (§ 815.350 (d)).

(4) Through coordination with Liaison Officers and termination personnel Contract Financing Sections should encourage the making of proper partial payments where suspension of maturity and waiver of interest has been made under section 6 of the standard form of guarantee agreement (§ 815.502). The making of such partial payments may reduce Government expense and tends to conserve appropriations of the interested technical service which otherwise would be charged for interest paid by the Government on behalf of contractors whose loans have been suspended as a result of terminations.

(5) Close coordination between Liaison Officers, Contract Financing Sections and termination personnel is also important with respect to advance payments or V Loans where the Government's interest in such financing is in jeopardy. Procedures for tapering off work while liquidation is going on, arrangements for set-offs and other techniques for minimizing losses should be developed.

Negotiation of Settlements

§ 815.530 *General.* The negotiation of a settlement of the amount to be paid to a contractor with respect to the uncompleted portion of a terminated lump sum supply contract is primarily a problem calling for the exercise of sound business judgment by the contracting officer and the members of his staff participating in such negotiation. The negotiation should be carried on in the light of available accounting and other relevant data and as a business negotiation to be completed speedily and equitably.

§ 815.531 *Authority of the Contracting Officer.* The contracting officer, in determining a proper settlement under the standard termination article for use in lump sum contracts (§ 803.324) providing for a negotiated settlement of the uncompleted portion of the contract[1] is given a very wide range of discretion and may act upon such evidence as is satisfactory to him under all the circumstances, with a view to reaching a fair adjustment expeditiously and with a minimum of technicality. He may allow the contractor by way of settlement such amount as will, in his judgment, give to the contractor fair, full and reasonable compensation for the contractor's costs, expenditures, liabilities and commitments incurred in connection with the uncompleted portion of the contract, together with such reasonable allowance for profit on the uncompleted portion of the contract as the contracting officer deems just and equitable and as affording to the contractor, under all the circumstances, such profit as the contractor has actually earned by work in fact done on the uncompleted portion of the contract (see § 815.449).

§ 815.532 *General criteria and guides for the contracting officer.* The negotiated settlement gives the contracting officer maximum flexibility in working out with the contractor a fair settlement of the amount due on the uncompleted portion of the contract under the standard termination article (§ 803.324) for use in lump sum supply contracts (see note to §815.531). To arrive at such a fair settlement, however, the contracting officer will make use of all relevant and available guides as to what constitutes an equitable amount to be paid to the contractor. The principal accounting guides are discussed in § 815.445 and following sections. It is to be emphasized that none of such guides and no report of the accounting personnel (see §§ 815.434 and 815.451 (c)) shall be regarded as controlling any such settlement but merely as providing assistance to the contracting officer in connection with the determination of the appropriate amount of such a settlement.

§815.533 *Preparation for negotiation conferences with contractor.* In preparing for negotiation conferences with representatives of the contractor, the contracting officer or his representatives, and any appropriate members of his staff who will participate in such conferences:

(a) Should familiarize themselves completely with all available information concerning the particular termination;

(b) Should consider, as fully as possible, and in advance, all accounting, legal and other problems which are likely to arise in the course of the negotiation, and

(c) Should have determined what steps should be taken to coordinate the termination settlement with statutory renegotiation with the contractor (see §§ 805.551 to 805.551 (b)).

Such preparatory work will facilitate the progress of the negotiation and will enable the contracting officer and his staff promptly to pass upon the contentions of the contractor in connection with the settlement.

§ 815.534 *Negotiation conferences and personnel.* The negotiation conferences with the contractor should be attended by such representatives of the contracting officer as may be concerned with the subject matter of the particular conference. Such representatives should include, where necessary, a negotiator and legal, accounting, technical and property disposition advisers. So far as possible, personnel in each of these categories should be assigned to specialize in work on terminations so that an experienced and trained staff will be available to assist the contracting officer. Such personnel should therefore be chosen with extreme care. The negotiator (see § 815.322) will normally be the representative of the contracting officer with respect to each negotiation as a whole, so that his recommendations will undoubtedly carry special weight in the ultimate settlement. The extent of the contracting officer's personal participa-

[1] In negotiating a settlement of a lump sum construction contract under the standard termination article for use in such contracts (§ 803.324 (a)), the settlement, of course, relates to the whole contract rather than to the uncompleted portion only, as in the case of a lump sum supply contract (§ 803.324).

tion in such negotiation conferences is a matter for his own discretion, in the light of the complexity of the termination, the problems to be discussed at a particular conference and similar factors.

§ 815.535 *Where prime contractor cannot settle with one or more subcontractors.* Where the prime contractor is unable to effect a settlement, which the contracting officer will approve (where such approval is required), with one or more subcontractors, the settlement agreement between the Government and the prime contractor may exclude the amounts due to such subcontractors from the negotiated settlement, leaving to later determination the question of the payment to be made to the prime contractor with respect to such subcontracts. In appropriate cases, with the written approval of the officer or employee of the War Department in charge of the procurement office in which the settlement is being administered, acting personally or through a representative designated for the purpose, the Government in the settlement agreement with the prime contractor may assume and agree to pay the obligation of the prime contractor with respect to such subcontracts, so far as related to the uncompleted portion of the terminated prime contract. Each such agreement to assume such an obligation shall provide that the amount to be paid under such assumption of liability shall not exceed a stated amount and, where appropriate, will contain an assignment of all rights of the prime contractor relating to such obligation. This amount will be determined at a figure sufficiently low so that the total payments under the terminated prime contract will not exceed any maximum limit set for payments under the applicable termination article (see §§ 803.324 and 815.444 (a)). In the event of such an assumption of the prime contractor's obligation, the settlement agreement shall include suitable provisions requiring the contractor (a) to give prompt notice to the contracting officer of the commencement of any litigation with respect to the obligation, and (b) to permit the Government to assume the defense of such litigation as a condition of the Government's liability (see § 815.321 (g)). Similar arrangements may be made, with the written consent of the prime contractor and of all intervening subcontractors, where a subcontractor of any tier cannot make settlement with one or more subcontractors of the next tier below him. A written report of each agreement entered into pursuant to this paragraph will be made through channels to the Director, Readjustment Division, Headquarters, Army Service Forces.

§ 815.536 *Review of termination settlements before execution of agreement.* See § 815.220.

§ 815.537 *Supplemental agreement.* When the contracting officer and the contractor reach an agreement as to the total amount payable to the contractor in connection with the termination of a contract, subject to the provisions of §§ 815.220 and 815.536, the contracting officer and the contractor shall proceed to enter into a supplemental agreement for the final termination of the contract. Such supplemental agreement shall be substantially in the form set forth in § 815.931, and will (1) recite that it is made pursuant to the First War Powers Act, 1941, and Executive Order No. 9001, and (2) be entered into consistently with any applicable requirements of §§ 803.306 to 803.308g, inclusive. Any such final settlement agreement pursuant to this authority will ordinarily constitute an amendment made for adequate consideration. Accordingly, in the absence of unusual provisions in the particular supplemental agreement, no approval by the Director, Purchases Division, Headquarters, Army Service Forces, of any such settlement agreement is required by § 803.308a. Approval by the Director, Purchases Division, is not required merely because the amount of the settlement exceeds $5,000,000 or any other amount. The consent to such agreement of any assignee of the amounts payable under the contract should be obtained.

(a) *General provisions.* In the case of a lump sum supply contract containing a termination article substantially in the form set forth in § 803.324[1] such agreement shall provide for the payment to the contractor, subject to any deductions set forth in § 815.537 (b), of the sum of:

(1) The agreed amount on account of the uncompleted portion of the contract; and

(2) All as more fully provided in the contract, (i) the contract price, to the extent unpaid, of all supplies (including spart parts, drawings, information and other things) which have been completed and delivered, or work performed, in accordance with the provisions of the contract and title to which has been transferred to the Government; (ii) the agreed amount for, or reimbursement of, expenditures made and costs incurred by the contractor subsequent to the receipt of the termination notice for the protection of Government property; and for such other expenses and costs as may be necessary in the settlement of the contract (see § 815.443 (d)).

(b) *Deductions and reservations.* The settlement agreement should take into account the following

(1) *Renegotiation.* It should be specifically stated whether and to what extent the terminated contract and the settlement agreement is to be exempted from subsequent renegotiation (see §§ 815.551 et seq. and 812.1204 (i)).

(2) *Deductions for damaged property and defects.* A reasonable deduction should be made for damaged property (see § 815.444 (b)), defects of materials and workmanship (§ 815.444 (c)) in property title to which is to be transferred to the Government, or which has been sold at the direction of the contracting officer in connection with the termination setlement, to the extent that this factor has not otherwise been taken into account adequately in connection with the negotiation.

(3) *Deductions for Government claims in connection with the contract.* The agreement should cover any set-offs and counter-claims which the Government may have in connection with the contract (see § 815.444 (c)).

(4) *Disposal credits.* The agreement or the settlement itself should take into the account credit to the Government for the sales price or agreed price of any property sold or retained by the contractor at the discretion of the contracting officer in connection with the termination settlement (see § 815.350 et seq.).

(5) *Provisions to protect subcontractors and suppliers.* In the discretion of the contracting officer, the amount of the settlement may cover or may be made subject to deduction to meet the unsettled claims asserted by any person for labor, supplies, or materials. The agreement may make such provision, for direct payments to the claimants, escrow payments or otherwise, as the contracting officer may deem proper, to ensure the payment of such claims (see § 815.444 (c)).

(6) *Reserved rights.* Rights of the Government and of the contractor, which are to be reserved and are not to be affected by the settlement agreement should be specified to the extent reserved, as for example:

(i) Rights under contract provisions relating to inventions, patent rights, patent infringements, licenses and reproduction rights;

(ii) The right of the Government to effect an adjustment of patent royalties under the provisions of Public Law 768, 77th Congress, and

(iii) The rights of either party under options, covenants not to compete, covenants of indemnity, and facilities agreements.

(7) *Maximum limit.* The agreement shall not provide for payment in excess of the maximum limit on compensation stipulated in the applicable termination article (see § 815.444 (a)).

(8) *Offsets and credits for payments previously made.* All offsets mentioned in § 815.444 (c) and all advance, progress, partial and other payments previously made will be taken into account appropriately.

§ 815.550 *Relation of termination to statutory renegotiation.* The settlement of terminated contracts will not be delayed pending completion of renegotiation proceedings. However, the following points must be considered in reaching settlement agreements:

(a) The Statement of Principles for Determination of Costs upon Termination of Government Fixed Price Supply Contracts provides that the following should not be included as an element of cost:

Cost which, as evidenced by accounting statements submitted in renegotiation under Section 403 of the Sixth Supplemental National Defense Appropriation Act, 1942, as amended, were charged off during a period covered by a previous renegotiation, may not be subsequently included in the termination settlement if a refund was made for such

[1] The settlement agreement for use in connection with lump sum construction contracts containing a standard termination article (§ 803.324 (a)) is mentioned in §§ 815.601 and 815.602, and a form of such agreement is set out in § 815.932.

period, or to the extent that such charging off is shown to have avoided such refund.

(b) In some cases contractors are willing to waive or otherwise release any claim for payment of costs and profit thereon to which they may be entitled as a result of termination of contracts. The signing of such a waiver will not prejudice whatever rights the contractor has to include such costs in accounting statements submitted in renegotiation. It should be pointed out to contractors, however, that the waiver of payment must be made within the contractor's fiscal year if the applicable costs are to be included in accounting statements submitted in renegotiation for that year. Profit consideration in renegotiation with respect to that segment of production represented by the costs on contracts terminated will generally be dependent on the extent and character of the manufacturing contribution represented by those costs.

(c) Contracting officers and accounting personnel will take full advantage of accounting and cost information in the possession of the Price Adjustment Board or section charged with renegotiation dealings with a contractor whose contract has been terminated and will keep that board or section fully informed and make available to it the information developed in connection with the termination settlement.

§ 815.552 *Settlement in connection with other termination settlements affecting the same contractor.* Settlement of the amount due by reason of the termination or partial termination of a particular contract in the discretion of the contracting officer, and with the approval of the contractor, may be made in connection with similar settlements of amounts due under other terminated contracts with the same contractor. Where such action is taken, accounting work should be consolidated to the greatest practicable extent. The several settlement agreements, or a single over-all settlement agreement covering the contracts in question, should apportion the total amount of the settlement to the several contracts on some reasonably satisfactory basis (see T. A. M. 1111). In such cases precise allocation of costs to particular contracts will serve no useful purpose, will not decrease termination charges and will merely increase administrative work.

§ 815.560 *Where settlement by negotiation proves impossible; formula settlement.* (a) Where settlement by negotiation of the amount due with respect to the contract (or any portion as to which settlement by negotiation is permitted) proves to be impossible, settlement will be made by formula. Contracting officers will take action promptly to make settlement by formula wherever a negotiated settlement is being unreasonably delayed by the contractor or seems unlikely to be effected within a reasonable time because of inaction by the contractor. Such action will be pressed with special vigor where the interests of subcontractors may be adversely affected by delay of the prime contractor in acting on settlements with his subcontractors.

(b) Resort to a complete formula settlement may in some instances be avoided in part by (1) limiting the formula settlement to any separable issues which are in dispute and (2) negotiating a partial settlement agreement covering all clearly separable issues as to which fair agreement can be reached without unreasonable concessions to the contractor (see also in this connection § 815.535). This course, however, should not be pursued unless exhaustive and diligent effort has been made to negotiate a complete settlement of all the matters arising in connection with the termination. Even then, partial settlement should be employed cautiously and no partial settlement should be made if such a settlement will prejudice the Government's interests in the light of the issues left unsettled. The chiefs of the technical services may authorize the execution of such partial settlement agreements either in specific cases or by general rule or delegation of authority. As a general rule, partial settlements covering particular items of the contractor's proposal should not be made during the course of negotiations, since such partial settlements may embarrass the Government's negotiating position as to a final settlement. This general rule, however, is not applicable to agreements approving subcontract settlements or approving dispositions of property and credits arising therefrom.

(c) Where a settlement by formula is to be made of the whole or any part of the amount due in connection with a contract in process of termination, the contracting officer will give the contractor not less than fifteen (15) days written notice by registered mail to produce on or prior to a stated date his written evidence bearing upon the determination of the amount due, including such vouchers, verified transcripts of books of account, affidavits, audit reports and other documents, as the contractor may wish to submit or as the contracting officer in his discretion may require. If the contractor wishes to present oral testimony or if the contracting officer wishes testimony presented in behalf of the Government or by independent experts or to examine persons whose affidavits or reports have been submitted by the contractor, in the discretion of the contracting officer a hearing may be held. If such a hearing is held, the contractor shall be given due notice in writing. The contracting officer may cause such accounting and other investigations and audits to be made as he may deem appropriate. Ordinarily, an investigation will be made on all issues which the negotiations reveal to be in dispute and such additional documents and data may be required as the contracting officer in his discretion considers necessary in the particular case. It is not intended, even in connection with a formula settlement (see §§ 815.407, 815.421 (b)), that the chief of the technical service shall require the contractor to furnish detailed evidence, vouchers and other data to the extent ordinarily required in cost-plus-a-fixed-fee contracts. The purpose in making investigation and in directing the submission of evidence should be to require the contractor to establish by proof, satisfactory to the contracting officer, the substantial facts as to the amount owed to him. The burden of proof is upon the contractor. The nature of the additional data to be furnished will depend upon the situation in the particular case and upon the character of the issues remaining in dispute. Generally, photostatic or other copies of such documents and records as the contracting officer may require will be sufficient for the purposes of the contracting officer and for this reason originals should not be required except where the authenticity of particular documents is in dispute. In all cases the contractor should be given full opportunity to submit within a reasonable time such additional documents, records and other evidence as he may deem appropriate to support his claim.

(d) After a review of the additional accounting information prepared by his own office (see § 815.421 (b)) and any additional data or evidence furnished by the contractor, the contracting officer will make administrative findings of fact and a determination on the issues still in dispute and will transmit a copy of such findings and determination to the contractor by registered mail. In this communication the contracting officer should also refer the contractor to the provisions of his contract giving him any right of appeal which may exist (see § 803.326). Such determination shall be based upon the applicable formula in the termination article in the particular contract and shall comprehend the following items (without duplicating amounts included in partial settlements arrived at through negotiation):

(1) A summary of the costs to be paid under the formula settlement. Such costs should ordinarily be summarized in substantially the same manner as the summary shown on Standard Form A–1 (§ 815.937 (a)) with the detailed supporting data shown in the summary on Standard Form B–1 (§ 815.938 (a)) or on Standard Form B–2 (§ 815.938 (b)), whichever is applicable. Such summary of costs, however, may be in such form as the contracting officer deems appropriate in the particular case.

(i) When the costs are presented on the "inventory basis" the figures on the cost summary should be supported by an inventory list. Where the inventory is comprised of more than three pages, a reasonable analysis only will be presented. This analysis (which should not require more than one or two pages) should show the description, quantity, prices (if appropriate) and extensions of the important classifications of inventory. For example, raw material may be listed by major groupings, and principal purchased components may be briefly described. Work in process will be listed to show the dollar amounts by departments or other appropriate classifications.

(ii) When the cost summary is presented on the "total cost basis" each major element of cost on the summary should be supported by an appropriate short analysis or schedule of one or two pages. This analysis in respect to direct material will show to the extent practi-

cable the several major classes as indicated by the contractors' records, such as steel, copper, lumber, etc., subdivided as to grade for the major elements. Such a break-down should seldom include more than 15 or 20 items. Direct labor may be summarized by plant operations, production centers or other appropriate classifications, if the contractor's accounting system so provides or if such an analysis can be readily obtained. Other direct charges, if important, may be succinctly analyzed. Usually indirect factory expenses will be reflected in not more than 25 or 30 major accounts. The basis of allocation to the contract being terminated should be clearly described. A similar schedule should be submitted for administrative expenses and any other major groups shown on the cost summary if and to the extent deemed appropriate by the contracting officer.

(2) A statement of the amount allowed by the contracting officer by way of profit. If the contract contains the new uniform termination article (§§ 803.324, 815.901) this item of profit should show separately (i) the amount allowed with respect to the cost of articles or materials not processed by the contractor, and (ii) the amount allowed with respect to other costs of the contractor. If the contract contains the old standard form of termination article (see § 815.901a) the contracting officer will include a statement of his estimate of the profit which would have been realized on the uncompleted portion of the contract if the contract had been completed and his determination of the percentage of completion of the uncompleted portion of the contract, as well as the amount of profit allowed with respect to the work done on the uncompleted portion of the contract.

(3) A supporting analysis of disposal credits, if substantial or if they cannot be appropriately explained in the summary, segregated as to those arising from property retained by the contractor and those arising from sales to outsiders. In no event is it expected that such analysis will require more than two or three pages.

(4) A list of all settlements with immediate (first tier) subcontractors and suppliers with the name and address of each subcontractor and supplier and the amount of each settlement as approved or authorized by the contracting officer.

(5) A schedule of settlement expenses (sometimes referred to as post-termination expenses) including the cost of preserving and protecting the property. This schedule will show the major items by classification followed by a description where necessary to clarify the figures and should seldom exceed one page.

(6) The total amount found to be due to the contractor. (Any amounts payable to the contractor in connection with a partial negotiated settlement should be listed separately for purposes of information.)

(7) In addition to the accounting statements and schedules enumerated above, there should be furnished the following supplemental or collateral data:

(i) The administrative accounting reports to the contracting officer by Government accounting personnel.

(ii) Copies of correspondence directly bearing on the findings of the contracting officer.

(iii) An appropriate certificate by the contracting officer supporting his findings of fact and stating that the amount of the termination settlement agreement is in his judgment just and reasonable.

(e) In connection with a formula settlement, settlements with subcontractors and suppliers made with the approval of the contracting officer, prior or subsequent to the breakdown of negotiations will not be reexamined and the cost of such settlements will be reimbursed to the contractor under the applicable termination article as part of the formula settlement. Similarly, other action taken by the contractor prior or subsequent to the breakdown of negotiations in reliance upon the written approval of the contracting officer in connection with the termination settlement, e. g., dispositions of property, will be treated as final in connection with the formula settlement.

(f) If the contractor does not take an appeal from the decision of the contracting officer within the time set forth in the Disputes article of the contract (see § 803.326), the administrative findings of fact and determination of the contracting officer made in accordance with paragraph (d) above shall thereupon become the determination of the War Department with respect to the amount due to the contractor in connection with the termination or so much thereof as is dealt with in such determination.

(g) In the event of an appeal by the contractor from the decision of the contracting officer, the contracting officer will transmit to the appropriate appeals agency a narrative statement of the action, relevant to the issues raised by the appeal, taken prior to the appeal. He may in his discretion include such schedules, office reviews, audit reports and records as he deems appropriate. He will also transmit to the appeals agency a copy of his administrative finding and determination together with such other documents and papers as the rules of the appeals agency may require. At the present time most such appeals will be to the War Department Board of Contract Appeals (see §§ 803.318d to 803.318f (e)), although in some contracts made prior to the formation of that Board, appeals lie to the chief of the technical service concerned. The burden of proof as to the amount due rests upon the contractor. Upon a determination by the appropriate appeals agency, such determination shall thereupon become the determination of the War Department with respect to the amount due to the contractor in connection with the termination or so much thereof as is dealt with in such determination. In the event that the contractor does not accept the decision of the appropriate appeals agency, he remains free to prosecute any claim, which he may have and as to which the decision of the appeals agency is not final, without further action on the part of the War Department.

(h) The contracting officer shall retain in the files of the procurement office to which he is attached or in the office of the chief of the technical service, as the chief of the technical service may direct, a file containing copies of all written evidence and other data relied upon by him in making his administrative findings of fact and determination, except that original books of account and other original papers and documents may be returned to the contractor upon the contractor's agreement to preserve the same available for examination for a period of not less than three years from the date of final settlement.

(i) The chief of the technical service will notify the Director, Readjustment Division, Headquarters, Army Service Forces, of each such appeal which is taken either to the chief of the technical service, the War Department Board of Contract Appeals or any other appeals agency.

(j) (1) Notwithstanding proceedings have been commenced to make settlement by formula, the contracting officer, unless the chief of the technical service otherwise directs, may make or authorize a negotiated settlement with the contractor at any time prior to the time when the contracting officer has administratively determined the amount due on account of the formula settlement by sending to the contractor the communication referred to in paragraph (d) above.

(2) If the contracting officer's determination is, by the terms of the contract, subject to review by the Secretary of War, or his duly authorized representative, and if the contractor perfects his right to such review, the contracting officer unless the chief of the technical service otherwise directs, may make or authorize a negotiated settlement at any time prior to final action on such review (see § 803.308f).

(k) (1) Within 30 days after delivering to the contractor the findings and determination referred to in paragraph (d) above the contracting officer, upon the execution of a supplemental agreement similar in form to that set forth in § 815.922, but with modifications as hereinafter provided, will authorize a partial payment to the contractor of 75% of the amount determined by him to be due, after deducting from said 75% the amount of any outstanding interim financing applicable to the contract in process of termination, including any previous partial payments. The contracting officer before approving such a partial payment, may require a statement by the contractor that the payment requested has not been assigned, and if it has been assigned, will require the written consent of the assignee to the making of the payment, as provided under § 815.501 (d).

(2) In preparing a supplemental agreement for the purposes of a partial payment under this paragraph, the third and fourth recitals of the form of supplemental agreement set forth in § 815.922 will be revised to read as follows:

Whereas, under the terms of the said Contract, under the First War Powers Act, 1941, and Executive Orders Numbers 9001 and 9112, payments may be made to the contractor pending final payment of the amount to which the contractor will be entitled by reason of such termination, and

Whereas, the contractor hereby represents to the Government that at least the sum of $_____ is due the contractor by reason of the termination of said contract and the Government desires to make a payment to the contractor pending final settlement of such contract.

The first two sentences of Article III of such form of supplemental agreement will be revised to read as follows:

ART. III. Said payments shall be applied against the amount finally payable by the Government to the contractor in connection with such termination. If such payments exceed the amount finally payable to the contractor in connection with such termination, the contractor agrees to repay the excess to the Government on demand together with interest thereon at the rate of 6% per annum from the date of receipt of such excess payment by the contractor to the date of the repayment of such excess.

(l) After a final determination of the amount due to the contractor has been made by the War Department in accordance with paragraphs (f) or (g), if the contractor is prepared to accept that determination, a voucher should be prepared in the usual manner, covering such portion of the determined amount as remains unpaid and will be presented to the finance officer. Normally this unpaid amount will be the 25% remaining after the 75% partial payment authorized by paragraph (k). The finance officer will forward to the Office of the Fiscal Director, Headquarters, Army Service Forces, the voucher, together with the findings of fact, determination and supporting papers referred to in paragraph (d), and also any finding on appeal which may have been made (see paragraph (g) above). The Office of the Fiscal Director will review the file and take such steps as are necessary to establish the sufficiency of supporting papers. When this has been done the file will be returned by the Office of the Fiscal Director to the finance officer with appropriate instructions, and any amount due will be paid to the contractor after the execution of a supplemental agreement which will constitute a release by the contractor of all further charges under the contract.

§ 815.561 *Disputes.* Questions of fact relating to termination settlements are subject to determination by the contracting officer subject to appeal by the contractor under the usual disputes article (§ 803.326) and in accordance with its provisions. However, the contracting officer in his absolute discretion may refuse to agree to make a negotiated settlement of the whole or any part of the amount due upon a terminated lump sum contract, and his action in so refusing is not subject to appeal under the disputes article.

SUBPART C—LUMP SUM CONSTRUCTION CONTRACTS

§ 815.600 *Introductory.* The policies and procedures set forth in Subpart B shall in general be considered as guides for, and applicable to, the termination of lump sum construction contracts. In some instances the strict application of those policies and procedures will not be possible because the lump sum construction contract termination article (§ 803.324 (a)) varies in some respects from the lump sum supply contract termination article (§ 803.324). The outstanding variations are indicated in § 815.601.

§ 815.601 *Variances in provisions of lump sum construction and lump sum supply termination articles.* Some of the outstanding differences in provisions of these articles are as follows:

(a) The lump sum supply termination article (§ 803.324) is operative only as to the uncompleted portion of the contract while the lump sum construction termination article (§ 803.324 (a)) is operative as to all the work covered by the contract.

(b) In determining what constitutes a proper negotiated settlement under a lump sum contract the entire contract must be considered and not merely the uncompleted portion of the contract.

(c) The lump sum supply termination article specifically provides for delivery to the Government, f. o. b. a stated point, such property acquired in connection with the contract as the contracting officer may direct, while the lump sum construction termination article contemplates delivery of such property at the project site.

(d) Even though the lump sum construction contract has been let on a unit price basis the provisions of paragraph (a) above are applicable.

§ 815.602 *Consideration of certain principles peculiarly applicable to termination of lump sum construction contracts.* (a) The policy set forth in § 815.311 (b) should be adhered to in terminating lump sum construction contracts.

(b) The instructions contained in the last sentence of § 815.325 (b) should be observed.

(c) As is true in connection with the terminations of lump sum supply contracts it is not intended in negotiating the termination of lump sum construction contracts that the contractor is to be allowed any prospective profit on work not done. (See § 815.449.)

(d) In all lump sum construction contracts there is a "mobilization cost" which bears many resemblances to the "starting load costs" of lump sum supply contractors. (See § 815.496.)

(e) The principles expressed in § 815.315 are pertinent to military lump sum construction contracts but not applicable to River and Harbor and Flood Control lump sum construction contracts.

§ 815.603 *Clause providing for sale of Government property by contract.* When the lump sum construction termination article is altered to make provision for sale of Government-owned property by the contractor, the clause set forth in § 815.376 (b) should be altered by adding the following sentence to the end thereof: "The provisions of this paragraph (d) shall not be considered as operative as to any property which has been attached to and is a part of real estate."

§ 815.604 *Notice of termination and request for negotiated settlement.* When the contract contains or has been amended to contain an article substantially in the form set forth in § 803.324 (a), the notice of termination and request for a negotiated settlement shall be in conformity with § 815.912 (a).

§ 815.605 *Suspension procedure.* If after consideration of all factors it is deemed advisable to suspend work under a contract without terminating the contract in its entirety, a supplemental agreement shall be negotiated to compensate the contractor for all completed work plus an equitable amount representing the expense of demobilizing contractor's plant and organization. Such supplemental agreement shall also provide for a redetermination of the contract price applicable to the remainder of the work to be performed under the contract; the redetermination to be made at the time resumption of work is requested by the Government. A supplemental agreement of this type shall also contain the standard article providing for termination for the convenience of the Government (§ 803.324 (a)), if the contract does not already contain such an article substantially in the form currently prescribed, so that, if the Government later deems it advisable to complete the project or work through another contractor, or abandon the work entirely, the contract may be terminated in accordance with its terms. The supplemental agreement shall also provide that, in case of disagreement between the contracting officer and the contractor as to the contract price applicable to the remainder of the work at the time the Government desires resumption of the work, the contract shall be terminated in accordance with the termination for the convenience of the Government article incorporated therein by such supplemental agreement. This procedure will be particularly pertinent to lump sum construction contracts for civil work. Supplemental agreements effecting a suspension of the performance of contracts as contemplated in this paragraph shall be executed subject to the approval of the Chief of Engineers.

SUBPART D—COST-PLUS-A-FIXED-FEE CONTRACTS

General

§ 815.650 *Distinction between termination articles of cost-plus-a-fixed-fee contracts and lump sum contracts.* (a) The termination of cost-plus-a-fixed-fee contracts presents a number of prob-

lems different from those presented by the termination of lump sum contracts. The differences rest (1) upon the nature of a cost-plus-a-fixed-fee contract as one under which the Government obligates itself to reimburse the contractor for all of stated categories of costs incurred by him and to pay him a fixed fee in lieu of; and usually smaller than, a normal profit upon a lump sum contract; and (2) the special provisions of the termination articles usually found in such contracts. Since the termination articles are for use in contracts being carried out on a cost basis, they provide primarily for:

(i) Discontinuance of the contractor's performance,

(ii) Transfer to the Government (or other appropriate disposition) of property in the hands of the contractor which has been acquired for the contract,

(iii) Payment of the contractor's costs so far as not already paid, and

(iv) Adjustment of the fixed fee in the light of the reduced amount of work.

Many of the articles also provide for the assumption of the contractor's liabilities and commitments related to the contract.

(b) The discussion in this Subpart D relates primarily to the termination of cost-plus-a-fixed-fee supply contracts. However, the procedures herein discussed are in many instances equally applicable to cost-plus-a-fixed-fee construction contracts (see § 815.659 *et seq.*).

§ 815.651 *Steps in the termination of cost-plus-a-fixed-fee contracts.* Termination of each cost-plus-a-fixed-fee contract will be made in accordance with the provisions of the termination article in such contract. However, the following general steps listed in the following paragraph will be applicable to any termination of a cost-plus-a-fixed-fee contract:

(a) *Issuance of a notice of termination and action directed therein.* The contracting officer will issue a notice of termination (see §§ 815.914 and 815.915) to the contractor ordering the contractor to stop all work and the making of all commitments and directing him to issue similar orders to all subcontractors, vendors and suppliers, and to request them to furnish statements of charges on account of such termination. Provision may be made for ordering the continuation of some of the work, in the discretion of the contracting officer. With respect to the issuance of a notice of termination, the following provisions of this part relating to the termination of lump sum supply contracts are also applicable to the termination of cost-plus-a-fixed-fee contracts.

(1) Preparatory steps, §§ 815.301 to 815.306, 815.312, 815.313, 815.315.

(2) Service of termination notice and action connected therewith, §§ 815.320 and 815.321 except paragraph (b) and so much of paragraph (i) as relates to the preparation of a proposal by the contractor himself for a settlement by negotiation. [He should, of course, obtain a statement of charges and a proposal for settlement from each of his subcontractors and suppliers despite the fact that the Government may have agreed to assume his commitments to such subcontractors and suppliers.]

(3) Initial conference, §§ 815.322 and 815.323, except so much as relates to preparation of a proposal by the contractor himself for a settlement by negotiation.

The attention of the contractor should be directed particularly to the necessity of prompt performance of the applicable obligations listed in § 815.321.

(b) *Termination and settlement of subcontracts.* Subcontracts and purchase orders of the prime contractor will be (1) assumed by the Government and settled by the contracting officer or (2) settled by the contractor, depending on the terms of the termination article in the terminated prime contract. In any event, however, the prime contractor will take steps forthwith upon receipt of the termination notice to terminate subcontracts and purchase orders in compliance with such notice, to obtain inventories, accounting data and cost statements and proposals for a negotiated settlement of any lump sum subcontracts and purchase orders. (See §815.325 (c).) In the case of cost-plus-a-fixed-fee subcontracts, in lieu of proposals for a negotiated settlement, the prime contractor will obtain the accounting data and vouchers necessary to permit final determination and payment of the reimbursable costs under such subcontract and to make any necessary adjustment of the fixed fee thereunder.

(c) *Settlement of fixed price (lump sum) subcontracts, purchase orders and obligations.* (1) Numerous cost-plus-a-fixed-fee contracts now in effect contain a provision for termination for the convenience of the Government substantially in the form set forth in § 803.350. In terminating such contracts, effort will be made to obtain the full cooperation of the prime contractor in connection with the termination and settlement of his obligations and commitments. The contractor clearly remains liable upon his subcontracts and commitments. He is also plainly under obligation to obtain from his subcontractors, vendors and suppliers their statements of amounts due on account of the termination or cancellation of their subcontracts, purchase orders and other commitments and to lend all reasonable assistance in their settlement.

(2) Reimbursement will be made to a prime contractor (whose cost-plus-a-fixed-fee contract is in process of termination) of any amount paid by the prime contractor to a subcontractor or other obligee under a fixed price (lump sum) subcontract, purchase order or obligation pursuant to a termination settlement agreement with the subcontractor,

(i) if the prime contractor negotiates such settlement in good faith with the subcontractor or other obligee for the purpose of agreeing upon an amount which the subcontractor or other obligee will accept in satisfaction of his claim;

(ii) if the amount thus agreed upon is embodied in a settlement agreement between the prime contractor and subcontractor or other obligee releasing the prime contractor and Government from any further liability; and

(iii) if the settlement in question is approved by the contracting officer as being a reasonable and proper settlement and in the best interest of the Government.

The foregoing principles are applicable regardless of whether or not the subcontract, purchase order or other obligation includes a termination article and, if it includes a termination article, regardless of whether such article includes a settlement formula or provides expressly that upon termination, settlement of the subcontract, purchase order or other obligation may be made by negotiation.

(3) In determining the fair amount of the adjustment to be made in the fixed fee of a contractor, whose cost-plus-a-fixed-fee contract has been the subject of a notice of termination for the convenience of the Government pursuant to an article like that set out in § 803.350 (see especially subparagraph (3) (v)) or in § 815.905 (see especially subparagraph (2) (d) of such article), the extent of the work and cooperation of the contractor in effecting settlement of the prime contract and of subcontracts may be given consideration. Ordinarily, assignments to the Government of subcontract rights will not be made by the contractor unless the contracting officer is of the opinion that some pecuniary or administrative advantage to the Government will result from such assignment and specifically directs that it be made.

(4) In some cost-plus-a-fixed-fee contracts[1] there has been included a termination article (hitherto principally used by the Ordnance Department) providing expressly that it is the duty of the prime contractor to settle the amount due to subcontractors, vendors and suppliers on account of termination. Under contracts containing an article of this type, subcontract settlements will be made by the prime contractor in accordance with the procedure set forth in subparagraph (2) above. It is expected that shortly an approved uniform termination article for use in cost-plus-a-fixed-fee supply contracts will be prescribed which in general will be of the type described in this subparagraph.

(5) It is the general policy of the War Department to encourage, to the greatest extent possible, the settlement by the prime contractor of all obligations arising out of the termination of subcontracts, purchase orders or other commitments as the result of the termination of a cost-plus-a-fixed-fee contract, as such settlement tends to expedite payments to subcontractors.

(d) *Settlement of cost-plus-a-fixed-fee subcontracts, purchase orders and other obligations of the prime contractor.* Ordinarily, it will be feasible to settle cost-plus-a-fixed-fee subcontracts, purchase orders and other commitments of a prime contractor under a cost-plus-a-fixed-fee prime contract in accordance

[1] The nature of this article is such that it has not been regarded as appropriate for use in connection with cost-plus-a-fixed-fee construction contracts.

with the terms of the instrument containing such cost-plus-a-fixed-fee obligation. If this is done, audit and payment of the unreimbursed costs of such obligation will be made in a manner consistent with the applicable instructions set forth in the appropriate War Department Manual for Administrative Audits of cost-plus-a-fixed-fee contracts[1] However, in the interest of expeditious settlement of such claims, the prime contractor and the subcontractor may settle by negotiation in the manner set forth in paragraph (c) (2), all amounts due with respect to the subcontract, the amount of any adjustment of any fixed fee payable under the subcontract, and the costs and expenses incurred by the subcontractor in connection with the termination and settlement of such cost-plus-a-fixed-fee subcontract; and the amount of any such settlement, when approved by the contracting officer as made in good faith and with protection of the interests of the Government, shall be reimbursable to the prime contractor.

(e) *Authorization of direct payment of subcontractors in certain cases.* (1) The procedure set forth in this paragraph is authorized in connection with the termination of any prime contract containing (i) a termination article in substantially the form set forth in §§ 803.350, 815.903, or 815.905, under which it is provided the Government "shall assume and become liable for" certain obligations of the contractor, or (ii) a provision (which may be inserted by amendment) permitting the direct payment by the Government of obligations of the prime contractor related to the prime contract and the release of the Government, by virtue of such direct payment, of all liability with respect to such obligations so paid.

(2) By any supplemental agreement between the prime contractor under a contract of the type mentioned in subparagraph (1) and a subcontractor, entered into pursuant to paragraph (c) or (d), fixing the amount owed by the prime contractor to the subcontractor, the parties thereto may agree (i) that payment of such amount when approved by the contracting officer, will be made by the Government directly to the subcontractor and (ii) that, upon the making of such direct payment the Government will thereby be discharged of all liability to the prime contractor and to the subcontractor with respect to the obligation settled by such supplemental agreement. Direct payment to the subcontractor of the amount agreed upon in such supplemental agreement may be made by the Government upon the approval of the supplemental agreement by the contracting officer.

(3) Such direct payments under prime contracts of the type referred to in subparagraph (1) will frequently expedite termination settlement of such prime contracts and will facilitate the prosecution of the war. Accordingly, the chief of each technical service may authorize the amendment of any such prime contract pursuant to the First War Powers Act and Executive Order No. 9001, either before or after the giving of a notice of termination of such prime contract, to provide for such direct payment.

(4) In determining whether the procedure under this paragraph, permitting direct payments to subcontractors will be approved, the contracting officer should proceed only after adequate consideration of any possible legal problems in any case where the prime contractor or any intermediate subcontractor is believed to be in financial difficulties. This procedure should not be used in any case,

(i) Where the written consent of the prime contractor and any intermediate subcontractors has not been obtained, or

(ii) Where the amount of the payment may impair any right of set-off possessed by the Government or the ability of the Government to enforce any claim against the prime contractor.

In any case where the prime contractor, the subcontractor, or any intermediate subcontractor is in receivership, reorganization or bankruptcy, the advice of the Director, Readjustment Division, Headquarters, Army Service Forces, should be sought before utilizing this procedure.

(f) *Disposition of property.* (1) Government property in the hands of the prime contractor will normally be disposed of pursuant to the provisions of Part 807, especially Subpart B. Many cost-plus-a-fixed-fee contracts contain the provision set forth in § 803.363, relating to the disposition of Government-owned property placed in the care, custody or possession of the contractor in connection with the terminated contract. Under contracts containing this provision, sale of Government property pursuant to the terms of the provisions is expressly authorized by § 807.306. Attention is invited to the fact that this provision may be inserted by amendment in any cost-plus-a-fixed-fee contract heretofore or hereafter executed when it is determined by the chief of the technical service concerned that such an amendment will facilitate the prosecution of the war or is necessary to carry out the purposes in section I of the act of July 2, 1940 (Public Law 703, 76th Congress, 54 Stat., 712; see opinion of the Judge Advocate General dated May 14, 1943, SPJGC 1943/6630). In the absence of this provision, sale of cost-plus-a-fixed-fee termination inventories may be made by the contracting officer in accordance with the regulations relating to sales of termination inventories set forth in Part 807.

(2) Property in the hands of subcontractors, if title thereto has passed to the Government, may be disposed of consistently with the foregoing subparagraph (1). Property in the hands of subcontractors, title to which has *not* passed to the Government, but with respect to which a termination charge will be presented, may be disposed of with the approval of the contracting officer subject to the provisions relating to the sale of termination inventories set forth in Part 807.

(3) In the unlikely event that there should be any property acquired by the prime contractor in connection with the performance of a terminated cost-plus-a-fixed-fee contract, title to which has not passed to the Government, such property may be disposed of consistently with the provisions of this part governing the disposition of property in connection with lump sum contracts (see § 815.350 *et seq.*).

(4) Property which has finally and inseparably become a part of Government real estate will be disposed of in accordance with the provisions of law relating to disposition of such real estate and with any applicable provisions of the terminated contract or any related contract, as to options to purchase, disposition of property and similar matters.

(g) *Audit of costs incurred by the prime contractor.* Unlike the situation which exists with respect to a lump sum contract, machinery already exists, in the case of every cost-plus-a-fixed-fee contract, for the audit of the costs incurred by the prime contractor. Therefore, the unreimbursed costs, incurred both prior to the effective date of the termination notice and in connection with the termination, will be presented for reimbursement by the prime contractor under a terminated cost-plus-a-fixed-fee contract, in accordance with the terms of his contract, and will be audited by the appropriate auditing personnel at the direction of the contracting officer in accordance with such terms and in accordance with the applicable instructions set forth in the appropriate War Department manual for administrative audit of cost-plus-a-fixed-fee contracts (see paragraph (d), note 1). Similar audit will be made in the case of cost-plus-a-fixed-fee subcontracts and purchase orders. In reviewing settlements of lump sum subcontracts and purchase orders arrived at by the contractor, the contracting officer and accounting personnel will be guided, in so far as applicable, by the provisions of this part, and by the Termination Accounting Manual, relating to the review of settlements with subcontractors made by fixed price prime contractors.

(h) *Determination of costs.* In effecting settlement of terminated cost-plus-a-fixed-fee contracts, the provisions of the particular contract governing reimbursable costs will determine what costs are properly allowable. Some cost-plus-a-fixed-fee contracts embody Treasury Decision 5000 in their definition of costs. It should be recognized that the definition of costs contained in Treasury Decision 5000 is, in some material respects, different from the definition contained in this part (§815.480 *et seq.*).

(i) *Payments and adjustments of fixed fee.* (1) The amount of the prime contractor's fixed fee due and unpaid to the effective date of the termination notice will be computed, adjusted and paid in accordance with the terms of the terminated contracts.

(2) Where, in the event of termination, the fixed fee is to be revised on the

(b) *Cost-plus-a-fixed-fee construction contracts*—See "War Department Corps of Engineers—Manual for Administrative Audit of Cost-Plus-A-Fixed-Fee Construction Contracts" 29 August 1942.

settlement from each of his subcontrac- contractor or other obligee releasing the struction contracts.

basis of an estimate of the percentage of the completion of the contract, the contracting officer will ordinarily take into account the following factors:

(i) The ratio of the actual costs incurred to the amount estimated by the contracting officer as of the date of the notice of termination (in the light of actual experience in the performance of the contract) as the probable total cost of the contract if it had been completed.

(ii) The extent to which costs already incurred involve only the purchase of raw materials and standard parts and supplies.

(iii) The ratio of completed units delivered to the total units to be delivered by the contractor.

(iv) The character and quality of the work done and of that which remains to be done, including the extent to which engineering work, production scheduling, planning, technical study and supervision, and other services involving special skill and knowledge have been performed by the contractor.

(v) The extent to which the work of arranging and supervising a program of subcontracting of importance in the performance of the contract has been done.

(vi) The cooperation of the contractor in connection with the termination of the contract, including his efficiency in settling the claims of subcontractors and in disposing of surplus property.

(vii) Other relevant factors present in the particular case.

(3) In the event of a reduction or partial termination of a contract, the revision of the fixed fee should normally be based on consideration of the estimated decrease in the cost of performing the contract together with consideration of any of the factors enumerated above that may be pertinent in the circumstances.

(4) In arriving at the amount of the adjustment in the fixed fee the contracting officer should give consideration to the views of the contractor with respect to the factors on which the adjustment was based, and where possible, with proper protection of the Government's interests, should reach an agreement with the contractor as to the amount of the adjustment.

(5) If the contract provided for adjustment of the fixed fee, in the event of total or partial termination, upon the basis of some other criterion than percentage of completion, such adjustment will be made in accordance with the applicable provisions of the contract giving weight to the factors set forth in subparagraph (2) above so far as they may be relevant.

§ 815.652 *Authority to terminate cost-plus-a-fixed-fee contracts.* The chiefs of the technical services may prescribe rules and regulations, consistent with the provisions of this part, governing the authorization of the termination of cost-plus-a-fixed-fee contracts under their respective jurisdictions.

§ 815.653 *Form of notice of termination.* Whenever the complete termination of a cost-plus-a-fixed-fee supply contract has been authorized by proper authority, such termination will be effected by a notice substantially in the form set out in § 815.914 (a) or 815.914 (b), whichever is appropriate (see as to construction contracts § 815.661).

§ 815.654 *Payments of costs duly determined.* Pending the final determination of the total amount due the contractor on account of termination, the contracting officer is authorized to make partial payment on account thereof against approved reimbursement vouchers or vouchers for the payment of approved portions of the fixed fee. Full utilization will also be made of available advance payment balances for the same purposes, consistently with the principles outlined in §§ 815.508 to 815.511 (a), inclusive, so far as applicable.

(a) *Interim financing.* (1) Except as provided in subparagraph (2) below, the provisions of §§ 815.500 to 815.529, relating to interim financing, are generally applicable to cost-plus-a-fixed-fee contracts.

(2) Where advance payment funds have been established they should be utilized in lieu of partial payments. These funds are available for the payment of all termination costs, including the making of partial payments to subcontractors. In the case of a total termination such funds may be utilized on termination without further payment of interest (§§ 803.348a and 813.1321). In the case of partial terminations (whether effected under the termination article or the changes article of the contract), many advance payment agreements outstanding require the payment of interest. The procurement regulations have been amended so as to authorize the amendment of existing advance payment agreements, either before or after termination, to provide that in the case of partial or total terminations of prime contracts, the advance payment balance outstanding, to the extent that partial payments out of the revolving fund are made to subcontractors or suppliers against their termination claims, shall not bear interest from the time those partial payments are made until the contractor is reimbursed for termination settlements with such subcontractors. (See §§ 803.321 (m) and 803.349a.)

(3) Where advance payment funds have not been established, partial payments on account of amounts due to a cost-plus-a-fixed-fee contractor on a termination (including amounts necessary to put him in funds, or to reimburse him, for partial payments to subcontractors) may be made, provided the cost-plus-a-fixed-fee contract contains a provision authorizing such payments. Partial payments will assist materially in enabling contractors and particularly fixed-price subcontractors affected by termination to undertake other war work or other productive enterprise at an early date, in a manner consistent with the public interest. Accordingly, pursuant to the First War Powers Act, 1941, and Executive Order No. 9001, authority is delegated to the chiefs of the several technical services to amend cost-plus-a-fixed-fee contracts by including therein a provision for partial payments substantially in the form of the provision contained in paragraph (g) of the uniform termination article (§§ 803.324, 815.901). It is determined that the making of such amendments will facilitate the prosecution of the war. Each such amendment will recite that it is made pursuant to the First War Powers Act, 1941, and Executive Order No. 9001. Partial payments made pursuant to this authorization shall comply with the requirements of §§ 815.505 to 815.507 (d). Reimbursement of cost-plus-a-fixed-fee contractors for costs and expenses paid to subcontractors in partial or final settlement of their termination claims are not to be regarded as partial payments within the contemplation of § 815.505 to 815.507 (d), and such reimbursement may be made regardless of whether or not the contract contains a provision authorizing the making of partial payments.

§ 815.655 *Final settlement agreement.* Upon the determination of the total amount due the contractor as reimbursement for all costs incurred in accordance with the terms of the contract, and of the total amount due the contractor as payment of the fixed fee in accordance with the terms of the contract, and concurrently with the final payment of cost reimbursement and of the fixed fee, the contracting officer and the contractor will execute a final settlement agreement,[1] in the form of a supplemental agreement to the contract (see § 815.934). Such supplemental agreement will set forth the amount of such final payment of cost reimbursement and of the fixed fee, will state the terms of any adjustment of the fixed fee, will state that all Government property under the contract and theretofore undisposed of has been delivered to the Government, will list such property or will incorporate a list thereof by reference, will embody a general release by the contractor and the Government of all claims against each other, and will state in detail all the exceptions to said release (see, for list of such possible deductions, exceptions and reservations, § 815.537 (b)). The contracting officer will determine whether there will be any negotiated adjustment of the fixed fee which makes desirable coordination of the settlement agreement with statutory renegotiation.

§ 815.656 *Release provisions of terminated contract; anticipated litigation.* The release provisions of the particular terminated cost-plus-a-fixed-fee contract should be followed in framing the releases to be inserted in the settlement agreement. Where there is substantial risk of later litigation (for example, actions under the Wages and Hours Act, State taxes) affecting reimbursable costs under the terminated contract, such items may be expressly excepted from the releases if the contract provision with respect to releases (either as originally set forth in the contract or as inserted by amendment) authorizes such exceptions.

[1] No such final settlement agreement need be entered into where, as in the case of a cost-plus-a-fixed-fee construction contract, the problems incident to the termination are relatively simple and the terms of the termination article are self-operating.

§ 815.657 *Alternative procedures.* Subject to the provisions of §§ 815.106, 815.108, 815.220, and 815.207 to 815.209, inclusive, chiefs of the technical services may authorize the adoption of other procedures, consistent with this part, for the termination of particular cost-plus-a-fixed-fee contracts the provisions of which render compliance with any or all of the foregoing procedures inappropriate or inexpedient.

§ 815.658 *Review of settlement agreements.* (a) Except with respect to the adjustment of fixed fees, the review procedure set forth in § 815.220 is applicable to cost-plus-a-fixed-fee prime contracts and fixed-price and cost-plus-a-fixed-fee subcontracts thereunder, so far as settlement of such contracts is accomplished by a negotiated settlement. (See § 815.651 (c) and (d).) Review by the settlement review board is not required in the case of costs which are not settled by negotiation but are reimbursed after appropriate audit.

(b) All supplemental agreements adjusting fixed fees in connection with the complete termination of a cost-plus-a-fixed-fee prime contract or subcontract will be submitted to the review board for approval prior to execution. In the case of a partial termination such review will be required where the estimated cost of the work terminated exceeds $50,000. If such adjustment of fixed fee is made by the contracting officer pursuant to any formula contained in the contract (see § 815.651 (i)) and not by a negotiated agreement, the function of the review board will be to advise the contracting officer with respect to the reasonableness of the proposed adjustment.

§ 815.658a *Assignment to Government of premiums due under policies written under War Department Insurance Rating Plan upon termination or completion of cost-plus-a-fixed-fee contracts.* See § 804.484.

Cost-Plus-a-Fixed-Fee Construction Contracts

§ 815.659 *Introductory.* The discussion in §§ 815.659 to 815.667 relates exclusively to the termination of cost-plus-a-fixed-fee construction contracts. The term "cost-plus-a-fixed-fee construction contracts" as used in §§ 815.659–815.667, unless it is specifically indicated otherwise, shall be deemed to be applicable to cost-plus-a-fixed-fee construction, architect engineer, and architect-engineer-manager contracts. Except as hereinafter indicated in §§ 815.659 to 815.667, the provisions of §§ 815.650 to 816.658a inclusive of this Subpart D shall be considered as generally applicable to cost-plus-a-fixed-fee construction contracts.

§ 815.660 *Certain provisions not applicable to cost-plus-a-fixed-fee construction contracts.* The provisions of §§ 815.313 and 815.321 referred to in § 815.651 (a) will not be considered as applicable to cost-plus-a-fixed-fee construction contracts. The forms of notices hereinafter prescribed in §§ 815.659 to 815.667 adequately suggest the steps which should be taken by contracting officers in advance of serving the termination notice.

§ 815.661 *Notice of termination of entire contract.* In the event it is determined that the entire contract is to be terminated, notice thereof shall be given to the contractor in the form set out in § 815.915 (a). The termination for convenience articles (§ 803.350; see also Article VI, W.D. Contract Form No. 3, § 813.1303; Article III–L, W.D. Contract Form No. 4, § 813.1304; Article XVI, W.D. Contract Form No. 12, § 813.1312), provide that unless the notice of termination directs otherwise, the contractor shall, among other things, proceed to cancel all existing orders and terminate all subcontracts. In many instances, it may not be desirable for the contractor to cancel all unperformed purchase orders and terminate all unperformed subcontracts, the performance of which by vendors or subcontractors is necessary to the completion of the project, even though the prime contract is terminated. If such purchase orders and subcontracts are terminated, advantage thereof cannot be taken. Therefore, care should be exercised in listing of those purchase orders and subcontracts, as required under paragraph 3 of the form (§ 815.915 (a)), which the contracting officer thinks should be performed as well as all those which he thinks further investigation might reveal should be fully performed. Purchase orders and subcontracts which have been fully performed by vendors and subcontractors should not be listed.

§ 815.662 *Partial termination notice.* Where it is deemed desirable merely to terminate a portion of a contract for the convenience of the Government, the form set out in § 815.915 (b), shall be used. It will ordinarily be impracticable for the contracting officer to list all purchase orders and subcontracts which are pertinent only to that portion of the work which is not to be terminated. Therefore, paragraph 3 of the form to be used does not provide for listing of any purchase orders and subcontracts. Consequently, the portion of the contract which is not to be terminated should be described with particularity under paragraph 2 of the form. A notice of partial termination should not be issued under a termination for the convenience of the Government article in any case where it would be appropriate to issue a change order under the change article to eliminate work. Furthermore, the notice for partial termination should not be used where the project is nearing completion and only a minor amount of work remains uncompleted.

§ 815.663 *Termination for the fault of the contractor.* Where a cost-plus-a-fixed-fee construction contract is terminated for the default of the contractor, the form set out in § 815.915 (c) shall be used.

§ 815.664 *Stop orders.* Stop orders shall not be used to effect termination of cost-plus-a-fixed-fee construction contracts or in anticipation of such termination, since their use is incompatible with the notices of termination prescribed by these regulations and with the termination for the convenience of the Government article. Their proper use in connection with cost-plus-a-fixed-fee construction contracts is limited to effecting a temporary cessation of work during the course of the performance of the contract.

§ 815.665 *Assignment of subcontracts to the Government.* The form set out in § 815.915 (d), shall be used in all cases where it has been determined that an assignment to the Government of an instrument is to be made. It does not follow that all unperformed purchase orders, subcontracts, and other commitments should be assigned to the Government merely because they are unperformed at the time a contract is terminated. The contracting officer should require an assignment only in cases where there is a pecuniary or an administrative advantage to be obtained. In all cases of an assignment, the vendor or subcontractor should be notified thereof by letter.

§ 815.666 *Reimbursable and non-reimbursable expenditures.* All articles used in cost-plus-a-fixed-fee construction contracts, which provide for termination for the convenience of the Government, stipulate that the contractor shall not be entitled to reimbursement for expenditures made after the date of termination, except for expenditures to protect Government property and for accounting services in settling the contract as are required or approved by the Contracting Officer. Those articles also provide that, if the contract is terminated due to fault of the contractor, no additional payments on account of the fee will be made. In the case of those contracts which are terminated for the convenience of the Government, the final voucher shall show that the contractor has been paid only that portion of the prescribed fee which the physical work actually completed bears to the entire physical work under contract less fee payments previously made. In order that the record may be complete, a finding of fact with regard to the portion of the contract work actually completed by the contractor shall be made and filed in the records of the contracting officer.

§ 815.667 *Service of notice of termination.* In the event a contractor refuses to acknowledge receipt of a notice of termination, the service thereof upon the contractor by leaving a copy with the contractor or by mailing the same to the contractor by registered mail, return receipt requested, has the same legal effect. If the notice is delivered in person, a memorandum to that effect should be made and filed in the records of the contracting officer.

SUBPART E—TERMINATION OF PRELIMINARY CONTRACTUAL INSTRUMENTS

§ 815.700 *Notices of award.* As used in this paragraph the term "notices of award" refers to a binding contractual instrument based on an offer by the contractor and signed by a contracting officer. Although such a notice of award will ordinarily not contain an article providing for termination for the convenience of the Government, such a notice of award may be terminated and settled in the same manner as provided

in this part for a formal definitive con-

§ 815.802 *Matters to be covered.* The

(c) *Order of listing terminations.* (1)

tract is terminated. From a practical

units which have been or will be accepted under the contract. Thus this amount

tion but excluding that portion of the contractor's settlement represented by

in this part for a formal definitive contract, which contains no termination article (§ 815.311), making due allowance for the difference between such an instrument and a formal definitive contract.

§ 815.701 *Letters of intent and letter orders*—(a) *Letters of intent and letter orders which contain standard termination provisions.* Letters of intent and letter orders which contain or have been amended to contain the standard termination provisions for inclusion in such instruments (see § 815.107 (b)) will be terminated in accordance with such provisions.

(b) *Where instrument does not contain standard termination provisions.* Where a letter order or letter of intent does not contain such standard termination provisions, and it is desired to terminate such an instrument, the contracting officer will make every reasonable effort to include the appropriate standard termination provisions (other than those which provide an allowance of profit) by amendment of such instrument in accordance with § 815.107 (b). If such amendment is effected, termination will be effected in accordance therewith. If no such amendment can be effected, then such instrument will be terminated (1) in accordance with any provisions for termination for the convenience of the Government, or any applicable provisions for termination in the absence of agreement upon a definitive contract, contained in such instrument, or (2) if the contract contains no such termination provisions, in accordance with the provisions of § 815.311.

§ 815.702 *Procedure on termination of letter orders and letter of intent under standard termination provisions.* In general, the procedure in terminating letter orders and letters of intent containing standard termination provisions will be similar to that provided in this part for definitive contracts of the type contemplated by the particular letter order or letter of intent being terminated. Due allowance for the differences between such instrument and definitive contracts will be made and the procdeures set out in this regulation need be used only so far as reasonably applicable to such temporary instruments. The chief of each technical service may prescribe instructions, not inconsistent with this part regarding termination of such instruments.

SUBPART F—REPORTS

§ 815.800 *Monthly Contract Termination Status Report.* Each procurement office (except those reporting to the Commanding General of a Service Command) will prepare a Monthly Contract Termination Status Report.

§ 815.801 *Report form.* The report will be prepared on W. D., A. G. O. Form No. 505 (Monthly Contract Termination Status Report). This report is carried in stock at the Adjutant General Pentagon Depot, Washington 25, D. C., and will be ordered by reference to W. D., A. G. O. Form No. 505. The Control Approval Symbol is PDE–10.

§ 815.802 *Matters to be covered.* The report will cover all terminations of contracts for the convenience of the Government, regardless of the type or amount of the contract. It will cover all such terminations completed during the month and those still in process. If no such terminations have been completed and none are in process, a negative report will be made. When a final settlement has been made with a contractor and reflected in a monthly report, it will not be reflected in subsequent reports. Cost-plus-a-fixed-fee contract terminations will be reported separately. "Cost-plus-a-fixed-fee" will be typed immediately below the report title of such reports. Any portion of a supply contract pertaining to facilities to be acquired for Government account will be excluded from each column of the report. (If no definite segregation is made in the contract, this instruction may be waived as to Column 7).

§ 815.803 *Date for submitting reports.* The report will be submitted monthly and will be filed with the office of the chief of the service (the Assistant Chief of Staff MM&D for Army Air Forces) on or before the 10th day of the month following that for which the report is made, or on any earlier date specified by the chief of the service.

§ 815.804 *Number of copies.* The number of copies of the report to be filed will be prescribed by the chief of the service.

§ 815.805 *Report to Contract Termination Branch, Readjustment Division, Headquarters, Army Service Forces.* On or before the 15th day of the month following that for which the report is made, the chief of each technical service (the Assistant Chief of Staff MM&D for Army Air Forces) will file with the Chief, Contract Termination Branch, Readjustment Division, Headquarters, Army Service Forces, the original and one copy of each monthly contract termination status report filed with him.

§ 815.806 *Instructions with respect to the report form*—(a) *Successive partial terminations.* (1) In the event that successive partial terminations are effected in regard to one prime contract, each such termination will be treated as a separate transaction (see paragraph (d) (1)) unless it is intended to settle all partial terminations in one supplemental agreement.

(2) When a further termination is made against a contract which has already been partially terminated, and it is intended to settle all partial terminations in one supplemental agreement, the previous partial termination or terminations should be listed in the "Rescinded" section of the Monthly Status Report with an appropriate explanation. The total terminations "to date" against the contract would then be picked up as a single authorized case under the date of the latest current termination.

(b) *Dollar amounts and dollar symbols.* The sums shown in the amount columns will be to the nearest dollar. Fractions of a dollar will not be shown. Likewise no dollar symbols ($) will be used in the amount columns.

(c) *Order of listing terminations.* (1) Terminations completed during the month will be listed first in chronological order (based on the effective date of termination). Above these, centered, there will appear the heading "Terminations Completed". Columns 8, 10, 12, 14, 15, 17, 18, 19, 20 and 21 are to be added individually and the totals entered in the respective columns.

(2) Terminations rescinded or transferred will then be listed in chronological order (based on the effective date of termination). Above these, centered, there will appear the heading "Terminations Rescinded or Transferred". Columns 8, 10, 12, 14 and 15 are to be added individually and the totals entered in their respective columns. This grouping is to represent cases previously reported as "Terminations in Process" which will not require completion of settlement action because of the reinstatement of the contract, or because of the transfer of administration to another procurement office. A termination transferred will not be so reported until the office to which the transfer was made has acknowledged receipt, and has stated that the termination will be picked up on its next report. Offices to which transfers are made will acknowledge receipt, advise the transferring office, and pick up the transferred case as authorized during the month (see paragraph (f)).

(3) Terminations in process will then be listed in chronological order (based on the effective date of termination). Above these, centered, there will appear the heading "Terminations in Process". Columns 8, 10, 12, 14, and 15 are to be added individually and the totals entered in their respective columns.

(d) *Columnar information.* There are set forth in the succeeding subparagraphs instructions with respect to the information to be contained in the various columns of the report form. Subparagraph (1) contains instructions with respect to Column 1. Subparagraph (2) contains instructions with respect to Column 2 and so forth.

(1) Column 1—Insert contract or other identification number. In the event that a contract under termination has more than one partial termination, the contract number will be entered for each of the additional partial terminations.

(2) Column 2—Name of contractor—Because of limited space, the full name of the contractor need not be given. Sufficient information will be given to permit identification.

(3) Column 3—Item—Because of limited space, the full description of the items need not be given. Sufficient information will be given to permit identification of the item being manufactured under the contract.

(4) Column 4—Partial or complete—Indicate by the symbol "P" or "C" whether the termination is partial or complete. A partial termination is one in which only a part of the uncompleted portion of the contract is terminated and the balance is to be continued after the effective date of termination. A complete termination is one in which the entire uncompleted balance of a contract is terminated. From a practical standpoint, it may be said that a complete termination is one in which the contract price of items cancelled is equal to the entire remaining balance of the contract.

(5) Column 5—Date termination authorized—The date of termination authorization will be the date on which the authorization of termination was written in the office of the chief of the service. There may exist, however, certain cases wherein termination proceedings are initiated prior to approval from the office of the chief of the service. In such cases, the date on which the termination action was initiated by the contracting officer will be used as the date of termination authorization.

(6) Column 6—Effective date of termination—This is the date designated in the notice of termination as the effective date of termination. With particular reference to partial termination, this is the date the contractor is required to take action to stop work and cancel subcontracts with respect to the terminated portion of the contract. This is not to be construed as meaning the estimated date of completion of the continued portion of the contract unless no action is to be taken by the contractor until the continued portion of the contract is completed. In the event of successive partial terminations affecting the same contract, effective dates for each will be shown. In all instances where the effective date of termination is changed from that shown on the previous month's report, the revised date will be prefixed by "R". The reason for such changes will be explained in the space provided for status of settlement action.

(7) Column 7—Amount of contract—Enter the total amount of the contract and all supplements as of the date of termination authorization.

(8) Column 8—Total contract price of items cancelled—This column is to reflect the dollar value of the terminated portion of the contract. In some instances it may not be possible to determine accurately the exact contract price of items cancelled. In such cases the best possible estimate will be used until correct figures can be ascertained. In all instances where the total contract price of items cancelled is changed from that shown on the previous month's report, the revised amount will be prefixed by "R".

(9) Column 9—Contractor's proposal—Date of filing—Enter the date on which the contractor's proposal was received. In the event of partial proposals or revisions of proposals previously submitted due to post termination expenses, etc., carry the original date until the case has been completed. Dates of revised claims will be shown below the original date prefixed by "R".

(10) Column 10—Contractor's proposal—Amount exclusive of subcontractors—This column is to reflect the dollar amount representing the contractor's proposal for settlement of the terminated contract. The amount will be exclusive of (i) charges submitted by subcontractors to the prime contractor and (ii) the contract price of all completed units which have been or will be accepted under the contract. Thus this amount will represent the prime contractor's statement of charges with respect to the uncompleted portion of the contract (prior to negotiation), and therefore the difference between this amount and the amount entered in Column 17 will represent the net change resulting from negotiations. In the event of contractor's revision of preliminary or partial proposals, exclusive of reductions arising from negotiation, the amount of the most recent revision will be shown opposite the most recent revision date (see Column 9). Previous claim figures will be omitted, but the dates of such previous claims will continue to be shown. Explanation of the revision will be made in space provided for explanations of status.

(11) Column 11—Subcontractors' claims—Number of claims submitted—Enter number of first tier subcontractors' claims submitted by the prime contractor to the office administering the termination. This includes claims of suppliers and vendors of standard articles.

(12) Column 12—Subcontractors' claims—Total amount—Enter the total dollar value of all first tier subcontractors' claims submitted by the prime contractor to the office administering the termination. This column is intended to represent the amounts approved by the prime contractor, and is not necessarily the same as the amount approved by the contracting officer in final settlement as shown in Column 18.

(13) Column 13—Subcontractors' claims—Number of claims approved—Enter the number of first tier subcontractors' claims which have been approved by the contracting officer as of the date of preparation of the report.

(14) Column 14—Partial payments—For benefit of prime contractor—Enter the total amount of partial payments made to the prime contractor covering amounts intended solely for the use and benefit of the prime contractor. Advance payments or payments made as reimbursement for costs under a CPFF contract will not be included. Advance payments are to be noted in the space provided for explanations of status of incomplete cases.

(15) Column 15—Partial payments—For benefit of subcontractors—Enter the total amount of partial payments made for the use and benefit of subcontractors whether such amounts are paid to the prime contractor for the account of the subcontractors or are paid direct to subcontractors.

(16) Column 16—Details of final settlement—Date—Enter the date on which the supplemental agreement incorporating the final settlement is received by the contracting officer, signed by both the contractor and the contracting officer. For those services requiring approval by the office of the chief, the transaction must be considered as pending until this approval is received.

(17) Column 17—Details of final settlement—Gross amount excluding subcontractors—This represents the gross amount of the settlement agreement including expenses subsequent to termination but excluding that portion of the contractor's settlement represented by payments to subcontractors. Differences between Columns 10 and 17 represent negotiated reductions between the contractor's claim and the final settlement.

(18) Column 18—Details of final settlement—Amount subcontractors—Enter the amount of payments made to subcontractors by the prime contractor and thus included in his final settlement. Differences between Columns 12 and 18 represent any negotiated reductions made by the contracting officer in subcontractors' settlements previously approved by the prime contractor and submitted to the contracting officer for approval.

(19) Column 19—Details of final settlement—Disposal credits—The amount credited to the Government by the prime contractor for receipts from sales or retention of property included in his gross settlement proposal. Sales to the Government under Purchase Orders will be included in this column and will not be confused with the amount allowed for property taken over by the Government as reported in Column 21.

(20) Column 20—Details of final settlement—Net amount of settlement—The net payment to the contractor in settlement of the proposal. This is Column 17 plus 18 minus 19.

(21) Column 21—Details of final settlement—Amount allowed for property taken over by the Government—The amount which is allowed to the contractor for property taken over by the Government will be shown in this column. This is the amount included in the net settlement, shown in Column 20, required to reimburse the contractor for the cost of his inventory taken over by the Government. When an exact allowance cannot be assigned to this property, as in some settlements on a total cost basis, the best possible estimate will be given.

(e) *Special instructions with respect to Columns 16, 17, 18, 19, 20 and 21.* These columns will be filled in only for terminations which have been completely settled during the month. In the case of "Terminations in Process", the space occupied by these columns will be used to explain briefly the status of settlement action. Such explanations will include such information as "Awaiting Contractor's Claim", "Property Disposal", "Contractor's Settlement Proposal Being Audited", "In Process of Negotiation" ("In Process of Negotiation" is considered to apply only to such cases in which audit and property disposition is completed), "Awaiting Final Agreement" and so on. In terminations involving subcontractors, it is desirable to show the total number of first tier subcontractors from whom claims are expected, so as to provide a comparison between probable subcontractors' claims and subcontractors' claims submitted as shown in Column 11.

(f) *Reconciliation—Number of terminations.* A reconciliation of the number of terminations received, completed and on hand is to be shown on the last sheet of each report and in the following form:

Terminations pending per last report.
Terminations authorized during month.
Total terminations to be accounted for.

Terminations settled during month.
Terminations rescinded or transferred during month.
Terminations pending end of month.
Terminations pending 0–6 months.
Terminations over 6 months.

Cases reported as rescinded or transferred must be completely explained so that the proper correction may be made in the consolidated War Department reports. Any further aging of cases pending less than 6 months will be as determined by the chief of the service.

(g) *Optional reporting of terminations involving less than $10,000 in contract price of items cancelled.* If so directed by the chief of the service concerned, terminations involving less than $10,000 in contract price of items cancelled may be reported in total only. The method of such reporting will be as follows:

(1) Terminations completed — Enter totals of Columns 7, 8, 10, 11, 12, 13, 14, 15, 17, 18, 19, 20, and 21 for such terminations involving settlement of contractors' claims completed during the month, as the first line of "Terminations Completed" (see paragraph (c) (1)). Enter the number of such cases completed in Column 1 and "Cases Under $10,000" in Column 2. Enter totals of Columns 7 and 8 for such terminations involving no contractors' claims completed during the month as the second line of "Terminations Completed." Enter the number of such cases completed in Column 1 and "Cases Under $10,000" in Column 2.

(2) Terminations rescinded or transferred—Enter totals of Columns 7, 8, 10, 12, 14, and 15 of any such cases rescinded or transferred, as reported on the preceding month's report for "Terminations in Process", as the first line of "Terminations Rescinded or Transferred". Enter the number of such cases in Column 1 and "Cases Under $10,000" in Column 2.

(3) Terminations in process—Enter totals of Columns 7, 8, 10, 12, 14, and 15 for such terminations still in process as the first line of "Terminations in Process". Enter the number of such cases in Column 1 and "Cases Under $10,000" in Column 2.

(4) All such cases must be accounted for in the reconciliation provided in paragraph (f).

SUBPART F–1—REMOVAL OF PROPERTY FROM CONTRACTORS' PLANTS UPON TERMINATION AT THE OPTION OR FOR THE CONVENIENCE OF THE GOVERNMENT

§ 815.850 *Introductory.* This section incorporates government policies which have been made effective with respect to the prompt removal and disposition of property from the plants of contractors upon termination of their contracts. It also contains instructions with respect to procedures to be followed in carrying out these policies pending final development of regulations with the Surplus War Property Administrator. The instructions apply generally in the case of all terminated fixed-price prime supply contracts and are designed primarily to implement the prescribed policy for prompt clearance of a contractor's plant prior to final settlement.

In addition, certain instructions have been included with reference to the application of the policy and procedures to the removal of property from the plants of fixed-price subcontractors under terminated fixed-price or cost-plus-a-fixed-fee prime supply contracts § 815.864) and with reference to the removal of property from plants of cost-plus-a-fixed-fee prime or subcontractors (§ 815.867).

Special instructions have also been prescribed with reference (a) to the removal or storage of property which is to be taken over at the time of the execution of the final settlement agreement and (b) to the certification of final payment vouchers insofar as property which has been removed or stored is concerned (§§ 815.865 to 815.866).

The provisions of this section are not applicable to government-owned facilities (§ 815.868).

This section does not cover the handling in the final settlement agreement of property which for any reason cannot be removed or stored with the contractor at the time of the execution of that agreement.

General Policies and Procedures With Respect to Fixed-Price Prime Contracts

§ 815.851 *Government policy on prompt plant clearance.* The report of Messrs. Baruch and Hancock on war and post-war adjustment policies released by the Office of War Mobilization on 15 February 1944, recommends the prompt clearance of property from contractors' plants not later than sixty days after the filing of inventory lists. The report also incorporates a statement of the policy of the Joint Contract Termination Board as to removal and disposition of property from the plants of contractors in connection with termination of their contracts, in which it is provided that:

(a) As soon as possible after receipt of notice of termination of any contract, the contractor should submit partial or complete inventory lists of property furnished by the government or to which the government is entitled and which is no longer required for the performance of the contract;

(b) The contractor may, unless the contract otherwise provides, at any time after receipt of notice of termination, remove such property and store it at his own risk, and the government with his consent may remove and dispose of any such property prior to final settlement;

(c) The portion of this property not disposed of within sixty days after delivery by the contractor of such an inventory list, will, upon demand of the contractor and unless the contract otherwise provides, be removed from his premises by the procuring agency unless it may have previously determined that such property is not chargeable to the government or does not belong to the government; and

(d) Any such property not so removed upon demand may be stored by the contractor at the expense and risk of the procuring agency either on his premises or, if he determines that space is not available for that purpose, then elsewhere, provided in either case the contractor takes reasonable precautions for the protection of the property and notifies the procuring agency of the action taken.

These policies have been made effective, and, pending development of regulations with the Surplus War Property Administrator, the instructions set forth in this Subpart F–1 will be observed by the technical services in handling the removal and disposition of property involved in the terminated portions of War Department fixed-price supply contracts, whether the property is owned by the contractor and claimed by him to be allocable to the terminated contract, or has been furnished to him by the government. Where it is determined prior to final settlement that the government has removed or disposed of property which is not allocable to the terminated portion of the contract, then the government in arriving at the amount of the final settlement will take into account either the disposal value of the property at the time of removal or the proceeds realized from the disposal of the property, or will return the property to the contractor at government expense, all at the election of the government; and after final settlement the contractor will have no claim against the government by reason of any such removal or disposition.

§ 815.852 *Prompt disposition of property.* In order to make the property available for other production use at the earliest possible moment after termination, contractors and contracting officers upon termination and without waiting for the expiration of the sixty-day period (see § 815.851 (c)) will make every effort to dispose of the property with reasonable dispatch and as advantageously as is reasonably possible. This policy with respect to prompt disposition of property upon termination to or through contractors, as set forth in §§ 815.350 to 815.399 of this part, will continue in full force and effect and is to be vigorously pursued. The prompt disposition of certain items of property may be important either to the contractor or the government. To expedite disposition in such cases, contractors should be encouraged to submit promptly after receipt of termination notice inventory lists (see § 815.856) of that portion of the inventory to be disposed of and without waiting to obtain more complete information than that necessary to meet the minimum requirements for property disposition.

§ 815.853 *Removal of property upon demand of the contractor.* Property not disposed of as provided in the preceding paragraph within sixty days after it is first reported on an inventory list, will, upon demand of the contractor accompanied by tender of title (see § 815.863) and inventory lists (see § 815.856) and unless the contract otherwise provides, be promptly removed or a storage agreement entered into with him. Wherever this is not accomplished, the chief of the technical service concerned will promptly notify the Director, Readjustment Division, Headquarters, Army Service Forces, of the circumstances.

§ 815.854 *Arrangements for storage of property.* Property taken over from contractors and not otherwise disposed of may be stored (a) with the contractors concerned under a storage agreement entered into by the technical service terminating the contract; (b) in government-owned or leased installations available, or which are made available, to the technical services for storage purposes; (c) in commercial warehouses or other storage space under contracts to be negotiated by the technical service terminating the contract; or (d) in the premises leased for storage purposes under current regulations. It is recognized that available warehouse space is wholly insufficient to store the large volume of property which may be involved in contract termination, and that appropriate contractual arrangements in most cases will have to be made for the storage of such property by the contractors whose contracts are terminated. The technical services are authorized to enter into contracts for the storage of property with such contractors, and where this cannot be accomplished and suitable government-owned or leased installations are not available, they are authorized to enter into contracts for commercial warehouse services. Any contract involving the acquisition of an interest in real estate will be executed by the Division Engineer in accordance with existing regulations. At Regional Quartermaster and Army Service Forces Depots there are commercial warehouse officers who are familiar with available storage space, prevailing storage rates in various areas and commercial warehousing practices. These officers will be available for advice on all storage matters and the technical services will consult with them before entering into service contracts with commercial warehouses solely for the purpose of storage: *Provided*, That such action will not unduly delay clearance of the contractor's plant. The Storage Branch, Storage & Distribution Division, Office of the Quartermaster General, Washington, D. C., will furnish the name and address of any or all of the commercial warehouse officers upon request. Both the contracts executed with contractors and those for warehouse services will be financed from funds available to the technical services concerned. To the extent, if any, that the provisions hereof are in conflict with ASF Circulars No. 65 (Section VIII) and No. 71 (Section III), 1944, the provisions hereof shall govern. Open storage will be utilized wherever consistent with the proper care and preservation of the property. Transportation and drayage costs will be kept to a minimum.

§ 815.855 *Scrap determination prior to removal.* To preclude unwarranted record keeping and physical handling of property, it is imperative that a determination be made prior to the removal of the property from the contractor's plant as to whether it is scrap, and if so, the property should be classified as scrap and handled accordingly.

§ 815.856 *Inventory lists to be submitted by contractors.* (a) In addition to the inventory lists submitted in the first instance after receipt of notice of termination (see § 815.851 (a)), the contractor will be required to submit with his demand for removal inventory lists of the property requested to be removed. Each of these inventory lists, including those referred to in § 815.851 (a), will be prepared on Inventory Schedules Numbers C–1, C–2 and C–3 (Forms, W.D., A.G.O. 247, 248 and 249) and will be certified as prescribed thereon adding to the certificate, in the case of lists submitted with the demand for removal, a statement that the property listed is on hand on the date thereof. In order to avoid unnecessary duplication of work, contractors should be encouraged to prepare these forms in as many copies as is anticipated will be needed by both the government and themselves in the termination proceedings.

(b) The contracting officer will require the contractor to submit with his demand for removal as many copies of the inventory lists as is anticipated will be needed to meet reasonable government requirements. As a minimum, five copies of the lists will normally be required for property disposition and property accounting purposes. The contracting officer will retain one copy for filing in the War Department's permanent file relating to the contract termination settlement and will furnish the other four copies to the designated accountable property officer for use as follows: One copy for use by government personnel in checking the accuracy of the lists and for filing in the accountable property officer's jacket file (see § 815.858 (a)); where required, one copy to be receipted in accordance with the provisions of § 815.860 (b) and returned to the contractor for retention by him; and two copies for forwarding to the appropriate government agencies charged with disposal of property.

(c) Where several contracts with the same contractor are grouped for termination settlement purposes, the inventory lists need not segregate contractor-owned property for contracts, but only by locations.

§ 815.857 *Accountable property officers.* (a) Subject to such procedures as the chiefs of the technical services may prescribe for purposes of uniformity, commanding officers of procurement districts or similar agencies terminating contracts will designate accountable property officers to be charged with the assumption and maintenance of accountability as herein prescribed for the property under such terminated contracts, provided that in any event:

(1) Accountable property officers so designated must be stationed at the same location where other records with respect to the termination settlement are maintained, and

(2) If such a designation results in the activation of a new property account, a copy of the pertinent order will be sent to the Fiscal Director of the service command in which the new account is located.

(b) Neither accountable property officers nor contracting officers have responsibility, within the meaning of Army Regulations, for property in the possession of contractors or commercial warehousemen.

§ 815.858 *Property accounting records.* (a) Except for government property furnished to the contractor under a War Department contract and for which accountability has previously been established, accountability for all property taken over from the contractor or stored with him pursuant to an agreement will be established in the first instance by the accountable property officer designated in accordance with the provisions of § 815.857 (a). Accountable property officers involved are authorized to establish and maintain "jacket file accountability". Under this system a file will be established for each terminated contract, or group of contracts where they are so treated (see § 815.856 (c)), and in it will be included all documents pertaining to the assumption of and relief from accountability. Such files will be controlled by the contract number(s) to which they relate. Accountable documents pertaining to terminated contracts will be assigned property voucher numbers and recorded in a voucher register as prescribed in AR 35–6700. In those cases where an accountable property officer who is presently maintaining a property account is also charged with the duty of establishing and maintaining accountability for property under terminated contracts, accountable documents relating to the terminated contracts will be included in the established series of property voucher numbers for the account and will in each case bear reference to the terminated contract number(s) prefixed by the letter "T" or other appropriate symbol to clearly establish that the document pertains to termination transactions. This information will also be shown in the voucher register.

(b) In lieu of establishing individual stock record cards for each item of the inventory lists, accountable property officers are authorized to use their copy of the lists as work sheets for the purpose of reflecting the ultimate disposition of property. Under this procedure as an item is disposed of, the quantity involved together with the assigned credit voucher number of the document covering the disposition will be entered opposite the particular item on the list. Where numerous transactions with respect to a given item are involved, auxiliary records (stock record cards or other suitable forms) will be established or disposition will be recorded on the lists in a manner which will provide an accurate and complete record of disposition of the original balance of the item involved.

(c) At War Department storage installations receiving property from contractors' plants, usual War Department regulations with respect to property accountability will be observed and stock record cards will be maintained. In this connection attention is invited to the simplified inventory adjustment procedure prescribed in Circular 94, War Department, 1944.

Special Instructions With Respect to Fixed-Price Prime Contracts

§ 815.859 *Introductory.* Detailed procedures are hereinafter set forth in §§ 815.859 to 815.863 with respect to (a) property which will be removed from the contractor's premises by the technical service, (b) property which will be stored with the contractor pursuant to a storage agreement made with him by the technical service, and (c) property which is neither removed nor stored pursuant to such an agreement but is held by the contractor at the expense and risk of the government and for the protection of which the contractor is required to take reasonable precautions and to notify the contracting officer concerned of the action taken.

§ 815.860 *Procedures with respect to property removed from the contractor's premises*—(a) *Check of quantities.* Contracting officers are instructed to waive 100% verification of the quantities of property at the time of removal from the contractor's plant by the government in all cases except those in which the contracting officer has reason to believe that complete verification is necessary. Taking into consideration the size of the inventory, nature of the property involved and past experience with the contractor, the contracting officer will prescribe the extent of selective checks of quantities to be made by government personnel. The quantities and weights stated in the inventory lists will ordinarily be accepted for all purposes if they are determined by such checks to be within reasonable plus or minus tolerances in accordance with good commercial practice. Government personnel making the selective check will be required to make suitable notation on the copy of the lists to be returned to the accountable property officer as to items selected for count and the results of their counts. If the position of an item on the production line at the time of the suspension of production is an important factor in a determination of allocability or extent of completion, an agreement should be reached as to these facts, where possible, prior to the removal of the item and while it is in place on the production line.

(b) *Acknowledgment of receipt.* Based on the procedures set forth in paragraph (a), technical service personnel charged with the supervision of removal of the property from the contractor's premises will furnish the contractor with appropriate acknowledgment of the physical receipt of property as removed. This receipt if executed prior to final settlement agreement, unless otherwise specifically directed by the contracting officer, will be without prejudice to any determination of allocability of contractor-owned property to the terminated portion of the contract and will expressly so provide. The receipt will otherwise be unconditional. Where feasible such receipt will be accomplished on copies of the lists to be retained by the contractor. When the property is removed from the contractor's premises in lots, copies of the covering shipping documents may be used for this purpose or reference may be made in the receipt to item identification numbers on the inventory lists. A suggested form of receipt for contractor-owned property is set forth in § 815.950.

(c) *Accountability.* Accountability for property removed from the contractor's plant, unless previously established, will vest in the accountable property officer designated pursuant to the provisions of § 815.857 (a) when he is advised that acknowledgment of receipt of the property by the government (see paragraph (b)) has been furnished to the contractor. The accountable property officer will be relieved from accountability in such cases by means of the covering Vendor's Shipping Document, War Department Shipping Document or Shipping Ticket, whichever is in current use at the installation concerned; and where the shipment is made in connection with a sale by the War Department, the provisions of Section II, AR 35–6660 with respect to sales of property will be observed. Inasmuch as copies of the acknowledgment of receipt and of the covering shipping document normally should be received by the designated accountable property officer at the same time, the assumption of and relief from accountability under the "jacket file" procedure in most cases will occur simultaneously.

(d) *Shipping documents.* The prescribed certificates on the Vendor's Shipping Document, normally required to be executed for purposes of payment of a vendor, will be deleted when this form is used for purposes herein prescribed inasmuch as payment to the contractor will be supported by the termination settlement agreement and not by the Vendor's Shipping Document. In all cases, distribution of copies of the shipping document forms (regardless of type) will be the same as is prescribed for the War Department Shipping Document. It is pointed out that this distribution does not require the forwarding of copies to Finance Officers for property audit or any other purpose. Where practicable, in lieu of duplicating the listng of property on the shpping document, a copy of the inventory list or applicable portions thereof will be appended.

(e) *Discrepancies incident to shipments.* Wherever discrepancies or damages are disclosed by a War Department consignee upon receipt of property removed and shipped from a contractor's plant, the following action will be taken:

(1) Where it is obvious that the delivering common carrier or other delivering transportation agency is not liable for the shortage or damage, or where there is an overage, the discrepancies will be listed for record purposes on W. D., Q. M. C. Form No. 445 (Over, Short and Damaged Report) prepared in duplicate. One copy will be attached to the receiving voucher in support thereof and the other copy appropriately marked "Information Copy" will be forwarded to the contracting officer under the terminated contract for his advice. In the event of recurring or abnormal shortages the contracting officer will (i) direct that government personnel intensify their check of quantities as removed from the contractor's plant (see paragraph (a), (ii) consider the advisability of requesting an investigation of the conduct of the contractor, or (iii) initiate such other action as he may deem advisable.

(2) Where it appears that the common carrier or other transportation agency may be liable for shortages or damage disclosed upon receipt of a shipment, the report of survey procedure prescribed in paragraph 4, AR 35–6640, paragraph 28e, AR 55–150 and Circulars No. 147 (Section IV) and No. 295 (Section V), War Department, 1943, notwithstanding the provisions of the first two lines of paragraph 1 of Circular No. 295, will be observed.

§ 815.861 *Procedures with respect to property stored with the contractor pursuant to storage agreement*—(a) *Form of storage agreement.* Agreements with contractors for the storage of property will be executed substantially in the form set forth in § 815.951.

(b) *Check of quantities.* Prior to execution of the storage agreement by the government, the contracting officer for the terminated contract will make appropriate arrangements with the contractor for a joint check of quantities by representatives of both the contractor and the government. The extent and character of the checks to be required of both the contractor and government representatives will be prescribed by the contracting officer who in this connection will observe the instructions contained in § 815.860 (a).

(c) *Acknowledgement of receipt.* Acknowledgement of receipt of the property by the government is covered in the form of storage agreement and no further or other action in this respect is necessary.

(d) *Accountability.* Unless previously established, accountability for property placed in storage with contractors will vest in the accountable property officer designated pursuant to the provisions of § 815.857 (a) upon receipt by him from the contracting officer of a conformed copy of the storage agreement. It will be noted that under the form of storage agreement set forth in § 815.951 the contractor is responsible for the care and safekeeping of the property.

(e) *Relief from accountability in connection with shipments.* Relief of the designated accountable property officer from accountability for property removed and shipped from storage by a contractor will be accomplished by use of the Vendor's Shipping Document, War Department Shipping Document or Shipping Ticket, whichever is in current use at the installation concerned. In this connection, the provisions of § 815.860 (d) hereof with respect to deletion of inapplicable certificates on the Vendor's Shipping Document and distribution of completed documents, will be observed. The shipping document will be prepared by the accountable property officer upon receipt of instructions from appropriate authority to move the property and all copies must bear the notation "Shipped from Contractor Storage". Copies of the document will be used as an order directing the contractor to release the property for shipment. The contractor will be instructed to return one copy of the document bearing his certification that quantities listed have been shipped as directed. This copy will serve as an acceptable credit voucher to the accountable property officer's account for the property shipped; and where the shipment is made in connection with a sale by the War Department, the provisions of Section II, AR 35–6660 with respect to sales of property will be observed.

(f) *Relief from accountability and related action with respect to losses in storage.* Instances of losses of or damage to property which may occur while in storage will be reported to the contracting officer under the storage agreement for appropriate action with respect to the liability, if any, of the contractor under the terms of the storage agreement. The contracting officer will advise the accountable property officer in writing of the amount of the loss involved, his findings with respect to the contractor's liability, if any, the amount of liability assumed by the contractor, and a statement as to action initiated to collect amounts which may be due the government. In all cases an extra copy of the written advice will be prepared and held by the contracting officer for service command property auditors. The written advice received from the contracting officer will in all cases and regardless of the nature of the findings, serve as an acceptable credit voucher to the accountable property officer's account for the property involved.

(g) *Discrepancies incident to shipments.* Whenever shortages or damage are disclosed by a War Department consignee upon receipt of property which has been removed and shipped from storage by a contractor, the following action will be taken:

(1) Report of Survey procedure prescribed in paragraph 4, AR 35–6640, paragraph 28e, AR 55–150 and Circulars No. 147 (Section IV) and No. 295 (Section V), War Department, 1943, notwithstanding the provisions of the first two lines of paragraph 1 of Circular No. 295, will be observed; and

(2) Where it has been determined in the survey proceeding that the shortages or damage are not the delivering carrier's responsibility, W. D., Q. M. C. Form No. 445 (Over, Short and Damaged Report) will be prepared and forwarded to the contracting officer under the storage agreement requesting his statement of findings with respect to the liability, if any, of the storage contractor under the terms of the storage agreement for the shortages or damage and any action taken to effect settlement of amounts which may be due from the contractor. This statement will be attached as an exhibit to the Report of Survey.

§ 815.862 *Procedures with respect to property neither removed from the contractor's premises nor stored with him pursuant to agreement.* (a) Where property owned by the contractor and claimed by him to be allocable to the terminated contract is neither removed from his premises upon demand nor stored with him pursuant to agreement, accountability will not be established until such time as the property is removed, a storage agreement is executed or the government by other means accepts the property.

(b) Considering the nature and utility value of the property, the technical services will take appropriate steps to determine that the contractor is taking reasonable precautions for the protection of all of the property in which the government has an interest.

§ 815.863 *Transfer of title to the government.* While it is considered that the formal demand of the contractor for removal of property owned by him and claimed to be allocable to the contract is in effect a tender of title, the demand must specifically include or be accompanied by a statement that title is tendered to the government free and clear of all liens and encumbrances. Unless otherwise expressly agreed between the contracting officer and contractor, the following instructions will be observed in connection with the transfer of title to such property to the government:

(a) In the case of property removed from the contractor's premises by the technical service (see § 815.860), title will be transferred to the government at the time of removal and receipt for such property. The provisions of the suggested form of receipt set forth in § 815.950, together with the tender of title accompanying the contractor's demand for removal, are considered adequate for this purpose in the normal case.

(b) In the case of property stored with the contractor pursuant to a storage agreement made with him by the technical service (see § 815.861), provision is made in the form of storage agreement set forth in § 815.951 for transfer of title to the government.

(c) The contracting officer may rely upon the statement of the contractor in the demand or in the storage agreement that the title to such property is free and clear of all liens and encumbrances.

(d) In the case of property which is neither removed from the contractor's plant nor stored with him pursuant to agreement (see § 815.862), title will not be transferred to the Government unless and until the property is removed, a storage agreement is executed, or the government by other means agrees to accept title.

Policies and Procedures With Respect to Fixed-Price Subcontracts

§ 815.864 *Property in the hands of fixed-price subcontractors.* (a) The foregoing policies and procedures with respect to fixed-price prime supply contracts are applicable to property in the hands of fixed-price subcontractors of any level under War Department fixed-price or cost-plus-a-fixed-fee prime supply contracts (when the property is not to be retained or disposed of by the prime contractor or a subcontractor) to the extent that whenever a subcontractor's required inventory lists (accompanied by a certificate of the prime contractor as hereinafter provided or other satisfactory evidence of allocability) are submitted to the contracting officer of the applicable prime contract, together with the subcontractor's demand for removal, every effort will be made by the technical service promptly to remove the property from the subcontractor's plant or to enter into a storage agreement with him, substantially in the form set forth in § 815.951, observing the instruction therein with respect to modification. Such certificate of the prime contractor involved shall be to the effect that the termination of the prime contract and that the property involved is believed to be properly allocable to the prime contract, i. e., includible in the settlement of the prime contractor's claim. The lists must be forwarded to the prime contractor by the interested subcontractor through intermediate subcontractors, if any, unless the contracting officer otherwise directs.

(b) In no case will the property be removed or a storage agreement entered into without such physical check of the accuracy of the lists by representatives of the government as the contracting officer under the terminated prime contract deems necessary in accordance with policies expressed in § 815.860 (a) hereof. In determining what physical check of the accuracy of a subcontractor's lists shall be made by representatives of the government, the contracting officer shall give due consideration to the checks made by the superior subcontractor or by the prime contractor.

(c) The privilege of contractors under § 815.851 (d) to store property not removed on demand at the expense and risk of the procuring agency has not been extended to subcontractors. Thus the government does not assume risk of loss or expense of storage of subcontractor's property unless and until it is removed by the government or a storage agreement entered into, and in the latter case only to the extent, if any, provided in such agreement.

Final Settlement Matters

§ 815.865 *Storage or removal of property in connection with final settlement.* (a) To the extent applicable, the foregoing procedures with respect to removal or storage of property and the accounting therefor may also be employed in connection with any property which the fixed-price prime contractor still has on hand at the time of the execution of the final settlement agreement and which is to be taken over by the government at that time. The procedures may also be employed in connection with property which a fixed-price subcontractor still has on hand at the time of a final settlement with him which is approved by the contracting officer; and the form of storage agreement, with appropriate modifications (including deletion of the provisions by which the government reserves the right to contest allocability to the contract) may be executed directly with the subcontractor, without liability of the prime contractor with respect to the subcontractor's performance of his obligations under the storage agreement.

(b) This subpart does not cover the handling in the final settlement agreement of property which for any reason cannot be removed or stored at the time of the execution of that agreement.

§ 815.866 *Certification of vouchers in connection with payments under final settlement agreement.* Officers charged

with the certification for payment of Public Vouchers, Standard Form No. 1034, covering a contractor's termination settlement are authorized to rely upon the statement of property shown on the inventory lists or other documents in the quantities for which acknowledgment of receipt has been furnished to the contractor (see § 815.860 (b)), or, in the case of property stored with a contractor pursuant to an agreement, in the quantities stated on the lists of property annexed to the storage agreement (see §815.861).

Policies and Procedures With Respect to Cost-Plus-A-Fixed-Fee Supply Contracts

§ 815.867 *Removal of property under terminated cost-plus-a-fixed-fee supply contracts.* In the case of cost-plus-a-fixed-fee supply contracts, title to the property acquired in connection with performance of the contract is already vested in the government; accountability has been established; and procedures for taking joint inventories upon termination by both the contractor and the government and for relief from accountability have been prescribed in the War Department Industrial Property Accounting Manual, 16 February 1943, as amended. In order to carry out the underlying policy of prompt clearance of property from contractors' plant upon termination of their contracts, the policies and procedures set forth in this subpart are applicable to property involved in terminated War Department cost-plus-a-fixed-fee supply contracts to the following extent:

(a) Government-owned property not otherwise disposed of within sixty days after it is first reported by the contractor on a certified inventory list as prescribed in § 815.856 to the extent that it is located in a plant or portion of a plant not owned by the government will, unless the terminated contract otherwise provides, be removed or a storage agreement entered into with the contractor for its storage promptly after demand accompanied by the prescribed certified list of the property so requested to be removed; provided, that the property will not be removed or a storage agreement entered into unless the joint inventory by the government and the contractor as prescribed in section X of the War Department Industrial Property Accounting Manual shall have been accomplished. Where the property is to be removed or a storage agreement entered into with the contractor within a reasonable period after termination, then for purposes of convenience to both the government and the contractor the joint inventory prescribed in the manual may be delayed until the date that the property is removed or the storage agreement is executed.

(b) The provisions of §§ 815.854, 815.855, 815.860 and 815.861 will be applicable in the case of such removal or storage. Where the property is to be stored with the contractor, an agreement substantially in the form set forth in § 815.951 may be used provided the recitals are suitably modified and the provisions with respect to transfer of title and allocability to the contract are deleted. In the case of property removed from the contractor's premises, the acknowledgment of receipt provided for in § 815.860 (b) will be appropriately modified, will not be qualified as to allocability and will omit reference to transfer of title. If it is later determined that property of the contractor was removed by mistake, an adjustment should be made in arriving at the amount of the final settlement which will allow the contractor the current disposal value of the property at the time of removal, or the government may return the property in kind.

(c) In the case of property removed or stored with the contractor pursuant to agreement, and where such action will simplify the task of record keeping, the accountable property officer is authorized to establish and maintain "jacket file accountability" as described in § 815.858 (a). In such cases the inventory lists covering the property removed or stored will serve both as a credit voucher to the established property account and as a debit voucher to the "jacket file" account.

(d) If property which the contractor is entitled to have removed by the government under the provisions of paragraph (a) is not removed or stored with him pursuant to agreement, the contractor, unless the contract otherwise provides, may store such property at the expense and risk of the government either on his premises or if he determines that space is not available for that purpose then elsewhere, provided in either case the contractor, regardless of any terms of the terminated contract providing for a lesser degree of responsibility for the care and preservation of property during performance of the contract, takes reasonable precautions for the protection of the property and notifies the contracting officer of the action taken.

(e) At any time after the joint inventory has been taken and agreed upon, the contractor may, unless the contract otherwise provides, remove such property and store it at his own risk and expense.

(f) The principles set forth in this section are also applicable to cost-plus-a-fixed-fee subcontracts under cost-plus-a-fixed-fee prime supply contracts.

Government-owned Facilities

§ 815.868 *Government-owned facilities.* The provisions of this subpart are not applicable to government-owned facilities in the custody or possession of contractors under facilities contracts and facilities clauses of terminated contracts. When removal and disposal policies as to these facilities have been determined, appropriate instructions will be issued.

SUBPART G—FORMS

Termination Articles

§ 815.901 *Lump sum supply contract.* The following is the new termination article:

ARTICLE _____. *Termination at the option of the Government.* (a) The performance of work under this contract may be terminated by the Government in accordance with this Article in whole, or from time to time in part, whenever the contracting officer shall determine any such termination is for the best interests of the Government. Termination of work hereunder shall be effected by delivery to the contractor of a Notice of Termination specifying the extent to which performance of work under the contract shall be terminated, and the date upon which such termination shall become effective. If termination of work under this contract is simultaneous with, a part of, or in connection with, a general termination (1) of all or substantially all of a group or class of contracts made by the War Department for the same product or for closely related products, or (2) of war contracts at, about the time of, or following, the cessation of the present hostilities, or any major part thereof, such termination shall only be made in accordance with the provisions of this Article, unless the contracting officer finds that the contractor is then in gross or wilful default under this contract.

(b) After receipt of a Notice of Termination and except as otherwise directed by the contracting officer, the contractor shall (1) terminate work under the contract on the date and to the extent specified in the Notice of Termination; (2) place no further orders or subcontracts for materials, services or facilities except as may be necessary for completion of such portions of the work under the contract as may not be terminated; (3) terminate all orders and subcontracts to the extent that they relate to the performance of any work terminated by the Notice of Termination; (4) assign to the Government, in the manner and to the extent directed by the contracting officer, all of the right, title and interest of the contractor under the orders or subcontracts so terminated; (5) settle all claims arising out of such termination of orders and subcontracts with the approval or ratifications of the contracting officer to the extent that he may require, which approval or ratification shall be final for all the purposes of this Article; (6) transfer title and deliver to the Government in the manner, to the extent and at the times directed by the contracting officer (i) the fabricated or unfabricated parts, work in process, completed work, supplies and other material produced as a part of, or acquired in respect of the performance of, the work terminated in the Notice of Termination, and (ii) the plans, drawings, information and other property which, if the contract had been completed, would be required to be furnished to the Government; (7) use his best efforts to sell in the manner, to the extent, at the time, and at the price or prices directed or authorized by the contracting officer, any property of the types referred to in subdivision (6) of this paragraph: *Provided, however,* That the contractor (i) shall not be required to extend credit to any purchaser and (ii) may retain any such property at a price or prices approved by the contracting officer; (8) complete performance of such part of the work as shall not have been terminated by the Notice of Termination; and (9) take such action as may be necessary or as the contracting officer may direct for protection and preservation of the property, which is in the possession of the contractor and in which the Government has or may acquire an interest.

(c) The contractor and the contracting officer may agree upon the whole or any part of the amount or amounts to be paid to the contractor by reason of the total or partial termination of work pursuant to this Article, which amount or amounts may include a reasonable allowance for profit, and the Government shall pay the agreed amount or amounts. Nothing in paragraph (d) of this Article prescribing the amount to be paid to the contractor in the event of failure of the contractor and the contracting officer to agree upon the whole amount to be paid to the contractor by reason of the termination of work pursuant to this Article shall be deemed to limit, restrict or otherwise determine or affect the amount or amounts which may be agreed upon to be paid to the contractor pursuant to this paragraph (c).

(d) In the event of the failure of the contractor and contracting officer to agree as provided in paragraph (c) upon the whole amount to be paid to the contractor by reason of the termination of work pursuant to this Article, the Government, but without duplication of any amounts agreed upon in accordance with paragraph (c), shall pay to the contractor the following amounts:

(1) For completed articles delivered to and accepted by the Government (or sold or retained as provided in paragraph (b) (7) above) and not theretofore paid for, forthwith a sum equivalent to the aggregate price for such articles computed in accordance with the price or prices specified in the contract;

(2) In respect of the contract work terminated as permitted by this Article, the total (without duplication of any items) of (i) the cost of such work exclusive of any cost attributable to articles paid or to be paid for under paragraph (d) (1) hereof; (ii) the cost of settling and paying claims arising out of the termination of work under subcontracts or orders as provided in paragraph (b) (5) above, exclusive of the amounts paid or payable on account of supplies or materials delivered or services furnished by the subcontractor prior to the effective date of the notice of termination of work under this contract which amounts shall be included in the cost on account of which payment is made under subdivision (i) above; and (iii) a sum equal to _____% (Note 1) of the part of the amount determined under subdivision (i) which represents the cost of articles or materials not processed by the contractor, plus a sum equal to _____% (Note 2) of the remainder of such amount, but the aggregate of such sums shall not exceed 6% of the whole of the amount determined under subdivision (i), which for the purpose of this subdivision (iii) shall exclude any charges for interest on borrowings;

(3) The reasonable cost of the preservation and protection of property incurred pursuant to paragraph (b) (9) hereof; and any other reasonable cost incidental to termination of work under this contract, including expense incidental to the determination of the amount due to the contractor as the result of the termination of work under this contract.

The total sum to be paid to the contractor under subdivisions (1) and (2) of this paragraph (d) shall not exceed the total contract price reduced by the amount of payments otherwise made and by the contract price of work not terminated. Except for normal spoilage and to the extent that the Government shall have otherwise expressly assumed the risk of loss, there shall be excluded from the amounts payable to the contractor as provided in paragraph (d) (1) and paragraph (d) (2) (i), all amounts allocable to or payable in respect of property, which is destroyed, lost, stolen or damaged so as to become undeliverable prior to the transfer of title to the Government or to a buyer pursuant to paragraph (b) (7) or prior to the 60th day after delivery to the Government of an inventory covering such property, whichever shall first occur.

(e) The obligation of the Government to make any payments under this article: (1) shall be subject to deductions in respect of (i) all unliquidated partial or progress payments, payments on account theretofore made to the contractor and unliquidated advance payments, (ii) any claim which the Government may have against the contractor in connection with this contract, and (iii) the price agreed upon or the proceeds of sale of any materials, supplies or other things retained by the contractor or sold, and not otherwise recovered by or credited to the Government, and (2) in the discretion of the contracting officer shall be subject to deduction in respect of the amount of any claim of any subcontractor or supplier whose subcontract or order shall have been terminated as provided in paragraph (b) (3) except to the extent that such claim covers (i) property or materials delivered to the contractor or (ii) services furnished to the contractor in connection with the production of completed articles under this contract.

(f) In the event that, prior to the determination of the final amount to be paid to the contractor as in this article provided, the contractor shall file with the contracting officer a request in writing that an equitable adjustment should be made in the price or prices specified in the contract for the work not terminated by the Notice of Termination, the appropriate fair and reasonable adjustment shall be made in such price or prices.

(g) The Government shall make partial payments and payments on account, from time to time, of the amount to which the contractor shall be entitled under this Article, whether determined by agreement or otherwise, whenever in the opinion of the contracting officer the aggregate of such payments shall be within the amount to which the contractor will be entitled hereunder.

(h) For the purposes of paragraphs (d) (2) and (d) (3) hereof, the amounts of the payments to be made by the Government to the contractor shall be determined in accordance with the Statement of Principles for Determination of Costs upon Termination of Government Fixed Price Supply Contracts approved by the Joint Contract Termination Board, December 31, 1943. The contractor for a period of three years after final settlement under the contract shall make available to the Government at all reasonable times at the office of the contractor all of its books, records, documents, and other evidence bearing on the costs and expenses of the contractor under the contract and in respect of the termination of work thereunder.

NOTES 1 AND 2: The chief of each technical service may provide for determining the percentages to be inserted at Note 1 (which in no event will exceed 2%) and at Note 2 (which may be greater or less than or equal to 6%). The general use of 2% and 8%, respectively, as arbitrary figures is recommended in the interest of expediting the execution of contracts. Where the use of arbitrary figures is not desired for any reason the methods to be used in arriving at the percentage to be inserted at Note 2 shall be the same as those now used in price analysis. When the intended rate of profit on the finished article covered by the contract is lower than 8% the insertion of a lower figure at Note 2 will of course be desirable.

§ 815.901a *Old standard article formerly used in lump sum supply contracts.* The following article was prescribed for use in lump sum supply contracts from December 1942 until 20 February 1944.[1] It is no longer authorized for use but is here reprinted merely for the convenience of Government personnel because of its inclusion in so many outstanding contracts:

Article _____. *Termination for the Convenience of the Government.* (a) The Government may, at any time, terminate this contract in whole or in part by a notice in writing from the Contracting Officer to the Contractor that the contract is terminated under this Article. Such termination shall be effective in the manner and upon the date specified in said notice and shall be without prejudice to any claims which the Government may have against the Contractor, or any claims which the Contractor may have against the Government. Upon receipt of such notice the Contractor shall, except as the Contracting Officer directs otherwise, (1) discontinue all work and the placing of all orders for materials and facilities in connection with performance of this contract, cancel all existing orders chargeable to this contract, and terminate all subcontracts chargeable to this contract; (2) transfer to the Government, by delivery f. o. b. _____ or by such other means as the Contracting Officer may direct, title to all completed supplies (including spare parts, drawings, information and other things) called for herein, not previously delivered, and partially completed supplies, work in process, materials, fabricated parts, plans, drawings, and information acquired or produced by the Contractor for the performance of this contract; and (3) take such action as may be necessary to secure to the Government the benefits of any rights remaining in the Contractor under orders or subcontracts wholly or partially chargeable to this contract to the extent that such orders or subcontracts are so chargeable. If and as the Contracting Officer so directs or authorizes, the Contractor shall sell at a price approved by the Contracting Officer, or retain at a price mutually agreeable, any such supplies, partially completed supplies, work in process, materials, fabricated parts or other things. The proceeds of such sale or the agreed price shall be paid or credited to the Government in such manner as the Contracting Officer may direct so as to reduce the amount payable by the Government under this Article.

(b) The Government shall, upon such termination of this contract, pay to the Contractor the contract price of all supplies, (in-

[1] This contract article, as from time to time revised, originally appeared as Article 14 of Supply Contract Form No. 1 (approved Sept. 1941). From 1 July 1942 until 21 January 1944 it appeared at all times in § 803.324. On 21 January 1944 it was supplanted by the uniform termination article prescribed by the Office of War Mobilization (§ 803.324). The contract article set forth above is in the form appearing after revisions made late in 1942. Such revisions were principally as follows:

(1) A provision explicitly permitting a negotiated settlement of the amount due with respect to the uncompleted portion of the contract by reason of the termination was inserted (see par. (c) of the termination article).

(2) Sales of property, title to which the Government might require to be transferred to it upon the termination, were expressly permitted. This involved the addition of the last two sentences of paragraph (a) of the termination article as presently printed above.

(3) A negotiated settlement of the amount due (a) for protecting Government property after the date of the termination and (b) for other settlement expenses was expressly permitted by an amendment of paragraph (e) of the termination article.

(4) Partial payments on account of amounts due under the termination article were permitted by the addition of paragraph (i).

(5) Termination under the provisions of the termination article (rather than for default) was made mandatory in the case of certain terminations at the end of hostilities. This provision is found in paragraph (i) of the article.

At the same time similar changes were made in the standard termination article for lump sum construction contracts (§ 803.324 (a)).

cluding spare parts, drawings, information, and other things) called for herein which have been completed in accordance with the provisions of this contract and to which title has been received by the Government under the provisions of Paragraph (a) (2) of this Article and for which payment has not previously been made.

(c) In addition to, and without duplication of, the payments provided for in paragraph (b), or of payments made prior to the termination of this contract, the Government shall pay to the Contractor such sum as the Contracting Officer and the Contractor may agree by Supplemental Agreement is reasonably necessary to compensate the Contractor for his costs, expenditures, liabilities, commitments, and work in respect to the uncompleted portion of the contract so far as terminated by the notice referred to in paragraph (a). The Contracting Officer shall include in such sum such allowance for anticipated profit with respect to such uncompleted portion of the contract as is reasonable under all the circumstances.

(d) If the Contracting Officer and the Contractor, within 90 days from the effective date of the notice of termination referred to in paragraph (a) or within such extended period as may be agreed upon between them, cannot agree upon the sum payable under the provisions of paragraph (c), the Government, without duplication of any payment made pursuant to paragraph (b) or prior to the termination of this contract, shall in the above events compensate the Contractor for the uncompleted portion of the contract as follows:

(1) By reimbursing the Contractor for all actual expenditures and costs certified by the Contracting Officer as having been made or incurred with respect to the uncompleted portion of the contract;

(2) By reimbursing, or providing for the payment or reimbursement of, the Contractor for all expenditures made and costs incurred with the prior written approval of the Contracting Officer in settling or discharging that portion of the outstanding obligations or commitments of the Contractor which had been incurred or entered into with respect to the uncompleted portion of the contract; and

(3) By paying the Contractor, as a profit on the uncompleted portion of the contract insofar as a profit is realized hereunder, a sum to be computed by the Contracting Officer in the following manner:

(A) The Contracting Officer shall estimate the profit which would have been realized on the uncompleted portion of the contract if the contract had been completed and labor and material costs prevailing at the date of termination had remained in effect.

(B) Estimate, from a consideration of all relevant factors, the percentage of completion of the uncompleted portion of the contract.

(C) Multiply the anticipated profit determined under (A) by the percentage determined under (B). The result is the amount to be paid to the Contractor as a proportionate share of profit, if any, as above provided.

Notwithstanding the above provisions, no compensation shall be paid under this Paragraph (d) by way of reimbursement for expenditure, including expenditures made in settling or discharging obligations or commitments, or by way of profit on account of supplies and other things which are undeliverable because of destruction or damage, whether or not because of the fault of the contractor.

(e) The Government shall pay to the Contractor such sum as the Contracting Officer and the Contractor may agree upon for expenditures made and costs incurred with the approval of the Contracting Officer (a) after the date of termination for the protection of Government property, and (b) for such other expenditures and costs as may be necessary in connection with the settlement of this contract, and in the absence of such agreement as to the amount of such expenditures and costs shall reimburse the Contractor for the same.

(f) The obligation of the Government to make any of the payments required by this Article shall be subject to any unsettled claim for labor or material and to any claim which the Government may have against the Contractor under or in connection with this contract, and payments under this Article shall be subject to reasonable deductions by the Contractor Officer on account of defects in the materials or workmanship of completed or partially completed supplies delivered hereunder.

(g) The sum of all amounts payable under this Article, plus the sum of all amounts previously paid under this contract, shall not exceed the total contract price, adjusted in the event that this contract contains an article providing for price adjustment, on the basis of the estimate of the Contracting Officer, to the extent which would have been required by such article if this contract had been completed and labor and materials costs prevailing at the date of termination had remained in effect.

(h) Should the above provisions of this Article not result in payment to the Contractor of at least $100, then that amount shall be paid to the Contractor in lieu of any and all payments hereinbefore provided for in this Article.

(i) The Government shall promptly make partial payments to the Contractor

(1) on account of the amounts due under paragraphs (b), (c) and (d) of this Article to the extent that, in the judgment of the Contracting Officer, such payments are clearly within the amounts due under such paragraphs, and

(2) of such amounts as the Contracting Officer may direct, on account of proposed settlements of outstanding obligations or commitments, to be made by the Contractor pursuant to paragraph (d) (2) of this Article, if such settlements shall have been approved by the Contracting Officer and subject to such provisions for escrow or direct payment to the persons entitled to receive such settlement payments as the Contracting Officer may require.

(j) Any disputes arising out of termination under this Article shall be decided in accordance with the procedure prescribed in Article 12 of this contract.

(k) Upon the making of the payments called for by this Article, all obligations of the Government to make further payments or to carry out other undertakings hereunder shall cease forthwith and forever, except that all rights and obligations of the respective parties under the Articles, if any, of this contract applicable to patent infringements and reproduction rights shall remain in full force and effect.

(l) The Government shall terminate this contract only in accordance with this Article, except as otherwise provided by law or by Article —— (Delays-Damages). Notwithstanding Article —— (Delays-Damages) and any defaults of the Contractor, the Government shall terminate this contract only in accordance with this Article if such termination is simultaneous with or part of or in connection with a general termination of war contracts at, about the time of, or following the cessation of the present hostilities or the end of the present war, unless the Contracting Officer finds that the defaults of the Contractor (1) have been gross or willful and (2) have caused substantial damage to the Government.

§ 815.902 *Lump sum construction contract.* This article appears in § 803.324 (a).

§ 815.903 *Cost-plus-a-fixed-fee supply contract.* (Form sometimes used by Ordnance Department.) The following article is now in use by the Ordnance Department.

ARTICLE ____. *Termination by Government.* (1) The Government may terminate this contract at any time by a notice in writing from the Contracting Officer to the Contractor. Such termination shall be effective in the manner and upon the date specified in said notice and shall be without prejudice to any claims which the Government may have against the contractor or which the Contractor may have against the Government. Upon receipt of such notice, the Contractor shall, unless the notice directs otherwise, immediately discontinue all work and the placing of all orders for materials, facilities, and supplies in connection with performance of this contract and shall proceed to cancel promptly all existing orders and terminate all subcontracts insofar as such orders and subcontracts are chargeable to this contract.

(2) If this contract is terminated for the fault of the Contractor, the Contracting Officer may enter upon the premises for the purpose of completing the work contemplated by this contract, take possession of any or all materials, tools, machinery, equipment and appliances, and exercise all options, privileges, and rights, and may complete or employ any other person or persons to complete said work.

(3) Upon the termination of this contract, full and complete settlement of all claims of the Contractor arising out of this contract shall be made as follows:

(a) The Government shall assume and become liable for all obligations, commitments, and claims that the Contractor may have theretofore in good faith undertaken or incurred in connection with said work and the cost of which would be reimbursable in accordance with the provisions of this contract; and the Contractor shall, as a condition of receiving the payments mentioned in this Title, execute and deliver all such papers and take all such steps as the Contracting Officer may require for the purpose of fully vesting in the Government the rights and benefits of the Contractor under such obligations or commitments.

(b) The Government shall reimburse the Contractor for all expenditures made in accordance with Title IV and not previously reimbursed.

(c) The Government shall reimburse the Contractor for such further expenditures, made after the date of termination, for the protection of Government property and for accounting services in connection with the settlement of this contract as are required or approved by the Contracting Officer.

(d) If the contract is terminated for the convenience of the Government, the Contractor will be paid all fees which have accrued at the date of termination, less fee payments previously made. If the contract is terminated due to fault of the Contractor, no additional payment on account of the fixed-fees will be made.

(e) The obligation of the Government to make any of the payments required by this Title shall be subject to any unsettled claims in connection with this contract which the Government may have against the Contractor.

(4) Prior to final settlement the Contractor shall furnish a release as required in Section 4 of Article IV–B of Title IV hereof.

§ 815.904 *Cost-plus-a-fixed-fee construction contract.* This article is found in § 803.350.

§ 815.905 *Army Air Forces—Cost-plus-a-fixed-fee supply contract.* The following article is now in use by the Army Air Forces:

ARTICLE____. *Termination of contract by government.* (1) Should the contractor at any time refuse, neglect or fail to prosecute the work with promptness and diligence, or default in the performance of any of the agreements herein contained, or should conditions arise which make it advisable or necessary in the interest of the Government that work be discontinued under this contract, the Government may terminate this contract by a notice in writing from the Contracting Officer to the Contractor. Such termination shall be effective in the manner and upon the date specified in said notice and shall be without prejudice to any claims which the Government may have against the contractor or which the Contractor may have against the Government. Upon receipt of such notice the Contractor shall, unless the notice directs otherwise, immediately discontinue all work and the placing of all orders for materials, facilities and supplies in connection with performance of this contract and shall proceed to cancel promptly all existing orders and terminate work under all subcontracts insofar as such orders and/or work are chargeable to this contract.

(2) Upon the termination of this contract as hereinbefore provided, full and complete settlement of all claims of the Contractor arising out of this contract shall be made as follows:

(a) The Government shall assume and become liable for all obligations, commitments and claims that the Contractor may have theretofore in good faith undertaken or incurred in connection with said work and in accordance with the provisions of this contract, and the Contractor shall, as a condition to receiving the payments mentioned in this Article, execute and deliver all such papers and take all such steps as the Contracting Officer may require for the purpose of fully vesting in the Government the rights and benefits of the Contractor under such obligations or commitments.

(b) The Government shall reimburse the Contractor for all expenditures made in accordance with Article 3 and not previously reimbursed.

(c) The Government shall reimburse the Contractor for such further expenditures after the date of termination for the protection of Government property and for accounting services in connection with the settlement of this contract as the Contracting Officer may approve.

(d) If the contract is terminated for the convenience of the Government the Contractor shall be paid a percentage of the fee set forth in Article 3, equivalent to the percentage of completion of the contract, less payments previously made.

(e) If the contract is terminated for the fault of the Contractor, the Contractor shall be paid a percentage of the fee set forth in Article 3, equivalent to the percentage of completion of the contract, less ten per cent (10%) of such amount and less payments previously made.

(f) The obligation of the Government to make any of the payments required by this Article shall be subject to any unsettled claims for labor or material or any claim the Government may have against the Contractor.

(3) Upon the making of said payments all obligations of the Government to make further payments or to carry out other undertakings hereunder shall cease forthwith and forever, except that all rights and obligations of the respective parties under the Articles, if any, of this contract applicable to Patent Infringements and Reproduction Rights shall remain in full force and effect.

Notice of Termination

§ 815.911 *Telegraphic notice (preliminary notice).* (a) Substantially the following form will be used where it is desired to notify the contractor of the termination of a contract by telegram or teletype:

XYZ CORPORATION,
New York, New York.

Pursuant to article _____ of your contract No. _____ the Government hereby terminates that contract (or "cancels items _____ of article _____ of that contract.") Request you stop all work and making of all commitments in connection therewith and advise all subcontractors and suppliers by telegraph to do likewise. Letter and instructions follow.

JOHN DOE,
Lieut. Col., A. C., Contracting Officer.

(b) In those cases where it is desired to effect a temporary suspension of a contract which is to be terminated prior to giving formal notice of termination, the following form of telegram may be employed (see § 815.315 (c)).

XYZ CORPORATION,
New York, New York.

Due to changed requirements Government desires to cancel *item*[1] _____ of contract No. _____ pending formal action for cancellation of said *item* _____ of *said* contract, it is requested that all work by your company and subcontractors with respect thereto be stopped and no further commitments made or obligations incurred on account thereof. Request you contact _____ for any information in connection therewith. Letter follows. End.
Prepaid

§ 815.912 *Lump sum supply or construction contracts*—(a) *Letter notice to prime contractor.* Substantially the following form of notice of termination will be used in all cases where a lump sum contract is being terminated for the convenience of the Government:

XYZ CORPORATION,
New York, New York.

GENTLEMEN: 1. The necessity and convenience of the Government require that your Contract No. _____ be terminated, such termination to be effective at _____ o'clock _____ M on _____, 194__, and that steps be taken immediately upon such effective date of this notice to agree with you upon a settlement, if any is necessary, that will properly and justly compensate you for the *uncompleted portion* of the contract.[1a] Accordingly,[2] that contract is hereby terminated, (or "items _____ of A-ticle _____ of that contract are hereby canceled), pursuant to Article _____ of that contract.

2. You are hereby instructed immediately upon such effective date of this notice (1) to stop all work and the placing of any subcontracts or purchase orders in connection with that contract; and (2) to terminate all existing subcontracts and purchase orders and to cause all work in connection therewith to be stopped at once. A form of termination notice to subcontractors, marked "Exhibit 1", is inclosed for use in this connection. The

4. You are requested to submit, as promptly as possible, the following data, to serve as a basis for a settlement of the amount due you by reason of this termination:—

(a) A statement of your costs and a proposal for a negotiated settlement (of the amount payable for the uncompleted portion of the contract), in the form and certified as stated in the inclosed "Instructions to Contractors."

(b) An inventory prepared in accordance with the inclosed "Instructions to Contractors." Upon receipt of such inventory the undersigned will inform you, in writing, as to the disposition to be made of it. You are requested to include in your inventory a statement of your best bid for any of the items there listed, either by items or by groups of items. For any items as to which you make no bid, you are requested to obtain the best available offers.[3] The following items are to be delivered to the Government at once, f. o. b. _____; and are to be omitted from your inventory:—

(Here list items, if any.)

Partial inventories should be submitted as soon as possible with respect to articles for which you make bids or for which you may receive offers approved by you.

(c) A statement of costs and a proposal for a negotiated settlement from each of your subcontractors and suppliers in the form and certified by them and by you as stated in the inclosed "Instructions to Contractors." Such statements and proposals may be presented separately. No such statement need be obtained from subcontractors or suppliers who will make no request for payment of any termination charges. Please note that you are required to review each of these statements in accordance with the Instructions, and to state your recommendation, based upon your negotiations with the subcontractor or supplier concerned, as to the amount properly payable thereon. All settlements with subcontractors and suppliers should be submitted for approval by the Contracting Officer.

5. All accounting and other records pertinent to the determination of the amount of the settlement should be carefully preserved by you and your subcontractors and suppliers. They may be audited by the Government.

6. Upon receipt of the foregoing data the undersigned will arrange a conference with you for the purpose of negotiating the settlement.

7. The instructions contained in this notice may be modified from time to time, except as to those instructions with respect to which you have previously taken substantial action in reliance thereon.

8. Please acknowledge receipt of this notice by signing the original and one copy and returning them to this office not later than _____, 1943. The other copy is for your files.[4]

JOHN DOE,
Major, A. C., Contracting Officer.
Accepted: _____, 1943
(contractor)

[1] Omit italicized words where whole contract is to be terminated.

[1a] The words "for the uncompleted portion of the contract" will be omitted in the case of a lump sum construction contract.

[2] If the telegraphic notice set forth in § 815.911 has previously been sent, insert here the words "and confirming the undersigned's telegram to you dated _____." instructions in (1) and (2) do not apply to the following:

(Here list exceptions.)

3. You are also instructed to take the following action with respect to Government property now in your custody:

(Here list instructions.)

[2] Omit remainder of paragraph where inapplicable and in the case of lump sum construction contracts it should be provided that the items are to be delivered at the site of the work rather than f. o. b. a stated point.

[4] In lieu of including paragraph 8 of the above form of notice, the notice may be sent by registered mail with a request for a return receipt. In this event paragraph 8 and the indorsement of acceptance need not be called for. When the returned receipt is signed by or in behalf of the contractor and received by the procurement office initiating the notice, the receipt will be attached to one signed copy of the original notice which will be preserved in the files of the procurement office.

(b) *Letter notice to subcontractor or supplier.* Substantially the following form will accompany the notice set forth in § 815.912 as Exhibit 1 thereto:

ABC COMPANY,
Detroit, Michigan.

GENTLEMEN: 1. Our contract No. _____ with the War Department has just been terminated. We there find it necessary to terminate our Order No. _____ with you, effective at once, since we will have no further use for the articles under that order. Pursuant to the directions of the contracting officer on that contract, you are hereby instructed immediately (1) to stop all work and the placing of any subcontracts or purchase orders in connection with that Order No. _____; and (2) to terminate all existing subcontracts or purchase orders and to cause all work in connection therewith to be stopped at once. The instructions in (1) and (2) do not apply to the following:

(Here, list items, if any)

2. No charge on account of this termination will be allowed you to the extent that they are found by us or by the contracting officer to have resulted from your failure effectively to take the foregoing action within a time found by us or by the contracting officer to be reasonable under all the circumstances.

3. You are also instructed to take the following action with respect to Government property in your custody:

(Here list action to be taken.)

4. You are requested to submit, as soon as possible, the following data, to serve as a basis for the negotiation of a settlement of the amount due you by reason of this termination:

a. A statement of your costs and a proposal for a negotiated settlement, prepared and certified in accordance with the attached form.[1]

b. An inventory of articles on hand, produced or acquired in connection with our order, and prepared in accordance with the attached form.[1]

5. Upon receipt of such inventory you will be informed as to the disposition to be made of it. You are requested to include in your inventory a statement of your best bid for any of the items listed in your inventory which you are willing to retain. Such bid may be made by items or groups of items. For any items listed for which you make no bid, you are requested immediately to obtain the best available offers and to include them in the inventory. Partial inventories of any items which you wish to retain, or of which you recommend the sale, may be furnished at any time. The following items are to be delivered to us, f. o. b. _____, and are to be omitted from your inventory:

(Here list items. Omit preceding sentence if not applicable.)

6. You are requested to omit from your inventory:

a. Articles which can be used by you or sold to others, without charge to us.

b. Articles which can be returned to your suppliers for full credit less freight charges. [In this event you may include the reasonable freight charges in your statement of costs arising out of the termination.]

7. In view of the fact that our order was issued to you in connection with our work on a Government contract now terminated, and that the amount due you because of the termination of our order will be a cost to us to be reimbursed by the Government, you are advised that your statement of costs may be subject to Government audit and the articles listed in your inventory may be subject to Government inspection. All accounting and other records pertinent to the determination of the amount of the settlement due you should be carefully preserved by you. These documents will be of importance in connection with our negotiations, both with you and with the Government.

8. In order to relieve you, to the greatest extent possible, of financial inconvenience caused by this termination of our order, partial payments on account of the amounts owing to you by reason of this termination will be made to you as rapidly as you make it possible to do so. Subject to the approval of the contracting officer, a partial payment will be made to you whenever we are in agreement that at least the amount of the proposed partial payment is clearly owing to you. You may request a partial payment at any time, but your request should be supported by sufficient accounting data for us and the contracting officer to find that at least the amount requested is due you on account of this termination.

9. Please acknowledge the receipt of this notice by signing the original and _____ copies and returning them to this office. The other copy is for your files.

Very truly yours,

_____

§ 815.914 *Cost-plus-a-fixed-fee supply contracts*—(a) *Letter of notice to prime contractor who will not negotiate settlements with subcontractors or suppliers.* (1) Whenever the complete termination of a cost-plus-a-fixed-fee supply contract has been authorized, such termination will be effected by a notice substantially in the following form:

XYZ Corporation
New York, New York.

Gentlemen: The necessity and convenience of the Government require that your contract No. _____ be terminated at once. Pursuant to the provisions of Article _____ of that contract, that contract is hereby terminated. Effective at once, you will (1) stop all work and the placing of any subcontracts and purchase orders in connection therewith, and (2) terminate all existing subcontracts and purchase orders and cause all work thereunder to cease. The instructions contained in (1) and (2) do not apply to the following:

(Here list exceptions.)

Subject to customary approval or ratification by the contracting officer, you are authorized and requested to pay all invoices, charges, salaries, wages and other obligations actually incurred by you in connection with this contract and due on or before the effective date of this notice.

You are requested to advise all lump sum suppliers and subcontractors to submit to you, as promptly as possible, a statement of the charges that will be involved in the cancellation and termination of their orders or subcontracts. Such charges shall be computed in accordance with the termination provisions, if any, contained in said orders or subcontracts, and shall be prepared as set forth in the inclosed "Instructions to Subcontractors." (A form of "Instructions to Subcontractors" similar to that contained in § 815.936 is being prepared). All such suppliers and subcontractors should be advised that they may be required to support such statement of charges with appropriate and pertinent accounting and other records; that the statement of charges may be subject to an audit by Government auditors; and that an inspection of the supplies and materials covered by the purchase order or subcontract may be made by a Government inspector. Suppliers and subcontractors should be directed to preserve all relevant records and papers.

You will be reimbursed for the cost of all services rendered by you in connection with this termination of contract No. _____, in accordance with the provisions of the contract applicable to reimbursement of costs.

(2) In the event of partial termination the first paragraph of the foregoing notice will be omitted and in lieu thereof the following paragraph will be used:

Pursuant to Article __ of Contract No._____ entitled "Changes" you are directed to omit work covered by the contract as follows: (Here insert a statement of the work to be omitted, and following that the remainder of the notice set forth above).

(b) *Letter to prime contractor who will negotiate settlements with subcontractors and suppliers.* [Reserved.]

(c) *Letter notice to lump sum subcontractors or suppliers.* Substantially the form set out in § 815.912 (b) will be used.

§ 815.915 *Cost-plus-a-fixed-fee construction termination and assignment forms.* The forms prescribed in paragraphs (a), (b), and (c) shall be used in connection with the termination of cost-plus-a-fixed-fee construction contracts, as defined in § 815.659. The form prescribed in paragraph (d) shall be used in connection with assignments to the Government of subcontracts and other obligations and commitments under such contracts:

(a) *Complete termination form.* Substantially the form herein prescribed will be used for complete termination of cost-plus-a-fixed-fee construction contracts for the convenience of the Government:

NOTICE OF TERMINATION FOR CONVENIENCE OF THE GOVERNMENT terminating cost-plus-a-fixed-fee contract No. W_____ dated _____ between the United States of America and _____ for _____ services at _____ with any or all amendments thereto.
Name of Contractor _____
Address _____
_____
(Place)
_____
(Date)

GENTLEMEN: 1. Pursuant to the provisions of Article _____, of the above described contract, you are notified that said contract is hereby terminated for the convenience of the Government as of 11:59 P. M. this date.

(If it is desired to terminate the contract as of a future date, the phrase "as of 11:59 P. M. the _____ day of _____, 194__" should be substituted for the phrase "as of 11:59 P. M. this date.")

2. You shall immediately discontinue all work and the placing of all orders for materials, facilities, and supplies, in connection with the performance of said contract.

(If a future date of termination is provided for under paragraph 1, above, the phrase, "on the date specified in paragraph 1, above," should be added at the end of the sentence.

3. You shall immediately proceed to cancel all existing orders and commitments and terminate all subcontracts which are chargeable to said contract, except the following:

(If a future date of termination is provided for in paragraph 1, above, the phrase "on the date specified in paragraph 1, above," should be inserted preceding the comma. Care should be exercised to list all unperformed purchase orders commitments and subcontracts except those that the Contracting Officer knows should not be performed.)

4. You are requested to advise all vendors and subcontractors to submit to you, as promptly as possible, a statement of the charges that will be involved in the cancellation and termination of their orders or subcontracts. Such charges shall be set forth substantially under the following headings:

(1) Amount of total contract price previously paid.
(2) Direct labor.
(3) Direct materials.
(4) Indirect expense.[1]
(5) Administrative expenses.[1]
(6) Subcontractors' claims.
(7) Credits for refunds on insurance, etc.
(8) Engineering and similar expenses.[1]
(9) Other items of claim in detail.

Vendors or subcontractors whose classifications or accounts are similar to the above may follow their own classification. All such vendors and subcontractors should be advised that they may be required to support such statement of charges with appropriate and pertinent accounting and other records that the statement of charges may be subject to an audit by Government auditors; and that an inspection of the supplies and materials covered by the purchase order or subcontract may be made by a Government inspector. Vendors and subcontractors should be directed to preserve all relevant records and papers.

5. No reimbursement will be made for obligations incurred under said contract subsequent to the date indicated in paragraph 1 of this Notice, except for expenditures made pursuant to the directions contained in this Notice and for the protection of Government property and accounting services in connection with the settlement of this contract as are required or approved by the Contracting Officer.

6. It is requested that you promptly acknowledge receipt of this Notice on the original and a copy thereof and that they be returned to the Contracting Officer. The second copy is for your files.

(Date)

GENTLEMEN: 1. Pursuant to the provisions of Article _____, of the above described contract, you are notified that said contract is hereby partially terminated for the convenience of the Government as of 11:59 p. m. this date.

(If it is desired to partially terminate the contract as of a future date, the phrase "as of 11:59 p. m. the _____ day of _____, 194__" should be substituted for the phrase "as of 11:59 p. m. this date.").

2. You shall immediately discontinue all work and the placing of all orders for materials, facilities, and supplies, in connection with the performance of said contract, except that you shall continue all work and the placing of all orders that may be necessary to complete the following portion of the work covered by said contract:

(If a future date of partial termination is provided for under paragraph 1, above, the phrase "on the date specified in paragraph 1, above," should be inserted preceding the comma following the word "contract" in the third line).

3. You shall immediately proceed to cancel all existing orders and commitments and terminate all subcontracts which are chargeable to said contract, except that all orders, commitments, and subcontracts which are necessary to complete the portion of the work covered by said contract which is to be completed and which is excepted from the operation of this Notice, as fully set forth in paragraph 2, above, shall remain unmolested and uncancelled.

(If a future date of partial termination is provided for in paragraph 1, above, the phrase "on the date specified in paragraph 1, above," should be inserted preceding the comma following the word "contract" in the third line).

4. You are requested to advise all vendors and subcontractors whose orders or subcontracts are by this Notice required to be cancelled to submit to you, as promptly as possible, a statement of the charges that will be involved in the cancellation and termination of their orders or subcontracts. Such charges shall be set forth substantially under the following headings:

(1) Amount of total contract price previously paid.
(2) Direct labor.
(3) Direct materials.
(4) Indirect expense.[1]
(5) Administrative expenses.[1]
(6) Subcontractors' claims.
(7) Credits for refunds on insurance, etc.

Partial Payments

§ 815.921 *Supplemental agreement to make payment in trust for subcontractor.* Where, pursuant to § 815.502 (b) it is desired to make a partial payment to a lump sum prime contractor, but on account of and in trust for a specific subcontractor, the following form of supplemental agreement will be used:

Whereas, under date of _____, a contract numbered W _____ ord_____ was entered into between the United States of America, hereinafter referred to as the Government, and (*Insert here name of prime contractor*), a corporation organized and existing under the laws of the State of _____, hereinafter referred to as the Contractor, and

Whereas, notice of termination of said contract has been given pursuant to Article _____ thereof, and

Whereas, said Article provides that the Contracting Officer and the Contractor, by supplemental agreement, after negotiation, may agree on the sum reasonably necessary to compensate the Contractor for certain of his costs, expenditures, liabilities, commitments and work, including reimbursement to the Contractor on account of settlements of certain of its commitments to its subcontractors and persons claiming through them, and

Whereas, said Article further provides that the Government shall promptly make partial payments to the Contractor on account of amounts clearly due by reason of termination under said Article and on account of settlements of obligations or commitments of the Contractor (subject to such conditions as the Contracting Officer may require), and

Whereas, (*Insert here name of subcontractor to whom partial payment is to be made*) is a subcontractor (*hereinafter called "said Subcontractor"*) under said contract, through (*Intermediary*) and (*Intermediary*), under an agreement (*hereinafter called said Subcontract*) between said (*Insert name of said Subcontractor*) and (*Insert name of last intermediary*), and

Whereas, the Contractor hereby represents to the United States that at least the sum of $_____ is clearly and justly due to the Contractor by reason of the termination of said Contract W_____ ord _____ and the parties hereto, other than the United States, hereby represent to the United States, and the Contracting Officer has been determined, that [1] the sum of $_____ is justly due to (*Insert here name of said Subcontractor*) on account of said Subcontract and by reason of its termination, the amount of which liability to said Subcontractor is an obligation or commitment of the Contractor (or is included in the obligations or commitments of the Contractor), and that said sum may properly be paid to (*Insert here name of said Subcontractor*) without prejudice to the determination of [2] any other items arising in connection with said termination of the Contract W_____ ord _____ or in connection with the termination of any subcontract hereunder other than said Subcontract with (*Insert here name of said Subcontractor*), and

Whereas, the Government desires to provide for a partial payment to the Contractor on account of its obligations or commitments within the meaning of said Article _____ of Contract W_____ ord _____ [3] on condition (a) that such partial payment shall be for the benefit of (*Insert here name of said Subcontractor*) and (b) that all persons interested in such partial payment shall give their written consent to such payment and execute appropriate releases as hereinafter provided:

Now, therefore, this Supplemental Agreement is entered into this _____ day of _____, and the parties hereto agree as follows:

1. Upon the execution of this Supplemental Agreement by all the parties hereto, and upon the Contractor's submission of a proper voucher therefor, the Government will pay to the Contractor said sum of $_____ for the account of, and in trust for (*Insert here name of said Subcontractor*), and thereupon the Contractor agrees that it will pay said sum of $_____ directly to (*Insert name of said Subcontractor*).

2. [4] In consideration of such payment the parties hereto release each other of any claim against each other which is based upon said Subcontract or arises out of the termination or cancellation of said Subcontract. The parties hereto agree to eliminate any such claim based upon such Subcontract [5] from their claims in connection with or arising out of said termination of Contract W_____ ord _____ and consent to the making of the payment provided for in paragraph 1 hereof.

3. The parties hereto, other than the United States of America, warrant that there are no outstanding set-offs against (*Insert here name of said Subcontractor*) in connection with said Subcontract or against any party hereto, through whom said (*Insert here name of said Subcontractor*) makes claim, which would reduce the amount payable [6] to said (*Insert here name of said Subcontractor*) on account of such Subcontract.

In witness whereof, the parties hereto have executed this Supplemental Agreement as of the day and year first above written.

THE UNITED STATES OF AMERICA,

§ 815.922 *Form of supplemental agreement for partial payments pending final determination of amount payable by Government in connection with termination.*

Supplemental agreement entered into this _____ day of _____ 194___, by the United States of America, hereinafter called "the Government", represented by the contracting officer executing this agreement, and _____ hereinafter called "the Contractor",

Witnesseth that: Whereas, on _____ day of _____, 194___, the parties hereto entered into Contract No. _____, and

Whereas, notice of termination of said contract has been given pursuant to Article _____ thereof, and

Whereas, under the terms of the said Contract, under the First War Powers Act, 1941, and Executive Orders Numbers 9001 and 9112, payments may be made to the contractor in advance of final determination of the amount to which the contractor will be entitled by reason of such termination, and

Whereas, the contractor hereby represents to the Government that at least the sum of $_____ is due the contractor by reason of the termination of said contract and the Government desires to make a payment to the contractor pending the final determination of the amount payable by reason of such termination, and

Whereas, it is deemed that the execution of this agreement will facilitate the prosecution of the war or that the contractor is engaged in a business or operation which is necessary, appropriate or convenient for the prosecution of the war;

The following notes refer to modifications which should be made only where it is desired to make merely a partial payment to the Subcontractor on account of the termination of his Subcontract and to leave the balance of his claim for later determination.

[1] The words "not less than" should be inserted at this point.

[2] Insert at this point the words "the aggregate amount which may be due on account of the termination of said Subcontract or of".

[3] Insert at this point the words "and as a partial payment on account of the amount due by reason of the termination of said Subcontract".

[4] Insert at this point in place of the first sentence of paragraph 2 the following sentence "In consideration of such payment said Subcontractor and the parties hereto, other than the United States, agree that, to the extent of such payment, they severally do release the United States and each of the other parties hereto against whom they severally have claim based upon said Subcontract or the termination thereof, retaining any such claim based upon said Subcontract only to the extent that such claim may be found by the Contracting Officer under Contract W_____ ord _____ to exceed such payment.

[5] Insert at this point the words ", to the extent of such payment,".

[6] Substitute for the word "payable" the words "hereby authorized to be paid".

Article I. Upon the execution of this supplemental agreement by the parties hereto, and upon the contractor's submission of a proper voucher therefor, the Government will pay to the contractor the sum of $_____.

Article II. The payment provided for herein, together with any prior payments received by the contractor in connection with such termination, shall be without prejudice to the right to receive any additional amounts to which the contractor may be entitled as a result of such termination.

Article III. Said payments shall be applied against the amount finally determined to be payable by the Government to the contractor in connection with such termination. If such payments exceed the amount finally determined to be payable to the contractor in connection with such termination, the contractor agrees to repay the excess to the Government on demand together with interest thereon at the rate of 6% per annum from the date of receipt of such excess payment by the contractor to the date of the repayment of such excess. In the event that an excess payment results from credits arising in favor of the Government by reason of the retention or disposition of property by the contractor, the amount of such excess payment shall bear interest at the rate of 6% only from the date when such credits resulted in an excess payment.

In witness whereof, The parties hereto have executed this agreement as of the day and year first above written.

(a) *Additional provisions for use in supplemental agreement for partial payments when effected through controlled account.* Where partial payments are to be effected through a controlled account substantially the following provisions will be included in the form set forth in § 815.922 and the depositary bank notified of such provisions:

ARTICLE IV. All funds advanced to the contractor as payments hereunder, together with the proceeds of the sale of any property related to the uncompleted portion of the contract, shall be deposited by the Government and the contractor in a special bank account or accounts at a member bank or banks of the Federal Reserve System, or any "insured" bank within the meaning of the Act creating the Federal Deposit Insurance Corporation (Act of July 23, 1935; 49 Stat. 684) as amended (12 U. S. C. 264) separate from the contractor's general or other funds. Such special bank account or accounts shall be so designated as to indicate clearly to the bank their special character and purpose, and the balances in such account or accounts shall be used by the contractor exclusively as a fund for meeting costs incurred in performance on the uncompleted portion of the contract prior to receipt of termination notice or thereafter as directed by the contracting officer. Withdrawals from such special account or accounts shall be subject to the prior written approval of the contracting officer and to countersignature of the contracting officer or his duly authorized representative to the extent that he shall notify the bank that it is required by him. Such countersignature may be of blanket checks to cover a number of approved expenditures. Any balances from time to time in such account or accounts shall secure the repayment of the advances in connection with which the account or accounts are opened, and the Government shall have a lien on such balances to secure the repayment of such advances, which lien shall be superior to the lien of the bank, or any other person, upon such account or accounts, by virtue of assignment to it of the principal contract or otherwise. The contractor hereby authorizes and instructs the bank to transfer, without notice to the contractor, and without liability of any kind or nature for such action, the balance of funds on deposit in such special account at any time to the Government upon the written request of the contracting officer to the bank for such transfer. Upon receipt by the bank of any written directions from the contracting officer or his duly authorized representative, the bank shall act thereon and be under no liability to any party thereto for any action taken in accordance with said written directions. Any instructions or written directions received by the bank through the contracting officer upon War Department stationery and purporting to be signed by or by the direction of the contracting officer, or his duly authorized representative, shall, in so far as the rights, duties and liabilities of the bank are concerned be conclusively deemed to have been properly issued and filed with the bank by the contracting officer or his duly authorized representative.

Supplemental Agreements to Insert Current Termination Article in Contracts

§ 815.926 *Lump sum contracts; supplemental agreement for use where contract contains no provision for the termination for the convenience of the Government or contains a termination article which does not provide for a negotiated settlement of the amount due in respect of the uncompleted portion of the contract.*

This supplemental agreement entered into this _____ day of _____, 194____, by the United States of America, hereinafter called "the Government" represented by _____
(authorized officer)
executing this contract and _____ hereinafter called "the Contractor",

Witnesseth that:

Whereas, the Contractor and the Government have entered into Contract No. W_____ under date of _____, 194____, as amended and supplemented by _____, dated _____, 194____; and

Whereas, it is desirable to amend said contract so that termination thereof for the convenience of the Government and a settlement of the rights of the parties by reason of any such termination may be effected expeditiously, without undue expense, and with a minimum of administrative delay and inconvenience, and

Whereas, pursuant to the First War Powers Act and Executive Order No. 9001, issued pursuant thereto, the Secretary of War acting through his duly delegated officer, has authorized the amendment of existing War Department contracts so as to make adequate provision for termination for the convenience of the Government and for the negotiation of settlements in connection therewith and has found that such amendment will facilitate the prosecution of the war.

Now, therefore, the parties do agree to amend the aforesaid contract and the same is hereby amended by

(Here make such change in the contract as may be necessary to the end that it will contain provisions for termination at the convenience of the Government substantially the same as those set forth in § 803.324 in the case of a lump sum supply contract or, in the case of a lump sum construction contract, as § 803.324 (a) of these Procurement Regulations.)

Final Settlement Agreements

§ 815.931 *Settlement agreement for use where a lump sum supply contract contains a provision for termination for the convenience of the Government substantially in the form contained in §803.324 and permits settlement by negotiation of amount due with respect to uncompleted portion of the contract.*

This supplemental agreement, entered into pursuant to the First War Powers Act and Executive Order No. 9001 this _____ day of _____, 194____, by the United States of America, hereinafter called "the Government" represented by _____
(authorized officer)
executing this contract and _____ hereinafter called "the Contractor",

Witnesseth that:

Whereas, the Contractor and the Government have entered into Contract No. W _____ under date of _____, 194____, as amended and supplemented by _____, dated _____, 194____; and

Whereas, said contract provides for termination of such contract at the convenience of the Government and for the determination by negotiation of the amount payable on account of the uncompleted portion of the contract and of certain other items; and

Whereas, it is to the advantage of the parties to arrange this negotiated settlement and the interests of the Government are being fully protected thereby; and

Whereas, the Government and Contractor after negotiations have arrived at an agreement as to the sum payable on account of such uncompleted portion of the contract and for other items; and

Whereas, in the light of such agreement, the additional amount payable to the Contractor upon termination pursuant to the provisions of the contract has been found by the Government and the Contractor to be the sum of $_____(x)_____, which sum the Contractor is willing to and does accept in full and complete settlement except as may be otherwise set forth hereinafter of all liabilities and obligations of the Government under the aforesaid contract;

Now, therefore, the parties hereto do mutually agree as follows:

ARTICLE 1. The Contractor shall furnish and deliver, or has previously furnished and delivered, to the Government at the places and times hereinafter stated the following materials and items:

(Insert description of all items including completed and partially completed supplies, spare parts, work in process, materials, fabricated parts, plans, drawings, information and other things which the Contractor is to deliver to the Government.)

ART. 2. Upon delivery of all the materials and items specified in Article 1 above in accordance with the terms of Article 1, the Government, upon presentation by the Contractor of properly certified invoices or vouchers, will pay to the Contractor in addition to the sum of $_____(a)_____ previously paid to the Contractor for its work and services hereunder, the sum of $_____(x)_____ for all its costs, expenditures, liabilities, commitments and work done pursuant to the contract.

Said sum of $_____(x)_____ is made up as follows:

a. Payment in full for completed supplies (including spare parts, drawings, information and other articles and items), called for by the contract, at the contract price therefor, so far as not previously paid: $_____(u)_____

b. Payment in full compensation to the Contractor for the uncompleted portion of

the contract, including without limitation a reasonable allowance for profit for work actually done: $--------(v)--------

c. Payment in full for all expenditures made and costs incurred after the termination notice for the protection of Government property and for such other expenditures and costs as were necessary in connection with the settlement of the contract: $--------(y)--------

ART. 3. The Contractor agrees to accept the said additional sum of $--------(x)-------- in full and complete settlement of all its rights and of all obligations and liabilities of the Government under this aforesaid contract and agrees to release, and does hereby release, the Government from all further liability and obligation under said contract (except as may be otherwise set forth hereinafter) provided that said additional payment is made in accordance with Article 2 hereof.

ART. 4. Upon payment of the additional sum specified in Article 2 hereof, the contract shall terminate and all rights and liabilities of the parties thereto and all obligations of the Government to make further payments or to carry out other undertakings thereunder shall cease forthwith and forever, except: (Omit any of the following which are not applicable.)

(1) All rights of the Government to the recovery of excessive profits pursuant to Sec. 403 of the Sixth Supplemental National Defense Appropriation Act, 1942 (Pub. No. 528, 77th Congress) as amended by Sec. 801 of the Revenue Act of 1942 (Pub. No. 753, 77th Congress) on account of payments made to the Contractor hereunder.[1]

(2) All rights and liabilities of the parties hereto under the articles, if any, in the contract applicable to inventions, patent rights, patent infringements, patent licenses and reproduction rights; and under the articles, if any, in the contract applicable to options (except options to continue or increase the work under the contract), covenants not to complete, covenants of indemnity, and agreements with respect to the future care and disposition by the Contractor of Government-owned facilities remaining in his custody.

(3) All rights of the Government to effect an adjustment of patent royalties under the provisions of Pub. No. 768, 77th Congress.

(4) All rights and liabilities of the respective parties under the articles, if any, of said contract concerning defects which may hereafter appear in any materials or supplies furnished to the Government by the Contractor pursuant to said contract or this supplemental agreement. (Here add additional excepted matters, if any.)

In witness whereof—

§ 815.932 *Settlement agreement for use where a lump sum construction contract contains a provision for termination for the convenience of the Government substantially in the form contained in § 803.324(a).*

This supplemental agreement, entered into pursuant to the First War Powers Act and Executive Order No. 9001, this ---------- day of ----------, 194----, by the United States of America, hereinafter called "The Government" represented by ----------
(authorizing officer)
executing this contract and ----------
hereinafter called "the Contractor",

Witnesseth that:

[1] If the settlement is to be exempted from renegotiation (see § 812.1204 (1)) this paragraph (1) should be omitted entirely.

Whereas, the Contractor and the Government have entered into Contract No. W ---------- under date of ----------, 194----, as amended and supplemented by ----------, date ----------, 194----; and

Whereas, it has been determined that it is in the best interest of the Government to terminate the aforesaid contract; and

Whereas, said contract provides for termination of such contract at the convenience of the Government and for the determination by negotiation of the amount payable on account of the contract; and

Whereas, it is to the advantage of the parties to arrange this negotiated settlement and the interests of the Government are being fully protected thereby; and

Whereas, the Government and Contractor after negotiations have arrived at an agreement as to the sum payable on account of such contract; and

Whereas, in the light of such agreement, the amount payable to the Contractor upon termination pursuant to the provisions of the contract has been found by the Government and the Contractor to be the additional sum of $ --------(x)------, which sum the Contractor is willing to and does accept in full and complete settlement except as may be otherwise set forth hereinafter of all liabilities and obligations of the Government under the aforesaid contract,

Now, therefore, the parties hereto do mutually agree as follows:

ARTICLE 1. The Contractor shall furnish and deliver and he has previously furnished and delivered, to the Government at the places and times hereinafter stated the following materials, supplies, equipment, machinery and machinery tools and items:

(Insert description of all items including all materials, supplies, work in process, facilities, equipment, machinery, tools, plans, drawings, information and other things which the Contractor is to deliver to the Government.)

ART. 2. Upon delivery of all the items specified in Article 1 above in accordance with the terms of Article 1, the Government, upon presentation by the Contractor of properly certified invoices or vouchers, will pay to the Contractor in addition to the sum of $--------(a)-------- previously paid to the Contractor for its work and services hereunder, the sum of $--------(x)-------- for all its costs, expenditures, liabilities, commitments and work done pursuant to the contract, a total sum of $--------(a)-------- plus --------(x)--------.

Said sum of $--------(a)-------- plus --------(x)-------- is made up as follows:

a. Payment in full compensation to the Contractor on account of the settlement of this contract, including without limitation, a reasonable allowance for profit for work actually done; $--------(y)--------.

b. Payment in full for expenditures made and costs incurred after the termination notice for the protection of Government property and for such other expenditures and costs as were necessary in connection with the settlement of the contract: $--------(z)--------.

ART. 3. [Note:—Article 3 and subsequent articles of this form are the same as those similarly numbered found in § 815.931 hereof.]

§ 815.933 *Supplemental agreement for use where a lump sum supply or construction contract contains no article for termination for convenience of the Government and the contractor will not agree to amend the same by inserting the article contained in § 803.324 or 803.324 (a), or where any such contracts do not contain termination for the convenience of the Government articles and a negotiated settlement can be effected.*

SUPPLEMENTAL AGREEMENT

This supplemental agreement entered into this -------- day of --------, 194--, by and between the United States of America, hereinafter called "the Government", represented by the Contracting Officer executing this agreement, and ---------- hereinafter called "the Contractor",

Witnesseth that:

Whereas, On the ------ day of ----------, 194--, the parties hereto entered into Contract No. -------- for ----------

Whereas, The Government desires to terminate said contract for the convenience of the Government and to settle the rights of the parties by reason of such termination;

Whereas, This contract is entered into pursuant to the First War Powers Act, 1941 and Executive Order No. 9001, and

Whereas, It has been determined that the execution of this agreement will facilitate the prosecution of the war:

Now, therefore, The parties do mutually agree as follows:

ARTICLE 1. The Contractor shall furnish and deliver to the Government at the places and times hereinafter stated the following materials, supplies, equipment, machinery, tools, and items:

ART. 2. Upon delivery of all the property specified in Article I above in accordance with the terms of Article 1, the Government upon presentation by the Contractor of properly certified invoices or vouchers will pay to the Contractor in addition to the sum of $------- previously paid to the Contractor for its work and services hereunder, the sum of $--------.

ART. 3. The Contractor agrees to accept the said sum of $---------- in full and complete settlement of all its rights and of all obligations and liabilities of the Government under this aforesaid contract and agrees to release, and does hereby release, the Government from all further liability and obligation under said contract (except as may be otherwise set forth hereinafter) provided that said additional payment is made in accordance with Article 2 hereof.

ART. 4. Upon payment of the additional sum specified in Article 2 hereof, the contract shall terminate and all rights and liabilities of the parties thereto and all obligations of the Government to make further payments or to carry out other undertakings thereunder shall cease forthwith and forever, except:

(1) All rights, and liabilities of the respective parties under the articles, if any, of this contract, applicable to patent infringement and patent license rights which shall continue in full force and effect.

(2) All rights of the Government to effect an adjustment of patent royalties under the provisions of Public Law No. 768, 77th Congress.

(3) All rights and liabilities of the respective parties under the articles, if any, of said contract, concerning defects which may hereafter appear in any supplies and materials furnished the Government pursuant to said contract or of this supplemental agreement which rights and liabilities shall continue in full force and effect.

(4) All rights of the Government to the recovery of excessive profits pursuant to Section 403 of the Sixth Supplemental National Defense Appropriation Act, 1942 (Public Law 528, 77th Cong.) as amended by Section 801 of the Revenue Act of 1942 (Public Law 753, 77th Cong.).

In witness whereof, The parties hereto have executed this agreement as of the day and year first above written.

§ 815.934 *Cost-plus-a-fixed-fee supply contracts.* Substantially the following form will be used, pursuant to § 815.655, for a final settlement agreement in connection with the termination of a cost-plus-a-fixed-fee contract:

This supplemental agreement, entered into this ---------- day of ----------, 194--- by the United States of America hereinafter called "the Government" represented by ---------- executing this contract and ----------, hereinafter called "the Contractor",

Witnesseth that:

Whereas, the Contractor and the Government have entered into Contract No. W ---------- under date of ----------, 194----, as amended and supplemented by ----------, dated ----------, 194----; and

Whereas, it has been determined that it is in the best interest of the Government to terminate the aforesaid contract; and

Whereas, said contract provides for its termination at the convenience of the Government; and

Whereas, it has been determined that there is due the Contractor the sum of $----------
(a)---------- as reimbursement for all costs incurred in accordance with the terms of the contract, and the sum of $----------
(b)---------- as payment of the fixed fee in accordance with the terms of the contract, and

Whereas, the Contractor is willing to and does accept such amounts in full and complete settlement of all liabilities and obligations of the Government under said contract, except as may be otherwise set forth hereinafter;

ARTICLE 1. The Contractor shall furnish and deliver, or has previously furnished and delivered, at the places and times stated the Government-owned materials, supplies, equipment, machinery, tools and other articles listed in Schedule A, attached hereto and made a part hereof.[1]

ART. 2. Upon the delivery of all of such articles, and upon the presentation by the Contractor of properly certified invoices or vouchers, the Government will pay to the Contractor the sum of $--------(a)-------- as reimbursement for all costs incurred by the Contractor in accordance with the terms of the contract and not previously reimbursed.

ART. 3. The Government will also, at the same time, and upon the submission by the Contractor of a properly certified invoice or voucher, pay to the Contractor the sum of $----------(b)---------- as payment in full of the remainder of the fixed fee due to the Contractor under said contract as terminated.

[1] If such a schedule has previously been prepared for some other purpose it may be incorporated herein by reference.

ART. 4. Upon payment of the sums specified in Articles 2 and 3 said contract shall terminate and all rights and liabilities of the parties thereto, and all obligations of the Government to make further payments or to carry out other undertakings thereunder shall cease forthwith and forever, except: (Omit any of the following which are not applicable.)

(1) All rights of the Government to the recovery of excessive profits pursuant to Sec. 403 of the Sixth Supplemental National Defense Appropriation Act, 1942 (Pub. No. 528, 77th Congress) as amended by Section 801 of the Revenue Act of 1942 (Pub. No. 753, 77th Congress) on account of payments made to the Contractor hereunder.[2]

(2) All rights and liabilities of the parties hereto under the articles, if any, in the contract applicable to inventions, patent rights, patent infringements, patent licenses and reproduction rights; and under the articles, if any, in the contract applicable to options (except options to continue or increase the work under the contract), covenants not to complete, covenants of indemnity and agreements with respect to the future care and disposition by the Contractor of Government-owned facilities remaining in his custody.

(3) All rights of the Government to effect an adjustment of patent royalties under the provisions of Pub. No. 768, 77th Congress.

(4) All rights and liabilities of the respective parties under the articles, if any, of said contract concerning defects which may hereafter appear in any materials or supplies furnished to the Government by the Contractor pursuant to said contract or this supplemental agreement. (Here add additional excepted matters, if any.)

In witness whereof—

Instructions to Contractors and Subcontractors

§ 815.936 *Lump sum contractors.* The following form of Instructions to Contractors will accompany each Notice of Termination in connection with the termination of a lump sum supply contract (see § 815.912 (a)):

INSTRUCTIONS TO CONTRACTORS IN REGARD TO TERMINATION OF LUMP SUM SUPPLY CONTRACTS

SECTION 1—INTRODUCTION

1. *Necessity for termination.* The constant change in the requirements of our armed forces makes it necessary to terminate certain contracts from time to time. Your contract is among these so that its termination is in no sense to be taken as an indication that the War Department is in any way dissatisfied with your performance.

2. *Termination procedure policy.* It is the intention of the War Department to make a proper adjustment with you in accordance with customary commercial practice and the termination article in your contract. However, since public funds are involved, you must submit adequate accounting data to support your request for an adjustment based on the termination. This must be done before payment can be made. When this accounting data is received, the War Department will cooperate with you in arriving at a speedy and equitable negotiated settlement. To assist in effecting termination settlements, the War Department has prepared Procurement Regulation No. 15 and the Termination Accounting Manual for Fixed-Price Supply Contracts. These documents govern the termination of contracts for the convenience of the Government. A copy of the Accounting Manual is inclosed. A copy of the Procurement Regulation, which is primarily designed for the guidance of Government contracting personnel, may be obtained by application to the Contracting Officer. These instructions, however, summarize the action which you must take.

[2] If the settlement is to be exempted from renegotiation (see § 812.1204 (1)) this paragraph (1) should be omitted entirely.

3. *Necessity for prompt action.* To expedite payment to you, it is imperative that you take action immediately to supply the Statement of Costs, Inventories and other information (see Exhibit 1) requested in these instructions. Inventories should be prepared immediately. The Statement of Costs may be prepared either on the "inventory" basis shown in Exhibit 1, Schedule F, or on the "total cost" basis shown in Exhibit 1, Schedule G. (See Termination Accounting Manual, paragraphs 2102.3 and 2102.4.) If prepared on the "total cost" basis, the statement will nevertheless be supported by adequate inventories and other schedules. The inventory method is preferred where the necessary cost information is reasonably available. There is no occasion for delaying the submission of this statement, pending the disposition of items of inventory, submission of statements of subcontractors' termination charges for approval, or determination of your own charges incurred after termination. It will expedite audit of you submit this statement at the earliest possible moment. It is believed that such information can be furnished within 30 days after receipt of the Notice of Termination. If any parts of your proposal for a negotiated settlement can be presented separately and in advance of the completion of the proposal, this should be done. It is essential that this be done when you request a partial payment, since partial payment will be made on the basis of such partial proposals.

SECTION 2—NOTICE OF TERMINATION

4. *Cessation of work and notification to suppliers.* Immediately upon receipt of the Notice of Termination (with which these instructions are sent), you should take the following steps:

a. On the effective date of the Notice, stop all the work or that portion of the work which the Notice of Termination requires you to stop, and make no further commitments in connection with the contract (or the portion of the contract which the Notice discontinues). However, if, for any reason, you believe it inexpedient to stop any portion of the work as required in the Notice of Termination, you should communicate this information to the Contracting Officer immediately and obtain his instructions. This should be done promptly, by telephone or personal conference, and you should request written confirmation of any variations from instructions given by the Termination Notice.

b. Notify all subcontractors and suppliers that your contract has been terminated and order them to stop all or a part of their work in compliance with the Notice of Termination. Also order them to make no further commitments in connection with their subcontracts. In general, you are in the same position as to your subcontractors as is the Government in relation to you. You should request them to furnish to you promptly inventories and cost statements (see Annexed Exhibits) so as to speed up settlement of their termination charges as much as possible.

c. Notify the Contracting Officer of any pending legal proceedings, or legal proceedings subsequently brought, with respect to any subcontracts or purchase orders related to the terminated contract.

SECTION 3—INVENTORIES

5. *Inventory of materials on hand.* Immediately after stopping work, you should arrange to take an inventory of finished items, material in process, tools and raw materials applicable to the terminated contract, reporting the results in substantially the forms set forth as Schedules A to E of Exhibit 1

attached hereto. Separate statements are to be prepared for *Government-owned* property in your possession. Inventory should include all material (for which costs are to be charged) applicable to the terminated contract and *owned by your company* even if located in plants of your subcontractors; however, in special cases, it may be advisable to have separate inventories. Immediately upon completion of the inventory copies should be submitted to the Contracting Officer.

6. *Necessity for promptness in submission of inventories.* It is expected that these inventories can be prepared and submitted before the remainder of your Statement of Costs. Prompt submission will enable this office to advise you as to the disposition of inventory, and will therefore expedite the entire settlement. The contracting officer may request you to furnish preliminary or partial inventories. You may file partial inventories without such request when such action will assist in (a) the retention or disposal of property by you, or (b) supporting a partial payment requested by you.

7. *Policy of War Department concerning inventory.* It is the policy of the War Department, so far as possible, to dispose of inventories through normal commercial channels. Disposal will ordinarily be handled in one of the following ways:

a. *Materials which can be used by your company or sold to others and as to which you will seek no reimbursement from the Government.* Except as otherwise explicitly directed by the Contracting Officer in the Notice of Termination or in other written communication, you are authorized, without further approval of the Contracting Officer but subject to subparagraph c of this paragraph 7 and to existing regulations of the War Production Board or of other Government Agencies, to retail or sell all materials, title to which has not passed to the United States.

b. *Materials which can be returned to suppliers for full credit.* These items should be noted in the "Recommended Disposal" column as "Returned to Vendor at Cost." No approval from this office is required for this action subject to the same limitations as paragraph 7*a*, if the amount, of which you will request reimbursement from the Government, will not exceed the freight charges for shipment to you and return to suppliers, plus reasonable packing and handling charges.

c. *Items which can be used by your company or sold to others but not at cost.* It is necessary that the Contracting Officer approve in writing your retention or sale of material at less than cost. (Note to Contracting Officer: In proper cases this provision may be liberalized. See § 815.359). Therefore, when you intend to request the Government to reimburse you for the difference between cost and the receipts from disposal, you must obtain such approval in writing from the Contracting Officer, sending him the following information:

(1) Complete description of material for sale.

(2) Cost of the material as shown in your inventory.

(3) Proposed selling price or price at which you agree to retain it.

(4) Brief statement as to why the material cannot be sold at full value.

d. *Partial inventories.* Authority to retain or dispose of portions of your inventory may be obtained by submitting a partial inventory covering such items. You are urged to submit partial inventories promptly of all items which you are willing to retain or of which you recommend for sale. Such items must be scheduled in detail on the inventory forms as provided in following paragraphs. Show your recommendations in the column "Recommended Disposal" on the inventory schedules.

8. *Organization for inventory taking.* Your inventories should be taken in accordance with the instructions contained in Part II, Chapter 2 of the Termination Accounting Manual.

SECTION 4—PRESENTATION OF STATEMENT OF COSTS

9. *Statement of costs of uncompleted portion of the contract.* As soon as possible after the receipt of the Notice of Termination, you should prepare and submit to the Contracting Officer a statement of your own costs with respect to the uncompleted portion of the contract to the date of termination, in general, in one of the two forms as set forth in Exhibit 1. You will note that these schedules are exclusive of subcontractor's claims and costs incurred by you after termination. Please note that this Statement of Costs is to be certified. (See Exhibit 1, Schedule F or G). All records and papers pertinent to and in support of the statement of your costs should be preserved.

10. *Determination of amount of settlement.* a. *Completed items.* All articles completed, in accordance with the contract, for which you have not previously been paid, are to be charged at the contract unit price.

b. As to *uncompleted items*, settlement will take into account all reasonable material, burden and labor costs properly applicable to such partially completed items in accordance with recognized accounting practice. The basis upon which you should prepare your statements of costs of uncompleted items is set forth in the Termination Accounting Manual, especially pars. 2102 et seq.

c. Indirect charges and administrative expenses properly applicable to the contract when computed and distributed in accordance with recognized accounting practice are normally allowable as termination charges. More specific information on this subject is set forth in Part I, Chapter 3 of the Termination Accounting Manual.

SECTION 5—SUBCONTRACTORS AND VENDORS

11. *Notification of subcontractors and vendors.* No costs will be allowed to you in connection with the settlement which arises from failure on your part effectively to notify subcontractors and vendors of the termination of their subcontracts or purchase orders, within a time which is found by the Contracting Officer to be reasonable under the circumstances.

12. *Statements and other papers to be obtained from subcontractors.* The same type of statements covering inventories and expenses applicable to the termination should be required from your subcontractors and suppliers which the Government requires from you. The extent to which these reports are detailed will of course depend upon the complexity of the subcontract.

13. *Disposal of inventories.* The subcontractor is authorized to retain, return or sell inventory subject to the same restrictions placed upon your company by the provisions of Paragraph 7 unless the Contracting Officer hereafter gives you written permission to approve such dispositions within limits stated by him. (Note to Contracting Officer: See § 815.359 for possible liberalization of these provisions and proper cases and exceptions). Requests for the retention or disposal of items which will directly or indirectly enter into your termination charges against the Government must be submitted to this office for approval.

14. *Statement of costs.* In any case where the subcontractor will request payment of termination charges, the subcontractor should furnish a certified Statement of Costs to you in one of the same general forms which the Government requires you to file in your own behalf. After your review, as described in paragraph 15, the subcontractor's claim should be promptly submitted to this office for approval.

15. *Review of subcontractor's statements.* It is your primary responsibility to review or examine in an appropriate manner all statements and proposals for settlement of charges arising out of the termination submitted to you by your subcontractors and suppliers. The problem faced by you in passing upon the propriety of these proposals is similar to the problem faced by the Government with respect to your statement and proposal. A review or examination by you of each subcontractor's Cost Statement and proposal for settlement is necessary. In this respect, you should make an examination, reasonable under all the circumstances, and you will be held to the standard of scrutiny that a prudent business man would ordinarily employ in the conduct of his own affairs. You will not be required to warrant the accuracy of the facts presented by the subcontractors. A certification that, on the basis of a review or examination which you believe to be adequate, you are of the opinion that the proposed settlement is fair and reasonable and would be made by you if reimbursement by the Government were not involved will suffice. (See Exhibit 2—Schedules E and F for form of certificates by you and your subcontractors.)

SECTION 6—PARTIAL PAYMENTS

16. In order to relieve you, to the greatest extent possible, of financial inconvenience caused by the termination of your contract, it is the policy of the Government to make partial payments to you on account of the amounts owing to you or, through you, to your subcontractors or suppliers by reason of this termination, as rapidly as you make it possible to do so. (See Paragraph 3)

You may request a partial payment at any time after receipt by you of the Notice of Termination. Your request should be supported with sufficient data for the Contracting Officer to find that at least the amount requested is clearly due and owing to you on account of the termination and that there are no offsets to or assignments of the amounts owing to you. A partial payment may be made to you whenever you and the Contracting Officer are in agreement that at least the amount of the proposed partial payment is due and owing to you in connection with the termination. A partial payment will also be made to you whenever you and the Contracting Officer are in agreement that the proposed partial payment is necessary to enable you to make payments to your subcontractor or suppliers in amounts which you and the Contracting Officer agree are clearly owing to them.

SECTION 7—EXPENSES SUBSEQUENT TO TERMINATION

17. *Approval of expenditures.* You should obtain the Contracting Officer's approval of all costs incurred by you after the effective date of the Notice of Termination.

a. For the protection of Government property.

b. Other expenditures in connection with the terminated contracts. (See Paragraph *e* of the Termination Article in your contract.)

You must take adequate precaution to protect property in your possession to which the Government has or may have an interest.

SECTION 8—NEGOTIATION OF SETTLEMENT

18. After all suppliers' and subcontractors' settlements have been approved and inventories have been disposed of to the greatest extent possible, you will find it advisable to submit a summary of your Statement of Costs and proposal for negotiated settlement and of all accompanying schedules (if these have previously been submitted separately at different times). A proposed form for this summary is illustrated in Exhibit 2. Even if all your Statements are submitted together, (See Paragraph 9), this form provides a convenient summary for the use of the Contracting Officer. This statement will be a recapitulation of your entire proposal for settlement, and as such will include your settlements with subcontractors, as approved, and expenses incurred subsequent to termination with the approval of the Contracting Officer. After submission of this report, a representative of the Contracting Officer will arrange for final negotiation with you of a settlement of your proposal.

SECTION 9—FURTHER INFORMATION

19. Whenever the termination article in your contract requires the approval of the Contracting Officer, you should, for your records, obtain written confirmation of any such approval or any instructions or rulings given orally.

20. The negotiator actively in charge of the settlement of your contract is:

_____
(Name of Negotiator in Charge)

_____
(Address)

_____ (Extension)
(Telephone)

The negotiator is not authorized to agree finally to a settlement with you, but will endeavor to obtain answers to any inquiries you may have and will advise you as to procedure.

CONTRACTOR'S SETTLEMENT PROPOSAL—Continued

SUMMARY STATEMENT—continued

CERTIFICATE

Own charges.—The undersigned certifies that, to the best of its knowledge and belief, the summary of charges and supporting schedules and explanations have been prepared from the books of account and records of the undersigned in accordance with recognized commercial accounting practice and in accordance with the terms of the contract; that the charges allocable to the terminated portion of the contract are fair and reasonable; and that they have been prepared with knowledge that they will, or may, be used by contracting officers acting on behalf of the United States as the basis o settlement with the undersigned or with others.

Subcontractor' charges.—The undersigned certifies that it has examined, or caused to be examined, to an extent which it considers adequate in the circumstances, the claims of its immediate subcontractors for allowance on account of charges arising from termination claims of its immediate supplier's own charges are fair and reasonable, said charges are allocable to the terminated portion of this contract, and said settlements were negotiated in good faith, and are not more favorable to its immediate suppliers than those which the undersigned would make if reimbursement by the Government were not involved. The undersigned certifies that it has no knowledge or belief that the representations of its subcontractors with more remote suppliers or to fruit the representations with respect to the immediate and more remote suppliers' claims or not be accurate and complete representations with respect to the immediate and more remote suppliers' claims or the settlement thereof other than those expressed in this certificate.

INSTRUCTIONS

1. This Form No. A-1 should be prepared as soon as the contractor can complete his net settlement proposal.

2. Where schedules provided do not provide adequate space, attach schedules in similar form.

3. *Contractor's Own Charges.*—Contractor should attach latest copy of Contractor's Own Charges (Form B-1 or B-2) as filed with the contractor or Government representative who rendered Notice of Termination. "Contractor's Settlement Proposal" copies of inventory schedules showing all disposal credits should also be attached.

4. *Adjustments.*—Schedule A-1-a should be used to explain all adjustments made by contractor to items included in attached Form B-1 or B-2.

5. *Post Termination Charges.*—Should be listed in reasonable detail in Schedule A-1-b with appropriate explanation.

6. *Settlements With Subcontractors.*—This item includes all settlements with subcontractors. Subcontractors' claims may be submitted as soon as they are examined and settlements negotiated. In such cases, the settlements should be listed on a schedule made up with the same headings as shown in Schedule A-1-c. Each such schedule with subcontractors' proposals attached must be accompanied by a certificate as to the examination made by the contractor, and the opinion of the contractor as to the reasonableness of the proposals. The type of certificate to be presented should conform to the applicable portion of the certificate shown on this Form No. A-1. In preparing Schedule A-1-c under such circumstances, it is necessary only to list the totals of schedules previously submitted. Subcontractors' settlements not previously submitted shouldthen be listed in detail to bring the total amount of this schedule (A-1-c) into agreement with the amount listed as item 5 in the summary.

7. *Disposal Credits.*—The amount shown here should represent the total of the individual disposal credits listed on the inventory schedules. Each inventory sheet should be totaled separately and a listing of the page totals should be prepared to show the source of the total (Line 8 of Summary) used on the summary.

8. *Advance Payments.*—Attach copy last report covering advance payments account, if any, bringing account transactions to current date.

9. *Other Credits.*—List all other credits. Where statement is on a total cost basis, any payments made for completed units after the filing of the Form No. B-2 should be listed here.

10. Subcontractors may include on line 14 any amounts applicable to finished units completed at date of termination but not otherwise billed. In that case, the inventory and any applicable disposal credits should be listed on a spearate sheet of the C-1 Form with the headings appropriately modified. The total of these disposal credits should be shown on line 15 of the Summary.

General Instructions for preparation of Settlement Proposals and for the use of these forms should be procured from the Government representative or contractor from whom the termination notice was received.

CERTIFICATE

Own charges.—The undersigned certifies that, to the best of its knowledge and belief, the summary of charges and supporting schedules and explanations have been prepared from the books of account and records of the undersigned in accordance with recognized commercial accounting practices; that they include only those charges allocable to this contract; that the charges as stated are fair and reasonable, and that they have been prepared with knowledge that they will, or may, be used by contracting officers acting on behalf of the United States as the basis of settlement with the undersigned or with others.

Subcontractors' charges.—The undersigned certifies that it has examined, or caused to be examined, to an extent which it considers adequate in the circumstances, the claims of its immediate suppliers (exclusive of charges arising from termination claims filed against such immediate suppliers by their suppliers) as summarized as item 11, that, in its opinion, the settlements of its immediate suppliers' own charges are fair and reasonable, said charges are allocable to this contract, and said settlements were negotiated in good faith, and are not more favorable to its immediate suppliers than those which the undersigned would make if reimbursement by the Government were not involved. The undersigned certifies that it has no knowledge to doubt the reasonableness of the settlements with more remote suppliers or to doubt that the charges for them are allocable to this contract. The undersigned shall not be deemed to have made any representations with respect to the immediate and more remote suppliers' claims or the settlement thereof other than those expressed in this certificate.

Schedule A-3-f — PARTIAL OR ADVANCE PAYMENTS — Line 12 of summary

Date	Explanation	Amount	Do not use this column

INSTRUCTIONS

1. This Form No. A-3 is to be prepared by the contractor as soon as cost information required in the Summary can be determined.

2. If space provided in these schedules is not sufficient, attach additional sheets, using the same headings. Inventory on hand at the date of termination should be grouped in Schedule A-3-a by "Raw Materials, Purchased Parts, and Supplies," and "Work in Process." Costs should be shown to the greatest extent practicable for items included in this inventory listing. Subcontractors may also use this schedule for listing finished units on hand at date of termination not to be billed.

3. The costs shown in this Summary are those costs incurred which are applicable to the entire contract. Where costs applicable to the inventory can be determined accurately, the contractor should present his proposal on Form A-2.

4. An explanation should be attached as to the bases of allocation and calculation of the amounts of indirect factory expenses (Line 3 of Summary) and general and administrative expense (Line 4 of Summary) applicable to the contract.

5. Include in Other Charges (Line 5 of Summary and Schedule A-3-b) all costs not previously included.

General Instructions for preparation of Settlement Proposals and for the use of these forms should be procured from the Government representative or contractor from whom the Termination Notice was received.

Name of subcontractor or date of schedule previously submitted	Item	Total on order at date of termination		Quantity canceled, applicable to this contract	Amount of actual or proposed settlements	Do not use this column
		Quantity	Amount, $			

Schedule A-1-d OTHER CHARGES

Item	Explanation	Amount	Do not use this column

Schedule A-1-e PARTIAL PAYMENTS, ADVANCE OR PROGRESS PAYMENTS AND OTHER CREDITS

Date	Explanation	Amount	Do not use this column

INSTRUCTIONS

1. This Form No. A-1 should be prepared as soon as the contractor can complete his net settlement proposal. Where space on the schedules provided is inadequate, attach schedule in similar form.

2. *Contractor's Own Charges.*—Contractor should attach to Form No. A-1 a copy of his Form No. A-2 or B-2) as filed with the contractor or Government representative who rendered Notice of Termination. "Contractor's Settlement Proposal" copies of inventory schedules need not be attached to Form No. A-1.

3. *Adjustments.*—Schedule A-1-a should be used to explain all adjustments made by contractor to items in his inventory schedules.

4. *Post Termination Charges.*—Should be listed in detail in Schedule A-1-b with appropriate explanation.

5. *Settlements With Subcontractor.*—This item includes all settlements with subcontractors. Subcontractors' claims may be submitted as soon as they are examined and should be listed on a schedule made up with the same heading as shown in Schedule A-1-c. Each such schedule with subcontractor proposals attached must be submitted to the contracting officer for approval as to the reasonableness of the proposal. The type of certificate to be presented should conform to the applicable portion of the certificate shown on this Form No. A-1. In presenting Schedule A-1-c under such circumstances, the contractor may provide a copy of any previously submitted Subcontractor settlements and previously submitted schedules may be listed in detail to agree with the amount listed as item 5 in summary.

7. *Disposal Credits.*—The amount shown here should represent the total of the individual entries shown in Schedule A-1-e. Each item listed in Schedule A-1-e should be totaled separately and a listing of the items totals should be prepared to show the source of the disposal credits shown in Schedule A-1-e.

8. *Advance Payments.*—Attach copy last report covering advance payments account, if any, bringing account to date.

9. *Other Charges.*—Include all other credits. When settlement is on a total cost basis, any payments made for completed units after the filing of this Form No. B-3 should be listed here.
